The Texas Department of Transportation is seeking your comments and alignment ideas for the proposed SH 190 project. If you have an idea for an alignment, please use this map to sketch your suggestion and place in the Comment Box provided. Your suggestions will be given full consideration during the development of alternatives. Please note you will not receive a direct written response to your suggestion and your exact alignment may not be evaluated. All comments and suggestions will be made a part of the public record. Thank you for your participation.

NOTICE: Preliminary Inventory, Subject to Revision, July 20, 2005
