

NOTICE OF PUBLIC MEETING
INTERSTATE HIGHWAY (IH) 20 FRONTAGE ROADS IMPROVEMENTS
From: North Main Street to East Camp Wisdom Road
City of Duncanville, Dallas County, Texas
CSJ: 2374-04-060

The Texas Department of Transportation (TxDOT) will conduct a Public Meeting for the purpose of soliciting public comment on the proposed improvements to an approximately 0.63 mile section of Interstate Highway (IH) 20 from North (N.) Main Street to East (E.) Camp Wisdom Road in the City of Duncanville, Dallas County, Texas. Currently, there are only frontage roads along IH 20 between E. Camp Wisdom and Oriole Blvd traveling westbound and between N. Main Street and Oriole Blvd traveling eastbound. The frontage roads consist of two 12-foot travel lanes and 2-foot shoulders. The existing eastbound entrance ramp and westbound exit ramp consist of 24-foot travel lane, one 4-foot and one 6-foot shoulders. The existing westbound frontage road ties into Wren Avenue at Winding Trail and Oriole Blvd. There is a connector road providing direct access from the existing westbound exit ramp to Thrush Avenue without going through the intersection at N. Main Street, and the exit ramp eventually ties into Thrush Avenue at N. Main Street.

The proposed project includes the construction of new concrete-paved eastbound frontage road between Oriole Blvd. and E. Camp Wisdom Road, and westbound between N. Main Street and Oriole Blvd. The new eastbound frontage road would extend the existing frontage road beyond Oriole Blvd. to E. Camp Wisdom Road. The intersection at E. Camp Wisdom Rd. and the eastbound frontage road would be signalized. The eastbound entrance ramp from N. Main Street to IH 20 would also be reconstructed at its current location. The new westbound frontage road would extend beyond Oriole Blvd. to the west. The existing access from the westbound frontage road to Winding Trail would be reconstructed to align with the new frontage road. The westbound exit ramp to N. Main Street from IH 20 would be reconstructed at its current location. The existing access from the westbound exit ramp to Thrush Avenue would be removed. Each frontage road would consist of one 12-foot wide inside travel lane and one 14-foot wide outside shared-use lane (for bicycle accommodation) with curb and gutter. A 6-foot sidewalk would be located along the outer lanes of both eastbound and westbound frontage road. The proposed sidewalks would meet ADA design criteria. Both eastbound entrance and westbound exit ramp would retain their current configuration of a 14-foot lane with a 4-foot inside shoulder and 6-foot outside shoulder. Noise walls would be proposed along the new westbound frontage road. An approximately 0.37 acre of new ROW (corner clips) would be acquired. There would be no residential or commercial displacements as a result of the project. Noise barriers would be constructed along various segments of the westbound frontage road.

The meeting will be held at the **Hilton Garden Inn, 800 N Main Street, Duncanville, TX 75116 on Thursday April 7, 2016**. The Public Meeting will be an Open House format beginning at 5:30 pm and a presentation beginning at 6 pm. Maps showing the proposed project's location and geometric design will be available for viewing at the Public Meeting. This and other public information is also on file and available for public inspection at the TxDOT Dallas District Office located at 4777 East Highway 80, Mesquite, TX 75150. This information will also be available online at www.keeptmovingdallas.com under Upcoming Public Hearing/Meeting.

All interested persons are invited to attend this Public Meeting and express their views on this proposed project. Written comments from the public regarding this project are requested and will be accepted for a period of 10 calendar days following the meeting. Written comments may be submitted either in person, or by mail to: Grace Lo, P.E., Texas Department of Transportation, Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150

Written comments must be postmarked by Wednesday, April 13, 2016 to be included in the Public Meeting Summary. Persons interested in attending this meeting who have special communication or accommodation needs are encouraged to contact the TxDOT Dallas District Public Information Office at (214) 320-4480 at least two (2) working days prior to the meeting. Because the Public Meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two (2) working days prior to the Public Meeting. Every reasonable effort will be made to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.
