1	11/20/2021	Email	Aatif Shaik	Hello Stephen, I hope you are doing well! I unfortunately wont be able to attend the meeting in person but would like to write to you. Could you please pass this information to the right people. Like many residents living along US380 in denton county i would like to write to you. I think upgrading and widening the highway should be the utmost priority right now. The highway is not able to handle the traffic especially west of DNT towards denton. I know there is a widening plan in place, but that keeps getting pushed back and traffic is getting worse. I dont believe there is any other road that faces a gridlock as compared to the US380. Crossing the FM423 through FM1385 is always a challenge regardless of the time or day. Please do something in regards to the same. Many of the roads within frisco/prosper are 6 lane roads and yet US 380 still continues to remain a 2 lane with a shared median. This is not only a request from me but thousands of residents from the area. Regards, Aatif Shaik	Comment noted. The in-progress construction project began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26.
2	11/30/2021	Comment Card	Brian Luetchford	The future of expansion involving 380 is an obvious need. It is my hope that all forms of transport are included for consideration, including (but not limited to) bike and pedestrian pathways and connection to existing and future local pathways, parks, and other facilities.	Comment noted. The alignment under consideration would include a shared used path for bikes and pedestrian connectivity.
3	11/30/2021	Comment Card	Charles T and Mary Charlotte Mooneyham	Original Rail Road Agreement with Texas Pacific now Union Pacific Goals for our family: 1. Support local, state + county planning 2. Achieve a way out of our property 3. Leave land for future children to see + sense grass, trees, natural springs Greetings, My husband and I appreciate The Texas Department of Transportation! We are grateful for the time and knowledge used to "keep Texas moving." With almost a million people in Denton County, new roads are needed to keep us all safe and connected. My dad bought our farm in 1958. Having been a tenant farmer + a	Comment noted. Area of interest is not adjacent to a state-owned facility. Property owner should reach out to their local city and county representatives regarding access changes to the property.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				sharecropper, owning land was like going to heaven for Dad. he wanted to give all of his family, the children, the support of landownership, metaphorically, we are hopeful that our land can be for all future generations, as a wild life preserve, conservation area, or park. We only have one way to access the property we live on, over a railroad crossing that the railroad would like to close. We have land for a road that would give us an ingress/egress. Praying for new roads + that one of them connect to our property. Highest Regards, Charlotte Mooneyham On behalf of Charlie too, Jack Shepherd Est Maria John Harrison Mailing address: [redacted]	
4	11/30/2021	Online Comment	Chris Kern	Concur with blue alignment keeping 380 on 380 through Prosper!	Comment noted.
5	11/30/2021	Comment Card	Greg Bradley	The proposeed Teal alignment is a must. While the expansion of 380 is required, failure to plan for an expanded road from Denton to the tollway caused our current issue. Failure to prepare for the Teal plan will be making the same mistake twice.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
6	11/30/2021	Online Comment	Jimmy Lu	Can’t see the visual depiction for E 380&423 This alignment looks good	Comment noted. Visual for E 380 & FM 423 was updated on the website on 11/30/21.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
7	11/30/2021	Online Comment	Melissa Roberts	My home is about two blocks north of 380 in Savannah. I am wondering if my house is going to be wiped out. It seems that existing homes are on the chopping block, but homes not even built yet are being protected for a larger tax base in Little Elm.	Comment noted. Based on the feasibility study's recommendation, homes within the Savannah development are not anticipated to be displaced. However, any final determination will be based on the schematic development and environmental study project phase which does not currently have a date. TxDOT looked at many alignments. There is no alignment without impacts to existing and planned business and residential developments. Impacts on existing and planned developments are all qualitatively considered during the evaluation process. The recommended alignment shown at the meeting was developed in conjunction with local agencies to minimize impacts to developments and other environmental criteria while addressing the needs of the study.
8	11/30/2021	Comment Card	Russ Woodford	Besides widening 380 - need to update "tributary" roads Future work + construction on Teal Bypass is necessary Important to do away with “suicide” lanes to avoid multiple head ons we are experiencing near our subs. Thank you so much for this informative evening. Everyone was so knowledgeable + helpful.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. The in-progress construction project began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26.

9	12/1/2021	Online Comment	Jaymi Jackson	I am very supportive of the recommended alignment (blue) and agree that it was the best choice. I hope it continues to be the route that is chosen. As someone who lives directly off of fm 428 I was DEVASTATED at the impact that this bypass would have on myself as well as my neighbors and our town. Please continue to keep 380 on 380.	Comment noted.
10	12/1/2021	Online Comment	Jill Saltsman	I favor the blue route.	Comment noted.
11	12/1/2021	Online Comment	VICKI SORGENFREI	Reading the presentation, it appears there is no alternative route to get around 380 construction. Suggestions that were favored by residents were decided as not feasible. How will people who are already captive to 380 get through construction zones. I anticipate accidents to increase exponentially. We need solutions.	Comment noted. In addition to the recommended blue alignment, TxDOT recommended the teal alignment be further evaluated to address regional mobility and safety concerns.
12	12/2/2021	Email	Allan Rutter	How can I view schematics for the US 380 six lane expansion project awarded to Zachry in August ($140M bid) and due to begin in another month? I am particularly curious about the segment from the Collin County line to the FM 1385 intersection. Thanks for whatever information you can provide, including referrals to the Denton County area office. Allan Rutter Prosper, Texas	On Thursday, December 2, Stephen Endres, TxDOT PM provided a response to the email: Thank you for your comments. We will add them to our public meeting summary. Schematic is at http://www.keepitmovingdallas.com/sites/default/files/docs/US380_RDWY_SCHEM_20170421_signed_0.pdf TxDOT Denton County Area Office 2624 W. Prairie Denton, TX 76201 (940) 387-1414 Stephen Endres 214-320-4469
13	12/2/2021	Comment Card	Brad Vokoun	Need to install interchange @ Windsor + close Kings Row /connect @ service roads per Denton Mobility Plan	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include

					Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project.
14	12/2/2021	Comment Card	J. Bryan Linley	This meeting did not address the outer loop project. I am very interested and concerned about this and would like more information.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
15	12/2/2021	Online Comment	Jackson Hurst	I approve and support TxDOT's US 380 Denton County Feasibility Study. I support the Blue Alternative because the Blue Alternative for TxDOT's US 380 Denton County Feasibility Study will provide congestion relief, improve safety along US 380 from I-35 to the Colin County Line, and finally provide improved connectivity for the residents of Denton County, TX with a freeway from I-35 to the Colin County Line.	Comment noted.
16	12/2/2021	Email	Kathryn Priest Reece	The conclusion of the study to widen the existing 380 (blue path) and create a 2nd highway along the modified Teal Path appear to be a "best decision" to me, as a property owner very close to 2 of the possible paths. • The data presented to support this conclusion addressed all key concerns and were easy to understand. • Additionally to your presented data I believe the position of the area lakes will cause the current 380 corridor to continue to be in high demand. • The area growth has exceeded projections and so providing a defined thoroughfare north of 380 now seems to be a win for the area to support it's future growth. I have no concerns at this stage. Thank you for the efforts of the project members to hear the feedback of the community and respond.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.

				Regards, Kathryn Priest Reece Manager	
17	12/2/2021	Online Comment	Matthew Fields	I'd like to see a further explanation of the access roads along current residential neighborhood outflow roads. The Navo Road intersection is a good example, as both Paloma Creek and Union Park have multiple exits that are not well served by one overpass covering those areas (not to mention Savannah being just East as well). I know the current expansion of 380 from 377 to the county line only plans for those four overpasses (a design I find completely lacking as it does not alleviate major choke points in between the overpasses), but I'll be incredibly disappointed if this Feasibility Study does not take the opportunity to address those inadequacies with better access to the various neighborhood outflow points in between.	Comment noted. The recommended alignment would make US 380 a freeway with frontage roads and overpasses at intersections. Frontage roads will provide access to neighborhoods and businesses needing to enter/exit US 380 and also provide alternate routes for incident management. Frontage roads will be evaluated during the schematic development and environmental study phase of the project.
18	12/2/2021	Comment Card	Ned Woodbridge	1) Development projects are underway and proposed that would build homes close to and along the 288 Loop. The proposed right of way runs through areas now planned to have homes under the existing plats. Should not the rights of way be protected now before people buy their homes, only later to find their homes being taken by eminent domain? Please work with the City to prevent homes from being built in the ROW proposed. 2) Please do all you can do to abate the impact of noise on the adjacent home communities. Please use road in arterials that mitigate the noise, and are wells and other noise abatement concepts to reduce impact. As noted above, new housing + apartment communities are being built right along the 288 Loop and 380.	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
19	12/2/2021	Email	Norman Pickett	Politicians have turned US380 into a Main Street similar to Denton. Fm 428 and FM 455 are the only 2 east west roads left so big trucks are tearing up 428 but no one is maintaining our FM roads. Your maps show no overpass for 1385? I live off 428 near 1385 so only change for me is bad roads and no maintenance. Thanks, just what I needed.	Comment noted. The recommended blue alignment would include grade separations at all major arterial crossings, such as FM 1385.
20	12/2/2021	Online Comment	suresh kumar	I just want to re-iterate the fact that this corridor should be turned into a Freeway without any stop sign as soon as possible. It is getting very dangerous to drive on this road.	Comment noted.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
21	12/3/2021	Online Comment	David McClellan	After attending the Denton 380 meeting, I can't understand the thinking of TxDot in regard to the widening of US 380. you have been doing a feasibility study on this project for over 6 years and you still don't get it. your logic doesn't make any sense. After all the so called assessment of this project you are no further along than you were years earlier. You have not addressed the lack of grade separation along 380. you simply don't address the huge traffic problem that you have created. you have created chock points ant FM1385 and FM1529. you have also chosen to ignore the massive grid lock you have created with the addition of stop lights along 380. In 10years the population has more than doubled and the highway doesn't have any signage for slower traffic stay to the right. The Big Rigs driving on 380 hog the Fast lane and form a road block to build traffic behind them. There is no enforcement of traffic laws along any portion of 380. Drivers are free to drive too fast and cut people off and cause way too many accidents. the need for more grade separations is evident to everybody but TxDot. You have delayed this project 3 times and now your feasibility study only delays the fix of the situation. You prefer to spend our tax dollars on Dallas and Tarrant counties and make the traffic situation worse by the day. When do you plan on really acknowledging the real problem and fix it, instead of appeasing those in Dallas and Ft. Worth? We need help and you simply don't care to fix this situation any time in the near future. Please rethink your position and add more grade separations and get the traffic back to a more normal flow.	Comment noted. The in-progress construction project began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26. The recommended blue alignment would include grade separations at all major arterial crossings, such as FM 1385.
22	12/3/2021	Online Comment	Robert Tickner	In reference to the Loop 288 section. The Plan notes a grade separated overhead at Kings Row. Please consider closing this intersection connecting each side to the new service roads. Replace it with a new intersection in line with Windsor Drive near where the new US380 connector is shown. This Windsor intersection has long been shown on the City Mobility Plan. With the elevated connection, it could be a very doable interchange with the new service roads.	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project.
23	12/5/2021	Online Comment		demo 123.	Comment noted.

24	12/6/2021	Email	Jill Murphy	Hi, I reside on 380, like I can see it from my front door. I reside at [redacted] on the north side of Paloma Creek. This massive widening of the blue option that's pretty much the chosen route appears that it would affect our residence as one being displaced along with every other home on Goldeneye. Is that correct? Thank you, Jill Murphy	On Thursday, December 7, 2021, Stephen Endres, TxDOT PM responded to the email: Thank you for your comments. We will add them to our public meeting summary. No, your home is not proposed to be relocated based off our recommended alignment presented at public meeting. Please refer to layout at this link. http://www.keepitmovingdallas.com/sites/default/files/docs/US380-RD_SCH-PP-04.pdf
25	12/6/2021	Email	Patrick LeMaire	I have not been able to attend the meeting. I have lived in Denton since 1998 and worked and still work as a Sheriff Deputy. Since I travel on 380 every day and see the congestion, red lights are the main issue. Would overpasses and elevated highways and lengthy service road for business access be a better solution instead of expanding. Expanding the width of the road encroaching will cause the present established businesses to teardown and rebuild. A similar project at the toll and Hwy 289 worked well to eliminate congestion, but 380 to McKinney is also have similar congestion due to the homes and business expansion, with many traffic lights. The McKinney section is already expanded in width. I believe extended service road , similar to what is being done on interstates help in the traffic congestion and keeps traffic flowing. Sincerely Patrick LeMaire [redacted]	Comment noted. A feasibility study is an initial assessment of future right-of-way needs and any business displacements will be evaluated and identified during the next project development phase which is the schematic development and environmental study. The in-progress construction project began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26. The recommended blue alignment would include grade separations at all major arterial crossings.
26	12/6/2021	Online Comment	Shaun Jackson	I am pleased to see that TxDOT is following through with keeping 380 where it is and expanding in place. The alternate routes added time to transit and would disrupt business and residential areas that shouldn't be affected by an inefficient means of highway use. Although I sympathize with the home and business owners that reside along the existing 380, the vast majority were built when 380 already existed in it's current spot. Therefore, I don't understand the statements being made such as "I didn't buy my house to live on a highway".	Comment noted.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
27	12/7/2021	Online Comment	Bob Meyers	Any future studies of the Teal route are requested to be removed. Citizens of those affected of the Teal Route would like to stop any further studies of this plan. The reasons for this request are; Home purchase offers are already being retracted once potential buyers learn of a freeway being considered for the area. During the meeting, it was falsely stated by TXDOT that the Teal route would increase property values. When in fact it will drastically decrease property values, especially for those where the freeway will run through either their backyards, or front yards, and must listen to the construction noise for years. It is already having a negative impact on property values while taxes are increased. Therefore, it is strongly requested to have the Teal route completely removed from the plans.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
28	12/7/2021	Email	Nicole Mangum	Good evening, My name is Nicole Mangum and I live in Aubrey off of 377. I was made aware of the plan for the Teal route to expand 380 through Aubrey. I am emailing to say that I strongly oppose this plan for the Teal route. This area of Aubrey is beautiful, peaceful, and safe and I do not want the highway coming through this area and affecting the entire community. We moved out to this area because there is less traffic and it is full of trees and lots of gorgeous open space. The Teal route would ruin the natural flow of the land and it would severely increase the traffic. Please do not move forward with the plans for the Teal route. Respectfully, Nicole Mangum	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
29	12/7/2021	Email	Van Nichols	Stephen: I am attaching the comment form along with a copy of an existing ordinance from the City of Frisco that reflects our site plan for a Storage Facility. This needs to be taken into account. We are currently moving forward with this project thru the City. If you have any questions, you can reach me at [redacted] or thru email.	Comment noted.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				Thanks, Van Nichols	
30	12/8/2021	Online Comment	Craig Blow	I believe the correct option was chosen for the route (blue). It will displace the fewest amount of homes and devalue the least amount of properties. It is also he mousy direct route.	Comment noted.
31	12/8/2021	Voicemail	Sam Haile	Hello, my name is Sam Haile. I live at [redacted] in Little Elm and my phone number is [redacted]. I'm looking at the alignment for the new 380 plan and I see no reason, no reason why some areas of this stretch need 12 lanes going across it. We do not need a continuous frontage road and a 400 to 500 foot roadway that's going to limit development go into existing businesses as well. I think that you guys need to consider grade separations at specific intersections like 423, 720, and this also applies for the Collin County study, too. But there is literally no reason why a two lane roadway with a center turn lane needs to be converted to 12 lanes of traffic because when I drive, it does get congested, but when I drive on it in the middle of the night. Those frontage roads are just going to hamper potential development. So, what I believe is they should consider limiting the frontage roads in certain locations and only applying the frontage roads in places where there is room for it and the development needs it. But, I do not think that we should be tearing down businesses to put a three lane frontage road adjacent to an ultimate four lane roadway on either way. Thank you.	Comment noted. Traffic projections for US 380 show the need for a freeway with grade separated intersections to help reduce traffic congestion and enhance safety for drivers. Frontage roads will provide access to neighborhoods and businesses needing to enter/exit US 380 and also provide alternate routes for incident management. Frontage roads will be evaluated during the schematic development and environmental study phase of the project. The in-progress construction project began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26.
32	12/8/2021	Email	Vince Pellerin	Hi Stephen, I live off of Navo Dr in Little Elm. I have the following questions; 1. Will there still be stop lights and cross traffic on 380 after the improvements are finished? I hope not. This question specifically refers to the intersection of FM1385 and 380 and generally to all other existing stoplights on 380 that do not have planned elevation changes like Navo and 423. 2. Do the improvements planned in the next 3 years eliminate the gas station at the corner of Navo and 380? 4. Is it possible to change the timing sequence of the stoplights at 380 and FM1385? The reason I ask that is because after several months of living here, I have noticed on many occasions the traffic backed up on 380 for at least a half mile eastbound mostly but sometimes westbound. The traffic on 380 must wait for 3 or 4 light changes before it can go through the intersection. The cars on 1385 rarely exceed 12 cars waiting to turn left and proceed east through the intersection onto 380. I would suggest doubling the green light time for the	On Wednesday, December 15, 2021, Stephen Endres, TxDOT PM responded to the email with the following: 1. Will there still be stop lights and cross traffic on 380 after the improvements are finished? I hope not. This question specifically refers to the intersection of FM1385 and 380 and generally to all other existing stoplights on 380 that do not have planned elevation changes like Navo and 423. There will still be signalized intersections after the grade separation project is finished. 2. Do the improvements planned in the next 3 years eliminate the gas station at the corner of Navo and 380? We have acquired all right of way needed. If station is there today we are not eliminating it. 4. Is it possible to change the timing sequence of the stoplights at 380 and FM1385? The reason I ask that is because after several months of living here, I have noticed

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				380 traffic. I think that makes sense and would greatly reduce the commute hours spent waiting for the lights to change. I hope that this can be done now and not wait for three years. Thanks, Vince Pellerin [redacted]	on many occasions the traffic backed up on 380 for at least a half mile eastbound mostly but sometimes westbound. The traffic on 380 must wait for 3 or 4 light changes before it can go through the intersection. The cars on 1385 rarely exceed 12 cars waiting to turn left and proceed east through the intersection onto 380. I would suggest doubling the green light time for the 380 traffic. I think that makes sense and would greatly reduce the commute hours spent waiting for the lights to change. I hope that this can be done now and not wait for three years. I will forward on to our operation group. They work hard to optimize the signals on US 380 in Denton County.
33	12/9/2021	Online Comment	Catherine Peinado	I am requesting that the "Teal" route not be considered for any further studies. The teal route would negatively impact the town of Aubrey. The teal route would decrease property values of nearby homes. It would also negatively impact the quality of life of residents, livestock, and nature. Additionally, the teal route is only approximately 6 miles north of 380. With growth and development moving north at a high rate, I think it would be prudent to study further north, to move traffic further out from the populated area of Aubrey.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
34	12/9/2021	Online Comment	Oscar Slotboom	I support the study recommendation for the Blue and Teal alignments. However, I think there will be a future need for a freeway facility along FM 428. So I hope TxDOT and Denton County will continue to study the FM 428 corridor to designate it as a freeway and preserve the right-of-way.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional

					environmental analysis, as well as include additional public involvement during the study. It is anticipated that the Teal alignment would be designated as a freeway to facilitate existing and future traffic that would use FM 428.
35	12/10/2021	Email	Bob Meyers	Hello Mr. Endres, Could we please get an extension to submit comments to December 31st? It has been difficult updating the community with limited daylight hours, and our commitments during the day. Also, most of the neighbors are unaware of the plans, therefore it is imperative for us to go door to door as many did not get the meeting notice. Of those that I have talked to, they do not understand the plans in which I have to take time and explain. Thank you, Bob Meyers [redacted]	On Friday, December 10, 2021, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We are going to extend the comment period to Wednesday, January 19, 2022.
36	12/10/2021	Email	Susan Hargrove	Good Afternoon Mr. Endres, I am writing this "COMMENT to express my concerns regarding Highway 380 expansion" to you. PLEASE NOTE = "MY COMMENT FOR THE EXPENSION REMAINS TO KEEP THE EXPANSION ON HIGHWAY 380" I DO NOT WANT AN EXPANSION THROUGH THE AUBREY COMMUNITY OF HIGHWAY 377 and HIGHWAY428. I only learned this week about the scheduled meetings for updates about the Highway380 expansion routes. SOME Directly affect our property. A concerned neighbor handed flyers to the Neighbors on McNatt Rd and Redfearn Rd in Aubrey only this week Several months ago I was sent a link about the Routes then told it was only a Proposal and we would be contacted when decisions were made. Nothing more. I am Highly upset about the Lack of communication.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. To notify the public of this public meeting, several methods were used. Notices were sent out on 11/12/21 to adjacent property owners of the alignments presented in public meeting #2, as well as the revised Blue and Teal alignments presented in public meeting #3 as the recommended alignments. TxDOT sent the notice by mail

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				I moved here in 1996 and I understand the growth is coming this way. However I am angred that this area is being used by Developers as "HORSE COUNTRY USA". Aubrey is know for incredible horse industry which is slowly leaving the area! I have horses and I can assure you I an terrified to put him in a trailer on these Roads now - so I am NOT in favor of more Traffic coming this way. Please let this area remain as it was intended. We have been dealing with the CONSTRUCTION TRUCK traffic which has gotten so much worse. Several friends have been hit by truckers - totaled vehicle and injured-recently. In 2013, I was broadsided and knocked completely out while driving the speed limit on Highway 380. The driver driver racing out of a liquor store on HWY 380. Thankfully no major injuries, however my Mustang 2009 was heavily damaged. I am asking to consider other options- 1385 to 455 as a north option was not in the proposal. Its already a road. Thank you for your time, I request to be added to any email address, if you would be so kind as to send me the LINKS so we may be able to be informed. RESPECTFULLY, Susan D Hargrove [redacted]	to elected officials and stakeholders on 11/9/21. TxDOT posted the notice on www.TxDOT.gov and www.keepitmovingdallas.com, on 11/12/21, as well as published the notice in the *Dallas Morning News* (11/15/21), Al Día (11/17/21), the *Denton Record-Chronicle* (11/14/21), the *Prosper Press* (11/17/21), the *Little Elm Journal* (11/21/21), and the *Frisco Enterprise* (11/21/21). Copies of these notices and mailing lists are found in section B of this public meeting summary. Your email has been added to the project database.
37	12/11/2021	Email	Kriste and Carl Moulder	We would like to support the proposal that will KEEP the expansion of Hwy 380 ON HWY 380 AND OPPOSE THE TEAL ROUTE! We moved out to Aubrey to enjoy the peace and quiet and get away from heavy traffic. We have a Ranchette and own horses. Please note that we are opposed to this plan. Please look for alternative routes that do not impact residents in the Aubrey area. Kind regards -Kriste and Carl Moulder	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.

38	12/12/2021	Email	Brian and Jamie Bacon	We are writing to request that the US 380 Denton Country Feasibility Study for the 'Teal Project' be taken out of consideration for this expansion, and no further studies or discussions be scheduled for this plan. Just performing the feasibility study will decrease potential home sales and push potential buyers for this area to look somewhere different, while decreasing the value of our land and property. Aubrey is a small country town that is peaceful and quiet, and adding the Teal project would increase the noise and traffic that we all were trying to get away from when we purchased our land and homes. Again, we would like to support the efforts that will keep the expansion of Hwy 380 on Hwy 380, but Oppose any further discussions for the Teal Project. Looking forward to hearing from you on this matter. Thanks Brian & Jamie Bacon [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
39	12/12/2021	Online Comment	Calum Fletcher	Hello, my comment is about the blue route. This new road is needed, and I'm glad it's being done. Please consider noise barriers on the highway for homes that will soon be closer to a major highway that they weren't near when they were built. Also, please please please build the highway with an appropriate amount of lanes and DO NOT put in those terrible "express lanes". There are enough "never ending" toll roads in the metroplex already that take up space for a larger highway. Don't make this a toll road please. Thank you	Comment noted. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study. Toll Roads are currently not planned for US 380. The proposed typical sections for US 380 do not allow space for express lanes.

40	12/13/2021	Online Comment	Daniel Dill	Any future studies of the Teal route are requested to be removed. Citizens of those affected by the Teal Route would to stop any further studies of this plan. The reasons for this request are; Potential home buyers are turning away once they learn of a freeway being considered for the area. During the meeting, there was contention about how the Teal route would negatively affect property values; Residents felt that it will drastically decrease property values, especially for those where the freeway will run through either their backyards, or front years, and must listen to the construction noise for years. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefor, it is strongly requested to have the Teal route completely removed from the plans.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. 42	12/13/2021	Email	Moira Variames	I am a new homeowner (purchased in 2020. I am appalled at the irresponsibility for all involved on resolving the life-threatening road conditions that exist on 380. I know we don't have million dollar homes, but we work and pay taxes too. I would like to know the number of fatalities on 380 since these discussions started to present. And whatever that number is should haunt those involved until a proper resolution has been accomplished on this project. In fact that number should be on a rolling billboard so the public can see the lack of empathy and utter disrespect for our community. I am very disappointed that no one is 'owning' this utter mess. Shame on everyone involved. Sent from my iPhone	Comment noted. There were 16 fatality crashes on US 380 between Loop 288 and the Collin County line between from 2017 through 2021. TxDOT is currently constructing the in-progress construction project, which began in January 2022 and is anticipated to last 36 months. The project will build five grade separated interchanges at FM 720, Legacy Drive, Teel Parkway, Navo Road, and FM 423 and add a raised median with six lanes from Loop 288 to west of County Road 26. These improvements are intended to improve mobility and should also improve safety, as the raised median would reduce the potential for head-on crashes.
43	12/13/2021	Email	Walter Webb	It's inconceivable for me to understand why all the commercial businesses located on either side of Highway 380 were allowed to build so close to the highway right of way, especially in light of the construction of new housing developments all along this corridor. What policies are in place to prevent this from happening in the future as Highway 380 seems to be the only East-West path for the area of Denton and Collin counties as well as further north. Traffic is horrendous on Highway 380 currently so it will be unreal during construction. And as indicated in the presentation, the existing plan will not be a long-term fix. It seems to me that an alternate northern East-West route is the only viable long-term fix if the department is unable to obtain sufficient right of way to properly expand Highway 380. Obviously this will displace people but it has to happen sooner rather than later. It appears that right of way should be obtained now for purposes of a long-term fix for East-West traffic since housing developments will continue to increase and it will just become more problematic in the future. What is the department's long-term fix proposal and what is the estimate for that to begin? Walter H. Webb, CPA [redacted]	Comment noted. The feasibility study recommendation is for US 380 to become a freeway to address congestion on this east to west corridor. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. TxDOT's jurisdiction is limited to on-system roadways. TxDOT does not control how land is zoned or developed. Zoning and development permits are typically determined by local governments. The North Central Texas Council of Governments in collaboration with TxDOT and local agencies will be

					updating the Mobility 2045 Metropolitan Transportation Plan that identifies future roadway projects in the region.
44	12/15/2021	Email	Jim Mason	I'd like to provide feedback on the future 380 project (beyond the interim one): 1. This project is 30 years too late. 2. Concentrate on improving east/west routes north of 380. That is time and resources better spent. 3. After the ramps are added with the interim project, 380 should be done. Too late. 4. Wiping out a bunch of businesses along 380 for a freeway that's too late is an unacceptable outcome. 5. Why hasn't TXDOT demanded more east/west connections north of 380? Why is the obvious alternative not being pursued? 6. This entire fiasco only affirms negative stereotypes of engineers, TXDOT, and bureaucracy. 7. It's simple: complete the interim project, work on east/west routes north of 380, especially the Outer Loop!!!!!! Thanks!	Comment noted. A feasibility study is an initial assessment of future right-of-way needs and any business displacements will be evaluated and identified during the next project development phase which is the schematic development and environmental study. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
45	12/15/2021	Email	Phillip Moreino	Stephen, I am reaching out to you to find out the timeline for when land acquisition would potentially begin. My property is scheduled to be majorly affected by the new expansion. We have a retail operation (Rustic Furniture Depot) and are in the Cross Roads area. We are located amongst the fast food restaurants and the collision repair facility which currently show to be removed when the expansion takes place. I understand you cannot give an exact date but as we are constantly making investments and improvements in the retail locations, a rough timeline (Not for at least 3,5, 10 years, etc.) would be helpful in determining what improvements we should and should not make. Also, it would provide an understanding of when a relocation might be necessary. This information would be extremely helpful to us. Thank you for time and help. Phil Moreino Rustic Furniture Depot	On December 15, 2021, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We will add them to our public meeting summary. We are not moving forward with the next state of project development (Design Schematic and Environmental Assessment) at this time. If we did, then we would be 3 to 4 years away from acquiring right of way. I would say we are not going to acquire any property around your business for at least 5 years and it may be more like 10 years.

46	12/16/2021	Online Comment	Alexander Frey	As a resident of Krugerville, I strongly oppose the orange and purple freeway alignments. Having two freeways does not make sense since 377 is expanding to 6 lanes and will be a corridor to gain access to the outer loop from 380. I strongly prefer the blue freeway alignment.	Comment noted. The Orange and Purple alignments were not recommended for further evaluation.
47	12/16/2021	Email	Amy Bradt	We oppose the teal route and any future studies of this route. We would like to support the expansion of 380 ON 380. The teal route would destroy home values and change our close country community. Our family moved to our home in 2010 to get away from all the nose and construction. Please leave 380 on 380. Thank you Keith & Amy Bradt [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
48	12/16/2021	Online Comment	Betty	If Loop 288 between FM2164 (Locust) and Stuart Road is widened, then the existing noise barrier on the south side needs to be much taller. This barrier has been inadequate since Loop 288 became a designated Truck Route for I35-US380 traffic. Currently, eastbound tractor-rig exhaust stack noise emissions have a direct path to some single-story bedroom windows.	Comment noted. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
49	12/16/2021	Online Comment	jason sims	I'm concerned about 380 and have been since we moved out here in 06. This process has taken too long, and will create havoc for years or a decade to be completed. However, we're here... Looking at the plans, since I live in Crossroads, how is the town supposed to swallow losing roughly half it's businesses by expanding the road. Surely there's a plan for all that to be mitigated, right? For a town that's been able to avoid pressing city taxes on it's citizen's, you'll basically be causing this to happen by wiping those businesses out.	Comment noted. Denton County will be evaluating economic impacts and opportunities for transportation improvements including US 380.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
50	12/16/2021	Email	Jim Mason	I think I might have mis-read the options. Are there options for the limited access freeway to go north of current University Drive and not result in the "wiping off the map" of all the current developments? I'm for the option that puts it north. Is it possible for the Outer Loop to serve this function? That would be very cool if that Outer Loop became the new US 380, and University Drive just became a large regional arterial. Kind of how Tennessee Street in McKinney is not SH 5 any longer, but used to be a long time ago (on a smaller scale of course).	Comment noted. Traffic projections for US 380 show the need for a freeway with grade separated intersections to help reduce traffic congestion. Due to the current and anticipated growth in the study area, the Feasibility Study is recommending the Outer Loop be studied to help provide additional east-west connection in Denton County.
51	12/16/2021	Online Comment	Jonathan Sherman	I prefer the Blue alignment. Keep the alignment of 380 on the current path of 380. As a resident of Krugerville I strongly oppose the construction of a new freeway through Krugerville or Aubrey.	Comment noted.
52	12/16/2021	Online Comment	Lisa Frey	As a resident of Krugerville, I strongly oppose the orange and purple freeway alignments. Having two freeways does not make sense since 377 is expanding to 6 lanes and will be a corridor to gain access to the outer loop from 380. I strongly prefer the blue freeway alignment.	Comment noted. The Orange and Purple alignments were not recommended for further evaluation.
53	12/16/2021	Online Comment	Megan Lasuzzo	Hello, I am thrilled that the congestion is being addressed along with added additions to safety. Having a (non-stopping) highway with frontage roads (with lights) will make a huge difference!	Comment noted.
54	12/16/2021	Mail	T. Lynn Tompkins, Jr.	Dear Mr. Endres: As Mayor of the Town of Cross Roads, I wanted to take the opportunity to convey my concerns regarding the proposed Blue alignment for the Project. As you may know, the Town of Cross Roads is unique in that it assess no ad valorem taxes. Our revenue comes from sales tax, the vast majority of which is along the US 380 corridor. In reference to information presented at Public Meeting #3 on November 29, 2021, it is my understanding that the Project proposes to condemn an additional 150-200 feet of right-of-way on the south side of US 380 through the Town of Cross Roads. This will have a significant economic impact on the Town, one that TxDOT has admittedly not studied. The Town of Cross Roads would like to officially go on the record against any alignment that would require additional ROW acquisition until such time a full economic impact study can be prepared to identify the effects on the Town. We would also like to ask that funds at either the State or County level be designated for the Town to perform this study. Thank you for your attention and assistance. Sincerely,	Comment noted. Denton County will be evaluating economic impacts and opportunities for transportation improvements including US 380.

				T. Lynn Tompkins, Jr. Mayor, Town of Cross Roads	
55	12/17/2021	Online Comment	Ashley Daniels	380 needs to be expanded, width wise. NOT length wise. There is no need to run a extremely busy highway through Aubrey when it is not equipped for such highway at this moment or anytime soon. Instead of ruining perfectly good farm land, please expand the road width wise instead.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
56	12/17/2021	Online Comment	Christina Robinson	I am requesting to remove any future studies and progress of the Teal route. As one of the citizens directly impacted by the Teal Route, there is no benefit to having a highway running through my front yard. Potential home buyers are turning away once they learn of the freeway being considered in this area. During the meeting, there was contention about how the Team route would negatively affect property value. I fell that it will drastically decrease property values due to the construction and eventual freeway noise. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while property taxes continue to rise. As a result, I am requesting to have the Teal rout completely removed from the plans.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
57	12/17/2021	Comment Card	Jack and Mary Lynn Beaty	Teal alignment recommended for future study - It is very difficult to determine the exact location of this proposed road. It seems very close to our property of [redacted] which has been in agriculture for almost 100 years by the Beaty Family [redacted] We have had to give up land to the Greenbelt, various sewer lines in the past. We would like to avoid another eminent domain takeover of our land. There are vast wide open acres further north of us - please consider that as a possible	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to

I am STRONGLY against this proposal. I am requesting any future studies of the Teal Route be removed. I, along with all of my neighbors on [redacted] in Aubrey Texas would like to stop any future studies of this plan, we do not want this. The reasons for this request are; potential home buyers are turning away once they learn of a freeway being considered for this year. You are hurting us. This route will negatively, NOT positively, affect property values. This proposal will DRASTICALLY HURT my property value as you are proposing it to run right through my front yard. I do not want to raise my babies on a freeway or listen to the noise, breathe the pollution, sit in traffic, or watch years of construction. It's already causing a negative impact on my property values while taxes continue to be increased. Therefore, I am STRONGLY requesting you remove the Teal route completely from the plans.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

					project, which would take place after the conclusion of this feasibility study.
65	12/20/2021	Comment Card	Jackie Fuller	Comments Concerning the U.S. 380 Denton County Feasibility Study The more the population increases in the future, the need also increases for keeping certain areas for the development of parks and the preservation of natural areas. The Ray Roberts Greenbelt will become even more important as the increasing population will be searching for areas “to get away from it all” to promote and maintain their mental health. That is the same reason that some country roads within this same area should be saved. In some places, trees growing on both sides of the road meet overhead to form a canopy over the road, having a beautiful + calming effect on those who pass beneath. While many in present generation will pass into history, others will take their places. I believe that the Ranch De La Roca will exist for many years to come and provide the many services needed for future generations. For these and other reasons the decision to select the 380 corridor for expansion of the highway system is a good one.	Comment noted. Impacts to recreational areas are taken into consideration during the feasibility study process and will be further evaluated in future phases of design. Any transportation improvements will undergo environmental studies to avoid, minimize, or mitigate impacts to environmentally sensitive areas including but not limited to the Greenbelt.
66	12/20/2021	Comment Card	R.D. Steele	The plan to use loop 288 north of Denton as a bypass around its main thoroughfaire thru town, University Drive - Hwy 380, is just fine. Thank you for good work and skilled young professionals who explained its hows and whys. The widening of Hwy 380 thru town was done well. Thank you. Sincerely, R.D. Steele	Comment noted.

68	12/21/2021	Online Comment	Stephanie Lundgren	As our home of 20+ years is very near to the outer loop TEAL line,, please provide a more detailed map to include names of roads or property ids. The map shown does not show where the teal line cuts through existing properties (outer loop proposed along Shepard Rd. to I35). Or if available elsewhere, please provide link to another map/view. Thank you.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Detailed maps will be provided to the public once the project enters the schematic and environmental phase.
69	12/26/2021	Online Comment	Sara Kirby	I live on [redacted] in Aubrey which is right about where the proposal for the road that goes through Aubrey is. Do that would be a horrible idea! There are so many children who live in our neighborhood. They are able to play and run freely without worry of traffic. Our town is quiet and peaceful. Many people move here for that exact reason. There is absolutely no reason to ruin this little town with a huge road. It will not help the town, it will hurt it.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
70	12/29/2021	Online Comment	Blanche Dillon	Having 380 as a main highway with overpasses and service roads is very necessary. Now is the time to plan and implement before growth is even denser. My family has lived in this area since 1968 and we have seen 380 go from a two lane to what it is now and we do need more. I do not see plans for additional overpasses and I believe there needs to be more besides 424, 423	Comment noted. The feasibility study recommendation is for US 380 to become a freeway to address congestion on this east to west corridor.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				and Navo. There needs to be an overpass and turnaround at every mile to mile and a half to plan properly. In Cross Roads this needs to begin with Rockhill Road, then the Moseley Road/Fishtrap intersection. This area is going to build out ALL along 380 and if this is not included in the plan now, then Tex-Dot will have to do this construction after the fact, and it will be more costly.	
71	1/2/2022	Online Comment	Christopher Paus	To whom it may concern: As concerned residents of the Town of Crossroads we would like to comment on the proposed expansion of US380 and the PM3 alignment. After careful study we would like to strongly oppose this alignment. It would destroy many of our Town's business along the south side of the highway. Our Town relies on sales tax revenue and by eliminating these businesses the financial stability and viability of our town will be damaged severely. Besides restaurants there are other important services that would be eliminated – CVS Pharmacy, Rustic Furniture and Discount Tire to name a few. Also this alignment would divide our town into two distinct areas – North and South of the highway. This is never good for a small town's sense of community and unity. Please consider a different alignment that will not effectively destroy our town.	Comment noted. A feasibility study is an initial assessment of future right-of-way needs and any business displacements will be evaluated and identified during the next project development phase which is the schematic development and environmental study. Denton County will be evaluating economic impacts and opportunities for transportation improvements including US 380.
72	1/4/2022	Online Comment	Lisa Fiveash	I agree with your recommendation to keep US380 in the current location. It affects the fewest people, homes, land tracts, and businesses. Thank you, Lisa Fiveash	Comment noted.
73	1/5/2022	Online Comment	Becca Kelley	IIn short, KEEP HWY 380 EXPANSION ON HWY 380! Stop terrorizing and traumatizing people by trying to take their homes, land and subsequently their lives! No matter how you try to justify it, it's still stealing! You should have to pay for the pain and suffering of all those who have had to deal with the thought of you taking all that is dear to them, but no dollar amount would be sufficient. I don't know how you live with yourself knowing you've destroyed another person's life over a highway! It's pure evil!!	Comment noted.
74	1/5/2022	Email	Kim Thomas	Hi Stephen, We are residents on [redacted], Aubrey where it appears there is a study via the teal route for a secondary Highway 380 route. I am concerned this will infringe on our front yard. Our home is on the corner of Shepard Rd and Green Valley Circle. If there is a highway in place of Shepard Rd, we are concerned it	On 1/6/22, Stephen Endres, TxDOT PM responded by email: We currently have a public meeting on the US 380 Denton County Feasibility Study which is ongoing http://www.keepitmovingdallas.com/US380DentonPM3. Please review and provide comments if you wish. This is

				will be too close to our property. I don't mind road improvements, but I don't want to live on a highway. Would you be able to give me more information regarding placement of the highway? Thank you. Kim A. Thomas [redacted]	where we are proposing a second freeway along a teal route. A new project to study alignments, design a schematic, and conduct environmental study should start this year on the teal route or Outer Loop which it has been called also. Let me know if you have more questions. Stephen
75	1/6/2022	Online Comment	Tracie Meyers	I am against any future studies of the Teal route. We moved to Aubrey 11 years ago. We chose this area for the peace and quiet away from the city. We lived in a hotel for 7 months because it took that long for us to find a home outside the city. The Teal route will significantly reduce our property value while our taxes continue to rise. If I wanted to live near a freeway with strip malls no one needs, I would have Bought a home there. The Teal route will wipe out the wildlife in this area among other environmental issues. I feel that TxDot purposely misrepresented what was really planned when they sent a mailer about the 380 expansion but failed to mention the Teal route study. There will construction noise for years to come. It will also bring crime to our small town and destroy the way of life out here. I respectfully request that this study be completely removed from any future plans	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
76	1/7/2022	Online Comment	Zach Yeager	I support the decision to widen U.S. 380. I occasionally travel this way and it is constantly feeling more dangerous, especially after quite a few fatal accidents in the Denton area. While I am upset that some chain stores and especially small businesses will have to relocate, I believe that the proposed blue plan will allow for traffic to decrease and cause the least amount of frustration with drivers in the area. I understand the residents who may be upset with an expansion but the area is experiencing rapid growth and updates will allow for the safety of all commuters.	Comment noted.
77	1/8/2022	Online Comment	Gaizkane De Carvalho	I write to oppose the Teal Feasibility Study and the consideration of any future routes near the town of Aubrey.	Comment noted. For the purpose of this feasibility study, TxDOT recognized

79	1/8/2022	Email	Russ Weier	Mr. Endres, I recently moved to a home west of Aubrey, near FM 428. We moved to this area to enjoy more of a "country" lifestyle while still being close to a small city we enjoy. While living at this home, I vaguely heard about a new Hwy 380 expansion, however, I thought our homesite was far enough away from Hwy 380, we wouldn't be affected, until I was further informed about the possible expansion by one of my neighbors. He explained to me one of the options that was being considered, the Teal route, would directly impact were we live. I only had to do a little research on my own to realize that this Teal route would greatly affect our home life. I also couldn't understand why the Teal route would even be considered. It doesn't seem to fully compliment the reason for	On 1/10/22, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We will add them to our public meeting summary. A study is planned to start later this year to study alternatives for the teal route, to design a schematic, and to get environmental approval. What came out of the US 380 study is that there is a demand for two east west freeways in Denton and Collin County, US 380 and the Outer Loop or teal route.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				the Hwy 380 expansion. It does not provide the most direct, efficient route for travelers along Hwy 380 and would certainly disrupt and drastically change the lifestyle and dynamics of the small town of Aubrey. I respectfully request any future studies of the Teal route be removed and/or discontinued. Citizens, governments, businesses, and schools of those affected by the Teal route would like to stop any further studies of this plan (my family and I fall into every category of these). I'm sure you are receiving feedback from others with the same concerns. Please consider the negative impact this will have on the local area of Aubrey and don't let the influence of big government or private developers/contractors cloud over this decision. I also fear that the Teal route will affect the property values of this area. The lowering of the property values is often the invite to many other negative aspects of society which will drive the good people of this area away. I am certainly open to discussions and further education about this topic. Please feel free to respond or reach out to me regarding this topic. Thanks Sincerely, Russ Weier [redacted]	Stephen Endres 214-320-4469
80	1/8/2022	Email	Shawn Cagle	To Whom it may Concern, My name is Shawn Cagle. I have lived on [redacted] for over 30 years. My father was born on this property and my grandfather died on it. My great grandfather owned it before that. This land has been in my family since the 1880s. My uncle lives on one side of me and my aunt and three cousins live on the other. My dad, grandfather, grandmother, great aunt, and two great uncles are buried in a private cemetery right off Blackjack. So, as you could imagine, I oppose the teal 380 expansion. Personally, I think 380 can be improved by bridging all the red lights that have been put in from the tollway to Denton. The people that live next to 380 chose to live there, we did not. Expanding 380 to include Blackjack RD would turn our peaceful community into a 24 hour, loud, and unsafe place to live. Please consider any other "fix" for 380. Even going as far north as 455 sounds like a better plan than the teal plan. God bless you and your decision which ever one it may be. Shawn Cagle,	On 1/10/22, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We will add them to our public meeting summary. If you were not aware we currently have a public meeting on the US 380 Denton County Feasibility Study which is on going http://www.keepitmovingdallas.com/US380DentonPM3. A study is planned to start later this year to study alternatives for the teal route, design a schematic, and get environmental approval. Stephen Endres 214-320-4469

81	1/10/2022	Online Comment	Kevin Blank	While I do agree that improvements are seriously needed for 380 and surrounding roads, I'm not so sure about having 10 lanes of road within a mile of my home :(. By extending each side to 3 lanes and then 2 lanes of side road on each side that leaves a ton of space usage and I worry a lot about noise pollution.	Comment noted. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
82	1/11/2022	Online Comment	Taylor Jensen	I am a resident of [redacted] and am AGAINST the blue alignment. Looking at the renderings of what the highway would look like in front of my neighborhood is very unappealing, and goes against the reasons I moved to prosper. I love the small town feel here, and specifically chose [redacted] for that reason. Putting that highway there will add an incredible amount of congestion, noise, unsightly construction and highways, etc that will negatively impact home values. I would prefer the alignment to go further north to the Teal option as that land is undeveloped and future residents will buy and move in up there knowing there will be a major highway vs. having a major highway come as a surprise after moving in like it is for me.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

				residence. 2. The argument that it will increase property values is misused. Property values are going up without a road even being there. A new road may increase commercial property values but it will decrease existing residential home values near the busy road systems where the noise is loud and congestion is heavy. We are already seeing values decline. Offers have made on a property near the proposed teal route but withdrawn when they learned of the proposal to put the teal route in. 3. Environmental impact - a. Water management for the surrounding properties will become extremely difficult. We already have issues with runoff and drainage from heavy or prolonged rains. With the roads not absorbing the water that the fields now absorb, the water volume and velocity of the water runoff will increase significantly. Unless retaining walls are installed and some bridges/culverts are replaced along the existing drainage easements that are away from the roads, lands would be eroded and vegetation destroyed and homeowners would incur some extremely high costs to protect themselves, if they were even allowed to because of legal/environmental restrictions. The flood impact for the landowners surrounding the Teal route will most likely become very serious. b. Garbage and debris will significantly increase, both on the proposed route and the roads connecting to it. People litter intentionally and unintentionally. c. Noise pollution be constant and distracting to humans and animal life as well. d. Safety – Accidents with wildlife and farm animals would continually be a problem beyond the normal accident rate cause from driver to driver. Unless the highway was fenced higher than eight feet, the wildlife would constantly be crossing the roads around the greenbelt and the more remote farm/ranch areas. 4. Economic impact verses quality of life – I expect that from an urban or commercial perspective, businesses would come if people came and that there would be some financial benefits associated with the urban sprawl. However, we would lose many ranch related jobs and country life opportunities that cannot be replaced. Please consider how breaking up the ranches, losing a quite and serine atmosphere affects an individual's learning, stress, and behavior. Putting in the road would encourage more people and result in additional adjustments by existing residents. Ranchers and farmers would need to increase security to protect their things. Fencing may need to change for animal protection. Spending by current residents and business owners would need to increase in order to protect privacy, erosion, and asset value.	environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

				Summary The major and immediate problem is on Hwy 380 itself and the focus should be there. The "Blue route seems to solve that immediate issue. Future considerations should NOT include the Teal route. If future planning for north of 380 is needed, then you should go where the planning and personal impact would be lessened. Putting a larger highway across the dam at lake Ray Roberts seems to be the least impactful to the environment, would involve fewer communities/people, and provide a more direct route, leverage existing roadbeds, and would be a more drivable road than the proposed, winding Teal route. Aubrey could be access by both roads. Highway 428 could be widened but should not become part of the main throughfare and should have no new road routes added like the Teal route proposes. Thank you for considering this input, Del Lott [redacted]	
86	1/12/2022	Online Comment	Steve Chase	I was pleasantly surprised by the choice to keep 380 on 380. That was/is my first choice & recommendation. I also support the northern loop. The sooner you finalize the decision and get funded the less impact on properties. Most people will happily work within a plan.. thank you for making the correct choice in both 380 on 380 & plans for the north loop.	Comment noted.
87	1/13/2022	Email	Robert W. Powelson	The Teal expansion you are proposing is problematic that it will be helpful to anyone...??? Obviously a huge hit to land values affected by this proposal... Noise... pollution... truck traffic... all a huge negative... It is my opinion that the Teal project should be dropped...	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. 					Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
88	1/14/2022	Email	Aaron Klein	Mr. Endres, After reviewing the information on the US 380 Denton County Feasibility Study, I am in complete agreement with pursuing the BLUE alignment plan for expanding highway 380 in Denton. The Teal alignment is detrimental to the people who currently (or in the future) reside along that route, and will cause a decrease in their property values while raising their property taxes. Many small farms and properties will suffer loss if this alignment is given further consideration and approved. As a homeowner who will inherit property along [redacted] I do not wish to lose acres of my family's peaceful and quiet farmland to be replaced by a huge, busy, noisy freeway full of wrecks and speeding vehicles, while trash from those same vehicles blows across my property and contaminates my land. The vast majority of the BLUE alignment is already in existence and will only have to be widened to accommodate the multiple lanes and service roads as planned. Please DISCONTINUE any further studies of the TEAL alignment and remove ALL aspects of the TEAL alignment from the Highway 380 plans. Thank you. Regards,	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
89	1/14/2022	Online Comment	Aaron Klein	I am in full support of the Blue alignment as it is the most feasible, and in total opposition to the Teal alignment as it will disrupt and displace many farms and personal properties. Those people affected by the Teal alignment will not only have to endure years of noise, dust and construction woes, but will also be affected by decreased property value and increased property taxes. PLEASE STOP ANY FURTHER STUDIES OF THE TEAL ALIGNMENT AND REMOVE THE TEAL ALIGNMENT COMPLETELY FROM THE PLANS.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. 					Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
90	1/14/2022	Online Comment	Jason Hinkel	Let's get this built! 380 is way over capacity and the current widening project will be insufficient before it even gets going. Secure the right of way before any more development occurs! Perhaps use a design build concept that was used for the 121 project thru Grapevine. It seemed to work well and that project has been completed twice before a single shovel turned in 380.	Comment noted.
91	1/14/2022	Email	Kevin Iwersen	Stephen, I hope all is well with you. We are looking at purchasing a property west of Aubrey; however, we have some concerns about the possible alternate (Teal) corridor that has been discussed for further feasibility study. The property we are considering is essentially on the proposed Teal corridor that TxDOT has identified for future consideration. Obviously, more analysis is pending before TxDOT makes a final recommendation and decision. With that said, is it possible for you to give me a general timeline for a.) the length of time for the additional feasibility study and when a recommendation would be made, and b.) if the alternate corridor was to be approved, approximately how long would it be until construction would begin? I fully realize that there are no definitive dates to those questions; however, if you could help me understand the rough order of magnitude (1-2 years, 3-4 years, etc), that would be helpful. Thanks much, Kevin Iwersen	On 1/18/22, Stephen Endres, TxDOT PM responded by email: By the end of the year we hope to start a project to design a schematic and prepare environmental documentation for a preferred teal alignment. Several alignments will be look at as part of the study. It probably would take at least 5 to 6 years at the earliest for any construction to start. More likely you may be looking at something in the range of 10 years. It is hard to predict, because we are so early in the planning stages. Stephen

92	1/14/2022	Online Comment	Kim Thomas	Regarding the study with the teal route, I prefer the PM2 option. I am concerned a major highway will come down Shepard Rd and infringe on my property bringing high traffic and reducing the value of our property located on the corner of [redacted] Thank you.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
93	1/15/2022	Online Comment	Carey DeMoss	Since conducting Public Meeting #2, it is clear that TxDOT has done a masterful job at evaluating all input and coming up with the 2 best options; namely the recommended Blue Alignment involving the current US 380 location with the future recommended Teal Alignment for the future far North Denton/Collin Counties expansion corridor which is already beginning to develop. The overall recommended US 380 project plan (Blue Alignment & Teal Alignment) is very similar to the existing Loop12/Northwest Highway that successfully operates and functionally compliments traffic flow inside of the IH 635/LBJ Freeway corridor in Dallas County. Additionally, I am sure that once the US 380 In-Progress Interim Project begins and is completed around 2025, that a substantial improvement in current US 380 traffic flow and decreased congestion will result; particularly with the additional lanes and accompanying grade separations at key major streets intersecting with US 380 (for example, FM 423, Teel/PGA Parkway & Legacy). I wholly support and agree with TxDOT's recommended Blue Alignment for 2045 and beyond with the collateral recommended Teal Alignment for the far North Denton/Collin Counties corridor. Great Job by TxDOT in recommending for future of the North Denton/Collin Counties a pragmatic, functional and publicly responsive Traffic Game Plan that will serve the traffic patterns and population movement needs of all of us who call the US 380 corridor home!! Thanks very much for what you are doing!! -- Mr. Carey DeMoss, Prosper, TX.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
94	1/15/2022	Online Comment	Cecilia Caravassi	Pleae address the problem at the intersection of FM1385 and 380. The light at 1385 turning left onto 380E backs up at several times of the day. I sometimes have to wait for 2 or 3 changes of the traffic light before making the left turn onto 380 E. Hence, Fishtrap Rd to Gee Rd to the intersection of FM423 is now similarly backing up due to drivers also seeking to avoid the 1385/380 intersection	Comment noted. The recommended alignment would have an overpass at FM 1385 and ramps for entering and exiting the US 380 freeway.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				problem. I'm sure the engineer on the project knows that hundreds of new homes are under construction off of 1385, which will continue to make this situation even worse!	
95	1/15/2022	Online Comment	manzoor mian	You are proposing 300-400 ft on each side additional land .From where will you take this land which is already occupied by businesses all along the existing five lanes. why TxDOT not asked the owners of that agriculture land who are now selling by SQ FT instead of by acres that time to leave 300-400 ft easement on both sides. Now TXDOT not only pay by SQ ft also business property and good will for those businesses . This was not a good long term planning. Thanks.	Comment noted. A feasibility study is an initial assessment of future right-of-way needs and any business displacements will be evaluated and identified during the next project development phase which is the schematic development and environmental study.
96	1/16/2022	Email	Bridget Marshall	Dear Mr. Endres, The online presentation of the US 380 Denton County Feasibility Study was well done. Following are my comments. We live a little over a mile north of Loop 288 and the noise is so loud at times that it sounds like traffic is only a block away. I'm concerned about how much louder it's going to be with the proposed changes and request that the roadway be excavated lower to minimize the noise in addition to building walls, particularly from the Loop 288/US 380 connector to I35 section. The Loop 288/US 380 connector seems like a good solution to minimize destruction of property, but how will the noise pollution be mitigated? I also request that grade separations be installed at Loop 288 and King's Row, similar to the Loop 288/FM 428 intersection; and at Loop 288 and Stuart Road, similar to the proposed US 380/Navo Road intersection. Many accidents have occurred at both of these dangerous intersections. They urgently need to be improved, especially if Loop 288 is to become the main thoroughfare for US 380. Stuart Road connects directly into Loop 288 on both the north and south sides with no acceleration or deceleration lanes, posing a hazard to drivers on Loop 288 who are going 60 mph (or more). I've lost track of the number of times people have suddenly pulled into traffic at that intersection. It is extremely	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				dangerous! Adding a grade separation at Stuart Road would also help to alleviate the heavy traffic congestion on FM 428 we now experience. Traffic from Beaver Creek Estates and Southfork Denton Mobile Home Park (both on Stuart Road), the Natatorium, Water Park, C.H. Collins Stadium, Advanced Technology Center and Gonzalez School (all on Long Road) all use FM 428 to go eastbound on Loop 288. The only other option is to go west 0.6 miles on Loop 288 from Stuart Road and turn around at FM 2164/Locust St. The addition of two more housing developments (Stark Farms and Stuart Ridge) with almost 1000 houses on Long Road is going to exacerbate the traffic congestion and safety issues more so on FM 428 if there is no other eastbound egress. I appreciate you and your team taking my comments into serious consideration during your planning. Thank you very much for your time. Best regards, Bridget Marshall [redacted]	
97	1/16/2022	Online Comment	jeanette gascoigne	The blue route, expanding Hwy 380, is the best option all around. With the project, from the 2016 study, now starting and adding overpasses will alleviate the traffic backing up and accidents at the light intersections. Then to continue expansion for the future, this study, makes sense. It will not effect as many homes, personal properties, you already have most of right of way. And it would serve as a major thoroughfare from McKinney to Denton/Decatur. I do believe a route further North will be necessary. I oppose the teal route going through Aubrey town. Two reasons: 1) too close to Hwy 380- major thoroughfare 2) traffic would be deverted onto Hwy377 to head North to Pilot Point, Tioga, Kiowa etc. Have you looked to possible further North? Such as 455? That would serve the developments that are moving that direction and would connect to I35. Thank you for your consideration.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
98	1/16/2022	Online Comment	Ned Woodbridge	Upgrades to Rt 380 and the 288 Loop are needed, indeed. I have some strongly-desired requests: (1) that the 288 loop roadway be excavated lower to reduce traffic noise, which noise currently is VERY high, and special roadbed materials be used as well that dampen sound relative to concrete (e.g., certain bituminous materials are much quieter than concrete); (2) there be grade separations at Kings Row as was done at the intersection of the 288 Loop and FM 428; (3) there be a grade separation at Stuart Rd, similar to the one	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				proposed at US 380 and Navo Road; (4) provide for frontage roads along the 288 loop adjacent the main through-lanes to permit future local housing and commercial development in our area to access those frontage roads. Thank you.	Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project.
99	1/16/2022	Online Comment	Ralph Trietsch	In reference to the teal route which is to be the outer loop connecting eventually connecting to 156. I am against the current route. I believe it should connect farther north going through the farmland. Cheaper and will disrupt fewer families. Connect Ganzer and Miliam RD to 428 now before more housing and rentals are build on north side of Denton.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
100	1/16/2022	Email	Rossland Weatherall	Hello My suggestions: 1) Lower the speed limit from 60 to 50..they drive 70 & 80.. this is why those collision repair shops are in the area to capitalize on the far too many wrecks we have on 380 2) Include a walk over at Navo for the Kids who walk to and from school … far too dangerous 3) Over passes are needed at Paloma Creek, Navo, 720 and 423 just like the one at the Dallas Tollway Traffic at Paloma Creek and Navo really backs up during rush hours … making a right turn onto 380 or a left turn off of 380 proves to be very dangerous I appreciate you taking the time to read Thank You Weatherall Kittyhawk-[redacted]	Comment noted. City governments and TxDOT must conduct traffic and engineering studies according to requirements outlined in TxDOT's publication, Procedures for Establishing Speed Zones, when setting a speed limit on the state highway system. Additional details such as pedestrian crossings and over passes will be evaluated in the schematic and environmental study.
101	1/17/2022	Email	Bob Meyers	Hello Mr. Endres, Copied in this email are others that lead an effort to create awareness of the Teal plan study and provide direction on how to submit comments. We went door to door along most of the path and visited residents that would be directly affected (ie run directly through their community, frontage, back yards, etc.)	On 1/18/22, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We will add them to our public meeting summary. A project to study the teal route is planned to start by the end of the year.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				During this effort, I personally visited approximately 70 residents. Only about 15% received the attached notice. Of those that received the notice; none had any idea an outer loop was being considered. Therefore, it is of great concern the majority of the community is unaware of the Teal route and were unable to voice their opinions. In conclusion, only about 2% of the residents we visited knew of the Teal route, and that there was a period to submit comments. This brings a concern that TXDOT is not seeing a proper representation of comments from residents that oppose the Teal route. Of the residents we visited, 99% oppose the Teal route. Hopefully you have been receiving comments of residents voicing their opposition. During this door to door effort, and reviewing last year's comments it questions if the Teal route favors several large property owners and developers at the cost of those directly affected by the route. For example, the route runs directly behind my back yard. At the December 2nd meeting; You suggested to me how the Teal route increases property values. I argued that mine will dramatically decrease with my back-yard view going from a scenic quiet pasture with cattle to an ugly noisy freeway. This also begs the question if the property owners in the below illustration had more input to the route than residents like me and those we visited, who knew nothing about the plans.	The study will look at several routes and there will be more public involvement during the study. Stephen Endres 214-320-4469
102	1/17/2022	Email	Carl Munoz	Hello there, I live in [redacted] off 380 and am very interested in this upcoming project. From what I can tell there isn't much going on at the 1385 junction. No overpass like 423, Navo and Paloma creek Blvd. I have lived here for 5 years now and travel 380 every day. The junction at 1385 is by far the worst traffic point in all of 380. If nothing is done to bypass the that light the over pass at 423 and Navo will just make the traffic worse at that point. There has to be a way to keep 380 traffic from having to stop at 1385. This whole project is worthless if not. I hope more is being done that I have not read about yet so if so please let me know. That really needs to be the first spot to get worked out. Thanks Carl Munoz	On 1/18/22, Stephen Endres, TxDOT PM responded by email: Thank you for your comments. We will add them to our public meeting summary. Unfortunately, there is not a grade separation being constructed as part of the current construction job that just started. In the future we are recommending a freeway be constructed along US 380.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
103	1/17/2022	Email	Carolyn Cashion	To Whom It May Concern: I understand growth and the need for the Outer Loop/380 expansion. I would like to comment that the Teal route would not be the most economical or feasible route with all the Expensive homes on Blackjack Oaks Road, Aubrey, TX This route will impact all of Aubrey as this is one of the most sought after neighborhoods in Aubrey's ETJ for acreage lots. These lots range from 1 to 2 acres plus which is almost impossible to find. This neighborhood is located between Blackjack Road on the north and FM 428 on the south. I ask that the Teal Line be take off the options. Carolyn Cashion [redacted] Sincerely,	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.
104	1/17/2022	Email	Carrie Ebeid	Mr. Endres, I am writing to express my strong opposition to the Teal Route. I have lived in Denton for over 35 years. I have worked hard to scrimp and save to finally purchase a few acres of land in the beautiful countryside. The proposed Teal Route will negate everything I have worked for. It will increase noise and pollution, and it will decrease my property value. What will happen to the wonderous wildlife I get to observe from my back porch? I cannot accept a massive highway mere feet from my doorstep. Please do not move forward with your plan. Sincerely, Carrie Ebeid [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

105	1/17/2022	Email	Dan & Linda Ruehs	Please do not consider the “Teal” route as a solution to the needed expansion of Hwy 380. Our property values have already been affected because of this study and building a freeway down Milam Road would destroy my home and shop that I have worked so hard to build. There is already too much traffic on Milam Road which is caused in part because there is no exit for Loop 288 from I35. There is already a “freeway” bypass to 380, but it is highly under used because of the congestion caused by the lack of a southbound exit from I35. This causes a great deal of heavy truck traffic on Milam Road because the trucks can avoid the congestion at the 1173 exit. We feel that there is a tremendous amount of improvement that can be done using the existing routes without disturbing the hundreds of property owners who would be affected if the “Teal” route were used. Dan & Linda Ruehs [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
106	1/17/2022	Email	David Gilmer	To whom it may concern: January 17, 2022 Any future studies of the teal route are requested to be removed. As a homeowner in this area, I feel it will dramatically decrease property values, not increase them. Sincerely, David Gilmer	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.

107	1/17/2022	Voicemail	Judy Cline	My name is Judy Cline, [redacted]. I want to really ask you to please have the teal route completely removed from the plans. The neighborhood along Milam is developed. There's a lot of homes it's going to have impact on, people are going to have no way to get in and out of their property for years with the construction that that would take. It's going to have a big impact on our property values, it's going to decrease them not increase, and I just don't want a freeway going through my front yard. There's enough noise and traffic and trucks going by there now already and I just would like the teal route to be removed. Stop any further plans, any further studies on this plan. I appreciate your time and consideration of this. It's just going to have such an impact, there's other areas that won't involve so many families being disrupted and have their property taken away from them. I've been here 50 years and I plan to have more years here with it, too. So please consider another route and taking the teal route out of the plan. Thank you.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
108	1/17/2022	Email	Larry Fisher	As an individual who will be affected by the Teal Route, I respectfully request all future studies of this project be suspended. As is, this project will adversely affect my property value. Sincerely,	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. 109	1/17/2022	Email	Mark Wakeland	Dear Mr. Endres, As a concerned home owner in [redacted] in Aubrey, Texas, it is my understanding the comment period has been extended to January 19th, and	Comment noted. The Yellow, Purple, and Orange alignments were removed from further consideration.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				wanted to make the following brief comments for your files. 1. I strongly support TxDOT's recommended alignment of the Blue alignment---the current 380 alignment. 2. I am strongly opposed to the Purple, Yellow and Orange alignments as they are not consistent with either the City of Aubrey's or Denton County's Master Thoroughfare Plans. Thank you for your consideration in the matter, and am hopeful that TxDOT will do the right thing and keep the major thoroughfares where they are, and not cut through our beautiful country land and homes. I would appreciate it if you could email me back a quick confirmation that you received this. Kind Regards, Mark Wakeland	
110	1/17/2022	Online Comment	Roger Cox	In Denton at 380 & Loop 288, I would like to suggest the need to plan to add grade separation at Windsor similar to Loop 288 and FM 428. This can be accomplished by using the proposed elevated tie-in ramp from US 380 onto Loop 288. Windsor is a main east-west road that has been planned to tie into Farris Road. This should be put into your plan. At Kings Row and Loop 288 in Denton it should be considered to include an excavated Loop 288 roadway similar to the proposed US 380 and Navo Road. This would would reduce the traffic noise effecting the existing neighborhoods already adjacent to this intersection. There are hundreds of new homes already approved that make this a dire situation. The same situation exists for the Loop 288 and Stuart intersection in terms of housing in near proximity to an intersection that is now only a southbound on and off ramp. An excavated Loop 288 road bed would also reduce road noise for existing neighborhoods in this area. Thank you for your consideration of my suggestions.	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

111	1/17/2022	Email	Sami Ebeid	Dear Stephen Endres, I would like to formally register my objections to the proposed adjustments to the Teal Route associated with the expansion of U.S. Hwy 380. I have lived in Denton most of my life. However, about five years ago, my wife and I decided we needed to get away from the crowding & congestion of the city. We decided to sell our house and invest our life savings into building a new home on the outskirts of the city. The proposed adjustment to the Teal Route would run the new toll road within 500 ft of our home. Not only does it put an end to the peace & quite we moved out here seeking. It will significantly diminish our home value. I can understand the desire to help connect Denton & Collin counties. But I feel the original Teal route, which followed FM428 to Loop 288, would be the better option. I urgently request that TXDOT cease consideration of the Teal Route & end all associated studies. I appreciate your time & consideration on this matter Thank you, Sami Ebeid [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
112	1/18/2022	Email	Ben Norris	Dear Mr. Endres, We appreciate the opportunity to provide comments regarding the US 380 Denton County Feasibility Study. We strongly support TxDOT's recommended Blue alignment for US 380. This alignment best meets TxDOT's evaluation criteria. Additionally, to reiterate our comments from Public Meeting #2, we remain absolutely opposed to the Purple, Yellow and Orange Alignments as they are not in agreement with either the City of Aubrey's or Denton County's Master	Comment noted. The Yellow, Purple, and Orange alignments were removed from further consideration.

Comment Number	Submission Date	Source	Commenter Name	Comment	Response
				Thoroughfare Plans. An email acknowledgement of receipt of our comments would be greatly appreciated. Thank you,	
113	1/18/2022	Online Comment	Carolyn Barnes	I believe the following actions are necessary to ensure the safety and avoid negatively impacting current and future residents near this project: 1) that the roadway be excavated lower to help reduce the traffic noise, and 2) create a grade separation at King's Row (similar to Loop 288 and FM 428), and a grade separation at Stuart Road (similar to the one proposed at US 380 and Navo Road). Both grade separations are urgently needed for safety. The one at Stuart Road would also help alleviate some of the traffic on FM 428 from Long Road by having another eastbound egress onto Loop 288 for C.H. Collins Stadium, the ATC, Gonzalez School, Beaver Creek Estates, Southfork Denton Mobile Home Park, Stark Farms (with 390 lots) and soon-to-be-built Stuart Ridge (with 561 lots). That's an additional 951 houses or approximately 9510 daily car trips* adding to the congestion on FM 428 from Stark Farms and Stuart Ridge! *Based on the city planners' average of 10 car trips per day per house.	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project.
114	1/18/2022	Email	Carrie Oakley	Dear Mr. Endres, Thank you for hearing our concerns in regards to the 380 expansion in our area. We are in favor of keeping the expansion on Hwy 380 on Hwy 380 and oppose the TEAL route! Not only am I a resident in the area that would be affected, I am a realtor and know the dramatic effect it would have on the property values for homeowners. It is not a practical route. Not only affecting land owners and homeowners it would affect the greenbelt and wildlife. It is strongly requested to have the teal route completely removed from the plans. Sincerely a concerned resident in Aubrey, TX Carrie Oakley Carrie Oakley-ABR-SRS Click here to leave a Testimony [redacted]	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.

115	1/18/2022	Email	David Rutledge	Stephen – I am a home owner on [redacted] in Aubrey and have these comments . 1) I support TxDOT's blue alignment 2) I am opposed to the purple, yellow and orange alignments . Thank you for reading this and would like a response if you have time. Thanks,	Comment noted. The Yellow, Purple, and Orange alignments were removed from further consideration.
116	1/18/2022	Online Comment	Garry & Monica Landreth	We are requesting: *a grade separation at Kings Row and Loop 288, similar to the one at 428 and Loop 288. *a grade separation at Stuart Road similar to the one proposed at 380 and Navo. *that the highway be excavated lower to reduce traffic noise Thank you for your consideration.	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
117	1/18/2022	Email	Gary Conway	My comments are regarding the loop routing in the Aubrey area that is lumped into the Hwy 380 expansion project. A public meeting flyer was sent to some but not all residents of the community announcing dates where information on the US 380 Denton County Feasibility Study was to be provided. The meeting title did not specifically indicate any discussion points on the Outer Loop in the Aubrey area. Believe this mislabel did not properly alert concerned citizens regarding the roadway study and routing that would affect them the most. The flyer clearly states 380 Expansion topic about 6 miles to the south. With the inclusion of this proposed Outer Loop in the US 380 Feasibility Study, the full understanding of the routing impacts and long-term environmental influence may be less focused than necessary for this large of proposed critical	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. To notify the public of this public meeting, several methods were used. Notices were sent out on 11/12/21

				change to the community. These are two separate and distinct propositions of which the Hwy 380 expansion is needed much sooner than any Outer Loop. That loop may not be needed for years to come if at all. • Aubrey is known as Horse Country USA as posted on the Chamber of Commerce building itself. Many impacted will go from scenic, quiet and natural farm lands and habitat to an unsightly noisy freeway not to mention the loud and disruptive construction noise over many years to come. • Aubrey has no commercial infrastructure to substantiate a roadway of this magnitude. • Other routes utilizing existing state roadways appear to be more advantageous to address traffic needs, timing and most importantly minimizing overall impact to the existing community and environment. • For states, counties, municipalities, public and private companies alike, the reduction of community and environmental impacts is forefront in their ESG plans. Greenhouse gases, other toxic pollutants and construction waste now concentrated from this high-speed roadway will negatively affect the residents and livestock previously not exposed to these adverse contaminants in high concentrations. • Denton County is home to several species of fowl, reptiles, mollusks and mammals that are threatened and at least one species of fowl, whooping crane, endangered. [redacted] has a collection of ponds shedding into other ponds and into a creek system. Placement of this roadway in the currently undisturbed pond, creeks, existing watershed wetlands and wooded prairie areas will only further threaten these species even more and disturb the natural watershed. Potentially the impact could be so devastating to the environment to remove them from the area completely. • We (The Conways) have a couple of resident horned lizards that make their home on our place as well. The Texas horned lizard is a threatened species (federal category C2). • Farms, Ranches and Ranchette owners affected in the area suffer the loss of lifestyle and investment they have made to intentionally reside in this rural area living this rural is a choice to attain property, freedom to enjoy that property and to see the bright stars at night. Any roadway trapsed through this area destroys that life for the sake of what purpose or greater good? • These same farms and ranches are also the only source of income for the myriad of equine trainers and owners that inhabit this specific area on [redacted] • My wife and I personally have invested millions of dollars in our residence and equine operation on [redacted] where this particular study would be	to adjacent property owners of the alignments presented in public meeting #2, as well as the revised Blue and Teal alignments presented in public meeting #3 as the recommended alignments. TxDOT sent the notice by mail to elected officials and stakeholders on 11/9/21. TxDOT posted the notice on www.TxDOT.gov and www.keepitmovingdallas.com, on 11/12/21, as well as published the notice in the *Dallas Morning News* (11/15/21), Al Día (11/17/21), the *Denton Record-Chronicle* (11/14/21), the *Prosper Press* (11/17/21), the *Little Elm Journal* (11/21/21), and the *Frisco Enterprise* (11/21/21). Copies of these notices and mailing lists are found in section B of this public meeting summary.

				affecting. • Drastic decrease in property values, especially for those where the freeway will run through either their backyards, front yards, pastures or existing homes, barns or arenas. • Would like to think that the current landowners and residents of this area have more say than the land development groups that simply wish to stamp out tract homes and destroy the areas natural beauty. Time will tell here. Trust that all the comments that are offered are carefully and thoughtfully considered. Sincerely, Gary E. Conway	
118	1/18/2022	Email	Julia Mae Dane	We are totally against the Teal route. It goes thru my land and decreases the value of my land. I'm 92 years of age and I want my land to be kept as my dear sweet husband bought it and hopefully pass it on to my children. Please do not consider the Teal Route.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby.
119	1/18/2022	Email	Kayleigh Kincer	Hi Stephen, Thank you for taking the time to review my request. I want to be clear that I completely oppose the Teal Route Proposal. This expansion is potentially beneficial to a specific few, but can be detrimental to many. Firstly, the amount of construction we experience in and around Denton is already a hindrance to the flow of traffic and the overall well-being of the town. Adding another major project like this would only add to the chaos and is overall, arguably unnecessary and excessive.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. 				Secondly, the location of the "connection point" of the expansion to Interstate 35 is too close to the properties on Milam Road. This has major consequences to the property values, safety, and overall enjoyability for the residents on and near this street. Kids can hardly play safely with a major interstate and highway connecting in their front yard. The construction noise will be an inconvenience at least and an adversary to the health and well being at worst to the residents near the construction zone. Please do not move forward with this proposal. Please consider all of the other possibilities and ways this could affect the citizens of Denton, specifically the residents living at or near the site. Thank you again for your time in reading through my concerns! Best regards, Kayleigh	environmental analysis, as well as include additional public involvement during the study. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
120	1/18/2022	Email	Lynn Hancock	My husband and I would like to respond to the study of the Teal Route and request removal of any further studies of this plan. Our property at [redacted]. would be impacted negatively with a substantial decrease in property value if the proposal would continue. Having a freeway in our front yard would drastically decrease our property values and raise many safety concerns for access on and off our property as well as increase traffic and noise. Therefore, I agree with my neighbors and strongly request to have the Teal route completely removed from the plans. Please contact me if you would like to discuss further. Best regards, Lynn Hancock	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. 				future studies that include the Teal Route. I agree with other concerned citizens along the proposed route that it should be removed. Our property values will decrease drastically, yet our taxes will continue to rise. Potential home buyers are already turning away as they learn of a freeway being considered for this area.... and I don't blame them! Please remove the Teal Plan from the 380 expansion plan. The area wildlife will be impacted by noise, the intrusion and destruction their territory. Property owners will be impacted by not being able to safely enter/exit their properties during construction and after completion.... not to mention the noise. Cattle & horses in our fields and pastures will be fearful of the noise and construction for years. Please remove the Teal Route from the 380 plan. I stand with the other Citizens along the proposed route is saying NO, I PROTEST THE TEAL ROUTE AND ASK THAT YOU REMOVE IT FROM ALL FUTURE STUDIES. MOST sincerely, Mrs. Monroe Klein [redacted]	County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
122	1/18/2022	Email	Sharin Hall	Hello Stephen, Mark Kline, my husband, and I bought 36 acres of land in Denton County on [redacted] in 2019. In 2020 we built our Business's metal building that houses and provides shelter for our top barrel racing breeding, training and performance horses, broodmares and foals. We planned to build our dream home in 2021 but received the updated outer loop proposed alignment and chose to wait until further information is released. So we are opposed for the teal route for the following reasons: !. Environmental - The route will take sensitive wetlands that are necessary for surrounding natural drainage and habitat for numerous species of birds, reptiles, and mammals. It is possible that habitat will be taken from endangered species. 2. Loss of quiet enjoyment which is a primary right. 3. Non-compatible with historical land use of Agricultural Farm and Ranch. Our prayer is that there will be a better plan and solution other than Aubrey Texas's most desirable area "Horse Capital of the USA". Thank you for your time and consideration in this matter.	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study.

125	1/19/2022	Online Comment	Nancy Martin Crisco	Please consider: that the roadway be excavated lower to help reduce the traffic noise, a grade separation at King's Row (similar to Loop 288 and FM 428), and a grade separation at Stuart Road (similar to the one proposed at US 380 and Navo Road). Thank you for your consideration. Nancy Martin Crisco	Comment noted. Denton County, collaboratively with TxDOT, will be performing a schematic development and environmental study to evaluate the improvements on Loop 288, as well as the connections across Loop 288, which will include Windsor Drive, Stuart Road, and Kings Row. Additional public involvement will be conducted during this project. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.
126	1/19/2022	Email	Tim Hughes	Any future studies of the Teal route are requested to be removed. Citizens of those affected by the Teal Route would like to stop any further studies of this plan. The reasons for this request are; Potential home buyers are turning away once they learn of the freeway expansion (Teal Route) being considered for the area. During the meeting, there was contention about how the Teal route would negatively, not positively, affect property values; Residents felt that it will drastically decrease their property values, not increase, especially for those where the freeway will run through either their backyards, or front yards, and must listen to the construction noise for years. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefore, it is strongly requested to have the Teal route rerouted further North. I don't think there is any possible way where the Teal route along the Milam Rd. stretch will NOT negatively affect MY property value as well as that for my whole neighborhood. We live on [redacted] is a dead end road with no other access and would be drastically affected long term by any large construction to Milam Rd. Also the noise of the construction and of the permanent addition of the traffic that will be passing on the Milam Rd. stretch will affect us and our property values. Every single resident on Canyon Rd. moved here because of it's country feel and the lifestyle associated with it. I have ALREADY been negatively impacted by the planned widening of I-35 at the Milam Rd. intersection. TX-DOT purchased half of a piece of property on	Comment noted. For the purpose of this feasibility study, TxDOT recognized the regional significance of the teal route, or the Denton County Outer Loop, to address regional mobility. Denton County, collaboratively with TxDOT, will conduct a study of the Outer Loop in Denton County, and is anticipated to start by the end of 2022. The study will look at several routes, schematic design, conduct additional environmental analysis, as well as include additional public involvement during the study. Anticipating impacts to property values for a roadway improvement is challenging due to the number of variables, however, recent case studies have indicated that property values typically increase when new freeways are constructed nearby. Traffic noise analysis, including consideration of noise abatement, would be conducted during the schematic development and environmental study phase of the project, which would take place after the conclusion of this feasibility study.

				Milam Rd. that I was trying to buy and the plan to tear down several buildings that are in perfect condition and were at the perfect location for my business. I think there are much better routes for a new Outer Loop than down Milam Rd. Along Rector Rd. would affect a lot less people. Please don't put a freeway along Milam Rd. Thanks, Tim Hughes

B2. Notice

NOTICE OF PUBLIC MEETING
US 380 Denton County Feasibility Study
From I-35 to the Collin County Line
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Denton County, Texas

The Texas Department of Transportation (TxDOT) is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas. This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project. All meetings will present the same information, and the in-person meetings will be held in an open house format. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project improvements. The meeting dates, times, and locations are listed below.

In-Person Meeting
Tuesday, Nov. 30, 2021
6:00 p.m. – 8:00 p.m. Open House
Prosper ISD Children's Health Stadium
Community Room
2000 Stadium Dr., Prosper, TX 75078

In-Person Meeting
Thursday, Dec. 2, 2021
6:00 p.m. – 8:00 p.m. Open House
Denton Civic Center
321 E McKinney St., Denton, TX 76201

Virtual Meeting*
Tuesday, Nov. 30, 2021 at 6 p.m. through
Wednesday, Dec. 15, 2021 at 11:59 p.m.
www.keepitmovingdallas.com/
US380DentonPM3
*This is not a live event

In addition to two in-person public meetings, TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual public meeting can be viewed beginning Tuesday, Nov. 30, 2021 at 6 p.m. The virtual public meeting is not a live event and the materials can be viewed at your convenience. The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review. The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3 on Tuesday, Nov. 30, 2021 and will remain available online through the comment period deadline of Wednesday, Dec. 15, 2021 at 11:59 p.m. If you do not have internet access, you may call (214) 320-4469 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Comments may be provided by mail, email, or voicemail as explained below. Please note that the materials will not be available until Tuesday, Nov. 30, 2021 at 6 p.m.

The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented.

All interested persons are invited to attend either of the in-person public meetings or view the virtual public meeting online. Written comments may be submitted either in person at the public meeting, online, or by mail to Stephen Endres, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, or by email to Stephen.Endres@txdot.gov. Verbal comments may be submitted by leaving a voicemail at (833) 933-0439. All comments must be received or postmarked on or before Wednesday, Dec. 15, 2021 to be included in the documentation of the public meeting.

The public meetings, virtual and in-person, will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual or in-person public meetings, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Any maps, and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Project materials are also available online at www.keepitmovingdallas.com/US380DentonPM3. This information will also be available for inspection at the meeting.

If you have any general questions or concerns regarding the proposed project or the meeting, please contact TxDOT Project Manager, Mr. Stephen Endres, P.E., by phone at (214) 320-4469 or by email at Stephen.Endres@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

AVISO DE REUNIÓN PÚBLICA
US 380 Estudio de Viabilidad del Condado de Denton
De la I-35 a la línea del Condado de Collin
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Condado de Denton, Texas

El Departamento de Transporte de Texas (TxDOT) está llevando a cabo un estudio de viabilidad para las mejoras de la US 380 a la I-35 a la Línea del Condado de Collin en el Condado de Denton, Texas. Este aviso informa al público que TxDOT estará llevando a cabo reuniones en persona y en vivo para recibir comentarios públicos del proyecto propuesto. Todas las reuniones presentarán la misma información y las reuniones en persona se llevarán a cabo en un formato de puerta abierta. Representantes de TxDOT y consultantes del proyecto estarán disponibles para responder preguntas acerca de las mejoras del proyecto propuesto. Las fechas de las reuniones, horarios y ubicaciones se muestran a continuación.

Reunión en Persona
Martes 30 de Nov., 2021
6:00 p.m. – 8:00 p.m. Puerta Abierta
Prosper ISD Children's Health Stadium
Salón de Comunidad
2000 Stadium Dr., Prosper, TX 75078

Denton Civic Center
321 E McKinney St., Denton, TX 76201

Reunión Virtual*
Del Martes 30 de Nov., 2021
a las 6 p.m. hasta el Miércoles 15 de Dic., 2021
a las 11:59 p.m.
www.keepitmovingdallas.com/US380DentonPM3
*Este no es un evento en vivo

Además de las dos reuniones en persona, TxDOT estará llevando a cabo una reunión virtual pública en línea sobre el proyecto propuesto. La reunión virtual pública puede ser vista comenzando desde el Jueves 30 de Nov., 2021 a las 6 p.m. La reunión virtual pública no es un evento en vivo y los materiales pueden ser vistos a su conveniencia. La reunión virtual publica consistirá de un video pregrabado de una presentación explicando el proyecto propuesto, el cual incluye componentes tanto de audio como de video, junto con otros anexos y materiales para revisar. Los materiales de la reunión virtual pública se publicarán en www.keepitmovingdallas.com/US380DentonPM3 el Martes 30 de Nov., 2021 y permanecerán disponibles en línea hasta la fecha límite de comentarios el Miércoles 15 de Dic., 2021 a las 11:59 p.m. Si usted no tiene acceso a internet, puede llamar al (214) 320-4469 entre las horas de 9 a.m. y 5 p.m., de Lunes a Viernes, para hacer preguntas y acceder a los materiales del proyecto durante el proceso de desarrollo del proyecto. Los comentarios pueden ser proporcionados por correo, correo electrónico o correo de voz como se explica a continuación. Por favor tenga en cuenta que los materiales no estarán disponibles hasta el Martes 30 de Nov., 2021 a las 6 p.m.

El propósito del estudio es analizar las posibles opciones de la carretera US 380 en el Condado de Denton, incluyendo mejorar las alineaciones existentes o utilizar nuevas alineaciones.

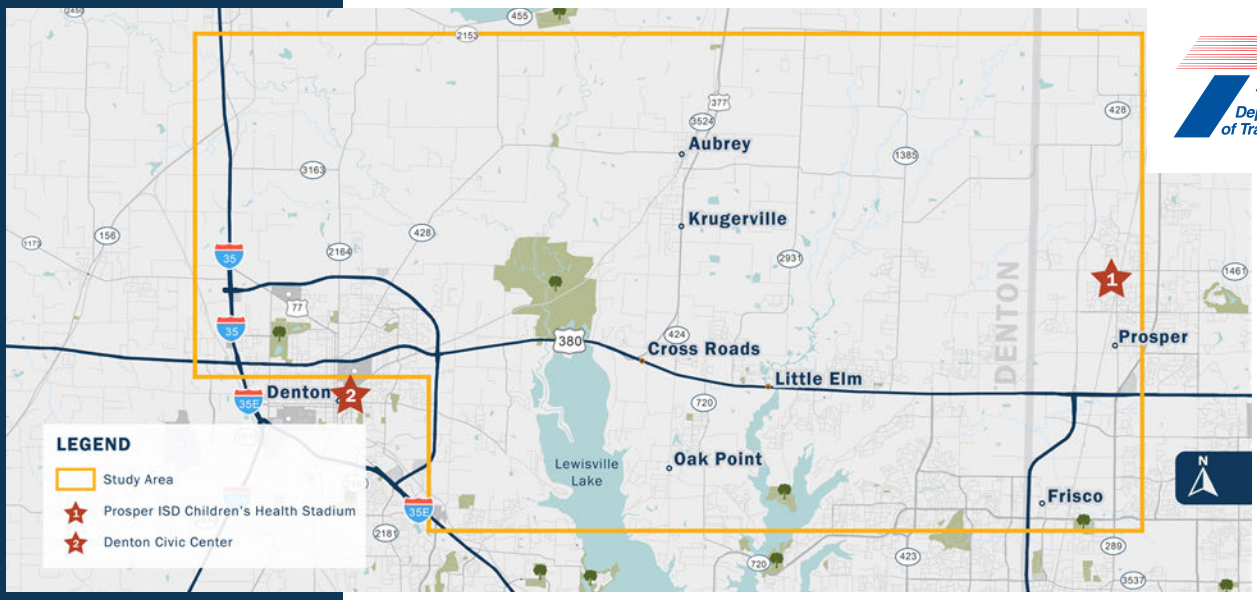

Todas las personas interesadas están invitadas a atender ya sea a las reuniones en persona o ver las reuniones virtuales en línea. Los comentarios escritos pueden ser enviados ya sea en persona en una reunión pública, en línea o por correo a Stephen Endres, P.E., Oficina del Distrito de Dallas de TxDOT, 4777 East US Highway 80, Mesquite, TX 75150-6643 o por correo electrónico a Stephen.Endres@txdot.gov. Los comentarios verbales pueden ser enviados dejando un correo de voz al (833) 933-0439. Todos los comentarios deben ser recibidos y sellados en/o antes del Miércoles 15 de Dic., 2021 para ser incluidos en la documentación de la reunión pública.

Las reuniones públicas, tanto virtuales como en persona, se llevarán a cabo en inglés. Si usted necesita un intérprete o documento traducido porque el inglés no es su lenguaje primario o tiene dificultad comunicándose efectivamente en Inglés, se le proveerá uno. Si usted tiene una discapacidad y necesita asistencia, arreglos especiales pueden ser hechos para acomodarse a la mayoría de sus necesidades. Si usted necesita servicios de interpretación o traducción o es una persona con una discapacidad que requiere un arreglo para asistir y participar en las reuniones públicas en línea o en persona, por favor contacte a Emily McCann, Oficial de Información Pública de TxDOT, Distrito de Dallas de TxDOT, al (214) 320-4485 no más tarde del Lunes 22 de Nov., 2021. Por favor tenga en cuenta que se requiere un aviso por adelantado ya que algunos servicios y arreglos pueden requerir tiempo para que TxDOT los pueda arreglar.

Cualquier mapa y dibujo mostrando la ubicación y diseño, agendas tentativas de construcción, y cualquier otra información con respecto al proyecto propuesto están en el documento y disponibles para su inspección de Lunes a Viernes entre las horas de 8 a.m. y 5 p.m. en la Oficina del Distrito de Dallas de TxDOT, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Los materiales del proyecto también están disponibles en línea en www.keepitmovingdallas.com/US380DentonPM3. Esta información también estará disponible para su inspección en la reunión.

Si usted tiene cualquier pregunta o preocupación general con respecto al proyecto propuesto o la reunión, por favor contacte al Gerente del Proyecto de TxDOT, el Señor Stephen Endres, P.E., por teléfono al (214) 320-4469 o por correo electrónico al Stephen.Endres@txdot.gov.

Las revisiones y consultas ambientales, y otras acciones requeridas por las leyes ambientales Federales aplicables para este proyecto están siendo, o han sido, llevadas a cabo por TxDOT con respecto al 23 U.S.C. 327 y un Memorándum de Entendimiento con Fecha el 9 de Diciembre, 2019, y fueron ejecutadas por FHWA y TxDOT.

Texas Department of Transportation

US 380 DENTON COUNTY FEASIBILITY STUDY

PUBLIC OPEN HOUSE MEETINGS

PUBLIC SAFETY BRIEFS

DALLAS

Man found fatally shot in vehicle on I-30

A 49-year-old man was fatally shot while inside a vehicle on Interstate 30 on Saturday evening, Dallas police said.

Police responded to reports of a shooting on eastbound I-30, just before the Interstate 45 and Interstate 75 split, around 7:40 p.m. They found a man with a gunshot wound inside his vehicle.

The injured man, Juan Manuel Hurtado, was taken to a hospital and pronounced dead.

Police said a light-colored truck may have been involved in the shooting, but no additional information about what led to the shooting or suspects was immediately available.

Anyone with information may contact Dallas police Detective Derick Chaney at 214-671-3650 or derick.chaney@dallascityhall.com.

Crime Stoppers is offering a reward of up to $5,000 for information that leads to an arrest and indictment in the case. To make an anonymous tip, call 214-373-8477.

Maggie Prosser

DENTON COUNTY

Man faces over 2 dozen charges in 5 counties

A Denton County man was in custody Friday at the Hunt County Detention Center with more than two dozen charges filed from five North Texas counties.

Michael Steven Smith, 34, of Justin was arrested last week by the Royse City Police Department on a charge of unauthorized use of a vehicle. He was being held on the unauthorized use of a vehicle charge, nine counts of unlawful possession of a firearm by a felon from Wise County, one count of unlawful possession of metal or body armor by felon from Wise County, nine counts of theft of firearm from Wise County, two counts of burglary of a building from Denton County, one count of theft of property of the value of $2,500 or more but less than $30,000 from Denton County, one count of credit/debit card abuse from Cooke County, two counts of burglary of a building from Franklin County and one count of felony theft from Franklin County.

Wire report

IRVING

Help sought finding runaway teen girl

Irving police are asking for the public's help finding a 16-year-old girl who ran away from home early Sunday.

Tammy Guadalupe Ferguson was last seen about 1:30 a.m. leaving her home in the 2300 block of Cartwright Street in Irving, police said.

TAMMY FERGUSON

Guadalupe Ferguson has a learning disability, gets confused about where she might be walking and does not like to be touched, officials said. She was last seen wearing a blue top and multicolored Vans shoes. Anyone with information about her whereabouts should call Irving police at 972-273-1010.

Maggie Prosser

Baby fatally struck after falling out of moving car

A baby was fatally struck by a vehicle after it fell out of a car in Irving on Sunday morning, police said.

Police said the 8-month-old fell out of a moving black Kia sedan and was then hit by a different black-colored sedan near the intersection of North MacArthur Boulevard and Ranchview Drive about 10:30 a.m. The driver of the second vehicle did not stop after the incident, police said.

Officer Robert Reeves, an Irving police spokesman, said the child's mother was driving the black Kia and stayed at the intersection. Police have not released the identity of the woman. The infant died at the hospital, Reeves said. He said other children were inside the woman's car at the time. Investigators are still determining how the child fell out of the car and are asking for the public's help in finding the motorist who fled.

OAK CLIFF

Police seek tips in fatal shooting Sunday

A man was killed overnight in a fatal shooting that police say occurred in east Oak Cliff.

Shortly after midnight Sunday, officers were dispatched to a shooting at a parking lot in the 2100 block of 52nd Street but did not find anyone at the location, police said.

A man, who investigators believe is the victim of that shooting, then showed up at a local hospital, where he later died, police said.

Anyone with information regarding the incident is asked to call the Dallas Police Department's homicide unit at 214-671-3686, or email phillip.wheeler@dallascityhall.com, and refer to case number 206527-2021.

They can also call 214-373-8477 to contact Crime Stoppers, which is offering a reward of up to $5,000 for information the leads to an arrest and indictment in the case.

NOTICE OF PUBLIC MEETING
US 380 Denton County Feasibility Study
From I-35 to the Collin County Line
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Denton County, Texas

The Texas Department of Transportation (TxDOT) is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas. This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project. All meetings will present the same information, and the in-person meetings will be held in an open house format. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project improvements. The meeting dates, times, and locations are listed below.

In-Person Meeting	In-Person Meeting	Virtual Meeting*
Tuesday, Nov. 30, 2021 6:00 p.m. – 8:00 p.m. Open House Prosper ISD Children's Health Stadium Community Room 2000 Stadium Dr., Prosper, TX 75078	Thursday, Dec. 2, 2021 6:00 p.m. – 8:00 p.m. Open House Denton Civic Center 321 E McKinney St., Denton, TX 76201	Tuesday, Nov. 30, 2021 at 6 p.m. through Wednesday, Dec. 15, 2021 at 11:59 p.m. www.keepitmovingdallas.com/US380DentonPM3 *This is not a live event

In addition to two in-person public meetings, TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual public meeting can be viewed beginning Tuesday, Nov. 30, 2021 at 6 p.m. The virtual public meeting is not a live event and the materials can be viewed at your convenience. The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review. The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3 on Tuesday, Nov. 30, 2021 and will remain available online through the comment period deadline of Wednesday, Dec. 15, 2021 at 11:59 p.m. If you do not have internet access, you may call (214) 320-4469 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Comments may be provided by mail, email, or voicemail as explained below. Please note that the materials will not be available until Tuesday, Nov. 30, 2021 at 6 p.m.

The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented.

All interested persons are invited to attend either of the in-person public meetings or view the virtual public meeting online. Written comments may be submitted either in person at the public meeting, online, or by mail to Stephen Endres, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, or by email to Stephen.Endres@txdot.gov. Verbal comments may be submitted by leaving a voicemail at (833) 933-0439. All comments must be received or postmarked on or before Wednesday, Dec. 15, 2021 to be included in the documentation of the public meeting.

The public meetings, virtual and in-person, will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual or in-person public meetings, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Any maps, and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Project materials are also available online at www.keepitmovingdallas.com/US380DentonPM3. This information will also be available for inspection at the meeting.

If you have any general questions or concerns regarding the proposed project or the meeting, please contact TxDOT Project Manager, Mr. Stephen Endres, P.E., by phone at (214) 320-4469 or by email at Stephen.Endres@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Esperanzas de vida muy diferentes

Viene de la página 1

Comunidad estresada

Nada de esto sorprende a la gente que vive donde la salud no es la mejor.

"Es porque aquí la comunidad está rota desde hace muchos años y estamos muy abandonados", dijo Patricia Cox, presidenta de la Asociación de Residentes del Distrito Histórico de la Calle 10.

"Aquí cerca no hay tiendas, no hay clínicas, no hay hospitales, hay mucha delincuencia y nos estamos enfrentando a la gentrificación. Tenemos mucho estrés".

El Distrito Histórico de la Calle 10 es parte de Oak Cliff.

Es una comunidad originalmente afroamericana en donde se asentaron primero algunos esclavos que venían con los habitantes blancos de la zona de Dallas, en los 1840s, y donde años después de la abolición de la esclavitud se estableció el primer pueblo de hombres libres en el Norte de Texas.

Tras años de cambios en la zona, como la construcción de nuevas carreteras y la demolición de decenas de casas, el Distrito Histórico de la Calle 10 pasó de ser una comunidad boyante con tiendas, iglesias, talleres y calles limpias, narró Cox, a una zona descuidada, con altos índices de delincuencia, basura en sus calles, jardines sin podar y casas que se caen a pedazos.

Los desarrolladores ahora buscan comprar esa zona por su cercanía al centro de la ciudad, ubicada solo tres millas al norte.

"Esta desigualdad es algo que hemos vivido durante siglos", dijo Cox, quien nació en ese vecindario, en 1943, y después de vivir en California por algunos años volvió en 2006, para cuidar a su madre.

"Aquí estaban los que eran maltratados y explotados y parece que nada ha cambiado".

Las calles del Distrito Histórico de la Calle 10 lucen vacías y son muy pocas las personas que caminan por ellas o que pasan tiempo en los porches o jardines delanteros de sus casas. El único momento en que los vecinos se ven es cuando coinciden en la salida al trabajo o en la llegada a descansar.

En 2018, el ingreso familiar promedio del sector era de $25,385 al año, menos de la mitad del promedio del condado de Dallas, según datos del censo.

En los alrededores no hay supermercados, tiendas de un dólar y ni siquiera estaciones de bus o DART.

Quienes no tienen auto deben caminar hasta una milla para poder tomar la ruta del transporte público más cercano.

Si necesitan algo de la tienda, deben caminar 2.5 millas, unos 40 minutos, para llegar al Supermercado Monterrey, el más cercano al área, al otro lado de la I-35E.

No hay clínicas de emergencia cercanas y el lugar al más próximo al que pueden acudir es el Methodist Dallas Medical Center, a unas dos millas de distancia.

Datos del Departamento de Policía de Dallas revelan que en lo que va del año, se han reportado en esa zona el robo a 11 locales comerciales; el robo de 10 autos; cinco agresiones con arma; tres asaltos a mano armada; y dos autos quemados.

En la misma zona vive Abel González, un hombre hispano de 59 años de edad que no corrió con la misma suerte que Cox.

Desde hace varios años, González padece de una hernia en el estómago que apenas en el verano lo imposibilitó para trabajar en la construcción, oficio en el que se desempeñaba desde que llegó al Norte de Texas proveniente de México, en 1979.

MASON JANSE/ESPECIAL PARA AL DÍA

Patricia Cox vive en el Distrito Histórico de la Calle 10, a solo tres millas al sur del centro de Dallas, una de las zonas con menor esperanza de vida de todo el condado de Dallas.

> "Esta desigualdad es algo que hemos vivido durante siglos. Aquí estaban los que eran maltratados y explotados y parece que nada ha cambiado".
>
> **Patricia Cox, residente del Distrito Histórico de la Calle 10**

"Si sabía que la tenía (la hernia), pero la verdad nunca me atendí porque era eso o quitarle a mis hijos el pan de la boca", dijo González.

"Tuve que decidir entre hacerme chequeos, ir al doctor, o darle de comer a mis hijos".

Padre de seis hijos de entre 18 y 9 años de edad, González se quedó sin trabajo desde julio.

Ahora está cobrando beneficios de desempleo pero percibe la mitad de lo que ganaba cuando trabajaba.

Al quedarse sin empleo, González perdió su seguro médico, así que acudió al Hospital Parkland donde será operado a mediados de diciembre.

"Yo pienso que aquí vivimos menos porque estamos muy abandonados", dijo González.

"Somos más pobres y tenemos muchas trabas para poder tener salud y para estar bien aquí en nuestro barrio, nosotros solos no podemos".

Seçkin dijo que los habitantes de los barrios pobres sufren estrés de todas partes, y si a eso se le añaden los apuros económicos, hay repercusiones en la salud.

"Es como estar en constante modo de supervivencia. El cuerpo está en lucha constante porque la persona no tiene oportunidad de relajarse; siempre está batallando", dijo.

No muy lejos de ahí, otro mundo

A solo 17 millas al norte, en las zonas residenciales de Reservation y J.J. Pearce, que tienen la más alta esperanza de vida en el condado de Dallas, los factores estresantes son pocos.

Es una zona de clase media alta con casas amplias y jardines bien arreglados, donde abundan las sillas y los juegos para niños en los jardines delanteros y es común ver a personas de todas las edades paseando a sus perros o haciendo ejercicio.

Ahí habitan desde hace 28 años Kathy y Russell Scott, de 68 y 64 años de edad.

Russell Scott es propietario de una escuela de música y Kathy es secretaria en la iglesia cristiana Waterview, ubicada dentro de la misma comunidad, en Richardson.

Nunca han tenido problemas graves de salud ni complicaciones para atender las enfermedades que han enfrentado.

"Nosotros hemos tenido seguro médico toda la vida a través de nuestros trabajos y cada año nos hacemos chequeos de rutina y tratamos de comer sano y todo está bien", dijo Kathy Scott.

Los Scott creen que parte de su bienestar proviene también del ambiente en el que se desenvuelven.

"Hay lugares donde el crimen es mayor, la gente no se conoce, y uno puede ver más estrés en los ojos de esas personas".

Datos de la Policía de Richardson revelan que en lo que va del año solo se han reportado tres agresiones y cinco robos en establecimientos.

El ingreso medio por hogar de la zona era de $184,306 en 2018, de acuerdo con el censo.

A diferencia del Distrito Histórico de la Calle 10, donde viven los Scott hay varios supermercados, algunos de los cuales venden productos orgánicos como Sprouts Farmers Market y Whole Foods Market.

La clínica de emergencias más cercana está solo cruzando una avenida.

Seçkin dijo que aunque la gente en general puede gozar de mejor salud en comunidades que tienen más recursos económicos, nadie está exento de sufrir una enfermedad crónica o una crisis médica.

La diferencia, dijo, es tener los medios para enfrentarla.

AVISO DE REUNIÓN PÚBLICA
US 380 Estudio de Viabilidad del Condado de Denton
De la I-35 a la línea del Condado de Collin
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Condado de Denton, Texas

Texas Department of Transportation

El Departamento de Transporte de Texas (TxDOT) está llevando a cabo un estudio de viabilidad para las mejoras de la US 380 a la I-35 a la Línea del Condado de Collin en el Condado de Denton, Texas. Este aviso informa al público que TxDOT estará llevando a cabo reuniones en persona y en vivo para recibir comentarios públicos del proyecto propuesto. Todas las reuniones presentarán la misma información y las reuniones en persona se llevarán a cabo en un formato de puerta abierta. Representantes de TxDOT y consultantes del proyecto estarán disponibles para responder preguntas acerca de las mejoras del proyecto propuesto. Las fechas de las reuniones, horarios y ubicaciones se muestran a continuación.

Reunión en Persona	Reunión en Persona	Reunión Virtual*
Martes 30 de Nov., 2021 6:00 p.m. – 8:00 p.m. Puerta Abierta Prosper ISD Children's Health Stadium Salón de Comunidad 2000 Stadium Dr., Prosper, TX 75078	Jueves 2 de Dic., 2021 6:00 p.m. – 8:00 p.m. Puerta Abierta Denton Civic Center 321 E McKinney St., Denton, TX 76201	Del Martes 30 de Nov., 2021 a las 6 p.m. hasta el Miércoles 15 de Dic., 2021 a las 11:59 p.m. www.keepitmovingdallas.com/US380DentonPM3 *Este no es un evento en vivo

Además de las dos reuniones en persona, TxDOT estará llevando a cabo una reunión virtual pública en línea sobre el proyecto propuesto. La reunión virtual pública puede ser vista comenzando desde el Jueves 30 de Nov., 2021 a las 6 p.m. La reunión virtual pública no es un evento en vivo y los materiales pueden ser vistos a su conveniencia. La reunión virtual publica consistirá de un video pregrabado de una presentación explicando el proyecto propuesto, el cual incluye componentes tanto de audio como de video, junto con otros anexos y materiales para revisar. Los materiales de la reunión virtual pública se publicarán en www.keepitmovingdallas.com/US380DentonPM3 el Martes 30 de Nov., 2021 y permanecerán disponibles en línea hasta la fecha límite de comentarios el Miércoles 15 de Dic., 2021 a las 11:59 p.m. Si usted no tiene acceso a internet, puede llamar al (214) 320-4469 entre las horas de 9 a.m. y 5 p.m., de Lunes a Viernes, para hacer preguntas y acceder a los materiales del proyecto durante el proceso de desarrollo del proyecto. Los comentarios pueden ser proporcionados por correo, correo electrónico o correo de voz como se explica a continuación. Por favor tenga en cuenta que los materiales no estarán disponibles hasta el Martes 30 de Nov., 2021 a las 6 p.m.

El propósito del estudio es analizar las posibles opciones de la carretera US 380 en el Condado de Denton, incluyendo mejorar las alineaciones existentes o utilizar nuevas alineaciones.

Todas las personas interesadas están invitadas a atender ya sea a las reuniones en persona o ver las reuniones virtuales en línea. Los comentarios escritos pueden ser enviados ya sea en persona en una reunión pública, en línea o por correo a Stephen Endres, P.E., Oficina del Distrito de Dallas de TxDOT, 4777 East US Highway 80, Mesquite, TX 75150-6643 o por correo electrónico a Stephen.Endres@txdot.gov. Los comentarios verbales pueden ser enviados dejando un correo de voz al (833) 933-0439. Todos los comentarios deben ser recibidos y sellados en/o antes del Miércoles 15 de Dic., 2021 para ser incluidos en la documentación de la reunión pública.

Las reuniones públicas, tanto virtuales como en persona, se llevarán a cabo en inglés. Si usted necesita un intérprete o documento traducido porque el inglés no es su lenguaje primario o tiene dificultad comunicándose efectivamente en Inglés, se le proveerá uno. Si usted tiene una discapacidad y necesita asistencia, arreglos especiales pueden ser hechos para acomodarse a la mayoría de sus necesidades. Si usted necesita servicios de interpretación o traducción o es una persona con una discapacidad que requiere un arreglo para asistir y participar en las reuniones públicas en línea o en persona, por favor contacte a Emily McCann, Oficial de Información Pública de TxDOT, Distrito de Dallas de TxDOT, al (214) 320-4485 no más tarde del Lunes 22 de Nov., 2021. Por favor tenga en cuenta que se requiere un aviso por adelantado ya que algunos servicios y arreglos pueden requerir tiempo para que TxDOT los pueda arreglar.

Cualquier mapa y dibujo mostrando la ubicación y diseño, agendas tentativas de construcción, y cualquier otra información con respecto al proyecto propuesto están en el documento y disponibles para su inspección de Lunes a Viernes entre las horas de 8 a.m. y 5 p.m. en la Oficina del Distrito de Dallas de TxDOT, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Los materiales del proyecto también están disponibles en línea en www.keepitmovingdallas.com/US380DentonPM3. Esta información también estará disponible para su inspección en la reunión.

Si usted tiene cualquier pregunta o preocupación general con respecto al proyecto propuesto o la reunión, por favor contacte al Gerente del Proyecto de TxDOT, el Señor Stephen Endres, P.E., por teléfono al (214) 320-4469 o por correo electrónico al Stephen.Endres@txdot.gov.

Las revisiones y consultas ambientales, y otras acciones requeridas por las leyes ambientales Federales aplicables para este proyecto están siendo, o han sido, llevadas a cabo por TxDOT con respecto al 23 U.S.C. 327 y un Memorándum de Entendimiento con Fecha el 9 de Diciembre, 2019, y fueron ejecutadas por FHWA y TxDOT.

A record 4.4 million Americans quit their jobs in September

By Eli Rosenberg
The Washington Post

A record 4.4 million Americans quit their jobs in September as workers took advantage of the surge in job openings across the country, a sign of how labor market imbalances continue to complicate the economic recovery 20 months into the pandemic.

The number of people quitting in September constituted a whopping 3% of the workforce, according to a monthly Bureau of Labor Statistics survey released Friday. That number is up from the previous record set in August, when 4.3 million people quit their jobs — about 2.9% of the workforce.

The statistics reflect how severely in flux the labor market remains after the pandemic upended the course of business and life across the country in 2020.

Businesses have hired millions of American workers since April 2020, continuing to add employees even during a surge in coronavirus infections during the late summer. But workers have remained remarkably mobile, feeling free to quit or switch jobs. Many businesses are so scrapped to find and retain workers that they are dipping into budgets to offer higher pay and bonuses, creating the most worker-friendly labor market in recent history.

A number of factors have led to the churn. The September data came during a period when coronavirus cases were spiking, creating child care and safety pressures for many employees as they rethought their daily routines. Many other workers, meanwhile, were lured to other jobs because of better pay and benefits as employers became desperate to fill openings. And a strong stock market combined with stimulus checks and other benefits have helped pad workers' savings, making it easier for them to cut loose or retire rather than hold on to a job they no longer want.

"There are likely some delayed-induced quits here," said Daniel Zhao, an economist at Glassdoor. "Workers are fed up with working conditions and feel unsafe and quitting even though they might not immediately jump into a new job."

Trey Phillips, a 52-year-old cook in southeastern Vermont, quit his job in September at an inn. His 22-year-old son quit as well.

Phillips has high blood pressure and other health concerns, and he said a new chef at the restaurant where they worked brought a more lax safety approach to the kitchen amid the delta wave. A series of incidents had raised his level of concern about being safe at work. The final straw was finding out that a recently hired dishwasher, working in tight quarters with his son without a mask, was not vaccinated despite it being after the inn's Sept. 1 deadline for employees.

"I just lost it," Phillips said. "It was, you know, how dare you? Are you a moron? ... I just said to my kid that we're gone, because I had warned them after these incidents. I had gone to [human resources] and said this can't keep happening."

Those types of decisions are reflected in the industry-specific data in Friday's report. A whopping 6.6% of workers in accommodation and food services quit their job in September — far higher than any other sector. Industries with the highest percentages of workers quitting include trade, transportation and utilities, retail, and leisure and hospitality work like those who work in arts and entertainment, at hotels and in restaurants.

The biggest increases in quits for the month included arts, entertainment and recreation (+56,000) and education and health services (+54,000).

"Quits are high in leisure and hospitality, health services and education," Zhao noted, "those are all industries where an increase in COVID can make work less safe."

Adam Hettler, 32, quit his job as a middle school teacher in Minnesota in early September because he worried that the school district where he worked wasn't taking enough precautions to protect students and staff from COVID.

He'd been thinking about quitting since mid-August, when he found out a student at a former school had died of the coronavirus. By the time teacher training rolled around a few weeks later, it was clear to Hettler that he wasn't comfortable going back to large classrooms with few protections.

"It just really hit me that we were taking a very big gamble on the health of our students," he said.

He found a new job with comparable pay and benefits within a few weeks. The high school where he teaches now is smaller, he said, and has more safeguards in place.

"The pandemic made me think about my own health and wellbeing, and what I'm willing to be part of," he said. "I realized there are other options."

The South, the West and Midwest have the highest numbers of workers quitting their jobs, at 3.3, 3.1 and 3.0%, while only 2.2% of workers in the Northeast are quitting jobs. This is consistent with trends seen in August, which showed that workers in more rural areas quit at a higher rate in part because they had more leverage to demand better pay.

NOTICE OF PUBLIC MEETING
US 380 Denton County Feasibility Study
From I-35 to the Collin County Line
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Denton County, Texas

Texas Department of Transportation

The Texas Department of Transportation (TxDOT) is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas. This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project. All meetings will present the same information and the in-person meetings will be held in an open house format. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project improvements. The meeting dates, times, and locations are listed below.

In-Person Meeting
Tuesday, Nov. 30, 2021
6:00 p.m. – 8:00 p.m. Open House
Prosper ISD Children's Health Stadium Community Room
2000 Stadium Dr.,
Prosper, TX 75078

In-Person Meeting
Thursday, Dec. 2, 2021
6:00 p.m. – 8:00 p.m.
Open House
Denton Civic Center
321 E McKinney St.,
Denton, TX 76201

Virtual Meeting*
Tuesday, Nov. 30, 2021 at 6 p.m. through Wednesday, Dec. 15, 2021 at 11:59 p.m.
www.keepitmovingdallas.com/US380DentonPM3
*This is not a live event

In addition to two in-person public meetings, TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual public meeting can be viewed beginning Tuesday, Nov. 30, 2021 at 6 p.m. The virtual public meeting is not a live event and the materials can be viewed at your convenience. The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review. The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3 on Tuesday, Nov. 30, 2021 and will remain available online through the comment period deadline of Wednesday, Dec. 15, 2021 at 11:59 p.m. If you do not have internet access, you may call (214) 320-4469 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Comments may be provided by mail, email, or voicemail as explained below. Please note that the materials will not be available until Tuesday, Nov. 30, 2021 at 6 p.m.

The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented.

All interested persons are invited to attend either of the in-person public meetings or view the virtual public meeting online. Written comments may be submitted either in person at the public meeting, online, or by mail to Stephen Endres, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, or by email to Stephen.Endres@txdot.gov. Verbal comments may be submitted by leaving a voicemail at (833) 933-0439. All comments must be received or postmarked on or before Wednesday, Dec. 15, 2021 to be included in the documentation of the public meeting.

The public meetings, virtual and in-person, will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual or in-person public meetings, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Any maps, and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Project materials are also available online at www.keepitmovingdallas.com/US380DentonPM3. This information will also be available for inspection at the meeting.

If you have any general questions or concerns regarding the proposed project or the meeting, please contact TxDOT Project Manager, Mr. Stephen Endres, P.E., by phone at (214) 320-4469 or by email at Stephen.Endres@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

The stranger

JOANN SCHAUF
Your Texan and You

Minding my own business, I stood in line at Sprouts, balancing a pint of strawberries and three avocadoes. I noticed the man behind me holding a beautiful bouquet in one hand and steering his cart with the other. My mask hid my smile, but I caught his eye and commented that he would be making someone very happy. I turned to the cashier, and we exchanged pleasantries as I searched for my credit card. As I thanked her and turned to leave, I felt a tap on my shoulder. The stranger handed the flowers to me.

His thoughtfulness caught me off guard. I hope I expressed my thankfulness eagerly. An extraordinary ray of sunshine enveloped me as I experienced membership in the club of unsuspecting kindness receivers.

I shared the stranger's gift and my glee with the company visiting us that weekend. It wasn't glee I figured out later. I felt gratitude— that emotion that sends oxytocin into our bloodstream and makes us feel connected and warmed.

That man's thoughtfulness inspired me to make others feel as unique and chosen as he'd made me feel. Now I was in the pay-it-forward club, and I busied myself thinking of ideas and how I would orchestrate them. But I missed the point: opportunities reveal themselves spontaneously. Picking up the tab for the next person's coffee, holding an umbrella over a shopper unloading her Costco cart in a torrential downpour, taking a care package for the homeless man who waits on a corner I frequent.

I doubt we dwell on what we've given or our impact on others in our collective memories because we are humble humans. Yet choosing to show kindness is not humble – it's an intentional act from the depth of our very beings.

The value of this practice exceeds the sum of its parts – you and me. We're at our best, sharing our humanity when our heart touches another's, our soul writes on another's, and our spirit breathes love into another.

Happy Thanksgiving, knowing I'm grateful to you.

Homicide arrests

AUDREY HENVEY, GARRETT GRAVLEY
agravley@starlocalmedia.com, ahenvey@starlocalmedia.com

Six suspects were arrested in Plano in connection with a Nov. 9 homicide that left an 18-year-old dead.

According to a Plano Police Department press release, officers responded to a weapons call at midnight on the 800 block of Warwick Drive. Officers arrived to see individuals fleeing on foot, and evidence was found that confirmed there had been gunfire in the area, police said.

At 7 a.m. Tuesday, a deceased person identified as 18-year-old Plano resident Malakai McAfee was found on the 800 block of Arbor Downs Drive, one block north of Warwick Drive.

The suspects have been identified as 18-year-old Sonja Bohanon, 19-year-old Davante Polk, 19-year-old Imani Hawley, 20-year-old Alvin Lee Kirk, Jr., 19-year-old Brandon Nangah and 17-year-old Larry Donnell Smith. The latter two suspects were already in police custody for other charges at the time of the arrests.

Police are still investigating.

CRASH

From PAGE ONE

Frisco Police Department's monthly statistics reports show that this year's number of DWI arrests is elevated compared to the previous two years. By October 2019, Frisco Police had recorded 273 DWI arrests for the year while by October 2020 there were 309 for the year. As of October 2021, there have been 332 DWI arrests this year.

JOBS

From PAGE ONE

Texas has jobs for those looking to take the next step in their career," said TWC Chairman Bryan Daniel in a Friday press release.

While the cities and counties each reported unemployment rates lower than that of Texas, some cities saw unemployment decrease more incrementally than the counties and state. Others saw unemployment stagnate or increase.

In Collin County, McKinney's unemployment rate remained at 3.7% between September and October as its civilian labor force gradually increased by less than 1%. Neighboring cities including Plano, Allen and Frisco each saw unemployment decrease by 0.1%.

Municipalities in Denton County reported more fluctuating changes.

While unemployment decreased by the 0.2% state and county average in cities such as Carrollton and Lewisville, Little Elm reported the same 3.8% unemployment rate between September and October. Conversely, the unemployment rates of Flower Mound and The Colony increased by 0.1%.

In Dallas County, Mesquite's and Coppell's unemployment drops exceeded the percentage of the statewide and county average, as their unemployment rates each decreased by 0.3%. The city of Dallas saw a 0.2% dip as Rowlett saw one of 0.1%.

LEISD

From PAGE ONE

District spokesperson Cecelia Jones declined to speak to the incident mentioned in the district's statement and declined to provide further comment beyond the district statement. The Little Elm Police Department did not respond to a request for comment by press time Friday evening.

At around 2:30 p.m. Friday, the district announced that all athletic events had been canceled for the evening and would resume Saturday as scheduled. Visit littleelm.com for the most up-to-date information.

VOICES

From PAGE FOUR

south over slavery. Territory from California to Texas had been won from Mexico, and slaveholders wanted to expand slavery into these new areas while abolitionists firmly objected. Texas insisted on claiming New Mexico east of the Rio Grande as part of the state in spite of objections from New Mexicans. Taylor, though a slaveholder and a southerner, surprised everyone by opposing the Texas claim and opposing the spread of slavery. Taylor would not live to see the resolution of the crisis that was tearing America apart. He died suddenly on July 9, 1850.

In addition to two in-person public meetings, TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual public meeting can be viewed beginning Tuesday, Nov. 30, 2021 at 6 p.m. The virtual public meeting is not a live event and the materials can be viewed at your convenience. The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review. The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3 on Tuesday, Nov. 30, 2021 and will remain available online through the comment period deadline of Wednesday, Dec. 15, 2021 at 11:59 p.m. If you do not have internet access, you may call (214) 320-4469 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Comments may be provided by mail, email, or voicemail as explained below. Please note that the materials will not be available until Tuesday, Nov. 30, 2021 at 6 p.m.

The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented.

All interested persons are invited to attend either of the in-person public meetings or view the virtual public meeting online. Written comments may be submitted either in person at the public meeting, online, or by mail to Stephen Endres, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, or by email to Stephen.Endres@txdot.gov. Verbal comments may be submitted by leaving a voicemail at (833) 933-0439. All comments must be received or postmarked on or before Wednesday, Dec. 15, 2021 to be included in the documentation of the public meeting.

The public meetings, virtual and in-person, will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual or in-person public meetings, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Any maps, and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Project materials are also available online at www.keepitmovingdallas.com/US380DentonPM3. This information will also be available for inspection at the meeting.

If you have any general questions or concerns regarding the proposed project or the meeting, please contact TxDOT Project Manager, Mr. Stephen Endres, P.E., by phone at (214) 320-4469 or by email at Stephen.Endres@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

PROFILE

"The Credit Couple"

How Little Elm resident Amber Woodard worked with her husband to give financial education to young people

Whether it's through financial consultation or educating young people on financial literacy as they come of age, Amber Woodard and her husband, Jwon Woodard, are dedicating their lives to giving people more control and security over their finances. She and Jwon call themselves "The Credit Couple."

HOW DID YOU GET INTO YOUR LINE OF WORK?

It was all by accident! We are former teachers, so we already had a heart for educating and helping people. We needed help with our credit and noticed that there was a nationwide lack of financial education. We realized that we could put our teaching skills to use helping others to learn about and improve their credit and finances. It started as a side business but has grown into our career and our passion.

FROM YOUR EXPERIENCE, WHAT ARE SOME OF THE MOST COMMON FINANCIAL PROBLEMS PEOPLE ENCOUNTER IN THEIR YOUTH?

The problems young people encounter are ultimately due to a lack of education. As young people become more independent, offers are thrown at them without full disclosure of the impact it can have on their finances. Credit cards, furniture loans and appliance/cell phone financing are some of the most common traps. The lack of understanding of written contracts, leads people to sign for apartments and vehicles that they cannot afford. This leads to the common problems of repossessions and broken leases. One of the biggest issues faced by young people is student loans. Many young people take out the maximum amount of student loans and end up with careers that do not pay enough to pay the loans back. Young people today are growing up in an instant gratification world. That, combined with a lack of financial understanding, leads to disaster.

WHAT ARE SOME OF YOUR PROUDEST ACHIEVEMENTS?

Our proudest achievement is building a business that allows us to not only help people, but also gives us the opportunity to be together and to be home with our kids all the time. It also gives us a sense of pride when our clients reach their goals and achieve their dreams.

WHAT DOES A TYPICAL DAY FOR YOU LOOK LIKE?

We have kids, so our early mornings consist of getting kids ready for school. Our days are spent speaking with clients, meeting with referral partners and teaching classes. We do almost all our work at home, but we also like to travel so sometimes we take it on the road. Our evenings are spent hanging out with our kids and speaking with our clients who work during the day. We work together and are together 24/7, and when our kids are not in school, they are with us as well.

ARE YOU A NATIVE TEXAN? (WHERE FROM?)

We are native Texans. I am from Iowa Park [outside of Wichita Falls], and Jwon is from Wichita Falls. We now consider Little Elm our permanent home.

WHAT ARE YOUR FAVORITE LOCAL RESTAURANTS?

Jimmy's Big Burger, Brewster's Ice Cream, Little Greek, and Sunny Street Cafe. We look forward to visiting all local restaurants!

WHAT ARE SOME OF YOUR GO-TO COMFORT MOVIES AND TV SHOWS?

The First 48, American Horror Story, Bates Motel and Forensic Files. We don't watch a lot of TV, but we just realized that our choices aren't very comforting!

WHAT ARE YOUR HOBBIES?

We like to travel and see new places. We also love to hang out with our kids and do whatever they want to do.

TELL OUR READERS ABOUT YOUR FAMILY.

I (40) came into the relationship with three kids: Diondre (27, adopted), who has 2 sons; Emilee (21), who is due with our granddaughter at any time; and Maicee (10). Amber and Jwon (29) have a five-year-old son named Alec. We are a close and very active family and are planning to live in a travel trailer for a year to travel the US together.

WHAT DO YOU WANT YOUR LEGACY TO BE?

We want our kids to know that they can do anything that they set their minds to and that they can change their mind and change direction at anytime. We want them to know that they need to follow their passion and that if you put others first, everything will fall into place.

NOTICE OF PUBLIC MEETING
US 380 Denton County Feasibility Study
From I-35 to the Collin County Line
CSJs: 0135-10-061, 0135-10-062, 2250-02-022
Denton County, Texas

Texas Department of Transportation

The Texas Department of Transportation (TxDOT) is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas. This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project. All meetings will present the same information, and the in-person meetings will be held in an open house format. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project improvements. The meeting dates, times, and locations are listed below.

In-Person Meeting	In-Person Meeting	Virtual Meeting*
Tuesday, Nov. 30, 2021	Thursday, Dec. 2, 2021	Tuesday, Nov. 30, 2021 at 6 p.m. through Wednesday, Dec. 15, 2021 at 11:59 p.m.
6:00 p.m. – 8:00 p.m.	6:00 p.m. – 8:00 p.m.	
Open House	Open House	www.keepitmovingdallas.com/US380DentonPM3
Prosper ISD Children's Health Stadium Community Room 2000 Stadium Dr., Prosper, TX 75078	Denton Civic Center 321 E McKinney St., Denton, TX 76201	*This is not a live event

In addition to two in-person public meetings, TxDOT will be conducting an online virtual public meeting on the proposed project. The virtual public meeting can be viewed beginning Tuesday, Nov. 30, 2021 at 6 p.m. The virtual public meeting is not a live event and the materials can be viewed at your convenience. The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review. The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3 on Tuesday, Nov. 30, 2021 and will remain available online through the comment period deadline of Wednesday, Dec. 15, 2021 at 11:59 p.m. If you do not have internet access, you may call (214) 320-4469 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Comments may be provided by mail, email, or voicemail as explained below. Please note that the materials will not be available until Tuesday, Nov. 30, 2021 at 6 p.m.

The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented.

All interested persons are invited to attend either of the in-person public meetings or view the virtual public meeting online. Written comments may be submitted either in person at the public meeting, online, or by mail to Stephen Endres, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, or by email to Stephen.Endres@txdot.gov. Verbal comments may be submitted by leaving a voicemail at (833) 933-0439. All comments must be received or postmarked on or before Wednesday, Dec. 15, 2021 to be included in the documentation of the public meeting.

The public meetings, virtual and in-person, will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and partcipate in the virtual or in-person public meetings, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Any maps, and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643, (214) 320-4469. Project materials are also available online at www.keepitmovingdallas.com/US380DentonPM3. This information will also be available for inspection at the meeting.

If you have any general questions or concerns regarding the proposed project or the meeting, please contact TxDOT Project Manager, Mr. Stephen Endres, P.E., by phone at (214) 320-4469 or by email at Stephen.Endres@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Grumet: Instead of banning books, help kids struggling to read

Bridget Grumet
Austin American-Statesman
USA T[illegible] NETWORK

Reading Buddies volunteer Reedy Spigner reads with third-grader Jordan Brady, 7, in the library of Sims Elementary School on Tuesday, November 6, 2019. BRONTE WITTPENN, AUSTIN AMERICAN-STATESMAN

To hear certain politicians tell it, the great outrage unfolding in Texas schools is the proliferation of unpatriotic, unchaste books on library bookshelves.

You know, the roughly 800 books targeted in the inquiry by state Rep. Matt Krause, an attorney general hopeful who singled out books dealing with race or LGBTQ issues that "might make students feel discomfort" or "psychological distress."

Or the books that Gov. Greg Abbott, who is running for reelection, recently branded as "pornography," as he directed the Texas Education Agency to investigate whether criminal charges are in order.

Let's take a moment for a reality check.

Those books are not the reason tens of thousands of Texas students aren't getting the educational support they deserve.

They are not the reason the Texas education system has been under federal scrutiny for the past five years.

They are not the reason the federal government, just last month, finalized a decision to withhold $33 million in special education funding from Texas.

The problem I'm talking about is Texas' long-running practice of diverting students with dyslexia from the special education services they need, and of denying support to some special needs students altogether. A 2016 Houston Chronicle investigation found these *practices had been happening, in violation of federal special education laws, for more than a decade.*

The U.S. Education Department launched its own investigation in 2016, and Texas has since made some notable improvements. Importantly, the state dropped its arbitrary standard that essentially limited special education services to just 8.5% of students. And the state is working to expand access to more comprehensive testing for students believed to have dyslexia.

But the problem is far from fixed. Only about 10% of Texas students are receiving special education services now, compared with about 14% nationwide, Dustin Rynders, supervising attorney with Disability Rights Texas, told me. That disparity suggests a good number of Texas students who need special education services still aren't getting them. And about three-quarters of Texas' students with dyslexia are still served through a lesser program that provides only limited accommodations, instead of getting a proper special education plan with individually tailored services, goals and progress monitoring.

"Texas is still failing to serve a lot of kids who need special education services, and candidly, mental health services," Rynders said. "It's still a very real problem impacting students and families, and something our office deals with a lot."

So while a handful of politicians are stoking outrage over *what* Texas students might be reading, many parents across the state are worried about *whether* their kids can get the literacy support they need. But those families' concerns rarely grab headlines as a hot-button topic.

"In a sense, we're fortunate that dyslexia is a bipartisan issue," Robbi Cooper, who handles policy and advocacy for Decoding Dyslexia Texas, told me. "Everybody acknowledges it. I don't know anyone in any (part of the) political spectrum that isn't affected by it. But at the same time, it's not polarizing. It doesn't get attention."

Banned books, on the other hand, make for irresistible political battles. There's a villain. An assault on values. A threat to kids.

I recognize the debates over some books strike a real chord. I looked up Maia Kobabe's graphic novel "Gender Queer," one of the books that drew Abbott's ire, and, in my opinion, the images of sexual activity in that book are not appropriate for school-age kids.

I also think many other books fall into a gray area: OK for older kids but not younger ones, or appropriate when accompanied by a lesson that puts the work in context. Overall, it's far more constructive to handle these concerns through local school districts, which have procedures to hear and address parents' objections, than to issue press releases accusing school districts of peddling pornography. But then, where are the political points in that?

It's tempting to get outraged over a specific book. The issue that should animate us, though, is literacy itself. Only 45% of Texas' third graders are reading at grade level, and we know too many students aren't getting the help they need.

Heidi Goldman with the Round Rock Dyslexia Group said many students aren't even diagnosed with reading disabilities until middle school, years after the interventions could have been the most effective. Those students are not only at greater risk to fall behind academically, but they are more likely to experience depression or anxiety.

So no, the recent book controversies aren't a real issue for Goldman, not when the state should have bigger priorities.

"You've got to teach kids to read first before you worry about what they're reading," she told me.

Tiffany Chartier
Guest columnist

I am paring down on Christmas shopping this year, looking to find a few meaningful presents rather than a closet full of gifts or grand gestures. Giving should be a personal experience — something that shows that we took the time to get to know something about the other person, perhaps a need or a want (or both). Whether gifting a shared experience, a letter of gratitude, or a thoughtful present to unwrap, we have the opportunity to spend something more valuable than money this year: time.

Take a moment to think about one of your most favorite Christmases. What or who made it so special?

As a society caught in a cycle of discord and distraction, we have some unlearning to do when it comes to celebrations. It is not uncommon after coming together to later dissect the negative. We must be more intentional in our ruminating. It is a lazy trap to be negative — an easy way to engage with no positive value. We cheat ourselves by feeding the foul and starving the praise. In a world that has mastered the use of filters, we often fail to utilize the ability to filter our words and actions through Jesus Christ.

I recently entered a retail store in search of a special present for my daughter. I had her in mind as I walked up and down the aisles. When my eyes landed upon a small special occasion purse, my feet stopped before my mind was aware. I took the purse and held it in one hand, trying to recall the last time I had any place to go that required a nice dress and a pretty purse. Black satin lined with petite pearls; I held this purse daintily in my hand. I did not bother to look around before twirling twice in the aisle. How I wished I had someplace to go — somewhere to dress up and twirl. As I returned the purse to its shelf, I scolded myself for having such frivolous thoughts. That is until a memory bubbled up and burst my negativity.

I recalled a time years ago when my daughter experienced a particularly stressful month. A young teen at the time, she was learning to manage her emotions despite her circumstances remaining unchanged (a tough lesson at any age). Rather than taking her to school the following day, I surprised her with a day of playing — playing hooky and playing dress-up.

She and I started our day at a local café, talking about how to mitigate her situation. We put into plan action steps to lessen her stress and elevate her perspective. From there, we went to a formal dress store and tried on dress after dress. I remember her twirling as she walked out of the fitting room, still wearing her Converse high-tops. Her joy radiated off of every mirror in the dressing room, so much in fact that it bounced from her to me in a rally that lasted the remainder of the day. We had no invitation to go anywhere, but we accepted the moment as an invitation to put down our stress and pick up our praise.

Thinking upon this special memory with my daughter, I realized this was exactly what I did when I picked up the black satin and pearl purse: I accepted the invitation to be joyful — what a gift — a priceless gift.

May we be intentional in our giving this year, going beyond appearances and partnering with the value within the moments we experience, both alone and in those we share with others. **We do not have to have a special occasion to radiate joy: every day is worth celebrating.** By allowing Christ to filter our view and daily accepting His invitation to walk with Him, we can begin to replace the lazy habit of negativity with the positive power of speaking and acting from a position of love.

When you think about that special holiday memory, I would imagine love was the greatest gift time gave you — the ability to share love and feel loved — doing life in a meaningful way. Take the time this year to share quality time, be fully present, and radiate joy. There is no price tag on love that Jesus hasn't already paid in full.

SGLY, dear reader.

Arbor Day

Continued from Page 1A

places to plant trees as well. We need to plant more trees for the oxygen."

The Boy Scout troop planted a bur oak tree in the parking lot. Twelve year old Patrick assisted planting the tree.

"We need to plant trees so that there is oxygen, and we have to plant trees because we need trees so we have wood."

The Scouts were assisted by the Parks and Recreation helpers.

"Randy taught us about how to plant the trees, why we need to use the mulch and fertilizer, and when we need to water the trees," Boy Scout Shiv said. "It seems pretty basic to plant a tree but you want to learn how to do it well so the trees survive. We are learning those skills now so we can plant trees in the future, as well as some day teach future generations about trees."

Both trees planted are located on the north side of the Town Hall parking lot. The Girl Scouts painted rocks and put them near their tree to mark which tree they helped plant.

Notice of Public Meeting for US 380 Denton County Feasibility Study

Tuesday, November 30, 2021

CSJs: 0135-10-061; 0135-10-062; 2250-02-022

Where and When:

An In-Person Public Meeting will be held on Tuesday, Nov. 30, 2021 from 6 p.m. to 8 p.m. at the Prosper ISD Children's Health Stadium Community Room, 2000 Stadium Dr., Prosper, TX 75078 and Thursday, Dec. 2, 2021 from 6 p.m. to 8 p.m. at the Denton Civic Center, 321 E. McKinney St., Denton, TX 76201.

A Virtual Public Meeting will also be held at www.keepitmovingdallas.com/US380DentonPM3. The virtual meeting is not a live event and can be viewed at any time beginning at 6 p.m. on Nov. 30, 2021 and will remain available online through Wednesday, Dec. 15, 2021. **The comment deadline has been extended to Wednesday, January 19, 2022 and the virtual public meeting materials will remain available until then.

All comments must be received on or before January 19, 2022.

Purpose:

An update will be provided on the US 380 Denton County feasibility study. The purpose of the study is to analyze potential roadway options for US 380 in Denton County, including improving the existing alignment or utilizing new alignments. The recommended alignment for this study will be presented. Comments may be provided online, or by mail, email, or voicemail as described in the notice and on the virtual public meeting website.

Description:

The Texas Department of Transportation (TxDOT) is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, TX.

Special Accommodations:

Special accommodations: The in-person and virtual public meetings will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting, please contact Emily McCann, TxDOT Public Information Officer, TxDOT Dallas District, at (214) 320-4485 no later than Monday, Nov. 22, 2021. Advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Memorandum of Understanding:

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Stephen,

I hope you are doing well!

I unfortunately wont be able to attend the meeting in person but would like to write to you. Could you please pass this information to the right people.

Like many residents living along US380 in denton county i would like to write to you. I think upgrading and widening the highway should be the utmost priority right now. The highway is not able to handle the traffic especially west of DNT towards denton. I know there is a widening plan in place, but that keeps getting pushed back and traffic is getting worse. I dont believe there is any other road that faces a gridlock as compared to the US380.

Crossing the FM423 through FM1385 is always a challenge regardless of the time or day. Please do something in regards to the same. Many of the roads within frisco/prosper are 6 lane roads and yet US 380 still continues to remain a 2 lane with a shared median.

This is not only a request from me but thousands of residents from the area.

Regards,
Aatif Shaik

All written comments must be postmarked by December 17, 2021 to be included in the public meeting record. Written comments can also be emailed to Stephen.Endres@txdot.gov.

THE FUTURE OF EXPANSION INVOLVING 380 IS AN OBVIOUS NEED. IT IS MY HOPE THAT ALL FORMS OF TRANSPORT ARE INCLUDED FOR CONSIDERATION, INCLUDING (BUT NOT LIMITED TO) BIKE AND PEDESTRIAN PATHWAYS AND CONNECTION TO EXISTING AND FUTURE LOCAL PATHWAYS, PARKS, AND OTHER FACILITIES.

(Per Texas Transportation Code, §201.811(a)(5)): check each of the following boxes that apply to you:

3 Leave land for future children to see & sense - grass, trees, natural springs —

Greetings,

My husband and I appreciate the Texas Department of Transportation! We are grateful for the time and knowledge ~~that~~ used to "Keep Texas Moving." With almost a million people in Denton County, new roads are needed to keep us all safe and connected.

My dad bought our farm in 1958. Having been a tenant farmer & share cropper, owning land was like going to heaven for Dad. He wanted to give all of his family, the ~~sup~~ children, the support of landownership. Metaphorically we are ~~Lotter~~ hopeful that our land can be for all future generations, as a Wild life preserve, conservation area, or park.

We only have one way to access the property we live on, over a railroad crossing that the Railroad would like to close

(Per Texas Transportation Code, §201.811(a)(5)): check each of the following boxes that apply to you:

- ☐ I am employed by TxDOT

Name: Charles T. Mooneyham
Mary Charlotte Mooneyham
[redacted]

We have land for a road that would give us an ingress/egress. Praying for new roads & that one of them connect to our property.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Highest Regards,
Charlotte Mooneyham

The proposed Teal alignment is a must. While the expansion of 380 is required, failure to plan for an expanded road from Denton to the tollway caused our current issue. Failure to prepare for the Teal plan will be making the same mistake twice.

Besides Widening 380 - need to update "tributary" roads

Future work + construction on Teal Bypass is necessary

Important to do away with "suicide" lanes to avoid multiple head ons we are experiencing near our subs

Thank you so much for this informative evening. Everyone was so knowledgeable + helpful

How can I view schematics for the US 380 six lane expansion project awarded to Zachry in August ($140M bid) and due to begin in another month? I am particularly curious about the segment from the Collin County line to the FM 1385 intersection. Thanks for whatever information you can provide, including referrals to the Denton County area office.

Subject: 380 Denton Study public comment - Agreement

T-his email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The conclusion of the study to widen the existing 380 (blue path) and create a 2nd highway along the modified Teal Path appear to be a "best decision" to me, as a property owner very close to 2 of the possible paths.

- The data presented to support this conclusion addressed all key concerns and were easy to understand.
- Additionally to your presented data I believe the position of the area lakes will cause the current 380 corridor to continue to be in high demand.
- The area growth has exceeded projections and so providing a defined thoroughfare north of 380 now seems to be a win for the area to support it's future growth.

I have no concerns at this stage.

Thank you for the efforts of the project members to hear the feedback of the community and respond.

1) Development projects are underway and proposed that would build homes close to and along the 288 Loop. The proposed right of way runs through areas now planned to have homes under the existing plats. Should not the rights of way be protected now before people buy their homes, only later to find their homes being taken by eminent domain? Please work with the City to prevent homes from being built in the ROW proposed.

2) Please do all you can to abate the impact of noise on the adjacent home communities. Please use road materials that mitigate the noise, and use walls and other noise abatement concepts to reduce impact. As noted above, new housing developments are being built right along the 288 Loop and 380.

Politicians have turned US380 into a Main Street similar to Denton. Fm 428 and FM 455 are the only 2 east west roads left so big trucks are tearing up 428 but no one is maintaining our FM roads. Your maps show no overpass for 1385? I live off 428 near 1385 so only change for me is bad roads and no maintenance. Thanks, just what I needed.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I have not been able to attend the meeting. I have lived in Denton since 1998 and worked and still work as a Sheriff Deputy.

Since I travel on 380 every day and see the congestion, red lights are the main issue. Would overpasses and elevated highways and lengthy service road for business access be a better solution instead of expanding. Expanding the width of the road encroaching will cause the present established businesses to teardown and rebuild. A similar project at the toll and Hwy 289 worked well to eliminate congestion, but 380 to McKinney is also have similar congestion due to the homes and business expansion, with many traffic lights. The McKinney section is already expanded in width.

I believe extended service road , similar to what is being done on interstates help in the traffic congestion and keeps traffic flowing.

Sincerely
Patrick LeMaire

Hi,

I reside on 380, like I can see it from my front door. I reside at [redacted] on the north side of Paloma Creek. This massive widening of the blue option that's pretty much the chosen route appears that it would affect our residence as one being displaced along with every other home on Goldeneye. Is that correct?

Thank you,

Jill Murphy

Subject: Comment regarding Hwy 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good evening,

My name is Nicole Mangum and I live in Aubrey off of 377. I was made aware of the plan for the Teal route to expand 380 through Aubrey. I am emailing to say that I strongly oppose this plan for the Teal route. This area of Aubrey is beautiful, peaceful, and safe and I do not want the highway coming through this area and affecting the entire community. We moved out to this area because there is less traffic and it is full of trees and lots of gorgeous open space. The Teal route would ruin the natural flow of the land and it would severely increase the traffic. Please do not move forward with the plans for the Teal route.

Respectfully,
Nicole Mangum

Stephen:

I am attaching the comment form along with a copy of an existing ordinance from the City of Frisco that reflects our site plan for a Storage Facility. This needs to be taken into account. We are currently moving forward with this project thru the City. If you have any questions, you can reach me at [redacted] or thru email.

Thanks,

Van Nichols

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS, AMENDING FRISCO'S ZONING ORDINANCE, ORDINANCE NO. 11-04-09, AS AMENDED, AND GRANTING A SPECIFIC USE PERMIT FOR A MINI-WAREHOUSE/SELF-STORAGE FACILITY ON A 2.8± ACRE TRACT OF LAND, SITUATED IN JAMES P. BATES SURVEY, ABSTRACT NO. 1620, IN THE CITY OF FRISCO, DENTON COUNTY, TEXAS; DESCRIBING THE SUBJECT TRACT; PROVIDING A PENALTY CLAUSE, SAVINGS/REPEALING CLAUSE, SEVERABILITY CLAUSE AND AN EFFECTIVE DATE; AND PROVIDING FOR THE PUBLICATION OF THE CAPTION HEREOF.

WHEREAS, the City Council of the City of Frisco, Texas ("City Council") has investigated and determined that it would be advantageous and beneficial to the citizens of the City of Frisco, Texas ("Frisco") to amend Frisco's Zoning Ordinance, Ordinance No. 11-04-09, as amended ("Zoning Ordinance"), as set forth below; and

WHEREAS, Eland Energy Inc. ("Applicant") initiated a request for the issuance of a Specific Use Permit for a Mini-Warehouse/Self-Storage Facility on 2.7± acres of land, situated in the James P. Bates Survey, Abstract No. 1620, City of Frisco, Denton County, Texas, and being more particularly described in Exhibit A, attached hereto and incorporated herein for all purposes ("Property"), and depicted in Exhibit A-1 and Exhibit A-2, both of which are attached hereto and incorporated herein for all purposes; and

WHEREAS, the City Council has investigated and determined that the facts contained in the Applicant's request are true and correct; and

WHEREAS, the City Council finds that the Applicant has agreed to comply with all provisions of the ordinances of Frisco, as they exist, may be amended, or in the future arising, including but not limited to, this Ordinance and the Zoning Ordinance, and the additional restrictions, standards and conditions set forth herein and in the following exhibits, each of which are attached hereto and incorporated herein by reference for all purposes (collectively, the "Additional Conditions"):

- The Site Plan, attached hereto as Exhibit B;
- The Open Space Plan, attached hereto as Exhibit C; and
- The Character Elevations, attached hereto as Exhibit D.

WHEREAS, all legal notices required for the adoption of this Ordinance have been given in the manner and form required by law, public hearings have been held on this Ordinance and all other requirements of notice and completion of ordinance adoption procedures have been satisfied; and

WHEREAS, the City Council has investigated and determined that it will be

advantageous and beneficial to Frisco and its citizens to grant the Specific Use Permit sought by Applicant; that such grant will not be detrimental to the public welfare, safety or health; and that the Specific Use Permit should be granted.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS:

SECTION 1: Findings Incorporated. The findings set forth above are incorporated into the body of this Ordinance as if fully set forth herein.

SECTION 2: Specific Use Permit Granted. A Specific Use Permit is hereby granted to allow for a Mini-Warehouse/Self-Storage Facility on the Property.

The Property, as a whole and the boundaries thereof, is more particularly described in Exhibit A. The general location of the Property is depicted in Exhibit A-1, and the current condition of the Property is depicted in Exhibit A-2. Except when otherwise permitted by Section 2.05.02 of the Zoning Ordinance, the Property shall be developed in compliance with the conditions expressly stated and/or depicted in Exhibit B, Exhibit C, Exhibit D and the other Additional Conditions. Additional Conditions for granting the Specific Use Permit described in this Ordinance include, but are not limited to, the following:

1. The Property shall be developed in accordance with the Site Plan set forth in Exhibit B;

2. The Property shall be developed in accordance with the Open Space Plan set forth in Exhibit C; and

3. Building elevations shall conform to the Character Elevations shown in Exhibit D.

SECTION 3: Failure to Comply; Assignment and Transfer. All terms of the Specific Use Permit shall be complied with at all times and as a condition of Frisco's issuance of a Certificate of Occupancy, if applicable. Failure to comply with any term or condition of this Ordinance or the Zoning Ordinance will result in the Specific Use Permit being declared null and void and of no force and effect. The Specific Use Permit is issued to the Property and is assignable and transferable.

SECTION 4: Specific Use Permit Regulations. Upon holding a properly noticed public hearing, the City Council may amend, change or rescind the Specific Use Permit if:

1. A violation of any of the provisions of this Ordinance or any other Frisco ordinance occurs on the Property and there is a conviction thereof;

2. The building, premise or land uses under the Specific Use Permit are enlarged, modified, structurally altered or otherwise significantly changed, unless a separate Specific Use Permit is granted for such enlargement, modification, structural alteration or change;

3. Violation of any provision of the terms or conditions of the Specific Use Permit;

4. Ad valorem taxes on the Property are delinquent by more than six (6) months;

5. The Specific Use Permit was obtained by fraud or deception; or

6. As otherwise permitted by law or the Zoning Ordinance.

SECTION 5: Specific Use Permit Effective Date. The Specific Use Permit shall be effective from and after the effective date of this Ordinance. Upon termination of the Specific Use Permit, the Property shall cease to be used as provided herein unless another Specific Use Permit or appropriate zoning has been obtained.

SECTION 6: Unlawful Use of Property. It shall be unlawful for any person, firm, entity or corporation to use the subject portion of the Property in some manner other than as authorized by this Ordinance or the Zoning Ordinance.

SECTION 7: No Vested Interest/Repeal. No developer or property owner shall acquire any vested interest in this Ordinance or in any other specific regulations contained herein. Any portion of this Ordinance may be repealed by the City Council in the manner provided for by law.

SECTION 8: Penalty. Any person, firm, entity or corporation who violates any provision of this Ordinance or the Zoning Ordinance, as they exist or may be amended, shall be deemed guilty of a misdemeanor, and upon conviction therefore, shall be fined in a sum not exceeding TWO THOUSAND AND 00/100 DOLLARS ($2,000.00). Each continuing day's violation shall constitute a separate offense. The penal provisions imposed under this Ordinance shall not preclude Frisco from filing suit to enjoin the violation. Frisco retains all legal rights and remedies available to it pursuant to local, state and federal law.

SECTION 9: Savings/Repealing. The Zoning Ordinance shall remain in full force and effect, save and except as amended by this or any other ordinance. All provisions of any ordinance in conflict with this Ordinance are hereby repealed to the extent they are in conflict; but such repeal shall not abate any pending prosecution for violation of the repealed ordinance, nor shall the repeal prevent a prosecution from being commenced for any violation if occurring prior to the repeal of the ordinance. Any remaining portions of said ordinances shall remain in full force and effect.

SECTION 10: Severability. Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional and/or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. The City Council hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause and phrase thereof regardless of whether any one or more sections, subsections, sentences, clauses and/or phrases may be declared unconstitutional and/or invalid.

SECTION 11: Effective Date. This Ordinance shall become effective from and after its adoption and publication as required by the City Charter and by law.

DESCRIPTION OF PROPERTY SURVEYED

DESCRIPTION, of a 2.766 acre tract of land situated in the James P. Bates Survey, Abstract No. 1620, Denton County, Texas; said tract being part of that certain tract of land described in Special Warranty Deed With Vendor's Lien to Eland Energy, Inc. recorded in County Clerk's File No. 97-R0032487 of the Deed Records of Denton County, Texas; said 2.766 acre tract being more particularly described as follows:

COMMENCING, at a point at the northeast end of a right-of-way corner clip at the intersection of the southerly right-of-way line of U.S. Highway 380 (a variable width right-of-way) and the east right-of-way line of Hollyhack Road (a variable width right-of-way); said point also being in the northerly line of said Eland Energy tract and the southwest corner of that certain tract of land described in Deed to the State of Texas recorded in Volume 4470, Page 1463 of the said Deed Records;

THENCE, North 88 degrees, 36 minutes, 57 seconds East, along the said southerly line of U.S. Highway 380 and the south line of said State of Texas tract, a distance of 993.99 feet to the POINT OF BEGINNING;

THENCE, North 88 degrees, 36 minutes, 57 seconds East, continuing along the said southerly line of U.S. Highway 380 and said south line of State of Texas tract, a distance of 125.01 feet to a 3-inch aluminum disk found for corner in an east line of said Eland Energy tract; said point also being the southeast corner of said State of Texas tract and the northwest corner of that certain tract of land described in Special Warranty Deed to Hijo, Ltd. recorded in County Clerk's File No. 2009-34963 of the said Deed Records;

THENCE, South 00 degrees, 31 minutes, 52 seconds East, departing the said southerly line of U.S. Highway 380 and said south line of State of Texas tract and along the said east line of Eland Energy tract and the west line of said Hijo tract, a distance of 698.87 feet to a point for corner in the north line of that certain tract of land described in Special Warranty Deed With Vendor's Lien to Nash Eland, LLC recorded in County Clerk's File No. 2014-33175 of the said Deed Records; said point also being the southwest corner of said Hijo tract;

THENCE, South 89 degrees, 12 minutes, 37 seconds West, departing the said east line of Eland Energy tract and said west line of Hijo tract and along the said north line Nash Eland tract, at a distance of 2.92 feet passing a 5/8-inch iron rod with "KHA" cap found at the northeast corner of Block H, Hollyhock, Phases 1B & 1C, an addition to the City of Frisco, Texas according to the plat recorded in Document No. 2016-2171 of the Plat Records of Denton County, Texas, continuing along the north line of said Block H, in all a total distance of 202.50 feet to a point for corner;

THENCE, North 00 degrees, 31 minutes, 52 seconds West, departing the said north line of Block H, a distance of 428.41 feet to a point for corner;

THENCE, North 89 degrees, 28 minutes, 08 seconds East, a distance of 77.50 feet to a point for corner;

THENCE, North 00 degrees, 31 minutes, 52 seconds West, a distance of 269.51 feet to the POINT OF BEGINNING;

CONTAINING, 120,467 square feet or 2.766 acres of land, more or less.

Subject: RE: 380 improvement question
Date: Wednesday, December 15, 2021 9:56:58 AM

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Thank you for your comments. We will add them to our public meeting summary.

Stephen Endres

1. Will there still be stop lights and cross traffic on 380 after the improvements are finished? I hope not. This question specifically refers to the intersection of FM1385 and 380 and generally to all other existing stoplights on 380 that do not have planned elevation changes like Navo and 423. There will still be signalized intersections after the grade separation project is finished.
2. Do the improvements planned in the next 3 years eliminate the gas station at the corner of Navo and 380? We have acquired all right of way needed. If station is there today we are not eliminating it.
4. Is it possible to change the timing sequence of the stoplights at 380 and FM1385? The reason I ask that is because after several months of living here, I have noticed on many occasions the traffic backed up on 380 for at least a half mile eastbound mostly but sometimes westbound. The traffic on 380 must wait for 3 or 4 light changes before it can go through the intersection. The cars on 1385 rarely exceed 12 cars waiting to turn left and proceed east through the intersection onto 380. I would suggest doubling the green light time for the 380 traffic. I think that makes sense and would greatly reduce the commute hours spent waiting for the lights to change. I hope that this can be done now and not wait for three years. I will forward on to our operation group. They work hard to optimize the signals on US 380 in Denton County.

Subject: 380 improvement question

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Stephen,

I live off of Navo Dr in Little Elm. I have the following questions;

1. Will there still be stop lights and cross traffic on 380 after the improvements are finished? I hope not. This question specifically refers to the intersection of FM1385 and 380 and generally to all other existing stoplights on 380 that do not have planned elevation changes like Navo and 423.
2. Do the improvements planned in the next 3 years eliminate the gas station at the corner of Navo and 380?
4. Is it possible to change the timing sequence of the stoplights at 380 and FM1385? The reason I ask that is because after several months of living here, I have noticed on many occasions the traffic backed up on 380 for at least a half mile eastbound mostly but sometimes westbound. The traffic on 380 must wait for 3 or 4 light changes before it can go through the intersection. The cars on 1385 rarely exceed 12 cars waiting to turn left and proceed east through the intersection onto 380. I would suggest doubling the green light time for the 380 traffic. I think that makes sense and would greatly reduce the commute hours spent waiting for the lights to change. I hope that this can be done now and not wait for three years.

Thanks,

Vince Pellerin

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr. Endres,

Could we please get an extension to submit comments to December 31st? It has been difficult updating the community with limited daylight hours, and our commitments during the day. Also, most of the neighbors are unaware of the plans, therefore it is imperative for us to go door to door as many did not get the meeting notice. Of those that I have talked to, they do not understand the plans in which I have to take time and explain.

Thank you,
Bob Meyers

Subject: Comments regarding Highway 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Afternoon Mr. Endres,

I am writing this "COMMENT to express my concerns regarding Highway 380 expansion" to you.

PLEASE NOTE = "**MY COMMENT FOR THE EXPENSION REMAINS TO KEEP THE EXPANSION ON HIGHWAY 380"**

I *DO NOT* WANT AN EXPANSION THROUGH THE AUBREY COMMUNITY OF HIGHWAY 377 and HIGHWAY428.

I only learned this week about the scheduled meetings for updates about the Highway380 expansion routes. SOME Directly affect our property. A concerned neighbor handed flyers to the Neighbors on McNatt Rd and Redfearn Rd in Aubrey only this week Several months ago I was sent a link about the Routes then told it was only a Proposal and we would be contacted when decisions were made. Nothing more. I am Highly upset about the Lack of communication.

I moved here in 1996 and I understand the growth is coming this way. However I am angred that this area is being **used by Developers** as "HORSE COUNTRY USA". Aubrey is know for incredible horse industry which is slowly leaving the area! I have horses and I can assure you I an terrified to put him in a trailer on these Roads now - so I am **NOT** in favor of more Traffic coming this way. Please let this area remain as it was intended.

We have been dealing with the **CONSTRUCTION TRUCK** traffic which has gotten so much worse. Several friends have been hit by truckers - totaled vehicle and injured-recently. In 2013, I was broadsided and *knocked completely ou*t while driving the speed limit on Highway 380. The driver driver racing out of a liquor store on HWY 380. Thankfully no major injuries, however my Mustang 2009 was heavily damaged.

I am asking to consider other options- 1385 to 455 as a north option was not in the proposal. Its already a road.

Thank you for your time, I request to be added to any email address, if you would be so kind as to send me the LINKS so we may be able to be informed.

RESPECTFULLY,

Susan D Hargrove

Subject: Comment regarding Hwy 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

We would like to support the proposal that will KEEP the expansion of Hwy 380 ON HWY 380 AND OPPOSE THE TEAL ROUTE!

We moved out to Aubrey to enjoy the peace and quiet and get away from heavy traffic. We have a Ranchette and own horses. Please note that we are **opposed** to this plan.

Please look for alternative routes that do not impact residents in the Aubrey area.

Kind regards

-Kriste and Carl Moulder

Subject: Comment regarding Hwy 380 expansion - Teal Project

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

We are writing to request that the US 380 Denton Country Feasibility Study for the 'Teal Project' be taken out of consideration for this expansion, and no further studies or discussions be scheduled for this plan. Just performing the feasibility study will decrease potential home sales and push potential buyers for this area to look somewhere different, while decreasing the value of our land and property. Aubrey is a small country town that is peaceful and quiet, and adding the Teal project would increase the noise and traffic that we all were trying to get away from when we purchased our land and homes. Again, we would like to support the efforts that will keep the expansion of Hwy 380 on Hwy 380, but Oppose any further discussions for the Teal Project.

Looking forward to hearing from you on this matter. Thanks

Brian & Jamie Bacon

I am a new homeowner (purchased in 2020.
I am appalled at the irresponsibility for all involved on resolving the life-threatening road conditions that exist on 380.
I know we don't have million dollar homes, but we work and pay taxes too.
I would like to know the number of fatalities on 380 since these discussions started to present. And whatever that number is should haunt those involved until a proper resolution has been accomplished on this project. In fact that number should be on a rolling billboard so the public can see the lack of empathy and utter disrespect for our community.
I am very disappointed that no one is 'owning' this utter mess. Shame on everyone involved.

Subject: 380 Highway Denton-Collin County

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

It's inconceivable for me to understand why all the commercial businesses located on either side of Highway 380 were allowed to build so close to the highway right of way, especially in light of the construction of new housing developments all along this corridor. What policies are in place to prevent this from happening in the future as Highway 380 seems to be the only East-West path for the area of Denton and Collin counties as well as further north. Traffic is horrendous on Highway 380 currently so it will be unreal during construction. And as indicated in the presentation, the existing plan will not be a long-term fix. It seems to me that an alternate northern East-West route is the only viable long-term fix if the department is unable to obtain sufficient right of way to properly expand Highway 380. Obviously this will displace people but it has to happen sooner rather than later. It appears that right of way should be obtained now for purposes of a long-term fix for East-West traffic since housing developments will continue to increase and it will just become more problematic in the future. What is the department's long-term fix proposal and what is the estimate for that to begin?

I'd like to provide feedback on the future 380 project (beyond the interim one):

1. This project is 30 years too late.
2. Concentrate on improving east/west routes north of 380. That is time and resources better spent.
3. After the ramps are added with the interim project, 380 should be done. Too late.
4. Wiping out a bunch of businesses along 380 for a freeway that's too late is an unacceptable outcome.
5. Why hasn't TXDOT demanded more east/west connections north of 380? Why is the obvious alternative not being pursued?
6. This entire fiasco only affirms negative stereotypes of engineers, TXDOT, and bureaucracy.
7. It's simple: complete the interim project, work on east/west routes north of 380, especially the Outer Loop!!!!!!

Thanks!

The Texas Department of Transportation (TxDOT) invites you to join us at the upcoming public meeting for US 380 Denton County Feasibility Study.

TxDOT is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas.

This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project.

All meetings will present the same information, and the in-person meetings will be held in an open house format.

In-Person Meeting

Tuesday, Nov. 30, 2021

6:00 p.m. – 8:00 p.m. Open House

Prosper ISD Children's Health Stadium

Community Room

2000 Stadium Dr., Prosper, TX 75078

In-Person Meeting

Thursday, Dec. 2, 2021

6:00 p.m. – 8:00 p.m. Open House

Denton Civic Center

321 E McKinney St., Denton, TX 76201

Virtual Meeting*

Tuesday, Nov. 30, 2021 at 6 p.m. through Friday, Dec. 17, 2021 at 11:59 p.m.

www.keepitmovingdallas.com/US380DentonPM3

*This is not a live event

The in-person meeting will begin at 6 p.m. and will be an open house format where the public may come and go at their convenience.

The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review.

The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3.

The virtual public meeting is not a live event and the materials can be viewed at your convenience.

The recommended alignment for this study will be presented.

The public meeting notice and location map are attached for your information.

Thank you for your comments. We will add them to our public meeting summary.

We are not moving forward with the next stage of project development (Design Schematic and Environmental Assessment) at this time.
If we did, then we would be 3 to 4 years away from acquiring right of way.

I would say we are not going to acquire any property around your business for at least 5 years and it may be more like 10 years.

Stephen,

I am reaching out to you to find out the timeline for when land acquisition would potentially begin. My property is scheduled to be majorly affected by the new expansion. We have a retail operation (Rustic Furniture Depot) and are in the Cross Roads area. We are located amongst the fast food restaurants and the collision repair facility which currently show to be removed when the expansion takes place. I understand you cannot give an exact date but as we are constantly making investments and improvements in the retail locations, a rough timeline (Not for at least 3,5, 10 years, etc.) would be helpful in determining what improvements we should and should not make. Also, it would provide an understanding of when a relocation might be necessary. This information would be extremely helpful to us. Thank you for time and help.

We oppose the teal route and any future studies of this route. We would like to support the expansion of 380 ON 380. The teal route would destroy home values and change our close country community. Our family moved to our home in 2010 to get away from all the nose and construction. Please leave 380 on 380.
Thank you

Wiping the existing businesses along 380 off the map is bad policy. The Outer Loop is essential. Better start reserving that ROW yesterday.

> I think I might have mis-read the options. Are there options for the limited access freeway to go north of current University Drive and not result in the "wiping off the map" of all the current developments? I'm for the option that puts it north. Is it possible for the Outer Loop to serve this function? That would be very cool if that Outer Loop became the new US 380, and University Drive just became a large regional arterial. Kind of how Tennessee Street in McKinney is not SH 5

Re: US 380 Denton County Feasibility Study
CSJs 0135-10-061, 0135-10-062, 2250-02-022

Dear Mr. Endres:

As Mayor of the Town of Cross Roads, I wanted to take the opportunity to convey my concerns regarding the proposed Blue alignment for the Project. As you may know, the Town of Cross Roads is unique in that it assesses no ad valorem taxes. Our revenue comes from sales tax, **the vast majority of which is along the US 380 corridor.** In reference to information presented at Public Meeting #3 on November 29, 2021, it is my understanding that the Project proposes to condemn an additional 150-200 feet of right-of-way on the south side of US 380 through the Town of Cross Roads. This will have a significant economic impact on the Town, one that TxDOT has admittedly not studied.

The Town of Cross Roads would like to officially go on the record against any alignment that would require additional ROW acquisition until such time a full economic impact study can be prepared to identify the effects on the Town. We would also like to ask that funds at either the State or County level be designated for the Town to perform this study.

Thank you for your attention and assistance.

Sincerely,

T. Lynn Tompkins, Jr.

The Texas Department of Transportation is seeking your comments on the US 380 Denton County Feasibility Study. All written comments are welcome. All written comments must be postmarked by December 17, 2021 to be included in the public meeting record. Written comments can also be emailed to Stephen.Endres@txdot.gov.

Ideal alignment recommended for future study. It is very difficult to determine the exact location of this proposed road. It seems very close to our property of Blackjack Rd. W. which has been in agriculture for almost 100 years by the Beaty Family - Beaty Farms, 2400 Blackjack Road West, Aubrey, Tx 76227. We have had to give up land to the Greenbelt, various power lines in the past. We would like to avoid another eminent domain take over of our land. There are vast wide open acres further North of us - please consider that as a possible route. Also, Rancho de la Roca is located at 2459 Blackjack Rd. West and is a wonderful place for people to have campouts, retreats, picnics, etc. This is very much needed for people who live in congested areas with very little exposure to wildlife and green spaces. The Beaty Family originally settled on the land which is now Rancho de la Roca. Several years ago our son was able to buy it + put on the Ranch. The land in this area is very much loved by the Beaty Family. Please don't take any of it for this future road and go further North for the Wall it will need.

The Texas Department of Transportation (TxDOT) invites you to join us at the upcoming public meeting for US 380 Denton County Feasibility Study.

TxDOT is conducting a feasibility study for improvements to US 380 from I-35 to the Collin County Line in Denton County, Texas.

This notice advises the public that TxDOT will be conducting in-person and virtual public meetings to receive public comments on the proposed project.
All meetings will present the same information, and the in-person meetings will be held in an open house format.

In-Person Meeting
Tuesday, Nov. 30, 2021
6:00 p.m. – 8:00 p.m. Open House
Prosper ISD Children's Health Stadium
Community Room
2000 Stadium Dr., Prosper, TX 75078

In-Person Meeting
Thursday, Dec. 2, 2021
6:00 p.m. – 8:00 p.m. Open House
Denton Civic Center
321 E McKinney St., Denton, TX 76201

Virtual Meeting*
Tuesday, Nov. 30, 2021 at 6 p.m. through Friday, Dec. 17, 2021 at 11:59 p.m.
www.keepitmovingdallas.com/US380DentonPM3
*This is not a live event

The in-person meeting will begin at 6 p.m. and will be an open house format where the public may come and go at their convenience.
The virtual public meeting will consist of a pre-recorded video presentation explaining the proposed project, which includes both audio and video components, along with other exhibits and materials for your review.
The virtual public meeting materials will be posted to www.keepitmovingdallas.com/US380DentonPM3.
The virtual public meeting is not a live event and the materials can be viewed at your convenience.

The recommended alignment for this study will be presented.

The public meeting notice and location map are attached for your information.

Hello -

I live directly in front of where the proposed US 380 Teal Route is placed. This would go directly in front of my home. I am STRONGLY against this proposal. I am requesting any future studies of the Teal Route be removed. I, along with all of my neighbors on [redacted] in Aubrey Texas would like to stop any future studies of this plan, we do not want this. The reasons for this request are; potential home buyers are turning away once they learn of a freeway being considered for this year. You are hurting us. This route will negatively, NOT positively, affect property values. This proposal will DRASTICALLY HURT my property value as you are proposing it to run right through my front yard. I do not want to be raised on a freeway or listen to the noise, breathe the pollution, sit in traffic, or watch years of construction. It's already causing a negative impact on my family's property values while taxes continue to be increased. Therefore, I am STRONGLY requesting you remove the Teal route completely from the plans.

Thank you -

Subject: Comment Regarding Hwy 380 Expansion - Teal Route

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello -

I live directly in front of where the proposed US 380 Teal Route is placed. This would go directly in front of my home. I am STRONGLY against this proposal. I am requesting any future studies of the Teal Route be removed. I, along with all of my neighbors on [redacted] in Aubrey Texas would like to stop any future studies of this plan, we do not want this. The reasons for this request are; potential home buyers are turning away once they learn of a freeway being considered for this year. You are hurting us. This route will negatively, NOT positively, affect property values. This proposal will DRASTICALLY HURT my property value as you are proposing it to run right through my front yard. I do not want to be raised on a freeway or listen to the noise, breathe the pollution, sit in traffic, or watch years of construction. It's already causing a negative impact on my family's property values while taxes continue to be increased. Therefore, I am STRONGLY requesting you remove the Teal route completely from the plans.

Thank you -

Paetyn McCleskey

November 30, 2021 – 6:00 p.m. to 8:00 p.m.
Children's Health Stadium – Community Room

The Texas Department of Transportation is seeking your comments on the US 380 Denton County Feasibility Study. All written comments are welcome. All written comments must be postmarked by December 17, 2021 to be included in the public meeting record. Written comments can also be emailed to Stephen.Endres@txdot.gov.

Comments Concerning the U.S. 380 Denton County Feasibility Study

The more the population increases in the future, the need also increases for keeping certain areas for the development of parks and the preservation of natural areas.

The Ray Roberts Greenbelt will become even more important as the increasing population will be searching for areas "to get away from it all" to promote and maintain their mental health. That is the same reason that some country roads within this same area should be zoned. In some places, trees growing on both sides of the road meet overhead to form a canopy over the road, having a beautiful & calming effect on those who pass beneath.

While many in present generation will pass into history, others will take their places. I believe that the Rancho De La Roca will exist for many years to come and provide the many services needed by future generations.

For these and other reasons the decision to select the 380 corridor for expansion of the highway system is a good one.

The plan to use loop 288 North of Denton as a bypass around the main thoroughfare thru town, University Drive - Hwy 380, is just fine.

Thankyou for good work and skilled young professionals who explained the news and ways.

The widening of Hwy 380 thru town was done well. Thankyou.

Sincerely,

R.D. Stark

Subject: Comment Regarding Hwy 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

Citizens of those affected by the Teal Route request any future studies of the Teal route to be removed.

The reasons for this request are:

1. Protentional Home buyers are turning away once they learn of the freeway being considered for the area.
2. During the meeting, there was contention about how the Teal route would negatively, not positively, affect property values. Residents felt that it will drastically decrease property values, not increase, especially for those where the freeway will run through either their backyards, or front yards, and must listen to the construction noise for years.
3. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values, while taxes are increased.

Therefore, it is strongly requested to have the Teal route completely removed from the plans.

Thank you,

Ashley LaBate Long

Subject: RE: Hwy 380 Study for Teal Route

We currently have a public meeting on the US 380 Denton County Feasibility Study which is on going http://www.keepitmovingdallas.com/US380DentonPM3.

Please review and provide comments if you wish.

This is where we are proposing a second freeway along a teal route.

A new project to study alignments, design a schematic, and conduct environmental study should start this year on the teal route or Outer Loop which it has been called also.

Let me know if you have more questions.

Stephen

Hi Stephen,

We are residents on [redacted] Aubrey where it appears there is a study via the teal route for a secondary Highway 380 route. I am concerned this will infringe on our front yard. Our home is on the corner of [redacted] If there is a highway in place of Shepard Rd, we are concerned it will be too close to our property. I don't mind road improvements, but I don't want

to live on a highway. Would you be able to give me more information regarding placement of the highway?

Thank you.

A study is planned to start later this year to study alternatives for the teal route, to design a schematic, and to get environmental approval.

What came out of the US 380 study is that there is a demand for two east west freeways in Denton and Collin County, US 380 and the Outer Loop or teal route.

Subject: Comment Regarding HWY 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

I recently moved to a home west of Aubrey, near FM 428. We moved to this area to enjoy more of a "country" lifestyle while still being close to a small city we enjoy. While living at this home, I vaguely heard about a new Hwy 380 expansion, however, I thought our homesite was far enough away from Hwy 380, we wouldn't be affected, until I was further informed about the possible expansion by one of my neighbors. He explained to me one of the options that was being considered, the Teal route, would directly impact were we live.

I only had to do a little research on my own to realize that this Teal route would greatly affect our home life. I also couldn't understand why the Teal route would even be considered. It doesn't seem to fully compliment the reason for the Hwy 380 expansion. It does not provide the most direct, efficient route for travelers along Hwy 380 and would certainly disrupt and drastically change the lifestyle and dynamics of the small town of Aubrey.

I respectfully request any future studies of the Teal route be removed and/or discontinued. Citizens, governments, businesses, and schools of those affected by the Teal route would like to stop any further studies of this plan (my family and I fall into every category of these). I'm sure you are receiving feedback from others with the same concerns. Please consider the negative impact this will have on the local area of Aubrey and don't let the influence of big government or private developers/contractors cloud over this

Subject: Comment regarding Hwy 380 expansion (please read)

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To Whom it may Concern,

My name is Shawn Cagle. I have lived on [redacted] for over 30 years. My father was born on this property and my grandfather died on it. My great grandfather owned it before that. This land has been in my family since the 1880s. My uncle lives on one side of me and my aunt and three cousins live on the other. My dad, grandfather, grandmother, great aunt, and two great uncles are buried in a private cemetery right off Blackjack. So, as you could imagine, I oppose the teal 380 expansion. Personally, I think 380 can be improved by bridging all the red lights that have been put in from the tollway to Denton. The people that live next to 380 chose to live there, we did not. Expanding 380 to include Blackjack RD would turn our peaceful community into a 24 hour, loud, and unsafe place to live. Please consider any other "fix" for 380. Even going as far north as 455 sounds like a better plan than the teal plan.

God bless you and your decision which ever one it may be.

Shawn Cagle,
[redacted]

decision.

I also fear that the Teal route will affect the property values of this area. The lowering of the property values is often the invite to many other negative aspects of society which will drive the good people of this area away.

I am certainly open to discussions and further education about this topic. Please feel free to respond or reach out to me regarding this topic. Thanks

Sincerely,
Russ Weier

Subject: Remove Teal Route

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Enders,
I would like TXDot to scrap all plans for the Teal Route moving forward. This would tear right through our peaceful town. Lots Of folks like me live in old town Aubrey for peace and quiet. Why should the citizens of Aubrey have to put up with a highway going through our town to ease congestion for folks in Collin county and Prosper area and the 380 corridor? All the outsider moving to these areas knew how fast it was getting crowded and the knew what they where getting into, so now Aubrey is supposed to make them a a cut through? They made there bed now then can lay in it. They can use Sam Rayburn. Congestion on 380 is not "Aubrey proper's " mess or responsibility to absorb.
Please add my email to the public record and thanks for hearing our concerns.
Adam B

Subject: US 380 Denton County Feasibility Study

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

After reviewing the information on the US 380 Denton County Feasibility Study, I am in complete agreement with pursuing the BLUE alignment plan for expanding highway 380 in Denton.

The Teal alignment is detrimental to the people who currently (or in the future) reside along that route, and will cause a decrease in their property values while raising their property taxes. Many small farms and properties will suffer loss if this alignment is given further consideration and approved. As a homeowner who will inherit property along [redacted] I do not wish to lose acres of my family's peaceful and quiet farmland to be replaced by a huge, busy, noisy freeway full of wrecks and speeding vehicles, while trash from those same vehicles blows across my property and contaminates my land.

The vast majority of the BLUE alignment is already in existence and will only have to be widened to accommodate the multiple lanes and service roads as planned.

Please DISCONTINUE any further studies of the TEAL alignment and remove ALL aspects of the TEAL alignment from the Highway 380 plans. Thank you.

Regards,

Aaron Klein
Denton, TX.

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

By the end of the year we hope to start a project to design a schematic and prepare environmental documentation for a preferred teal alignment. Several alignments will be look at as part of the study.

It probably would take at least 5 to 6 years at the earliest for any construction to start. More likely you may be looking at something in the range of 10 years.
It is hard to predict, because we are so early in the planning stages.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen,

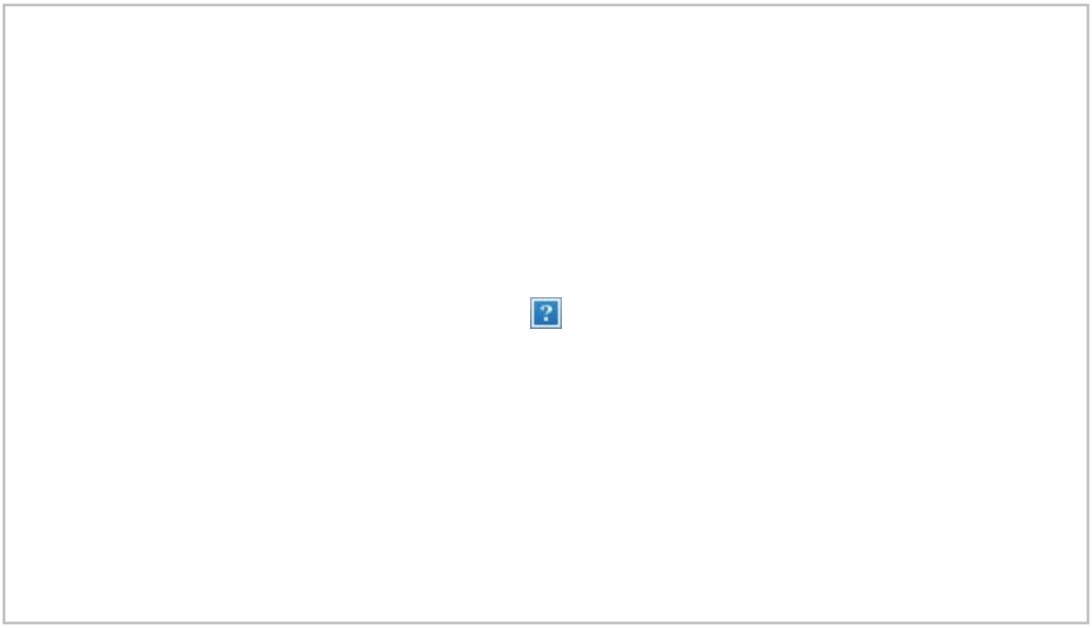

I hope all is well with you. We are looking at purchasing a property west of Aubrey; however, we have some concerns about the possible alternate (Teal) corridor that has been discussed for further feasibility study.

The property we are considering is essentially on the proposed Teal corridor that TxDOT has identified for future consideration. Obviously, more analysis is pending before TxDOT makes a final recommendation and decision. With that said, is it possible for you to give me a general timeline for a.) the length of time for the additional feasibility study and when a recommendation would be made, and b.) if the alternate corridor was to be approved, approximately how long would it be until construction would begin?

I fully realize that there are no definitive dates to those questions; however, if you could help me understand the rough order of magnitude (1-2 years, 3-4 years, etc), that would be helpful.

Thanks much,

Kevin Iwersen

Subject: Comments on TXDoT US 380 Project

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

The online presentation of the US 380 Denton County Feasibility Study was well done. Following are my comments.

We live a little over a mile north of Loop 288 and the noise is so loud at times that it sounds like traffic is only a block away. I'm concerned about how much louder it's going to be with the proposed changes and request that the roadway be excavated lower to minimize the noise in addition to building walls, particularly from the Loop 288/US 380 connector to I35 section.

The Loop 288/US 380 connector seems like a good solution to minimize destruction of property, but how will the noise pollution be mitigated?

I also request that grade separations be installed at Loop 288 and King's Row, similar to the Loop 288/FM 428 intersection; and
at Loop 288 and Stuart Road, similar to the proposed US 380/Navo Road intersection. Many accidents have occurred at both of these dangerous intersections. They urgently need to be improved, especially if Loop 288 is to become the main thoroughfare for US 380.

Stuart Road connects directly into Loop 288 on both the north and south sides with no acceleration or deceleration lanes, posing a hazard to drivers on Loop 288 who are going 60 mph (or more). I've lost track of the number of times people have suddenly

pulled into traffic at that intersection. It is extremely dangerous!

Adding a grade separation at Stuart Road would also help to alleviate the heavy traffic congestion on FM 428 we now experience. Traffic from Beaver Creek Estates and Southfork Denton Mobile Home Park (both on Stuart Road), the Natatorium, Water Park, C.H. Collins Stadium, Advanced Technology Center and Gonzalez School (all on Long Road) all use FM 428 to go eastbound on Loop 288. The only other option is to go west 0.6 miles on Loop 288 from Stuart Road and turn around at FM 2164/Locust St. The addition of two more housing developments (Stark Farms and Stuart Ridge) with almost 1000 houses on Long Road is going to exacerbate the traffic congestion and safety issues more so on FM 428 if there is no other eastbound egress.

I appreciate you and your team taking my comments into serious consideration during your planning. Thank you very much for your time.

Best regards,

Bridget Marshall

Hello

My suggestions:
1) Lower the speed limit from 60 to 50..they drive 70 & 80.. this is why those collision repair shops are in the area to capitalize on the far too many wrecks we have on 380
2) Include a walk over at Navo for the Kids who walk to and from school … far too dangerous
3) Over passes are needed at Paloma Creek, Navo, 720 and 423 just like the one at the Dallas Tollway Traffic at Paloma Creek and Navo really backs up during rush hours … making a right turn onto 380 or a left turn off of 380 proves to be very dangerous

I appreciate you taking the time to read

Thank You

Subject: US 380 Denton County Feasibility Study and Teal Plan

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr. Endres,

Copied in this email are others that lead an effort to create awareness of the Teal plan study and provide direction on how to submit comments. We went door to door along most of the path and visited residents that would be directly affected (ie run directly through their community, frontage, back yards, etc.)

During this effort, I personally visited approximately 70 residents. Only about 15% received the attached notice. Of those that received the notice; none had any idea an outer loop was being considered. Therefore, it is of great concern the majority of the community is unaware of the Teal route and were unable to voice their opinions.

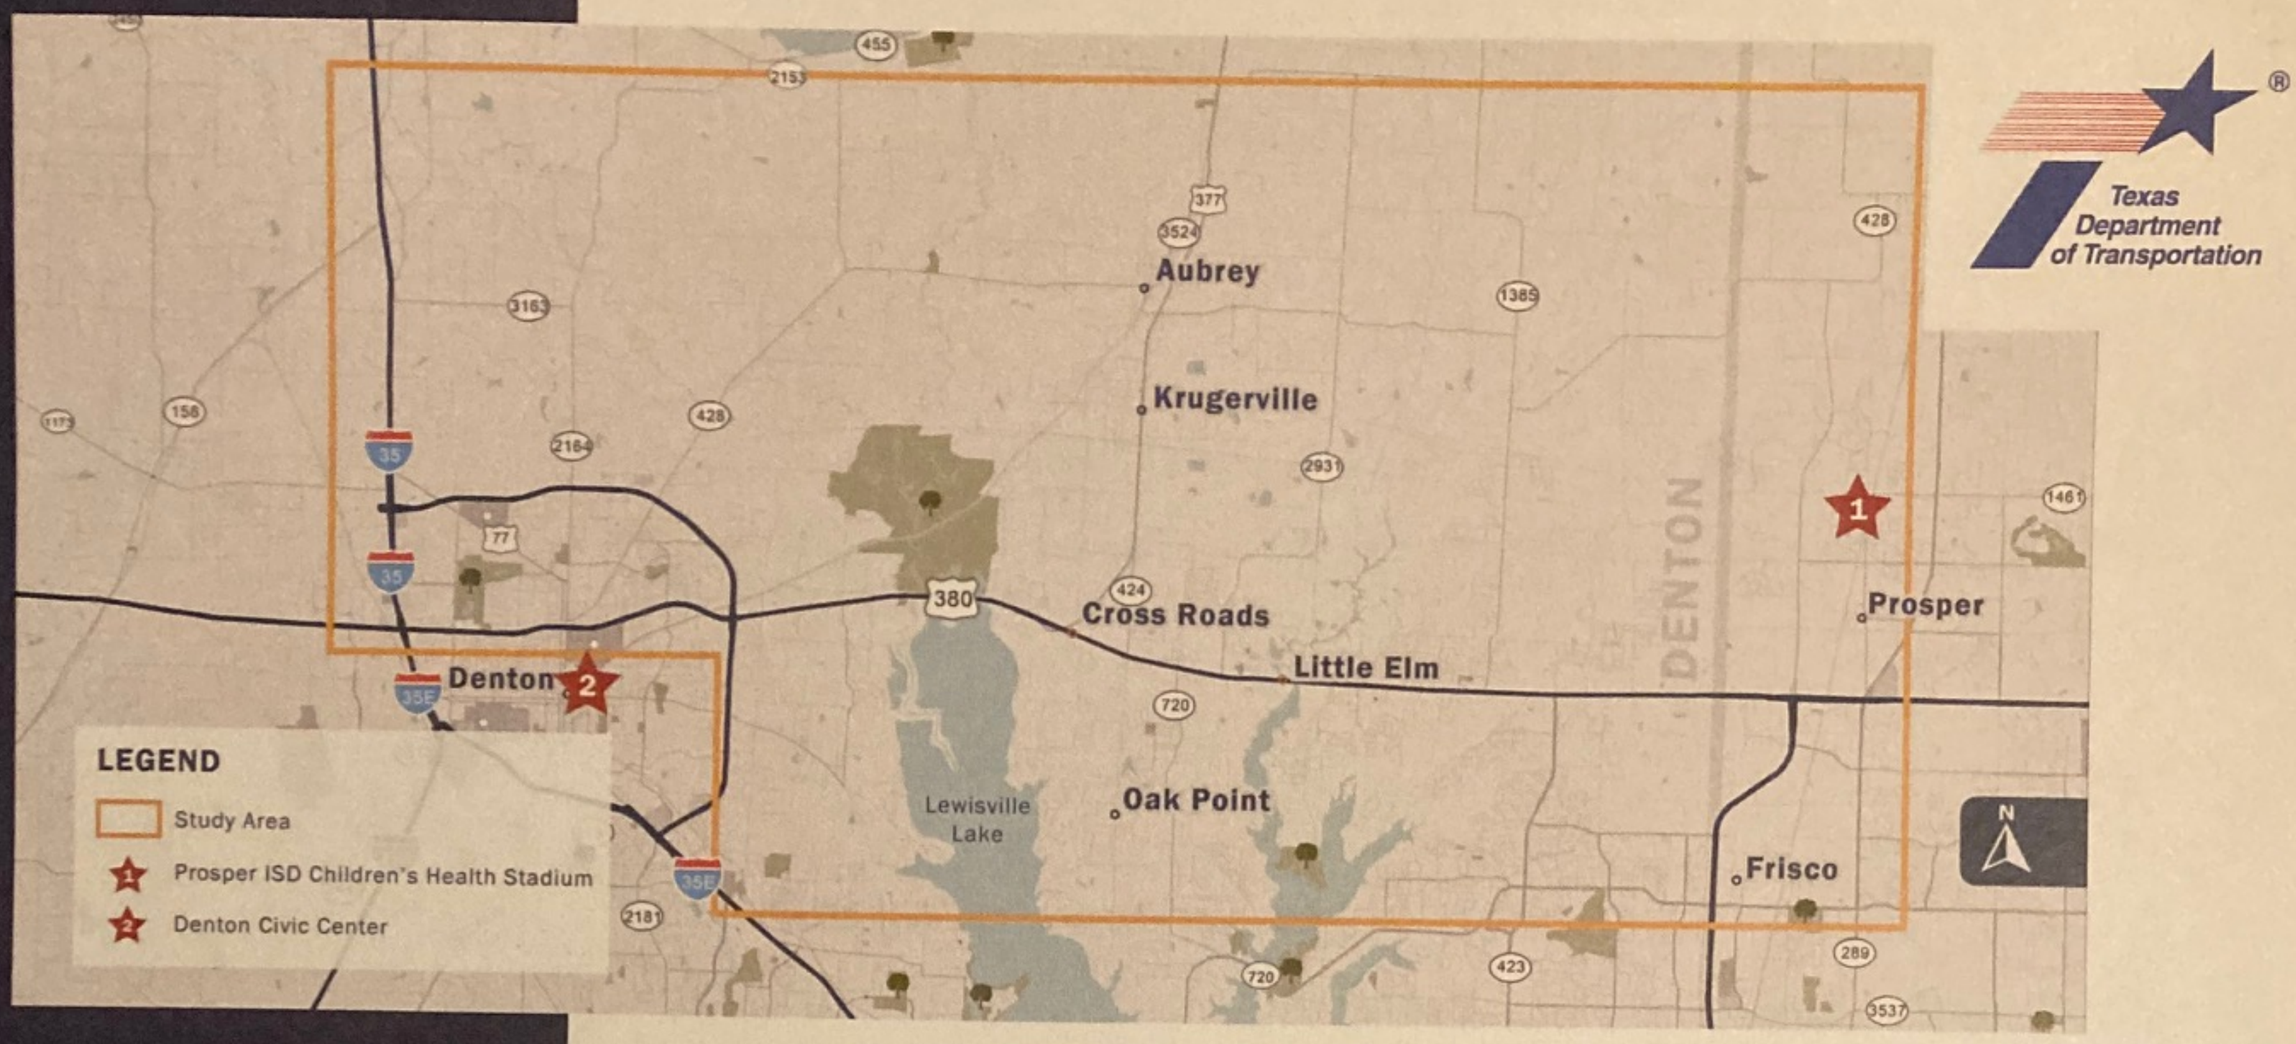

In conclusion, only about 2% of the residents we visited knew of the Teal route, and that there was a period to submit comments. This brings a concern that TXDOT is not seeing a proper representation of comments from residents that oppose the Teal route. Of the residents we visited, 99% oppose the Teal route. Hopefully you have been receiving comments of residents voicing their opposition.

During this door to door effort, and reviewing last year's comments it questions if the Teal route favors several large property owners and developers at the cost of those directly affected by the route. For example, the route runs directly behind my back yard. At the December 2nd meeting; You suggested to me how the Teal route increases property values. I argued that mine will dramatically decrease with my back-yard view going from a scenic quiet pasture with cattle to an ugly noisy freeway. This also begs the question if the property owners in the below illustration had more input to the route than residents like me and those we visited, who knew nothing about the plans.

Thank you for your attention,
Bob Meyers

US 380 DENTON COUNTY FEASIBILITY STUDY

PUBLIC OPEN HOUSE MEETINGS

TxDOT will host a series of Public Meetings to discuss the future of US 380.

For more information about the study, visit www.keepitmovingdallas.com/US380DentonPM3

No admission or parking fees will be charged. These are free events.

Prosper ISD Children's Health Stadium – Community Room

2000 Stadium Dr. | Prosper, TX 75078

Tuesday, Nov. 30, 2021

6:00 p.m. – 8:00 p.m. Open House

From US 380

1. Take US 380 to Dallas Parkway
2. Turn north on Dallas Parkway
3. Turn right on Frontier Parkway
4. Turn right on Stadium Dr. and Community Room is on the north side of the building.

Denton Civic Center

321 E McKinney St.| Denton, TX 76201

Thursday, Dec. 2, 2021

6:00 p.m. – 8:00 p.m. Open House

From US 380

1. Take US 380 to North Bell Ave.
2. Turn south on North Bell Ave.
3. Turn right into Civic Center parking lot (the parking lot is at the corner of Bell Ave. and E. McKinney St.)

Virtual Public Meeting

The Virtual Public Meeting can be viewed at any time beginning on November 30, 2021 at 6:00 p.m. through Wednesday, Dec. 15, 2021 at 11:59 p.m. You can access the Virtual Public Meeting by scanning the QR code on this page using a phone or a tablet or visit www.keepitmovingdallas.com/US380DentonPM3

Unfortunately, there is not a grade separation being constructed as part of the current construction job that just started.

In the future we are recommending a freeway be constructed along US 380.

Subject: 380 Project.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello there, I live in Paloma Creek off 380 and am very interested in this upcoming project. From what I can tell there isn't much going on at the 1385 junction. No overpass like 423, Navo and Paloma creek Blvd. I have lived here for 5 years now and travel 380 every day. The junction at 1385 is by far the worst traffic point in all of 380. If nothing is done to bypass the that light the over pass at 423 and Navo will just make the traffic worse at that point. There has to be a way to keep 380 traffic from having to stop at 1385. This whole project is worthless if not.

I hope more is being done that I have not read about yet so if so please let me know. That really needs to be the first spot to get worked out.

Thanks

Carl Munoz

To Whom It May Concern:

I understand growth and the need for the Outer Loop/380 expansion. I would like to comment that the Teal route would not be the most economical or feasible route with all the Expensive homes on Blackjack Oaks Road, Aubrey, TX
This route will impact all of Aubrey as this is one of the most sought after neighborhoods in Aubrey's ETJ for acreage lots. These lots range from 1 to 2 acres plus which is almost impossible to find. This neighborhood is located between Blackjack Road on the north and FM 428 on the south.
I ask that the Teal Line be take off the options.

Mr. Endres,

I am writing to express my strong opposition to the Teal Route. I have lived in Denton for over 35 years. I have worked hard to scrimp and save to finally purchase a few acres of land in the beautiful countryside. The proposed Teal Route will negate everything I have worked for. It will increase noise and pollution, and it will decrease my property value. What will happen to the wonderous wildlife I get to observe from my back porch? I cannot accept a massive highway mere feet from my doorstep. Please do not move forward with your plan.

Sincerely,

Carrie Ebeid

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please do not consider the "Teal" route as a solution to the needed expansion of Hwy 380. Our property values have already been affected because of this study and building a freeway down Milam Road would destroy my home and shop that I have worked so hard to build. There is already too much traffic on Milam Road which is caused in part because there is no exit for Loop 288 from I35. There is already a "freeway" bypass to 380, but it is highly under used because of the congestion caused by the lack of a southbound exit from I35. This causes a great deal of heavy truck traffic on Milam Road because the trucks can avoid the congestion at the 1173 exit. We feel that there is a tremendous amount of improvement that can be done using the existing routes without disturbing the hundreds of property owners who would be affected if the "Teal" route were used.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

As a concerned home owner in [redacted] in Aubrey, Texas, it is my understanding the comment period has been extended to January 19th, and wanted to make the following brief comments for your files.

1. I strongly support TxDOT's recommended alignment of the Blue alignment---the current 380 alignment.

2. I am strongly opposed to the Purple, Yellow and Orange alignments as they are not consistent with either the City of Aubrey's or Denton County's Master Thoroughfare Plans.

Thank you for your consideration in the matter, and am hopeful that TxDOT will do the right thing and keep the major thoroughfares where they are, and not cut through our beautiful country land and homes.

I would appreciate it if you could email me back a quick confirmation that you received this.

Kind Regards,
Mark Wakeland

Subject: Comment Regarding Hwy 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Stephen Endres,

I would like to formally register my objections to the proposed adjustments to the Teal Route associated with the expansion of U.S. Hwy 380.

I have lived in Denton most of my life. However, about five years ago, my wife and I decided we needed to get away from the crowding & congestion of the city. We decided to sell our house and invest our life savings into building a new home on the outskirts of the city.

The proposed adjustment to the Teal Route would run the new toll road within 500 ft of our home. Not only does it put an end to the peace & quite we moved out here seeking. It will significantly diminish our home value.

I can understand the desire to help connect Denton & Collin counties. But I feel the original Teal route, which followed FM428 to Loop 288, would be the better option.

I urgently request that TXDOT cease consideration of the Teal Route & end all associated studies.

I appreciate your time & consideration on this matter

Thank you,

Sami Ebeid

Dear Mr. Endres,

Thank you for hearing our concerns in regards to the 380 expansion in our area. We are in favor of keeping the expansion on Hwy 380 on Hwy
380 and oppose the TEAL route! Not only am I a resident in the area that would be affected, I am a realtor and know the dramatic effect it would have on the property values for homeowners. It is not a practical route. Not only affecting land owners and homeowners it would affect the greenbelt and wildlife. It is strongly requested to have the teal route completely removed from the plans.

Sincerely a concerned resident in Aubrey, TX Carrie Oakley Texas Real Estate Commission Information About Brokerage Service

Subject: Comment regarding Hwy 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

My comments are regarding the loop routing in the Aubrey area that is lumped into the Hwy 380 expansion project.

A public meeting flyer was sent to some but not all residents of the community announcing dates where information on the US 380 Denton County Feasibility Study was to be provided. The meeting title did not specifically indicate any discussion points on the Outer Loop in the Aubrey area. Believe this mislabel did not properly alert concerned citizens regarding the roadway study and routing that would affect them the most. The flyer clearly states 380 Expansion topic about 6 miles to the south.

With the inclusion of this proposed Outer Loop in the US 380 Feasibility Study, the full understanding of the routing impacts and long-term environmental influence may be less focused than necessary for this large of proposed critical change to the community. These are two separate and distinct propositions of which the Hwy 380 expansion is needed much sooner than any Outer Loop. That loop may not be needed for years to come if at all.

- Aubrey is known as Horse Country USA as posted on the Chamber of Commerce building itself. Many impacted will go from scenic, quiet and natural farm lands and habitat to an unsightly noisy freeway not to mention the loud and disruptive construction noise over many years to come.
- Aubrey has no commercial infrastructure to substantiate a roadway of this magnitude.
- Other routes utilizing existing state roadways appear to be more advantageous to address traffic needs, timing and most importantly minimizing overall impact to the existing community and

environment.

- For states, counties, municipalities, public and private companies alike, the reduction of community and environmental impacts is forefront in their ESG plans. Greenhouse gases, other toxic pollutants and construction waste now concentrated from this high-speed roadway will negatively affect the residents and livestock previously not exposed to these adverse contaminants in high concentrations.
- Denton County is home to several species of fowl, reptiles, mollusks and mammals that are threatened and at least one species of fowl, whooping crane, endangered. Blackjack Road has a collection of ponds shedding into other ponds and into a creek system. Placement of this roadway in the currently undisturbed pond, creeks, existing watershed wetlands and wooded prairie areas will only further threaten these species even more and disturb the natural watershed. Potentially the impact could be so devastating to the environment to remove them from the area completely.
- We (The Conways) have a couple of resident horned lizards that make their home on our place as well. The Texas horned lizard is a threatened species (federal category C2).
- Farms, Ranches and Ranchette owners affected in the area suffer the loss of lifestyle and investment they have made to intentionally reside in this rural area living this rural is a choice to attain property, freedom to enjoy that property and to see the bright stars at night. Any roadway trapsed through this area destroys that life for the sake of what purpose or greater good?
- These same farms and ranches are also the only source of income for the myriad of equine trainers and owners that inhabit this specific area on Blackjack Road.
- My wife and I personally have invested millions of dollars in our residence and equine operation on [redacted] where this particular study would be affecting.
- Drastic decrease in property values, especially for those where the freeway will run through either their backyards, front yards, pastures or existing homes, barns or arenas.
- Would like to think that the current landowners and residents of this area have more say than the land development groups that simply wish to stamp out tract homes and destroy the areas natural beauty. Time will tell here.

Trust that all the comments that are offered are carefully and thoughtfully considered.

Sincerely,

Gary E. Conway

Subject: Comment Regarding Hwy 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Stephen,

Thank you for taking the time to review my request. I want to be clear that I completely oppose the Teal Route Proposal. This expansion is potentially beneficial to a specific few, but can be detrimental to many.

Firstly, the amount of construction we experience in and around Denton is already a hindrance to the flow of traffic and the overall well-being of the town. Adding another major project like this would only add to the chaos and is overall, arguably unnecessary and excessive.

Secondly, the location of the "connection point" of the expansion to Interstate 35 is too close to the properties on Milam Road. This has major consequences to the property values, safety, and overall enjoyability for the residents on and near this street. Kids can hardly play safely with a major interstate and highway connecting in their front yard. The construction noise will be an inconvenience at least and an adversary to the health and well being at worst to the residents near the construction zone.

Please do not move forward with this proposal. Please consider all of the other possibilities and ways this could affect the citizens of Denton, specifically the residents living at or near the site.

Thank you again for your time in reading through my concerns!

Best regards,

Kayleigh

My husband and I would like to respond to the study of the Teal Route and request removal of any further studies of this plan. Our property at [redacted] would be impacted negatively with a substantial decrease in property value if the proposal would continue. Having a freeway in our front yard would drastically decrease our property values and raise many safety concerns for access on and off our property as well as increase traffic and noise. Therefore, I agree with my neighbors and strongly request to have the Teal route completely removed from the plans.

Please contact me if you would like to discuss further.

Best regards,

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear TxDOT and others it may concern:

I have lived on property on [redacted] for 55 years, inheriting it from ancestors who came from Germany to tame the land here in late 1800s. If this Teal Route is approved, my children will have little to inherit. Please remove all future studies that include the Teal Route.

I agree with other concerned citizens along the proposed route that it should be removed. Our property values will decrease drastically, yet our taxes will continue to rise. Potential home buyers are already turning away as they learn of a freeway being considered for this area.... and I don't blame them! Please remove the Teal Plan from the 380 expansion plan.

The area wildlife will be impacted by noise, the intrusion and destruction their territory. Property owners will be impacted by not being able to safely enter/exit their properties during construction and after completion.... not to mention the noise. Cattle & horses in our fields and pastures will be fearful of the noise and construction for years. Please remove the Teal Route from the 380 plan.

I stand with the other Citizens along the proposed route is saying NO, I PROTEST THE TEAL ROUTE AND ASK THAT YOU REMOVE IT FROM ALL FUTURE STUDIES.

MOST sincerely,
Mrs. Monroe Klein

Subject: DENTON COUNTY TEAL PROJECT

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Stephen,
Mark Kline, my husband, and I bought 36 acres of land in Denton County on [redacted] in 2019. In 2020 we built our Business's metal building that houses and provides shelter for our top barrel racing breeding, training and performance horses, broodmares and foals. We planned to build our dream home in 2021 but received the updated outer loop proposed alignment and chose to wait until further information is released. So we are opposed for the teal route for the following reasons: !. Environmental - The route will take sensitive wetlands that are necessary for surrounding natural drainage and habitat for numerous species of birds, reptiles, and mammals. It is possible that habitat will be taken from endangered species. 2. Loss of quiet enjoyment which is a primary right. 3. Non-compatible with historical land use of Agricultural Farm and Ranch. Our prayer is that there will be a better plan and solution other than Aubrey Texas's most desirable area "Horse Capital of the USA". Thank you for your time and consideration in this matter.

God Bless,
Sharin Hall

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

We are a property owner in the study area and we fully support TxDot's recommended Blue alignment for US 380. The Blue alignment best meets TxDOT's own evaluation criteria.

We also support the future study of the Teal alignment. The new adjustments to the Teal alignment appear to be more consistent with the City of Aubrey's Master Thoroughfare Plan.

As stated in our comments after Public Meeting #2, we remain firmly opposed to the Purple, Yellow and Orange Routes.

Thank you,

Ben Norris

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,
Citizens affected by the Teal Route would like to stop any further studies of this plan. This negatively impacts home sales in our area and will also affect property values in a negative way. We do no want a freeway running through our yards. Nor do we want to hear construction or the traffic. Our taxes are increasing while in turn cause negative impact on property values. Please remove the Teal Route from the TXDOT plans for 380 Expansion.

Sincerely,
Kathy Jackson

Subject: Comment regarding 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Any future studies of the Teal route are requested to be removed. Citizens of those affected by the Teal Route would like to stop any further studies of this plan. The reasons for this request are; Potential home buyers are turning away once they learn of the freeway expansion (Teal Route) being considered for the area. During the meeting, there was contention about how the Teal route would negatively, not positively, affect property values; Residents felt that it will drastically decrease their property values, not increase, especially for those where the freeway will run through either their backyards, or front yards, and must listen to the construction noise for years. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefore, it is strongly requested to have the Teal route rerouted further North.

I don't think there is any possible way where the Teal route along the Milam Rd. stretch will NOT negatively affect MY property value as well as that for my whole neighborhood. We live [redacted] Canyon Rd. is a dead end road with no other access and would be drastically affected long term by any large construction to Milam Rd. Also the noise of the construction and of the permanent addition of the traffic that will be passing on the Milam Rd. stretch will affect us and our property values. Every single resident on Canyon Rd. moved here because of it's country feel and the lifestyle associated with it.

I have ALREADY been negatively impacted by the planned widening of I-35 at the Milam Rd. intersection. TX-DOT purchased half of a piece of property on Milam Rd. that I was trying to buy and the plan to tear down several buildings that are in perfect condition and were at the perfect location for my business.

I think there are much better routes for a new Outer Loop than down Milam Rd. Along Rector Rd. would affect a lot less people.

Please don’t put a freeway along Milam Rd.

Thanks,

Tim Hughes

2022/01/19 07:33:45	Online Comment	Nancy Martin Crisco	Nancy	Martin Crisco	[redacted]						Please consider: that the roadway be excavated lower to help reduce the traffic noise, a grade separation at King's Row (similar to Loop 288 and FM 428), and a grade separation at Stuart Road (similar to the one proposed at US 380 and Navo Road). Thank you for your consideration. Nancy Martin Crisco	
2022/01/18 13:37:34	Online Comment	Garry & Monica Landreth	Garry & Monica	Landreth							We are requesting: *a grade separation at Kings Row and Loop 288, similar to the one at 428 and Loop 288. *a grade separation at Stuart Road similar to the one proposed at 380 and Navo. *that the highway be excavated lower to reduce traffic noise Thank you for your consideration.	
2022/01/18 09:12:03	Online Comment	Carolyn Barnes	Carolyn	Barnes							I believe the following actions are necessary to ensure the safety and avoid negatively impacting current and future residents near this project: 1) that the roadway be excavated lower to help reduce the traffic noise, and 2) create a grade separation at King's Row (similar to Loop 288 and FM 428), and a grade separation at Stuart Road (similar to the one proposed at US 380 and Navo Road). Both grade separations are urgently needed for safety. The one at Stuart Road would also help alleviate some of the traffic on FM 428 from Long Road by having another eastbound egress onto Loop 288 for C.H. Collins Stadium, the ATC, Gonzalez School, Beaver Creek Estates, Southfork Denton Mobile Home Park, Stark Farms (with 390 lots) and soon-to-be-built Stuart Ridge (with 561 lots). That's an additional 951 houses or approximately 9510 daily car trips* adding to the congestion on FM 428 from Stark Farms and Stuart Ridge! *Based on the city planners' average of 10 car trips per day per house.	
2022/01/17 20:13:06	Online Comment	Roger Cox	Roger	Cox							In Denton at 380 & Loop 288, I would like to suggest the need to plan to add grade separation at Windsor similar to Loop 288 and FM 428. This can be accomplished by using the proposed elevated tie-in ramp from US 380 onto Loop 288. Windsor is a main east-west road that has been planned to tie into Farris Road. This should be put into your plan. At Kings Row and Loop 288 in Denton it should be considered to include an excavated Loop 288 roadway similar to the proposed US 380 and Navo Road. This would would reduce the traffic noise effecting the existing neighborhoods already adjacent to this intersection. There are hundreds of new homes already approved that make this a dire situation. The same situation exists for the Loop 288 and Stuart intersection in terms of housing in near proximity to an intersection that is now only a southbound on and off ramp. An excavated Loop 288 road bed would also reduce road noise for existing neighborhoods in this area. Thank you for your consideration of my suggestions.	
2022/01/16 16:06:14	Online Comment	Ned Woodbridge	Ned	Woodbridge							Upgrades to Rt 380 and the 288 Loop are needed, indeed. I have some strongly-desired requests: (1) that the 288 loop roadway be excavated lower to reduce traffic noise, which noise currently is VERY high, and special roadbed materials be used as well that dampen sound relative to concrete (e.g., certain bituminous materials are much quieter than concrete); (2) there be grade separations at Kings Row as was done at the intersection of the 288 Loop and FM 428; (3) there be a grade separation at Stuart Rd, similar to the one proposed at US 380 and Navo Road; (4) provide for frontage roads along the 288 loop adjacent the main through-lanes to permit future local housing and commercial development in our area to access those frontage roads. Thank you.	
2022/01/16 14:02:35	Online Comment	jeanette gascoigne	jeanette	gascoigne							The blue route, expanding Hwy 380, is the best option all around. With the project, from the 2016 study, now starting and adding overpasses will alleviate the traffic backing up and accidents at the light intersections. Then to continue expansion for the future, this study, makes sense. It will not effect as many homes, personal properties, you already have most of right of way. And it would serve as a major thoroughfare from McKinney to Denton/Decatur. I do believe a route further North will be necessary. I oppose the teal route going through Aubrey town. Two reasons: 1) too close to Hwy 380- major thoroughfare 2) traffic would be deverted onto Hwy377 to head North to Pilot Point, Tioga, Kiowa etc. Have you looked to possible further North? Such as 455? That would serve the developments that are moving that direction and would connect to I35. Thank you for your consideration.	
2022/01/16 13:49:53	Online Comment	Ralph Trietsch	Ralph	Trietsch							In reference to the teal route which is to be the outer loop connecting eventually connecting to 156. I am against the current route. I believe it should connect farther north going through the farmland. Cheaper and will disrupt fewer families. Connect Ganzer and Miliam RD to 428 now before more housing and rentals are build on north side of Denton.	
2022/01/15 17:40:55	Online Comment	Carey DeMoss	Carey	DeMoss							Since conducting Public Meeting #2, it is clear that TxDOT has done a masterful job at evaluating all input and coming up with the 2 best options; namely the recommended Blue Alignment involving the current US 380 location with the future recommended Teal Alignment for the future far North Denton/Collin Counties expansion corridor which is already beginning to develop. The overall recommended US 380 project plan (Blue Alignment & Teal Alignment) is very similar to the existing Loop12/Northwest Highway that successfully operates and functionally compliments traffic flow inside of the IH 635/LBJ Freeway corridor in Dallas County. Additionally, I am sure that once the US 380 In-Progress Interim Project begins and is completed around 2025, that a substantial improvement in current US 380 traffic flow and decreased congestion will result; particularly with the additional lanes and accompanying grade separations at key major streets intersecting with US 380 (for example, FM 423, Teel/PGA Parkway & Legacy). I wholly support and agree with TxDOT's recommended Blue Alignment for 2045 and beyond with the collateral recommended Teal Alignment for the far North Denton/Collin Counties corridor. Great Job by TxDOT in recommending for future of the North Denton/Collin Counties a pragmatic, functional and publicly responsive Traffic Game Plan that will serve the traffic patterns and population movement needs of all of us who call the US 380 corridor home!! Thanks very much for what you are doing!! -- Mr. Carey DeMoss, Prosper, TX.	
2022/01/15 12:02:19	Online Comment	manzoor mian	manzoor	mian							You are proposing 300-400 ft on each side additional land .From where will you take this land which is already occupied by businesses all along the existing five lanes. why TxDOT not asked the owners of that agriculture land who are now selling by SQ FT instead of by acres that time to leave 300-400 ft easement on both sides. Now TXDOT not only pay by SQ ft also business property and good will for those businesses . This was not a good long term planning. Thanks.	
2022/01/15 00:58:21	Online Comment	Cecilia Caravassi	Cecilia	Caravassi							Pleae address the problem at the intersection of FM1385 and 380. The light at 1385 turning left onto 380E backs up at several times of the day. I sometimes have to wait for 2 or 3 changes of the traffic light before making the left turn onto 380 E. Hence, Fishtrap Rd to Gee Rd to the intersection of FM423 is now similarly backing up due to drivers also seeking to avoid the 1385/380 intersection problem. I'm sure the engineer on the project knows that hundreds of new homes are under construction off of 1385, which will continue to make this situation even worse!	
2022/01/14 15:13:20	Online Comment	Jason Hinkel	Jason	Hinkel							Let's get this built! 380 is way over capacity and the current widening project will be insufficient before it even gets going. Secure the right of way before any more development occurs! Perhaps use a design build concept that was used for the 121 project thru Grapevine. It seemed to work well and that project has been completed twice before a single shovel turned in 380.	
2022/01/14 10:23:04	Online Comment	Aaron Klein	Aaron	Klein							I am in full support of the Blue alignment as it is the most feasible, and in total opposition to the Teal alignment as it will disrupt and displace many farms and personal properties. Those people affected by the Teal alignment will not only have to endure years of noise, dust and construction woes, but will also be affected by decreased property value and increased property taxes. PLEASE STOP ANY FURTHER STUDIES OF THE TEAL ALIGNMENT AND REMOVE THE TEAL ALIGNMENT COMPLETELY FROM THE PLANS.	
2022/01/14 08:56:57	Online Comment	Kim Thomas	Kim	Thomas							Regarding the study with the teal route, I prefer the PM2 option. I am concerned a major highway will come down Shepard Rd and infringe on my property bringing high traffic and reducing the value of our property located on the corner of [redacted] Thank you.	
2022/01/12 22:21:16	Online Comment	Steve Chase	Steve	Chase							I was pleasantly surprised by the choice to keep 380 on 380. That was/is my first choice & recommendation. I also support the northern loop. The sooner you finalize the decision and get funded the less impact on properties. Most people will happily work within a plan.. thank you for making the correct choice in both 380 on 380 & plans for the north loop.	

Submission Date	Source	Name	First Name	Last Name	Email:	Phone Number:	Street Address	City	State / Province	Postal / Zip Code	Comment:	Notes
2022/01/12 15:52:50	Online Comment	Del Lott	Del	Lott	[redacted]						To Whom It May Concern: The route for the highway to go through Aubrey (the Teal route) should be taken off the table for the following reasons: 1.The residents living in the area now don't want it! The people who live here now moved here for the low-cost, peace-and-quite country atmosphere. To bring a new highway will only ensure that more people move here. Keep the roads small and people will look to a more convenient location for their residence. 2.The argument that it will increase property values is misused. Property values are going up without a road even being there. A new road may increase commercial property values but it will decrease existing residential home values near the busy road systems where the noise is loud and congestion is heavy. We are already seeing values decline. Offers have made on a property near the proposed teal route but withdrawn when they learned of the proposal to put the teal route in. 3.Environmental impact - a.Water management for the surrounding properties will become extremely difficult. We already have issues with runoff and drainage from heavy or prolonged rains. With the roads not absorbing the water that the fields now absorb, the water volume and velocity of the water runoff will increase significantly. Unless retaining walls are installed and some bridges/culverts are replaced along the existing drainage easements that are away from the roads, lands would be eroded and vegetation destroyed and homeowners would incur some extremely high costs to protect themselves, if they were even allowed to because of legal/environmental restrictions. The flood impact for the landowners surrounding the Teal route will most likely become very serious. b.Garbage and debris will significantly increase, both on the proposed route and the roads connecting to it. People litter intentionally and unintentionally. c.Noise pollution be constant and distracting to humans and animal life as well. d.Safety – Accidents with wildlife and farm animals would continually be a problem beyond the normal accident rate cause from driver to driver. Unless the highway was fenced higher than eight feet, the wildlife would constantly be crossing the roads around the greenbelt and the more remote farm/ranch areas. 4.Economic impact verses quality of life – I expect that from an urban or commercial perspective, businesses would come if people came and that there would be some financial benefits associated with the urban sprawl. However, we would lose many ranch related jobs and country life opportunities that cannot be replaced. Please consider how breaking up the ranches, losing a quite and serine atmosphere affects an individual's learning, stress, and behavior. Putting in the road would encourage more people and result in additional adjustments by existing residents. Ranchers and farmers would need to increase security to protect their things. Fencing may need to change for animal protection. Spending by current residents and business owners would need to increase in order to protect privacy, erosion, and asset value. Summary The major and immediate problem is on Hwy 380 itself and the focus should be there. The "Blue route seems to solve that immediate issue. Future considerations should NOT include the Teal route. If future planning for north of 380 is needed, then you should go where the planning and personal impact would be lessened. Putting a larger highway across the dam at lake Ray Roberts seems to be the least impactful to the environment, would involve fewer communities/people, and provide a more direct route, leverage existing roadbeds, and would be a more drivable road than the proposed, winding Teal route. Aubrey could be access by both roads. Highway 428 could be widened but should not become part of the main throughfare and should have no new road routes added like the Teal route proposes. Thank you for considering this input, Del Lott [redacted]	
2022/01/11 09:37:44	Online Comment	Taylor Jensen	Taylor	Jensen							I am a resident of [redacted] and am AGAINST the blue alignment. Looking at the renderings of what the highway would look like in front of my neighborhood is very unappealing, and goes against the reasons I moved to prosper. I love the small town feel here, and specifically chose [redacted] for that reason. Putting that highway there will add an incredible amount of congestion, noise, unsightly construction and highways, etc that will negatively impact home values. I would prefer the alignment to go further north to the Teal option as that land is undeveloped and future residents will buy and move in up there knowing there will be a major highway vs. having a major highway come as a surprise after moving in like it is for me.	
2022/01/10 16:11:42	Online Comment	Kevin Blank	Kevin	Blank							While I do agree that improvements are seriously needed for 380 and surrounding roads, I'm not so sure about having 10 lanes of road within a mile of my home :(. By extending each side to 3 lanes and then 2 lanes of side road on each side that leaves a ton of space usage and I worry a lot about noise pollution.	
2022/01/08 17:17:59	Online Comment	Nancy Ash	Nancy	Ash							I'm building in Del Webb Union Park, Little Elm to move in next spring or summer. I like the Teal-colored option as more roads are needed up there, also for safety and congestion on 380.	
2022/01/08 15:53:42	Online Comment	Gaizkane De	Gaizkane	De Carvalho							I write to oppose the Teal Feasibility Study and the consideration of any future routes near the town of Aubrey. It wouldn't only negatively impact house prices and taxes, but it would also destroy the charm of this little town and it's countryside.	
2022/01/07 18:58:16	Online Comment	Zach Yeager	Zach	Yeager							I support the decision to widen U.S. 380. I occasionally travel this way and it is constantly feeling more dangerous, especially after quite a few fatal accidents in the Denton area. While I am upset that some chain stores and especially small businesses will have to relocate, I believe that the proposed blue plan will allow for traffic to decrease and cause the least amount of frustration with drivers in the area. I understand the residents who may be upset with an expansion but the area is experiencing rapid growth and updates will allow for the safety of all commuters.	
2022/01/06 14:20:02	Online Comment	Tracie Meyers	Tracie	Meyers							I am against any future studies of the Teal route. We moved to Aubrey 11 years ago. We chose this area for the peace and quiet away from the city. We lived in a hotel for 7 months because it took that long for us to find a home outside the city. The Teal route will significantly reduce our property value while our taxes continue to rise. If I wanted to live near a freeway with strip malls no one needs, I would have Bought a home there. The Teal route will wipe out the wildlife in this area among other environmental issues. I feel that TxDot purposely misrepresented what was really planned when they sent a mailer about the 380 expansion but failed to mention the Teal route study. There will construction noise for years to come. It will also bring crime to our small town and destroy the way of life out here. I respectfully request that this study be completely removed from any future plans	
2022/01/05 16:12:45	Online Comment	Becca Kelley	Becca	Kelley							In short, KEEP HWY 380 EXPANSION ON HWY 380! Stop terrorizing and traumatizing people by trying to take their homes, land and subsequently their lives! No matter how you try to justify it, it's still stealing! You should have to pay for the pain and suffering of all those who have had to deal with the thought of you taking all that is dear to them, but no dollar amount would be sufficient. I don't know how you live with yourself knowing you've destroyed another person's life over a highway! It's pure evil!!	
2022/01/04 13:59:15	Online Comment	Lisa Fiveash	Lisa	Fiveash							I agree with your recommendation to keep US380 in the current location. It affects the fewest people, homes, land tracts, and businesses. Thank you, Lisa Fiveash	
2022/01/02 08:30:46	Online Comment	Christopher Paus	Christopher	Paus							To whom it may concern: As concerned residents of the Town of Crossroads we would like to comment on the proposed expansion of US380 and the PM3 alignment. After careful study we would like to strongly oppose this alignment. It would destroy many of our Town's business along the south side of the highway. Our Town relies on sales tax revenue and by eliminating these businesses the financial stability and viability of our town will be damaged severely. Besides restaurants there are other important services that would be eliminated – CVS Pharmacy, Rustic Furniture and Discount Tire to name a few. Also this alignment would divide our town into two distinct areas – North and South of the highway. This is never good for a small town's sense of community and unity. Please consider a different alignment that will not effectively destroy our town.	
2021/12/29 22:28:02	Online Comment	Blanche Dillon	Blanche	Dillon							Having 380 as a main highway with overpasses and service roads is very necessary. Now is the time to plan and implement before growth is even denser. My family has lived in this area since 1968 and we have seen 380 go from a two lane to what it is now and we do need more. I do not see plans for additional overpasses and I believe there needs to be more besides 424, 423 and Navo. There needs to be an overpass and turnaround at every mile to mile and a half to plan properly. In Cross Roads this needs to begin with Rockhill Road, then the Moseley Road/Fishtrap intersection. This area is going to build out ALL along 380 and if this is not included in the plan now, then Tex-Dot will have to do this construction after the fact, and it will be more costly.	
2021/12/26 08:48:34	Online Comment	Sara Kirby	Sara	Kirby							I live on [redacted] in Aubrey which is right about where the proposal for the road that goes through Aubrey is. Do that would be a horrible idea! There are so many children who live in our neighborhood. They are able to play and run freely without worry of traffic. Our town is quiet and peaceful. Many people move here for that exact reason. There is absolutely no reason to ruin this little town with a huge road. It will not help the town, it will hurt it.	
2021/12/21 18:05:41	Online Comment	Stephanie Lundgren	Stephanie	Lundgren							As our home of 20+ years is very near to the outer loop TEAL line,, please provide a more detailed map to include names of roads or property ids. The map shown does not show where the teal line cuts through existing properties (outer loop proposed along Shepard Rd. to I35). Or if available elsewhere, please provide link to another map/view. Thank you.	
2021/12/18 19:38:11	Online Comment	JESSICA MCCLESKEY	JESSICA	MCCLESKEY							I live directly in front of where the proposed US 380 Teal Route is placed. This would go directly in front of my home. I am STRONGLY against this proposal. I am requesting any future studies of the Teal Route be removed. I, along with all of my neighbors on [redacted] in Aubrey Texas would like to stop any future studies of this plan, we do not want this. The reasons for this request are; potential home buyers are turning away once they learn of a freeway being considered for this year. You are hurting us. This route will negatively, NOT positively, affect property values. This proposal will DRASTICALLY HURT my property value as you are proposing it to run right through my front yard. I do not want to raise my babies on a freeway or listen to the noise, breathe the pollution, sit in traffic, or watch years of construction. It's already causing a negative impact on my property values while taxes continue to be increased. Therefore, I am STRONGLY requesting you [redacted]	
2021/12/18 12:57:59	Online Comment	Melissa Montgomery	Melissa	Montgomery							Any future studies of the Teal route are requested to be removed. Citizens of those affected by the Teal route would like to stop any further studies of this plan. The reasons for the request are; potential home buyers are turning away once they learn of a freeway being considered for the area. During the meeting there was contention about how the Teal route would negatively, not positively, affect property values; We feel that it would drastically decrease property values, not increase, especially for those of us where the freeway will run through our backyards, or front yards, and must listen to the construction noise for years. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefore, it is strongly requested to have the Teal route completely removed from the plans.	
2021/12/17 15:33:31	Online Comment	Christina Robinson	Christina	Robinson							I am requesting to remove any future studies and progress of the Teal route. As one of the citizens directly impacted by the Teal Route, there is no benefit to having a highway running through my front yard. Potential home buyers are turning away once they learn of the freeway being considered in this area. During the meeting, there was contention about how the Team route would negatively affect property value. I fell that it will drastically decrease property values due to the construction and eventual freeway noise. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while property taxes continue to rise. As a result, I am requesting to have the Teal rout completely removed from the plans.	
2021/12/17 07:53:26	Online Comment	Taylor Wilcox	Taylor	Wilcox							I would like to express my strong opposition to the teal route for further study and development. The proposed teal route will cause great disruption for the lives and lifestyles around the proposed route. I would also like to express my opposition to developing two separate routes. I ONLY support the expansion of Highway 380 that remains on Highway 380.	
2021/12/17 07:31:04	Online Comment	Ashley Daniels	Ashley	Daniels							380 needs to be expanded, width wise. NOT length wise. There is no need to run a extremely busy highway through Aubrey when it is not equipped for such highway at this moment or anytime soon. Instead of ruining perfectly good farm land, please expand the road width wise instead.	
2021/12/16 16:30:49	Online Comment	Betty	Betty								If Loop 288 between FM2164 (Locust) and Stuart Road is widened, then the existing noise barrier on the south side needs to be much taller. This barrier has been inadequate since Loop 288 became a designated Truck Route for I35-US380 traffic. Currently, eastbound tractor-rig exhaust stack noise emissions have a direct path to some single-story bedroom windows.	
2021/12/16 15:47:17	Online Comment	jason sims	jason	sims							I'm concerned about 380 and have been since we moved out here in 06. This process has taken too long, and will create havoc for years or a decade to be completed. However, we're here... Looking at the plans, since I live in Crossroads, how is the town supposed to swallow losing roughly half it's businesses by expanding the road. Surely there's a plan for all that to be mitigated, right? For a town that's been able to avoid pressing city taxes on it's citizen's, you'll basically be causing this to happen by wiping those businesses out.	
2021/12/16 13:55:53	Online Comment	Megan Lasuzzo	Megan	Lasuzzo							Hello, I am thrilled that the congestion is being addressed along with added additions to safety. Having a (non-stopping) highway with frontage roads (with lights) will make a huge difference!	

Submission Date	Source	Name	First Name	Last Name	Email:	Phone Number:	Street Address	City	State / Province	Postal / Zip Code	Comment:	Notes
2021/12/16 10:14:04	Online Comment	Lisa Frey	Lisa	Frey	[redacted]						As a resident of Krugerville, I strongly oppose the orange and purple freeway alignments. Having two freeways does not make sense since 377 is expanding to 6 lanes and will be a corridor to gain access to the outer loop from 380. I strongly prefer the blue freeway alignment.	
2021/12/16 10:13:07	Online Comment	Alexander Frey	Alexander	Frey							As a resident of Krugerville, I strongly oppose the orange and purple freeway alignments. Having two freeways does not make sense since 377 is expanding to 6 lanes and will be a corridor to gain access to the outer loop from 380. I strongly prefer the blue freeway alignment.	
2021/12/16 10:01:25	Online Comment	Jonathan Sherman	Jonathan	Sherman							I prefer the Blue alignment. Keep the alignment of 380 on the current path of 380. As a resident of Krugerville I strongly oppose the construction of a new freeway through Krugerville or Aubrey.	
2021/12/13 17:01:43	Online Comment	Daniel Dill	Daniel	Dill							Any future studies of the Teal route are requested to be removed. Citizens of those affected by the Teal Route would to stop any further studies of this plan. The reasons for this request are; Potential home buyers are turning away once they learn of a freeway being considered for the area. During the meeting, there was contention about how the Teal route would negatively affect property values; Residents felt that it will drastically decrease property values, especially for those where the freeway will run through either their backyards, or front years, and must listen to the construction noise for years. Residents disagree with TXDOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefor, it is strongly requested to have the Teal route completely removed from the plans.	
2021/12/12 15:42:29	Online Comment	Calum Fletcher	Calum	Fletcher							Hello, my comment is about the blue route. This new road is needed, and I'm glad it's being done. Please consider noise barriers on the highway for homes that will soon be closer to a major highway that they weren't near when they were built. Also, please please please build the highway with an appropriate amount of lanes and DO NOT put in those terrible "express lanes". There are enough "never ending" toll roads in the metroplex already that take up space for a larger highway. Don't make this a toll road please. Thank you	
2021/12/09 21:15:48	Online Comment	Oscar Slotboom	Oscar	Slotboom							I support the study recommendation for the Blue and Teal alignments. However, I think there will be a future need for a freeway facility along FM 428. So I hope TxDOT and Denton County will continue to study the FM 428 corridor to designate it as a freeway and preserve the right-of-way.	
2021/12/09 19:42:29	Online Comment	Catherine Peinado	Catherine	Peinado							I am requesting that the "Teal" route not be considered for any further studies. The teal route would negatively impact the town of Aubrey. The teal route would decrease property values of nearby homes. It would also negatively impact the quality of life of residents, livestock, and nature. Additionally, the teal route is only approximately 6 miles north of 380. With growth and development moving north at a high rate, I think it would be prudent to study further north, to move traffic further out from the populated area of Aubrey.	
2021/12/08 07:40:36	Online Comment	Craig Blow	Craig	Blow							I believe the correct option was chosen for the route (blue). It will displace the fewest amount of homes and devalue the least amount of properties. It is also he mousy direct route.	
2021/12/07 17:44:27	Online Comment	Bob Meyers	Bob	Meyers							Any future studies of the Teal route are requested to be removed. Citizens of those affected of the Teal Route would like to stop any further studies of this plan. The reasons for this request are; Home purchase offers are already being retracted once potential buyers learn of a freeway being considered for the area. During the meeting, it was falsely stated by TXDOT that the Teal route would increase property values. When in fact it will drastically decrease property values, especially for those where the freeway will run through either their backyards, or front yards, and must listen to the construction noise for years. It is already having a negative impact on property values while taxes are increased. Therefore, it is strongly requested to have the Teal route completely removed from the plans.	
2021/12/06 10:37:47	Online Comment	Shaun Jackson	Shaun	Jackson							I am pleased to see that TxDOT is following through with keeping 380 where it is and expanding in place. The alternate routes added time to transit and would disrupt business and residential areas that shouldn't be affected by an inefficient means of highway use. Although I sympathize with the home and business owners that reside along the existing 380, the vast majority were built when 380 already existed in it's current spot. Therefore, I don't understand the statements being made such as "I didn't buy my house to live on a highway".	
2021/12/05 18:01:47	Online Comment										demo 123.	
2021/12/03 14:28:14	Online Comment	Robert Tickner	Robert	Tickner							In reference to the Loop 288 section. The Plan notes a grade separated overhead at Kings Row. Please consider closing this intersection connecting each side to the new service roads. Replace it with a new intersection in line with Windsor Drive near where the new US380 connector is shown. This Windsor intersection has long been shown on the City Mobility Plan. With the elevated connection, it could be a very doable interchange with the new service roads.	
2021/12/03 09:53:07	Online Comment	David McClellan	David	McClellan							After attending the Denton 380 meeting, I can't understand the thinking of TxDot in regard to the widening of US 380. you have been doing a feasibility study on this project for over 6 years and you still don't get it. your logic doesn't make any sense. After all the so called assessment of this project you are no further along than you were years earlier. You have not addressed the lack of grade separation along 380. you simply don't address the huge traffic problem that you have created. you have created chock points ant FM1385 and FM1529. you have also chosen to ignore the massive grid lock you have created with the addition of stop lights along 380. In 10years the population has more than doubled and the highway doesn't have any signage for slower traffic stay to the right. The Big Rigs driving on 380 hog the Fast lane and form a road block to build traffic behind them. There is no enforcement of traffic laws along any portion of 380. Drivers are free to drive too fast and cut people off and cause way too many accidents. the need for more grade separations is evident to everybody but TxDot. You have delayed this project 3 times and now your feasibility study only delays the fix of the situation. You prefer to spend our tax dollars on Dallas and Tarrant counties and make the traffic situation worse by the day. When do you plan on really acknowledging the real problem and fix it, instead of appeasing those in Dallas and Ft. Worth? We need help and you simply don't care to fix this situation any time in the near future. Please rethink your position and add more grade separations and get the traffic back to a more normal flow.	
2021/12/02 18:24:34	Online Comment	suresh kumar	suresh	kumar							I just want to re-iterate the fact that this corridor should be turned into a Freeway without any stop sign as soon as possible. It is getting very dangerous to drive on this road.	
2021/12/02 17:12:05	Online Comment	Matthew Fields	Matthew	Fields							I'd like to see a further explanation of the access roads along current residential neighborhood outflow roads. The Navo Road intersection is a good example, as both Paloma Creek and Union Park have multiple exits that are not well served by one overpass covering those areas (not to mention Savannah being just East as well). I know the current expansion of 380 from 377 to the county line only plans for those four overpasses (a design I find completely lacking as it does not alleviate major choke points in between the overpasses), but I'll be incredibly disappointed if this Feasibility Study does not take the opportunity to address those inadequacies with better access to the various neighborhood outflow points in between.	
2021/12/02 11:52:07	Online Comment	Jackson Hurst	Jackson	Hurst							I approve and support TxDOT's US 380 Denton County Feasibility Study. I support the Blue Alternative because the Blue Alternative for TxDOT's US 380 Denton County Feasibility Study will provide congestion relief, improve safety along US 380 from I-35 to the Colin County Line, and finally provide improved connectivity for the residents of Denton County, TX with a freeway from I-35 to the Colin County Line.	I could benefit monetarily from the project or other item about which I am commenting
2021/12/01 12:13:56	Online Comment	Jill Saltsman	Jill	Saltsman							I favor the blue route.	
2021/12/01 11:23:17	Online Comment	VICKI SORGENFREI	VICKI	SORGENFREI							Reading the presentation it appears there is no alternative route to get around 380 construction. Suggestions that were favored by residents were decided as not feasible. How will people who are already captive to 380 get through construction zones. I anticipate accidents to increase exponentially. We need solutions.	
2021/12/01 08:15:21	Online Comment	Jaymi Jackson	Jaymi	Jackson							I am very supportive of the recommended alignment (blue) and agree that it was the best choice. I hope it continues to be the route that is chosen. As someone who lives directly off of fm 428 I was DEVASTATED at the impact that this bypass would have on myself as well as my neighbors and our town. Please continue to keep 380 on 380.	
2021/11/30 20:05:05	Online Comment	Melissa Roberts	Melissa	Roberts							My home is about two blocks north of 380 in Savannah. I am wondering if my house is going to be wiped out. It seems that existing homes are on the chopping block, but homes not even built yet are being protected for a larger tax base in Little Elm.	
2021/11/30 19:26:03	Online Comment	Jimmy Lu	Jimmy	Lu							Can’t see the visual depiction for E 380&423 This alignment looks good	
2021/11/30 18:50:31	Online Comment	Chris Kern	Chris	Kern							Concur with blue alignment keeping 380 on 380 through Prosper!	

D3. Voicemail

Phone Number	Name	Address	City	State	Comment
[redacted]	Same Haile	[redacted]	[redacted]	[redacted]	Hello, my name is Sam Haile. I live at [redacted] and my phone number is [redacted]. I'm looking at the alignment for the new 380 plan and I see no reason, no reason why some areas of this stretch need 12 lanes going across it. We do not need a continuous frontage road and a 400 to 500 foot roadway that's going to limit development go into existing businesses as well. I think that you guys need to consider grade separations at specific intersections like 423, 720, and this also applies for the Collin County study, too. But there is literally no reason why a two lane roadway with a center turn lane needs to be converted to 12 lanes of traffic because when I drive, it does get congested, but when I drive on it in the middle of the night. Those frontage roads are just going to hamper potential development. So, what I believe is they should consider limiting the frontage roads in certain locations and only applying the frontage roads in places where there is room for it and the development needs it. But, I do not think that we should be tearing down businesses to put a three lane frontage road adjacent to an ultimate four lane roadway on either way. Thank you.
[redacted]	Laura Beckett	[redacted]	[redacted]	[redacted]	This is Laura at Beckett. I'm calling also for my husband, Elmer Beckett. The phone number is [redacted] and our address is [redacted] Aubrey, Texas. I'm calling in response to the road that wants to be put behind our property. So any further studies of the teal route are requested to be removed. Citizens of those affected by the teal route would like to stop any further studies of this plan. The reasons for this request are potential home buyers are already turning away once they learn of a freeway being considered for the area. During the meeting there was a contention about how the teal route would negatively affect property values. Residents felt that it will drastically decrease property values, especially for those where the freeway will run through either their backyard or front yard and must listen to the construction noise for years. Residents disagree with TX DOT that it will increase property values. It is already having a negative impact on property values while taxes are increased. Therefore it is strongly requested to have the teal route completely and utterly removed from the plan. Thank you. This is Mark Beckett and Elmer Beckett. Thank you.
[redacted]	Judy Cline	[redacted]	[redacted]	[redacted]	My name is Judy Cline, [redacted] Sanger, Texas. I want to really ask you to please have the teal route completely removed from the plans. The neighborhood along Milam is developed. There's a lot of homes it's going to have impact on, people are going to have no way to get in and out of their property for years with the construction that that would take. It's going to have a big impact on our property values, it's going to decrease them not increase, and I just don't want a freeway going through my front yard. There's enough noise and traffic and trucks going by there now already and I just would like the teal route to be removed. Stop any further plans, any further studies on this plan. I appreciate your time and consideration of this. It's just going to have such an impact, there's other areas that won't involve so many families being disrupted and have their property taken away from them. I've been here 50 years and I plan to have more years here with it, too. So please consider another route and taking the teal route out of the plan. Thank you.

Public Meeting

US 380 Denton County Feasibility Study

US 380 from I-35 to the Collin County Line

November 30, 2021

Denton County, Texas

Public Meeting Purpose

1. **Inform the public of project status and present recommendations.**

2. **Describe the project so the public can determine how they may be affected.**

3. **Provide the public the opportunity to provide input.**

4. **Develop a record of public participation.**

Websites

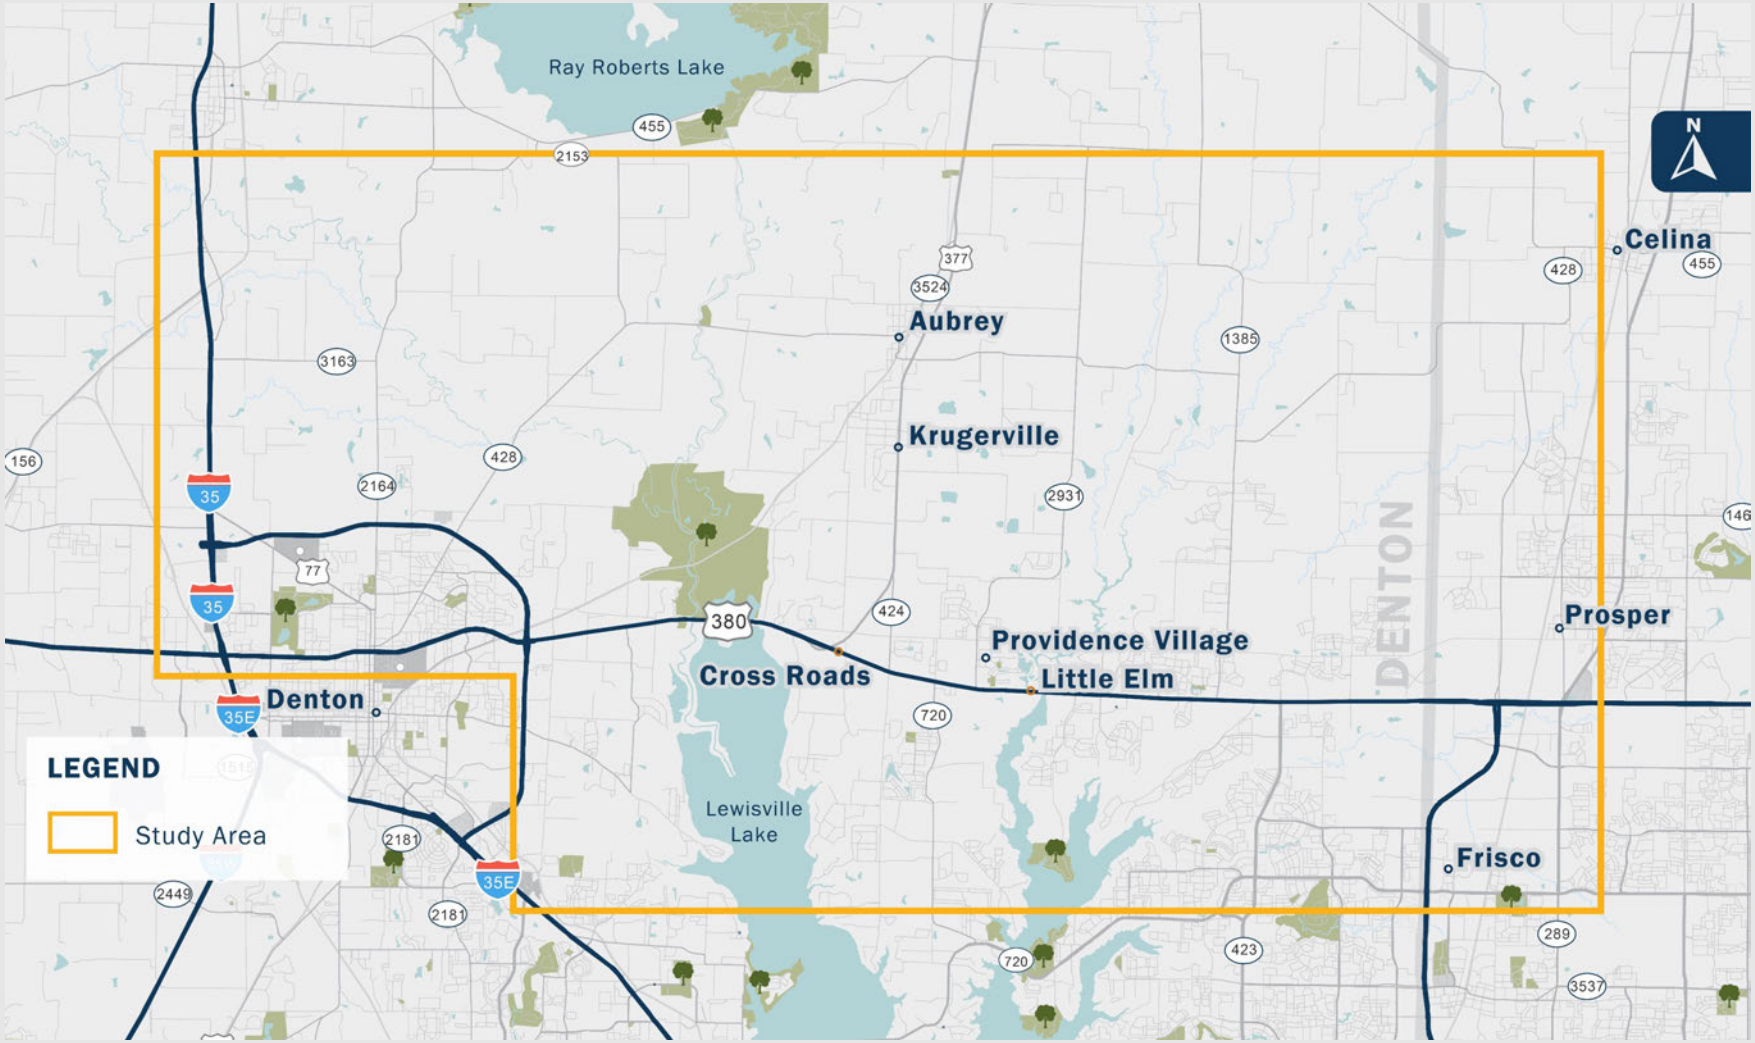

www.keepitmovingdallas.com/US380DentonPM3
Public Meeting Website

www.380dentonstudy.com

Feasibility Study Website

US 380 Denton County Feasibility Study

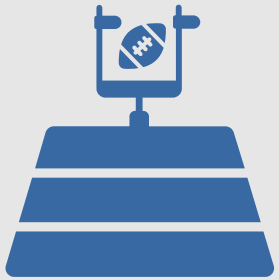

PROJECT LIMITS: From I-35 to the Collin County Line **COUNTY:** Denton

Change in Study Area Land Use

20,000+

Over 20,000 acres of farmland, ranch land, timberland, and vacant land has been converted to single family or commercial use in the study area between 2015 and 2021.

Equivalent to

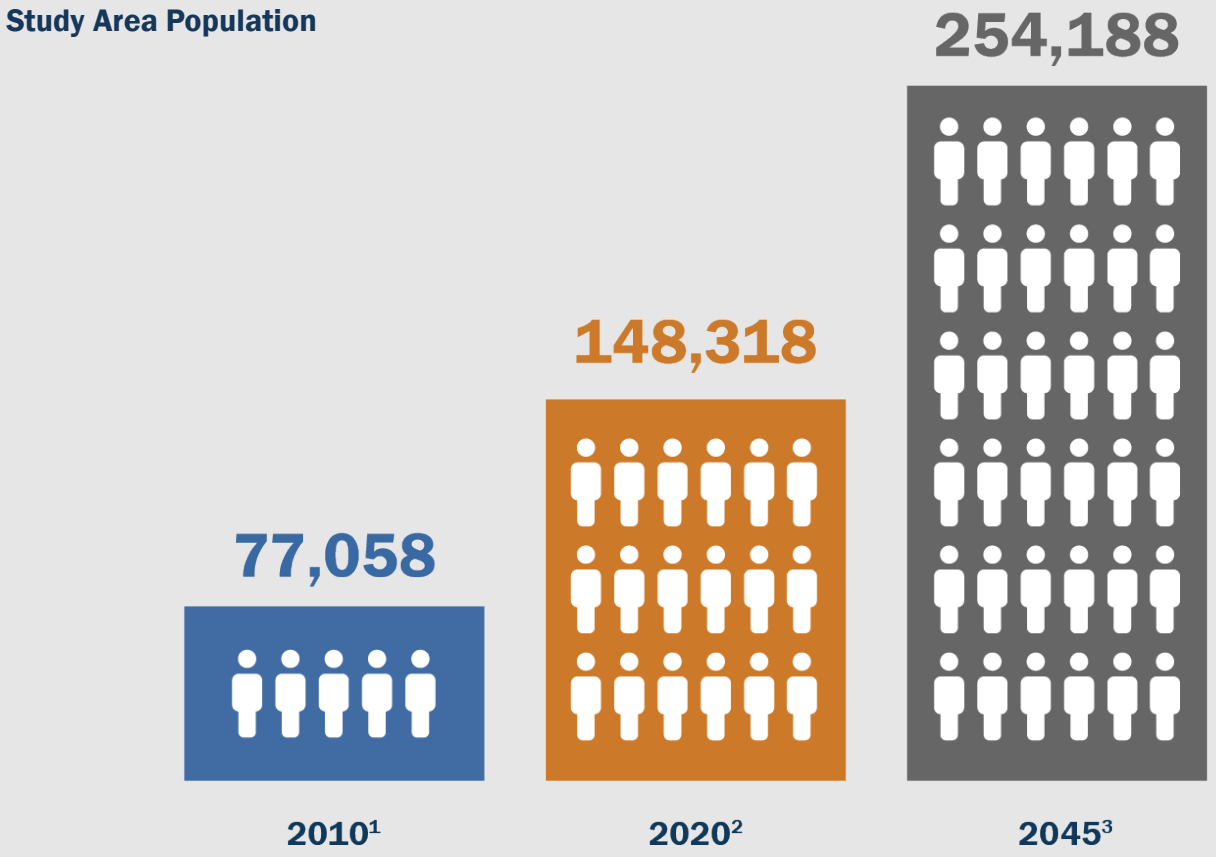

15,000

football fields

Study Area City Sizes for Comparison

Denton	63,000 acres
Little Elm	14,000 acres
Frisco	44,000 acres
Prosper	16,000 acres
Celina	20,000 acres

Change in Study Area Population

[1] Source: 2010 Census [2] Source: 2020 Census [3] Source: North Central Texas Council of Governments

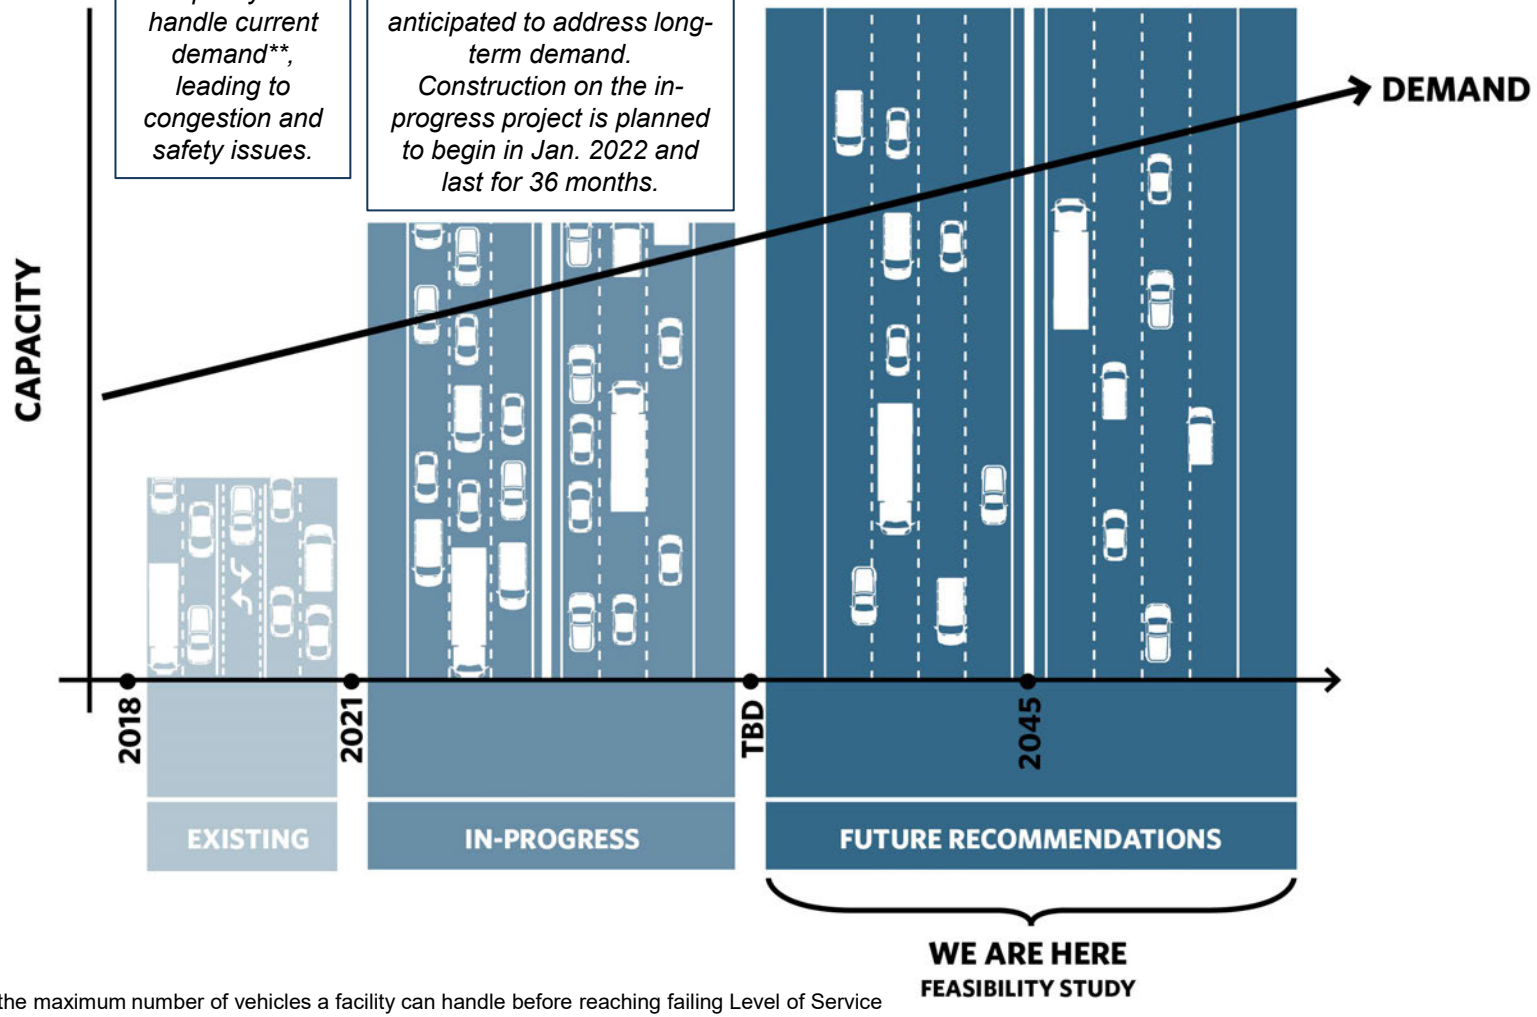

92% **Population increase between 2010 - 2020**

Traffic

The existing US 380 facility does not have sufficient capacity to handle current demand**, leading to congestion and safety issues.*

The in-progress project is expected to add capacity and provide safety enhancements to address current demand. It is not anticipated to address long-term demand. Construction on the in-progress project is planned to begin in Jan. 2022 and last for 36 months.

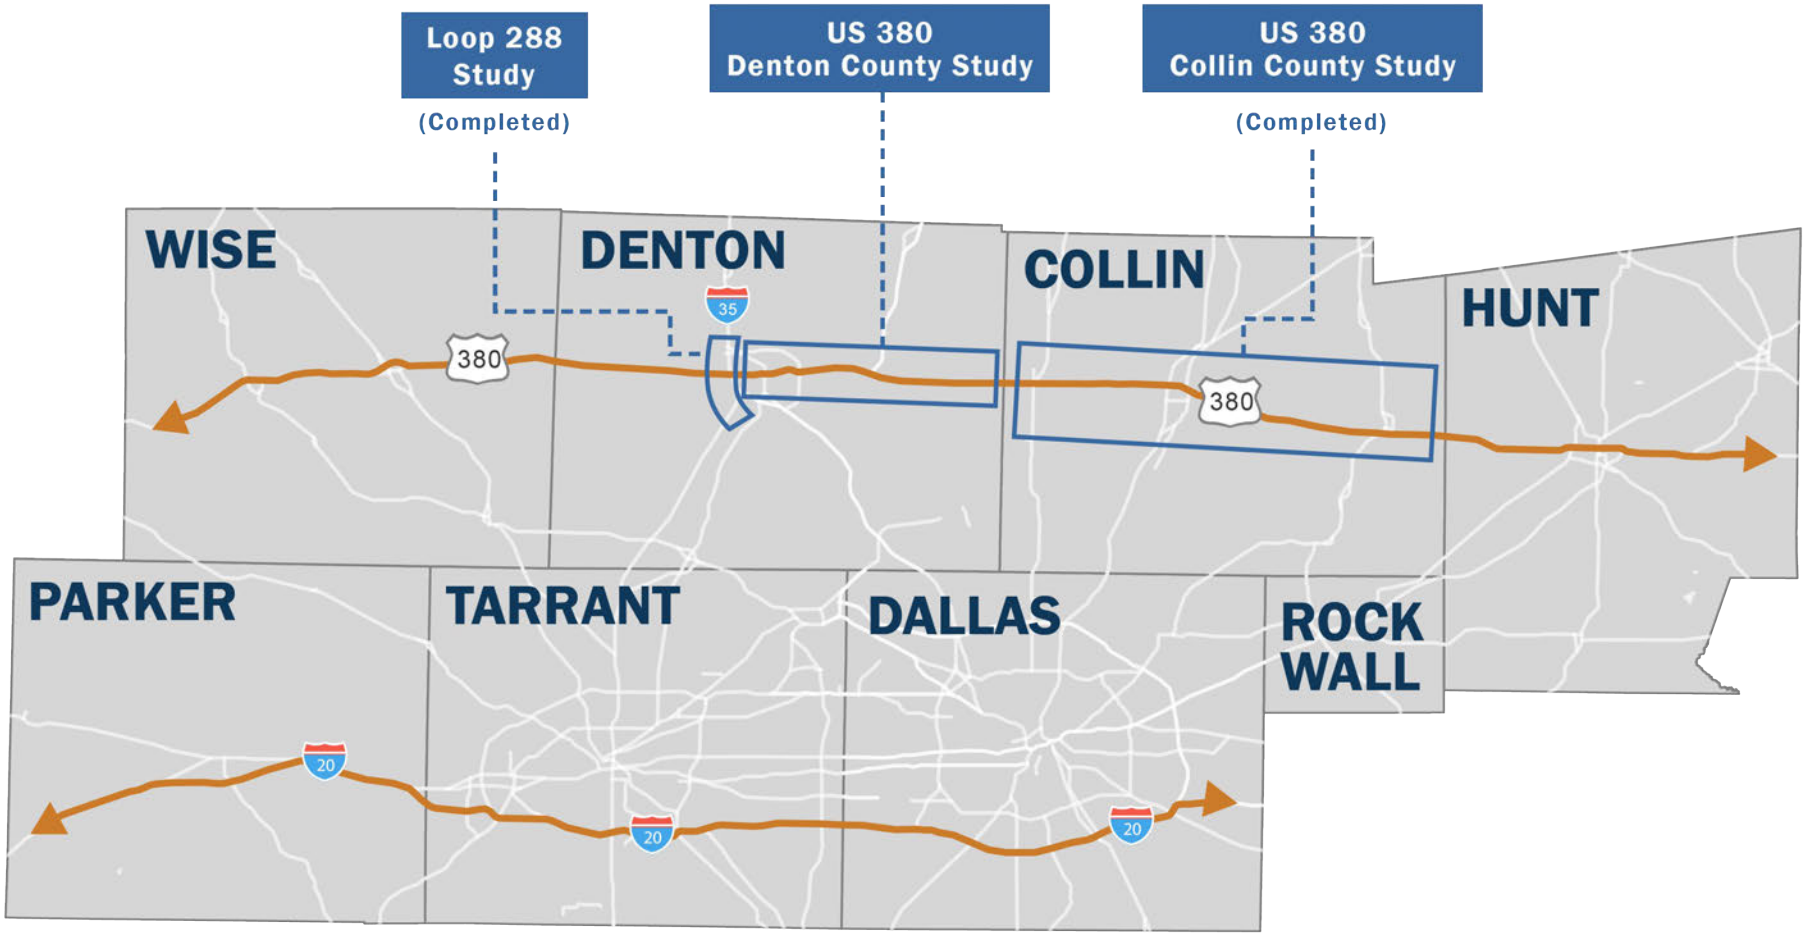

As the demand grows within the study area and region, TxDOT is evaluating recommendations to address long-term demand.

*Capacity is defined as the maximum number of vehicles a facility can handle before reaching failing Level of Service
**Demand is defined as the number of users that want to travel from one point to another

Study Details

- US 380 provides vital connectivity between Collin and Denton counties, similar to I-20 for Dallas and Tarrant counties. Currently, three major studies are working together to improve this connectivity. US 380 Denton County Feasibility Study and two recently completed studies: the Loop 288 Study in Denton County and the US 380 Collin County Feasibility Study.

Study Goals and Objectives

This study is anticipated to recommend a solution that has both regional and local benefits.

Regional

- Provide regional connectivity by providing an East-West connection serving Collin and Denton Counties
- Further enhance safety as the region grows

Local

- Provide reliable travel time and minimize congestion
- Enhance driver expectations for travel on US 380
- Minimize human and environmental impacts
- Provide roadway network reliability

October 2018 to Present: Input and Outreach Overview

Public Meeting #1: Initial Universe of Alignments and Feedback

Public Meeting #1 Feedback

Public Meeting #1 was held in January 2019 and the public provided input on their concerns about the existing US 380 alignments as well as potential improvements. Over 1,000 comments were received, including 901 surveys completed.

Biggest concern?

- 43% Congestion
- 41% Safety

Solution?

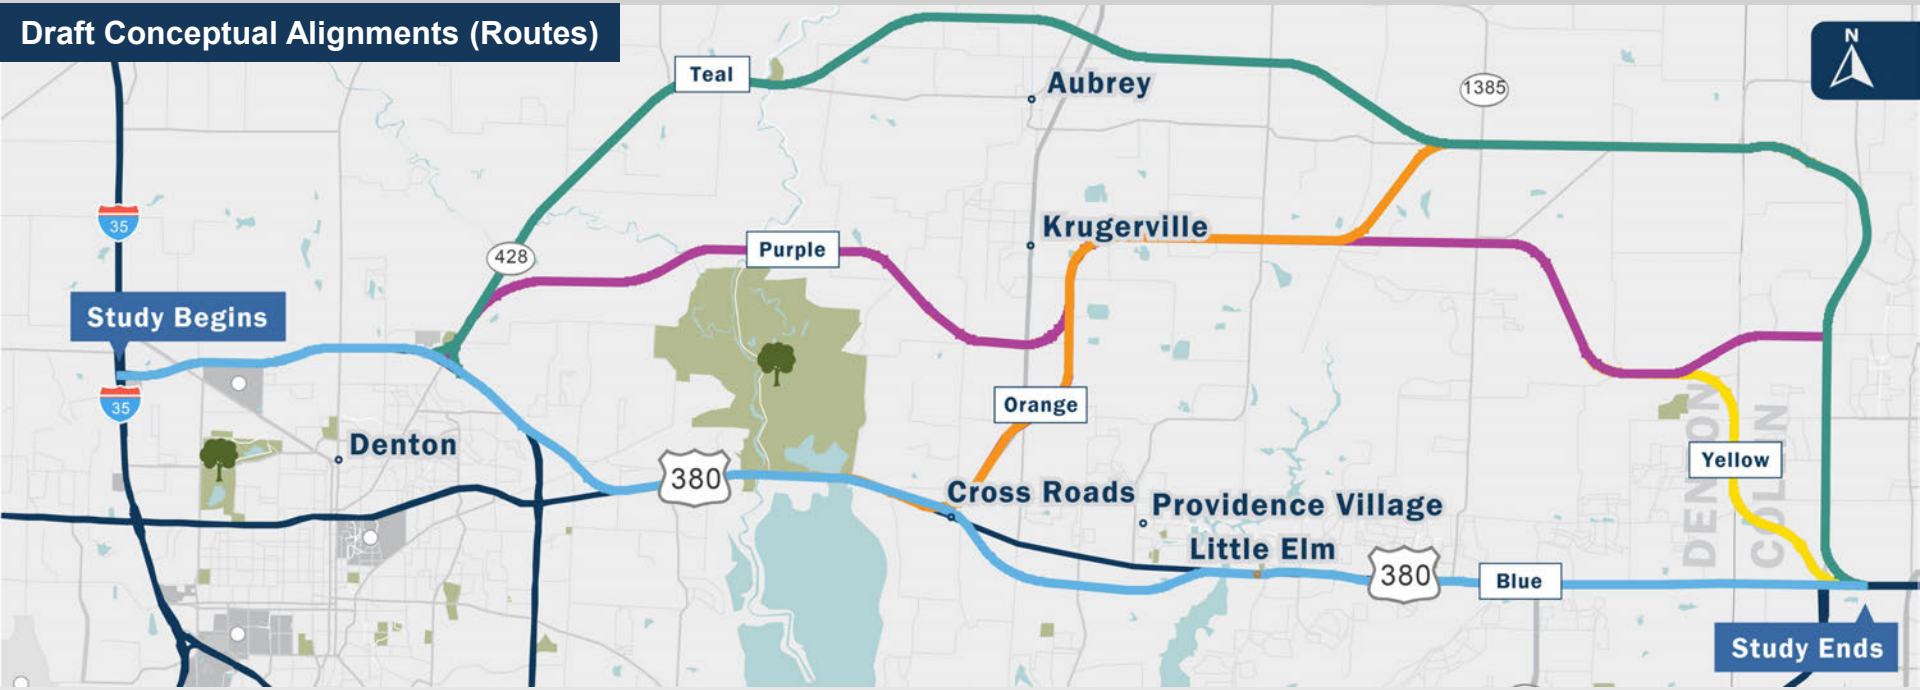

- 51% Improve Existing
- 21% Controlled Access Facility

Proposed Alignment?

- 30% Existing
- 14% North of Existing
- 28% Solution Not Defined

Public Meeting #2: Draft Conceptual Alignments and Feedback

Draft Conceptual Alignments (Routes)

Public Meeting #2 Feedback

Public Meeting #2 was held in December 2020 and the public provided input on the draft conceptual alignments that were presented in the virtual public meeting. Over 400 surveys were completed and over 300 comments were received during the public comment period.

TOP 3 CONCERNS: Environmental Impacts | Congestion | Safety

72% of survey responses prefer the Blue alignment

68% of survey responses prefer two freeways for the study area and consider the Blue and Teal conceptual alignments the most necessary.

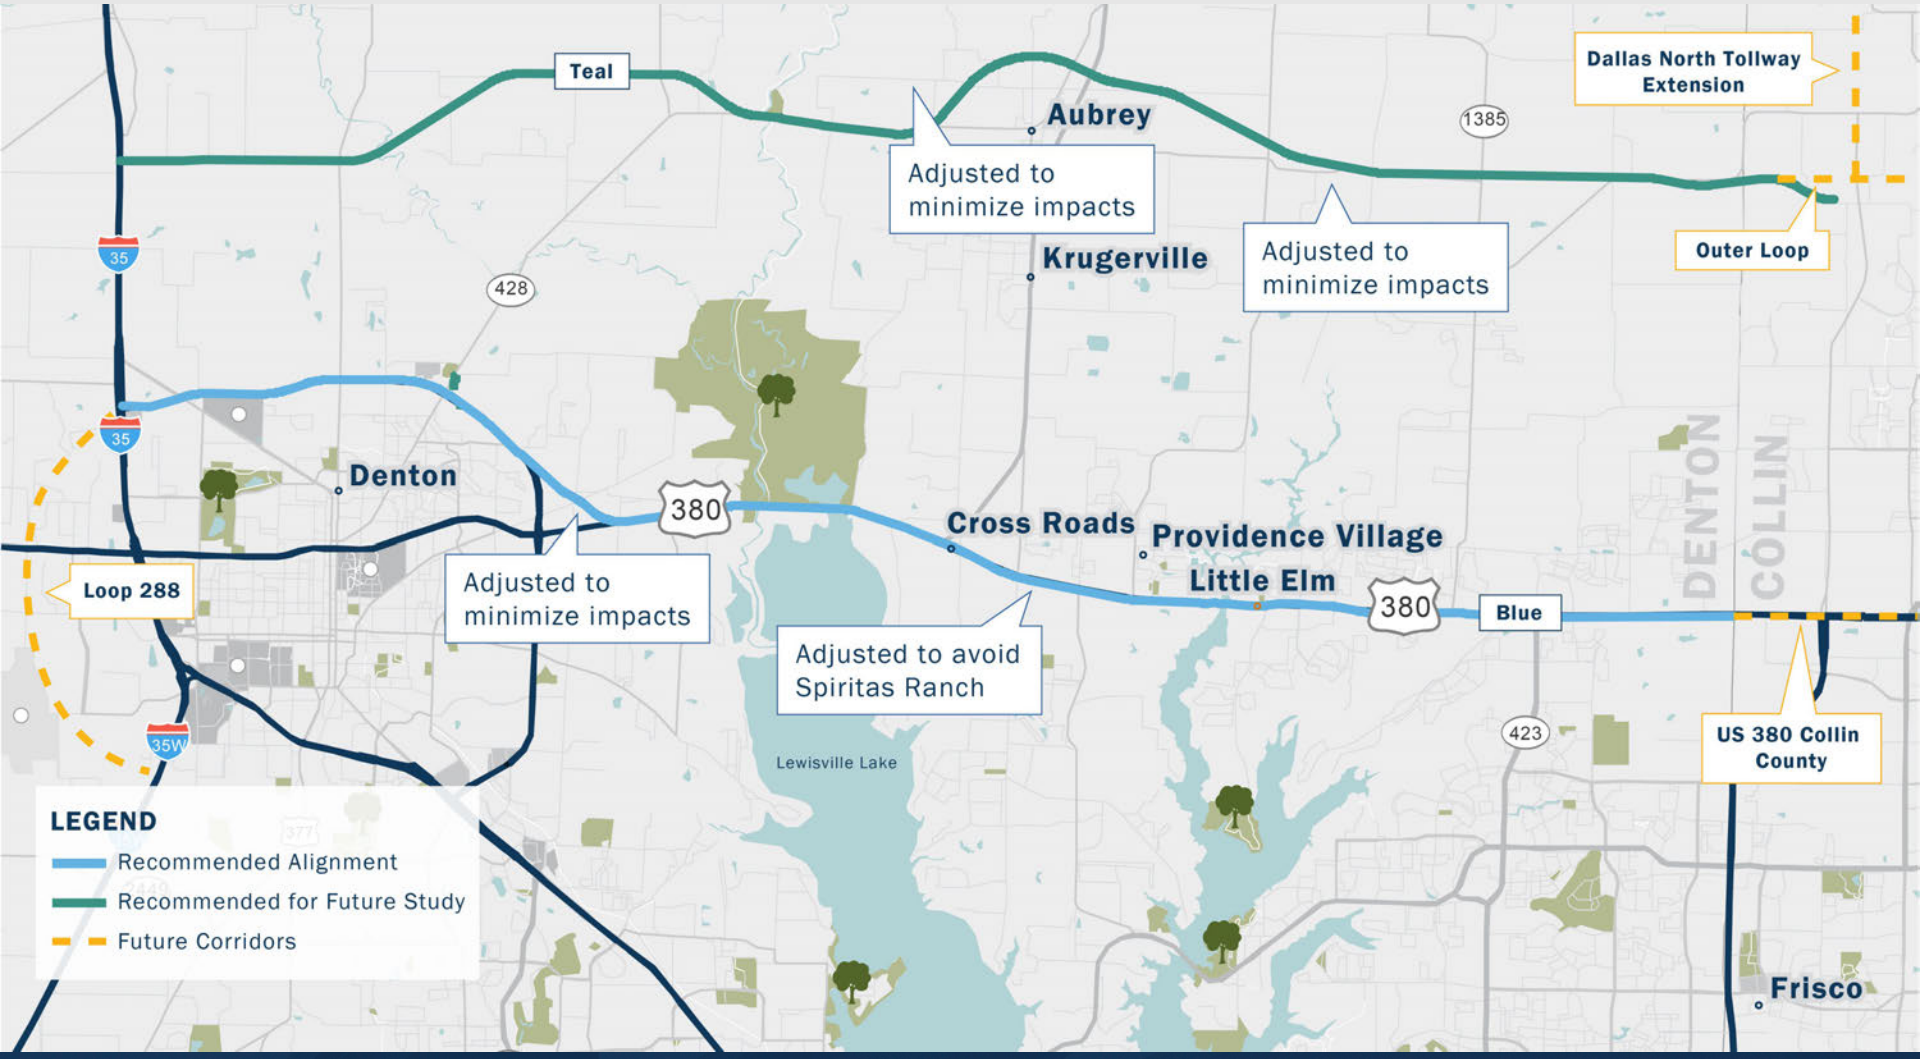

SUMMARY OF EVALUATION CRITERIA AND RECOMMENDATION(S)

Alternative Criteria	No Build	Blue	Yellow	Purple	Orange	Teal
		Recommended Alignment				Recommended for Further Study
Addresses Engineering/Mobility	N/A	●	◔	◔	◔	◔
Minimize Environmental Impacts	N/A	◕	◔	◔	◑	◑
Minimize Economics Impacts	N/A	◑	◕	◕	◔	◕
Overall	N/A	◕	◔	◔	◔	◑

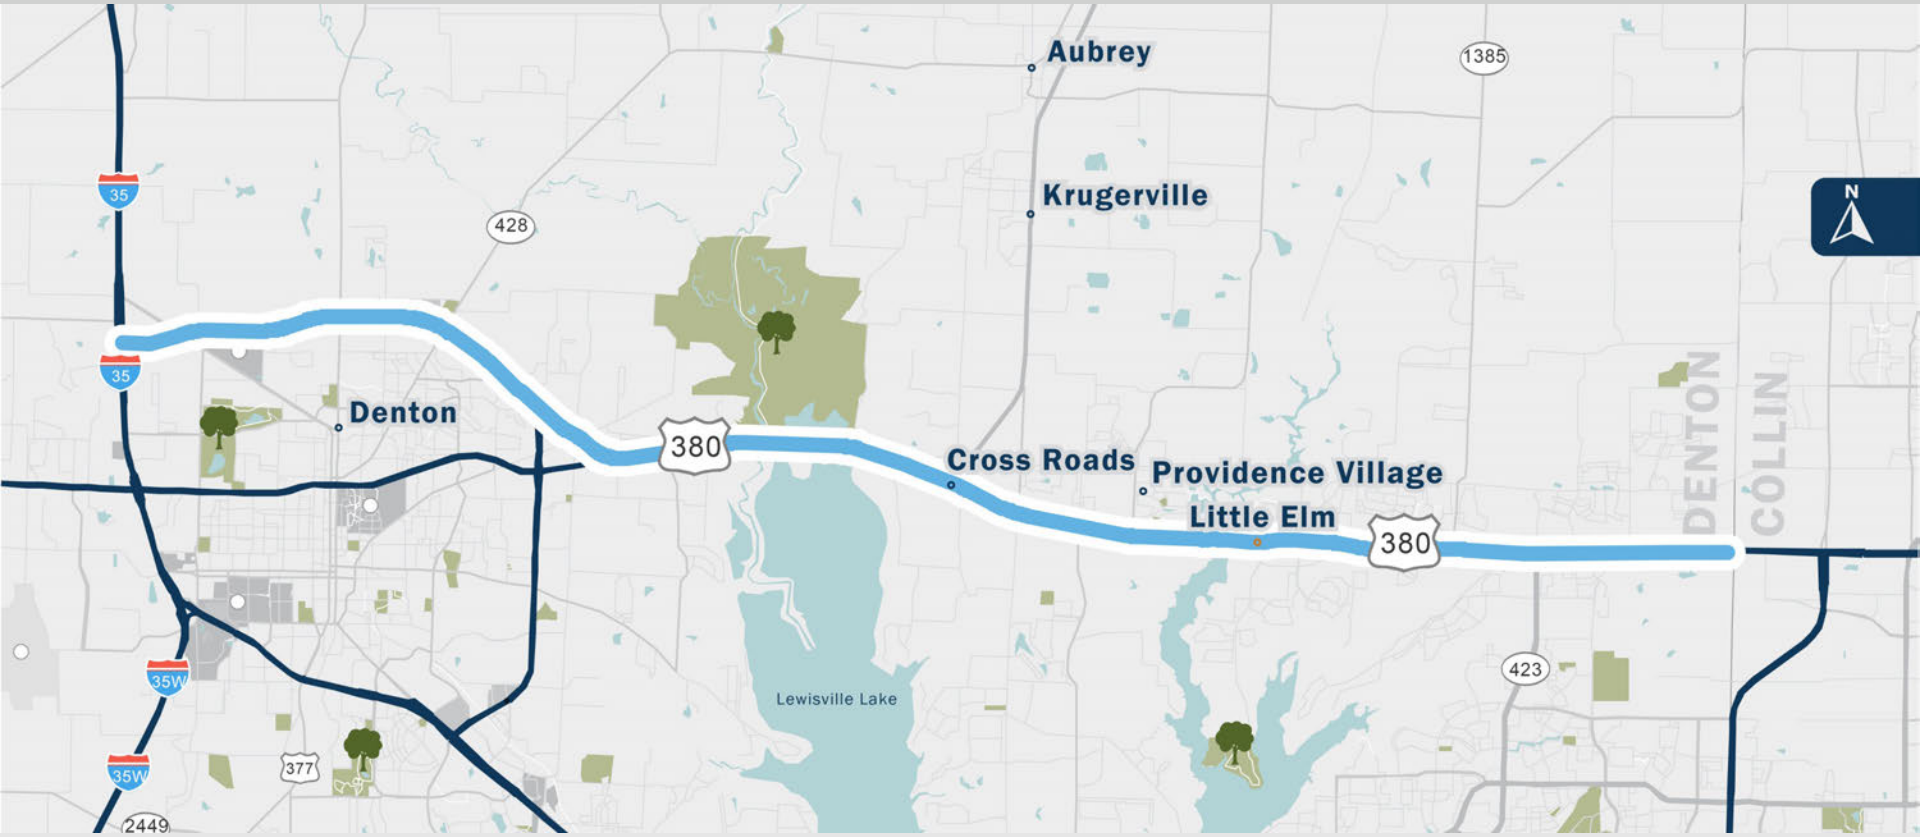

Criteria Rating Scale				
Does not achieve criteria	Sometimes meets criteria	Partially meets criteria	Mostly meets criteria	Highly meets criteria
○	◔	◑	◕	●

Study Recommendation – Further Evaluation

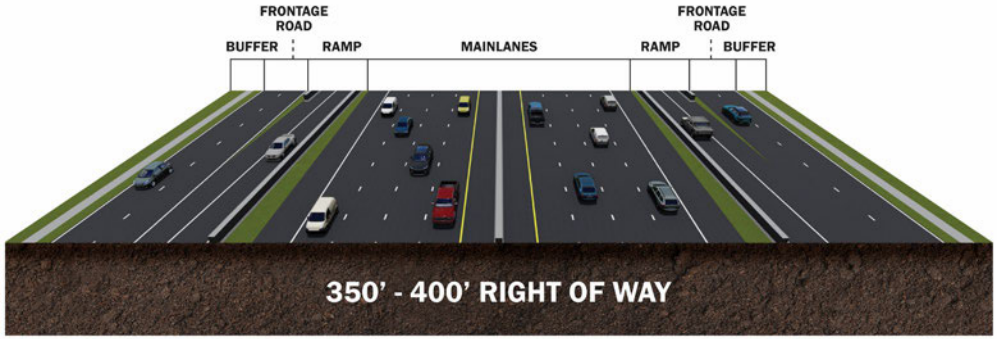

The Blue alignment is TxDOT's recommended alignment. The Teal alignment is being recommended for future study as both the Blue and Teal alignments are important to development in Denton and Collin counties.

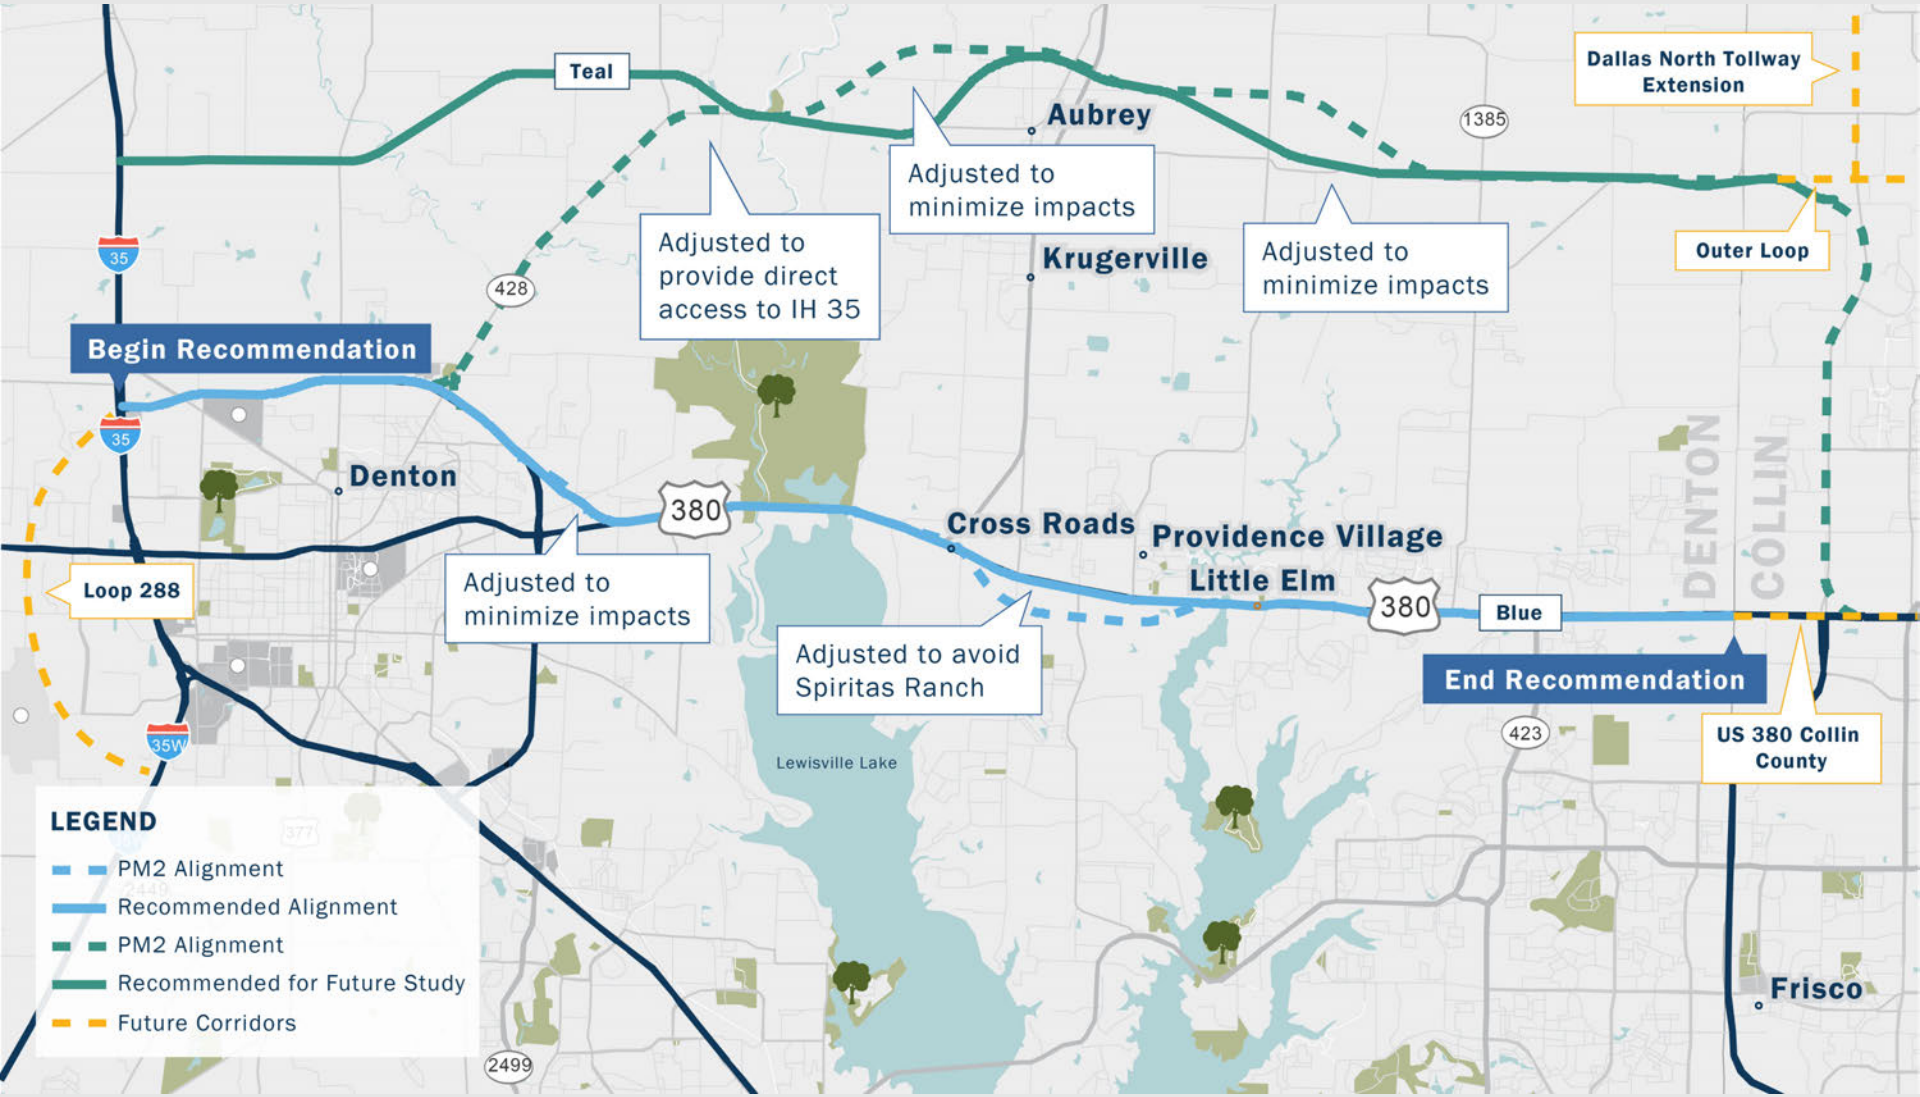

Study Recommendation

- 6-8 mainlanes and 4-6 frontage road lanes
- Accommodates 2045 travel demand volume forecast with acceptable level of service for the mainlanes
- Enhanced safety and limited access
- 350’-400’ right-of-way footprint

Study Recommendations

SUMMARY OF REGIONAL (STUDY AREA) ANNUAL DELAY COMPARISON

ALTERNATIVES	ESTIMATED ANNUAL DELAY (HOURS)	DECREASE IN ANNUAL DELAY
2045 (IN-PROGRESS)	106,098,500	N/A
2045 (BLUE)	92,626,500	13%
2045 (PURPLE/YELLOW)	96,244,400	9%
2045 (ORANGE)*	96,244,400	10%
2045 (TEAL)	95,578,300	10%

ALL BUILD ALTERNATIVES SIGNIFICANTLY REDUCE REGIONAL DELAY

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.
* Orange alternative delay hours were assumed to be similar to Teal alternative

SUMMARY OF US 380 CORRIDOR FUTURE (2045) DELAY COMPARISON

ALTERNATIVES	ANNUAL HOURS OF DELAY	PERCENT INCREASE IN CONGESTION
2020 (EXISTING)*	1,346,500	-
2045 (IN-PROGRESS)	**4,073,000**	**202%**
2045 (BLUE)	**1,513,700**	**12%**
2045 (PURPLE/YELLOW)	3,142,600	133%
2045 (ORANGE)**	2,899,500	115%
2045 (TEAL)	2,899,500	115%

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.
*Existing is based on TTI's 100 Most Congested Corridors
** Orange alternative delay hours were assumed to be similar to Teal alternative

Next Steps (subject to change)

2 types of studies that would be considered for this project include:

Environmental Assessment (EA)

- Along existing US 380
- No significant impacts expected
- Typically 1 to 2 years

OR

Environmental Impact Statement (EIS)

- New location
- Significant impacts expected
- Typically 2 to 4 years

Other viable alignments or changes to alignments can still be considered during environmental studies

Loop 288/US 380 Connection

▼

US 380 Freeway

*Environmental studies must be compliant with the National Environmental Policy Act.

How to Submit Your Comments

Please submit your comments regarding the design modifications presented in this Public Meeting by using any of the four methods below by our deadline, December 17, 2021.

E4. Public Meeting Presentation Script

US 380 Denton County Feasibility Study
Public Meeting Script

SLIDE 1 – Welcome Slide

Hello and welcome to the US 380 Denton County Feasibility Study public meeting. We appreciate your interest in this study and thank you for your participation.

Please note, you can pause this presentation at any point to allow more time to view the slides.

SLIDE 2 –Public Meeting Purpose

This public meeting has been convened by TxDOT and is being held to receive and consider comments regarding the US 380 Denton County Feasibility Study.

A public meeting has four essential purposes:

1. To inform the public of the project status and to present recommendations.

2. To describe the project so the public can determine how they may be affected.

3. To provide the public an opportunity to provide input.

4. And finally, to develop a record of public views and participation.

This public meeting is being held in compliance with both federal and state laws. Documentation of this meeting will be made available for the official record.

SLIDE 3 – Viewing Feasibility Study and Project Information

The study materials and other project information may be viewed at

www.keepitmovingdallas.com/US380DentonPM3

This presentation is intended to be a high-level overview of the feasibility study. Additional information can be viewed on the project website.

Slide 4 – Study Area

The US 380 Denton County Feasibility Study limits include US 380 from I-35 to the Collin County Line. The study area includes the area north and south of US 380 and includes the Cities of Denton, Providence Village, Frisco, Little Elm, Aubrey, Krugerville, and Celina, and the Towns of Prosper and Cross Roads.

SLIDE 5 – Change in Study Area Land Use

Change in land use from 2015 to 2021 includes both residential and commercial development under construction now, as well as what has been approved for development by municipalities in the Study Area. Over 20,000 acres of farmland, ranch land, timberland, and vacant land has been or will be converted to single family or commercial use. This is equivalent to 15,000 football fields or even the size of some of the adjacent cities within the study area. It should be noted that this number is anticipated to increase as more developments are planned.

Slide 6 – Change in Study Area Population

Population in the Study Area has grown 92% from 2010 to 2020 and is expected to continue to rise at a rapid pace. With an estimated 80% of commuters driving alone, the increase in vehicles associated with population growth only adds to the already high regional east-west demand on US 380.

Significant population growth is one of the many reasons this study is critical in identifying a recommended alignment to preserve right of way.

SLIDE 7 – Traffic

The existing US 380 facility does not have sufficient capacity to handle current demand. The project in-progress right now on US 380 is expected to add capacity and provide safety enhancements, however it is not anticipated to address long-term demand for the corridor.

Construction on the grade separation project is planned to begin in January 2022 and is anticipated to last for 36 months.

As the demand grows within the study area and region, TxDOT is evaluating recommendations to address long-term demand.

SLIDE 8 – Study Details

US 380 provides vital connectivity between Collin and Denton counties, similar to I-20 for Dallas and Tarrant counties. One significant difference between I-20 and US 380 is that I-20 is a high-capacity freeway facility and US 380 is at most a six-lane arterial with limited capacity. Due to regional and local growth and the lack of high-capacity facilities within Denton and Collin counties, TxDOT and local agencies are working together on three major studies to add capacity and improve connectivity. These are the US 380 Denton County

Feasibility Study, and the recently completed studies of Loop 288 in Denton County and US 380 in Collin County.

SLIDE 9 – Study Goals and Objectives

The study is anticipated to recommend a solution that has both regional and local benefits. One or more recommended alignments would enhance regional connectivity by providing an east-west connection serving Collin and Denton Counties. An additional regional objective is to further enhance safety of the corridor as the region continues to grow. Locally, a recommended alignment would help provide reliable travel time and minimize congestion, enhance driver expectations, minimize human and environmental impacts, and provide roadway network reliability.

SLIDE 10 – October 2018 to Present: Input and Outreach Overview

Since October 2018, TxDOT has worked with the public to receive and consider comments regarding the US 380 Denton County Feasibility Study. Between spring and fall 2018, TxDOT collected data on the study area, leading to the development of many initial alternative alignments for US 380 in winter 2018. The first public meeting for the US 380 Denton County Feasibility Study occurred in January 2019. Between spring 2019 and summer 2020, TxDOT worked to narrow the initial alternatives to five conceptual alignments for the project, using public input and stakeholder feedback. In December 2020, a second public meeting was held virtually due to COVID-19. After the second public meeting, TxDOT refined the five conceptual alignments based on additional public input, resulting in a final recommended alignment. Now, we are holding a third public meeting, and the final study report will be completed in spring 2022.

SLIDE 11 – Public Meeting #1: Initial Universe of Alignments and Feedback

Public meeting #1 was held in January 2019 and the public provided input on their concerns about the existing US 380 alignments as well as potential improvements. Over 1,000 comments were received including 901 surveys. Based on survey feedback, individuals expressed that congestion and safety were of greatest concern. 51% of individuals felt that improving the existing US 380 was the best solution for the area. Lastly, when presented with proposed alignments, 30% favored the existing alignment, and 14% believed the solution was north of the existing alignment. 28% of respondents were not sure what the best solution for the study area is. Using this feedback, TxDOT expanded the study limits north to evaluate additional east to west corridors such as the Outer Loop corridor and develop the conceptual alignments for public meeting #2.

SLIDE 12 – Public Meeting #2: Draft Conceptual Alignments and Feedback

Public meeting #2 was held in December 2020 and the public provided input on the draft conceptual alignments that were presented in the virtual public meeting. Over 400 surveys and over 300 comments were received during the public comment period. Of the 400 survey responses, 72% preferred the blue alignment. Regarding the public's priorities for the project, minimizing human and environmental impacts, congestion, and safety were the three top priorities. And lastly, 68% of survey responses recognized the need for two freeways for the study area and 30% consider the Blue and Teal conceptual alignments the most necessary.

SLIDE 13 – Summary of Evaluation Criteria and Recommendations

This table summarizes the data and feedback received in Public Meeting #2 and includes an overall rating on how well each alternative addresses the study's criteria and/or goals and objectives. The symbols you see illustrate how well each alternative addressed the overall category's criteria. The filled circle indicates that the alternative highly meets the criteria and the empty circle indicates that the alternative did not meet the criteria. For simplicity, the more filled the circle the better the alternative did. For additional details regarding the evaluation and changes, please see the public meeting boards on the public meeting web page.

With that said, the Blue alternative achieved the highest rating and therefore it is TxDOT's recommended alignment for US 380.

SLIDE 14 – Study Recommendations – Further Evaluation

Unique to this study's findings, TxDOT is also recommending that the Teal alternative be recommended for future study as it will play an important role in serving future developments north of US 380 within Denton and Collin Counties.

For the purposes of this Public Meeting and for the US 380 Corridor, the remaining contents of this presentation will be focused on the US 380 recommended alignment, the Blue alternative.

SLIDE 15 – Study Recommendations

The map shown illustrates the recommended blue alignment from I-35 to the Denton/Collin County line. TxDOT will seek to provide a freeway corridor consisting of 6-8 mainlanes and 4-6 frontage road lanes which is anticipated to accommodate 2045 travel demand. Furthermore, the freeway is anticipated to reduce

crash rates. Overall, the anticipated total right of way width will vary in areas but is likely to be between 350'-400'.

Slide 16 – Study Recommendations

Based on public input from public meeting #2, adjustments to the alignments were made and are represented in the map shown. The dotted lines represent public meeting #2 alignments, and the solid lines represent the study primary recommendation, the blue line, and the alignment recommended for further study, the teal line. The teal alignment, based on public and local agency feedback, was adjusted to provide direct access to I-35 and minimize impacts to existing residences. The blue alignment, based on public feedback, was adjusted to avoid the developing Spiritas Ranch in Little Elm and minimize impacts in the US 380/Loop 288 connection. To reiterate, the US 380 recommended alignment is the solid blue alignment.

Slide 17 – Key Factors for Decision

Many factors contributed to TxDOT's recommendation, including estimated travel delay throughout Denton County. The table shown illustrates what annual hours of delay would be experienced if one of the alignments considered during public meeting number two were constructed. Due to the growth in the region, all build alternatives would significantly reduce regional delay, however the blue alignment would bring the most reduction of travel delays.

Slide 18 – Key Factors for Decision

A key factor for TxDOT's recommended alignment decision was the anticipated delay or forecasted congestion for the US 380 corridor. The table shown illustrates what delay or congestion currently exists along the corridor in the 2020 Existing row and what is anticipated by 2045 for different alternatives. As you can see in the 2045 In-Progress row, if no additional improvements are made along the corridor beyond the in-progress project, congestion is anticipated to increase over 200%, making it three times what was experienced in the year 2020.

Overall, you'll notice that the Blue alternative significantly outperformed all other alternatives in the year 2045. The purple, yellow, orange, and teal alternatives were unable to effectively serve travel demand which is concentrated along the US 380 corridor due to the location of development and lack of nearby alternative routes.

SLIDE 19 – Next Steps

Once the Feasibility Study is completed in 2022, the next steps for this project are outlined here. Once the corridor is identified, it may be separated into independent projects which are prioritized based on need. The projects are then moved to the Environmental studies and schematic phase: in this phase, other viable alignments or changes to alignments can still be considered during environmental studies. Once the

environmental study is complete, final design and construction plans are developed. Phased construction cannot begin until funding is identified.

The study recognized the urgency to acquire the necessary right of way for the improvements as soon as possible in order to minimize future displacements. Phased construction projects for this recommendation would likely include phasing of the US 380 and Loop 288 connection, the construction of frontage roads for Loop 288, and then ultimately the new freeway of US 380.

SLIDE 20 – How to Submit Your Comments

Following this public meeting, the Department will continue to refine the recommended alignment. Your comments will be considered and will be responded to in a public meeting summary report.

Comments will be accepted in several ways. You may complete an online comment form, submit a written comment via email to Stephen.Endres@txdot.gov, submit a written comment via US mail to TxDOT Dallas District Office, Attention Stephen Endres, P.E., 4777 E. Highway 80, Mesquite, TX 75150, or leave a verbal comment via voicemail at (833) 933-0439.

Comments must be received or postmarked within 15 days of the meeting date, which is December 17, 2021, to be part of the official virtual public meeting record.

Questions on this project may be directed to the TxDOT Project Manager, Stephen Endres, P.E. at Stephen.Endres@txdot.gov.

SLIDE 21 – Thank you!

We appreciate your participation and interest concerning the US 380 Denton County Feasibility Study.

Thank you, this concludes the presentation.

Welcome

US 380 Denton County Feasibility Study – From I-35 to the Collin County Line

Thank you for your participation in our virtual public meeting! The entire session should take no more than 20 minutes to complete. This virtual public meeting consists of presentation materials explaining the study purpose, alternatives being analyzed, and the process for evaluation. The virtual public meeting will be live from November 30, 2021 and will remain available online through the comment period deadline of December 17, 2021.

0:00 / 1:14

Meeting Purpose

- Inform the public of project status and present recommendations.
- Describe the project so the public can determine how they may be affected.
- Provide the public the opportunity to contribute input.
- Develop a record of public participation.

How to Navigate

- Click the arrow on the right side of your screen.
- Use the navigation bar at the left of your screen to revisit any part of the meeting.
- Click through all seven (7) pages to view all materials.

Comments

To provide a written comment at any point, click the "Comment" button at the top right of your screen. You may close the form to continue through the slides. Once finished, please make sure to hit "Submit" to confirm that your comment is sent.

Study Location

The US 380 Denton County Feasibility Study limits include US 380 from I-35 to the Collin County Line. The study area includes the area north and south of US 380 and includes the Cities of Denton, Providence Village, Frisco, Little Elm, Aubrey, Krugerville, and Celina, and the Towns of Prosper and Cross Roads.

Click the study area and regional connectivity map images to enlarge.

Study Goals and Objectives

The study is anticipated to recommend a solution that has both regional and local benefits.

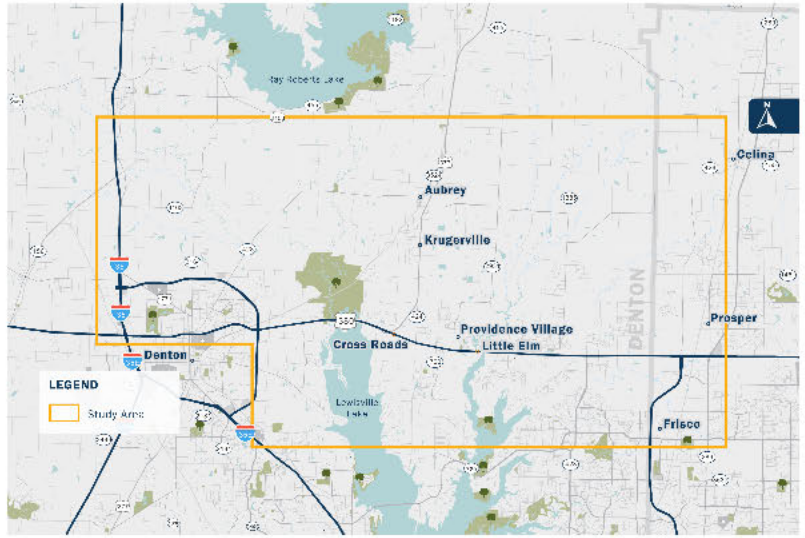

Regional

- Provide regional connectivity by providing an East-West connection serving Collin and Denton Counties
- Further enhance safety as the region grows

Local

- Provide reliable travel time and minimize congestion
- Enhance driver expectations
- Minimize human and environmental impacts
- Provide roadway network reliability

380

US 380 provides vital connectivity between Collin and Denton counties, similar to I-20 for Dallas and Tarrant counties. Currently, three major studies are working together to improve this connectivity. US 380 Denton County Feasibility Study and two recently completed studies: the Loop 288 Study in Denton County and the US 380 Collin County Feasibility Study.

Change in Study Area

Over 20,000 acres of farmland, ranch land, timberland, and vacant land has been converted to single family or commercial use in the study area between 2015 and 2021.

Equivalent to **15,000** football fields

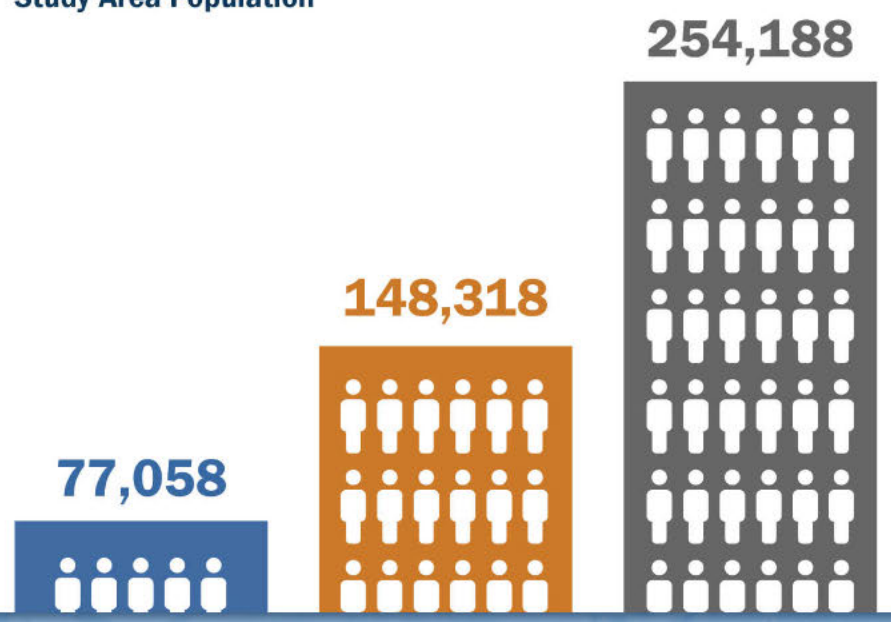

Study Area City Sizes for Comparison

Denton	63,000 acres
Little Elm	14,000 acres
Frisco	44,000 acres
Prosper	16,000 acres
Celina	20,000 acres

Study Area Population Growth

Population in the Study Area has grown 92% from 2010 to 2020 and is expected to continue to rise at a rapid pace. According to the North Central Texas Council of Governments (NCTCOG), the projected population in this study area for 2045 is 254,188.

Study Timeline

0:00 / 2:20

Since fall 2018, TxDOT has engaged the public on the US 380 Denton County Feasibility Study, collecting feedback and adjusting planning based on public input. This virtual public meeting is the third, and last, public meeting on the US 380 Denton County Feasibility Study.

Click the timeline graphic to enlarge.

Review summary information from two public meetings below.

- Public Meeting #1 – January 2019
- Public Meeting #2 – December 2020

Public Meeting #1 Feedback

The public provided input on their concerns about the existing US 380 alignments as well as potential improvements. Based on survey feedback, individuals expressed congestion and safety were of greatest concern. 51% of individuals felt improving the existing US 380 was the best solution for the area. Lastly, when presented with proposed alignments, 30% favored the existing alignment, and 14% believed the solution was north of the existing alignment. 28% of respondents were not sure what the best solution

Public Meeting #2 Feedback

The public provided input on the draft conceptual alignments that were presented in the virtual public meeting. Over 400 surveys and over 300 comments were received during the public comment period. Of the 400 survey responses, 72% preferred the blue alignment. Regarding the public's priorities for the project, minimizing human and environmental impacts, congestion, and safety were the three top priorities. And lastly, 68% of survey responses recognized the need for two freeways for the study area

Evaluation of Alternatives

Evaluation Criteria

0:00 / 1:59

This table summarizes the data and feedback received in Public Meeting #2 and includes an overall rating on how well each alternative addresses the study's criteria and/or goals and objectives. The symbols you see illustrate how well each alternative addressed the overall category's criteria. The filled circle indicates that the alternative highly meets the criteria and the empty circle indicates that the alternative did not meet the criteria. For simplicity, the more filled the circle the better the alternative did. *With that said, the Blue alternative achieved the highest rating and therefore it is TxDOT's recommended alignment for US 380.*

Unique to this study's findings, *TxDOT is also recommending that the Teal alternative be recommended for future study* as it will play an important role in serving future developments north of US 380 within Denton and Collin Counties. For the purposes of this Public Meeting and for the US 380 Corridor, the remaining contents of this presentation will be focused on the US 380 recommended alignment, the Blue alternative.

Many factors are considered to determine the viability of an alignment.

Evaluation criteria can be grouped into engineering, environmental, and economic factors. As part of the evaluation process, data is collected in each of these areas to fully understand the impact of each alignment.

Study Recommendations

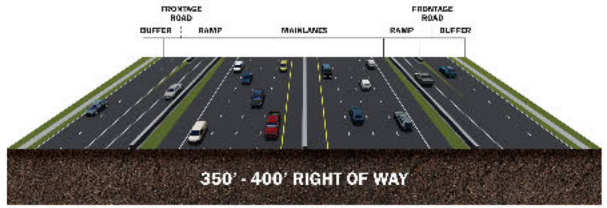

The map shown illustrates the recommended blue alignment from IH 35 to the Denton/Collin County line. TxDOT will seek to provide a freeway corridor consisting of 6-8 mainlanes and 4-6 frontage road lanes which is anticipated to accommodate 2045 travel demand. Furthermore, the freeway is anticipated to reduce crash rates. Overall, the anticipated total right of way width will vary in areas but is likely to be between 350'-400'.

0:00 / 2:23

Proposed Roadway Typical Section – Controlled Access Freeway

- 6-8 mainlanes and 4-6 frontage road lanes
- Accommodates 2045 travel demand volume forecast with acceptable level of service
- Enhanced safety and limited access
- 350'-400' right-of-way footprint

Adjustments from Previous Alignments and Further Evaluation

Based on public input from public meeting #2, adjustments to the alignments were made and are represented in the map shown. The dotted lines represent public meeting #2 alignments, and the solid lines represent the study primary recommendation, the blue line, and the alignment recommended for further study, the teal line.

The teal alignment, based on public and local agency feedback, was adjusted to provide direct access to I-35 and minimize impacts to existing residences. Unique to this study's findings, TxDOT is also recommending that the Teal alternative be recommended for future study as it will play an important role in serving future developments north of US 380 within Denton and Collin Counties.

The blue alignment, based on public feedback, was adjusted to avoid the developing Spiritas Ranch in Little Elm and minimize impacts in the US 380/Loop 288 connection. To reiterate, the US 380 recommended alignment is the solid blue alignment.

Key Factors for Decision

Many factors contributed to TxDOT's recommendation, including estimated travel delay throughout Denton County. The table shown illustrates what annual hours of delay would be experienced if one of the alignments considered during public meeting number two were constructed. Due to the growth in the region, all build alternatives would significantly reduce regional delay, however the blue alignment would bring the most reduction of travel delays.

A key factor for TxDOT's recommended alignment decision was the anticipated delay or forecasted congestion for the US 380 corridor. The table shown illustrates what delay or congestion currently exists along the corridor in the 2020 Existing row and what is anticipated by 2045 for different alternatives. As you can see in the 2045 In-Progress row, if no additional improvements are made along the corridor beyond the in-progress project, congestion is anticipated to increase over 200%, making it three times what was experienced in the year 2020.

Overall, you'll notice that the Blue alternative significantly outperformed all other alternatives in the year 2045. The purple, yellow, orange, and teal alternatives were unable to effectively serve travel demand which is concentrated along the US 380 corridor due to the location of development and lack of nearby alternative routes.

Summary of US 380 Corridor Future (2045) Delay Comparison

Alternatives	Annual Hours of Delay	Percent Increase in Congestion
2020 (Existing)*	1,346,500	–
2045 (In-Progress)	**4,073,000**	**202%**
2045 (Blue)	**1,513,700**	**12%**
2045 (Purple/Yellow)	3,142,600	133%
2045 (Orange)**	2,899,500	115%
2045 (Teal)	2,899,500	115%

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.

*Existing is based on TTI's 100 Most Congested Corridors
**Orange alternative delay hours were assumed to be similar to Teal alternative

Study of Regional (Study Area) Annual Delay Comparison

Alternatives	Estimated Annual Delay (Hours)	Decrease in Annual Delay
2045 (In-Progress)	106,098,500	N/A
2045 (Blue)	92,626,500	13%
2045 (Purple/Yellow)	96,244,400	9%
2045 (Orange)*	96,244,400	10%
2045 (Teal)	95,578,300	10%

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.

*Orange alternative delay hours were assumed to be similar to Teal alternative

Transition from Feasibility Study to NEPA Process

Once the Feasibility Study is completed in 2022, the next steps for this project are outlined here. Once the corridor is identified, it may be separated into independent projects which are prioritized based on need. The projects are then moved to the Environmental studies and schematic phase: in this phase, other viable alignments or changes to alignments can still be considered during environmental studies. Once the environmental study is complete, final design and construction plans are developed. Phased construction cannot begin until funding is identified.

The study recognized the urgency to acquire the necessary right of way for the improvements as soon as possible in order to minimize future displacements. Phased construction projects for this recommendation would likely include phasing of the US 380 and Loop 288 connection, the construction of frontage roads for Loop 288, and then ultimately the new freeway of US 380.

How to Submit Your Comments

Please submit your comments regarding the design modifications presented in this Public Meeting by using any of the four methods listed here by our deadline, **December 17, 2021**.

0:00 / 1:07

For general questions about the presentation or the project, please contact TxDOT Project Manager, Stephen Endres, P.E. at Stephen.Endres@txdot.gov.

Thank you!

We sincerely appreciate your participation and interest concerning the US 380 Denton County Feasibility Study. Your questions, comments, and concerns will receive careful consideration.

E7. Public Meeting Boards

Texas Department of Transportation

Welcome

Public Meeting

US 380 Denton County Feasibility Study

US 380 from I-35 to the Collin County Line

November 30, 2021
Prosper ISD Children's Health Stadium

Denton County, Texas
CSJ: 0135-10-061, 0135-10-062, 2250-02-022

Public Meeting Purpose

1. Inform the public of project status and present recommendations.
2. Describe the project so the public can determine how they may be affected.
3. Provide the public the opportunity to provide input.
4. Develop a record of public participation.

Texas Department of Transportation

Welcome

Public Meeting

US 380 Denton County Feasibility Study

US 380 from I-35 to the Collin County Line

December 2, 2021
Denton Civic Center

Denton County, Texas
CSJ: 0135-10-061, 0135-10-062, 2250-02-022

Public Meeting Purpose

1. Inform the public of project status and present recommendations.
2. Describe the project so the public can determine how they may be affected.
3. Provide the public the opportunity to provide input.
4. Develop a record of public participation.

National Environmental Policy Act (NEPA) Assignment to the Texas Department of Transportation

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Las revisiones y consultas ambientales, y otras acciones requeridas por las leyes ambientales Federales aplicables para este proyecto están siendo, o han sido, llevadas a cabo por TxDOT con respecto al 23 U.S.C. 327 y un Memorándum de Entendimiento con Fecha el 9 de Diciembre, 2019, y fueron ejecutadas por FHWA y TxDOT.

Projected 2021 Congestion[1]

Projected 2045 Congestion[2]

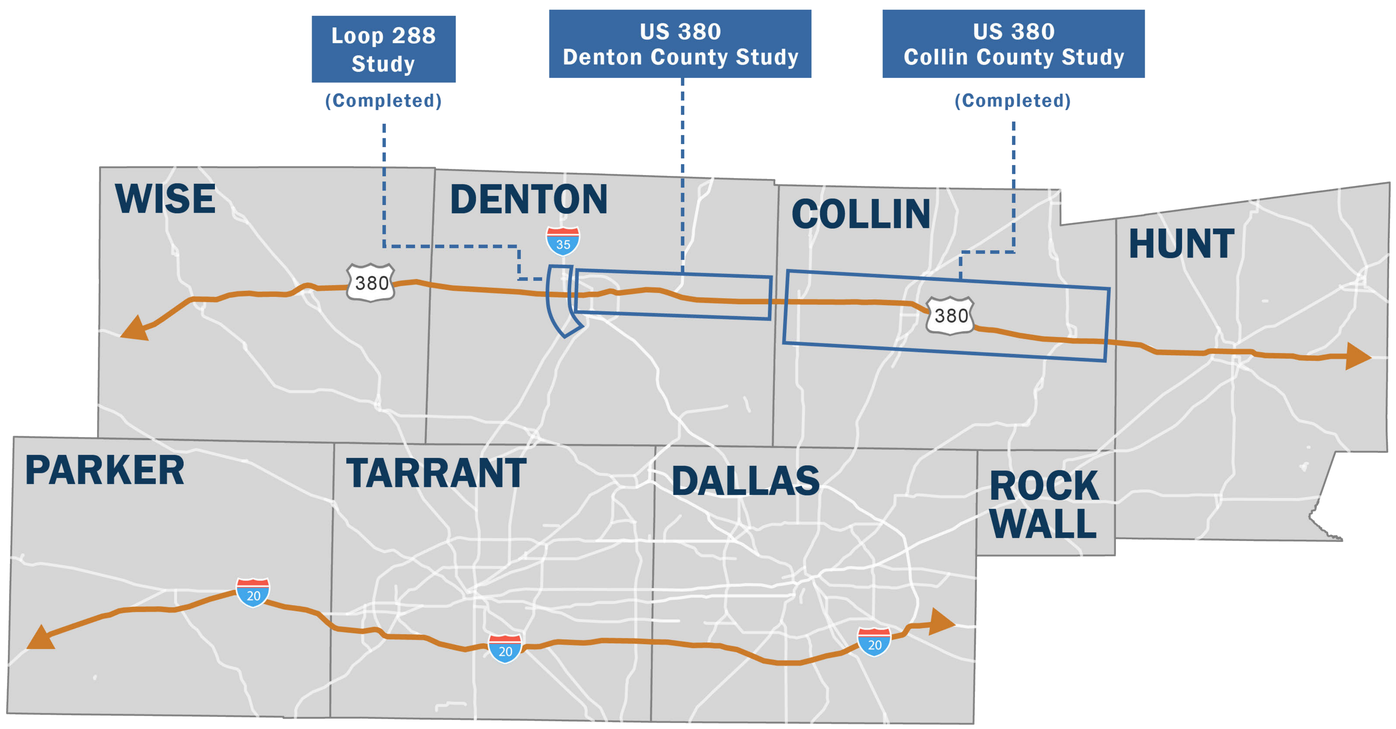

US 380 Grade Separation In-Progress Project

Project Begin: January 2022 | Duration: 36 months

*Capacity is defined as the maximum number of vehicles a facility can handle before reaching failing Level of Service
**Demand is defined as the number of users that want to travel from one point to another
[1 and 2] Source: NCTCOG 2045 Mobility Report

Study Details

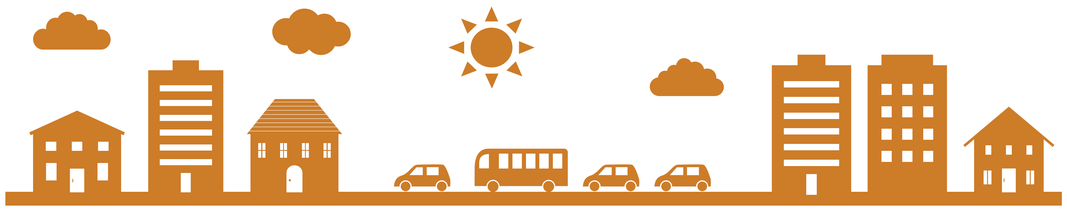

US 380 provides vital connectivity between Collin and Denton counties, similar to I-20 for Dallas and Tarrant counties.

Currently, three major studies are working together to improve this connectivity. US 380 Denton County Feasibility Study and two recently completed studies: the Loop 288 Study in Denton County and the US 380 Collin County Feasibility Study.

This study is anticipated to recommend a solution that has both regional and local benefits.

Regional

Provide regional connectivity by providing an East-West connection serving Collin and Denton Counties.

Further enhance safety as the region grows

Local

Provide reliable travel time and minimize congestion

Enhance driver expectations for travel on US 380

Minimize human and environmental impacts

Provide roadway network reliability

Final Report

Previous Public Meeting Feedback

Texas Department of Transportation

Public Meeting #1 (January 2019):
Initial Universe of Alignments and Feedback

Public Meeting #1 was held in January 2019 and the public provided input on their concerns about the existing US 380 alignments as well as potential improvements. Over 1,000 comments were received, including 901 surveys completed.

Biggest concern?

43% Congestion

41% Safety

Solution?

51% Improve Existing

21% Controlled Access Facility

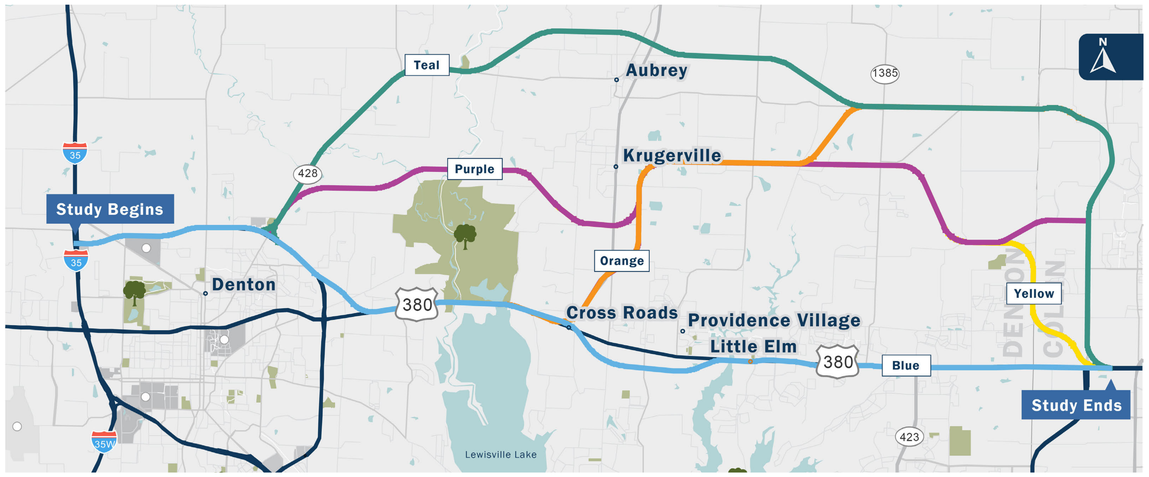

Proposed Alignment?

30% Existing

14% North of Existing

28% Solution Not Defined

Public Meeting #2 (December 2020):
Draft Conceptual Alignments and Feedback

Public Meeting #2 was held in December 2020 and the public provided input on the draft conceptual alignments that were presented in the virtual public meeting. Over 400 surveys were completed and over 300 comments were received during the public comment period.

Top 3 Concerns?

Environmental Impacts

Congestion

Safety

Preferred Alignment?

72% of survey responses prefer the Blue alignment

Two Freeways?

68% of survey responses recognized the need for two freeways in the study area

Summary of Evaluation Criteria and Recommendation(s)

Texas Department of Transportation

Many factors are considered to determine the viability of an alignment.

Evaluation criteria can be grouped into engineering, environmental, and economic factors. As part of the evaluation process, data is collected in each of these areas to fully understand the impact of each alignment.

ENGINEERING/MOBILITY

Safety
- Minimize crash rates

Traffic
- Level of service

ENVIRONMENTAL

Residential and Commercial Existing/Future Developments
- Minimize number of impacts

Stakeholder and Public Input
- Included

USACE Protected Lands (Wetlands, WOTUS, etc.)
- Minimize number of impacts

Floodplains and Floodways
- Minimize number of impacts

ECONOMIC

Construction Costs
- Minimize roadway costs
- Minimize bridge costs

Right-of-Way to be Acquired
- Minimize acres of right-of-way needed

Business Impacts
- Estimated number of businesses impacted
- Estimated business sales volume impacted

Criteria Rating Scale	Does not achieve criteria	Sometimes meets criteria	Partially meets criteria	Mostly meets criteria	Highly meets criteria

Key Factors for Decision

Texas Department of Transportation

Summary of Regional (Denton County) Annual Delay Comparison

Alternatives	Estimated Annual Delay (Hours)	Decrease in Annual Delay
2045 (No Build)	106,098,500	N/A
2045 (Blue)	92,626,500	13%
2045 (Purple/Yellow)	96,244,400	9%
2045 (Orange)	96,244,400	10%
2045 (Teal)	95,578,300	10%

ALL BUILD ALTERNATIVES SIGNIFICANTLY REDUCE REGIONAL DELAY

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.

*Existing is based on TTI's 100 Most Congested Corridors

** Orange Alternative delay hours were assumed to be similar to Teal alternative

Key Factors for Decision

Texas Department of Transportation

Summary of US 380 Corridor Future (2045) Delay Comparison

Alternatives	Annual Hours of Delay	Percent Increase in Congestion
2020 (Existing)*	1,346,500	0%
2045 (No Build)	4,073,000	202%
2045 (Blue)	**1,513,700**	**12%**
2045 (Purple/Yellow)	3,142,600	133%
2045 (Orange) **	2,899,500	115%
2045 (Teal)	2,899,500	115%

Note: 2045 Delay hours were derived from alternative Travel Demand Model scenarios produced by NCTCOG. These models did not alter the demographics or trip tables from the approved Mobility 2045 Travel Demand Model.

*Existing is based on TTI's 100 Most Congested Corridors

** Orange Alternative delay hours were assumed to be similar to Teal alternative

- PM2 Alignment
- Recommended for Future Study
- Future Corridors

Study Recommendation - Blue Alignment

Texas Department of Transportation

- 350’-400’ right-of-way footprint
- Enhanced safety and limited access
- 6-8 mainlanes and 4-6 frontage road lanes
- Accommodates 2045 travel demand volume forecast with acceptable level of service for the mainlanes

Next Steps

Texas Department of Transportation

We are here

ROW Preservation/Acquisition through land use planning and purchases

Feasibility Study	Corridor is separated into independent projects and prioritized	Environmental Studies* and Design Schematic	Final Design, Construction Plans, Cost Estimates and Utilities Coordination	Phased Construction
Corridor identified				

2 types of studies that would be considered for this project include:

Environmental Assessment (EA)

- Along existing US 380
- No significant impacts expected
- Typically 1 to 2 years

OR

Environmental Impact Statement (EIS)

- New location
- Significant impacts expected
- Typically 2 to 4 years

Other viable alignments or changes to alignments can still be considered during environmental studies

Loop 288/US 380 Connection

▼

US 380 Freeway

*Environmental studies must be compliant with the National Environmental Policy Act.

Transition from Feasibility Study to NEPA Process

Texas Department of Transportation

TxDOT recommended alignment to be carried into the NEPA/Environmental studies.

Types of environmental studies include:

Environmental Assessment (EA)

- Segments along existing US 380
- No significant impacts expected
- 1-2 years

OR

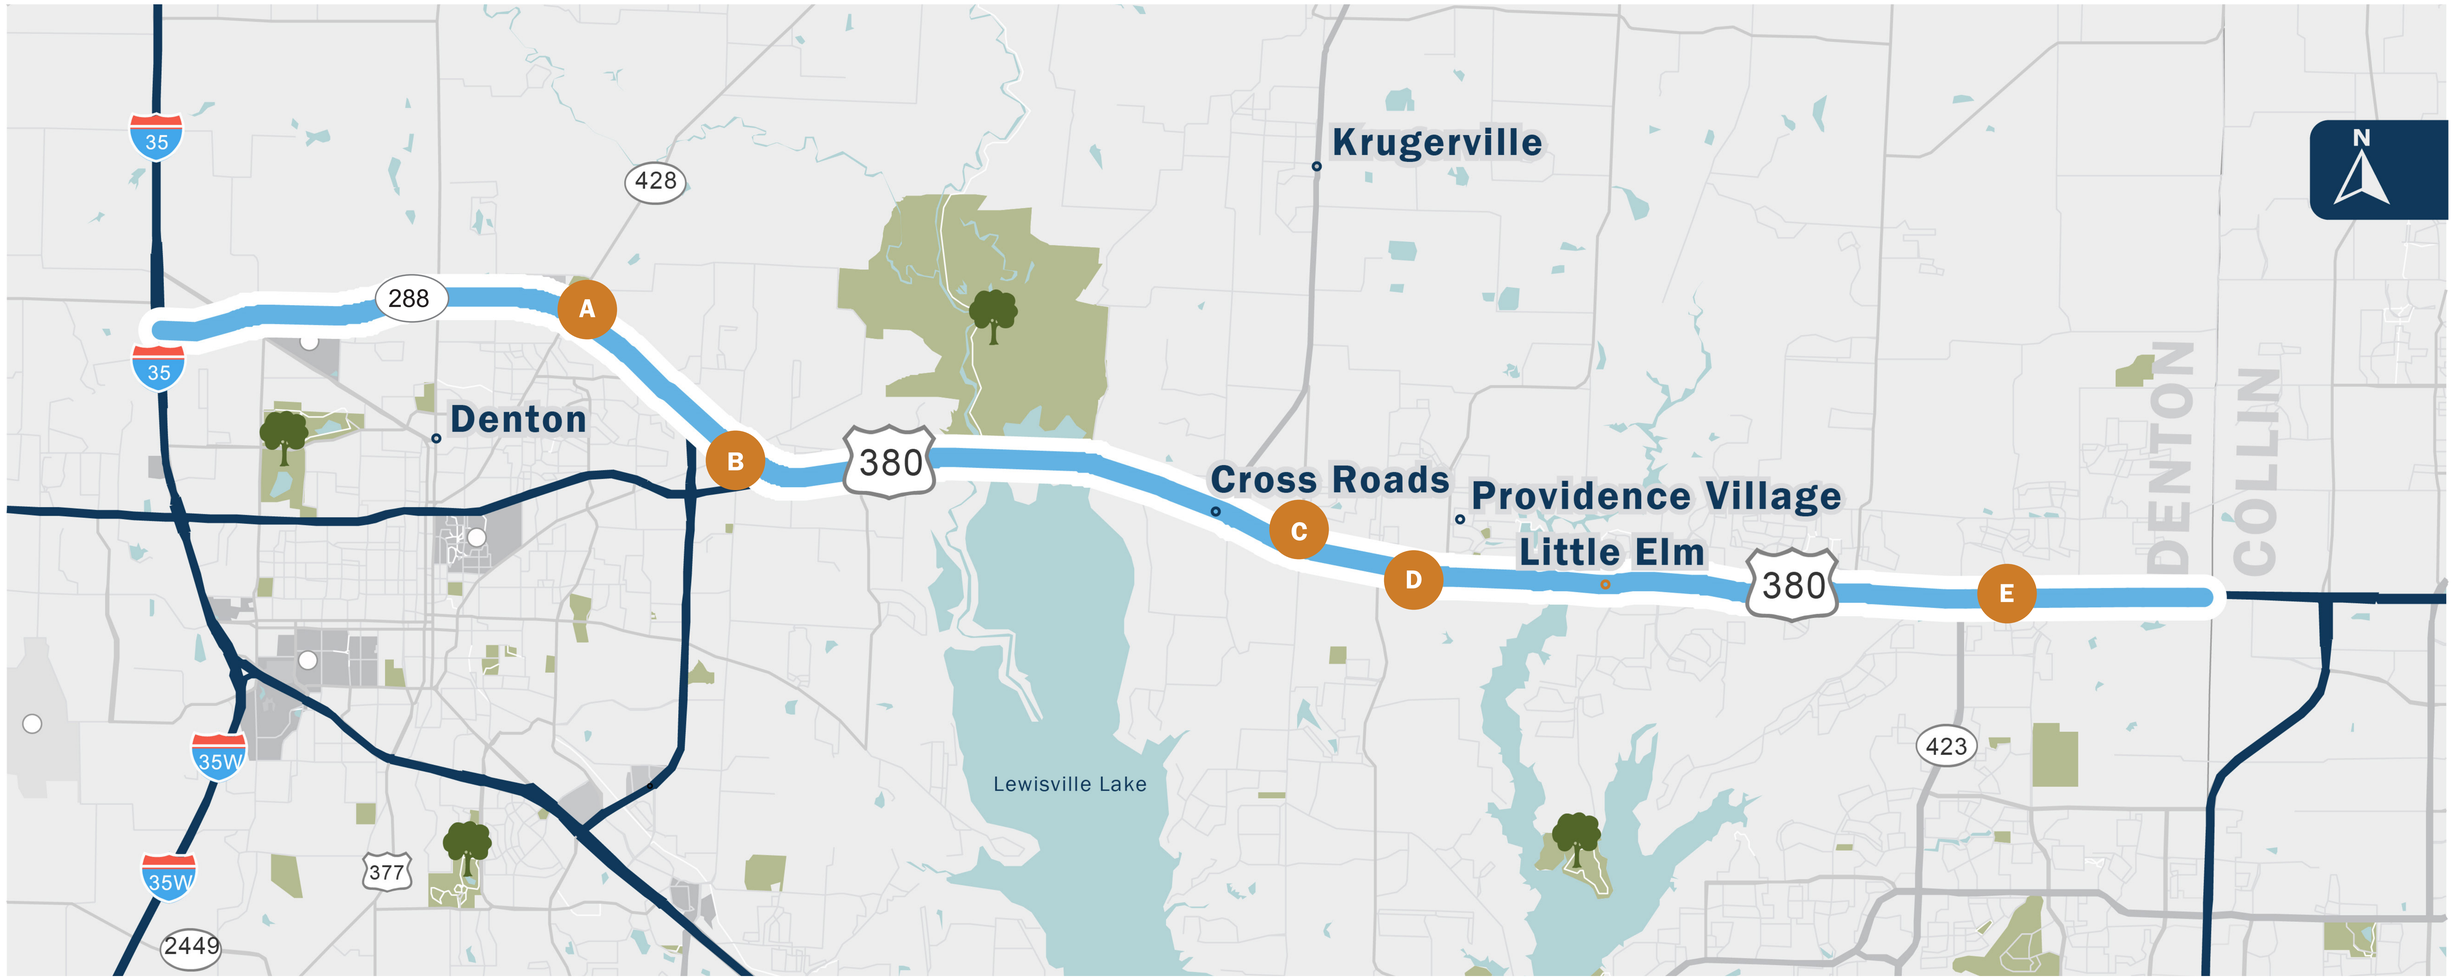

Environmental Impact Statement (EIS)

- New location segments and along existing US 380
- Significant impacts to human & natural environments expected
- Multiple alignments considered
- 2-4 years

There is potential that other viable alternatives or changes to alignments would need to be considered.
