

Project Purpose and Need

Project Purpose:

- The purpose of the proposed project is to:
 - meet current roadway design standards and current and future traffic demand;
 - reduce congestion and increase safety;
 - improve mobility and access for all modes of transportation;
 - and improve connectivity between neighborhoods on either side of I-30.

Project Need:

- The proposed project is needed because the I-30 segment from I-45 to Ferguson Road:
 - does not meet current design standards due to aging infrastructure;
 - does not meet current and future traffic demand, resulting in congestion;
 - does not accomplish local or regional goals of increased mobility, improved access for all modes of transportation, and improved safety along the I-30 corridor; and
 - provides limited options for vehicles and pedestrians to traverse I-30 resulting in a lack of connectivity between neighborhoods on either side of I-30.
