

Existing Roadway

■ Existing FM 1171:

- New location.
- Extending the existing FM 1171 roadway.
- Surrounding area consists of undeveloped lands, scattered single family residences, commercial development, and oil/ gas well pad sites.
- Majority of the project area consists of pasture, agricultural fields, disturbed and undisturbed oak-juniper woodlands, and large areas of hardwood riparian zones.
- Portions of the project would be located within the 100-year flood plain and floodway.
