Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE

TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS;
AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Thank you,
Rhonda Stonaker

Subject: PROJECT 380 BYPASS ALIGNMENT OPTIONS

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres:

SEGMENT MAP

As homeowners and citizens of McKinney, TX., We **strongly SUPPORT** the **Project 380 Segment-B bypass alignment option** and urge TXDOT to adopt this option. It is the least disruptive to businesses since it will not result in any displacements. It will have a minimal impact on existing homes and families living in neighborhoods along and adjacent to U.S. 380. It is also the least expensive option since it will cost \$99 million less than the Segment-A alignment.

We **strongly oppose Segment-A**. It should **not** be adopted for the following reasons:

- *It destroys and removes 17 small businesses located north and west of the U.S. 380 and Custer Road intersection.

- *The cost of Segment-A is \$99 million more than the cost of Segment-B.

- *Construction of Segment A will create an overpass on U.S. 380 over Stonebridge Drive and Custer Road.

- * Construction of Segment A will also cause the installation of water pipes (ducts) over 380.

- * Construction of Segment A will increase traffic on neighborhood streets arterial to U.S. 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. This, in turn, will result in increased traffic, increased noise, and increased air pollution in these neighborhoods. Construction of Segment A will also reduce property values in these neighborhoods during construction since those roads are the only roads leading south from U.S. 380.

* Construction of Segment A will cause a large interchange to be constructed where Segment-A intersects with U.S. 380. This interchange may depress property values in the nearby Kensington Village area.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you.

Subject: Opposition to Segment A

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

Good morning sir.

As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
 - *The cost of Segment-A is \$99 million more than Segment-B.
 - *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
 - *It will also cause the installation of water pipes (ducts) over 380.
 - *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
 - *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
 - *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.
- Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you.

Subject: 380 Bypass in Collin County - citizen comments

Good afternoon Stephen,

I would like to pass along my thoughts regarding the proposed 380 Bypass in Collin county and saw your name and email address as the person to share and register them with. Thank you for your listening and adding my thoughts to the massive comment file I am sure you have.

After reviewing the Option route maps and reading various pieces of literature, it seems very obvious that the best move for the betterment of the overall present and future 380 corridor is Option B where the Bypass will reenter onto 380 West of the Custer Road intersection. I realize there will not be 100% agreement between the options however, in the long run, the objectives of the Bypass will be greater met with Option B. It makes no sense to have the Bypass reenter 380 at Stonebridge Drive and 380 just east of the already heavily congested Custer and 380 intersection. The main objective here is to eliminate as much pass thru traffic along 380 and creating a major intersection at this location will not achieve this objective. (In fact, the best option would be for this bypass to run west across Preston Road and into the North Tollway but that is for another day but you best start thinking of that very soon.) There is already a major residential/business development project underway along the south side of 380 between Stonebridge Drive and Custer which will only add more traffic to both of those intersections along with current development in progress between Lake Forest Drive and Stonebridge Drive. How will dumping the Bypass traffic onto 380 at Stonebridge Drive ease the traffic madness on this stretch of 380.

From what I have read, Option B will be cheaper, of course that really will depend on who soon action is started - the longer the delays in decision, purchase of land, design work and actual construction, the greater the cost increases will be. It appears there will be less businesses affected, less utility and hazardous material sites to be addressed and the ManeGait facility/property will not be directly impacted by loss of property. The creation of a new intersection where the Option B roadway enters 380 should be less of an impact to the 380 traffic than establishing one at Stonebridge Drive.

It is my understanding that the ManeGait operation will lose no ground with Option B and that much of the land needed for Option B is currently un-developed (although

Subject: Project 380 Bypass Proposed Segments

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr. Endres!

I am a long-time homeowner in McKinney (since 2005) and a resident in Stonebridge Ranch neighborhood. I strongly SUPPORT the Project 380 Segment-B bypass alignment option. After listening to our board, this seems to be the least disruptive to businesses and families living in neighborhoods along and adjacent to US 380. It would also spare 17 small businesses and is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

As a member of this community and a customer of the many businesses nearby, I also strongly oppose Segment-A.

I believe it should not be considered for the following reasons:

1. It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
2. The cost of Segment-A is \$99 million more than Segment-B.
3. It will create an overpass on 380 over Stonebridge Drive and Custer Road.
4. It will also cause the installation of water pipes (ducts) over 380.
5. It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
6. It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
7. 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Respectfully,

Rob Holman

Hello,

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait - a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

I can't even imagine the impact this would have on my special needs granddaughter, who I'm raising. I've seen her really flourish in the ManeGait program. We waited over a year to get into the program. The demand is high for horse therapy and having a major highway expansion disrupting the program and how they can operate is a huge disappointment. I hope you reconsider the impact on the special needs children this will have.

Sincerely,
Rob Sielert

Subject: HWY 380 - Opposition to Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

I am adamant in my opposition of US Highway 380 By-Pass (Segment B), which would cut through Prosper. I have numerous concerns with Segment B. I have included my primary concerns below. First, the March 2020 TXDOT Feasibility Study reported out that the Red A and E Options impacted ManeGait. Segment B's route is even closer to ManeGait than they were. In fact, according to the plans I saw at the March 2022 public meeting, the new route comes within 45 feet of ManeGait's property. It also wipes out property to the north of ManeGait which it utilizes for the therapeutic services they provide. This is unacceptable. The persons with disabilities ManeGait serves will be significantly and negatively impacted by the proximity of the 12 lane highway bordering the premises. The diversity of conditions their clients have is broad. The severity of disabilities which they have is vast. The combined air and noise pollutants will minimize and in many cases prevent effective therapy being provided. My cousin, Elizabeth Litton, received services there. She has Downs Syndrome and is sensitive to loud noises. If the highway was there when she had visited, she would not have been able to partake in needed therapy. While representatives at the public meeting stated that ManeGait would not be "directly" impacted, from personal experience I can attest that its clients would certainly be impacted.

Due to these environmental factors, if Segment B were to be selected, TXDOT would be ignoring the ADA which prohibits discrimination of persons with disabilities. Further, it would also be in violation of Presidential Executive Order 12898. This PEO requires Environmental Justice to minority communities, of which persons with disabilities are.

Beyond the limitations above, **it is simply unethical** to strip such a critical service from ManeGait's clients, which include people of all ages. Disabled veterans are one of the groups receiving services there. **For anyone, especially a state agency, to take away therapeutic services away from those wounded in service to our country is shameful.**

Second, Segment B places the burden of McKinney's lack of planning and preparation for the expansion of 380 squarely on Prosper's shoulders. Prosper has a thorough community infrastructure plan. Over many years, it has provided thoughtful planning for the inevitable need to widen 380 on 380. Just because McKinney's leadership failed to plan, the negative consequences should not be placed upon Prosper who did its due diligence.

If Segment B is selected, because of McKinney's poor judgment, Prosper will be impacted both economically and from a quality of life perspective for those living on the east side.

Economically, Option B removes a large portion of Prosper's limited geographical boundaries in which to develop taxable commercial and personal properties. Segment B would eliminate 55 homes from being developed in just one subdivision, costing the Prosper School District at least \$1.4 million in tax revenue. Other subdivisions and businesses would also be impacted, eliminating millions of dollars in needed tax revenue for the community and school district. In contrast, McKinney has a much larger geographical span and has much more opportunity to draw taxable revenue from. Additionally, Option A runs through acreage which is unusable from a tax generating perspective.

From a quality of life perspective, residents on the east side deliberately chose that location to be away from 380, its pollution, congestion, noise, etc. To place a 12 lane highway in their backyard due to McKinney's lack of planning is egregious.

Third, the planned Segment B route shared at the public meeting places unnecessary safety hazards to newer drivers who will be traveling to the Walnut Grove High School in Prosper and the Classical Academy High School which will nearly be literally in the shadow of the 12 lane highway. For any parents in TXDOT reading this, would you want your new drivers to be navigating across 12 lanes? Would you want them sitting at a backed up off ramp or frontage road during the school "rush hour" in the morning? The probability of younger drivers being in accidents is already high. Segment B is knowingly setting the stage for serious and potentially deadly accidents to occur. Can anyone at TXDOT sincerely support an option which could kill or maim people in the in prime of their lives?

Fourth, the only reasonable conclusion that Segment B is being considered is political. This is beyond objectionable. It is repugnant.

The feasibility study from March 2020 was clear in its assessment that Red Option A was the clear choice. It stated that Red A:

- Was the only option that did not impact ManeGait.
- Affected fewer acres of planned development, which is an important consideration due to expected challenges as developments continue to be built in areas designated as future right of way.
- Does not run through any existing neighborhoods.

Segment A does run next to Tucker Hill, but not through it. It is my belief and the belief of others, that the only reason Segment B was introduced is due to inappropriate influence by former Judge Keith Self, who resides in Tucker Hill. The land where Segment A runs is not buildable for homes, but is for a 12 lane highway. It uses acreage which is unusable for other purposes, unlike Segment B.

What reinforces my belief is when I asked representatives at the public meeting in March why the 2020 feasibility study recommendations we're not being pursued and Segment B was on the table, the consistent and evasive answer I received was "we were tasked to". There was no mention of cost, environmental issues, new developments in McKinney. Nothing. In my life experiences, when an ambiguous answer such as that is provided it means only one thing, something is being hidden for fear of being exposed. In this case it can only be the political influence of one person, or a small group of individuals, who does not have a legitimate rationale for their argument. Thus, Segment B was born.

Lastly, Prosper's Town Council, the Prosper Independent School District and the Prosper Economic Development Council have all publicly made their opposition to Segment B known either through multiple resolutions or public record.

For TXDOT to select an option which: removes critical services from persons with disabilities; consciously punishes a smaller community due to the lack of planning by a larger one; knowingly introduces hazardous driving conditions for young drivers; and is vehemently opposed by a town's residents, their elected representatives, school district and EDC, is not only illogical, it is abhorrent.

For the reasons above, among others, I am reiterating my opposition to Segment B. I implore TXDOT to not succumb to reasons unable to be shared, most likely unethical behind the scenes politics. I plead for reason and logic to prevail with Segment B not being pursued as the preferred option.

Thank you for your time and consideration.

Rob Stogsdill

Subject: Project 380 Segment - B bypass route

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres: As a homeowner and citizen of McKinney Texas, I strongly support the Project 380 Segment – B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment – A alignment. I also strongly oppose Segment – A. It should not be considered for the following reasons: 1. It destroys and removes 17 small businesses west of the 380 and Custer intersection on the north side. 2. The cost of Segment – A is \$99 million more than Segment – B. 3. Segment – A will create an overpass on 380 over Stonebridge Dr. and Custer Rd. as well as additional infrastructure constructed over 380. 4. It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. 5. 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today. In closing, Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and the residential vibrancy of our community. Thank you for your consideration in this matter. Regards, Robb Jackson.

Friday, April 08, 2022

As a homeowner and citizen of McKinney, TX., living in the Saddlehorn Ridge Village of Stonebridge Ranch, I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road, and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you for considering the input,

Robert and Althea Lewis

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments:

*We oppose Segment B because of the following concerns -
Environmentally negative impact on Mainer Coit, Founders school, Ladera
and Brookhollow east residential neighborhoods. We vote for sector A*

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

Good morning. I recently learned that TXDOT had changed course on the new U.S. 380 highway to be built in Collin County. The highway was originally approved to go around ManeGait, a local non-profit who works with children and the special needs community. I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

Sincerely,

Robert Camp

Dear Sir:

I wanted to join with the many concerned Texans regarding the eventual route of U. S. 380 and let you know I am opposed to the proposed Segment B. As grandparents of special needs kids it is so important to have safe, unimpeded facilities for them to get their therapy and this route would, in my opinion, critically impact the ManeGait operations.

As the decisions are made please keep these Special kids and their families as a priority in the ultimate decision.

Thanks,
Robert D Schilhab P. E.

Subject: Support for Option B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

**I would like to voice my support for Option B.
Option A would negatively impact Stonebridge Ranch.**

I am strongly opposed to Option A for the US380 expansion project for the following reasons:

**Option A displaces a total of 17 businesses, Option B displaces ZERO
Option A cost to relocate utilities is \$61M, Option B is \$25M
Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M
Option A total cost of design/construction is \$450M, Option B is \$428M
Option A total cost is about \$100M higher than Option B
Option A impacts more acres of wetlands, rivers/streams, and forest/prairies than Option B
Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres
Option A's increase in noise would have a severe negative impact on the established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods.**

Option A would cause increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools very close to 380: Wilmeth Elementary and McClure Elementary.

**Thank you,
Robert E. Geller**

Re: 380 Bypass project

Dear Mr. Endres:

My name is Robert Onofrey, a 20 yr resident of Stonebridge Ranch in McKinney. I am writing to let you know my strong support for **Segment B** for the bypass route.

Visually Segment B makes common sense as it bypasses most of the traffic on 380. Isn't that the intention of a bypass? The north- south Custer Road corridor from the Sam Rayburn tollway to 380 is seeing more development and traffic every week. It is extremely busy. It is a major thoroughfare on the west side of Stonebridge Ranch. Why would that not be included in the bypass? And I understand that segment A will cost \$99 million more than Segment B. How can segment A even be considered? It will result in a much more costly long -term problem that will have to be dealt with almost immediately. Who knows the ultimate price if Segment A is approved? Segment B is a bypass around a high growth and congested area. Segment A will feed all of the 380 bypass traffic right into the heart of the congested dragon. I respectfully ask you to approve segment B.

Thank you very much.

Robert Onofrey

Subject: Opposition to HWY 380 Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres: My name is Ronald Stafford and my Wife and I live at [REDACTED] I would like to register my opposition of the proposed HWY 380 Segment B because it threatens the daily services and special events of MainGait. The operation at MainGait is and has been a Texas State, Collin County and McKinney Community key resource as identified by TxDOT. I have been in the Quarter Horse business in New Mexico in the past for many years and I have significant difficulty in imagining that anyone in horsemanship facilities business would suggest that this Segment B proposal with a 45-foot tall freeway within 50-100 feet of MainGait would not pose an issue to operations. Please be aware that the MainGait is an operation that serves many individuals, both previously and non-previously military with significant problems such as PTSD as well as children with variable types of medical and mental disorders. These vulnerable and protected populations are extremely sensitive in many ways and deserve a safe, high professional quality and easily accessible location that can receive the world-class therapy programs at MainGait. My family has been fortunate to have use of facilities similar to MainGait in New Mexico for our granddaughter who has disabilities and the services she has received have been extremely important in her physical and mental wellbeing. None of the therapy areas that she has received the services in Equine Therapy are located close to any facilities, roads or highways that could offer a distraction to the patients or animals. Any distraction to the animals (horses) such as the proposed Segment B could pose tremendous safety issues to the individuals being treated at MainGait. This would result in potential liability issues that should be considered. Again, I respectfully submit my opposition to the proposed HWY 380 Segment B. Thank You for your consideration.

Subject: My comments, McKinney 380 bypass options

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

I have lived in McKinney since 1994 and plan to retire here. I am currently having a new home built along [REDACTED] [REDACTED] in an area that could be substantially impacted by the Segment A option. I have read arguments for both the Segment A option and the Segment B option. Although some homes and businesses would be impacted by either option, what I have read would indicate that impact would be more severe on the segment A option. I also understand the the segment A option would cost \$99M more to implement than the Segment B option since it requires converting Hwy. 380 into a double decker highway.

While I have lived in McKinney for years, I commuted to downtown Dallas for work during most of those years and had to deal with big city traffic structures like the high 5, the mixmaster, etc. I moved to McKinney, now building my second house here, because I wanted to live in an area that had outstanding amenities and a great quality of life while maintaining a suburban feel with beautiful homes, parks, and thoroughfares. McKinney's motto is "Unique by Nature." Obviously, an elevated double decked highway running right through the middle of it will destroy that beautiful suburban vib and put the city into the same class as downtown Dallas. Besides the other problems associated with a double decked elevated highway like potential multi-car pile ups due to the frequent ice storms we experience in this area, it will cost almost \$100M more to implement and the result will be a massive eye sore in the middle of and otherwise beautiful suburban city. The only words I can find to describe what I visualize with this option are "Urban Blight!" I truly believe this option will negatively affect the quality of life for my whole family based on the reasons I have listed above. I urge TxDOT to choose the Segment B option to avoid this urban nightmare.

Respectfully,

Robert T. Simon
McKinney Resident

Subject: Opposition to HWY38 Alternate Routes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

The purpose of this letter is to voice my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper. I've been a resident of Prosper since 2013 and have watched this city grow during this time. Our town of Prosper does not need a highway running through a large section of it. This will serve only to disrupt homes and small business like my own. [REDACTED] My wife and I did not purchase a home here to be that close to a highway. We wanted to be away from the traffic, noise and pollution of a road like 380. Unfortunately, these proposed alternative routes keep trying to place it right by us and homes. This area does not need any more traffic, noise pollution, air pollution or light pollution at night. Please oppose these alternative routes and keep 380 on 380 where it belongs. Citizens like myself and my wife purchased here for a reason. Please protect our homes and way of life.

I can't state this strongly enough: I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021, "...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT'S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN'S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Sincerely,

Roger and Carla Barfield

Subject: Proposed Project 380 Bypass Alternatives

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you for your consideration.

Respectfully,

Ron and Judy Berteotti

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Subject: March 22, 2022 Meeting Comments on US 380 Project Coit Road to FM1827

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen,

I fully support option A and I am totally opposed to option B for the following reasons:

1. ManeGait Therapeutic Center and the people with disabilities there will be dramatically impacted by an overhead/elevated freeway section that crosses right on its northern border. ManeGait is a facility for people with disabilities and they should not have to suffer from this elevated freeway. I do not see how the increased level of pollution from particulate matter, noise and smell and air quality can be ignored. The increased ozone levels and overall environment impact on the people with disabilities should be of overall concern when considering this 380 Bypass. I find it hard to believe the EPA and Americans with Disability Act would support Option B for this reason alone. My sister, Dad and Uncle had disabilities from polio. My uncle's condition was so severe he spent a long time in an iron lung. My sister spent 2 weeks at a Lions Club Camp in south central Texas and received therapeutic assistance. Luckily for her, there was no elevated freeway there to make her disability even more challenging. I know how difficult it was for them throughout life just struggling with their disabilities and I cannot understand why the State of Texas through TxDOT would want to make any person with disabilities struggles any worse.

2. Founders Academy is on the north side of the elevated 380 bypass directly across and equal distance from this elevated freeway as Mane Gait and would have the same impact on the children there.
3. I live close enough to Founders Academy I can hear the kids playing outside. What are they going to do when the Ozone level is so high they can no longer participate in this activity.
4. I remember the first meeting you had with Prosper in the old town building and you stated that TxDOT would not build anyplace that was against the Town's wishes. Since then, Prosper has signed 6 resolutions supporting Option A and opposing Option B. What more do you need from us?

Thanks for listening,
Ron Justice

Subject: Comments Regarding Hwy 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Sir:

I strongly urge that you select **Option B!** We believe that Option A will dramatically and negatively impact the quality of life in our neighborhood.

Sixteen (16) years ago, my wife and I moved from El Paso, TX, to the LaCima Haven neighborhood of Stonebridge Ranch, McKinney, TX. Our home is in close proximity to Highway 380. We were originally sold on moving to Stonebridge because of the overall beauty of the neighborhood and its homes; the quiet, tranquil quality of life; minimal external “through” traffic; its walking trails, wetlands, and forested areas; and our home’s location near the beautiful LaCima Pond on the north edge of Stonebridge. We have never regretted our decision to move here; however, we are deeply concerned that should TxDOT decide to go with Option A on the Highway 380 expansion, it would have a negative impact on the quality of life in our neighborhood; e.g.,

- I believe that the changed traffic patterns and flow along 380 and within Stonebridge will result in a great deal more community noise, increased transient traffic throughout Stonebridge, as well as a potential for an increase in related safety issues for our residents and their children.
- All documentation I have read seems to indicate that the cost of Option B would be less than that of Option A. As a taxpayer and failing other reasons that justify the unnecessary expenditure of state funds, it again makes sense to me to go with Option B.
- Option B seems to have fewer environmental issues and less impact on existing businesses and utilities.
- Compounding our concerns is the recent approval of a commercial business venture and apartments in the area between Stonebridge and Custer Drives along 380 near LaCima Pond which I believe will also negatively impact the quality of life in LaCima Haven; i.e., increased business noise, privacy issues for residents, removal of trees along the area adjacent to the north side of the pond; movement of wildlife in the greenbelt areas.

Thank you for your consideration of my comments.

Subject: SUPPORT Project 380 Segment-B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Stephen,

You do not know me, and we have never met. I am a homeowner and citizen of McKinney, TX. I am writing to you today to voice my support and encouragement of the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380, and it is also the least expensive option by nearly \$99M when compared to the cost of the Segment-A alignment.

I am strongly opposed to the Segment-A option. It should not be considered for the following reasons:

- Destroys and removes nearly 20 small businesses West of the 380 and Custer intersection on the North side.
- The cost of Segment-A is \$99M more than Segment-B.
- Segment-A option will create an overpass on 380 over Stonebridge Drive and Custer Road, and it will cause the installation of water pipes (ducts) over 380.
- Segment-A will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- Segment-A will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, likely depressing home values in that area.
- 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment-B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you,

Subject: Project 380 Comments

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

My name is Ryan Naizer, and I am a resident of the La Cima Haven subdivision of Stonebridge Ranch in McKinney. My address is [REDACTED] which is 1/2 mile south of 380.

I strongly SUPPORT Project 380 Segment-B for the following reasons:

- Segment-B is about 1 mile shorter than the Segment-A, which means Segment-B has a smaller carbon footprint because less fuel is consumed and less emissions are produced while traveling the shorter segment. Since gas power vehicles will still be in use for many years into the future, I see this as a major environmental factor in comparing the two segments.
- Segment-B is also less costly than Segment-A by about \$99 million, which makes Segment-B the fiscally preferable use of tax dollars.
- Segment-B is also less disruptive to existing businesses and long established neighborhoods along 380.
- And, very importantly, Segment-B utilizes more undeveloped land than segment-A.

I strongly OPPOSE Project 380 Segment-A for the following reasons:

- The Segment-A freeway would create considerable road noise and air pollution for me and my neighbors since we live so close to its proposed path.
- Segment-A would also add noise and pollution to La Cima Lake & Park, a favorite outdoor retreat shared by my neighborhood.
- Segment-A would create more traffic on Stonebridge Ranch Drive by adding a crossover bridge and thereby decrease safety for many walkers, joggers, and cyclists of all ages in our neighborhood.
- Segment-A would cut off and encircle the nearby Tucker Hill neighborhood (380/Tremont Blvd and 380/Grassmere Ln) on two sides negatively affecting their quality of life and property value.
- Segment-A would cause the closure of 17 existing small businesses near 380 and Custer.
- Segment-A would require the demolition of 380 along its proposed path which seems wasteful considering that most of 380 in this area is relatively new and in good condition.

Segment-B is the best choice for improved traffic flow when you consider environmental factors, cost, disruption to small businesses, preservation of neighborhood quality, and the very simple fact that the shortest distance (and most efficient path) between two points is a straight line.

Thank you for your time in reading my concerns and comments.

Sincerely,

Ryan Naizer

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021, "...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Respectfully,

Sakina Ismaelbay

COMMENT:

I am a special education teacher in Plano ISD, and I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait – a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait. I have numerous students that go here and participate in their therapy. I have other students on their wait list because there are not a lot of other resources that provide this service. The noise and disruption would be detrimental to these populations. Use one of the other alternatives.

Good morning,

I have been a Realtor in McKinney for 28 years, consequently have a pretty good idea of these areas, but to displace so many more residents by approving Plan A would be a injustice.

I have been saying for a long time that it made sense to take the bypass up Custer Road. I know that this is not exactly the plan, but you must know that using Bypass B is much less destructive for the community as a whole. I understand MainGait's concern and sympathize, but you must do what is best for the community as a whole.

Thanks for all you do,

Stephen Endres,

I am sharing with you that I consider the Segment B option for the 380 bypass seems a better way to manage the traffic situation for McKinney: less loss for businesses and issues with hazardous materials area; less cost to taxpayers. I want to see McKinney businesses continue to thrive, our city remain safe as changes are considered.

Thank you, Sandra Moder

Subject: US 380 Project

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Stephen,

This email is concerning the US 380 project. As a homeowner and citizen of McKinney, TX., I live in an area that will be directly impacted by this change; therefore, it is my obligation to have my voice/vote count.

I strongly SUPPORT the Project 380 **Segment-B bypass** alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.
- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you,
Sandra Tames

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am a homeowner near the area affected by the realignment of Hwy 380. My home, as for most people, is my biggest investment so I am concerned about the results from this realignment. I believe that Segment B is the best option for many reasons. Segment B is cheaper for taxpayers. It causes less disruption for the businesses and homes in the area and will not cause as much loss of value for homeowners. Please consider these points seriously when making your decision which will affect many people. Thank you. Sandra Zulawski

Mr. Endres,

We live in Wren Creek off 380 & Stonebridge in McKinney. We are very opposed to Option A which is being proposed for 380.

Reasons are:

Businesses will be displaced versus none for Option B.
Total Cost for Option A is \$100M more than Option B.
Option A impacts more flatland, river streams,
& forest than B.
Noise & traffic will be unbelievable.
Thank you for reading this.

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.

Comments: Support Segment A - Oppose Segment B
Segment A is the logical choice for realignment of Hwy 380.
Segment B is too disruptive to the community of Prosper.
Segment A allows for continuation of the years of planning
and land use decisions without isolating an entire
area of our community. Segment B will cause harm
to the new Prosper ISD high school and decimate nearby
planned developments. The city of Prosper planned
for the eventual expansion of Hwy 380 via the
expansion of a Segment A alignment. This "planned"
design should not be superseded by Segment B because
of the lack of planning by other cities.

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Subject: Support for Plan B of the Highway

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

After reading the proposed plan for the new Highway to be built around or on Hwy 380, I would like to offer my opinion as a resident of Stonebridge Ranch.

I strongly oppose Segment-A. My reasons are that it would upset businesses, homes and perhaps divert water into our beautiful ponds.

I truly believe that Segment-B is the best way to go. It is the best way to improve traffic flow in our area and it will allow the continuation of existing businesses and homeowners. If I understand the explanation of cost; it appears that Segment-B will cost \$99 million less than that of Segment A.

Please consider Segment-B as the one you choose.

Thank you for allowing me to voice my opinion.

Best regards,
Sara and Lyn Alford

Subject: Re: Opposition to HWY380 Brown and Brown Segment B Alternate Routes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres - I am following up on my communication to you last year voicing my support of the Town of Prosper's opposition for segment B of highway 380 alternatives. The most recent materials I have seen for segment B alternative, equating it to highway 75, would be even more devastating to the Town of Prosper and our McKinney neighbors than I even fathomed in Aug 2021!! I moved to Prosper from Little Elm in 2015 because there was a well-thought out thoroughfare and land use plan, to enable controlled growth into the future. Segment B is in conflict with the Town's thoroughfare plan, would negatively impact Prosper and its current and planned future developments.

Not only would the Town of Prosper be negatively impacted, but our neighbors in McKinney as well! ManeGait is an amazing asset to Collin County and deserves to continue operations and special events, serving vulnerable and protected populations, without the threats that a 12+ lane highway brings. The Town of Prosper deserves the same.

The negative impacts of segment B are plentiful - threatens the safety of citizens and students; increased traffic and noise; related environmental impacts including degraded air quality from increased emissions; negative impact on home values, including those of our neighbors in McKinney; negative impact on the already planned-limited tax revenue available to the Town of Prosper; negative impact on non-profit ManeGait's ability to continue serving their customers without significant disruptions; and a general decrease to desirability of a fast growing town.

Do the right thing, oppose 380 segment B alternative and KEEP 380 ON 380.

Sincerely,
Sara Imes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

SUPPLEMENT: TxDOT is now conducting an environmental impact study not a feasibility study. The only question on the table is the environmental impact of TxDOT's recommended Segment A and any alternatives. The questions of cost and feasibility have been answered in the feasibility study. To which, Segment A is better for the environment. Segment A lowers the roadway between Custer and Ridge roads thus eliminating 2 traffic lights for egress to Tucker Hill and Stonebridge Ranch, which reduces noise and air pollution from idling, braking, and accelerating vehicles. Segment A is better for the environment, while Segment B delivers air and noise pollution elevated 30 feet in the air for the widest possible distribution that covers Founder's Academy Charter School, ManeGait therapeutic, Walnut Grove High School, and surrounding subdivisions, making Segment B an environmental disaster.

When TxDOT announced the preferred alignment as Segment A in 2019 Feasibility study, they in effect issued a letter of intent. Developers have, in good faith, spent millions to build Founder's Academy Charter School and are building Ladera, an age restricted community in Prosper.

However, since the day TxDOT has recommended Segment A, the city council and mayor of McKinney have been fast tracking building permits in the path of Segment A to create as many obstacles as possible in order to increase the cost of Segment A. In a strategy to oppose Segment A based on cost, they now claim businesses will be displaced by Segment A and the cost of Segment A is greater than Segment B, conveniently not mentioning the fact that they are the architects of this increased cost.

The restriction of building a 12 lane road adjacent to ManeGait that prevented TxDOT choosing Segment B has not changed. The clients of ManeGait are an ADA protected class. Bill and Priscilla Darling have been serving children and adults with disabilities and disabled veterans. They have chosen to continue serving this protected community.

Dear Stephen,

I live in the La Cima neighborhood near the intersection of Stonebridge and 380. I am very concerned about how our neighborhood will be impacted if Option A is used for the 380 expansion. There are several other established neighborhoods nearby that would be negatively impacted by this choice. An elevated highway is not an appealing thought when Option B would veer north of 380 where there is currently less development. I understand that there are many considerations that TxDot must evaluate for this expansion to improve traffic flow. I am hopeful we will not have to relocate elsewhere because of the disruption of construction and noise over 3-4 years, and especially an elevated highway in sight. Please choose Option B.

Subject: Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Stephen,

I would like to add my input to the recent TxDot meeting that occurred in regards to the 380 expansion. As a parent of a child that attends Founders Classical Academy, I would like to protest the proposed "Segment B". I am concerned about the pollution level and noise level that could negatively impact the students. Also, the safety of the students is a concern. Especially high school students who will be leaving the school driving and are not experienced enough to be on such a large-scale road.

Another area of concern is the impact to Mane Gait Therapeutic horse farm. They provide services to the special needs population and there are concerns about the pollution, safety and noise level to their operation of the farm.

Please do not re-route 380 using the segment B option. I oppose it.

Sarah Stocking

Re: Public Meeting Comment By The George M. Schaeffer Revocable Trust (landowner) and Schaeffer Industries (operating entity) (collectively "Schaeffer") Concerning Expansion of US 380 – TxDOT Recommended Alignment, Segment D ("Segment D")

Dear Mr. Endres:

I write to provide my public meeting comment regarding the above-referenced matter. My views are expressed below:

1. Adoption of Prior Position Statement: On June 2, 2021, I submitted my Position Statement regarding Segment D, a copy of which is incorporated herein and appended hereto as Attachment 1. The Position Statement provides the background and analysis for this Public Meeting Comment, and, thus, should be reviewed prior to considering the balance of this Public Meeting Comment. (For ease of reference, unless otherwise defined, capitalized terms utilized in this Public Meeting Comment have the meaning ascribed to them in the Position Statement.) In short, the Position Statement demonstrates that because of the unique characteristics of the Schaeffer Property as a rail-served manufacturing site, the right-of-way for Alignment D ("ROW") should be relocated to the east such that the western boundary of the ROW falls along the property line between the Schaeffer Property and the abutting property to the east ("Modified Segment D").

2. Lower Freeway Profile: The public information Schematic depicts the Freeway expansion affecting the Schaeffer Property on a land bridge due to the floodplain. Thus, the vertical alignment of the freeway is substantially above the natural grade. A fundamental consideration in traffic/land planning is whether a property is visible from a freeway. This is particularly important for properties because visibility creates public business exposure. The Schaeffer Property (assuming the ROW is moved to the east to Modified Segment D) will be developed as a rail-served manufacturing site with several facilities having wall-mount signs displaying the identity and nature of business.

Stephen Endres, P.E.
April 21, 2022

Lowering the freeway vertical alignment will enhance the line-of-site visibility of the Schaeffer Property and the improvements thereon. While it is apparent that vertical alignment of the freeway must be sufficient to pass over McIntyre Road, I request that the freeway vertical profile be lowered as much as practicable.

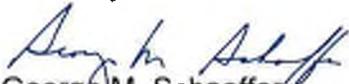

3. Lower Frontage Roads: As with low vertical freeway profiles, low frontage roads provide the traveling public visibility of adjacent properties which promotes commerce. Moreover, at-grade frontage roads provide easy access to abutting properties which facilitates business. Further, frontage roads with smooth vertical tie-ins to surrounding properties certainly enhance vehicle and pedestrian safety. For these reasons, vertically low frontage roads are favored.

Under Segment D, the east and west frontage roads intersect McIntyre at or about the existing grade, which is approximately the grade of the Schaeffer Property. However, only a limited portion of the frontage roads flanking the Schaeffer Property is at existing grade. (See Attachment 2 which demarcates the Schaeffer Property as Panels 541 and 542, with only the green area of the frontage roads being at existing grade.) As explained above, frontage roads matching existing grade are advantageous to contiguous properties and enhance safety. Accordingly, I request that all frontage roads abutting the Schaeffer Property be reduced in height to match the existing grade of the Schaeffer Property.

4. Add McIntyre Road Northbound Access: The public information Schematic for the expansion of US 380 Segment D does not depict a northbound freeway exit for a frontage road which will serve McIntyre Road. Northbound US 380 must contain a frontage road turnout providing access to McIntyre Road, otherwise, properties contiguous to and surrounding McIntyre Road, including the Schaeffer Property, will be cut off from freeway/frontage road access. As such, I request the addition of a northbound frontage road exit/access leading to McIntyre Road.

Thank you for your attention to these matters.

Sincerely,

George M. Schaeffer
Trustee/CEO

*Re: Expansion of US 380 – TxDOT Recommended Alignment, Segment D
("Segment D"); Position Statement of The George M. Schaeffer Revocable
Trust (landowner) and Schaeffer Industries (operating entity) (collectively
"Schaeffer")*

Dear Mr. Endres:

I write regarding the above-referenced matter. The purpose of this letter is to provide you with Schaeffer's position regarding Segment D of the proposed expansion of US 380.

By way of background, I know what it means to pursue and achieve the American dream. I started my career in the steel industry in 1970. In 1981, I started Schaeffer Industries from scratch. Over the last forty years, Schaeffer Industries has become a recognized producer of (i) steel tube and pipe commonly referred to as HSS (Hollow Structural Sections), and (ii) rollformed steel profiles that are used in construction, solar, agriculture and racking applications. The Company uses structural grade steel coil weighing between 50,000# and 80,000# each in its manufacturing process. Because of the weight of the incoming steel coil, it must be transported exclusively by rail. Over the years, I have had the good fortune to employ thousands of Americans and invest hundreds of millions of dollars in plants and equipment.

I select Schaeffer's development sites, including the two 20.28-acre parcels (40.56 total acres) the company purchased in Collin County abutting McKinney city as shown on attached Exhibit A. The property identification numbers for those parcels are 1053086 and 1053095 ("Schaeffer Property"). The Schaeffer Property is highlighted on the area map attached hereto as Exhibit B and is also shown on the US 380 EIS Proposed Alignments Map and a portion thereof attached hereto as Exhibit C & D, respectively. I evaluated the Schaeffer Property in light of the site selection criteria for the Company's business operations, which include:

Stephen Endres, P.E.
June 2, 2021

- **Size:** Because of the significant size of Schaeffer's raw material, finished goods and equipment, and because developing a site requires significant capital investment, a site must be sufficiently large to accommodate several facilities on a single location. This also allows Schaeffer to adjust operations to satisfy market needs. The Schaeffer Property contains adequate acreage for initial facilities and expansion.
- **Shape and Topography:** A site must be flat and regular shaped. The Schaeffer Property satisfies these criteria.
- **Use:** The permitted land usage is important. The Schaeffer Property is designated as a "Future Rail Service Park". See attached Exhibit E. The Service Park designation is important for several reasons. Being located in a business park protects property values because similar business operations are located in the area. Additionally, this designation protects against encroaching dissimilar land uses which can, in the long run, be at cross-purposes with business operations.
- **Area Business Climate:** A business-environment, such as an available workforce and a business-friendly political climate, are important. The McKinney area is pro-business.
- **Freeway Access:** Freeway access for shipment of finished product is essential for the Company's business. The Schaeffer Property is proximately located to several freeway systems and, thus, satisfies this requirement.
- **Rail Service:** This is a critical factor, and, in point of fact, the most difficult siting issue to satisfy. Rail service is essential because the Company receives its raw materials, consisting of steel coils, by rail. It is important to note that a property is not rail-served simply by being contiguous to a rail line. Many factors must be examined in determining whether a property can be served by an abutting rail line. These factors include topography, geometry, property size and property configuration. The company's ideal rail layout consists of a connected two-point rail loop, with associated sub-spurs, which facilitates the delivery, pickup, movement and unloading of rail cars. The physical characteristics of the Schaeffer Property accommodates this type of rail service, as evidenced by the rail drawing and site plan attached respectively as Exhibits F & G. It is exceptionally difficult to locate a property which provides this type of rail configuration.

After careful analysis, taking into account all site selection criteria, the Schaeffer Property emerged as an exceptionally rare site that would accommodate the company's business needs. As such, Schaeffer purchased the Schaeffer Property. Schaeffer intends to develop the Schaeffer Property in its entirety for company business operations. Schaeffer purchased the Schaeffer Property in reliance on the full developability of the site. Because

Stephen Endres, P.E.
June 2, 2021

the proposed alignment of Segment D would conflict with this use, the presently proposed alignment should be modified.

As is facially evident from Exhibit D, the currently proposed Segment D bisects the Schaeffer Property. As such, the presently proposed alignment of Segment D would utterly destroy this exceptional rail-served site. Accordingly, the alignment of Segment D should be relocated to the east of the east boundary of the Schaeffer Property "Modified Segment D". This would not only permit Schaeffer to achieve its objective for the Schaeffer Property, but also benefit the community.

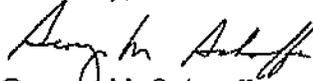

Common sense dictates that freeway alignments should be routed to moderate the impact on the affected community. As indicated above, rail-served sites are extraordinarily rare. A fundamental concept of land planning is that properties should be put to their highest and best use. This ultimately benefits the entire community. Thus, the utilization of rail service on scarce, rail-served properties is in the best interest of the community. Stated differently, impeding or preventing the development of a rail-served site constitutes a material negative impact on the community, which violates core land use concepts. As such, Segment D should be moved east to Modified Segment D.

It is also noteworthy that the properties abutting the Schaeffer Property on the north (Parcel No. 1053077) and on the east (Parcel No. 1052407) are both owned by the same entity. Parcel No. 1053077 (to the north) is already traversed by proposed Segment D, and Parcel No. 1052407 (to the east) is irregularly shaped. Moving proposed Segment D east (off of the Schaeffer Property) to Modified Segment D would eliminate the north/south bisection of the Schaeffer Property. Thus, utilizing Modified Segment D would limit the impact of the freeway project to a single owner, with one parcel already affected by proposed Segment D and the other parcel being odd-shaped, while preserving the unique rail-served Schaeffer Property.

In short, Schaeffer purchased the Schaeffer Property because of the property's unique characteristics as a rail-served manufacturing site. Relocating proposed Segment D to the east to Modified Segment D is consistent with sound land use policy and will limit the impact of the project, permit Schaeffer's objectives and benefit the community.

Thank you for your attention to this matter.

Sincerely,

George M. Schaeffer

Hi Stephen

Please choose option B. It costs many millions less, 17 businesses on 380 do not get eliminated, less environmental and utility problems, and the freeway for option A would be too close to the Tucker Hill residents.

When and where will a public forum be held so we can come and give in-person feedback?

Thank you,
Scott and Tiffany Corcoran

Stephen,

I would like to oppose any option that includes section B. The construction of section A would take place in an area that is already under construction for Ridge Rd. Additionally, the businesses that would need to be relocated if section A were selected would have known that they would be impacted if 380 were to be expanded. In fact, new businesses continue to be built along 380 in an area known to be likely impacted.

Best regards,
Scott Bell

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments:

I MOVED TO WHITNEY PLACE IN PROSPER IN DECEMBER 2016. I HAVE MULTIPLE CONCERNS HOW SEGMENT B WILL NEGATIVELY IMPACT MY HOME AND NEIGHBORHOOD!

- VALUE OF MY HOME, I PURCHASED MY HOME AS AN INVESTMENT, I PLANNED TO USE THE PROCEEDS OF THE SALE OF MY HOME TO HELP FUND MY RETIREMENT. CAN AN ANALYSIS BE PERFORMED ON THE FINANCIAL IMPACT ON HOME VALUES OF WHITNEY PLACE.

- INCREASE IN CRIME, I AM CONCERNED WITH THE INCREASE IN TRAFFIC VOLUMES PLUS VISIBILITY OF MY HOME, THERE IS THE POTENTIAL OF AN INCREASE IN CRIME.

- INCREASE IN TRAFFIC AND POTENTIAL ACCIDENTS, WITH THE "B" AND ITS POTENTIAL 14 LANE, TRAFFIC WILL INCREASE IN MY NEIGHBORHOOD AS WELL AS INCIDENTS. HAS A FEASIBILITY STUDY BEEN CONDUCTED ON TRAFFIC IN WHITNEY PLACE?

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Subject: RE: US 380 Comments and Questions

Thank you for your comments. We will add them to our public meeting summary.

1. Why is the “A” route still under consideration whenever the results of the study (Segment Analysis Matrix) clearly show the least impact to residents and lowest cost is with the “B” option? TxDOT is going through the required NEPA EIS process. In the next few months TxDOT will select preferred alternative and present it at a Public Hearing late this year.
2. Do the residents of Prosper or the City of Prosper have any influence in whether Option A or B through McKinney is chosen when only a very small corner of their city is impacted, and then, only if Option B is chosen? We take all comments into consideration.
3. Does TXDOT cater to politically-connected individuals whose business interests are affected by either route, when their personal homes are not in or near the path of either route? TxDOT does listen to state, city, and county elected officials. Elected officials represent the general public. We tell the public to contact their local elected officials and voice their concerns to them about TxDOT projects.
4. Is the impact to a few very mobile animals, such as horses with influential owners, more important to TXDOT than to thousands of hard-working, tax-paying residents whose lifetime investment in their homes are profoundly impacted by either the A and B routes? We provided more information on ManeGait in our public meeting materials. <http://www.keepitmovingdallas.com/US380EISPublicMeeting>
5. The timing of the final decision is extremely critical to my wife and to me, as we would take an unrecoverable financial loss if we had to sell our home during construction at this stage of our lives. We moved to McKinney over 20 years ago, because of my job, and we don’t intend to stay in this home in retirement IF a freeway or a multi-year construction site is THE view from our front porch. When will a final decision finally be made? The preferred alternative will be presented at a Public Hearing around the end of the year.
6. What is the probability that the decision will be A, B, or neither (abandon both options)? TxDOT does not favor either alternative at this time.

Please call me if you have any more questions.

Stephen Endres

Transportation Engineer

Subject: US 380 Comments and Questions

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

On numerous occasions, you have asked for our feedback and we keep providing it, yet TXDOT continues to ask, as if our opinions might change! My input from last year is in the email below. We contracted to build on Tremont Blvd. in Tucker Hill in December of 2016. At that time, we were told that a 380 BYPASS would eventually be built, reducing the traffic on University through McKinney, and particularly between Custer Road and Hwy. 75. We first heard talk of NO bypass, rather turning University into a 16-lane freeway, in the summer of 2017, when we attended a meeting in Tucker Hill and heard presentations by local politicians and TXDOT representatives. At that point, we had just sold our home on a quiet street in Stonebridge Ranch, paid large sums of money to Darling Homes, and our Tucker Hill home was already under construction. Since then, nearly 5 years ago, we have lived under this dark cloud, wondering what would become of our investment, 38 years of building home equity, as we near retirement.

My wife and I attended the public meeting last night at Collin College in McKinney, hoping to get “new news”. It was so crowded, we could barely see the maps, and could not get near anyone of the persons that appeared to be sharing facts rather than rumors. After an hour, we left, more frustrated than ever! Since we really got no new information last night, I will present my questions directly to you:

1. Why is the “A” route still under consideration whenever the results of the study (Segment Analysis Matrix) clearly show the least impact to residents and lowest cost is with the “B” option?
2. Do the residents of Prosper or the City of Prosper have any influence in whether Option A or B through McKinney is chosen when only a very small corner of their city is impacted, and then, only if Option B is chosen?
3. Does TXDOT cater to politically-connected individuals whose business interests are affected by either route, when their personal homes are not in or near the path of either route?
4. Is the impact to a few very mobile animals, such as horses with influential owners, more important to TXDOT than to thousands of hard-working, tax-paying residents whose lifetime investment in their homes are profoundly impacted by either the A and B routes?
5. The timing of the final decision is extremely critical to my wife and to me, as we would take an unrecoverable financial loss if we had to sell our home during construction at this stage of our lives. We moved to McKinney over 20 years ago, because of my job, and we don’t intend to stay in this home in retirement IF a freeway or a multi-year construction site is THE view from our front porch. When will a final decision finally be made?
6. What is the probability that the decision will be A, B, or neither (abandon both options)?

I look forward to your response to my questions.

Most Sincerely,

Scott Oberle

Subject: US 380 Comments

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

I have provided feedback on several previous occasions, however you have again asked for comments so I will provide my opinions once again.

I am strongly opposed to the current 380 corridor between Custer Road and Highway 75 being converted into a controlled access freeway with access roads. Additionally, I favor either the new Option B Route - Brown Alternative or Option B Route - Gold Alternative.

My wife and I are residents and homeowners in Tucker Hill, residing very near the intersection of [REDACTED]. If the existing 380 roadway were to be converted to a controlled freeway with access roads, the negative impact to the quality of life, as well as the safety and welfare of the many residents living in close proximity to the existing Hwy 380 between Custer and Hwy 75 would be significant, and would far overshadow any improvement to the traffic flow. Additionally, too many businesses on or near this corridor would be negatively impacted by the expansion, and many would probably not even survive the construction process, let alone be accessible and viable if they did survive.

Lastly, it is my understanding that the City of McKinney passed a resolution on 12/15/20 supporting either the Option B Brown or Gold Routes, noting that of the options presented, these were the least expensive and the least disruptive to the residents of McKinney. I support their resolution and believe the resolution of our City Council warrants strong consideration.

Most Sincerely,

Scott Oberle

Subject: US 380 IMPROVEMENTS FROM COIT ROAD TO FM 1827
Date: Thursday, March 31, 2022 9:57:46 AM

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I just wanted to write a quick note on my view of the proposed 380 improvements. To get straight to the point, I am totally opposed to any "improvement" to 380. Freeways ruin neighborhoods, I am originally from California and the building of freeways do nothing to reduce traffic and usually end up making the surrounding neighborhoods into slums. If you want to build a new freeway, build it in the pathway of the Collin outer loop. There are few to no existing neighborhoods and business to be displaced and could help serve the growing Celina community connecting DNT with 75. If you really want to improve traffic on 380, widen Frontier parkway to 3 lanes all the way to US75, Widen Bloomdale to 2 or 3 lanes and connect to 75. Making alternate routs that are not freeways could also help to reduce traffic without destroying existing neighborhoods and businesses and the quality of life for the residences of the existing neighborhoods. If I wanted to live near a freeway, I would have bought a house near a freeway, not one about as far away from one and still be in McKinney as possible.

Thanks for you time.

Sincerely,
Scott Stadler

Option A costs much more and brings unwanted traffic into a largely residential community. Please vote for Option B, the more reasonable solution!

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B bypass** alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B**bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Once again, the Stonebridge board is using SRCA property to promote their personal interests. You will soon receive a group of emails supporting Segment-B, however they only represent a small portion of Stonebridge Ranch residents (barely 10% actually vote for board candidates, sometimes even less). Please be advised they will not accurately represent actual opinion on 380 expansion.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am a resident of Stonebridge Ranch and I am in favor of expanding the existing 380 lanes (option F on the map distributed by SRCA). I have lived in McKinney for 31 years and in Stonebridge Ranch for 25 years. The SRCA board does not represent my views in any way regarding 380 expansion. The majority of SRCA board members live in neighborhoods close to 380. These are all newer neighborhoods and the owners purchased them knowing that 380 would be expanded. The same is true for all Tucker Hill residents.

Expanding the existing 380 lanes will provide a highway that is closer to get to for the majority of McKinney residents. While it may inconvenience a noisy but small segment of the population who are abusing their board position to promote their personal interests, that is really not the point. The point is to provide expanded highway access to those who need it most. And expanding the existing lanes will provide that.

Subject: McKinney Resident - Support Project 380 Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi,

My name is Sean Haran a homeowner and citizen of McKinney, TX living in the Stonebridge Community. I am emailing you to **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Coupled with the new development on the same route that will add shopping and apartments, we are very concerned about the added traffic and disruption to our quiet neighborhood.

Naturally I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.
- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

Thank you for your time and consideration.

COMMENT:

Special needs children require peace, calm and quiet which ManeGait currently provides. The horses carrying them requires the same. Any elevated, noisy highway disturbing these children and therapy horses carrying them will destroy the purpose and character of ManeGait. ManeGait is a recognized, extremely valuable resource for these children and adults, their families and the North Texas Community! Any placement of a noisy highway would be an extreme disservice to the entire North Texas region.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I live at [REDACTED] in La Cima...I am a OB/Gyn physician and feel like traffic from my house to Baylor will be much more intense/congested with option A. Currently, I have no issues on 380 from Stonebridge to Lake Forrest and can get to Baylor hospital in 5 minutes which is optimal for my job.

I would like to see segment B option implemented.

I feel like segment A would disrupt Tucker Hill and La Cima neighborhoods. These are two beautiful neighborhoods that draw a lot of attention from outside residents for prom pictures family photos and family outings. I also think this version A of the expansion is too close to too many housing areas unlike segment B. Please, please, please choice Segment/route B

Thank You!

Re: Proposed 380 Bypass

Mr. Endres:

I have received letters, emails, phone calls, and had many face-to-face discussions with constituents regarding the Highway 380 Bypass. All communication has specifically stated serious concerns regarding the impending, negative impacts the proposed bypass will have on the Town of Prosper, Texas.

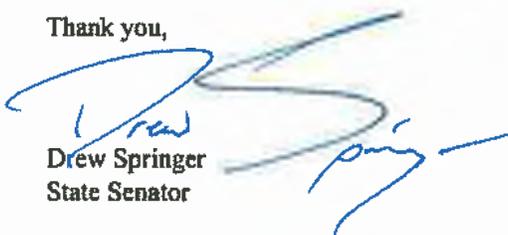

Town leadership has been heavily involved in the project since the commencement of the Feasibility Study in 2017. They supported the US 380 Collin County Feasibility Study Final Report and Implementation Plan in March of 2020. It contained a recommended alignment of US 380 adjacent to the current roadway. Prosper has been opposed to alternative alignments that bisect and/or cut through the Town. This includes the proposed Brown and Gold route or Segment B. Segment B negatively impacts existing, planned, and future development in Prosper. At risk are ManeGait, a nationally renowned equine therapeutic facility providing programs to assist individuals with disabilities, Founder's Academy, a newly established charter school, an additional Prosper Independent School District high school – presently under construction, and numerous homes and businesses. In addition, it would negatively impact Prosper's economic development and growth opportunities.

The Town of Prosper has worked diligently to plan, execute, and adhere to a plan for responsible and sustainable growth. It possesses the smallest land mass in the area and has a population of 31,000, considerably less numbers than adjacent communities. Responsible planning has included a Thoroughfare Plan that was adopted after multiple public hearings and intensive citizen input. This Thoroughfare Plan included the original proposal of TXDot which illustrated US 380 as a Limited Access Freeway located along the existing alignment within the Town's jurisdictional boundary. This plan was one the community supported after multiple meetings and discussions.

It is my unwavering opinion, based upon facts, that when comparing Segment B to various alignment options, there are other less impactful alignments that exist. I am asking you to utilize those other options. Selecting Segment B will lead to the destruction of a vibrant, well planned, and growing community.

Thank you for your consideration,

Thank you,

Drew Springer

Subject: Opposition to HWY380 Alternate Routes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

September Green

The Honorable Drew Springer
State Senator, District 30
P.O. Box 12068
Austin, Texas 78711

Dear Senator Springer:

Thank you for your letter dated April 7, 2022, regarding the US 380 project between Coit Road and FM 1827. We have added your letter to the other comments we've received and will address all comments once responses have been prepared.

TxDOT is diligently working on evaluating each of the segments presented at the March 2022 public meeting and will take all the comments we've received into consideration as we complete that evaluation. We anticipate presenting the preferred alternative at a public hearing in early 2023.

Please feel free to contact me with any additional questions or concerns.

Sincerely,

Mohamed K. Bur, P.E.
Dallas District Engineer

Segment Design and Engineering Considerations	12
Feedback Survey – Response Summary	13
Feedback Survey – Individual Responses	14

Areas of Historical and Ecological Significance

Focus Area 3 has several areas of historical and ecological significance that should be avoided by the selected build alternative. Segment C will damage or destroy historically significant artifacts along its alignment and disrupt their connection with the surrounding landscape and its unique features. The segment will also disrupt the unique heavily-forested wetland ecosystem and the wildlife that take refuge there. In contrast, Segment D does not encroach upon, damage, or destroy any wetlands and crosses the shortest distance of heavily-forested woodland. Additionally, it avoids areas of historical significance, preserving the character of the landscape and the environment for future generations.

Simmons Dairy Farm

Several of the properties located along CR 338 were the site of the Simmons Dairy Farm in Collin County. The dairy farm was operational in the 1930s and used a few farm buildings that have been preserved and are still standing today. The historical farm buildings include a calving barn, a small milking barn and corral, a large milking barn, a hay storage barn, and a milk cooling shed. An 80-foot deep well that was hand dug and brick lined was used to supply water to the farm as needed. Segment C would run through the middle of the historical farm, splitting it in two, irreversibly harming it. The calving barn is marked on the schematic roll plots for Segment C as a “shed” and would be wiped out by the construction of the segment. Similarly, some of the other historical structures marked as “barn[s]” on the map would be destroyed. An application is currently in progress for the historical farm buildings and farm site to be recognized as a Recorded Texas Historic Landmark (RTHL).

Simmons Dairy Calving Barn.

Woodlawn Cemetery

Located to the east of CR 338 is Woodlawn Cemetery, a Recorded Texas Historic Landmark (RTHL). The cemetery is situated along the historic Lower Bonham Rd at the site of the church and school of the small historic community of Rock Rest. The community was a stop on the Clarksville stagecoach route that ran between McKinney and Bonham. The cemetery was first used in the 1870s and is the burial place for many Collin County pioneers, containing over 200 graves. The majority of the graves are from the late 1800s and early 1900s. The creek that flows by the cemetery and trees throughout it contribute to the cemetery's unique aesthetic. Segment C would run slightly southwest of the cemetery and would harm the site's integrity and its seclusion from modern civilization, damaging the atmosphere of the historic community.

Graves in Woodlawn Cemetery are located throughout the trees and around the creek that flows by.

Wetland, Floodplain, and Forest

The wetland ecosystem is located along and to the north and to the east of the DGNO Railroad and the East Fork of the Trinity River, surrounding Clemons Creek and its interconnecting watercourses. Clemons Creek runs from the north to the south through the wetland and meanders to the east and west. It is an integral part of the habitat, contributing water and nourishment to the wetland and its plant and animal life. Changes to the natural water flow of Clemons Creek and interconnecting streams could damage the water supply to the wetland, permanently altering the ecosystem.

The wetland is home to a mixture of mature hardwoods and secondary forest. It is composed of a variety of tree species, including oaks, walnuts, pecan, mulberry, elm, ash, bois d'arc, and cottonwood. One of the mature American Elms sits on the edge of the wetland and has a circumference of over 174 inches. Based on its circumference, the elm is approximately 220 years old, making it one of the oldest and largest living American Elms in the state of Texas.¹

¹ Texas A&M Forest Service Big Tree Registry.

Approximately 220-year-old American Elm tree.

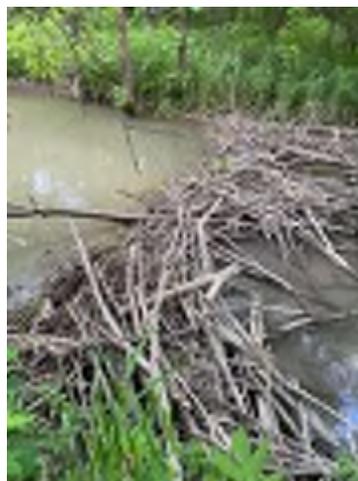

The wetland is also the habitat for a wide variety of wildlife species, including various mammals, amphibians, reptiles, fish, and birds. Beavers can be observed playing in the streams, felling trees, and building lodges and dams causing small ponds to form. The beaver ponds contribute to the habitat for frogs, turtles, snakes, fish, and river otters.

One of the beaver ponds constructed in the wetland.

A watercourse that meanders through the wetland.

A dam in the process of being built by beavers. Felled tree stumps can be observed nearby.

The wetland serves as a habitat for several species of migratory and non-migratory water and forest birds. The migratory painted bunting and indigo bunting prefer dense, secluded woodlands, and use the forested wetland for nesting, feeding, and resting. Other migratory

flocks of birds use the area to rest and hunt, and many varieties of ducks and geese frequent the wetland. The ecosystem also provides a nesting area for several species of egret and heron as well as other water birds.

Painted Bunting visiting one of the bird feeders in the woodlands.

Segment C would disrupt or destroy the unique ecosystem that is not commonly found in Collin County. It runs through the heavily-forested wetlands, crossing a large pond. Segment D avoids the critical wetland ecosystem and areas of historical significance, preserving the landscape and environment for future generations.

Segment Displacement Data

Errors and Inconsistencies in Presented Data

The calculations of residential and business displacements for Segments C and D presented in the Segment Analysis Matrix do not accurately reflect the number of residences or businesses that would be displaced by the segments. The calculation errors appear to arise out of inconsistencies in the data collection and analysis methods used to produce the totals.

For example, some structures whose properties were encroached on by the segment were labeled “Direct Building Displacement” or “Induced Building Displacement” and were included in the displacement totals. However, other structures with the same characteristics and whose properties were also encroached on by the segment were not labeled or included in the displacement totals, despite being located physically closer to the segment. Additionally, the business displacement totals appear to be counting building displacements instead of individual business displacements.

Furthermore, the displacement totals for Segment D include displacements from the FM 1827 to CR 560 Project whereas the Segment C totals do not include those displacements (see the far east side of the roll plots for Segments C and D). These inconsistencies in data collection and classification result in statistics that cannot be relied upon to accurately compare, contrast, and analyze the segments' impacts.

The Segment Analysis Matrix also includes combined displacement totals with the Spur 399 Extension project. However, the calculated displacement totals do not reflect the displacements that would occur when reviewing the roll plots that were provided at the October 2021 Public Meeting for the project. Further examination and analysis would be required to produce accurate combined totals for the two projects.

Collecting Accurate Displacement Data

To determine accurate displacement counts, uniform classification rules were defined and applied to the entire length of each segment under scrutiny and the adjacent properties, residences, and businesses. The classifications and their definitions are outlined below:

- **Direct Displacement:**
The right of way of the segment intersects with the structure or comes within 10 feet of the structure, unless the right of way boundary for the segment parallels an existing roadway right of way boundary.
- **Induced Displacement:**
The structure is located on the same property as a Direct Displacement structure and whose function is directly related to that of the Direct Displacement structure. (For example, a shed for a displaced residence, or an additional building for a displaced business building).
- **Logical Displacement:**
The right of way of the segment intersects with the property on which the structure resides, and the intersection of the segment with the property causes substantial harm to the property or significantly alters its appearance or interferes with its ability to perform its present function.

The collected displacement data was arranged to separate unique displacements for each segment from displacements common to both segments. The following sections include the displacement totals as well as detailed lists of residences and businesses that would be affected as depicted on the roll plots for Segments C and D.

Segment Design and Engineering Considerations

As is evidenced from the elevation profiles included on the roll plots for Segments C and D, the topography along the route of Segment C is uneven and is composed of several hills and valleys. The resulting profile of the road surface has repetitive inclines and declines. In comparison, the topography along Segment D is flat, and the resulting profile is more even and level. Both Segments C and D parallel an existing roadway for a portion of their length in an apparent attempt to reuse existing right of way and reduce the impact on property owners. Despite this consideration, the majority of Segment C runs through and between residences and businesses, disturbing several properties and resulting in a large number of displacements, as detailed in the previous section. In contrast, Segment D runs across floodplain and farmland that primarily lack residences and businesses.

The roll plots and Segment Analysis Matrix indicate Segment D, as currently designed, would use additional bridge length with a higher estimated construction cost than Segment C. Given that Segment D runs along the edge of the floodplain for the majority of its length and given that existing US 380 crosses the floodplain between Airport Dr and FM 1827 via a combination of embankments and bridges, it may be more cost effective to implement a similar design for Segment D. By replacing some of the bridge length with embankments, the construction cost of Segment D could be reduced.

US 380 embankment across the floodplain between Airport Dr and FM 1827 as viewed from the East Fork Trinity River bridge during a flood in October 2018.

Regardless of its ultimate cost, Segment D stands out as the superior route for the community when considering the level of service it provides, the shorter estimated travel times and higher travel speeds, its preservation of historical and ecological assets valued by the community, and its impact to considerably fewer properties, residences, and businesses than other alternatives.

Feedback Survey – Response Summary

	Responses	People Represented
1. Supported Improvement Plan:		
– Improve Existing US 380 Corridor (Green Build Alternative) / Do Not Improve US 380 (No-Build Alternative)	76 [83.52%]	334 [86.30%]
– Build a Bypass around Existing US 380 Corridor	16 [17.58%]	59 [15.25%]
2. Acceptable Bypass Segments/Build Alternatives:		
2a. SH 5 to FM 1827:		
– Segment D (Purple/Gold Build Alternatives)	91 [100.00%]	387 [100.00%]
– Segment C (Blue/Brown Build Alternatives)	0 [0.00%]	0 [0.00%]
3. Community Values:		
– Segment D is the best build alternative for the community because:		
– It affects substantially fewer people, residences, and businesses than other alternatives		
– It protects the critical wetland ecosystem, forest, and other environmental and ecological assets		
– It avoids areas of historical significance valued by the community		
– It better fulfills the need for the project by offering shorter estimated travel times and higher travel speeds than other alternatives	91 [100.00%] I Agree	387 [0.00%] I Agree
	0 [0.00%] I Disagree	0 [0.00%] I Disagree

Subject: Highway 380 - Support for Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please give serious consideration to the points outlined below. Highway 380 is already so congested and dangerous. I cannot imagine what the disruption due to construction will do to the area from a safety, road rage, cost, home values, business loss, etc. will do to this area. I'm already very nervous about the high school kids who live as far out as Custer and 380 who are zoned into McKinney North (closer to 380 & 75) and who have to drive down 380 to get to school. Their school starts at 7:30 am, these teenagers normally drive down 380 to get to school which is so dangerous without additional construction hazards and delays. I personally know of several teenagers who have already had wrecks within months of getting their driver's licenses due to traffic, congestion, distractions, going in and out of fast food locations, etc. while driving down Highway 380. Segment A seems to be a better alternative and less disruptive to businesses, homeowners and young drivers.

Additional Reasons:

I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
 - *The cost of Segment-A is \$99 million more than Segment-B.
 - *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
 - *It will also cause the installation of water pipes (ducts) over 380.
 - *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
 - *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
 - *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.
- Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

Thank you,

Shanda Combs

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Shannon Brungardt

Subject: SUPPORT the Project 380 Segment-B Bypass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As a homeowner, [REDACTED], and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Stephen Endres
US TX-DOT
4777 E. US Highway 80 Mesquite, TX 75050

As a resident of Prosper, I **strongly oppose Option B** of the US Hwy 380 by-pass. Rather than provide word salad here with all the reasons why, I will keep it simple. US Highway 380 was here long before I moved to Prosper and I rarely enjoy driving it. However, to punish the City of Prosper and its residents by expanding the highway through Prosper is wrong, period.

And just in case you do need more reasons why this is wrong, I could not have explained better than Kenneth Seguin did in his letter to you dated March 30, 2022. If you need me to provide those reasons for you again...

And I quote:

"My recollection is that McKinney Mayor George Fuller, former County Judge Keith Self, and the McKinney community of Tucker Hill's collective push to have a by-pass go through Prosper wasn't even on the table until former County Judge Keith Self (who lives in Tucker Hill) asked TxDOT at a County Commissioners meeting to look at Prosper as an alternative route. He unethically used his position as the county judge to influence TxDOT to move the by-pass proposal away from Tucker Hill ("NIMBY – Not in My Back Yard"), and instead, build it in Prosper's backyard. How hypocritical of him..... As I recall, the original TxDOT proposal had a by-pass running north-south along the east side of the Tucker Hill community where it would then merge with the existing US Highway 380. As I understand it, that east-side land is in a flood plain where no homes could be built anyway, but an elevated by-pass could be built there without depriving McKinney of potential tax revenue generated by new homes. That's when former County Judge Self wrongly opened his mouth to protect his own neighborhood. In terms of "direct impact" on Prosper, Option B would obliterate the Ladera Prosper 55+ community being planned by the Delin brothers, just west of Custer Road, with the result that Prosper would be deprived of the taxes generated by these new homes. In terms of "indirect impact," Option B would create a negative environmental / ecological impact on: • The Mane Gait therapeutic horsemanship program; • The Founders Academy already built and in operation on the southwest corner of E. First Street and Custer Road; • The existing small cemetery with plans for expansion on the west side of Custer Road; • The Malabar Hill subdivision currently under construction on the south side of E. First Street; • The Walnut Grove High School now under construction on the south side of E. First Street. These are just some of the reasons why Prosper's proper planning for the future should not be disrupted by Option B being pushed by the consortium of Fuller, Self, and Tucker Hill. The cheapest alternative is not necessarily the best alternative, nor is it ethically the best alternative. The lack of planning on McKinney's part (allowing homes and businesses to be built too close to the existing US Highway 380 when the city knew someday it would have to be improved and expanded) should not create an emergency for Prosper. Our town has carefully planned for its future. Prosper does not tell McKinney where to build roads in its city planning; in the same vein, McKinney should not be telling Prosper at this juncture where to build roads in its town. McKinney at 200,000 population ought not to be bullying smaller Prosper with its 30,000 population – projected to build-out at 72,000. The Town of Prosper has maintained all along for several years that it supports "Keep 380 on 380." I also urge TxDOT to pursue the ethical choice of not harming the Town of Prosper and its residents.

Sincerely,

Shelley Malazzo

Subject: Comment on US380 Bypass Public Meeting 03/2022

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

Thank you and TXDOT for holding an in-person meeting on 03/22/22. I know most people appreciate being able to interact, ask questions, and meet your staff and consultants.

This is my comment on the 380 Bypass/Interstate 75 interchange, as presented in "Segment E".

I live in the subdivision, Pecan Ridge Estates, which is very near to I-75. It looks like the currently drawn alignment of this segment has pretty much reverted to what was presented in 2018. In May 2019 ("Red Route A", public meeting), it was placed a little more north, and was measured by an engineer as being about 2400 feet from my house. I would guess the highway is now about 1200 feet from my house as currently drawn.

Although I, and my neighbors, wish the highway would not come so close to our subdivision, it seems TXDOT sees this interchange as more viable for the long term.

May I comment that, if you must adopt this most recent I-75/380 Bypass juncture, please save as many trees as possible. The area just north of our neighborhood includes Honey Creek, and a heavily wooded area almost up to the access road of 75. These trees already provide an excellent noise barrier for us, as we put up with traffic noise from I-75 all the time. I don't want to see the noise increasing much if TXDOT can help it at all. In particular, I regard the heavily wooded area over Honey Creek as an important part of nature that should not be disturbed.

Thank you for considering and adding my comments on the 380 project.

Comment:

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. The vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait. My disabled son participated in ManeGait's therapeutic riding program for many years before moving into a group home facility in West Texas. The time he spent there was a highlight of his middle school and high school years. It is a haven for a much forgotten classification of people. The serene atmosphere caters to many with autism and disabilities. Please don't interrupt this good work with the proposed highway segment.

Attached are photos of my son. He is not just a number.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi, Mr. Endres

As a McKinney resident, I strongly support Segment B plan for the US 380 project and oppose Segment A.

Segment-B has no right angle turn as Segment-A, which makes the highway much safer. Segment-B only goes through currently undeveloped land in Prosper while Segment-A goes through a currently heavily developed area in McKinney.

ManeGait property will remain untouched.

No businesses on 380 will be destroyed.

The cost of Segment B is \$99 million LESS than Segment-A.

We hope you can take people who will be impacted by this project's response into consideration.

Thank you!
Sophie

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Mr. Endres,

We have submitted emails and comments prior to this round of emails. We oppose the expansion of Highway 380 to come in Prosper. It is not cost effective. Prosper is a town. McKinney is a City.

Big difference in plannings from previous politicians. This is dangerous for our schools, communities, and for ManeGait. Very unsafe for our town. We do not want it!

Whitley Place Homeowners say NO WAY!

We strongly oppose this. The town of Prosper should not even be an option.

Please reach out with any questions or comments.

Thank you,

Stacey Sanchez

Subject: Keep 380 on 380

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Andres,

We are writing to voice our opposition to Option B for the planned US380 Bypass. Our comments (all of equal importance) include:

- 1) The City of Prosper has passed six resolutions advocating that 380 bypass remain on present US380 corridor that crosses Prosper city limits. The city's mobility/transportation planning has long supported this right-of-way. The city of McKinney is out of line to propose a bypass alternative that cuts through the southeastern corner of Prosper and divides Prosper communities. McKinney's lack of planning does not justify violating the prudent planning by Prosper.
- 2) Option B will adversely affect the economic advantages that Prosper is entitled for development of land in Prosper's southeastern corner affected by Option B. TXDOT has no right to take this property from a small municipality that is only 27 square miles. Tax revenues will be lost from developments planned and underway including Malabar, Ladera, Brookhollow, Wandering Creek, and Rutherford Creek neighborhoods.
- 3) Option B will adversely affect the environmental and safety concerns associated with Founders Academy, the soon to be completed Prosper High School (both located off First St), Whitley Place, and the Ladera Senior community currently planned in the right-of-way of Option B.
- 4) Option B will violate the environmental and safety considerations for persons with disabilities that are clients of the Mane Gate therapy property. The American Disabilities Act (ADA) prohibits discrimination on the basis of disability, which the noise, air pollution, and safety concerns associated with Option B would impose on these persons. The TXDOT US380 Collin County Feasibility Study Final Report states: "The Red A Alignment is the only alignment that does not affect Mane Gate Therapeutic Horsemanship and its ability to function." The EIS must address the the negative environmental and health hazard impacts that Option B imposes on this minority community.
- 5) The planned intersection at Custer and US380 Bypass will present safety concerns with residents attempting to enter/exit existing commercial properties in this location.

Regards,

Stanley & Marjorie Youngblood

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments: OPTION A
We oppose option B through Prosper.
Let McKinney handle the volume through
vs. Prosper's small community. Poor planning
from McKinney developers (Tucker Hill, etc.) should
not constitute increased traffic through
our neighborhoods, nearby houses + new
schools.
Keep 380 on 380, do not bisect Prosper!

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Subject: Option A on 380 Must Not Happen

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen, adding to my husband Dave's earlier email, and to outline just one of the Option A safety concerns in more detail...

Coming out of Tucker Hill and you want to go east on 380—
Option A requires U-Turns at Custer and then go east

Coming into Tucker Hill from the west—
Option A requires a U-Turn around Ridge and then head west into Tucker Hill

Emergency & Commercial vehicles are at great risk as well as the School Buses, packed with kids, making these U-Turns in the dark morning hours . This scenario is unimaginable.

We strongly reject option A on safety grounds, as well as many others.

Subject: Opposition to HWY380 Alternate Routes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Subject: No Bypass B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am against the bypass B going through Prosper!

1. MainGate will be materially impacted. They provide unique services to disabled children, adults, and veterans that are difficult to get in this area. They also offer opportunities to youth and adults to serve in their community and help the disabled population. Bypass B would destroy the services they provide to a very diverse population. My older daughter was able to serve at MainGate, and they are a blessing to families do not only serve there, but are using their services as well.
2. Bypass B will directly affect 4 schools and the safety of the children at each of these schools. It will take millions of tax dollars away from Prosper ISD. Prosper ISD is unified along with the town of Prosper and their decision to say no to a bypass B. They have written numerous resolutions stating the fact that they are against a bypass through Prosper.
3. A bypass through Prosper will affect the safety of the citizens of the town of Prosper as well as the children.
4. Bypass B will directly affect multiple neighborhoods and Prosper. It will decrease home values and overall desire of the area. Prosper will lose millions in tax dollars because of a bypass. (This should be considered part of the cost!!)
5. Bypass B Will demand the massive relocation of utilities that are critical to Prosper's infrastructure.
6. Bypass B was never a consideration until a group in McKinney Texas suggested that it be placed in Prosper. McKinney poorly planned their roads. McKinney desires of bypass, Prosper planned for the widening of 380. It is corrupt to ask Prosper to suffer in multiple safety and financial ways because McKinney poorly planned and doesn't want it in their city.
7. On a personal note, I am a widow with a minor child at home, and I am very concerned about the safety issues that the highway would bring very near my home. I am also concerned about how it will decrease the value of my home. As a widow this will financially impact me.

Please do not put a bypass through Prosper. It should not even be a consideration.
Thank you, Stephanie Williams

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper. I live in Whitley place and our neighborhood along with the new Prosper high school, Elementary schools and Maingate which are all in close proximity to this proposed highway will have huge disruptions if this highway is passed. The noise disruptions will not only disrupt the children learning at the schools but will also cause huge problems for disabled children undergoing therapy at maingate. How is this ok? Poor planning done so by city of McKinney should not affect the residents of prosper who chose to buy and build in a quiet part of the town.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT

CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest regards,

Stephanie Wilson

Subject: US 380 Comment

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr. Endres

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

- It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- The cost of Segment-A is \$99 million more than Segment-B.
- It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- It will also cause the installation of water pipes (ducts) over 380.
- It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thanks for your consideration!

Stephen and Kari Kittredge

Subject: 380 bypass route

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The SRCA Board of Directors supports the Project 380 Segment-B bypass route. This option would route a US 380 bypass to connect WEST of Custer Road (see picture above). **The SRCA Board DOES NOT support Segment-A** for the reasons shown below. It will be very detrimental to our community.

Suggested Wording for US 380 Comment Form

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.

- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

Contact the TxDOT project manager Stephen Endres, P.E. to ask questions or comment about the project at Stephen.Endres@txdot.gov or (214) 320-4469.

Subject: US 380 Bypass Coit Road to FM 1827

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Enders:

My wife and I are writing as concerned citizens and residents of the section of Stonebridge Ranch that will be impacted by the 380 Bypass project. While we agree a bypass from Coit Rd to FM 1827 will ultimately result in a benefit for the traffic in the 380 corridor, one of the proposals for how to achieve this has us deeply concerned.

The differences between the Segment A proposal and the Segment B proposal appear to be so drastic with respect to impact and cost that we are amazed that there is even a question re which to pursue:

For starters, it seems unconscionable to consider Segment A over Segment B when Segment A will cost taxpayers \$99,000,000 MORE than Segment B. Additionally, the impact Segment A will have to more than 17 businesses - especially considering the fact that businesses are only now beginning to recover from the impact of COVID shutdowns - is completely unreasonable when Segment B would appear to have no impact to businesses whatsoever.

Lastly, the fact that Segment B would propose NO hazardous material sites and only 2 major utility conflicts to be addressed (vs the 11 hazardous material sites and 7 major utility conflicts proposed for Segment A) also lead us to question why Segment A is under consideration.

All told, a cost/risk/benefit analysis of these two proposals appears to make Segment B the only well reasoned approach to this project. We trust TxDOT comes to the same conclusion.

Very sincerely,
Steve and Lisa Lyman

Hello, Sir ~~

We own a home in Stonebridge Wren Creek with Hwy 380 [REDACTED]. We're sure TXDOT has already decided which route, but we'd like to express our view. We already enjoy enough noise with the highway behind us. There is a SPECIMEN pecan tree, 50-60' high in the greenbelt. Blue jays reside in a couple of the smaller trees, along with some squirrels and at times a red tail hawk and a bobcat. Segment A widening would be detrimental to this area.

From info I've read, a lot of businesses will be affected with option A, along with residences along 380, plus the cost would be tremendously more. Wife and I have worked hard in ranching all our lives to be able to retire and live closer to our son and his family. We would be grateful if TXDOT would **use ROUTE B**. Thank you, Steve & Darlya Oehler

Subject: Highway 380 bypass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.
- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road, and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Best Regards,

Steve Parry

Simply we are in favor of Segment B and opposed to Segment A.

We do not want any more taxes levied on us or any of our neighbors.

Definitely do not want 17 businesses destroyed. Covid has already done damage to enough businesses. Additionally, destroying 17 businesses eliminates 17 sources of current tax revenues.

Finally, Seg. B has fewer utility conflicts and and substantially less hazardous materials issues to deal with. These increased issues with Seg A will no doubt lead to much higher costs for the project.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Stephen,

I would like to strongly emphasize the need to choose segment B option to the 380 bypass given the obvious devastating impact it will have on Stonebridge Ranch area. Stonebridge Ranch community is one of the largest in Texas and holds the most historical and future economic and brand value to the city of Mckinney. It should be the priority to ensure that the businesses, home values, quality life, etc are preserved.

I know your job is not an easy one, but we trust you will make the right call here. We appreciate you!

Subject: Opposition to HWY380 Alternate Routes

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,
Steve Tennison

As a homeowner of the Stonebridge Ranch Community and a citizen of McKinney, TX, my wife and I would like voice our STRONG support for Project 380 Segment-B bypass alignment option. This option would be the least disruptive to businesses causing no displacement and have minimal impact to existing homes and families living in the area of US380. It is also the LEAST expensive option by nearly \$100M (probably much more after overruns) when compare to the cost of the Segment-A alignment.

Sincerely,
Steven and Cindy Dennis

Subject: 380 gridlock needs a solution

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

NO SOLUTION to gridlock & safety on 380 & other major streets in rapidly growing far north DFW cities will be acceptable to ALL citizens of all far north cities even after years of extensive studies & analysis. Lack of decisionmaking by Texas leadership to alleviate travel movement gridlock of citizens,NSEW caused by increased pop growth makes leadership in Texas look clueless & incompetent to solve problems of big & growing areas in a timely,efficient manner. Decide on gridlock travel solutions expeditiously, after already extensive & prolonged studies, in & around large,growing cities in Texas & move Texas forward into next decades as a continued premier mid-west force to compete successfully with East & West coast cities for labor talent & business growth.
Sue Stauffer

NAME/ADDRESS: Susan and Timothy Anderson [REDACTED]

COMMENT:

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait. Please don't let this happen. Thanks for your time!

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres-

I am writing this email to voice my opposition to the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait. TxDOT previously identified ManeGait as a key community resource serving vulnerable and protected populations. As a licensed physical therapist who has spent 40 years practicing and serving this same population, I can tell you that therapy opportunities such as ManeGait are extremely rare and very difficult to find for our patients. I know this facility strives to provide a positive experience for each client served and the proposed HWY 380 Segment B will significantly interfere with ManeGait's ability to provide quality services. Loud noises, construction noises, and eventual highway noise will not only alarm the horses but will also be detrimental to the clients with spasticity and neurologic issues including brain injuries. Loud noises that startle the horse with a handicapped client/rider would be very dangerous.

Please reconsider the proposed HWY 380 Segment B and honor TxDOT's 2020 decision that cited the Americans with Disabilities Act and Executive Order 12898 on Environmental Justice where TxDOT removed from consideration any alignment that impacted ManeGait's daily operation. These therapy patients do not need this wonderful treatment opportunity taken away from them by a highway.

Thank you,

Susan Davis PT

Thanks for including me, Ben. I will be meeting with Pris Darling as well to hear more about the expanded services at ManeGait. I am still personally very much opposed to the route through Prosper, not only because of ManeGait, but because the Town of Prosper is so geographically limited to begin with; and this route slices right through the heart of their commercial corridor, which has a huge detrimental economic impact.

Keep me posted on any new information.

Best,
Susan

Good Afternoon Stephen...

Please find attached, my comments on Segments A and B (Focus Area 1). My comments include two comparatively brief statements for Segment A when compared to the comments for Segment B. You will find that my Segment B comments focus primarily on the rights of adults and children with disabilities protected by the Americans with Disabilities Act and Executive Order 12898 (environmental Justice) which provide for the fair treatment of the minority community of adults and children with disabilities.

As stated in my concluding remarks in the attached comments, it would be an egregious error and violation of rights guaranteed by the Americans with Disabilities Act and Environmental Justice - Executive Order 12898 to exclude, from the EIS analysis and discussion, the negative air quality health hazards and the traffic noise environmental hazards imposed on the minority community of adults and children with disabilities that benefit from services provided by ManeGait. Unfortunately, many persons within this vulnerable community cannot speak for themselves to protest the impact the proposed Segment B will have on their ability to improve their quality of life and life experiences.

It is very unfortunate that there are people who do not understand the value and benefit of ManeGait's programs and services to the minority group of adults and children with disabilities. This is an example of why the ADA was adopted to protect their rights, along with Executive Order to ensure fair treatment.

Please please include this email along with the attached comments as part of the project's public record for the March 22, 2022 public meeting. Feel free to contact me with any questions regarding my comments.

Comments:

I vote for the Purple alternative! Blue is fine also. The gold & the brown do not work for Prosper residents. They cut right thru a 55+ adult housing addition, which is the only such housing addition in Prosper. The builders have already broken ground. Also, gold & brown are too close to schools & Main Street Therapeutic Horse facility.

I vote Purple only.

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

Dear Mr. Stephen Endres,

As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to business with no displacements, minimal impact on existing homes and families living in the neighborhoods along and adjacent to US 380. It also is the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A for the following reasons:

1. It destroys the removes 17 small businesses West of the 380 and Custer intersection on the North side.
2. The cost of Segment-A is \$99 million more than Segment-B.
3. It will create an overpass on 380 over Stonebridge Drive and Custer Road, which will result in increased traffic and pollution that will in turn destroy the nearby naturally preserved environment where thousands of wild animals find home at.
4. It will also cause the installation of water pipes(ducts) over 380.
5. It will jeopardize traffic safety of people in the communities due to increased traffic on Stonebridge neighborhood streets arterial to Highway 380, such as Stonebridge Dr, Ridge Rd and Lake Forest Dr.
6. It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village.
7. 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Given considerations to cost efficiency, environmental protection, traffic safety for the mass population in the affected neighborhoods, plus many other factors, Segment-B is the Best and Most Sensible option to be utilized in order to improve traffic flow in our corridor while keeping the negative impact the Least upon the economic business and residential vibrancy in our community.

Your serious consideration of the pleas by residents in the affected neighborhoods will be greatly appreciated! Thank you very much!

Sincerely,

Susan Liu

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Susan Meadows Wade

Subject: Project Segment B bypass alignment option

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

As a homeowner and citizen of McKinney, TX., **I strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments:

I am very concerned about the prospects of a 350 business cutting through the new planned development for residents etc. I am almost 70 and believe this type of housing is critical for Prosper. I am also concerned about the proximity of a high traffic area adjacent to our new High School. And despite what is said, I do NOT believe the noise and pollution will be a healthy option for Main Gate animals OR patrons. I encourage TxDOT to not pull from Prosper tax base - we cannot afford to lose the income from the potential home property taxes. I support Proposal A

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Stephen:

As a homeowner and citizen of McKinney, TX., **I strongly SUPPORT the Project 380 Segment-B bypass alignment option.** This option, I feel, is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. **It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.**

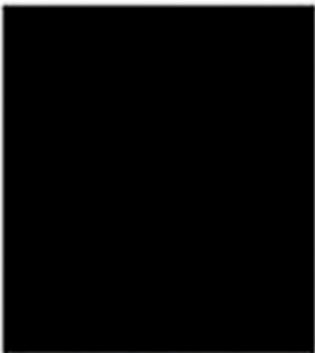

I also strongly oppose Segment-A. As it causes the following:

1. \$99,000,000 more expensive!
2. It will move traffic farther East into McKinney. This causes more noise, pollution and reduces property value.
3. It will remove 17 small businesses off 380 and Custer!
4. We don't need an overpass over Stonebridge Drive and Custer Road OR installation of water pipes over 380.
5. A large interchange to be constructed at the intersection of Segment-A and 380. This will potentially depress home values!

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Subject: Project 380 Bypass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

At the end of 2015, I moved into my newly built home in Wynn Ridge Estates located in Stonebridge Ranch, McKinney. I had moved from Staten Island, NY and am very familiar with problems created by heavy traffic and the negative impact of noise and fume pollution on local areas and the devaluing of the quality of life as well as property values. Years ago, I lived through the building of the Verrazano Bridge and witnessed the disruption and eradication of traditional neighborhoods in Staten Island and Brooklyn. Therefore, I strongly support the Project 380-Segment -B Bypass Alignment Option. My home is located off Ridge Road between 380 and Virginia Parkway. McClure Elementary School and another school are located near the NW corner of Ridge and 380 and Dowell Middle School is located near the intersection of Ridge and Virginia Parkway. Students walk to these schools and increased traffic will endanger them. As a retired NYC high school supervisor and CUNY professor, I am deeply concerned about this issue. Ridge Road is already heavily trafficked, often with cars and trucks not observing the speed limit, especially before, during, and after school hours. Option B will be the least disruptive to businesses with no displacements and provide a minimal impact on existing homes located in the neighborhoods adjacent to 380. In addition, this bypass would be nearly \$99 million less than the Segment-A Alignment.

I strongly oppose the Segment-A Bypass. This bypass will create an overpass on 380 over Stonebridge Drive and Custer Road. Water pipes will also be installed over 380. Having lived on an island dependent on egress and ingress from four bridges for most of my life, I relish the lifestyle afforded by living in Stonebridge Ranch. Under the Segment A proposal, 380 as it exists will be demolished and moved North to be rebuilt so the South side of the access road will be in the same location as the existing 380 today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Sincerely,
Suzette Lippa

Sent from my iPad

April 2, 2022

Dear TXDOT and Mr. Stephen Endres,

As a homeowner and resident of McKinney, TX, I strongly SUPPORT the project 380 segment B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to University Boulevard/local 380. It is also the least expensive option vs. option A by \$99 Million.

I also strongly OPPOSE option A. It should not be considered and option B or another option should be proposed that is further north.

Here are my reasons why option B is the preferred option vs. option A for economic, engineering, environmental and safety considerations:

- **Economic:**
 - o Option B costs \$99 Million less than option A (\$589.7M vs. \$688.5M) and saves valuable taxpayer dollars that can be spent on other projects
 - o Option B is far less economically impacting to local businesses in the county than option A, which will divide the road and limit access to local businesses. Option B would impact 17 local businesses most negatively via displacement
 - o Option B has just 2 major utility conflicts vs. 7 in option A, for a significantly lower cost of relocation
 - o Option B displaces 12 homes, businesses and other barns/sheds/outbuildings vs. 31 in A
 - o Option B requires \$40 Million lower right of way cost (\$136.8M vs \$177.8M)
- **Engineering and Safety:**
 - o Option B provides a more gradual route without sharp corners or sharp grades vs. A.
 - o Option B does not require engineering 2 large aqueducts near residential areas vs. A.
 - o Option B's route uses land not yet developed, making the road more accessible to construction vehicles and less disruptive to existing neighborhoods and businesses
 - o Option B diverts long haul trucker and long distance travel traffic away from local use of University Boulevard/local 380 west of 75, engineering a viable option for both local and long distance traffic and allowing more regional mobility
 - o A separate Outer Loop option should also be considered if neither option A nor B are deemed viable. This would divert traffic just 5 miles which is considered within the range of 5-10 miles of freeway spacing in urbanized areas.
 - o Option B avoids the significant problem of option A limiting access to the local hospital and fire and police departments trying to reach homes and businesses
 - o Option B avoids the safety issues present in option A over years of construction for local teenagers and young drivers trying to reach 3 local high schools
 - o Option B is safer given the more gradual design, which can be important when considering severe weather conditions. It is unclear how cars and trucks traveling at 70 mph would navigate two very sharp turns present in option A
 - o Option B requires fewer interchanges than option A (5 vs. 6).

- Environmental:

- Option B enables a shorter morning commute travel time vs. A, which over the life of the road can have significant environmental benefits due to reduced pollution and congestion. One mile shorter can add up significantly over time to reduce air pollution.
- Option B does not require displacement of water resources and the local water supply. The 2 aqueducts required for option A would not be necessary with option B
- Option B impacts substantially less wetlands, rivers and streams (0.7 acres of wetlands, 1,852 linear feet vs. 4,665 linear feet in option A)
- Option B impacts far fewer acres of forest (35 vs 67 in option A). Trees take decades to establish and host precious animal populations.
- Both options A and B have equal impact to floodplains and floodways combined and both impact from 41-67 acres of prairies and grasslands. A third option further north may be worth considering given this.
- Both options have impacts to multiple protected species, which is also an argument for a third, further north option. However, option B impacts fewer species and does not impact stop over habitats along Wilson creek, which is a black rail and whooping crane habitat.
- Option B has zero hazardous material site impacts, while option A has 11
- Option B impacts fewer acres of Statewide important farmland (2 vs. 14.9 in option A)

- Additional Considerations:

- Option B does not impact the Manegait facility negatively. This has already been determined by expert studies. One person's wishes, however influential or political, should not be favored over the wishes of an entire city and the state's fiduciary responsibility to taxpayers.
- Co-opting a protected group of people, those with disabilities, for personal gain is exploitive. Manegait was also offered a larger location by the city of McKinney to relocate. It's much easier to relocate one farm, despite TxDOT's expert studies not showing that's necessary. Horse therapy is classified as augmentive and is not considered as essential physical or occupational therapy. Horse therapy is admirable and welcome. However, it should not be used for political or personal gain, particularly given the overwhelming evidence of option B being more viable
- Ridge road is also under development as a main arterial road that will serve the same purpose as the ramp proposed in option A. Therefore, option A creates duplicative waste.
- There would be no easy access to the Tucker Hill neighborhood with option A. Residents would need to travel up to 10 minutes out of their way via multiple turns further along the proposed option A route to enter or exit the neighborhood. Hundreds of families live in this unique and charming local community. Its front porch peace and quiet would be destroyed with option A having a multilane freeway wrapping along the east side of the community and 150 feet from its front doors.

Segment B is the best option to improve traffic flow in the corridor while preserving the economic, business and residential vibrancy of our community.

Sincerely, *Suzette McKee*

Subject: 380 segment A and segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing to point out the reasons why Segment A as an option for the 380 bypass should be rejected outright.

I am a resident of the Tucker Hill subdivision, a uniquely charming neighborhood which would be most severely impacted by Segment A. However, even if I didn't live in this neighborhood, I would be strongly opposed to pursuing the route defined by Segment A. Here are the fact based economic, engineering/safety and environmental reasons, and some very important other reasons why Segment A should be rejected and TXDOT should proceed with either Segment B or use the outer loop to bypass business 380:

Why A must be rejected:

Economic:

- o Segment B costs \$99 Million less than Segment A (\$589.7M vs. \$688.5M) and saves valuable taxpayer dollars that can be spent on other projects
- o B is far less economically impacting to local businesses in the county than A, which will divide the road and limit access to local businesses. A would impact 17 local businesses most negatively via displacement
- o Segment B has just 2 major utility conflicts vs. 7 in A, for a significantly lower cost of relocation
- o Segment B displaces fewer existing structures: 12 homes, businesses and other barns/sheds/outbuildings vs. 31 in A
- o Segment B requires \$40 Million lower right of way cost (\$136.8M vs \$177.8M)

- Engineering and Safety:

- o Segment B provides a more gradual route without sharp corners or sharp grades vs. A.
- o Segment B does not require engineering 2 large aqueducts near residential areas vs. A.
- o Segment B's route uses land not yet developed, making the road more accessible to construction vehicles and less disruptive to existing neighborhoods and businesses
- o B diverts long haul trucker and long distance travel traffic away from local use of University Boulevard/local 380 west of 75, engineering a viable option for both local and long distance traffic and allowing more regional mobility
- o A separate Outer Loop option should also be considered if neither Segment A nor B are deemed viable. This would divert traffic just 5 miles which is considered within the range of 5-10 miles of freeway spacing in urbanized areas.
- o Segment B avoids the significant problem of Segment A limiting access to the local hospital, fire and police departments trying to reach homes and businesses
- o Segment B avoids the safety issues present in A over years of construction for local teenagers and young drivers trying to reach 3 local high schools
- o Segment B is safer given the more gradual design, which can be important when considering severe weather conditions. It is unclear how cars and trucks traveling at 70 mph would navigate two very sharp turns present in Segment A's design
- o B requires fewer interchanges than A (5 vs. 6).

- Environmental:

- o Segment B enables a shorter morning commute travel time vs. A, which over the life of the road can have significant environmental benefits due to reduced pollution and congestion. One mile shorter can add up significantly over time to reduce air pollution.
- o Segment B does not require displacement of water resources and the local water supply. The 2 aqueducts required for Segment A would not be necessary with B
- o Segment B impacts substantially less wetlands, rivers and streams (0.7 acres of wetlands, 1,852 linear feet vs. 4,665 linear feet in A)
- o Segment B impacts far fewer acres of forest (35 vs 67 in A). Trees take DECADES to establish and host precious animal populations.
- o Both A and B have equal impact to floodplains and floodways combined and both impact from 41-67 acres of prairies and grasslands. A third option further north such as the outer loop may be worth considering given this.
- o Both A and B have impacts to multiple protected species, which is also an argument for a third, further north option. However, Segment B impacts fewer species and does not impact stop over habitats along Wilson creek, which is a black rail and whooping crane habitat.
- o Segment B has ZERO hazardous material site impacts, while A has 11
- o Segment B impacts fewer acres of Statewide important farmland (2 vs. 14.9 in A)

- Additional Considerations:

- o Segment B does not impact the Manegait facility negatively. This has already been determined by expert studies. One person's wishes, however influential or political, should not be favored over the wishes of an entire city and the state's fiduciary responsibility to taxpayers.
- o Co-opting a protected group of people, those with disabilities, for personal gain is exploitive. Manegait was also offered a better location by The city of McKinney to relocate. It's much easier to relocate one farm, despite TXDOT's expert studies not showing that's necessary. Horse therapy is classified as augmentive and is not considered as essential physical or occupational therapy. Horse therapy is admirable and welcome. However, it should not be used for political or personal gain, particularly given the overwhelming evidence of Segment B being more viable
- o Ridge road is also under development as a main arterial road that will serve the same purpose as the ramp proposed in Segment A. Therefore, Segment A would create duplicative waste.
- o There would be no easy access to the Tucker Hill neighborhood for residents, visitors and emergency vehicles with Segment A. Residents would need to travel up to 10 minutes out of their way via multiple turns further along the proposed Segment A route to enter or exit the neighborhood. Hundreds of families live in this unique and charming local community. Its front porch peace and quiet would be destroyed with Segment A having a multilane freeway wrapping along both the east side of the community and 150 feet from its front doors.

Truly though, a third option should be teed up such as using the outer loop. But A is an abomination. B is better. Please help us keep our local character and keep 380 for the locals who live here.

Thank you so much for your attention to this issue,

Suzette McKee

Subject: Strongly Favor Segment B -- For Intangible Reasons

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Stephen Endres, P.E.

My husband has given his input. He listed all the data points that favor Alt. B over Alt. A. It was very analytical and makes a strong case for Alt. B.

I agree that the facts from the TxDot study make a strong case for Alt. B. However, I think that he misses many intangible factors that are more important. They may not be measurable, but I believe they need to be considered with the same scrutiny, and given the same weight as the dollars, business, residential, environmental, etc. (all the measured evaluation screening categories) that TxDot so comprehensively studied.

My husband and I are 75. He is a veteran. Our home is less than 100 feet from 380. (He says.) We've lived here 19 years. Our subdivision (Wren Creek) has 350 homes. Kensington, Tucker Hill and a large apartment complex are roughly in the same area. I know that Stonebridge and other residential areas, plus 17 businesses will also be impacted if Alt A is chosen.

I hope that TxDot will consider these intangibles factors:

The total interruption of our lives during the digging up of the old 380 and putting in the new

- Our difficulty of getting to medical facilities and ambulance/emergency vehicles getting to us
- The traffic load that will be diverted through our neighborhoods
 - Some of whom will be disgruntled over the delay and detour
 - Most of whom will be unfamiliar with the roads
- The safety of our children
- Students that get to school in cars or buses
- The pollution and dirt that we will experience all day long for as long as the build out takes
- THE NOISE

How do you quantify any of that!!?

Then I hear the Prosper folks saying that Alt. B will change their city considerably. No kidding? They live in Collin County the 2nd fastest growing county in the US. Have they not noticed that Plano, Frisco, Allen, McKinney, Wylie, etc. have changed greatly as well. Alt. B does go through the SE part of Prosper, but what are their intangible impacts? Since much of Alt. B's route is through undeveloped and less inhabited land in Prosper there will be less disruption to their residents. Yes, there will be some, but Alt. B will also benefit Prosper in many ways including the increase in land value. Maybe a big increase, I've heard.

If the hard facts support Alt. B, I truly believe that the intangibles and non-measurable impacts are even stronger for B than the measurable ones.

Sincerely,

Suzy Sumrall

I'm just letting you know that I am in favor of plan B for the obvious reasons. Less money and less hurdles and less noise for where we are located.

Just making sure that our opinion is stated.

Thanks

Suzy Trombold

Subject: Support for Project 380 Segment-B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Me. Endres,

My name is Swamynathan Ganesh and as a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.
- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Regards,
Swamynathan Ganesh

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021, "...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,
Swati Bhardwaj

Subject: Opposition to Segment A for proposed improvement to US 380!

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres:

We reside in La Cima Village of Stonebridge Ranch and strongly oppose Segment/Option A for the safety of our children & community, for the environmental impact, and for destruction of local business.

Option A directly impacts the safety of our children and community in two ways:

(1) This section of 380 is the main route of access to THREE major high schools. All traffic will be funneled into local neighborhood roads (Stonebridge, Ridge, Lake Forest). With many families here, plus teenage drivers, this puts children's lives at risk.

(2) 380 is also the direct route to Baylor Hospital. Construction with Option A will impact emergency vehicles and paramedics ability to get patients to emergency care.

Option A also destroys more natural environment and is also the longer option vs Option B. More road means more pollution and damage to the environment over time.

Lastly, we oppose A because 17 local businesses will be destroyed, with negative impact to access for countless others.

For all these reasons, we oppose A and support B.

Thank you,
Sylvia Pak

Subject: Hwy 380 and Bypass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

Opposition of Segment B - 380 Bypass

Prosper should not be held responsible for McKinney's lack of planning. Prosper has planned for 380 to be turned into a proper highway/tollway. McKinney is larger than Prosper, and should not be permitted to bully their resolution onto Prosper. Please don't allow this.

Segment B will harm neighborhoods, cemeteries, schools, wetlands, non profit organization. Many of the same things McKinney says Segment A will harm. Please don't correct McKinney's issue by putting a chunk of it on Prosper.

Personally we moved from Stonebridge in McKinney, to Prosper. For a bigger yard, but also to get away from 380. We have built our empty nester, die of old age home. Please don't devalue our home and neighborhood.

All of the Prosper and McKinney people north of 380 did not build their homes near a major highway. Both bypasses will harm many neighborhoods, and families and their homes. What is the count 13 neighborhoods harmed? 18? I can't remember the exact count, but it's a lot.

Home owners should take precedence over the relocation of businesses.

The independent study done 5-6 years ago showed making 380 a proper highway/tollroad was both the most efficient and cost effective option.

There are 3 cemeteries along Segment B.

There are 2 schools along Segment B.

There are many Prosper and McKinney residents /neighborhoods that will be harmed by Segment B.

There is a large and wonderful non profit along Segment B that will be destroyed if it goes in.

Wetlands and natural habitats will be harmed by Segment B and also by Segment A.

McKinney Mayor Fuller originally agreed with fixing 380. Then he suddenly flipped his stance. He's a developer. So he's all for a bypass that he can develop along. He seems to care more about business than the citizens/homeowners of McKinney.

The real fix is Fix 380. Keep 380 on 380. - Lower it. Raise it. Whatever, just fix it please. Speed limits of 55-60 mph with stop lights is a disaster. I've lived here for twenty some odd years and seen so many bad and fatal accidents. A friend of mine was killed by a truck on 380. It plain and simply needs to be fixed for traffic relief and also for safety. Please?

Thank you for your time.
Blessings,
Tammy Pennington

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I have stayed involved with the 380 Project since it started some... what 5? 6? years ago? I was unable to attend the meeting in McKinney last night, due to travel.

Where may I place my opinion on the routes?

Prosper and I reject the proposed Alignment B going through Prosper. We support Alignment A. Prosper is prepared for the expansion of 380. Prosper should not be punished for McKinney's poor planning for expansion.

I lived in McKinney in Stonebridge for 9 years. We were pretty close to 380. We chose to move up into Prosper to get further away from road noise.... and here we sit with McKinney trying to put a highway right next to our home. This is our die of old age home. Heartbreaking to think this could be taken from us simply because McKinney doesn't want to deal with their problem. There is a Prosper High School planned that many McKinney students will attend. McKinney needs to improve the road for the school to build. Guess what... they don't want to pay for the road... yet they do want their children to go to Prosper schools. They want all the good stuff with little effort. Sad.

Please let me know who or where I need to comment.

Thank you and many blessings....
Tammy Pennington

Subject: 380 Proposal Pro Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning, I'm sure you have received this email a hundred times or more but I wanted to point out that the Darlings who own Main Gait also own and live on several acres of adjoining land (25.2192 Acres) to the current Main Gait location, perhaps from the goodness of their hearts they may be able to move the sensory trail riding (which is in a news report) to the property owned by Pricilla Darling, perhaps she could donate it to Main Gait to help alleviate some of the loss of land to the bypass. Maybe someone could suggest that as an alternative, and I may be wrong but I believe the city of Prosper purposely submitted an application for a school and sub divisions after the previous announcement that the land in that area was being considered, it seems a bit unfair to call foul on that.

Just my thoughts on the matter, I am older and will be dead or retired before any of this comes about so I wanted to get my two cents in. Below is a copy and paste from my HOA. The destruction seems immense and expensive for segment A. I also hate to see two cities at such odds, it is truly a shame.

Take care,
Tamra Collins
Proud McKinney resident since 1999

As a homeowner and citizen of McKinney, TX., **I strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION;

FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Taylor Abaroa

From: Tucker Hill Homeowners Association Board of Directors April 5, 2022
To: Stephen Endres

Dear sir:

We, the Board of Directors for the Tucker Hill HOA, a community in McKinney, TX, **strongly SUPPORT the Project 380 Segment-B** bypass alignment option and **strongly oppose the Segment-A** option. Some of the reasons for supporting Segment-B over Segment-A are:

- **Cost to Taxpayers:** The combined cost for obtaining the required rights-of-way, relocating impacted utilities, highway design and construction is \$99 million LESS for Segment-B than Segment-A.
- **Businesses Impacted:** The Segment-A plan will displace 17 business currently located on 380 while Segment-B impacts none.
- **Safety Issues:** Segment-B is a more gradual option with respect to high speed turns while Segment-A includes two sharp turns that could be very hazardous at high speed or during inclement weather. During construction Segment-A includes a total rebuild of 380 between several existing residential communities; increasing emergency response times and creating more risks for residents of those communities.
- **Environmental:** When compared with Segment-A, Segment-B impacts 61% fewer jurisdictional wetlands, 2,800 linear feet less of rivers and streams, and 5 fewer acres of regulatory floodways. Also, Segment-B impacts no potentially hazardous materials sites while Segment-A impacts 11 such sites.
- **ManeGait:** We commend TxDOT for its efforts to accommodate the needs of the ManeGait therapeutic horse facility. The most recent version of Segment-B avoids direct impacts to ManeGait and, based on TxDOT's research of similar facilities across the U.S., allows ManeGait continue to function as it does today.

For the above reasons and others the Tucker Hill HOA Board of Directors strongly recommends that Segment-B be the option chosen as part of the 380 bypass project.

Respectfully,

Amy Law, HOA Board President, Southern Land Corporation

Mac Hendricks, HOA Board Director, Southern Land Corporation

COMMENT:

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. By cutting through ManeGait, you will destroy the very essence of ManeGait. We service vulnerable children and adults and our horses need calm, quiet surroundings to do their jobs. The special needs children and adults need a calm atmosphere to help them get the most out of this unique environment! Don't take this away from us. Do the right thing and don't allow someone with a political agenda to push this through for their own benefit!!! I will pray that you don't let this happen!

Subject: proposed 380 changes in McKinney, TX
Importance: High

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- *The cost of Segment-A is \$99 million more than Segment-B.
- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- *It will also cause the installation of water pipes (ducts) over 380.
- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

I encourage TXDOT to take the appropriate action for the good not only of McKinney residents and business along existing 380, but for the state of Texas as well.

Sincerely,

Teresa R Hicks

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

- It is unreasonable and unsafe for 150 disabled riders and their horses to work 60 hours a week with the sounds, emissions, and vibrations of construction for 3-4 years.
- In the future, it is unreasonable and unsafe for these riders to receive therapy with a roadway/traffic equivalent to US HWY 75 towering over them and their therapy horse.
- Segment B will also result in land acquisition from property that is regularly used to support ManeGait's operations.

Thank you for your consideration! This facility changes children lives!

Subject: 380

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

My first preference would be to keep it on 380 as the outer loop and the toll road that will be extended north will alleviate some traffic for people going west off of 75. The bypass is so close to the outer loop I don't see that traffic couldn't be alleviated with the original planned east west arterial roads such as bloomdale, laud howell etc. The problem is there is no way to go east or west other than 380 until the outer loop is built.

That being said if we must build a bypass it makes no sense having it come back down blue build A with the developments coming along 380 before you get to Custer going west. By extending it into Prosper with either brown or gold would make the most sense,

Thank You

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,
Thank you for giving folks an opportunity to voice their opinions regarding the Hwy 380 project.

I am in favor of bypass Option B and strongly oppose Option A for the below reasons.

- I understand that Option B is ~\$1,000,000 less cost than Option A.
- It will be much, much less disruptive to an already congested Hwy 380 (for however many years it would take to construct Option A).
- It will less disruptive to already existing homes and businesses along Hwy 380.

I also understand that Main Gait was an issue for Option B, but that has since been resolved.

For those reasons, to me it just makes sense to go forward with Option B.

Again, thank you for the opportunity to email you and voice my opinion.

Subject: Project 380 Segment-B Option

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

We are the Hughes family, Stonebridge Ranch residents since 1995. With respect to the HWY 380 mobility project, we wanted to **voice our opposition to Segment-A bypass** alignment for the following reasons:

- 1) The section from Coit Rd to Ridge Rd is one with **very limited arterial road options to safely divert the volume of Hwy 380 traffic that would be disrupted.**
- 2) The **Segment A Bypass option would seriously impact safety for area students** by diverting traffic onto highly populated neighborhood streets of Stonebridge Dr. and Ridge Rd., each holding an Elementary School Zone proximate to Hwy 380.
- 3) Because of area High School Attendance Zoning, **Segment A Bypass would pose a serious safety concern to lesser experienced teen drivers.** North Stonebridge Ranch residents must travel East along Hwy 380 to attend McKinney North High School. Auburn Hill residents must travel West along this stretch to attend Rock Hill High School. Having this inexperienced driving population contend with the inherent hazards of construction traffic as well as detours thru residential streets and school zones would be of high concern.

We also kindly ask you to:

- 1) Extend consideration all the small businesses between Coit and Ridge Rd. that would be devastated despite having persevered thru the challenges of the COVID pandemic.
- 2) Take into account the large-scale West Grove construction project that will already be adversely affecting traffic in this area of Custer Rd. and Hwy 380. Segment A would completely circumvent this construction.
- 3) Consider the negative effect Segment A would have on the landscape and the natural resources of the Big LaCima Lake which provides a refuge to varied wildlife and serves as a popular and picturesque retreat to area citizens.

Segment B is the best option to improve traffic flow and provide ADDITIONAL alternate traffic flow in North McKinney, where population growth *is expected* and not *already is*. It is the logical option for preserving the economic business and residential vibrancy *of a larger existing community*.

Segment B is the most fiscally responsible choice, estimated to save tax payers approximately \$99 Million dollars all while providing the area with an EXTRA avenue for traffic flow, not just a costly massive "improvement" over an already existing traffic corridor that *already affords considerable capacity and mobility*.

In summary, SEGMENT B affords:

- *Two high-capacity road options instead of one, for \$99Million less money
- *Less impact to existing businesses and local economy
- *Less existing traffic pattern disruption
- *Greater safety for area Elementary and High School Students
- *Preservation of quality of life and property values for a majority of area citizens.

We respectfully strongly urge you to support the Segment B Bypass Option.

Thank you for your time in reading this.

Regards,
Ben, Lynn, Madeline, Jack and Natalie Hughes
ver a long stretch of the already existing traffic corridor.

Subject: 380 By-Pass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As a homeowner and citizen of McKinney, TX., **I SUPPORT** the **Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses and it has minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I am also **strongly opposed to Segment-A.**

It should not be considered for the following reasons:

- The cost of Segment-A is \$99 million more than Segment-B.
- It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

I will state again what I have previously stated and that is that Segment A is only feasible if you go underground with the through lanes from the intersection of 380 by Ridge Road to a half to three quarters of a mile past Custer Road.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. I have listened to the Prosper case against Segment B and see most of their arguments as displacements of planned things, not actual built things. The concerns of ManeGait seem to be exaggerated as from what I can tell, the new roadway only clips the corner of their property.

Good luck in your decisions as you will never make everyone happy.

Thomas Titus

Comments:

I would humbly ask that the PURPLE LINE be used, specifically because the use of "A" vs "B" line "B" has a larger impact on the very small town of Prosper. Looking at the potential impact and limitations created from line "B" should be understood at the overall ratio or portion of the town that would be used. Prosper is only 25 sq mi, so a 2mi road weighs heavy on development, more so than much larger neighboring cities.

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Tia Orlando

Subject: Project 380 Bypass

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Sincerely,

Tiffany Chen

Subject: I Support Project 380, Segment-B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- It significantly and needlessly impacts 17 small businesses West of the 380 and Custer intersection on the North side.
- The cost of Segment-A is \$99 million more than Segment-B, with costs which are incongruent to ultimate benefits.
- It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets such as Stonebridge Drive, Ridge Road, and Lake Forest Drive. This will increase traffic, noise, and pollution in our neighborhoods, needlessly reducing property values and the standard of living of thousands of neighborhood residents and McKinney homeowners.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Hi Stephen, I'm writing to submit comments for the 380 realignment project. I own a home in McKinney approx 1 mile south of 380, so I have a vested interest in this as I drive 380 weekly and one of the proposed alignments is very close to me. I appreciate the focus of improvement in this project and also how much work is required.

With the information I have access to in the presentation, I am currently in support of Segment B.

Thanks,
Tim Jones

Subject: Keep it Moving Dallas - 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon.

I've reviewed the Segment Analysis Matrix presented on the virtual public comment for 380 expansion project. After reviewing the data, I strongly oppose Segment A and believe it should not be considered due to the following information.

Segment A would result in slightly more congestion in both am and pm rush hour commutes. Segment A would require more total segment length as well as 1 more new interchange. Segment A would have 7 major utility conflicts as compared to only 2 with Segment B. This difference comes with a \$35.8m increased cost to develop Segment A. Segment A would result in 17 business displacements as compared to zero business displacements with Segment B. Even though Segment A requires less total ROW acreage, it comes with \$41m higher cost. Total estimated project cost would be \$98.8m more to develop Segment A.

It appears that the biggest disruption with Segment B would be potential future residential displacements. The keyword in that sentence being potential, as in, we don't know for sure whether those would be realized impacts or not. The data you provide in the matrix shows actual, concrete impacts to existing businesses and utilities if Segment A were to be selected as the best alternative.

For these reasons above, utilizing information from TXDOT Segment Analysis Matrix, I believe Segment B to be the best option to improve traffic flow while preserving active businesses within our community while also saving taxpayer dollars.

Please let me know if you have any questions about my interpretation of the information above or would like to discuss further. Thank you for the opportunity to comment on this project.

Thanks,
Tim Montgomery

To: Stephen Endres
Subject: Read this one please- No on Segment B for Highway 380

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I have seen first hand that Main Gait is a rare and valuable community resource. It serves children and adults with disabilities and military veterans. They do amazing work there transforming lives. It seems like it is just a lesson but the riders' entire lives are made better by not only the physical strength, but even more importantly the confidence, freedom and positive mental impact from riding at Mane Gait.

I volunteer there and every time I am there I see how everyone is positively impacted- the riders, their parents, and the volunteers.

Segment B of highway 380 will come so close to Main Gait that the riders may not be able to ride. I have seen how the current construction has sometimes been loud enough to distract the horses. That is not safe and interrupts the classes. Their vulnerable riders can't ride and have a positive experience being 50 to 100 feet from a major street and a major highway. The construction will be so loud that some of the children won't be able to even be there, much less ride, because of the sensory issues they have. This will interrupt or end the therapy services they receive at Mane Gait.

This email is to call attention to the huge negative impact of the proposed HWY 380 Segment B because it will prevent ManeGait from serving two vulnerable and protected status populations -- the disabled and children (as identified by TxDOT).

Therefore we are strongly opposed to Segment B proposal.

Please feel free to contact me if I can be of any service or help answer any questions.

Sincerely,

Tina Udrys

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Subject: 380 Prosper Proposal

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen,

Thank you for extending the deadline to allow more of us to comment.

I am not one for platitudes, and you have a job to do, so I will be direct: the current proposal is a disaster.

If the goal is to sacrifice the actual neighborhoods and residents for the value of traffic flow, then the plan is brilliant. If, however, you want to maintain the integrity of Prosper, as a viable town, then chopping it up into pieces with the roundabout path being considered, it is a non-starter.

I have, firsthand, seen the impact of a major road running through the middle of a town and the way it cuts the town, not just in 2, but in 3, culturally and economically. The Boston Post Road, or US1, runs straight through Darien, CT a small town of decent affluence.

The issue that US1 has created 3 different zones of living: the waterside community, the backcountry and the area around the road. There is no cohesion to the community; and, in fact, it created a lower end socioeconomic environment as no one wanted to live anywhere near the traffic flow.

This area of far north Dallas is trying to find its identity. The proposed plan will kill that. Please do not put this plan into motion but rather go back to the drawing board.

Best regards,

Tom Crystal

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE

IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

A Texas Department of Transportation message

PUBLIC MEETING COMMENT FORM
Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments: Option B is the Best, A major reason is that it goes the furthest west. It also affects the least people. Both of these are important items. It would be good to continue B well further to the west - to the Dallas North Toll Road or further. Congestion on 380 goes far west of the DNT

Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Subject: PROJECT 380 BYPASS

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

As a homeowner and citizen of McKinney, TX, **I strongly support the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. I also understand that is less expensive than Segment A by about \$100,000,000.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- > 380 is even now is very heavily trafficked from downtown McKinney to Denton: **why in the world would we spend \$100,000,000 more to get less traffic relief on 380.**
- > It will destroy small businesses west of the 380 and Custer intersection on the North side.
- > It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- > It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

Sincerely,

Tom Hanson

Hello Stephan,

I am a volunteer at ManeGait and am writing to oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. The vulnerable and protected populations, deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

Please do whatever you can find another route for the freeway and protect the special needs community.

Best Regards,

Tom Merrill

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear TXDoT:

I want to express my support for the protection of ManeGait and opposition to your proposed Segment B to the HWY 380 bypass.

Above and beyond all the passionate, credible, sincere arguments and testimonials you must be getting from all sides of this issue, I want to highlight one simple, but possibly overlooked, reason TXDoT should seriously reconsider their recent position taken on Segment B.

As citizens & humans, we must strive to protect disadvantaged populations -- those that have no voice. I doubt any of us would disagree with that statement. The 150 riders at ManeGait have conditions, challenges in life, disabilities that marginalize their ability to have a full voice in a decision such as this. They and their families have enough on their plates to deal with.

I appreciate that how TXDoT ultimately figures out how to weigh the options must be very hard -- decisions have to be made and there will always be winners and losers. But how can TXDot not give the utmost priority to the 150 children and adults with disabilities that effectively don't get a direct voice in this? For some of those riders, ManeGait is the one refuge in their life where they get a break and good things happen. In the calculus of all this, at a minimum, that plot of land called ManeGait on your map should count for 100-150 homes, and I worry that the "people in those homes" (the riders) are not getting equal representation, equal voice with TXDoT based on how Segment B was drawn.

Respectfully,

Tom

Subject: Highway 380 Project

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

I am sending this email to you to express my strong opposition to the construction of Segment A of the Highway 380 project. As far as I am concerned it would be insane to even consider construction of Segment A. It's my understanding that the construction of Segment A will cost taxpayers \$99 million more than Segment B. Also, I understand that at least 17 businesses will be destroyed. If you are trying to reduce the congestion along the existing 380 then you should follow a plan that takes east bound traffic off the existing road as soon as possible. According to the TXDOT Segment Map I have reviewed, Segment B would pull traffic off of the existing 380 sooner than Segment A. This fact, as supported by the TXDOT Segment Map, proves that Segment B would come closer to meeting the objective of creating a 380 bypass than Segment A.

Questions that require plain, straight answers:

- 1) Does this additional cost include the loss of ad valorem tax revenue to McKinney from the destruction of businesses and residential property, and the capture of the property by the state which removes it from the tax rolls??
- 2) Does the estimated \$99 million additional cost for Segment A include the loss of sales tax to McKinney from the closing of the business along existing 380??
- 3) How many jobs will be lost from the destruction of businesses along the existing 380 if Segment A is constructed?? What is the total payroll of those lost jobs??
- 4) It appears that your objective in constructing a 380 bypass is to reduce the congestion on the existing 380. What percent of the present traffic coming east bound into McKinney on the existing 380 continues east through McKinney at least past Highway 5??

I look forward to your response to my questions and comments.

Subject: 380 Bypass Project , I support Segment Bces.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

My name is Thomas Vandenbush, a 21 year resident of Stonebridge Ranch, and as these are the choices, I support Segment B.

It makes no sense whatsoever to spend an additional \$ 99 million for Segment A, in order to satisfy some preferences. It locks you in for any future expansion or changes.

Either plan is shortsighted as both will creates a mess at the intersection of 380 and Custer, already a bottleneck. For the long term , the 380 Bypass should be tied into the Dallas tollway system. Obviously more costly today, but will probably the long term solution as time goes by. Segment B should be viewed as Stage 1 of the plan to eventually get to the Dallas tollway.

Thanks for your attention,

Regards

Tom

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I want to express my support for the Segment B option for this project, which will be much less disruptive than the Segment A option. Thank you.

Tommy Huggins

I would like to provide comments in opposition to segment B specifically related to TexDot conclusions regarding impacts to ManeGait.

Slide 17 indicates:

“By moving the freeway slightly to the south, we were able to fit it in a constrained area between the charter school and ManeGait Therapeutic Horsemanship. This change allows us to not directly impact either facility. “

This conclusion is flawed. Under NEPA three type of effects are considered. Direct effects, are those “caused by the action and occur at the same time and place;” As described in the presentation segment B would be squeezed in an area next to ManeGait. Just because it does not cross the facility does not mean it does not have a direct impact on the facility. My understanding is that the owners of ManeGait, who know their operation the best, have concluded the impact would be so significant they would have to relocate. This would be a direct impact.

NEPA also requires consideration of indirect impacts and cumulative effects. With regard to ManeGait I do not see a clear discussion of this. Indirect effects are those “caused by the action and are later in time or farther removed in distance, but are still reasonably foreseeable.” The cumulative effects, which result from “the incremental impact of the action when added to other past, present, and reasonably foreseeable future actions.

Slide 20 indicates:

None of the alternatives being presented directly impact the community facility of ManeGait. Due to comments received by TxDOT about impacts to ManeGait, TxDOT further studied how the project could impact the facility. We conducted interviews with staff of similar therapeutic horsemanship facilities in Texas. Staff interviewed at these facilities noted nearby infrastructure (such as highways) did not pose an issue to their operations. Ultimately, it was found it is possible for therapeutic horsemanship facilities to function effectively in a variety of physical and environmental settings.

Again this conclusion is flawed. While interviews with staff at other facilities can give an opinion on impacts to their facilities their opinion may or may not be relevant to ManeGait. No one knows the impact on the operations at ManeGait better than ManeGait. Therefore the opinion of the operators at ManeGait is significant and relevant. By the comments on slide 20 this seems to have been ignored.

Again from what I have heard ManeGait has concluded the impacts to their facility would be so significant that they would have to relocate.

What I do not see discussed by TXDot is the impacts to the patients, which includes veterans and disable people (some who may be considered protected under ADA) who receive therapy at ManeGait.

The impacts to veterans and the disabled are the more important consideration.

While limited research is available on the benefits of equine therapy a review of the literature would indicate veterans experience significant benefits from equine therapy. Studies indicate the theoretical explanation for the benefits is in part related to features of the physical or social environment. In addition studies suggest that physical features of the equine environment (e.g., barn, stable, or natural environment) facilitated positive effects. This would seem to contradict the conclusion that there would be no direct impact to ManeGait. At the very least there would be indirect impacts. At least one study has shown attrition from a program was associated with participants moving or becoming too busy to attend sessions. Conversely one could conclude moving the facility could have the same negative impact of attrition.

If option B is approved ManeGait would move.

Would the new location be a viable option for current patients to attend?

Would a move disrupt patient's therapy? Would a move have a negative impact on the progress made by patients?

Veterans often receive care for other medical issues. Would a new location cause a conflict for the patients?

Let's not overlook the impacts to people. Veterans have made great sacrifice for our country. We should not be

asking more of them by creating avoidable negative impacts on this treatment facility.

Mr. Endres,

I appreciate your diligence and support with this process. I wanted to follow up with you on one of our previous correspondences below from June 25, 2020. At that time, Segment A was the preferred alignment and now somehow Segment B is back on the table.

I'm asking you to please reconsider and remove Segment B from consideration all together.

I have lived in Prosper for over a decade and feel it's important to speak up about the proposed 380 bypass. Along with two other passionate Prosper Residents, we formed the 'Protect Prosper Task Force' and have been the voice and horsepower behind the coordination, posts/communication, call to action and rallies you may have heard about. I love our Town, it's values, and our amazing community. Prosper ISD is continually one of the fastest growing School Districts in our great State, while continuing to deliver excellence. I have been and will continue to be invested; I will have children in PISD schools until 2035.

I, along with an inordinate amount of Prosper residents strongly oppose any version of the proposed Segment B alignment of US 380.

We have hosted two Protect Prosper Rallies over the last two weeks and have had a combined ~700+ attendance. We've also had the full support of our Town Council, Mayor & Mayor-Elect, Town Manager, PISD Superintendent & PISD Board of Trustees, Representative Shaheen, Senator Springer and countless other local leaders. They have not only joined us, but also spoke publicly in support of our efforts to strongly oppose any form of Segment B that goes through Prosper.

As you know much better than me, Prosper has spent an incredible amount of time and resources in planning. Our Town has created and went public many years ago with a Master Thoroughfare Plan, as well as future designations of water/sewer and other infrastructure. We also have multiple developments not just shovel ready - but already in development and currently moving dirt.

We only have a mere ~27 square miles to develop, and therefore fund our Town Budget and a large portion of PISD's budget.

It makes zero sense to approve Option B through Prosper. It negatively impacts our residents, businesses, ManeGait, Prosper ISD schools, Founders Academy, and our future growth and development. It also negatively impacts the reason most people moved to Prosper in the first place — to escape the city for open spaces, solitude, and a small town feel. We have the support of the Town of Prosper, Prosper ISD, local business owners, landowners, parents, and students - who are all unified in our stance that we **OPPOSE OPTION B** in all forms.

SPECIFIC WAYS OPTION B NEGATIVELY IMPACTS PROSPER

-
-
- 12+ lane FREEWAY dividing Prosper (8 lanes & 4+ access lanes on either side) with the magnitude equal to US 75, located just south of Founders Academy
-
- US 380 Bypass Segment B options + approved Collin Outer Loop (6-8 lanes) just north, would sandwich NE & SE Prosper in between 2 major highway thoroughfares
-
-
- Significant environmental impact: pollution, emissions, & poor air quality
-
-
-
-
- Directly affects neighborhoods: Whitley Place, Whispering

Hey Emily,

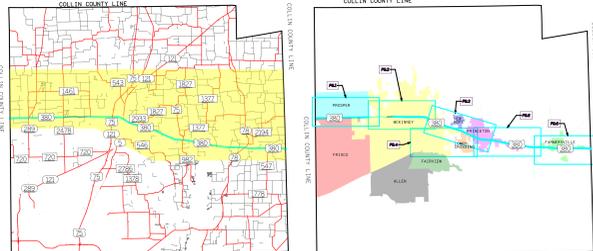

This is the latest version of the proposed 380 bypass I was able to find on the TXDOT site. Is this still the plan and is it finalized and approved? Any reason it could ever change?

VIA Email: Stephen.Endres@txdot.gov

Dear Mr. Enders:

Regarding the two segments under consideration for the expansion of US 380 in the western portion of Collin County, this letter is to inform you that I, along with Collin County Commissioner Susan Fletcher, support Segment A, the preferred route originally proposed by TxDOT. Additionally, we oppose Segment B, which would cut through the heart of the Town of Prosper's economic corridor and disrupt a large portion of the town's master plan, which is already under construction.

As the County Commissioner and State Representative who represent the majority of the constituents impacted by both segments, it is clear to us that Segment A should be chosen. The reasons include the fact that landowners impacted by Segment B are unanimously opposed to the proposed segment, and it is our understanding that they are not interested in selling their property for this road alignment under any circumstance. Their strong opposition to Segment B results from the fact that the road alignment would displace an age-restricted community currently under construction, would disrupt other important residential and commercial developments and would also severely impact a very special organization called ManeGait. The ManeGait organization provides a therapeutic facility for children and adults with disabilities by using the proven healing power of horses, and they have recently expanded their therapies to include a Brain Institute with proven therapies for those with traumatic brain injuries (TBI). Their facility is making a significant difference in our community, not only for special needs adults and children, but also for our veterans and individuals with brain injuries.

Other important items that impact our decision to support Segment A and oppose Segment B is the fact that the Town of Prosper covers a small 27 square miles compared to the City of McKinney, which has a much larger footprint. Given this fact, Segment B would do considerable harm to future tax revenues for the Town of Prosper, Prosper ISD, as well as the community itself, given the residential and commercial development planned on Segment B. Additionally, we are uncomfortable with the proximity to existing and future schools with the alignment of Segment B due to safety reasons.

Those who have homes and businesses along the current 380 corridor built and moved there knowing that they were moving onto a US highway. Those that moved off of the current 380 corridor did so for a reason as well. We believe that we owe it to our constituents to keep as much of the new route on the original corridor as possible. It simply does not make sense to unnecessarily cut through an area of the Town of Prosper, when there is a perfectly good alternative to take the highway back down to the original corridor with Segment A which is simply adjacent to a neighborhood.

Thank you for your time giving our concerns consideration as we work to represent our constituents.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres,

Almost exactly 3 years ago to the month, I wrote a similar note to you regarding the hwy 380 project. My family has lived in northeast Prosper just shy of 19 years and I would like to make it known that I STILL support the alignment between Coit and FM 1827 for the Hwy 380 expansion project.

NOT the path that cuts through Custer near Mane Gait Therapeutic Horsemanship!!!!

It is the path that makes most sense for both Prosper and Mckinney in my opinion, and is the least destructive to a beautiful portion of our town.

As the mother of a daughter who has benefited as a rider at Mane Gait, I cannot stress enough how vital that organization has been to our family and hundreds of others.

To see such a wonderful nonprofit organization be forced to possibly displace hundreds of therapeutic riders at the expense of an UNNECESSARY expansion plan such as option B on you current map plan is unacceptable.

It is my understanding that a new Prosper ISD High School is being built that would also be negatively impacted by option B as well as our newly opened Founders Academy. Young, new, inexperienced drivers on a road that will be

under construction and have high thoroughfare traffic volume makes zero sense when there are other options for your company.
I appreciate you reading this and am praying the entities involved choose option A or F.
NOT B.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres/Texas Department of Transportation,

As long standing citizens/homeowners and Taxpayers of McKinney, TX, we encourage your office/TXDOT to make a final decision for Segment-B bypass alignment option just made public for the McKinney TX 380 Project. This option seems to be the least disruptive to fellow residents, existing businesses, the most cost effective from a project cost standpoint...and projected future driver expense and aligned associated + environmental benefits due to its more horizontal design.

We oppose Segment-A for all of the reasons that are opposite to those listed above as well as the negative standard of living/certain negative economic impact that will effect both residences, schools, churches and businesses along Lake Forest, Ridge Rd., & Stonebridge Drive corridors.

We are using our Citizen Voices to respectfully ask you to consider the points made above and many others that exist to make the decision and Select Segment B as the best and final option.

Thank you.

Sherra & Tony Lombardo
[REDACTED]
[REDACTED]

I oppose the proposed HWY 380 Segment B because it will be disrupting & dangerous for the children attending multiple (3) schools & families living in the proposed area. It threatens the daily activity & living of these families including our own. It will take away what we have worked hard to accomplish for our family & make our current living situation impossible to maintain. It will also be detrimental to the services and special events of ManeGait – a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to flourish without such a detrimental impact to their daily lives & success.

Sincerely

Tony & Sherra Lombardo

Subject: Project 380 - Support Segment B Bypass Route

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen,

I am a homeowner in McKinney, TX. I strongly support the Project 380 Segment-B bypass alignment option. This option is the least disruptive to existing business and has minimal impact to homes and families living in neighborhoods along and adjacent to US 380. Given the length of the bypass in Segment-B and the number of businesses disrupted, it also appears to be significantly less expensive when compared to the Segment-A alignment. I strongly oppose the Segment-A alignment. The Segment-A alignment will destroy a significant number of existing businesses along 380 near Custer Rd and will increase traffic to neighborhood streets (e.g. Lake Forest & Ridge Rd) not designed to be major thoroughfares like Custer Rd.

Segment-B is the best option to improve US 380 traffic flow in our corridor while preserving businesses and residential home values. It's also the more efficient use of tax dollars due to the lower cost of the project.

Thanks for your time & consideration,
Tony Eggers

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Endres/Texas Department of Transportation,

Since composing my original submitted communication from March 28, I have had a chance to further drill down on current Proposed 380 Bypass Options as well as those that were originally considered.

Relief to 380 is absolutely needed....not just here in McKinney but throughout beginning at 75 (and even east) in McKinney to Denton/35 and probably West...if not now, very soon. My formal position has changed, I DO NOT support Segment B. My new position is I believe there are better (yet to be identified) alternatives to Segment A & B. I retract any support for either option. While I have not been able to analyze raw data/metrics/support for conclusions of current recommendation states, my hypothesis is that the unprecedented rapid-accelerated growth that has occurred was/continues to be understated and that the best medium/long term solution is way more complex than what seems to be a short term fix. I would ask that y'all further explore additional options in an accelerated/Fast Tracked way and generate a proposal that is fact based/politically & lobby neutral...alternative that truly solves the problem/situation best for the Medium/Long Term. Bypasses are needed today...a much broader macro fix is the ultimate solution.

Respectfully,

Tony Saporito

Subject: Hwy 380 Expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen, I'm writing to ask that you chose Option B for the 380 extension not OptionA. I have a number of reasons for this.

- 1) Option B will cause less disruption for existing businesses. Virtually no business having to be moved.
- 2) Option B as currently proposed will go thru areas that are currently undeveloped or with minimal current development.
- 3) Option B appears to offer an almost straight shot vs Option A which has two 90' turns right at the start at Stonebridge. This issue alone would seem to be less costly for the state.
- 4) Option B would have minimal impact with its current route thru less developed areas.
Option A with Current multiple subdivisions both north and south of 380 will face several years of congestion, construction traffic and added construction noise that will not be seen on OptionB.
- 5) Currently residents of the La Cima neighborhood see quite a bit of cut through traffic, the concern being this will only get worse if Option A is selected. Again, Option B going thru a less developed area will not be faced with thus.
- 6) Lastly the residents of LaCima that are within a block or so of the lake will have their yards overwhelmed by a raised highway if Option A is selected. Again with Option B this is not a factor.

Option B being a straight shot just seems like the right choice once you get away from all the fervent noise.

I understand that this is a very difficult decision, and I don't envy you having to make this choice. I will say that I hope this doesn't come down to a decision based on the squeaky wheel getting the grease.

Thank you for your time and consideration!

Tonya Gartin Lubbock Tx NAME

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait – a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

I have a great nephew with special needs that this program is helping him.

Please go out to the ManeGait visit with the people and kids and see for yourself the impact this program is having on so many kids. And look for another alternative for your project. Please please do it. These kids need this.

Sincerely

Tonya Gartin

Subject: HWY 380 Bypass-Oppose Segment A-Suport Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also strongly oppose Segment-A. It should not be considered for the following reasons:

- *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

- *The cost of Segment-A is \$99 million more than Segment-B.

- *It will create an overpass on 380 over Stonebridge Drive and Custer Road.

- *It will also cause the installation of water pipes (ducts) over 380.

- *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

- *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

Re: Public Comments
U.S. 380 - Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065; 0135-03-053; 0135-15-002

Dear Mr. Endres

The Town of Prosper (Prosper) appreciates the opportunity to provide you with our comments associated with the referenced project affecting our community. As you are aware, Prosper has provided feedback since the inception of this project in a number of ways to include verbal and written comments associated with the Texas Department of Transportation (TxDOT) meetings, email correspondence, etc...and also more formally through Council approved Resolutions. This letter is to serve as another medium for which we offer our comments and are providing this document during the approved comment period for the Environmental Impact Study for this project.

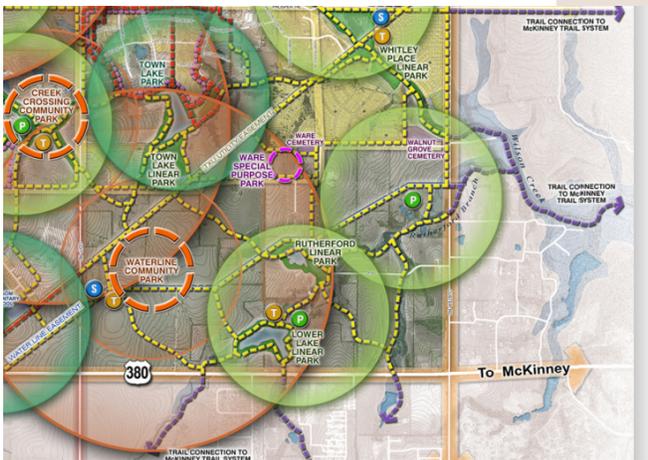

The information contained within this letter/document will be inclusive of what Prosper has done in support of the U.S. 380 project and how the Town has further identified the corridor by establishing town wide plans/master plans and coordinating clearly and often with TxDOT regarding the Town's direction. This document will also explain the overwhelmingly negative impacts that would occur if U.S. 380 were to deviate from its current alignment within and adjacent to Prosper.

History and Town Involvement

Although Prosper is a relatively small community (less than 27 square miles) in size, we are an incredibly large community when it comes to our vision. As such and in an effort to establish who we want to be and who we are swiftly becoming one of the fastest growing municipalities in Texas, Prosper established master

plans to create the framework that would guide our community into the future. The Town's Comprehensive Plan that was established in 2012 created the foundation for the future development of our community. That plan, along with the following documents: Future Land Use Plan (Amended August 2021), Thoroughfare Plan (Amended May 2021), and the Parks, Recreation and Open Space Master Plan (Adopted September 2015) support the expansion of U.S. 380 on its existing alignment. All applicable documents are attached for your information.

From a historical perspective and to ensure there is a clear understanding of Prosper's dedication to planning, the Prosper Future Land Use Plan, approved by the Town Council in October 2004, depicts U.S. 380 as a highway along its current alignment. In addition, the Prosper 2007 Parks, Recreation and Open Space Master Plan planned for this area to be developed and provide the citizens with linear parks linking the community with the natural beauty of the area.

Parks and Trail Master Plan – Chapter 7, between pages 7-1 and 7-2

Prosper has remained supportive of the need for the expansion of U.S. 380 to a Limited Access Roadway (LAR) due to the projected east-west travel demands anticipated in our region. In the early stages of the Feasibility Study conducted by TxDOT, the Town responded to the need by clearly identifying a corridor for the U.S. 380 project. The support was in the form of the first Council approved Resolution (April 11, 2017, Resolution 17-29) and provided for the future LAR to be located along the existing alignment within the Town.

Prosper remained engaged throughout the entirety of the Feasibility Study by working with TxDOT to provide information, responding to questions and participating in meetings to include numerous public meetings. During the Feasibility Study, Prosper passed three (3) additional Council approved Resolutions opposing various alignments that traversed through the town and reaffirmed their solid support of the future U.S. 380 LAR being located along its current alignment (October 15, 2018, Resolution 18-89; March 26, 2019, Resolution 19-17; May 14, 2019, Resolution 19-24).

Upon completion of the U.S. 380 Collin County Feasibility Study Final Report and Implementation Plan in March 2020, the Town expressed its support for the report. Based on the culmination of an almost 3-year study, TxDOT recommended an alignment (Recommended alignment) that upheld all of their requirements and also supported Prosper's position of keeping U.S. 380 on its current alignment within and adjacent to Prosper.

Based on the outcome of the report (Feasibility Study), Prosper was taken aback when TxDOT commenced the Environmental Impact Statement (EIS) in October 2020 (6 months later) and introduced a new alignment bisecting Prosper. The new alignment was entitled the Brown or Gold alternative Segment B alignment (Segment B). Shortly thereafter, Prosper passed the 5th resolution (November 24, 2020, Resolution 2020-87) reaffirming our support of the U.S. 380 LAR on its current alignment and opposing the newly introduced Segment B alignment. The Segment B alignment not only bisected Prosper (which was in opposition to what the Town had supported), it also ran through an existing school (Founders Classical Academy (FCA)) that had started construction in the Fall of 2020 and a residential development known as Malabar Hills that was beginning construction.

EIS Commencement

The initial public scoping meeting for the EIS was held in late January 2021 showing the Segment B alignment crossing through FCA and Malabar Hills within the Town of Prosper. Based on the comments received during the scoping meeting, the Segment B alignment was shifted to the south away from FCA and Malabar Hills and closer to ManeGait Therapeutic Horsemanship Facility located East of Custer. A facility that TxDOT had noted very specifically within the approved Feasibility Study as critically important to the region.

This last change to Segment B brings us to the current alignments being considered as part of the EIS process and subsequent development of a draft document. As such and due to the alignment shift, Prosper Town Council approved its 6th Resolution (July 13, 2021, Resolution 2021-34) opposing the new Segment B alignment and restated its support for the U.S. 380 LAR to be located within the existing corridor.

Town staff remained engaged in meetings with TxDOT throughout 2021 on the layout for U.S. 380 LAR on its current alignment. During this time, Prosper, TxDOT and their design engineer worked collaboratively on the schematic design.

EIS Public Meeting

As part of the EIS public meeting that commenced on March 22, 2022, TxDOT presented the Segment Analysis Matrix and the schematic designs for each of the segments noted below with the exception of Segment F. During the Public meeting, TxDOT noted that Segment F had been removed from the process and was no longer being considered.

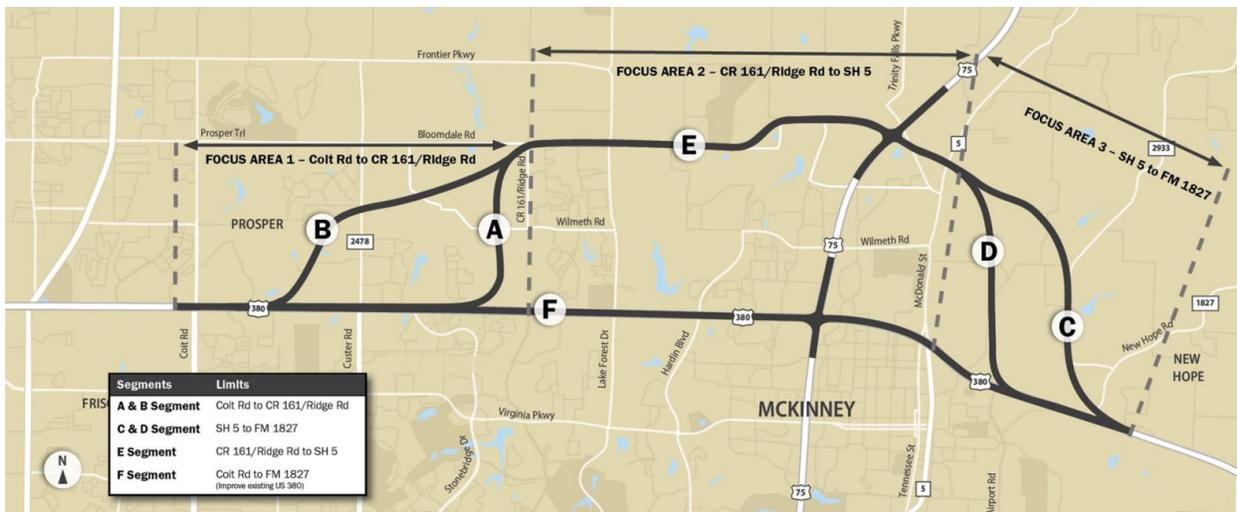

Image taken from TxDOT 3-22-22 Public Meeting

The aforementioned information documents the involvement and support offered by the Town of Prosper as it relates to the overall U.S. 380 LAR project. The following material is intended to substantiate and justify the highly negative impacts that the Segment B alignment will have on Prosper and its adjacent neighbors.

ManeGait Therapeutic Horsemanship Facility

ManeGait Therapeutic Horsemanship Facility (ManeGait), located along Prosper's Eastern boundary, is located approximately 150 feet from the proposed main lanes of Segment B and 70 feet from the associated frontage roads. The proposed Segment B alignment is detrimental to the operations of the nonprofit facility that serves the region and was referred to as "incredibly unique" and noted as a facility "that helps children and adults with physical, emotional, cognitive, sensory, and behavioral disabilities" by TxDOT (Feasibility Study). In addition, the study included that ManeGait also provides therapy programs to support wounded veterans of the U.S. Military through the healing power of equine therapy. In furtherance of ManeGait's distinctiveness, TxDOT stated that it considers the daily operation and special events held at the location to be services that benefit at least two vulnerable and protected status populations – the disabled and children. It should be noted that the specific wording used by TxDOT is referenced in the Americans with Disabilities Act (ADA) which was modeled after the Civil Rights Act of 1964 and the Rehabilitation Act of 1973. The legislation prohibits discrimination and guarantees people with disabilities the same opportunities as everyone else to participate in the mainstream of American life. And further, Presidential Executive Order 12898 was issued in 1994 to address adverse human health hazards or negative environmental effects on minority populations. The Environmental Justice (EJ) mission is to promote nondiscrimination in federal programs, including federal highway projects. As such, TxDOT must consider and give weight to the public comments that note the impacts of the proposed Segment B and those comments supporting the ManeGait community of adults and children with disabilities, a community where many cannot speak for themselves.

Impact to Schools/High Schools

In addition, the alignment of Segment B is in close proximity to three (3) existing and/or future schools/high schools, including Founders Classical Academy (FCA), opened in August, 2021 – and located four feet from proposed rights-of-way for Segment B; Prosper Independent School District (PISD) High School #3 currently under construction and planned to open in August 2024, located ¼ mile away from proposed rights-of-way; and PISD future High School #4, located ¾ mile from proposed rights-of-way. If the Segment B alignment were to be constructed, the LAR would adversely affect thousands of novice drivers due to its proximity. Teen drivers typically have limited driving experience and lack the ability to recognize risks and hazards in the same way an experienced driver would, resulting in impacts to their safety as well as those of fellow students and other drivers.

Increased Ozone/Mobile Source Air Toxics

If constructed, the Segment B Alignment would significantly increase ground-level ozone and more specifically mobile source air toxics in the vicinity and directly impacting at least two (2) environmentally sensitive facilities, FCA and ManeGait, both of which serve children and/or individuals with disabilities. Numerous studies have been conducted to determine if this type of pollution can result in respiratory, cardiovascular and neurological effects when a population lives, works and goes to school in the vicinity of a major roadway. With that said, the increase in “bad” ozone that this corridor would have is in conflict with Air Quality guidelines promulgated by the North Central Texas Council of Governments (NCTCOG). Prosper understands that traffic will increase in the region and supports improving the drivability of the existing U.S. 380 to improve east-west mobility, but strongly opposes adding another negatively impactful driving corridor to the area.

Active Development

As noted previously, Prosper is one of the fastest growing communities in North Texas. The Town has set new records year over year, for several years, related to both single family residential permits issued and commercial square footage under construction. This growth is occurring throughout Prosper; however, the proposed Segment B alignment bisects, cuts into or is in close proximity to, the residential communities of Ladera Prosper currently under construction (senior living community directly affecting 193 homes and indirectly affecting 51 homes), Rutherford Creek (directly affecting 156 homes and indirectly affecting 30 homes), Brookhollow Mixed Use (directly affecting 250 townhomes), Wandering Creek (directly affecting 6-8 homes and indirectly affecting 142 homes), Malabar Hills currently under construction (indirectly affecting 96 homes), and Brookhollow Multi-Family (indirectly affecting 300 multifamily residential units). (Prosper Development Map attached)

Corrections needed to the TxDOT Segment Analysis Matrix

Based on the Segment Analysis Matrix presented by TxDOT as part of the EIS Public Meeting, related to the screening/evaluation category for future development impacts, it does not appear the statuses and numbers of impacts are accurate, especially for the Ladera Prosper senior living community which is currently under

construction. This is a 'Lock and Leave' community catering specifically to the over 55-year-old homeowner. The Community association, since it is a "one-lot condominium community", are responsible for the entirety of the exterior space while the residents purchase the interior space. The concept is a gated community and the units are a traditional single-family homes. With that said, each individual home affects the success of the overall community. If a portion of the community is directly impacted and "removed", the viability of the remainder is in peril. Since Ladera Prosper has its own Amenities and Amenity building, which is in the path of Segment B, this would damage the community greatly and if this were to happen, then a community divided by Segment B is useless for its planned and approved use. Based on this information, the impact of the Segment B alignment should be 244 single family homes. In addition to and equally impactful is the fact that the Segment B corridor removes the only two (2) access points for the neighborhood.

Prosper has also identified another category within the Segment Analysis Matrix presented as part of the public meeting that did not appear to be accurate or at least recognize the impacts. As per the Hike and Bike Trail Plan included within the Parks, Recreation, and Open Space Master Plan, a number of trails are located along the alignment. Based upon the US DOT Act of 1966 related to 4(f) designation, as well as, the information conveyed on page 73 of the TxDOT Feasibility Study, the Segment B alignment appears to impact proposed public uses that fall into this category.

Based upon what was conveyed in the Feasibility Study, Section 4(f) requires avoidance and planning to minimize harm to publicly owned land of a public park as part of the highway/roadway project that may receive federal funding to avoid a "use" of such property. Section 4(f) Properties include city and county-owned parks, greenbelts, trails, school playgrounds, and open space. It is understood that the noted property types are to be publicly owned or have a permanent or temporary easement, and/or a lease agreement and with a major purpose of recreation to

include park, recreation, or refuge or related activities. With that said, the Town is and has been actively pursuing the implementation of the Hike and Bike Trail plan for a number of years and more precisely within the last 18-24 months as this section of the Town develops. In pursuit of providing recreational opportunities for the residents of Prosper and following through with the implementation of the Parks, Recreation and Open Space Master Plan, we will very likely construct a trail and park that the Segment B alignment will directly impact.

Community Cohesion

Finally, and most importantly, we want to speak to the Community Cohesion of the Town of Prosper. As noted earlier in the document, Prosper is a relatively small community in size, but we are an incredibly large community when it comes to our vision. We are bound on almost all sides by state roadways, are divided between two counties, have a significant transportation corridor located directly in the middle of our community (Dallas North Tollway (location planned for over 20 years); and all of these impacts have been known, planned for and supported by Prosper. With that said, it is clear that the overall planning of our community has been and will continue to be a top priority for our Council and its residents. As such, the Town will continue to oppose any and all U.S. 380 alignment variations that cut through our and divides a part of our community.

Closing Remarks

Prosper has always been actively involved in development of the area with our regional partners and felt it was important for us to lean in and support this endeavor. That is the precise reason that Prosper stepped forward so early on in the process to identify a corridor for TxDOT to use. We did not feel it was appropriate to say “No” and not offer a solution, so instead, we clearly provided support and direction to TxDOT through numerous, consistent Council approved resolutions. The 7th and most recent resolution was approved by Council during the Public Comment period on March 29, 2022 (Resolution 2022-12). And although we know the expansion of U.S. 380 will be painful to our community, we felt that it was critical that Prosper collaborated with TxDOT and clearly articulated a corridor for the U.S. 380 Limited Access Roadway. Based on all of the information provided within this document, Prosper believes it has done just that.

Prosper is aware that U.S. 380 is a regional roadway and that east-west mobility will soon become an issue. As such, Prosper will continue to be an active participant in the expansion of the U.S 380 LAR in our region and will continue to support U.S. 380 on its current alignment. Our position is the same position that TxDOT took in Denton County when they asked the affected cities to keep the proposed U.S. 380 LAR on its existing alignment.

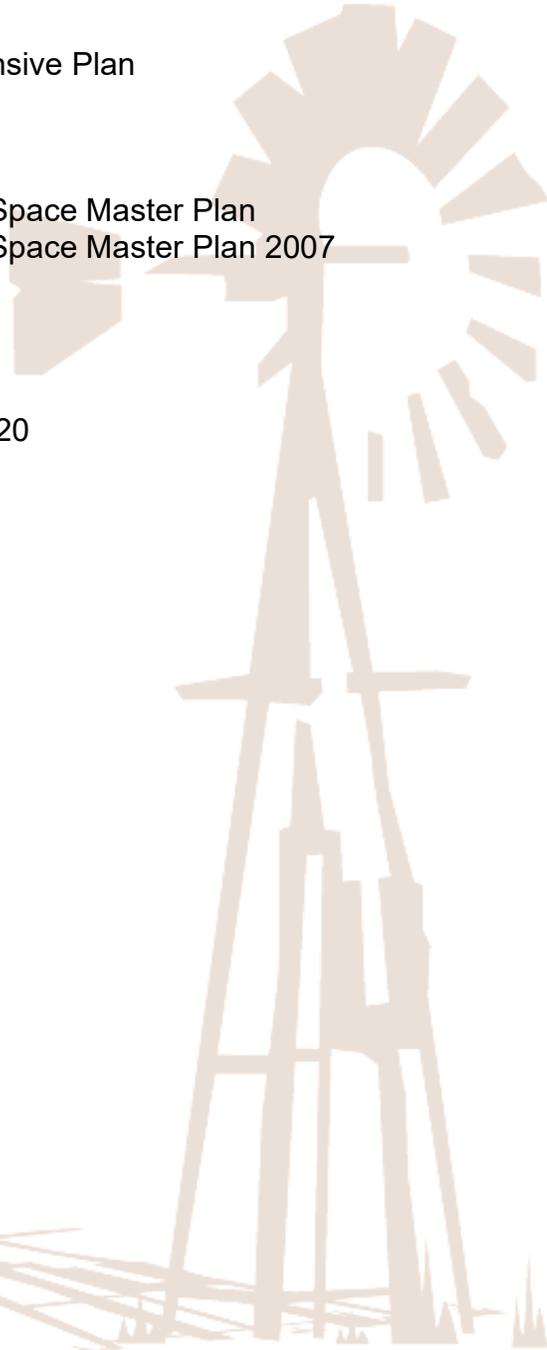

Sincerely,

Harlan Jefferson

Re: US380 by-pass. **Opposition to OPTION B**

Dear Mr. Endres,

Why should the Town of Prosper be punished for McKinney's lack of foresight? McKinney caused this debate and they should be the ones to own it. **I STRONGLY OPPOSE OPTION B of the US380 by-pass.**

When I first moved to Prosper in 2013, I had the option to purchase a home along US380; I did not. I cannot believe that I may literally now have US380 in my backyard due to another city's poor decisions. I say poor decisions when, I believe, unethical practices were used by people in political positions to "influence" other routes

Not only is my home and neighbor's quality of life possibly going to be affected by McKinney's poor decisions, but businesses as well. Regardless of the "study" put in place regarding therapeutic horsemanship along highways stating that there is little to no effect, we all know this is not true. A loud car, a car horn, any loud noise can startle a horse and possibly cause injury to the rider, handlers and horse.

Sincerely,

Tracy Nuttall

Subject: 380 plan b seems the way to go

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I live in McKinney 380 is a nightmare now I've lived here for 25 years. I have looked over the plans for a while and to disrupt less business disrupt neighborhoods etc I believe that plan b is the best way to go. Also it cost less money which is always a good thing. Please consider plan b as the option for highway 380. I actually know the owners of maingate the darling family . But other land can be purchased and the facility could be rebuilt . I know that that has been a problem. But that is one business and mostly farmland still in the area not many businesses and homes being torn up. Logical choice seems to be route b thank you for reading this message

Mr. Endres,

I can only imagine the number of opinions being dropped into your inbox regarding the presented HWY 380 options. I do not fully understand how you guys objectively take the feedback and apply it to future plans. My hope is that it is not influenced by the ability of certain groups with shared impact to organize and flood the feedback box/meetings with volume. While groups may provide valuable feedback, I also know this isn't a vote. If it were a vote, then of course the volume would be the deciding factor. I live in Stonebridge Ranch and selfishly would pick option B as it would impact me the least. However, I also know many are saying the same about option A, as it would impact them the least. I appreciate TXdot's willingness to solicit public feedback but trust that the objective considerations will weigh most heavily in the decision, and that is all the public is owed. If you made it this far, thanks for reading. I appreciate the challenge of a project of this magnitude. Thanks for serving the community.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Stephen,

I would like to express my support for Project 380 Segment B proposed bypass route. I am a homeowner in the Stonebridge Ranch community of Wren Creek [REDACTED] I strongly oppose Segment - A due to the cost, noise, increasing traffic in our neighborhoods, and reducing property values during construction.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thanks,

Trent Brown

Subject: SUPPORT the Project 380 Segment-B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To: Stephen Endres, P.E.

I have reviewed much of the material on the public meeting presentation and I agree with all of the points listed below. Segment B is a more efficient and better use of resources than Segment A. Thank you for your consideration, Ronald W. Wallace [REDACTED]

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Subject: Project 380

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

Our family has lived in McKinney since 2002, and for the last 11 years in the La Cima Haven community in Stonebridge Ranch. We chose and have stayed in McKinney because in spite of all the growth, the city has maintained green space, trees, and lakes. Unlike some of the surrounding cities, McKinney truly is "Unique by Nature." Some of our favorite time together has been at La Cima lake, currently just to the south of the intersection of U.S. 380 and Stonebridge Dr. Yes, a few businesses have moved to the area, but noise from the current Hwy 380 (lower than the lake area) is somewhat blocked by the trees, etc., and the lake continues to be beautiful and relatively peaceful. However, the proposed Segment A for the 380 Project has a raised 8-lane highway overpass right at this neighborhood intersection. How could this not destroy the aesthetic (and environment) of the whole area? One of our children attends McKinney North HS and the other Cockrill MS. They have school friends in the Auburn Hills neighborhood just north of 380. How can we build an 8-lane freeway literally through the middle of the community? This intersection is also the main way for our kids to get to school. How will that be safe during construction and after? Stonebridge Dr. is a neighborhood street--we run it regularly for exercise, our kids walk it and ride their bikes to meet friends. How safe will this road be if it's now a main arterial to a freeway?

As a homeowner and citizen of McKinney, TX., I **strongly SUPPORT the Project 380 Segment-B** bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should **not** be considered for the following reasons:

Subject: 380 Bypass

Hello Stephen - As a resident of Lakewood at Brookhollow in Prosper, I am writing to express my opposition to the TXDOT plans for the 380 bypass. My neighborhood accesses 380 both directly via Lakewood Dr. and indirectly via Coit Road.

I agree that 380 is busy; much busier than I would like. However, the proposed bypass routes take direct aim at homes, schools and community assets. It seems clear that the bypass wouldn't be necessary if people hadn't chosen to live in this area. Yet, the bypass plans propose to destroy the investments and lives of those who came to this community to enjoy all that the Prosper area has to offer.

I'll be clear to state that I do not favor any of the proposed routes. However, the route that is labeled Route A, terminating at 380 east of Custer Road is the most tolerable. A bypass that benefits the residents of McKinney at the expense and detriment of the residents of Prosper is not acceptable. If a bypass is necessary, I suggest a farther northern route be determined in areas which, today, include fewer neighborhoods and schools. Perhaps there is a connection point to the Outer Loop Road in Celina?

I hope you will hear the voices of Prosper residents and support our town's aspirations to enjoy our lifestyle without unnecessary disruption.

Thank you - Vanessa Walls - [REDACTED]

Subject: Opposition of segment B of Highway 380 expansion

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Endres,

I oppose the proposed HWY 380 Segment B because it will prevent ManeGait from serving two vulnerable and protected status populations -- the disabled and children (as identified by TxDOT). Specifically:

- ManeGait operations cannot safely operate wedged 50-100 feet between 16 lanes of traffic (4-lane Custer Road and a 12-lane HWY 380).
- TxDOT's comparison of ManeGait with other riding facilities is based on centers smaller in size and scope, and NONE operate this close to a major highway.
- Many ManeGait riders have sensory issues. Construction noise, traffic, and sirens will negatively impact these individuals and disrupt the therapy services they receive at ManeGait.
- Traffic and construction noises and vibrations can scare horses, which poses a direct threat to the safety of ManeGait riders and volunteers.
- The proposed route also goes directly through the land that ManeGait uses for trail rides, fundraising events, and horse pasture.
- If Segment B is chosen, ManeGait will be forced to relocate or suspend operations.

These children and adults with disabilities and military veterans deserve a safe, high-quality, easily accessible location to receive the world-class therapy programs provided at ManeGait.

Sincerely,
Victoria Udrys

Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.

Comments: A giant "No" "Hell NO" not again!

Between the DOT and The City of McKinney since Oct. 2007 my home and farm have been a major target - Causing my family a world of stress and torment.

This road goes thru the middle of my 2 barns - my daughter's \$800k home and my \$2,200,000 residence - insured for 2.2 mil

I had a settlement for 114 sq ft with DOT 6/2020 in court records and will not accept less.

I will fight this until you lay me in my grave and thereafter,

Vincent P. Damiano

Subject: Highway 380 Bypass Resident Comment on Segment-B and Segment-A. I live at [REDACTED]
[REDACTED]

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am Vincent Hrenak a 20 years resident of Stonebridge Ranch Estates. I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

I also **strongly oppose Segment-A**. It should not be considered for the following reasons:

*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.

*The cost of Segment-A is \$99 million more than Segment-B.

*It will create an overpass on 380 over Stonebridge Drive and Custer Road.

*It will also cause the installation of water pipes (ducts) over 380.

*It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.

*It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.

*380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor **while also** preserving the economic business and residential vibrancy of our community.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr.Stephen,

I am a new owner of a home in Lakewood at Brook hollow community located in Prosper TX and strongly oppose the proposed Pan B option for 380 expansion which would significantly impact our lives and lose all sanctity of the new home we built with great effort. It causes severe road noise and issues losing the peaceful atmosphere. It is with great difficulty we had been able to build this home and similar to many homes located in the community where I live along with many of my neighbors I would like to bring to your attention our concern and willing to vote against the Plan B option and request you to consider Plan A instead of an Alternate plan.

If there is any further meeting or public meetings, please keep us in mind so we could voice our concern as a community.

If you have any questions, please let me know.

Sincerely,
Vipul Gullapalli
Resident of Prosper ,TX

Subject: Opposition to U.S. 380 Segment B

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait, a key community resource serving two vulnerable and protected status populations as identified by TxDOT, the disabled and children. These protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait. Segment B will effectively destroy a resource that has served hundreds of disabled children and adults since 2007 for many reasons, including the following:

- It is unreasonable and unsafe for 150 disabled riders and their horses to work 60 hours a week with the sounds, emissions, and vibrations of construction for 3-4 years.
- It is unreasonable and unsafe for these riders to receive therapy with a roadway/traffic equivalent to US HWY 75 towering over them and their therapy horses
- Segment B will also result in land acquisition from property that is regularly used to support ManeGait’s operations.

For these reasons I strongly oppose the Segment B proposal and urge you to consider alternate routes.

To whom this may concern:

My husband and I are currently homeowners and citizens of McKinney, Texas. **We are writing in support of Segment B regarding the 380 bypass review.** The reasons we feel **Segment B** is a better option than Segment A is *highway safety and cost*.

A. The first issue apparent to us are the angles of the road curves that are potential safety hazards. It is well documented that over half of fatal accidents in the US involve driving around dangerous curves. Segment A displays two sharper curves than its option Segment B. Drivers will need to slow down for each curve which then causes increased traffic congestion, air pollution, noise, and wear and tear of vehicles. If conditions require stopping on Segment A curve, the danger is increased for motorists. The visibility factor of the curves plays a role during inclement weather conditions i.e. ice and wind – and makes Plan A the poor choice. Definitely Plan B provides a smoother and more direct transition from Hwy 380 to bypass.

B. The second most important issue is being fiscally responsible with taxpayers' money. A budget of \$99 million more in Plan A does not seem fiscally responsible when it does not achieve the necessary growth criteria for the city.

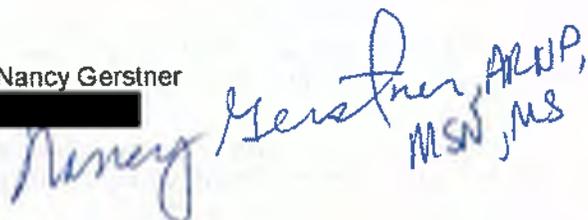

C. Accessing the bypass further north limits unnecessary congestion within the growing city as shown in Segment B. This would reduce the burden of three main roads leading south, -- Stonebridge Dr., Ridge, and Lake Forest. This definitely is a long term solution in Segment B.

The logical conclusion is Plan B that offers a smoother and safer transition for traffic with fewer burdens on the existing homeowners and established businesses, reduced safety issues for motorists, and certainly less tax money.

One last thought, we are also concerned with our local congressman Matt Shaheen stating on Channel CBSDFN if Segment B was the choice that he would step in to change it. No one wants a major highway in their area but our existing homes should take precedence to homes not even built. Hopefully Mr. Shaheen's responsibility should not be a personal preference for Prosper residents but a decision involving safety and cost for all residents that he represents.

Sincerely,

Wayne & Nancy Gerstner

Comments

3/22/2022

After looking at the proposed routes, I wish to recommend the purple route. I do not have knowledge of the proposed routes on the west end of the project; so I do not wish to comment on route A or route B, I do have knowledge of the two alternate proposed routings of the east end. (route D & route C).

Route C would have a profound effect on a large number on homes, farms, & families that live on the east side of FM 2933 where most if not all of the land to be used to construct the road is located. Route D would have little to no effect on useful land for agriculture or people's lives since there are no homes in the river flood bottoms.

Route C (as proposed) as it turns back to the west after traveling North will have to be located adjacent too Woodlawn Cemetery located [REDACTED] [REDACTED] [REDACTED] [REDACTED]. This is not a good routing.

Route D land for the most part is land that floods 4 to 5 time per year, so has little utility. The land can not be used for little else. So why not use it to assist transportation.

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE."

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Wayne Creel

To whom it may concern,

I have had numerous opportunities to interact with the ManeGait facility. I am shocked that TxDOT has proposed yet another segment of HWY 380 that would threaten its daily operations. I am extremely opposed to the proposed HWY 380 Segment B. Please reconsider and do not build near ManeGait.

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.

HWY380 Alternate Routes

Dear Mr. Endres,

I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper.

Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021,

"...CONTINUE SUPPORTING THE TXDOT RECOMMENDED ALIGNMENT AS PRESENTED ON MAY 6, 2019, FOR U.S. HIGHWAY 380 WITHIN THE CORPORATE LIMITS OF THE TOWN; STRONGLY OPPOSING ANY PROPOSED ALIGNMENT CHANGE, INCLUDING THE NEW PROPOSED GOLD OR BROWN ALTERNATIVE SEGMENT B ALIGNMENTS AS PRESENTED IN TXDOT' S US 380 EIS SCHEMATIC 30% DESIGN AND WITHIN THE CORPORATE LIMITS OF THE TOWN OF PROSPER; OPPOSING SAID ALIGNMENTS BECAUSE THEY ARE IN CONFLICT WITH EXISTING AND FUTURE DEVELOPMENT ALONG SAID ALTERNATIVES, AS MORE FULLY DESCRIBED IN THIS RESOLUTION; FINDING THAT

SAID ALIGNMENTS ARE NOT CONSISTENT WITH THE TOWN' S THOROUGHFARE PLAN AND CURRENT ALIGNMENT OF SAID ROADWAY; MAKING FINDINGS; AND PROVIDING FOR AN EFFECTIVE DATE.

I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments.

Warmest Regards,

Full Legal Name William Donahoe

Subject: Please consider using Segment B for future road improvements

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The cost savings alone make the choice of segment B more attractive but the loss of the 17 businesses is so destructive to our city and neighborhoods that it cannot be calculated. The families those businesses support has far reaching consequences.

As a McKinney resident in Stonebridge I have a stake in this choice and would strongly encourage you to select the least costly and least disruptive approach to this needed improvement. That looks to me to be the plan listed as Segment B.

Thank you for your consideration

NAME/ADDRESS: William Meroney, [REDACTED]

I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait -- a key community resource as identified by TxDOT. These vulnerable and protected populations deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait. I personally benefit from services provided by ManeGait and believe this segment B plan will directly interrupt operations at ManeGait. Anyone who says otherwise is heartless, and strictly profit driven; regardless of what they want to tell people they stand for.

Proposed Improvements to US 380 from Coit Road to FM 1827
Collin County, Texas
CSJs: 0135-02-065, 0135-03-053, 0135,15-002

The Texas Department of Transportation is seeking your comments on the US 380 project from Coit Road to FM 1827 in Collin County, Texas. Please use the space provided, attaching additional pages as necessary, and mail the form to the address below. This form can also be emailed to Stephen.Endres@txdot.gov. **Comments must be received or postmarked by Wednesday, April 6, 2022 to be included in the formal meeting documentation.**

Comments:

In looking at the various displacements, Segment A, which is part of the recommended alignment from the feasibility study, should be the preferred alignment. Segment B alignment cuts off a significant number of properties, separating that section from the rest of the road. I also questioned the proposed fire access to properties cut off by segment B.

I firmly believe that the alignment should follow the recommended alignment from feasibility study.

Subject: Project 380

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning Mr. Endres,

My wife Mary and I are citizens of McKinney TX and have been homeowners there for more than 34 years. We have built 4 homes in Stonebridge Ranch and will begin construction on the 5th later this year. We strongly support the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.

We also strongly oppose Segment-A. It should not be considered for the following reasons:

- It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.
- The cost of Segment-A is \$99 million more than Segment-B.
- It will create an overpass on 380 over Stonebridge Drive and Custer Road.
- It will also cause the installation of water pipes (ducts) over 380.
- It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.
- It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.
- 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.

Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.

Thank you for your time.

TxDOT project manager Stephen Endres, P.E.

I urge that Segment B be built.
Not only does it cost less but no businesses will be destroyed.
Segment A is much more money as well as much more detrimental to affected areas.

Sincerely,
Willis Sanchez

Mr Endres,

I have lived in Prosper for over 15 years. I have witnessed the work our Town Council has done to keep land adjacent to the current 380 open for further expansion. I am strongly opposed to the Bypass Segment B. I want the additional lanes of 380 to be on the current 380 through all of Prosper!

Sincerely,
Wintha Christiansen

March 30, 2022

TO: Mr Stephen Endres, P.E.

4777 E. US Highway 80

Mesquite, TX 75050

Stephen.Endres@txdot.gov

As a resident of Whitley Place in Prosper, TX, I am steadfast in my opposition to the building of a US Highway 380 By-Pass (Option B) that would cut through the eastern side of the Town of Prosper.

My recollection is that McKinney Mayor George Fuller, former County Judge Keith Self, and the McKinney community of Tucker Hill's collective push to have a by-pass go through Prosper wasn't even on the table until former County Judge Keith Self (who lives in Tucker Hill) asked TxDOT at a County Commissioners meeting to look at Prosper as an alternative route. He unethically used his position as the county judge to influence TxDOT to move the by-pass proposal away from Tucker Hill ("NIMBY – Not in My Back Yard"), and instead, build it in Prosper's backyard. How hypocritical of him.....

As I recall, the original TxDOT proposal had a by-pass running north-south along the east side of the Tucker Hill community where it would then merge with the existing US Highway 380. As I understand it, that east-side land is in a flood plain where no homes could be built anyway, but an elevated by-pass could be built there without depriving McKinney of potential tax revenue generated by new homes. That's when former County Judge Self wrongly opened his mouth to protect his own neighborhood.

In terms of "direct impact" on Prosper, Option B would obliterate the Ladera Prosper 55+ community being planned by the Delin brothers, just west of Custer Road, with the result that Prosper would be deprived of the taxes generated by these new homes. In terms of "indirect impact," Option B would create a negative environmental / ecological impact on:

- The Mane Gait therapeutic horsemanship program;
- The Founders Academy already built and in operation on the southwest corner of E. First Street and Custer Road;
- The existing small cemetery with plans for expansion on the west side of Custer Road;
- The Malabar Hill subdivision currently under construction on the south side of E. First Street;
- The Walnut Grove High School now under construction on the south side of E. First Street.

These are just some of the reasons why Prosper’s proper planning for the future should not be disrupted by Option B being pushed by the consortium of Fuller, Self, and Tucker Hill.

The cheapest alternative is not necessarily the best alternative, nor is it ethically the best alternative. The lack of planning on McKinney’s part (allowing homes and businesses to be built too close to the existing US Highway 380 when the city knew someday it would have to be improved and expanded) should not create an emergency for Prosper. Our town has carefully planned for its future. Prosper does not tell McKinney where to build roads in its city planning; in the same vein, McKinney should not be telling Prosper at this juncture where to build roads in its town. McKinney at 200,000 population ought not to be bullying smaller Prosper with its 30,000 population – projected to build-out at 72,000. The Town of Prosper has maintained all along for several years that it supports “Keep 380 on 380.”

The only acceptable options are:

- To build the by-pass east of Tucker Hill; or
- To “Keep 380 on 380.”

The best way to accomplish the latter is to use TxDOT’s own drawing called “Below Grade Main Lanes” with service roads at ground level. That design would put the noise factor below ground level in a “canyon.” It would be similar in design as to how the expanded Central Expressway passes by the area of SMU in Dallas.

I urge TxDOT in the strongest terms possible to not cave in to McKinney’s demands and to pursue the ethical choice of not harming the Town of Prosper and its residents.

I am a resident of Wren Creek, and live on Harvest Hill. I strongly oppose Segment A. It is very concerning that segment A would come so close to our homes on my street. Many retired people live in our neighborhood, and there are also many work-at-home families. Construction noise from widening and building this highway would severely impact us—and the highway noise and pollution after completion would be devastating. Our quality of life would be shattered.

Another concern with Segment A is the necessary construction closures and detours that would occur. These would undoubtedly cause huge disruptions to travel from our northern neighborhoods to our children's schools—McKinney Boyd, McKinney North, and Cockrell MS. And ambulances/emergency transportation to Baylor Scott and White would be greatly impacted. Detours finding alternate routes to Custer would likely be impacting our neighborhoods around Wilmeth Elementary. These are all very important considerations. Segment A is not a viable option for our community. McKinney is established and thriving. It is not acceptable to build a super highway through an established town, causing major disruption to every day life for so many, and displacing a combined 31 businesses, homes, and other structures.

Segment B is the only option that makes sense. It would not be passing through a highly developed area, and is the least disruptive to businesses with no displacements. There is minimal impact on existing homes and families living in neighborhoods along this route. There are fewer environmental impacts. Less cost. B is the option to choose. I support Segment B—it is the much more reasonable option.

Opposition Points to 380 ByPass, Plan B

Plan B would bisect existing, master planned residential communities, putting a major highway in the middle of neighborhoods. Plan B would ruin ManeGait, a therapeutic riding center, which provides essential services to the special needs communities of North Texas.

Given that Prosper Texas is a much smaller community in terms of physical size, a mere 25.45 square miles in comparison to McKinney's 67.7 square miles, annexing a substantial amount of land, which traverses the middle of the area, for a bypass would irrevocably damage the "community" itself.

Prosper purposefully created development easements along the existing 380 corridor to allow for expansion. They have worked in good faith to recognize the increasing transportation needs as North Texas continues to grow.

On the other hand, McKinney has purposefully chosen to accelerate development along the portion of 380 in McKinney and have purposefully left out expansion easement areas. Actions speak louder than words, and their actions clearly send the message that they intend to push a problem they have been intentionally exacerbating to the neighboring community of Prosper.

Our family used to live in far north Plano, Texas just north of McDermott Road in between Coit and Custer. We witnessed first hand how Highway 121 grew from a small 2 lane road with a turn lane into a major highway. It did not damage communities. It did not damage home values in master planned residential communities. It was done along the border of Plano, Frisco, and McKinney. It was done without segmenting communities and neighborhoods. All three communities protected expansion areas along the corridor, allowing for healthy business development while meeting the traffic flow needs of the area. It also followed along the existing 121 route.

The same approach should be taken to meet the needs for Highway 380 expansion. Allowing one community (McKinney) to purposefully legislate and develop to force another community to suffer socio-economic and physical damage is unacceptable.

I would love to see Highway 380 be able to grow as Highway 121 did... in Prosper and communities to the west, it can.

I am sorry that McKinney made the poor decisions it made, ones which have negatively impacted 380, particularly through the McKinney corridor. The solution for that problem should also lie in McKinney, and Plan A accomplishes that.

As TxDOT knows, it is able to expand 380 through Prosper, along the existing route because of wise planning decisions made by its community leaders, and supported by Prosper citizens.

Before choosing Plan B, I would encourage the organization to heed the secondary message it sends to high growth communities. Like McKinney, we can hold TxDOT hostage with poor planning and thereby dictate, manipulate, and control TxDOT transportation expansion.

I am strongly opposed to Option A for the US380 expansion project for the following reasons.

- Option A displaces a total of 17 businesses, Option B displaces ZERO
- Option A cost to relocate utilities is \$61 million, Option B is \$25 million
- Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M
- Option A total cost of design/construction is \$450M, Option B is \$428M
- Option A total cost is about \$100M higher than Option B
- Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B
- Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres
- Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods.
- There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure.

As residents of Prosper, my family and I strongly opposed the Segment B option for 380. We want to see 380 remain on 380 in Prosper for the reasons well outlined by our Town of Prosper leadership below. Prosper has well-developed future plans for our community and should not be penalized because McKinney did not prepare as well. We want to keep our bedroom community in tact, keep our property values increasing, and keep our tax revenue for schools from decreasing not to mention the planned communities like 55+ Laderra that create revenue for schools but do not draw as an expense on schools.

The Town of Prosper has passed six Town Council approved Resolutions strongly opposing any proposed alignment for the widening of US 380 not located along the existing US 380 corridor;

Segment B of the proposed Gold/Brown alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more;

Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG);

Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits;

Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities;

Segment B is in close proximity to existing and future schools including high schools impacting thousands of students.

As residents of Prosper, my family and I strongly opposed the Segment B option for 380. We want to see 380 remain on 380 in Prosper for the reasons well outlined by our Town of Prosper leadership below. Prosper has well-developed future plans for our community and should not be penalized because McKinney did not prepare as well. We want to keep our bedroom community in tact, keep our property values increasing, and keep our tax revenue for schools from decreasing not to mention the planned communities like 55+ Laderra that create revenue for schools but do not draw as an expense on schools.

The Town of Prosper has passed six Town Council approved Resolutions strongly opposing any proposed alignment for the widening of US 380 not located along the existing US 380 corridor;

Segment B of the proposed Gold/Brown alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more;

Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG);

Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits;

Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities;

Segment B is in close proximity to existing and future schools including high schools impacting thousands of students.

I am writing regarding proposed segment B option for expansion of US 380 in the Collin County. Segment B is an inequitable option for the Town of Prosper and its residents, businesses, and charitable organizations. Segment A is the vastly superior choice if a 380 bypass is needed.

The town of Prosper and its residents are strongly opposed to segment B. Segment B would do considerable harm to the Town of Prosper. For example, the proposed segment would displace a senior living community in development, go through other residential neighborhoods in development, pass in extremely close proximity to two schools and potential future schools, and impact many businesses along the proposed segment. In addition, ManeGait, an organization that provides therapy for children and adults with disabilities via the healing power of horses would be absolutely devastated. This proposed segment would run right up to the property of ManeGait, causing dire consequences for the charitable organization.

As a result, Prosper's development plan would be completely ruined. In addition, there would be severe economic hardships on the town. The tax revenues for the town (and Prosper ISD) would be severely diminished. Also, the Town of Prosper would have to pay for the policing and safety of that segment, with lower revenues.

Many residents also moved to the area directly affected by segment B to be away from the 380. This is especially the case when segment A was chosen a year and a half ago, giving current residents of Prosper the confidence to move into the neighborhoods that would be affected by segment B. Segment B seems even more inequitable when considering the potential conflict of interest by a local judge who is promoting that segment.

Given the harm to Prosper's future economic growth, the additional safety costs, the displacement of needed housing, the proximity to schools, the absolutely devastating effects on a wonderful therapeutic and charitable organization, segment B would be nothing short of a disaster for the Town of Prosper. If a 380 bypass is needed, segment A is the only logical choice.

Thank you for your consideration.

To me that make the RED "B" option the preferable route from a cost perspective, from the impact to home/family perspective, from the business relocation perspective, and from the amount of traffic moved. It occurs to me that the primary beneficiary of option "A" appears to be limited to land owners/land developers and speculators.</p> <p>Am I right? Cost/families/business and traffic volume versus the influence and interest of a few wealthy land owners/land developers.</p> <p>TxDOT, do the right thing.</p> <p>Thank you.</p>		Reynolds	Elon

7	4f1528a6-0b63-4318-8c98-4091e5b093c4	3/22/2022 22:39	3/22/2022 22:39	<p>This option B that would go through a much more meaningful percentage Prosper than the other options that would inconvenience a smaller percentage of McKinney is entirely unacceptable. it is preposterous to state that the eight (8) lane expressway accompanied by frontage roads will lend itself to economic development opportunities. To the contrary, the corridor will destroy and prohibit economic development and growth in our Town.</p> <p>It appears that because of our population and land mass the route may be dictated to our community. McKinney should not be favored because they are larger. They should pay the negative consequence of a lack of planning by their leaders over the years.</p> <p>Unlike some communities adjacent to Prosper, we have spent an inordinate amount of time investing in the planning and implementation of our transportation corridors, one specific consideration has been setbacks along 380. Our Comprehensive Plan demands that those setbacks be implemented by all developers.</p>		Simms	Donald						
8	f315e047-bfd6-48cf-8bd3-02ce9cb91e11	3/22/2022 22:39	3/22/2022 22:39	<p>Hi. I live in the marked area. Around the mark, a new Prosper High School is being built, together with 3 phrases of "Lakewood at Brookhollow" development. Also in the area is another new academy. Obtaining rights of way from the "B" segment will be highly costly, and the new highway will cause property values of existing homes (including mine) to decrease dramatically. The Town of Prosper endorses the "A" segment, which I highly endorse as well. Given the verticalness of the "A" segment, because less geometric area will be affected, less homes and businesses (both existing and planned) will be affected. Citizens of the Town of Prosper will be pleased if the "A" segment is chosen (as is being recommended as of today). Thanks for your time.</p> <p>Tom Vicario [REDACTED]</p>		Vicario	Thomas

12	a323ead4-8c1c-4430-856b-a654eb3db6c4	3/22/2022 22:52	3/22/2022 22:52	Although our home is out of the specific area, it is less than a mile from the major intersection where crosses McDonald and joins Hwy 75 at Spur 95. I am concerned about noise. We have a lot of traffic noise pollution as it is from Hwy 121 just north of us and US 75 just west of us. Is it possible to require that trucks using this new road NOT use their Jake Brakes in most of this new road. A mile is a short distance for noise to travel especially when the wind is blowing in that direction. As it is we have lots of road noise from Hwy 121 and US 75. We really don't want noise from this road more than the traffic itself will generate. Please consider noise control measures of all types.		Graham	Jo Ann						
13	9152759e-782c-4c38-8481-7cbcc9b0e550	3/22/2022 22:53	3/22/2022 22:53	The proposed Segment B makes no sense- there is currently a high school being built in that location not to mention a private school that is already been completed. Please consider an alternate. The proposed Segment A is a better alternative.		A	Stephanie						
14	91e93988-cf5d-4d17-8fcd-40823ad48bd4	3/22/2022 22:58	3/22/2022 22:58	building the roads here is going to add more traffic to infrastructure that will not support the traffic. if they hadn't waited so long and the cities hadn't allowed development along 380, Hwy 380 could have been widened like 121. When we moved here 121 was a 4 lane road. This could have been done to 380. We don't need more roads that are going to create more traffic to the neighborhoods. also pushing out our wildlife.		m	b

As residents of Prosper in Whitley Place in the area directly impacted by this alignment, we do not support it. We chose our residence carefully based on its proximity to 380 and the original plans to widen 380 where it is. We moved from Tucker Hill to Whitley Place partly because alignment A was the favored alignment. We invested a great amount in establishing our long term home in a place we thought was safe until a single individual, a judge who is a resident in Tucker Hill, was able to rig this system to consider a new alignment now listed as B. The idea that our life may be disrupted due to the influence of a judge pulling strings for personal benefit rather than for the betterment of the greater community is abhorrent. A is the only acceptable alignment on the west side.		Thrasher	Richard

As a Prosper resident, besides noting the traffic that is causing this project is in McKinney, yet their poor planning is forcing the issue to be solved by proposing you negatively impacting Prosper's current and future economics, social influence, health, students (PISD is currently a well renowned school district that people move to North Dallas for and those individuals live in various towns in addition to Prosper), businesses, and home owners. You can say you "are not directly impacting" the Founder's Academy, Cockrell, and Walnut Grove HS, and future MS and HS sites etc., but as an educated society we know second hand smoke is just as negatively impactful as smoking. Same here. This roadway DOES have a direct impact to these areas as well as the entire town. For these reasons and many others that won't fit in this box, Option B should be removed from the feasibility study going forward.	Thank you for taking the time to collect public feedback. Certainly I respect this is a complicated issue and it is evident your team is conducting the due diligence to provide the segment A alternative. Moreover, this project and your alternatives process has caused divisions and increased tensions amongst neighborhoods and I think we could all agree that is the last thing we need right now in America, especially Texas. I do hope that the message this is having on the TDOT in the future is that these decisions are made much further in advance rather than in a reactive manner seeing as we already have a traffic issue. The lack of planning and execution at this stage is having more of an impact than was necessary and though we can't do anything to prevent this today, I would not wish other future TX neighborhoods, community members, or businesses, or anyone to have to go through this terrible situation. There is enough anxiety we all have to deal with. Appreciate you reading this.	Miller	Jessi

25	ba47e1c7-6a4c-4de4-81eb-3303e1307db5	3/22/2022 23:19	3/22/2022 23:19	I noticed that NTMWD wants to make it's 80' pipeline easement cross under the 380 bypass just to the west of the current CR 1006. But I think it makes more sense for them to cross under the 380 bypass to the east of the current CR 1006. My organization recently purchased the lot at the NW corner of CR 164 and CR 1006. TX DOT's plans already call for the 380 bypass to eat up about 2 acres of our land, and it'd be nice if the NTMWD didn't further encumber our development plans by putting their pipeline easement on our land when they could instead put it on the city's land on the east side of CR 1006.		Ledbetter	Terry						
26	fa9393f4-4a19-4cd6-8c51-39b9c17155ce	3/22/2022 23:19	3/22/2022 23:19	We prefer Option B for a number of reasons. First, the noise, increased traffic throughput and congestion both during and after construction is objectionable. We purchased a home in Tucker Hill to enjoy a quiet neighborhood. The value of the homes would be significantly negatively impacted if Option A was chosen. Further there is not any guarantee of noise abatement with Option A and having an over the freeway Cement Culvert for water would be an eyesore and a safety hazard further diminishing the value of homes in Tucker Hill and anywhere else in this area. Option B is a better choice.		Djurdulov	Peggy & Bogda						
27	77b1bfbd-f62f-425c-8e56-9ebfc35f33d6	3/22/2022 23:20	3/22/2022 23:20	We support alignment B and C for this roadway. It is the most efficient design and will be a better long-term solution for our bypass. Thank you.		Grimes	Paul						
28	05306cde-b958-43ef-83ec-e91f4c4e258d	3/22/2022 23:20	3/22/2022 23:20	Prosper should not have to pay for poor planning from the city of McKinney. If the goal is to reduce traffic congestion on 380 the solution should be based in McKinney. I DO NOT support segment B cutting through Prosper or any other alternative going through Prosper. Residents in Whitley Place have had every main roan entry to our sub division under construction for almost two years. The unwanted noise, and inconvenience of construction vehicles, along with road debris (which has caused us to go through two broken windshields) is unpleasant. The noise from 8 lanes will cause a lot of unnecessary disruption to our quiet neighborhood. 8 lanes of traffic will cause a lot of unsightly trash, artificial illumination at night where so many want to just enjoy the evening outside. We live in a prideful neighborhood and putting a bypass in close to it will be unsightly. I Do support Segment A. Keep Mckinny's solution to their problem in Mckinney.		Strommer	Michelle						
29	f043ae32-7376-483f-895b-127480b09e95	3/22/2022 23:21	3/22/2022 23:21	Since Tx dot is not going to keep the widening of 380 to 75, I feel that route A is the best alternative. This was the original route until the mayor of McKinney and the influential individuals who live in Tucker Hill suggested an alternate route without the input of Prosper residents. 34	8d940586-819f-45d7-88de-0b69542c7cda	3/22/2022 23:23	3/22/2022 23:23	As a resident of Whitley Place, significant concerns with proposal B which cuts across the south of Whitley Place. Concerns range from excessive noise pollution to existing residential neighborhood already impacted by increased traffic on N Custer Road. Building an intersection at this location will attract additional commercial development impacting the overall serene settings of Whitley Place and the overall Prosper community. The Gates of Prosper has already established a commercial center for Prosper and there is nothing preventing a similar development in the area between this intersection and the current 380 / N Custer intersection.	One wonders whether the true financial impact to current businesses along 380 have been assessed. By drawing usual traffic away from this route onto this new route stores usually benefiting from passing traffic will no longer benefit from these passers by. I think this will especially impact smaller stores forcing them to relocate or close up.	Dowse	Merlin

35	bab284f7-2ef0-466c-88d8-f20189a19a7a	3/22/2022 23:23	3/22/2022 23:23	<p>After reviewing the two options of A and B segments, it is apparent that segment B is the best choice. First, the selection of segment B will limit the impact to the majority of the communities in the A & B neighborhoods & businesses during the construction phase. Secondly, the selection of segment B will reduce potential negative air quality issues to number of communities during the construction phase. Finally, the selection of segment B will ensure minimal impact for those whom commute daily on 380 between Ridge Rd to Custer Rd (and beyond) during the construction phase.</p> <p>The selection of the Brown Alternative is the ideal US380 Proposed Improvement approach.</p>		Cabral	Joseph						
36	ffce18d5-51ff-4b5e-87f6-b4d3defcdc91	3/22/2022 23:23	3/22/2022 23:23	<p>Allow me to be transparent. I support Option A. As a Prosper resident, besides noting the traffic that is causing this project is in McKinney, yet their poor planning is forcing the issue to be solved by proposing you negatively impacting Prosper's current and future economics, social influence, health, students (PISD is currently a well renowned school district that people move to North Dallas for and those individuals live in various towns in addition to Prosper), businesses, and home owners. You can say you "are not directly impacting" the Founder's Academy, Cockrell, and Walnut Grove HS, and future MS and HS sites etc., but as an educated society we know second hand smoke is just as negatively impactful as smoking. Same here. This roadway DOES have a direct impact to these areas as well as the entire town. For these reasons and many others that won't fit in this box, Option B should be removed from the feasibility study going forward.</p>		Miller							
37	da17f17c-c51b-4b92-8fd8-c7a1cd3b438f	3/22/2022 23:24	3/22/2022 23:24		<p>In my opinion, none of the proposed plans will alleviate problem areas along 380. Problem areas are nearer 75 after Hardin Rd. and to the west after the DNT toward FM423. My vote would be a NO BUILD option. The cost and inconvenience of a decade long build out will be worse than the traffic issues we endure.</p> <p>Marianne Jacobs [REDACTED]</p>	Jacobs	M						
38	003af906-96dd-401e-8017-8ecd447dea45	3/22/2022 23:25	3/22/2022 23:25	<p>I am submitting a request for alignment B to NOT be considered as an option. The option displaces future taxable income for Prosper, the number of homesites available to Prosper will be greatly decreased, and the noise that will result in option B near my home will affect my property. I moved to Prosper and selected my location based on what was approved and proposed near my home. Please do not allow a negative impact to my careful planning based on poor decision by another.</p>		Kennedy							
39	71bac38b-c68a-4de6-8a0b-60bab997a52a	3/22/2022 23:25	3/22/2022 23:25	<p>I am submitting a request for alignment B to NOT be considered as an option. If the goal is to reduce traffic congestion on 380 the solution should be based in Mckinney.</p> <p>I DO NOT support segment B cutting through Prosper or any other alternative going through Prosper. Residents in Whitley Place have had every main roan entry to our sub division under construction for almost two years. The unwanted noise, and inconvenience of construction vehicles, along with road debris (which has caused us to go through two broken windshields) is unpleasant. The noise from 8 lanes will cause a lot of unnecessary disruption to our quiet neighborhood. 8 lanes of traffic will cause a lot of unsightly trash, artificial illumination at night where so many want to just enjoy the evening outside. We live in a prideful neighborhood and putting a bypass in close to it will be unsightly.</p> <p>I Do support Segment A. Keep Mckinny's solution to their problem in Mckinney.</p>		Strommer							
41	a2afc5e8-5394-466a-8d67-5cb8cf823a62	3/22/2022 23:30	3/22/2022 23:30

46	968057fd-45c8-4719-8b9d-bf915168861e	3/22/2022 23:38	3/22/2022 23:38	We are adamantly opposed to anything along segment B that would bisect SW Prosper and encroach on the retail, residential and educational usage of that area. Multiple schools, neighborhoods and businesses would be negatively impacted by drawing the long, diagonal line across Custer. Segment A is already along the proposed TXDot path and minimizes the area of impact by going due north from 380. The ideal alternative to all of this would have been wiser city planning on the part of McKinney to keep the right of way open wider along 380, which should have been assumed long ago to be a highway in need of expansion as the area grew. Now that segment F has been excluded, any alternative will create a longer path to the major arteries in the area, but at least we should minimize impact in the process. The next best alternative is the solid orange path along segment A.		Townsend	Ryan						
47	19add15f-f417-4556-8932-5b89309801db	3/22/2022 23:40	3/22/2022 23:40	We oppose segment B because of the negative environmental impacts to Maine Gait, Founders school, the new Prosper High School, the new residential area's of Ladera and Brookhollow. We vote for segment A.		Dellinger	Robert						
48	16c9664d-37b6-4796-8c89-219b001a4db6	3/22/2022 23:41	3/22/2022 23:41	I am opposed to Option A as it will orient 380 North thru large established Neighborhoods vs. Option B which will provide options to use undeveloped land vs displacing established neighborhoods or moving noise and traffic pollution away from established neighborhoods. I am also opposed to option A since it impacts wetlands near Tucker Hill. I would suggest an alternative solution which is to build the Collin County ByPass North of 380 before development creates the same impact to future homeowners. It would move a lot of East-West Traffic that is only using 380 to transit north of Dallas. Make the necessary improvements to 380 i.e. Intersection Overpasses and side roads to avoid the traffic lights but do not attempt to create an Interstate level of traffic flow on 380 and drive more traffic to the New Bypass and 121 tollway for those transiting East and West.		Campbell	William						
49	ad14080e-ce74-4a35-8e10-c59ab8a6cfb1	3/22/2022 23:43	3/22/2022 23:43	I am opposed to Option A as it will orient 380 North thru large established Neighborhoods vs. Option B which will provide options to use undeveloped land vs displacing established neighborhoods or moving noise and traffic pollution away from established neighborhoods. 50	b81fce01-18fa-4a8d-8252-2005a432c83d	3/22/2022 23:46	3/22/2022 23:46	Since Tx dot is not going to keep the widening of 380 to 75, I feel that route A is the best alternative. This was the original route until the mayor of McKinney and the influential individuals who live in Tucker Hill suggested an alternate route without the input of Prosper residents and their environment. There is little impact compared to B. B has schools, homes, cemetery and Mane Gait. This will cause too much noise for the horses and animals and animals and for the children for the schools. My family has volunteered at Main Gait. These this is a safe place for these families. In order to volunteer we went through a very specific training to understand the Safety (what about startling horses), also the the sensitivity needed to understand some of the special needs individuals need a peaceful environment. Lets all be aware of not reducing the Rights of this delicate population. A people that should be protected by Country, State, and City.		Smith	Kyla						
51	f65b356e-c4eb-48d1-8882-46941eb2b945	3/22/2022 23:46	3/22/2022 23:46		The folks that were available to discuss the project were very friendly and professional, even when confronted by several disgruntled citizens. I was impressed with how they remained calm, and politely explained the different areas, where the information could be found, how comments are welcome and how they can provide them. I look forward to seeing the final outcome.	Allen	A						
52	6a3432cb-d7a0-46a0-87d0-24abbd287ae7	3/22/2022 23:48	3/22/2022 23:48	Once crossing Hwy 5 there are two alternatives route D and C. I am strongly opposed to using route C as it impacts the maximum number of homeowners along this route. Route D on the other hand is predominately along and in a flood plane and has minimal impact on homeowners. Consequently please stick to route D which impacts the least number of people.		Daniel	Bill						
53	0060c898-e33e-49a3-8f93-6a399ef00104	3/22/2022 23:49	3/22/2022 23:49	We prefer the D route that was originally set as the preferred route on the map. The C route displaces more folks and would totally wipe out our family farm as this route goes right thru the middle of our farm. We are located a 2118 CR 338. The routing seems to have changed several times and today we learned there is no preferred route. We hope and pray that the C route is eliminated and the D route is chosen.		Bruce	David						
54	45296000-b652-41ab-8273-e2c4e09f97ae	3/22/2022 23:49	3/22/2022 23:49		I adamantly and vehemently oppose section B of both the brown and orange suggested routes. It will be too close to schools and residences, and will negatively impact more residences than section A.	Schallmo	Renee						
55	2a4c9d50-1094-4fc2-835f-e6f3ab2569f1	3/22/2022 23:50	3/22/2022 23:50	We prefer the D route that was originally set as the preferred route on the map. The C route displaces more folks and would totally wipe out our family farm as this route goes right thru the middle of our farm. We are located a 2118 CR 338. The routing seems to have changed several times and today we learned there is no preferred route. We hope and pray that the C route is eliminated and the D route is chosen.		Bruce							
56	41121586-667f-49d6-8eeb-ad937e66d9ed	3/22/2022 23:51	3/22/2022 23:51	I don't like Option-B because it is no different than approving a rail-road through a town. I will change the town forever and cause unquantified economic externalities. Please don't approve a plan that cuts a town in two. Thank you.		Dietz	Hans Paul						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
57	eee745cc-f6bd-45af-8cd6-65a9db8113c3	3/22/2022 23:52	3/22/2022 23:52	I am opposed to segment B into Prosper. I support the feasibility study agreed upon alignment of segment A. Segment B negatively impacts Mane Gait, with a mere 45 feet between segment B and Mane Gait property. Mane Gait provides therapy for children with developmental difficulties. Founder's Academy is equally negatively impacted by Segment B. The negative impact to these 2 institutions that service the education and development of children is matched by the negative impact to a senior community ready to break ground, a subdivision that is currently being built, a cemetery, and the Town of Prosper which would lose tax revenue from lost residential units in Prosper.		Costa	Fred						
58	433caf5a-e2dd-4deb-85f4-cea8fe2d15d2	3/22/2022 23:53	3/22/2022 23:53	After reviewing the different alternatives, my wife and I are opposed to Segment A, the Purple and Blue Alternatives. The Brown and Gold Build Alternatives are what we approve of for our neighborhood, which is Stonebridge Ranch. We live directly off of 380 between Stonebridge Dr. and Ridge Rd. Segment A interferes with our neighborhood, and the aesthetics.		Bodin	Jeff						
59	ca973b24-5adb-4854-8355-eea6ea1148e7	3/22/2022 23:55	3/22/2022 23:55	Option B goes through the small town of Prosper which will impact residential, schools and a therapeutic center. It will also divide our town. It is upsetting to think that you would bring a major highway through a small town. I prefer Option A.		Dietz	Carmel						
60	8f158418-e0a1-4c88-80e8-f85e9b729a76	3/22/2022 23:58	3/22/2022 23:58	I have been a resident of Whitley Place since Dec. 2016. The back of my home faces First Street and the sports field of Founders Academy. When we purchased the home, there was no mention of the US 380 project and that it would potentially impact my home and neighborhood. I have the following concerns regarding segment B: - Air quality impact. I live approximately 150 yards from segment B. I suffer from severe and chronic asthma. The pollution from B will adversely impact my asthma and prevent me from being outside in my yard plus the pollution that will enter my home. - Noise impact. I have to take sleeping medicine. The noise from B will impact my ability to sleep at night. In addition, it will be difficult to enjoy sitting in my backyard with family and friends with the noise interference. - Visibility impact. An elevated section is proposed to cross Custer Rd directly behind my home. An unsightly overpass will take away from the aesthetics from the view of my backyard.		Martin	Scott						
61	5863826c-a7ef-4738-810b-e15d6b35073b	3/23/2022 0:08	3/23/2022 0:08	Route B appears to be a more logical route than Route A by providing better connectivity to existing US 380.									
62	4f07446e-765a-41e5-8f8d-6c8dd447b3bb	3/23/2022 0:08	3/23/2022 0:08	I find it fascinating that the option to utilize the existing highway (Green Build Alternative) will not be carried forward. The reasoning listed is not enough for me to fully understand the impacts and locations of such impacts. US-380 was here long before the businesses and homes that "could" be displaced. I would like to see a segment F roadway overlay depicting the reasons to not be carried forward.		Barli	Anthony						
63	35ed8bfc-1739-4977-8364-95a3c10e7a4a	3/23/2022 0:12	3/23/2022 0:12	in Collin county court, Mckinney city mayor was asked if he could live with option A and he agreed that Mckinney could live with option A. I also think that by the time that the construction starts, both Prosper and Mckinney will be built out and we should improve the main aerial roads and outer loop instead of wasting time and money on a 380 problem.		Anders	Tim						
64	1e34be21-28a2-4623-8cb7-b67435be6e23	3/23/2022 0:15	3/23/2022 0:15	The bypass through Prosper would create an economic impact for a town that is smaller in size than McKinney. This would definitely have a negative impact on Prosper. It would also impact several school district sites for Prosper ISD. As a resident of Walnut Grove, I do not want the bypass north of me, Highway 380 on the south, and Custer (which will be 6 lanes) on the west. This puts a lot of traffic noise and pollution into our neighborhood which would change the atmosphere of our unique neighborhood. I also watched the Commissioner's Court meeting for Collin County where Judge Hill asked Mayor George Fuller if the City of McKinney could live with Route A. Mayor Fuller's response was that they could live with it. So, my question is this: Why are you continuing to push for it to go through Prosper when they have made it clear they don't want the bypass in their town and Mayor Fuller said McKinney can accept it going just east of Tucker Hill? Just go with option A.		Anders	Janet						
65	e0c51750-4434-4c2d-8344-ba4ff480d267	3/23/2022 0:15	3/23/2022 0:15	In 2020 the Segment A was determined to be the best location of the proposed 380 bypass. In 2022, this still appears to be the best path for the bypass. Segment B has a much more detrimental impact on development that has already been approved and or constructed. The Segment A route, although is impactful to future residential development, is much less impactful to future educational facilities and student aged drivers. The easement acquisition of ROW along the current 380 should not be factored into the cost of Segment A due to the fact that improvements along 380 should have been taken into account in prior planning efforts. This unfortunately was not done proactively by the City of McKinney and because of that they are hoping for Segment B to be selected, thus pushing their lack of foresight into Prosper. Segment B also has a significant impact on MainGait and Founders Classical. Those two organizations are much more important to protect, than future developments on Segment B.		Brown	Joshua						
66	b5aa35f6-b85a-4ceb-8a7c-c1aff6c8f3a	3/23/2022 0:21	3/23/2022 0:21	I currently live in Whitley Place and this will directly impact my neighborhood due to increase traffic count and noise. I also currently serve on the Prosper ISD school board and this will create multiple issues for the district. First is a safety issue for our kids having to either drive or be bussed on the proposed route B. Secondly the tax revenue that will be lost due to the reduction of rooftops and commercial properties will impact the ability of the ISD to provide the best education for the district children. Third the town of Prosper is so small in area(27 sq/mi) that this will reduce the tax revenue of the town and harm services. Please keep the bypass out of the town of Prosper and on 380.	Please quit moving the proposed route into Prosper. It seems to get removed and then a new one pops up running back through Prosper.	Cavender	Kelly						
67	74c8b7c2-00bd-4c8a-8ff9-e3573c2897c6	3/23/2022 0:22	3/23/2022 0:22	Keep 380 on 380. McKinney keeps pushing this off of Prosper. Prosper is much smaller than McKinney. McKinney has created this issue of their easements being right up on 380. They continue to build right up to 380. McKinney just keeps pushing their problem back onto Prosper. Prosper needs every tax dollar available. McKinney has a much bigger area to collect their tax dollars. I'm against alignment B!!! Either go A or keep 380 on 380!!		Cavender	Tammy						

US 380 from Coit Road to FM 1827 - Online Comments

68	f7d675dd-52d1-44ec-873a-43646a358c5f	3/23/2022 0:23	3/23/2022 0:23	I want to leave a comment supporting Segment A, and opposing Segment B Segment B will reduce the value and opportunity for business development at a primary intersection Custer Dr. & University Dr for the town of Prosper and the city of McKinney		Dailey	Phillip						
69	eee3a7ff-6228-40cb-87a3-cc161019b3eb	3/23/2022 0:31	3/23/2022 0:31	I strongly oppose Segment B as it will be detrimental to the Town of Prosper, many quality developments in place or under development. It will lower our property values, increase crime, traffic and make our community overall less safe for our families that have selected Prosper to raise our families. Prosper has been supportive of all TXDOT needs, requests and been a good community partner. We have also been public regarding our master thoroughfare plans for many years. Prosper should not be to blame or the failure of other communities and roadways to not plan effectively as Prosper has done. Please reconsider impacting our community in such a negative way that will never be undone. I've seen how negatively this type of developments can poorly impact the communities when they come through.		V	Tommy						
70	34ddc0f3-aaf6-4740-88de-a8ad2f26549a	3/23/2022 0:32	3/23/2022 0:32	I am strongly opposed to proposal for segment B. Segment B of the proposed Gold/Brown alignment poses a significant negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more. It will also increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the NCTCOG. Seg B runs through quickly developing sections of the Town of Prosper causing impacts on the human and natural environment by adding a new and unplanned interstate through Prosper vs. using the existing alignment within Town limits. There's a detrimental effect on Manegait; a unique nonprofit facility providing horse therapy to hundreds of adults and children with disabilities. Seg B is in close proximity to current and future schools.		Linker	Garrett						
71	e6edecb5-e2e7-4eef-88e0-d7d928ac3a45	3/23/2022 0:36	3/23/2022 0:36	Section B, going through Prosper...it literally goes over and through neighborhoods. This will severely and negatively impact the town of Prosper. As a mother, I would not want such a large structure through/over my neighborhood; the sounds from cars, pollution from cars and extra traffic, etc. Per information given from the town of Prosper itself, this project will negatively impact air quality, I am appalled it is even being considered. My children will almost certainly be attending the new high school located very close to this proposed project. I absolutely do not want this close to where my kids will be driving and spending so much time. Again, the air quality is a huge issue for my family. We didn't settle in Prosper to have this, how can anyone even consider building a huge overpass and such a large road over entire neighborhoods?! Honestly. It is unacceptable.		Taylor	Angela						
72	ea900eb1-89c6-4237-8edf-767b9b961899	3/23/2022 0:40	3/23/2022 0:40	Please do not put the bypass through Prosper, TX. We only have 27 sq miles as a town and we do not think it would be good for this to come through Prosper. It will impact 2 different schools as well as a great above 55+ community that is about to start moving dirt for development. Please consider other options including just keeping the road on 380. Most Prosper and McKinney residents I speak with want this. The road is there and McKinney did not plan well, so fore sure this should not become Prosper's problem. Or just give more money to other east west roads north including the Collin county outer loop.		Bartley	Wayne						
73	4053a540-ead9-4c8c-8aec-cac1788b52b0	3/23/2022 0:40	3/23/2022 0:40	Please do not put the bypass through Prosper, TX. We only have 27 sq miles as a town and we do not think it would be good for this to come through Prosper. It will impact 2 different schools as well as a great above 55+ community that is about to start moving dirt for development. Please consider other options including just keeping the road on 380. Most Prosper and McKinney residents I speak with want this. The road is there and McKinney did not plan well, so fore sure this should not become Prosper's problem. Or just give more money to other east west roads north including the Collin county outer loop.		Bartley	Wayne						
74	f1cfa12d-ae20-4fa0-869f-5a923b876706	3/23/2022 0:42	3/23/2022 0:42	Opposition to this alignment is due to the fact that this negatively impacts several developments through Prosper. Founders Academy and PISD HS 3 will be negatively impacted by this 8 lane thoroughfare on young drivers. Housing developments impacted are Whitley Place (existing), Whispering Farms (existing), Parkside (existing), Ladera 55+ age restricted gated community under construction, Malabar Hills under construction, Winding Hills (permitting process), Brookhollow gated community (permitting process), Brookhollow multi-family under construction and existing commercial development such as Lowe's. Additionally, a cemetery and Manegait Therapeutic will be negatively impacted and are also opposed to this alignment. Prosper's thoroughfare plans shows the expansion of 380 on 380 through the Town of Prosper and the council has passed 6 resolutions opposing any alignment through Prosper that does not stay on 380. This alignment bisects the Town of Prosper which is 27 square miles.		Bartley	Amy						
75	c08558b3-72d9-4bfe-8d77-617e05a734f4	3/23/2022 0:45	3/23/2022 0:45	I'm an architect and Stonebridge Ranch resident, and I have serious concerns about option A for the 380 project. Chief among them is the fact that this option splits through premier McKinney neighborhoods on 3 sides, while Option B takes full advantage of nearly entirely open land, availing it a smooth, effortless transition from the outer section to the main 380 roadway. The affected McKinney neighborhoods are between \$500k-\$1million in value and would immediately be detrimentally affected, while primarily the only affected land would be for future development in Prosper. Further, Option A changes from an East-West highway to a North-South highway. This jarring move at highway speeds over such a short distance may even be dangerous as well as largely inconvenient. The data shows that this option, with its numerous shortcomings, will, at best, have only negligible improvements of average speeds and commute times, making it a dubious choice and hardly worth the public expense.		Hunt	Scot						
76	fe811e4d-3c87-4e62-86f7-2ec9c5bd04bf	3/23/2022 0:57	3/23/2022 0:57	Option A is the worst option because it directly affects residents and business in and around tucker hill, an established neighborhood that we currently occupy and have since 2014. This would adversely affect quality of life, noise pollution, air pollution/air quality, impair ingress and egress for Tucker Hill, negatively affect safety and adversely affect property values. The option B has the least impact to established commercial businesses and current homeowners and move traffic to the other side of Custer where it will flow more smoothly. Emptying traffic East of Custer will be a double whammy to traffic flow, to Tucker Hill, Stonebridge ranch and existing homes and businesses.		Remington	Stephen						
77	37e4148f-57f7-4fc8-834e-d04f570e0110	3/23/2022 0:57	3/23/2022 0:57		I support keeping 380 on 380 and do not wish for any of the bypasses to be selected. The town of Prosper will suffer immediate and long term impacts if your alignment B cuts through our town. Please keep 380 on 380.	du Plooy	Natasha						
78	fb1860ba-df4d-4ae9-897f-ccbaba9f7839	3/23/2022 0:58	3/23/2022 0:58	Option A is the worst option because it directly affects residents and business in and around tucker hill, an established neighborhood that we currently occupy and have since 2014. 79	0a61e94e-5c8c-4d99-8c60-55080ce97083	3/23/2022 1:00	3/23/2022 1:00	The proposed option B has a variety of detrimental impacts- the pollution levels would exceed healthy levels for Founders Academy and the Prosper High School that is currently under construction which will be attended by 1000s of children. Option A is the more logical and less detrimental choice.		A	Taylor						
80	890dfe81-0044-458a-8bab-2525d41c0b9f	3/23/2022 1:07	3/23/2022 1:07	The new brown and gold alignments that have the new B Segments that go through Prosper too close to Founders Academy, a Cemetery that will be built this year, what looks like 5 different Residential neighborhoods, and close to a new Prosper ISD High School. Not to mention the B Segments would still be too close to Mane Gate, which serves children with Special Needs and Veterans, 2 protected classes, and a big reason why a segment through Prosper was rejected in the first place. Please only allow a Limited Access Roadway in the Town of Prosper. If McKinney wants a Bypass so much, they can have Segment A, which was the recommended option already approved by TxDOT. However, my personal vote is to keep 380 on 380 on Segment F.	In 2020, the TxDOT Feasibility Study recommended the purple alignment after many years of studies, meetings, and citizen inputs. This alignment has US 380 staying on 380 in the Town of Prosper as the Town of Prosper has continually expressed its wishes through six Resolutions. Prosper does not have a lot of commercial and residential development, especially compared to McKinney, and has been very intentional in planning for their future expansion by not building too close to 380. McKinney failed to plan for what it has known for years to need by allowing building to occur too close to 380, and now wants to shift the consequences on their failure to plan onto Prosper, which has a much smaller tax base to support our Town. I don't know why after YEARS of study and inputs you would reverse your findings and bend to a larger city's will. Please do not allow McKinney to shift their failure to plan for their future onto Prosper who has meticulously planned for our future.	Brown	Dianne

82	49e58267-67ad-47c1-8fe1-79b4a5f75023	3/23/2022 1:46	3/23/2022 1:46	I live in Walnut Grove and I recommend and support option B. It is my belief that this would be the best option for disrupting the least amount of business and residents and would be best for most of Walnut Grove residents. In my view there are only a few number of residents making a lot of noise about option B. I don't believe the argument about Mane Gate is a valid one. It is only something the few use to push their personal agenda. In my view if the highway is too close to Mane Gate then it seems to me that moving a few houses and barns a few miles to a quieter location wouldn't be that difficult in terms of the total scope of the project. I SUPPORT OPTION B.		Graham	Harvey						
83	dbf3f5aa-9890-401e-8fb7-af06150c0138	3/23/2022 1:50	3/23/2022 1:50	I urge you to reconsider segment B passing through Prosper. This would significantly affect our growing and prosperous community, affecting ManeGate, new businesses and individuals who have planted roots here, our new high school and Founders Academy which would affect hundreds or thousands of students, impact traffic through neighborhoods. My family moved to prosper to build a life here and grow with the community and having a highway cut through our neighborhood of Brookhollow would impact our lives and potentially cause an uprooting of our family and their amazing educations prosper has given us. Please do not pass Segment B.		Ramsey	Krystle						
84	cc49bd1a-c4b4-4583-82cd-e88b8aa40ab2	3/23/2022 1:50	3/23/2022 1:50	I'm a current resident of the Brookhollow community and after attending today's open house (March 22), I'm deeply troubled by the impact this project will bring to the Town of Prosper and specifically the disruption and long term negative impact this will cause to our community. Segment B cuts off our immediate access eastbound out of the development which will cause more congestion through our community. The noise, environmental and traffic this project will inflict on our community is disheartening, not to mention, the displacements it will cause are truly devastating. I stand with the Town of Prosper in opposing this project wholeheartedly. I'm concerned about the number of residents who will relocate as a direct result of this project and the potential for our property values to decrease over the coming years as a direct result of this project. We've poured our life savings into this home for our cauldron and to have it potentially jeopardized by this project is deeply troubling.		Hillstead	Kyle						
85	06971f7a-fd3a-4000-825b-ad34b37ad239	3/23/2022 1:57	3/23/2022 1:57	Segment B would negatively impact existing and planned homes and community in Prosper.		N	K						
86	65d8dc3-eb20-47ff-8db6-99b980f011db	3/23/2022 1:59	3/23/2022 1:59	I am a resident in Prosper and continue to strongly oppose any alignment in Prosper including the proposed B alignment. I also continue to support the A alignment as it still fits within the original parameters and support of the city of prosper.		Blackmon	Phillip						
87	03641f57-7a63-478e-8bb4-7b62dde05ce4	3/23/2022 2:00	3/23/2022 2:00	I am opposed to option B and in favor of option A		Spragins	Kyle

99	1dfd93ca-7172-4683-8803-e5a92d0c95c8	3/23/2022 3:11	3/23/2022 3:11	The Segment B option appears to create an issue for resident access to Lakewood Drive. Residents leaving the neighborhood to travel east on 380 will be required to turn west on 380 then cross three lanes of traffic in what appears to be about 1300ft. to get to a turn lane that takes them across to the west bound lanes. Also, how do residents of Lakewood traveling west on 380 from Coit get to Lakewood Drive? Would they have to travel to Redbud lane and make a u-turn? As a resident of Lakewood I would oppose the Segment B option and support Segment A option.	I support Segment A and oppose Segment B for the following reasons: 1. Segment B of the proposed alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town of Prosper. The alignment would directly impact hundreds of future homes and thousands of residents and indirectly impact many more. 2. Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing 380 alignment within Town limits. 3. Segment B is in close proximity to existing and future schools including high schools impacting thousands of students. 4. The Town of Prosper has passed six resolutions strongly opposing any proposed alignment for the widening of US 380 not located along the existing US 380 corridor. This represents the communities opposition to Segment B.	Yantzi	Ron						
100	d7ee5de4-4f50-4ad5-8315-c0e53fd2fe6e	3/23/2022 3:34	3/23/2022 3:34	Traffic on 380 is often very congested from Custer to the east. Option b seems like it makes the most long term sense for our communities for continued growth in both mckinney and prosper.									am_a_business_owner_
101	1f663854-3307-43d7-80c5-1879a655050b	3/23/2022 4:02	3/23/2022 4:02		As a Prosper resident, I strongly oppose segment B. This segment cuts straight through a rapidly developing section of our town that will drastically change should a highway be built there. Instead of residential areas and neighborhood businesses, the area around the highway will transform into a concrete mess of fast food and gas stations, not to mention the noise and air pollution. The town of prosper is small; I moved here for the small town feel. Building a giant highway that cuts through it is not what the town is striving to build for its residents. I respectfully implore you to continue with the original feasibility aligned study of using segment A and the purple route.	Jensen	Taylor						
102	7887cf1a-770f-4cb8-8aa2-6e1882b17d2a	3/23/2022 4:49	3/23/2022 4:49	This option B is a terrible option for Prosper. It negatively impacts schools, homes, existing commercial development and housing developments that are already in progress. Please don't allow it!	This option B is a terrible option for Prosper. 103	270ace1b-74df-4fb3-819b-cd68aca8d50b	3/23/2022 4:49	3/23/2022 4:49	My home is a [REDACTED] in McKinney, TX. Province runs parallel to proposed option A, and my backyard already has a clear view of 380. We have a pool and spend an ample amount of time in our backyard. We can see the 380 traffic from our upstairs windows and can hear it from everywhere in our home. If 380 becomes a major freeway, the traffic will literally be looking into our backyard, noise will be multiplied, the value and desirability of our home will decrease, my kids' privacy will be breached, and our ability to enjoy our own home will be diminished. Additionally, this will make our home much more difficult to sell due to the close proximity to the freeway. This is a harsh punishment for innocent residents of McKinney when there is an option that affects far fewer businesses and saves \$100 million of tax payer money. I hope you will consider people like us who have worked extremely hard for our home. We do NOT want a freeway or years of construction IN our back yard.		Withers	Casey

Selecting B would not allow Prosper to define its future, chart develop direction and define how its land will be utilized.</p> <p>Prosper has planned for 380 widening within town limits. The lack of zoning and foresight by McKinney should not be corrected by going against Prosper town planning.</p> <p>B would impose significant, negative impact to existing and future developments planned by Prosper. Over 360 homes and thousands of residents would be directly impacted.</p> <p>The increase in ground level ozone impacting ManeGait and Founders Academy would conflict with NCTCOG Air Quality guidelines.</p> <p>B is in close proximity to existing and future schools and would impact thousands of students negatively.</p> <p>B would have numerous adverse effects on Prosper: increased traffic, increased noise, air pollution, decreased safety and significantly decreased property values.</p>		Hansen	Craig						
109	115dd8ade7ce-4de1-8b2c-191ba58cee72	3/23/2022 11:49	3/23/2022 11:49	<p>Option B is NOT an option. It's a shame McKinney didn't plan better; however the residents of Prosper should not have to pay the price for their poor planning. This option will destroy existing homes and businesses and have a severe negative impact on the town of Prosper.</p>		H.	K.						
110	31ada8f8-f728-4dfd-8bd9-c66246078059	3/23/2022 11:50	3/23/2022 11:50	<p>I oppose option A as that will increase the amount of traffic and noise behind our house. This will decrease the value of my property.</p>		Chevalier	Peter						
111	4c185981-f5fd-4587-8acd-a26692a8b5b0	3/23/2022 12:25	3/23/2022 12:25	<p>As a resident in Prosper, I do not support route B. We have a number of schools, communities, and other plans for that space. A major thoroughfare through that area would negatively impact our city.</p>		Middleton	Christopher						
112	d95294b4-5ee9-41e2-8597-1068363378b6	3/23/2022 12:26	3/23/2022 12:26	<p>Option B is just too disruptive. It's a terrible option for 380</p>		Leland	Edwin						
113	dc49a8b1-710b-490f-8d10-e18fbc1b2f86	3/23/2022 12:52	3/23/2022 12:52	<p>I am adamantly against option B, as it would put a major thoroughfare right through where my daughter attends school. No good can come from locating the bypass that close to a school and an equine therapy facility.</p>		Zakrzewski	Joli						
114	77aa4113-2f57-4ab4-8eed-1fff899960c	3/23/2022 12:52	3/23/2022 12:52	<p>We've reviewed all proposed plans and adamantly oppose any expansion to, through or over Custer and North of 380. Noise, air quality and other highly consequential environmental impacts are of paramount concern. The state, counties and cities need to continue to work together to create smarter traffic flow plans within the current confines of 380 between DNT and 75, including more detailed and creative traffic light pacing, the use of shorter local access roads, and wider in and off ramping at the congested ends of the major highways that connect 380. There is no reason to enter into residential neighborhoods to accomplish this. Thank you.</p>		Vilade	John						
115	5d1e354f-7473-44a6-8d98-c0694982a840	3/23/2022 13:00	3/23/2022 13:00	<p>Segment A is too close to our brand new neighborhood, Wilmeth Ridge. We did not build a house here with assumption a major highway would be a stone throw away. Segment B would be the choice of all of our residents. Thanks!</p>		Wooten	Derek						
116	1e69ef3f-2042-43c9-8923-4be88f13bfa9	3/23/2022 13:03	3/23/2022 13:03	<p>Greetings We are prosper residents and our home / community is located just north of 380 off of coit Rd We oppose obtain B due to the impact (noise traffic and disruption to prosper residential and business development)</p>		Thomas Tkac	Hugh Sharon						
117	3d31d701-7298-4ad1-8148-3708d71b2fbb	3/23/2022 13:11	3/23/2022 13:11	<p>I live in Tucker hill. Option A will cause significant disruption and inconvenience to our whole neighborhood as well as affecting many more businesses and the overall setting of our neighborhood as well as surrounding neighborhoods. Option B is less costly and will disrupt fewer utilities as well as fewer businesses. Please use B</p>		White	Justin						
118	df5eae50-e26c-4352-8ccd-286a23678152	3/23/2022 13:27	3/23/2022 13:27	<p>I am unable to attend the meeting today, but I wanted to voice my (our family's) opinion that we are strongly against the proposal to have US 380 cut through the middle of the planned neighborhoods in Prosper. This area is already having homes built there. Rogers MS is located there as well, and one of our daughters attends Rogers MS. Her future high school (to be finished next year) is currently being built there as well. To have the 380 routed through that area will cause not only environmental/emissions issues, but also further crowding, safety/noise issues (especially with regard to children/teens walking, biking and driving to and from school), and will significantly reduce the quality of life and decrease property values in the area.</p> <p>Our vote is to have the US 380 remain as it is currently routed, within the normal town roads and city planning as currently constructed.</p> <p>Kind regards, Celestia and Kevin Smith and family</p>		Smith	Celestia and K

Option b brings too much disruption to the town of prosper that already has limited space that doesn't need to be used for highways cutting through Baugh or hoods!		Adams	David						work_for_TxDOT_
120	5ce71c5a-ddcf-4b15-8ddd-16e314bee72a	3/23/2022 13:31	3/23/2022 13:31	Why in the world would you cut through an already developed city? This is unreal to even be under consideration. Obviously none of your homes or businesses are being affected by this option. Unreal.		G	D						
121	c2053a19-8358-48d3-89ea-80913d8a9b6e	3/23/2022 13:32	3/23/2022 13:32	Considering that's a flood plain area and there is a community of homes directly north, that just seems like a bad idea to have it run through there.	Secondly, why not just expand parts of 380 itself....ala I-35. This "improvement" isn't going to help 380 any, it's just going to clog up both....the current 380 and this new section. Then you have to worry about adding a 3rd "new" road somewhere else.	Scott	J						
122	8ea43aa6-91d6-475e-8848-61ae314ffad1	3/23/2022 13:39	3/23/2022 13:39	Thank you for holding the public meeting last night. I live in north McKinney, and would be affected by both Segments A and B. I oppose both, not only for the proximity of the routes to my neighborhood off of County Road 124, but also for how it would affect both areas overall. It would be far too close to homes and schools, it would adversely affect our environment in several ways, and would require using eminent domain that would displace thousands of residents. I would like to suggest alternatives, which would be to widen east-west roads like Bloomdale and Frontier Trail to either 4 or 6 lanes, and then have them lead straight to 75. That alone would lessen traffic on 380 by giving residents north of 380 a new route to 75. Those roads could also eventually link up with the Tollway in the west. I would also like for TX DOT to revisit the Green option of keeping 380 on 380, which would affect far fewer businesses, including Raytheon, who I believe would not relocate.		Gamborg	Erik						
123	6d6ddb0b-cfcf-47ff-8c92-e5a5aa1f4671	3/23/2022 13:40	3/23/2022 13:40	The Option A segment to the 380 bypass project presents significant negative impacts to traffic flow and noise pollution to pre-existing communities in McKinney (ie: Tucker Hill, Auburn Hills and Stonebridge Ranch). The Option B segment minimally impacts current and near term developments in the Town of Prosper. Far fewer impacts exist with opting for the Option B segment than the Option A segment, especially when reviewed in conjunction with the Environmental Impact Study (EIS) as presented in the 22 March TXDOT update on the 380 bypass. Long term developmental "what if" projects will always be put out in the public as argument against the Option A segment by those who simply do not want any type of a bypass through their city regardless of current or future developmental conditions.

132	a464fab9-1493-47c4-82e1-0c884be841d4	3/23/2022 14:28	3/23/2022 14:28	Section A makes better sense to me then Section B, given the progress of development in comparison. Section A would also provide a much needed alternative north south route from Frisco to McKinney for homes and businesses along Coit and Custer roads that are already congested. The areas of McKinney developing north of the existing 380 have very little options for quality road systems. Route B doesn't make as much sense because it slices through an already developed area, and I've had far fewer issues with that section of 380 than I've had beginning in McKinney near section A.		Mathews	Kaitlyn						
133	525b0872-56fe-45ad-88b4-ffb830721f05	3/23/2022 14:33	3/23/2022 14:33		I think this is a good project. I live in Prosper and I am for Option B. It really is the only thing that makes sense for a bypass. I also am for Option C n the east side. We desperately need a bypass in order to get some traffic off of 380 and also for those who are trying to go from Denton to Greenville. Thank you. Mary Kemp [REDACTED]	Kemp	Mary						
134	757c7adc-a1c5-44c5-8971-91bbd97f2ee3	3/23/2022 14:48	3/23/2022 14:48	We are residents of Proser in Whitley Place, near the area where the arrow is located. Option B would be devastating to the Town of Prosper and especially to our neighborhood. We moved to Whitley Place for the beautiful topography and small town feel of Prosper. Please do not destroy our beautiful neighborhood and our amazing town with a freeway! Prosper did a fantastic job keeping 380 on 380 in our town, and McKinney needs to do the same. But even if there is a bypass, we beg you not to ruin our town and our neighborhood by going with Option B.		Draper	Holly						
135	6781873a-3cef-49ef-84c8-293fb6eb489d	3/23/2022 14:53	3/23/2022 14:53	See my attached Word Document with my position and detailed comments on why I Oppose Segment B and Support Segment A.		Payne	Michael						
136	e3e6faac-6d1f-4297-8337-cca93497fb7	3/23/2022 14:57	3/23/2022 14:57	I oppose section B through Prosper. We moved to prosper because of the great school district, ease of access to the Dallas tollway, and small town feel. A huge interstate running right through prosper and near the future high school my son will attend will ruin the things we value as residents of prosper...not to mention a significantly decreased property value. Funnelling more traffic through prosper will only make the stretch of 380 that we use a nightmare. Why not fix/expand 380 so that all residents of neighboring cities can enjoy a better commute.		Pickel	Steven						
137	fd85d43f-b074-4f65-8215-2c7f30d855e5	3/23/2022 15:04	3/23/2022 15:04	I do not feel that option c would be the most beneficial. The congestion on 380 east of 75 is not that bad. Displacing 18 homes and 35 businesses for an issue that is not that prevalent is not a good solution. Also, if this proposed option does go through will there be walls put up along the highway to cut down on noise pollution? A 8 lane highway that is going to be .2 miles from homes is going to be an issue to current residents of willow wood. I feel that stopping the expansion at 75 would still alleviate the congestion that is being seen further west on 380. I hope you take this into consideration and if option C has to be approved, I do hope you take into consideration the quality of life for current residents. That would mean putting up a noise wall along parts of the roadway.		sanders	collin						
138	4a34436e-3861-49cb-8142-a326a15d6af0	3/23/2022 15:06	3/23/2022 15:06	I do not feel that option c would be the most beneficial. The congestion on 380 east of 75 is not that bad. Displacing 12 homes and 43 businesses for an issue that is not that prevalent is not a good solution. Also, if this proposed option does go through will there be walls put up along the highway to cut down on noise pollution? A 8 lane highway that is going to be .2 miles from homes is going to be an issue to current residents of willow wood. 152	99561ec0-1c19-4fd0-81d3-6cdbdf50b67d	3/23/2022 19:15	3/23/2022 19:15	I live in Willow wood neighborhood, specifically on Bird Ct. I am not for this construction near my house as the sound, traffic and noise would be a huge problem. Not to mention looking out our window that overlooks the land to see a highway. I am 100% against Section C or D near my house.		Hanes	Lauren						
153	1cd5f9af-e395-4f97-8f06-d3006fd23c68	3/23/2022 19:34	3/23/2022 19:34	This is entirely too far outside of the current 380 corridor and will impact many of us who moved to the suburbs and ways from highways. We don't want a major bypass in our backyard, nor do we want it close to the new Prosper HS #3 that many of our children will be zoned too. It will bring noise, pollution, crime, not to mention decrease home values significantly. Please keep the 380 bypass as close to the current 380 road as possible. This is unnecessarily too far outside the needed perimeters.		H	Taralyn						
154	fec6d1bf-0dfe-4bea-8df5-e6d92012ac5d	3/23/2022 19:41	3/23/2022 19:41		We need to keep this away from the new Prosper HS in order to keep our kids safe while driving to and from school but also while art sing school during the day. More traffics cause more people coming and going for no reason.								
155	a6e302c5-c5ed-46b5-8d99-c0936a104a0a	3/23/2022 20:00	3/23/2022 20:00	I strongly oppose Route B. My family with three small children live near this area in Prosper, and the whole reason we moved out to Prosper was for the small town feel and the quiet of the country. This path for the bypass would destroy that feeling for the east side of Prosper. It would also run very close to my childrens' future high school and would impact the ManeGait facility which does amazing therapeutic work for our residents with disabilities. I beg you to please consider another route for the 380 bypass. This beautiful part of Collin County just has too much to lose if the bypass comes through our town. Thank you!		Sefton	Kimberly						
156	ee2c91d4-cf77-413e-81b8-8d6aa015514f	3/23/2022 20:36	3/23/2022 20:36	I oppose alignment B. The noise pollution, sound pollution and negative effects related to these on the disabled and se give community is unfathomable, along with decline in property values and taxes for the city of Prosper which has a small footprint due to its size. Maingait along with the 2 schools (Founders academy and the new Prosper high school on First street) will both be negatively impacted by this bypass. Please don't ruin our community by building this highway on top of our neighborhoods. Please keep 38- on 380. Please!		Du Plooy	Jacobus

157	49703f94-4515-4adc-8956-3a2e33eaa03f	3/23/2022 20:39	3/23/2022 20:39	I STRONGLY OPPOSE Segment B and Support Segment A. I am absolutely disgusted that this is even an issue still. Prosper should not suffer the negative consequences of McKinney's poor planning. As a resident of Whitley Place, Segment B will increase our noise and air pollution, we will lose value for our homes and it will negatively affect the educational facilities nearby, as well as the kids going to the new high school. Segment B will increase traffic, light pollution, and will be hurtful to persons with disabilities who are helped by Main Gait. Please please consider our Town and residents of Prosper, who had the foresight to build far from 380 when planning our neighborhoods and schools, and do NOT approve Segment B.		Cardwell	Kelly						
158	f1866436-b39b-43ba-8cf4-f23dd390679	3/23/2022 21:15	3/23/2022 21:15	I am a resident of the town of Prosper and have lived here for over eight years. As a Whitley Place homeowner, I vehemently oppose Segment B running so close to our home community, through the middle of two neighboring home communities, and detrimentally close to two of our schools as well as ManeGait. Prosper is a small town and its citizens would be extremely impacted by this unnecessary dissection of our town with this segment of the bypass. Any minimally asserted benefits of this bypass through our town would be far outweighed by the costs and impacts to our town's citizens and their well-being. 380 should stay on 380 and should not be plowed through any town, uprooting and harming its families.		Baldwin	Theresa						
159	1c4b1f6e-397d-44b2-8fc5-f7952969b1ff	3/23/2022 21:41	3/23/2022 21:41	This is in regard to Option C in total. based on TXDOT own analysis' option C provides slowest traffic, has the most drawbacks to deal with & affects the more commercial, Private Citizens, & waterways than Option D. Option C fails TOTALLY & COMPLETELY in providing for the common good, degrades & disrupts quality of life of more people including veterans & senior citizens than does option D. I am both & senior & Veteran living in my last home which I have spent many years & hours working on to create the home it is today. Base don the aforementioned anlysis I can see NO clear reason why Option C is even presented as an option when Option D has much less impact & provides for faster traffic (off loading traffic quicker & faster than Option C).		Costello	Larry						
160	52d2cd52-eeda-40e3-8da9-c743ce161c7a	3/23/2022 21:45	3/23/2022 21:45	I can't even comprehend why you (DOT) would even consider Segment A. Here are my concerns implementing Segment A. 1.It is 3-5 times more expensive to build compared to Segment B and cost will likely be much higher. What happened to fiscal responsibility? 2. Tremendous impact to homeowners and residents. Stonebridge Ranch and Tucker Hill expensive property values will take a nosedive, which will also reduce the local property taxes collected, directly impacting the local economy and landscape. 3.It would create a traffic nightmare at the Custer and 380 highway intersection and near by for months or years, while the construction takes place. 4. Noise and air pollution will skyrocket forcing people to move. 380 is already bad as it is, and this will make it worst in a highly populated area. 5. Tremendous impact to business and other entities due to displacements. To me it is a no brainer. Going with Segment B is the only logical choice.		Covaci	Octavian						
161	9611706c-8e1e-41fe-8577-60da32913993	3/23/2022 21:46	3/23/2022 21:46	I prefer Route 'B' in Focus Area 1. Route A includes two tighter curves that feel like they could be problematic for a high speed roadway. Route A also bisects several well established neighborhoods in McKinney while Route B runs through mostly undeveloped property. The separation of Tucker Hill from Auburn Hills that would occur with Route A could pose transportation challenges for the students of Reeve's Elementary school in Prosper ISD.		Flom	Kim						
162	691abd33-1f83-4740-8de3-687604a2a8ad	3/23/2022 22:03	3/23/2022 22:03	Mr. Endres, My wife and I are residents of the Town of Prosper. Our children and grandchildren are as well. We understand the need for improvement to Hwy 380 and frequently experience extreme traffic issues from a point east of Custer Road to US 75. We rarely have any issues with traffic on Hwy 380 between Coit Road and Custer Road. We DO NOT see any reason for your proposed Plan "B" and if we had a VOTE would definitely vote NO to Plan "B". Please note that Plan "B" is not needed nor wanted! Best regards, Thomas C. & Mary Meneley		Meneley	Thomas						
163	d4d92245-8a0a-4a24-8193-b19f1bf24c71	3/23/2022 22:09	3/23/2022 22:09	Our family and greater neighborhood area staunchly oppose the proposition of segment B, and are in support of segment A. The infiltrator of schools and Manegait is highly detrimental to our children, especially those with special needs being serviced at Manegait. We have shed literal tears over this proposition, and can't quite understand HOW anyone in good conscience could suggest this as a safe, innocuous choice. The politics and vitriol of McKinney council and one of its judges is vile, unconstitutional and self-serving. Those of us who chose to build AWAY from 380 were thinking years ahead, and those that built in Tucker Hill directly ON 380 want us to pay the price for their mistakes. Please consider the thoughtfulness that was utilized by the residences, schools and businesses in this area and make the right choice. If for nothing, please select segment A for our children.		Ventura	Amanda						
164	b47175a8-255e-4a7a-8191-3b21e885db98	3/23/2022 22:18	3/23/2022 22:18	Section B - This is far too close to the high school that's being built that our children will all go to. Seems very dangerous and that it will have a negative impact on the residents in the area, which should be the primary concern		Sefton	Ty						
165	3079ebf4-8c1e-4200-8e1e-841f2111a25f	3/23/2022 22:27	3/23/2022 22:27		Prosper residents deserve to be heard. My understanding is that prosper has said "no way" to this project several times. No matter how you map this, no prosper resident wants a highway in their backyard. Actually, no Texas resident wants a highway in their backyard. Would you? Keep 380 on 380! Putting a highway right next to my kids high school, park, and neighbor just down the street is not the Texan way. It will turn a close community into "which side if the highway" you live situation. Prosper residents moved to prosper for the small town feel and we want it kept that way!	Christensen							
166	8fe58e10-c202-4da4-8f8f-58dc19b0886c	3/23/2022 22:50	3/23/2022 22:50	I would like to express my extreme displeasure with this option. We are residents of the La Cima neighborhood of Stonebridge Ranch. Not only would this option be unsightly and greatly affect our beautiful nature views, it is \$100 million dollars more expensive! It will also destroy at least twelve businesses and two private residences. Please do not go with Option A!		Payne	Michelle						
167	eb09f62f-2fd5-4bf9-878f-2f0631955eb3	3/23/2022 22:53	3/23/2022 22:53	We would NOT support option B. Trx		T	R

169	80bf77f0-85b4-4243-8042-750f1b92d0ba	3/23/2022 23:06	3/23/2022 23:06	As a homeowner in La Cima Villages at Stonebridge and 380, I am heartily in favor of Option B. Option A will disfigure the beauty of our neighborhood and the very reason we chose to buy in La Cima. Our pond is beloved by all our La Cima neighbors and is a photo destination for brides, school portraits, family pics, and formal dances for all of McKinney. The wide promenades of Stonebridge Drive are a popular walking, biking, and running path for all of Stonebridge Ranch. An elevated highway at the end of it will greatly diminish the enjoyment of its beautiful landscaping and green spaces. We have a great concern about how the expansion will affect the wildlife of our La Cima undisturbed nature areas and pond. How much additional noise and dust will we endure with 3-4 years of major construction? How will an elevated highway right next door affect our home prices and ability to sell? The better Option B is far less costly and disruptive to existing neighborhoods and businesses.		Stuckmann	Joan						
170	b9725140-dbae-4405-812e-8a624dda8a3a	3/23/2022 23:12	3/23/2022 23:12	Hello, I would like to oppose segment A. I am a resident of Wren Creek which backs up to 380. Proposed segment A will greatly impact our neighborhood by increasing noise, pollution, as well as being very unsightly seeing the highway. It will also impact the lake the southwest corner of 380 and stonebridge. It also appears to be 100 million cheaper to go with segment B. Thank you! April Morris		Morris	April						
171	3e9c0a25-8c74-4d4a-8287-a34d8ae1a37b	3/23/2022 23:35	3/23/2022 23:35	We strongly oppose segment B and support segment A. Segment B literally puts the safety and well being of our children and people with disabilities at risk. Segment B cuts dangerously close to 3 schools as well as Main Gate. I personally have children at 2 of the schools that will be impacted negatively. Please leave 380 on 380 and not where it will jeopardize the health and well being of our most precious and defenseless members of our community!		Meche	Lauren						
172	ffc1cb24-07d4-4a17-8dde-c42c83813053	3/23/2022 23:38	3/23/2022 23:38	Need a parallel road to 380 from US -75 to I-35. Or make 380 a freeway without any signal.		Ch	A						
173	06842ca5-244f-496f-87d8-f52aa6a2606a	3/23/2022 23:39	3/23/2022 23:39		The alternative that I support for TxDOT's US 380 from Coit Road to FM 1827 Project is the Purple Alternative because this alternative will have the least amount of environmental impacts.	Hurst	Jackson						work_for_TxDOT_
174	ed2aad11-9675-4efd-834b-e99e42d265b9	3/23/2022 23:59	3/23/2022 23:59	To whom this concerns: I am a current prosper resident living next to the proposed route be option. I am strongly opposed of this option as I feel this is only a reason because certain individuals in the McKinney area do not want this in their own personal space and the city of Mckinney failed to properly plan. This plan makes absolutely no sense, it provides a risk to all the neighborhoods surrounding it with traffic, pollution, noise and increased crime due to access to these neighborhoods of which, were planned not to have main roads near it. Most importantly there is a therapeutic horse rehab center that will be directly affected if not eventually eliminated due to a Highway running right next to it. The fact that any committee would be interested in canceling this facility that helps veterans and disabled individuals better their life is beyond belief. The town of prosper should not have to suffer for the faults of a neighboring community. Jason Dopheide [REDACTED]		Dopheide	Jason						
175	571178a8-3f86-46d1-8d3d-e7cb9575d332	3/24/2022 0:10	3/24/2022 0:10	I am opposed to option B in this plan due to the noise, reduction in value of businesses and homes in that area and the fact that it will greatly impact schools in the area. Option A should be the only option considered.thank you.		LeGate	Kristin						work_for_TxDOT_
176	b4a098cf-7df1-4131-8110-a9e9e00530db	3/24/2022 0:26	3/24/2022 0:26	Please do not build option A as this disrupts homes and businesses and never mind how dangerous 8 lanes of 380 would be. This stretch is already incredibly dangerous more lanes won't help that issue whatsoever.	Please consider all of the homeowners and businesses in the option A area. Please build option B. I believe the safety of all drivers on 380 and especially those of us that live within a few hundred feet of this highway have a higher concern for our homes and safety as we travel this road multiple times daily. I fear for my children when they start driving in a few years if 380 were to be expanded to 8 lanes, that is not necessary and unsafe.	Correa	Wendy						
177	690d48dd-3a1c-453f-8e1c-7357d598d081	3/24/2022 0:28	3/24/2022 0:28	I chose option B, it's a better plan for several reasons. Ultimately Option A will negatively impact our quality of life and that of our neighborhoods in McKinney. Option B is what I'd like to see. I own 2 houses 1 in Stonebridge and another in Ridgecreek and they will both be affected by this decision.	chose option B, it's a better plan for several reasons. 179	95d811fd-e211-4491-8aaf-e72ea628132b	3/24/2022 0:36	3/24/2022 0:36	I think B is the best solution with a drop down on Coit.		L	R						
180	b44a5cf6-ef6e-4877-8f42-2cf7130acf01	3/24/2022 0:45	3/24/2022 0:45	I live near the area in question within the Stonebridge community. We have seen the area grow to beyond the capacities of the current east/west major roads. 380 in particular was very easy to travel on just 5 years ago however today that is no longer the case. This brings me to my main point of my contention for option A. In an effort to reduce the traffic problems on 380 it would be extremely short sighted to pick an option that would hamper traffic on 380 the most. Option A would disturb the traffic for the longest distance and time perspective. Option A disrupts a lot of local businesses as well. McKinney has worked hard over the past several years to attract business for the community and that would set that momentum back. Not to mention the future ability to attract businesses to an area they don't feel protect them. Option A may have been a better choice 10 years ago however time has moved us to Option B being the better of the 2 choices. Thank you		Kwolek	Greg						
181	81988ffb-a48f-464d-8ca4-26a183299404	3/24/2022 0:55	3/24/2022 0:55	I oppose Option B above, and support Option A. One of my primary concerns is regarding Main Gate Therapeutic Horsemanship, and the close proximity of Option B to this wonderful location. I have a son with disabilities, and while he currently does not attend Main Gate, I am hopeful he will be able to attend in the future. This organization is a wonderful resource for children and adults with disabilities. Option B would run entirely too close to Main Gate. It is incredibly important to have a calm and serene atmosphere for many individuals with disabilities (my son being one such individual). A massive bypass coming so close to this location would cause noise pollution and disturb the experiences of those who attend. Individuals with disabilities often have to fight for so much in their lives, and there are very few places that are created primarily for their benefit. Option B would have a catastrophic effect on the experiences of those at Main Gate - individuals who deserve support.		Bourne	A

183	1e2f30df-35c7-494c-89fa-838a0974bd4	3/24/2022 1:02	3/24/2022 1:02	I am opposed to option B. It runs directly through a neighborhood in a developing section of the Town of Prosper and in very close proximity to Whitley Place Subdivision. This option will cause significant environmental impacts on the human and natural environment of this area. It will also be too close to 2 new schools that are built and will cause road safety concerns with the increased traffic.		Riddell	Becky						
184	19504020-0d13-4b40-8cbd-92a8ea0c4e3f	3/24/2022 1:08	3/24/2022 1:08		I believe e option B is best to reduce impact to the McKinney community including homeowners and businesses that would be negatively impacted.	Lenderman	Marguerite						
185	6e5e49f2-59ad-466c-8f68-33676f4e18af	3/24/2022 1:20	3/24/2022 1:20	I don't think plan A is a good plan for the are around.		Nurhan	Laziza						
186	9a1261d2-b4ce-4dbe-8aad-344973cb4c16	3/24/2022 1:23	3/24/2022 1:23		We prefer the purple option since we live in New Hope. The road will be far enough away to hopefully not affect our community.	Neal	J						
187	3c90f803-53af-471d-8ddd-80cda8127c7e	3/24/2022 1:33	3/24/2022 1:33		My family and I currently live in Stonebridge Ranch in a neighborhood that backs up directly to HWY 380 just East of the proposed eight lane highway proposed in option A. We are one of MANY neighborhoods in this area that are full of young families as well as families with MANY student drivers. Our household alone has 4 student drivers, and in order for them to reach their schools, the only passage is traveling 380 to school. And this would put the hundreds of young drivers facing a undoubtedly more dangerous drive to school quite early in the morning. I have NO desire for my children to be faced with an eight lane highway before 7 am. Our children's safety is of utmost importance and with 380 being their only thoroughfare to arrive to their school, we don't want to increase their risk ten fold with years of construction and dangerous driving situations. The safety of our hundreds of young drivers are at stake. FOR THE SAFETY OF OUR HIGHSCHOOL DRIVERS, PLEASE CHOOSE OPTION B!	Weaver	S.						
188	3da70f25-3b9b-4394-8a98-7ad959462810	3/24/2022 1:39	3/24/2022 1:39		Option A will greatly impact the Stonebridge Ranch community, Ridgecrest and other neighborhoods around that area. It will impact the sightlines from Stonebridge and the pond, and will drastically alter the sightline of beautiful Stonebridge Drive. This option takes out 12 businesses and two homes and costs \$100 million dollars more than Option B. So I am opposing Option A and I am in favor of Option B.	Payne	Tracy						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment). 189	c51e94e9-9e4e-4dea-8ede-66f46b78182d	3/24/2022 1:45	3/24/2022 1:45		Our family home backs up to 380 and we face the relatively tolerable noise pollution we experience right now. I, personally, live 3 roads in from 380 and can already hear the hum of traffic at any point we step onto our back patio. I can't imagine what the families who live closer are hearing and WILL be forced to live with as the multi-year construction project begins. Polluting our views of beautiful McKinney with an 8 lane hwy, and creating an unsafe driving environment for the hundreds of student drivers who must get on 380 to go to school every single morning- option A is a danger to our drivers and to the families who you'll ask to learn to live with a view of a highway in their beautiful backyard. By choosing option B, it appears that less neighborhood centric sections of 380 are impacted in that option. Option B doesn't not seem to have the power to disrupt the precious family Lives we've been working so hard to foster in our connected and family centric neighborhood.	Weaver	Jeremy						
190	24d2c30c-7859-4996-83db-ba5e1e3c4e2b	3/24/2022 1:54	3/24/2022 1:54	Thanks for acting to reduce traffic on 380.		N	R						
191	d1364a7e-3269-41ee-8138-582076b4129f	3/24/2022 2:47	3/24/2022 2:47	Continuing the expansion/re-routed road with option B over A would make the new route shorter for trucks and reduce the truck traffic on 380 through the residential areas along 380. I live in Auburn Hills which has its entrance on 380 and the risk for accidents could be reduced with less traffic - trucks and cars, with the proposed improvements.		Mollenkopf	Sharon						
192	66f13ca9-7d94-4618-861c-fca3e070e0e4	3/24/2022 3:12	3/24/2022 3:12	The route impacting Stonebridge Ranch is not desirable, this area was developed with 380 as it currently exists and I have to believe far more persons are impacted from the noise and traffic standpoint than in the other alignment. Secondly I do not understand why the option that is \$100M dollars (real money that could be utilized by TXDOT elsewhere) is being considered, especially when far fewer residents will be affected. Please choose the alignment that heads north west of Custer Road.		Seyb	Jacob						
193	87d82a7f-66e9-4191-8fe5-32ed2c40ad81	3/24/2022 3:26	3/24/2022 3:26	My family and I just moved to La Cima Manor in Stonebridge Ranch and chose this home because of the beauty of the lake, trees, and nature. We strongly oppose option A, as this will ruin the peaceful place we call home. Our family and many other Stonebridge Ranch residents are in favor of Option B. Option B will run through Prosper and not disturb nature in the way it will here, as they do not have the beautiful trees and lakes that we do in Stonebridge Ranch. We pay a premium to live here and want to keep it this way. If we didn't want trees and lakes, we would've moved to the less expensive, flat lands of Prosper. Option A will take out 12 businesses, 2 homes, and costs \$100 million in tax payer dollars more than Option B. Please strongly consider Option B for this expansion. Thank you.		R	K						
194	f40e7e13-b460-4757-8b4e-b52460f5aa9f	3/24/2022 3:43	3/24/2022 3:43	Option A here for elevated structures between Custer and Stonebridge Drive are unacceptable.		M	KM						
195	a65af61a-324c-4284-8ff9-9b025527b5f6	3/24/2022 4:02	3/24/2022 4:02	Prefer option B	Prefer option B	Vankadari	Naga Sumanth						
196	df84e6f6-a2fc-494a-851f-237e23a84758	3/24/2022 5:12	3/24/2022 5:12		Prosper is locked in on all sides so that ANY and ALL land sucked up for this road change will do irreparable harm to Prosper and its residents. All the other surrounding cities and towns have expandable city limits while Prosper does not and can not shift its neighborhoods and businesses. They would be forever lost if Plan B is selected. Keep Hwy 380 ON 380- or run it through McKinney or Frisco. Keep your hands off the very limited acres in Prosper!!!	Turner	J.						
197	d1b53cc6-ed7a-4350-84cc-abe07ee5c655	3/24/2022 11:18	3/24/2022 11:18	Please choose option B.		M	J						
198	4bbdd8c2-f5d7-4815-8028-f2bc1a5c7e1f	3/24/2022 11:37	3/24/2022 11:37	Segment B Prosper has passed 6 resolutions AGAINST any expansion that does not align with current 380 routing through town limits. Selecting B would not allow Prosper to define its future, chart develop direction and define how its land will be utilized. Prosper has planned for 380 widening within town limits. The lack of zoning and foresight by McKinney should not be corrected by going against Prosper town planning. B would impose significant, negative impact to existing and future developments planned by Prosper. Over 360 homes and thousands of residents would be directly impacted. The increase in ground level ozone impacting ManeGait and Founders Academy would conflict with NCTCOG Air Quality guidelines. B is in close proximity to existing and future schools and would impact thousands of students negatively. B would have numerous adverse effects on Prosper: increased traffic, increased noise, air pollution, decreased safety and significantly decreased property values.		HANSEN	Craig

199	4008ce61-87ee-4d4b-8855-095f8b21b4c9	3/24/2022 12:05	3/24/2022 12:05	<p>Writing in opposition to Segment B.</p> <p>Choosing Segment B will have an extremely negative impact on Prosper. The route will effect over 360 future homes and severely reduce the tax base revenues from the SE corner of Prosper.</p> <p>Unilaterally choosing to ignore the 6 resolutions passed by the Prosper Town Council against Segment B violates the ability of Prosper to define future growth, developmental opportunities and revenue sources to fund needs of the Town.</p> <p>Your presentation states that you interviewed other facilities similar to ManeGait and highways are not a problem. The owner of ManeGait has publicly stated that Segment B will cause harm to his therapeutic work, and he does not concur with your assessment.</p> <p>Slide 17 states that you have worked with Prosper to minimize impacts for development along Segment A. Segment A is in McKinney, so perhaps that is a typo and you meant B. Prosper has stated 360 + homes will be impacted, so it does not appear that the impact is minimized.</p>		Hansen	V						
200	2390b9c8-b47b-402c-83de-ac6f462a3782	3/24/2022 12:25	3/24/2022 12:25	<p>Of course option B. Developing less- developed land right now will lead to less disruption over the next decade for current tax payers. Whereas I understand the need to manage congestion, we have to strive to keep these suburbs calm, and avoid developing the area to match major metro areas. Option A will absolutely further concrete over our suburb and ruin the beautiful Stonebridge road, not to mention impact those communities nearest to the intersection.</p>		Zucker	Harrison						L_am_a_business_owner_
201	e76ee82a-272a-4a22-8e38-2679e4a695aa	3/24/2022 13:06	3/24/2022 13:06		<p>Green option should still be considered even though the cost is high... the long term cost to Mckinney and Prosper with a new freeway going through their towns may be more. have you considered that...where are those numbers? keep 380 on 380. no more build around nature's highway. Wilson creek, cause you're already doing that with crossings of Stonebridge, Ridge and Custer. Build out outer loop as planned and the other 6 lane roads east/west roads as planned, Wilmeth and Bloomdale.</p>	Walker	Dawn						
202	337b295f-7a12-4615-8349-f0c156154383	3/24/2022 13:22	3/24/2022 13:22	<p>Do not choose option B running the route Thru Prosper. Either option A or widen the current route or build a similar plan as Austin's elevated road system.</p>		Herring	George						
203	effff6cd-758f-4b47-825b-1a3756ec8733	3/24/2022 13:48	3/24/2022 13:48	<p>Please do not do route A. The traffic in this area is already heavy due to all of the businesses on 380. It makes way more sense to use the proposed route B and have the bypass further away from the already heavily trafficked area. Thank you.</p>		H	K						
204	3009da7a-d49f-4642-82f3-4fec88fb72dd	3/24/2022 14:03	3/24/2022 14:03	<p>this is the preferred route</p>		richardson	steven						
205	1be1d8fe-b7af-4a6a-82ee-54064c7d96f9	3/24/2022 14:26	3/24/2022 14:26	<p>I've lived here since 2004 and never would I have thought a highway or bypass would be in my back yard. This disruption of first, all the construction involved, will disrupt the schools, neighborhoods, local charity organizations and this area as a whole. It's sad and disturbing. Building this AFTER the fact makes no since. Figure out a better way.</p>		Strickland	Tracy						
206	a0b65cbe-1605-4aca-89ce-62be561d2b53	3/24/2022 14:34	3/24/2022 14:34	<p>I oppose option B. I deliberately choose my home 11 years ago AWAY from 380. I do NOT WANT 380 coming to me. The increased noise and pollution will be a risk to the wonderful charitable Main Gate and a health hazard to the children attending Founders Academy. It will devalue homes in upscale Whitley Place and rob small Prosper of valuable residential and commercial property. Prosper has repeatedly opposed this option being inappropriately pushed by Tucker Hill resident and politician.</p>		Bodine	Paula						
207	d959a663-7986-47a9-8996-e47241bdf343	3/24/2022 14:41	3/24/2022 14:41	<p>A personal reason to choose Option B. We live at stonebridge right by 380 and we can't imagine the noise and pollution coming from the construction of the freeway. At this point, moving away is not an option, since housing is very expensive and we have been here since 2013. At the end of the day, cost consideration is still vital for TXDOT, considering how tax dollar is spent and justified. Therefore we will opt for Option B, despite the vehement protests by the Prosper community (minus Tucker hill folks). At the end of the day 50% will vote for Option A, 50% will vote for Option B. There will be opposing views no matter what, as human beings think about themselves first before others. There are nice to haves in a community, such as Maine Gait. My daughter goes to Founders Classical Prosper and we know the Bypass will be close to her school. But FCA is built there knowing that there is a risk of a bypass and we chose to have her in school there. It would be difficult to relocate for us</p>		MULYANA	MIRANDA						
208	4f206ca7-fadb-46f5-839f-f74cb5ec70b9	3/24/2022 15:09	3/24/2022 15:09	<p>I am greatly opposed to Option A on the proposed 380 expansion and in favor of Option B to better alleviate traffic on the curent 380 roadway.</p>		F	Jeremy						
209	a189e3e9-aa9e-4a1e-853a-eeab84dd35c4	3/24/2022 15:27	3/24/2022 15:27	<p>Option B would compromise the safety of walking students and new, young drivers in the new high school on 1st street, affecting more than 4000 children as well as all staff. First street already is home to a high number of accidents regarding young drivers. Additionally, seniors in the new 55 plus community on Custer would be affected by both traffic and noise, especially those who depend on walkability. This is an extremely sensitive population. Option B would bring noise that would compromise the safety of children with Autism riding horses at mane gate, as freeway noise affects both the temperament of children with autism and is a set up for spooking horses with accidents and honking. Finally, numerous studies indicate schools in close proximity to freeways produce children with lower test scores, as constant noise interferes with learning and concentration. Please consider the needs of the thousands of teenagers, special needs population, and aging adults and elongate option B.</p>		Contreras	Kristi

Finally, numerous studies indicate schools in close proximity to freeways produce children with lower test scores, as constant noise interferes with learning and concentration. Please consider the needs of the thousands of teenagers, special needs population, and aging adults and elongate option B.	The town of Prosper has had the foresight to preserve the space needed for the 380 expansion, knowing that a growing area along a state highway would eventually require a wider roadway. This is part of why we moved to the town. McKinney's lack of foresight and preparation has led to the need for a bypass since they are not wanting to widen along the existing 380 alignment, which is the obvious solution. Since a bypass has become a possibility, McKinney has hastened development along the proposed bypass that they did not prefer in an effort to make the one that goes through Prosper the one that appears to displace less existing homes and businesses. This tactic should be acknowledged and recognized for what it is, then the option B that negatively impacts Prosper residents should be discarded as a reasonable alternative. This would be punishing those who thought ahead and rewarding those who try to game the system.	Contreras	Anthony						
216	27a6140a-ecaf-42f7-87bc-c6593153d474	3/24/2022 16:19	3/24/2022 16:19	- Section B of the proposed route poses a significant, negative impact to existing & future residential & commercial developments planned within the Prosper. 217	63d118c5-f730-4a6c-836e-3d4beea28df3	3/24/2022 16:33	3/24/2022 16:33	I'm speaking out against The B option. I purchased in Whitley Place 11 years ago because of the quiet community. People who bought in places like Tucker Hill purchased close to the busy 380 knowing that the road would likely expand. In addition I'm very concerned about the proximity of option B to the new high school, the private school and manegait. We have young, inexperienced drivers all over this area and it will not mix well with the added traffic. The noise is also an issue for these locations. I read a study that kids test scores suffer in noisy areas. Please find a different option that won't affect these facilities. Thank you.		Gurksnis	Kristen						
218	79eff69c-108d-4fb2-8111-cb707ae9d976	3/24/2022 16:43	3/24/2022 16:43	If we have to pick between two evils going through the flood plain (D) is the more practical route. This land cannot be used for any future development's other than a road. Unclear why it needs to be eight lanes when the roads it's feeding off of are not.	The draw to McKinney is the country and slowly but surely, we are eliminating it. The virus has changed our need to go to the office on a daily basis and will continue to do so. More and more people are moving here...Is that a good thing? Not in my opinion. Everything has more than doubled in price. The housing market is out of control.	Miles	Susie						
219	99ed9bed-050d-412a-81d2-a845f4e45930	3/24/2022 16:45	3/24/2022 16:45	Routes identified as B, E, and C make the most sense from a drivers perspective and ease of transition. The starting point at B is also least detrimental to existing neighborhoods and developments.		Mazzolini	Mark

224	00cd77b7-97cc-408a-8c00-04b7d673d8dd	3/24/2022 17:54	3/24/2022 17:54	From someone who spent ten years in surveying and working with TxDot and other similar companies outside of Texas, and just being reasonable. The best move would come be to the D+ line that connects to airport (which is the most overused road EVERY day that is entirely too small for the boom coming). Which would be D+ > E > B. You could consider A for the development of the area rather than cutting through more land/properties. But the main focus for people who live in the area of Princeton/new hope and parts of McKinney would be the streamline process to get from 380 to 121/75 asap. Most people travel south OR west for work. So though the loop on the outskirts would be used.. the majority of the traffic would be elsewhere. Keep it simple, use the flood-zone like TxDot mentioned. It requires a different approach but it does make the most sense for the McKinney front. I know this is just a formality and its unlikely to be read, but I feel all voices should be heard. Thank you		miles	taylor						
225	d4265846-21a5-4464-8f81-1e13a9e83d9f	3/24/2022 18:42	3/24/2022 18:42		I would like to strongly advocate for construction on this project to be chosen for Option/Segment B & Custer Road. The other design and plans (Segment A and Tucker Hill & SBR) are too invasive to the surrounding SBR neighborhood communities and also will take out local businesses and homes, as well as impacting the natural landscape and beauty of the area. Please continue forth with the Segment B construction. We will continue to voice our concerns and reach out to all appropriate representatives to reiterate our proposal.								
226	3e117578-0aa1-4617-86f0-c6244e3c38c4	3/24/2022 19:08	3/24/2022 19:08	As a homeowner in Stonebridge Ranch, I oppose Option A. Stonebridge has been in the area longer than any of the properties that would be affected in Prosper. This option also doesn't alleviate the traffic at Custer, where most of the eastbound traffic hassles occur. Also, it is 100 million dollars less than Option B.		Sheppard	Carrie						
227	6c7cd09c-55c9-43a6-84ed-51fae4068e9ea	3/24/2022 19:27	3/24/2022 19:27		As a residence of WILLOW WOOD community near the bypass D and especially C. I do not support the 75/380 bypass route such to residential areas. This will bring significant amount of exposure, noise and very concerning for all the kids attending school in our neighborhood. Their safety commuting to school and after school. We are worried too about the high rate of kidnapping and how easy you will be making it by having a major highway by these home. Very unacceptable, please reconsider routes very distant from willow wood residential homes. Thanks.								
228	1474ca43-5c04-42e9-89af-db5d40ab8f7b	3/24/2022 19:41	3/24/2022 19:41	I live on Rockledge Dr. Just 2 blocks south of 380 in Stonebridge and feel option B makes the most sense not only financial but appears to have the least impact to residents in the area. Please strongly consider option B. Thanks.		Tucker	Clint						
229	77482b66-5d71-4dda-8a3a-2900010e5fec	3/24/2022 20:33	3/24/2022 20:33	I oppose option B. My wife and I chose our home 11 years ago AWAY from 380. We do NOT WANT 380 coming to me. The increased noise and pollution will be a risk to the wonderful charitable Main Gate and a health hazard to the children attending Founders Academy and Cockrell Elementary. It will devalue homes in Whitley Place and rob small Prosper of valuable residential and commercial property. Prosper has repeatedly opposed this option being inappropriately pushed by Tucker Hill resident and politician. Mckinney's poor planning on 380 should not be pushed off on small Prosper.	Keep 380 on 380.	Wysor	GM

237	07c53e38-8c8c-4015-8618-6ec728618d8c	3/25/2022 0:17	3/25/2022 0:17	I noticed at the public event, the intersection between Stonebridge and 380 is going to be an elevated bridge. My concern with this is the noise and air pollution will drastically increase for residents around the area ie the neighborhoods of LaCima, Wren Creek, and Kingston Ranch. This will also disturb the wildlife and water flow as a small wetland is located at the pond at LaCima. The neighborhoods around this area already experience a bit of noise from the current 380, and this would only make it worse. On top of this, the bridges at both Custer and 380 will be visible from LaCima surround the entire North Side of the property. If you go for Option A I would like to see the alignment go below grade after, or even before Custer, and build a ground level bridge across Stonebridge, and like you have already done twice in this project by Tucker Hill, build a pipe to connect the water flow of Lacima pond to the creek North of 380.	I prefer option B, as it disturbs less businesses and residents. It also makes sure the McKinney corridor of 380 is connected with each other, because there is ton of retail and shopping. And in general, the costs for TxDot are far less with Option B than A.	Stuckmann	Peter						
238	0450d8cf-df42-46a0-8849-cd8e0d41471d	3/25/2022 0:38	3/25/2022 0:38	I am opposed to segment A due to it's high cost and the disruption it causes to the Stonebridge Ranch and Tucker Hill neighborhood in McKinney. Segment B is the more sensible solution.		Ter Haar	Ferdinand						
239	4a30e630-58b9-44b4-898c-699667275bcc	3/25/2022 0:41	3/25/2022 0:41	The 380 alignment should follow the existing path as much as possible and my preference is the Purple or Blue alignment alternatives. I moved to Prosper in 2011 and live in Whitley Place, which is just south of Prosper Trail off Custer Road. Our children have grown up in this neighborhood and attended the Prosper ISD neighborhood school. In Prosper near the proposed "B" alignment exists the newly built Founders Academy, as many as 360 future homes already under development, and the MaineGait Therapeutic Center. Segment B of the proposed Gold/Brown alignment poses significant and negative impact in terms of ground level ozone impacting air quality. Prosper has passed six resolutions opposing any alignments not along existing paths in Proper. Prosper is a small community and the impact would be much greater than in a larger town like McKinney. Please follow the existing 380 path as much as possible to minimize impact when planning for this project. Thank you.		Bobbitt	Jeffrey						
240	03ac519e-a544-4c2a-888b-530ac956a4d4	3/25/2022 1:25	3/25/2022 1:25	This is our home and any option that includes segment A (brown or gold options) will cause noise pollution. We chose this location for our home because of the natural setting and quiet and isolated nature of the property. We are right next to a green belt that is inhabited by a rich population of wild animals. The proximity of option A would also decrease our property value. We prefer any option with segment B.		Crook	K						
241	b998fc47-f5fd-4acd-8ee4-b942c8194ef1	3/25/2022 1:32	3/25/2022 1:32	Hi, we would like to express our concern for option A. This option would negatively affect our neighborhood immensely! One of the best parts of our neighborhood is the lake at the north end. Adding what you're proposing right there would impact the view, the noise, the peaceful atmosphere and the quaintness of our community. We are already having to adjust to a new set of retail and apartments going in up there. PLEASE do not ruin the best part of our neighborhood!! Option B off Custer is already more industrial than Stonebridge, it makes more sense to have it there. Thank you for your time and consideration.		C	C						
242	2492e248-8a7a-43d6-8158-addfd48b463f	3/25/2022 1:57	3/25/2022 1:57		Thank you for the effort to assess this problem and for publicly sharing with the community. My greatest areas of concern are Section A and B. I am a resident of Stonebridge Ranch, and I am much more familiar with those areas. I strongly support the approval of Section B or the Brown or Gold Alternative. Though it was noted that Stonebridge and Tucker Hill would not be affected, I feel that is inaccurate. They may be unaffected by land but property values will suffer. In addition, according to your assessments, Section B would cost considerably less, reduce overall commute time, avoid the displacement of 17 local businesses (which have suffered the most during the pandemic) and prevent the need to relocate 7 Hazardous Waste sites. I understand the decision is difficult, but I strongly support building 380 through Section B. Thank you.	Hernandez	Sara

243	1858533d-c2a6-4ee7-894b-de41748be250	3/25/2022 2:18	3/25/2022 2:18	The section of Segment A between Stonebridge Drive and Custer include over passes that, according to the schematics, will rise at least 25 feet at both intersections and the roadway will be raised between those intersections. The roadway is then planned to go below grade past Tucker Hill until it veers north. The raised section of the roadway between Custer and Stonebridge is not acceptable for a number of reasons. The new raised roadway will surround the new approved planned development of West Grove on three sides, as well as, negatively impact the existing La Cima subdivision including park with pond, green belt with multiple ponds and wetlands, Wilmeth elementary school, and the Stonebridge Drive section of the Crepe Myrtle trail. The noise levels will increase significantly with the raised roadway with no effective way to incorporate sound barriers. This would ruin the enjoyment of the La Cima park/pond and the West Grove outdoor venue just feet away from the raised roadway.	The segment A alternative should not be recommended for the following reasons: - Segment A displaces a total of 17 businesses, Segment B displaces zero - Segment A cost to relocate utilities is \$61M, Segment B cost is \$25M - Segment A total cost to acquire ROW is \$178M, Segment B cost is \$137M - Segment A total cost of design/construction is \$450M, Segment B is \$428M - Segment A total cost is about \$100M higher than Segment B - Segment A impacts more acres of wetlands, rivers/streams, and forests/prairies than Segment B - Segment A impacts 14.9 acres of Statewide Important Farmland, Segment B only 2 acres Above are only some of the statistics from TxDOT's Segment Analysis Matrix that clearly indicates that Segment B is the less expensive and least disruptive alternative. Segment A's increase in noise would have a severe negative impact on the established La Cima, Wren Creek, Tucker Hill, and Ridgecrest neighborhoods. Segment B does not come as close to any existing neighborhoods.	Stuckmann	Rick							
244	c2895bcc-10bb-49ca-86ce-82290f7699b2	3/25/2022 2:18	3/25/2022 2:18	I am opposed to the blue and brown suggested routes, as well as the orange 399 Spur alternative, as all of these would displace my family from our home on County Road 332. Thank you for your consideration of my concerns,		Yoos	Amber							
245	f9616c9d-abb1-4089-84b7-69901c04fc33	3/25/2022 2:31	3/25/2022 2:31	I'd like to comment that option B would make the most sense for the most people. This being a fiduciary based decision I strongly urge to do the more cost conscious option. It accomplishes the same goal for less money and affects less businesses.		Crocker	Jonathan							
246	36ef78b1-7a60-42ac-8d2f-1773feaa95c4	3/25/2022 2:46	3/25/2022 2:46	It is unbelievable that you would even consider any of these bypass options. 380 needs to stay where it is. If you can't figure out how to work that out then leave it where it is and make the outer loop really big. You can't just go tear up neighborhoods and ruin the town of prosper just because you didn't plan ahead. It's absurd to veer off the main highway and tear up a whole town. I'm not sure who decided this might be an option but I have never seen anything like this. We are new here to prosper. We fortunately don't live in the pathway but it is just wrong.		Nichols	James							
247	5fd2f5a1-003d-45a6-8665-169473852a15	3/25/2022 3:46	3/25/2022 3:46	Option B is most economical and less disruptive!! The area around option A is more populated and has been established longer! Not to mention it's the much less expensive option!! Please choose B that goes west of Custer road.		Seyb	Katherine							
248	52a9e8e1-e81e-4ce6-850d-b74f5749982e	3/25/2022 4:16	3/25/2022 4:16	Option A will greatly drastically impact sightlines from Stonebridge Rd and surrounding homes and pond. Stonebridge Ranch is over 30 years old with approximately 9,500 homeowners. The HOA is one of the largest (if not THE largest) HOA's in Texas. This option takes out 12 businesses and two homes and costs \$100 million dollars more than Option B. Option B is less impactful to the well established Stonebridge Ranch community & HOA. Not to mention, the West Grove Project is approved for SE Corner of Custer & 380 in McKinney. Option A will drastically impact the success of the project & will keep the new local businesses from thriving. Option B is a better plan overall. Lower cost, less impact to existing residents & established businesses. More open land area to deal with the construction. AND, is less impactful to the existing traffic on 380.		Petrik	Amber

These traffic patterns coming through Prosper will greatly disrupt our quality of life. Our community feel. Our children going to Cockrell and to the new High School being built. Also I have concern and empathy for Maingate which is a non for profit that helps many adults and children with disabilities along Custer road.		hill	Anne						
273	60cd1ff7-4692-4745-815a-2f9b93c4e465	3/25/2022 15:47	3/25/2022 15:47	Please do not divide our small town with the "B" route.		Jeffus	Bob and Caroly						
274	57f1f4d6-023d-4508-8612-13784cb6a167	3/25/2022 15:47	3/25/2022 15:47	Prosper does not support Route B. This route cuts Prosper in half. We are a small town of 9miles x 3 miles, go around. This is a terrible route, with major business on the route that will be forced to move out of town. Also routing 380 back to the main road through Denton County is a big problem too. Build an outer loop around Aubrey and Prosper.		Faircloth	James						
275	9140f1fb-cd54-46ae-898f-6f4a895792f8	3/25/2022 15:51	3/25/2022 15:51	There is no reason that one city that has planned and made decisions for long term growth (Prosper) should be forever crippled because of the decisions and lack of planning of another city (McKinney). To do anything other than add a bypass (or better yet keep it on 380) within McKinney city limits to account for their failure is ludicrous. Prosper is very small geographically speaking city and to take a chunk out of it (that has been slotted for growth already) because a huge neighboring city decided not to pace itself and look at the future is completely unacceptable.		G	Erin						
276	22438087-8eea-4717-8048-e9438bb42e4d	3/25/2022 15:59	3/25/2022 15:59	-The increased traffic next to ManeGait Therapeutic Horsemanship's facility would have a detrimental effect on this special non-profit facility -Option B would displace an age-restricted community under construction (Ladera), current recommended Option A does not adversely affect this protected class -Any option that bisects Prosper would be in immediate proximity to Founders Academy as well as new drivers attending Prosper's Walnut Grove High School (currently under construction) -Option B is in direct conflict with the Air-Quality Guidelines per the North Central Texas Council of Governments (NCTCOG)	Any option that goes through Prosper would have an increasingly negative impact on the environment, more so than the current recommended Option A	Shaunessy	Ellen						
277	9094c25c-4f78-4cbb-8ee8-c2667caebc7a	3/25/2022 16:01	3/25/2022 16:01	I oppose the 380 bypass through Prosper specific to sections A, B and E.		Colvin	Michael						
278	8390597e-9b9a-4e68-833a-1e1627a81b5e	3/25/2022 16:05	3/25/2022 16:05	I oppose Segment B as it will adversely affect substantial residential neighborhoods and, as a person knowledgeable about horses and the wonderful things that Mane Gait provides, will destroy that essential institution and entity. The NTTA's "report" that it would not affect the horses is laughable.		S	S						
279	37e1f16f-56d8-46b4-88af-bf145658b8d4	3/25/2022 16:05	3/25/2022 16:05	This route would have a devastating effect on Prosper. If this route was deemed necessary the state is 15-20 years too late in trying to acquire the land. We shouldn't pay for the fact that the state is just now deciding to move forward.	I'm opposed to any expansion other than along the existing corridor of 380	Roland	Chris						
280	4ca2ef08-5ad0-413d-8a7e-31318a79b467	3/25/2022 16:05	3/25/2022 16:05	Segment B in Prospect will have a significant negative impact to the surrounding area. Any slight positives in flow if traffic will be dramatically outweighed by negative impact to neighborhoods, school, families, etc. Please consider my feedback and do no bypass B in Prosper.		Waldron	Cole						
281	27a95000-8de2-4843-8ff4-b06b3bfa1053	3/25/2022 16:11	3/25/2022 16:11	Strongly oppose option B. Keep the 380 bypass in McKinney.		B	J

The bypass is needed, but I don't understand why it doesn't connect with the Dallas North Tollway instead of going through Prosper.	Mabrey	Charles						
283	127eed6b-0cda-4b69-81b9-2c65fe0df1d4	3/25/2022 16:14	3/25/2022 16:14	Prosper already has DNT running done the middle and more highways will discourage future development and growth!		Bowers	Christopher						
284	6834a18c-bd7d-4952-8e16-b194067b8ecc	3/25/2022 16:14	3/25/2022 16:14	This planned bypass will run right by the entrance to my neighborhood and greatly negatively impact our environment. I do not want this bypass in Prosper.		Nowak	Garrett						
285	5ae81f0b-4f9e-40eb-869d-4e4725844eb9	3/25/2022 16:20	3/25/2022 16:20	I am not in favor of alignment B. While it may not impact MainGate by TXDOT's definition, it certainly will negatively impact it. Many of our disabled youth utilize this facility every day and I would hate to see it ruined by this overpass when nothing of the sort would be impacted by route A.		Bradley	Greg						
286	ef6767aa-25e4-454c-81c7-17b67138a28a	3/25/2022 16:21	3/25/2022 16:21	This property has been in my family since 1955. My daughter rents the 1940's farmhouse out as a vacation rental on VRBO. The theme is get back to nature with no Wi-Fi. In addition we run cattle on the property along with most of our neighbors. It is home to a lot of wildlife...Hawks, vulture's, coyote, bobcat, deer, ducks and road runners to name a few. Most of the residences are business too. Spur 399 D with D seems the logical choice since the majority of people work south or west.		McDowell	Martha						
287	4d6d6a58-3eb5-40c7-80c0-eba624d53d75	3/25/2022 16:22	3/25/2022 16:22	I oppose any changes along segment B. This will disrupt the city of Prosper. Other cities like McKinney have passed on this because it is a bad idea. It is our wish that this project move back to McKinney.		Parker	Mashawn						
288	55d8385d-f57a-4873-8726-cc4fbd4b59f	3/25/2022 16:23	3/25/2022 16:23		Option B is ridiculous as it divides a small community. A community that has planned their developments and this comes in and destroys it all. I feel that since Prosper is smaller it will be chosen as McKinney will pull more weight. I feel that the expansion should be along the existing 380 route. There is still a lot of open land. Homeowners who have moved to Prosper for the small town that it is are being disregarded. Keep it on 380.	C	C						
289	d7811710-a9b5-480c-84d1-fe3e51df710a	3/25/2022 16:29	3/25/2022 16:29	I oppose the route B through Prosper. We have been over this time and again for several years now. Destroying homes, schools and Main Gait are not acceptable. Finish the outer loop instead.		Jung	Jeannie						
290	82a28555-7e7c-442c-80d3-5478fc569c85	3/25/2022 16:36	3/25/2022 16:36	I reside in Prosper and close to the bypass option B. Though option B doesn't affect me directly, I do not understand why, in 2019, TXDOT selected a bypass option (option A) and published their findings only to change their mind when opposed by a group of wealthy homeowners. Prosper has developed businesses and subdivisions with the understanding that 380 would be widened and allowed for the necessary frontage. McKinney didn't. It's as simple as that. In fact, McKinney encouraged development along 380 in such a way that it could not be expanded. Prosper residents should NOT suffer the consequences of poor planning and development from a neighboring town. If McKinney doesn't want 380 expanded in its existing footprint, then they should bear the brunt of the bypass. Please DO NOT use bypass option B.		Walker	Carla						
291	1b14a34e-39fc-4c4a-85f4-6a1297f2f3b2	3/25/2022 16:39	3/25/2022 16:39		I oppose the proposed Plan B having the Highway going through the town of Prosper. This would be detrimental to the economic value to property values and hurts existing homeowners and businesses. Please consider alternative options where less populated areas are affected. Thank you. Ochirkhuu Dorjsuren.	Dorjsuren	Ochirkhuu						
292	d7b7671f-a617-45f8-8ec7-0ede5934f1c3	3/25/2022 16:46	3/25/2022 16:46	I am opposed to the addition of Section B to the 380 corridor because it poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more; it is also in close proximity to existing and future schools including high schools impacting thousands of students. I am in favor of continuing to work along the existing 380 corridor.		Crawford	Casey

319	9c411a3f-37d3-4f7c-8c5d-2f47da8aa8c	3/25/2022 19:20	3/25/2022 19:20		As a resident of the Town of Prosper, I oppose the Segment B realignment of Hwy 380. Our town has done the preparation to be able to expand the highway along its original corridor and should not be negatively impacted by an unnecessary alignment route. Segment A seems to be a viable option that does not impact the Town of Prosper, which has already done its due diligence in planning and preparation for growth. The negative impacts of a bypass that cuts through the town include environmental, social, and fiscal impacts which have all been expressed diligently and repeatedly by residents and Town of Prosper officials.	Schultz	Courtney						
320	b091c460-749e-43a1-8aed-7acbf0a2a157	3/25/2022 19:22	3/25/2022 19:22	Choice B seems the most viable over A. It is not as close to neighborhoods as A, and it will not displace a lot of buildings off 380 from Ridge to Custer. I would support choice B.	I support choice B.	P	Kimberly						
321	34f36d03-6768-45ba-8640-d5f272c97a67	3/25/2022 19:28	3/25/2022 19:28	This project will disturb the quiet of our neighborhood. Sound barriers will not help. On cold mornings I can hear 380 and it is several miles away. It will now be behind our neighborhood and the noise will be constant.		Berendt	Eric						
322	d2f97dae-2366-464c-883c-ac13fb48ee40	3/25/2022 19:35	3/25/2022 19:35	We oppose option B as it negatively affect 2 high schools and the environment impact on housing developments existing and being constructed. This alignment bisects Prosper in a way that doesn't make sense as our thoroughfare plan has the alignment for 380 to expand on 380 through Prosper.	We oppose option B as it negatively affect 2 high schools and the environment impact on housing developments existing and being constructed. This alignment bisects Prosper in a way that doesn't make sense as our thoroughfare plan has the alignment for 380 to expand on 380 through Prosper. It would also DESTROY ManeGait!!!	Carey	Kristin						
323	3134b93a-5f5a-4c67-8b57-90caf26f854c	3/25/2022 19:37	3/25/2022 19:37	My husband and I are very much opposed to the proposed 380 by-pass Segment B. We are concerned about the impact on this established community and agree with all of the impact statements provided by the Prosper City Council. Please take our opposition in consideration in this decision. Thank you Mary and Britt Spaulding, Prosper, TX		Mary	Spaulding						
324	9efc2441-0999-476e-8a56-d2443b60cc45	3/25/2022 19:38	3/25/2022 19:38	Prosper is a small town. It is not a large city, it retains that small town, country living appeal. Everyone has fled to the area to get away from the highways & the traffic and the overcrowded cities of Plano, McKinney, Allen, & Frisco. You would not only be disturbing the peace of the residents but would cut our town in half. Destroying the sense of community we all feel. The proximity to Mane Gait is unacceptable, & frankly, appalling. The population they serve and services they provide deserve to be kept safe from the noise and additional traffic that will disrupt the horses & those seeking therapy. Segment (B) is a punishment and a hinderance to the further development and revenue of our town and will have an enormous negative impact on our future. Prosper simply can't afford to lose this amount of land and hope to continue to be prosperous in the future. The other proposed alternatives would be closer in line to the existing highways and would not hurt the cities it runs through.		Thompson	S.C.						
325	e0e7ba44-ecd1-4098-8b4e-9d0e6223da0b	3/25/2022 19:40	3/25/2022 19:40	I am opposing the proposed 380 bypass (Segment B) from running through Prosper. This bypass would generated more traffic near Rodgers Middle School and Rock Hill High School (Coit and 380) where thousands of kids are going to school each and every day. This is just not safe for them and creates a chaotic environment for them. Why not just build an overpass straight down 380 similar to 121 Sam Rayburn.		Van Assen	Rebecca						
326	4a73759d-0bce-4004-89a9-c2f7ac50813f	3/25/2022 19:50	3/25/2022 19:50	My family is completely opposed to option B. It would devastate our neighborhood, Gentle Creek, and the peaceful golf course that many come here to use especially with PGA's headquarters nearby. We sought to live on this side of Prosper for how quiet it was and how it had less traffic compared to the west side. It would plummet our property values as well.		Hubbs	Kyle and Sarah						
327	86f71a0c-aca9-445f-89b3-08270ccdeb33	3/25/2022 19:52	3/25/2022 19:52	I firmly oppose section B of the proposed 380 realignment! The route goes through the small town of Prosper and will have a negative impact on our town. That impact being the following. Removing land for new and existing businesses thus tax revenue which will increase the burden for homeowners It negativity affects our children as it's near our proposed schools and will delay the schools being built causing more overcrowding which is already decreasing the quality of their education. The section of land is 7% of the town. Considering Prosper is a very small town that is a big chunk. The area will affect the air quality for not only the citizens of Prosper but ManeGait and Founders Academy. Will remove an existing nonprofit for those with disabilities. A negative impact on the development of Prosper by directly impacting over 360 future homes and thousands of residents. and many more. We already have space along 380 to widen it there is no reason to move it.		Maloney	Cassandra						
328	29351eaa-6fd7-43cd-8483-ad2452309dd2	3/25/2022 19:53	3/25/2022 19:53	NO to segment B in any senario!		Wagnon	Shana						
329	156fd7dd-c1c1-4778-818d-21b88606ab21	3/25/2022 19:55	3/25/2022 19:55	US 380 bypass, Segment B, will cut our town in two and negatively impact our quality of life, which is why many of us choose to move to Prosper.									
330	718629f0-239a-45cd-8ff9-cd10ae7eea2e	3/25/2022 20:05	3/25/2022 20:05	Living in Heatherwood and seeing that segment E is locked even though the noise coming off the highway will be quite undesirable I would ask that TxDot explore segment A for the bypass and make McKinney instead of Prosper be the suggested alignment. it makes sense since this was the original alignment 3 years ago and Prosper had planned for 380 to be on 380 in its planning unlike McKinney who allowed sub divisions to be built without any concern for such a project.		Silver	Ben						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (Include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
331	a3072f33-229a-4fc0-87c6-99ac59297c58	3/25/2022 20:07	3/25/2022 20:07	This route is destroying what makes Prosper the town feel that so many residents have sought in moving to this area. The issues with 380 began a decade ago and shame on TXDOT and others for not having the vision and desire to find a solution back then. Why should those of us paying high prices for our homes be the ones to face the repercussions of such poor planning. You are proposing putting a major highway right through the middle of all this residential area, near schools and daycares, and in areas where equestrian and other disruptions to habitats would negatively impact our ecosystem. If we wanted major highways in our backyard, we would have bought in the center of Dallas. Shame on you for not considering the economical impact to our community. Take your highway out of Prosper!		Green	Jennifer						
332	24f18208-0172-49c7-8fab-54a33d79b579	3/25/2022 20:19	3/25/2022 20:19		This is a terrible idea for current residents of Lakewood and the surrounding area.	Kokaliare	Travis						
333	d6f78b7f-ada3-46dc-8702-c9981bea2402	3/25/2022 20:30	3/25/2022 20:30	My comments really have to do with the whole thing. We all lived through the widening and improving Highway 121 and can do the same thing with Highway 380. I realize there will be challenges with buying easements and displacing a few businesses but isn't that better than moving entire families from their homes, especially in this ridiculous real estate market. Please consider improving the existing highway.		Baker	Margaret						
334	303db766-00e0-4980-8cfb-177b8af9a4f3	3/25/2022 20:33	3/25/2022 20:33		As a Prosper resident, I STRONGLY oppose the proposed 380 bypass (Segment B) from running through Prosper. This bypass would run from Coit Road to FM 1827 and would disrupt existing businesses that have been in town for years and years and provide therapeutic services to surrounding areas. It would also interfere with the new high school and bring too much traffic around an area that needs to be kept safe due to school aged children being present.	Noffsinger	Wendy						
335	ac33cef8-4872-43bb-8184-1515317cd9cf	3/25/2022 20:37	3/25/2022 20:37	How are you going to prevent section E from affecting the Heatherwood neighborhood? This is only going to increase traffic on Lake Forest, and the vehicles that will cut through heatherwood to avoid a light at lake forest on the service road. This is a much larger proposed highway than what I was originally aware of. How to control the noise on section E and the noise it will inevitably create on Lake Forest? My home backs up to the trail which is near Lake Forest.		S	M						
336	44b388d2-3ce0-4a96-89c1-ac05620b56ec	3/25/2022 20:44	3/25/2022 20:44	This will directly cut through our neighborhood and reduce home values. This will make me move out of the city to get away from it.		Anderson	Stephanie						
337	06d124cd-3ee3-451a-849b-11f995a4e8df	3/25/2022 20:48	3/25/2022 20:48	I am in favor of Segment A for the 380 Bypass.		Van Blarcum	Hotch						
338	956ed1af-878a-45e1-8982-ab4a8d5279d7	3/25/2022 20:55	3/25/2022 20:55	I oppose bypass B through the city of Prosper. This roadway slices through several quality housing communities and will change the fabric of the neighborhoods. It also impacts schools and ManeGate. We not only live in this community but my son has benefited for several years from the wonderful work they perform at ManeGate - this community is very fragile and sensitive to their surroundings. A change of this magnitude will greatly hurt a very fragile community. ManeGate has helped so many of our special needs kids blossom and find something to be passionate about. Taking this away from not just the immediate community but the greater special needs community would be a tragedy. A bypass that impacts these areas and these communities should NOT be allowed.		Kihm	Bree						
339	c443b907-408a-421d-82a2-b40c5e64c738	3/25/2022 21:10	3/25/2022 21:10	Both options appear to create an issue for resident access to Lakewood Drive. Residents leaving the neighborhood to travel east on 380 will be required to turn west on 380 then cross three lanes of traffic in what appears to be about 1300ft. to get to a turn lane that takes them across to the west bound lanes. Also, how do residents of Lakewood traveling west on 380 from Coit get to Lakewood Drive? Would they have to travel to Independence and make a u-turn? As a resident of Lakewood I would oppose the Segment B option and support Segment A option but both options appear to create this issue at the intersection of Lakewood Drive and 380.	I am writing regarding my opposition to HWY 380 Segment B due to immediate and long-term impacts to the Town of Prosper. Segment B also has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities. Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG). Segment B of the proposed alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town of Prosper. I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021 which opposes Segment B.	Yantzi	Toni						
340	4e430cb4-c31c-4a68-842c-c4a9632dd1c9	3/25/2022 21:23	3/25/2022 21:23	I support Build B. I strongly OPPOSE Build A. Build A would certainly create more traffic and noise on Stonebridge Rd and affect many more residences than Build B would. Build B would keep the majority of the traffic away from the most residences in the north Stonebridge area.		Nichols	Richard						
341	b082b95b-009d-4120-863a-810c6684eca0	3/25/2022 21:27	3/25/2022 21:27	I cannot support further destruction of natural flood plain ecosystem. Too many unique and rare creatures live here. We keep destroying what makes Texas great. We should encourage traffic to use the already under construction outer loop rather than build a 380 bypass around a single city of mckinney that failed to plan		Falk	Matt

342	ac810676-5c90-4000-881e-12bbeaf1956	3/25/2022 21:33	3/25/2022 21:33		I live in Prosper and am strongly opposed to the alignment of segment B through the town boundaries. I believe that segment A is the best alignment.	Saenger	Eric						
343	537d523f-331e-447c-8793-e330acd7ceb3	3/25/2022 21:35	3/25/2022 21:35	This area is right at the corner of a middle school and high school. There is already enough traffic getting kids to and from school. This is a horrible place for the bypass. Whoever decided that this was a good intersection either has no kids or has never had the responsibility of getting them to and from school safely. Unacceptable location for bypass! As far as being so close to ManeGait, you will destroy the therapy of so many people. There is absolutely no way therapy can be done that close to a bypass. I can attest to the good ManeGait has done. My child started therapy as a shy, incapable boy and has grown to have confidence, both on and off the horse, courage, pride, and strength. The benefits are extraordinary to the riders. We need to strive for a better community for ALL residents, not just a faster way home.		Wlesen	Katie						
344	d2e25740-5d0c-4918-8392-66f892480479	3/25/2022 21:38	3/25/2022 21:38		Republican politicians and their disdain for zoning and regulation led to the unbridled and chaotic growth along 380. Why should the residents of Prosper be saddled with the increased noise and traffic and disruption of a 380 bypass through our community? I think everybody should just live with the conditions of the current 380. I am strongly opposed to the bypass, all of it.	Podeschi	David						
345	1ac43b01-243b-4d03-8797-3092dde66b1c	3/25/2022 21:42	3/25/2022 21:42	As a resident of Prosper, I strongly oppose the proposed bypass section, especially the "B" section being considered. Town of Prosper planning, space availability and common sense dictate that the Town not be bifurcated with this new thoroughfare, when ample space has been allocated to the existing 380 corridor. Further development and residential impact if implemented would be not only intrusive and expensive, but may serve to actually remove the desire of residents to move to or do business in Prosper, favoring towns and communities not part of a thoroughfare. I strongly oppose any development that removes the 380 corridor from current locations, and strongly encourage the Town to keep fighting this move - as they have been.		E	Jens						
346	ef91335c-5309-41e8-83e8-5c7e487dc531	3/25/2022 21:47	3/25/2022 21:47		I am still confused how any of these options fix the traffic on 380, as population centers are south and travelers wouldn't choose to go further north to travel on these new roads. I have serious concerns about option B, as it will severely impact current residential subdivisions in Prosper, and outright obliterate many planned neighborhoods.	McNulty	Michael						
347	10c7a5cc-ecf6-458b-8813-5908613cd7eb	3/25/2022 21:47	3/25/2022 21:47		We purposely bought our house at this location to avoid highways. The last thing we want is an 8 lane bypass and all the noise and light pollution it brings. This will be a disturbance to the surrounding human and animal quality of life. There are existing roads that could be expanded upon or connected to provide relief for 380. Utilize what is there.	Callahan	Katie						
348	877ba74f-339f-455c-8b52-c61f85ad721a	3/25/2022 21:55	3/25/2022 21:55		My comment is the rout planners for TexDot had to try really hard to find worse routs for this plan. There are established houses, businesses and a handicap equine ranch that are right in the path of routs A and B. Noise pollution, gas and decal odors and unsightly bridge work will all be present for both A and B. To say nothing of the dive in value that all houses and property will sustain. A and B are losing proposals and will be fought in court.	Stallings	Winston						
349	e8570d9c-d2b2-438e-88a1-45e8f0cc1c2b	3/25/2022 21:55	3/25/2022 21:55		I'm opposed to plan B thru prosper. This would negatively affect our daily lives. Prosper has worked hard to build our community and this loop would harm property value, standard of living, increase noise and traffic. No to option B!	Martin	Mike						
350	519b104a-a4c4-4802-8572-53fb0f5cfe84	3/25/2022 21:55	3/25/2022 21:55		The by-pass has no business in Prosper. 380 should expand in its present location, but McKinney planned poorly & says that won't work for them. Fine. Then McKinney can find another route in McKinney for a by-pass, not Prosper which has planned well and doesn't deserve the negative repercussions of a sister city's poor planning.	Guernsey	William						
351	1159a3caa21-4c57-85a0-1cb4b05facbcb	3/25/2022 21:57	3/25/2022 21:57		Option B is right by multiple schools, a church, Manegait who provides services to disabled children all which would have to be disrupted or torn down. Not to mention private homes around that would need to be torn down. Please consider the other options ahead of Option B.	McCaffrey	Amanda

Expand the current 380 road or find an area that is not developed yet and place it there. My suggestion would be to use the Collin County Outer Bypass. The areas designated as A and B on the map are all ready developed. Keep your hands off of the homes, schools and businesses there. It is all ready too late you to use this land. Wake up and quit wasting your time and ours with options A and B.	Guernsey	Georgette						
354	67cd698e-61b6-43d1-8e8d-6de885bc5e5e	3/25/2022 22:04	3/25/2022 22:04			Katariya	Anand						am_a_business_owner_

357	89dacbc7-3f3b-4648-8127-bc7fed7d6e3a	3/25/2022 22:27	3/25/2022 22:27	Segment B of the proposed Gold/Brown alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more; Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG); Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus staying in McKinney. Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities;		Cave	Chris						
358	6c2daedb-9f3d-4cd7-87c8-d478906a4ddd	3/25/2022 22:49	3/25/2022 22:49	The . Brown Option seems by far the best manner to serve the highest density with least disruption		Maher	Don						
359	9cdcaa94-cfa1-4ba2-8191-97425921f765	3/25/2022 22:58	3/25/2022 22:58		I oppose the 380 Bypass through Prosper. This proposed bypass will disrupt neighborhoods, schools and a great non-profit (Mane Gait). Please work on another route that includes the already built road 380.	C	K						
360	caa83a5a-eccd-4b9d-84ff-74d58ae959c9	3/25/2022 23:00	3/25/2022 23:00		I am opposed because of the environmental impact and the impact on the schools.	Diel	Lora						
361	d3672cab-13df-4144-8b98-267647e5d40e	3/25/2022 23:31	3/25/2022 23:31	Strongly oppose option B		Hess	Nathan						
362	21112735-2d54-4ff3-8aa3-2f9f349d675d	3/26/2022 0:20	3/26/2022 0:20		My family opposes option B of the 380 expansion because it divides our small town into two distinct sides. Also it gives major disturbances to our many friends that moved to Quiet Prosper and would now have a US highway traverse their neighborhood. Please consider expansion within the existing 380 boundaries.	Castle	Chris						
363	0a96aac2-4710-46db-8c2e-1d6367ca63b9	3/26/2022 0:28	3/26/2022 0:28		Option B, in my opinion, is shifting McKinney problem to the much smaller town of Prosper and doesn't really solve the current or future traffic issues. It has a potentially heavy impact on Prosper lost revenue from home and business taxes. It has a very negative impact on housing development that has already been approved and released to development. It has potential environmental impact on surrounding already developed housing areas, schools, and a successful Rehab facility. Given the displayed options my preference would be oprion A. None of these options, however,, provide a long range solution to 380 traffic issues. We need a plan that connects 380 from east of McKinney to the existing major highways. Utilize the Collin County outer loop or Connect to Rt5 and to 121 and limit 380 through McKinney and Prosper to local traffic only..	Koffroth	Barry						
364	cb68b748-8c9b-4608-84da-50c42cccc942	3/26/2022 1:18	3/26/2022 1:18		I strongly oppose the segment B. That will be detrimental to our beautiful town of Prosper! We can't ruin our town and homes, parks with a freeway bypass running right through it. We moved to Prosper bc of its beauty and family community. A freeway running right through homes isn't what we pictured when moving here.	A	Julie						
365	232c27ef-407f-4b95-8b4f-59816d62f619	3/26/2022 1:20	3/26/2022 1:20		I thought the outer loop was supposed to relieve 380 congestion. 380 should go under ground or above ground like 635.	Holmquest	Chuck						
366	d61b0249-f626-4f73-8f76-7a5ed6e3405f	3/26/2022 1:33	3/26/2022 1:33		Option B just has too many negative impacts on Prosper and the responsible planning Prosper has done to keep residential areas away from 380. We moved to the east side of Prosper to have our own little piece of the country, not be next to a highway. In addition, this option would have a huge impact on Mane Gait Therapeutic Horsemanship. My wife has volunteered here and seen firsthand the benefit MainGait has on children and adults with disabilities. Putting a highway right next to this location would be downright painful to see. Prosper also has plans to open a new high school very close to this option, and this option goes right through a planned residential area. Keeping 380 on 380, or Option A, an option TxDOT already recognized as the preferred western option, are much better fits for the area now and in the future. Thank you Please move forward with Option B. It is best for our beautiful community and you could either save the \$100 million or spend it more wisely.	Shaunessy	Brian						
367	cc6b4b0e-6599-47e5-8136-233997b17327	3/26/2022 1:52	3/26/2022 1:52			Brydges	Pat						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
368	e1248300-96c5-40df-841b-85930de82be1	3/26/2022 2:23	3/26/2022 2:23	I strongly oppose segment B of the US 380 expansion. I believe that segment A is the proper expansion route.		Cochran	Linda						
369	d81817e0-a3e6-4c1e-8c74-b9906d11e199	3/26/2022 3:21	3/26/2022 3:21	There are hundreds of homes here, two schools, and a huge new development that just began building also. This would have a huge impact to the community, and senselessly so since Prosper already planned for 380 expansion on 380. PLEASE GO WITH OPTION A OR LEAVE 380 EXPANSION ON 380!! Option B adds significantly more land area being affected than option A		Bishop	T						
370	4746fe7b-32bd-4f0e-8225-9a28b54c4d05	3/26/2022 3:50	3/26/2022 3:50		Since the obvious solution to keep 380 on 380, like what is being done in Denton isn't being considered anymore as a solution, I don't understand why the Town of Prosper has to be severely impacted in the Bypass Solution (B) when the Town of Prosper will not receive any benefit from the Project but instead will lose future revenue sources for the Town of Prosper. If keeping 380 on 380 is no longer a solution for McKinney, then the Proposed Route of A/E/D or C seems to be the most appropriate solution to this traffic situation. It provides McKinney with the needed relief of traffic on 380 and impacts the fewest existing homes along the route. If the Bypass is meant to relieve the congestion in McKinney on 380 then McKinney should provide the land and right-away for the Bypass, not the Town of Prosper. I lived in McKinney from 2006 to 2013 but moved to Prosper in 2013 to get away from the traffic. If Bypass B is selected, I will again have to move as I now live in Whitley Place.	Verrelli	David						
371	52ae394e-0e81-4f39-8211-30edd833a67e	3/26/2022 4:06	3/26/2022 4:06		- Use of existing 380 path connecting to 75 makes the most sense for future efficient commute times. A deviation adds commute time that will impact thousands of commuters each year. - Prosper is disproportionately impacted with undue division and elimination of commercial and residential real estate when the best path is existing 380 highway.	Solomon	Ryan						
372	1c8a17d7-219e-4795-894a-0082216c1c7a	3/26/2022 4:12	3/26/2022 4:12		This is my back yard. Immediately next to the Walnut Creek Cemetary. We built our home with the anticipation of having quiet neighbors (those who have been interred are as quiet as they get). Having a large road immediately behind us, running next to a school will significantly impact the ground-level ozone impacting environmentally sensitive facilities (ManeGait and Founders Academy) and our home and neighborhood which we and 100's of others chose to be away from 380 when we built our home 10 years ago. Increasing ozone levels will conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG); Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits.	R	Jonathan						
373	5ba8700a-e123-4c29-8993-2f58253651c7	3/26/2022 4:15	3/26/2022 4:15		You need to fix the problem, not create another one. The simple fact is that McKinney did not plan accordingly for future growth with enough setback. This is their problem to solve. If eminent domain needs to be used to acquire the land necessary then that should be done. Same goes for Raytheon. Move them. Why are you imposing on Prosper, a city that has planned for its expansion properly, by running a bypass to take care of another cities problem. It is quite apparent what you are doing by looking at the map and who you are trying to take advantage of.	Fukuchi	Kevin						
374	286d98e9-1989-4391-8967-16764552ec6b	3/26/2022 4:21	3/26/2022 4:21		Very concerned about the proximity of proposed segment B, a heavily traveled route, to two high schools and a private school particularly the level of emissions that will be generated by heavy traffic.	Pruitt	Joseph						
375	989305e9-474c-4399-887c-8c00bd1e2848	3/26/2022 4:41	3/26/2022 4:41		I am highly against option B segment of Hwy 380 coming thru.	Randle	Melissa						
376	74586147-1f59-463c-8686-5fa23035da7d	3/26/2022 5:03	3/26/2022 5:03		Cutting through Prosper would have a negative impact that I'm not sure we can measure. Homes values and property taxes would go down. This would affect Town services as well as our exemplary school district. Noise and air pollution, as well as litter, would go up. Our zoning has been planned for our future based on 380 staying on 380. As a local business owner and 20 year resident, I oppose this option (Option B).	Sanchez	Jen						
377	cfe296eb-617c-41d4-837b-fe0004e2adcb	3/26/2022 5:17	3/26/2022 5:17		Please do not run 380 traffic through Prosper except on 380. My children will be attending high school in that area and many businesses and community places like Maingate have build positive and needed locations that would be compromised or ruined with an interstate type road running through there. In Prosper, keep 380 on 380 as has been built and projected for in our community.	Dellenbach	Stephenie						
378	8254bc21-5b2b-4ec5-8fbc-898dd8f8d338	3/26/2022 5:44	3/26/2022 5:44		We oppose segment B, as it will go through our neighborhood. WE OPPOSE.	dasari	bhoomi

382	cfb88849-53cf-42a3-8080-6469547e9ff4	3/26/2022 12:15	3/26/2022 12:15		I am completely opposed to Segment B. You would be ruining a beautiful small town. It's too late for this option. My parents live in Prosper and so do many of our friends.	Rippinger	Stephanie						
383	08eb40c7-8758-4550-8475-6d377b1c01d0	3/26/2022 13:25	3/26/2022 13:25		I live in Whitley Place, Prosper, TX. I absolutely oppose Segment B. The town of Prosper has passed six Town Council Resolutions strongly opposing. The Segment B poses a significant and negative impact to both existing and future residential and commercial developments planned with in the town. Please consider my strong opposition to Segment B	Baumli	Greg						
384	072c9379-5383-482a-881e-47f4f4922275	3/26/2022 13:31	3/26/2022 13:31		OPTION A clearly is the most sensible choice over any other option. Fewer homes and businesses will be displaced or disturbed. It is SHORTER by almost 50% and would therefore be a more cost-effective use of taxpayer money. It could even be tied into the already existing Ridge Road intersection on 380! Take the local politics off the table and use construction math 101. Expansion = Least disruptive path + most cost-effective path! Don't complicate it, make the right decision with Option A and move on already. I am a Prosper homeowner AND a McKinney Business Owner so I am being completely sensible, logical and unbiased.	Clay	Steven						
385	b62d5911-62b5-4dac-876c-2633c220df3b	3/26/2022 13:42	3/26/2022 13:42		From what I have researched and understood the issue to be, McKinney did not appropriately plan for their rise in population along 380. However instead it approved new neighborhoods, commercial, and multifamily homes without regard to the infrastructure it will need after it was all built out. And due to their poor planning, Prosper who has been planning around the issues of 380 is being targeted to lose a significant part of their land. Option B is not supported or viable. Prosper is a much smaller land mass and by using this option, the harm it hit is a couple things. First, it will effect our town revenue due to lack of square feet available to build homes or commercial entities. It will effect the feel of the town. We have done a great job of keeping 380 on the edge of town and building the town within the borders. We have small communities that create the small town feel many move here for. We oppose option B. McKinney needs to fix their issue in their town.	Lutes	Jennifer						
386	82558854-c961-478a-8198-c18006947f5a	3/26/2022 13:54	3/26/2022 13:54		I am opposed to option B, which would cut through existing and future development in Prosper. Prosper has already preserved sufficient right-of-way for 380 to be expanded along its current alignment. Prosper should not suffer the consequences of McKinney's failure to do so.	B	J						
387	3b196c93-c27e-4b3f-8fcf-32cc5f8173bc	3/26/2022 13:54	3/26/2022 13:54		I am firmly opposed to option B as it would negatively impact Prosper.	Astie	Sebastien						
388	ba4c69f8-e359-4cbb-83cd-4cc497096f7a	3/26/2022 14:38	3/26/2022 14:38		Resident of Prosper. Recommend not to go thru the east side of Prosper. Very noisy Dangerous for families and students with the school plus the Expensive houses in the area.	Guthrie	John						
389	4fcbd771-1114-4d4c-8f8b-9070e49d5e33	3/26/2022 14:40	3/26/2022 14:40		I am opposed to segment B going through Prosper. This will negatively impact on our community, neighborhoods, city planning of what we want and need in Prosper, and remove key tax revenue from the city. 391	b53edea5-3217-4750-80ea-707406a4ee64	3/26/2022 14:50	3/26/2022 14:50		It is astonishing that TXDOT is considering the 380 Segment B option at all. Prosper currently includes a relatively small amount of land, as compared to most cities/towns. Segment B would run an extremely high volume of traffic right through the middle of our community, changing forever the quality of life currently enjoyed, and already planned, for our town. And what happens after another 10 years and the pressure to expand that very segment even more. Segment B does not adequately address the short term nor long term needs for 380 without huge negative impacts to the Town of Prosper. The environmental impacts as well as negative property implications make Segment B an extremely poor choice. There are other more viable options and I strongly implore TXDOT to make the informed choice. Prosper should be made to pay the price due to the absence of planning for 380 that should have started 5-10 years ago. Thank you.	Griz	Mike						
392	26b2e30f-adcd-469e-8dfb-f58d5d8b607f	3/26/2022 14:51	3/26/2022 14:51	Prosper is one of the fastest growing communities in the nation. Any road dumping out traffic at Coit Road will create massive congestion in an area with an ever-increasing number of wrecks already. Go around Prosper as well as McKinney. If not, you'll be doing this exercise again in a very few years. Don't lower the property values of the homes just west of Coit.		Hudson	Janet						
393	f66b99d0-34bf-4511-87d5-1fae59236166	3/26/2022 15:04	3/26/2022 15:04	I have concerns about Plan B, which is proposed to run through Prosper. This option would have a deleterious effects on the surrounding communities. More specifically the Brook Hollow community and ManeGate therapeutic riding center. It seems there are other options (Option A) that would have less of an impact on the community. Please consider that option and others as opposed to option B.		Hahn	Jeff

400	eb1e0669-1fa8-42c3-8a1c-e1bdc068b3eb	3/26/2022 16:20	3/26/2022 16:20		As a Prosper resident I strongly oppose Proposal B that cuts through Prosper. We are a small community that should not be penalized because of poor planning on the part of Denton and McKinney. 380 was the intended major thoroughfare for this area and it should continue to be so. This proposal will have devastating impacts on ManeGait and I resent the statements in the proposal that they are able to continue providing services. My son is 14 years old and has been utilizing these services for over two years. He is Autistic and has sound sensory issues. There is absolutely no possible way the 8 lane highway with side streets and an overpass is not going to cause an immense amount of noise and emissions pollution. There are greater risks for an 8 lane highway with potential noises that could cause a horse to panic and throw a disabled child. This highway will limit Prosper's ability to grow earn taxes, create pollution and lower our property values. We do not want Proposal B.	Rahner	Leigh						
401	f7284941-28bd-4c17-8c43-49dd6412564c	3/26/2022 16:43	3/26/2022 16:43	As a proud resident, I am opposed to the proposed bypass option through the Town of Prosper. There are more responsible and less detrimental options available. Prosper residents should not bear the impact of poor long-term planning in McKinney and surrounding areas. Our communities in Prosper deserve better and this bypass option should be eliminated from consideration.		Lyle	Jordan						
402	e3be3d20-8ad9-4ae0-8d3e-1d20cb7a1eda	3/26/2022 17:01	3/26/2022 17:01	I stongly oppose The Segment B option for the 380 alignment. The Prosper Town Council has opposed the Segment B option 6 times. There will be a negative impact to current and future residential and commercial projects. Please recognize my strong Opposition to Segment B		Baumli	Joni

407	02329543-2099-49a5-8966-cdc32a8d4950	3/26/2022 18:21	3/26/2022 18:21	Option B is the obvious choice!! Option A disrupts more and cost more!!! 100 million more!!!!!! It would be devastating to see our beautiful area turn in to concrete.		Campbell	Beverly						
408	5053b173-4f9c-40d5-8afd-77aa7a8121ff	3/26/2022 18:44	3/26/2022 18:44	We greatly oppose Option A, as we live in the Stonebridge Ranch LaCima neighborhood, which we chose due to the beautiful lakes and green spaces, and quiet backyards. Adding a large elevated 8 lane freeway would severely diminish our quality of life and quiet enjoyment of our property and greatly reduce the beauty of the LaCima lake and our green space. We are in favor of Option A, which would be less expensive and less disruptive as that area is significantly less developed and would not impact the quiet enjoyment of the stonebridge ranch and la CIMA neighborhoods. We have 5 year old twin boys and a 2 year old daughter, and we want to continue to enjoy our property for many years to come without a large elevated freeway in our backyard.		Hulse	Erik						
409	2927d715-9a51-431d-8fd7-9c4127a67360	3/26/2022 18:56	3/26/2022 18:56	Option B can't be the solution. It's hard to understand why we would even be considering a route that is so close to an existing, well established neighborhood, where we live. Our property values would plummet. Even harder to understand is why would consider a route that is next to a charter school (just opened) and a new high school (being built). New subdivisions are planned directly adjacent to this project which include a senior community – which will impede the quality of life given the noise and pollution. Ruining existing projects and established communities can't be the right answer. We can and must do better. There can't be an honest conversation that includes this an option. Those presenting this either don't care about the quality of our Prosper citizens, schools and elderly or they are beholden to other interest groups. Common sense must prevail and this is not the solution.		Stauffer	C						
410	bc6689f5-a4c2-48e1-850c-74f4c1b4674	3/26/2022 19:03	3/26/2022 19:03	We oppose this cutting a small town		Prasanna	D						
411	8d4abb18-db9e-4eb7-8a8f-c258e2bb63ff	3/26/2022 19:03	3/26/2022 19:03	We oppose this cutting a small town		Prasanna	D						
412	b7ca2df6-d488-41ac-81f9-800292846024	3/26/2022 19:05	3/26/2022 19:05	I am a Prosper resident and am vehemently opposed to this section of the project. It will literally cut our town in 2, destroy property values and de-fund our services via loss of tax revenue. This is pure and simple a land-grab. I am unaware of anyone in the town, from town government on down, who supports this proposal.		Pepi	Robert						
413	78ef1c5f-aa1f-4c65-8c55-957993c66c0e	3/26/2022 19:37	3/26/2022 19:37	Oppose plan b thru prosper.		Williamson	Michelle						
414	d216108a-7b49-4f7f-86a9-0d5ff5da5310	3/26/2022 19:46	3/26/2022 19:46		I oppose Option A and support Option B. I am a homeowner in the Villages of LaCima, in Stonebridge Ranch, McKinney TX. We will be negatively impacted by Option A as Stonebridge Drive and 380 is literally in our backyard. We are worried about our property value as well as the huge disruption from all the construction, affecting our commutes and everyday life. In addition to these very real concerns for our neighborhood if Option A is chosen, I support Option B for the following reasons: 1. Option B has significantly lower overall cost than Option A 2. Option B does not displace any businesses, vs. 17 businesses for Option A 3. Option B has less environmental impact on wetlands, rivers/streams, forest/prairies than does Option A In summary Option B is the only logical choice in terms of both economic and environmental concerns. PLEASE DO NOT APPROVE OPTION A !	Ablels	Jill

415	0bfd33b9-ffb5-43be-8723-61865f38b72f	3/26/2022 20:05	3/26/2022 20:05	I am against the proposed 380 bypass segment B from running through Prosper. We are native Texans, and have lived in Prosper for 5 years and love the small town feel with the convenient access of 380. But Prosper is small and running this bypass through Prosper would take away from crucial development, growth and land from our small town.		Sermino	Fransis						
416	88b5e243-36b8-4ce2-8001-9e1ea91e228f	3/26/2022 20:34	3/26/2022 20:34	I oppose segment B. Segment B of the proposed Gold/Brown alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more; Segment B will increase ground-level ozone impacting at least two environmentally sensitive areas. Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits; Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities; Segment B is in close proximity to existing and future schools including high schools impacting thousands of students.		Romans	Cortney						
417	820dd66a-83ae-4aaf-8a38-02201fc18141	3/26/2022 20:34	3/26/2022 20:34	I am opposed to plan B. Prosper is a small town that will adversely be affected by this monstrosity. Property values will decrease, crime will increase, and children will be more at risk of danger due to the closeness of the highway. Plan A is best, McKinney has much more open land therefore providing more choices of location without affecting the public.		T	Kristi						
418	a670ca01-0036-449d-8ebc-4811d1e030fe	3/26/2022 20:41	3/26/2022 20:41	Why Option B is a poor choice: 1: Too close to schools, existing and under construction. It is a danger to students. 2: Prosper is a small town 9x3 miles (?) any bisection will be a detriment to the town. 3.there is plenty of space along the existing 380 road.		Jantz	Keith						
419	ded74f29-11e8-4155-82da-f4db9e64c85a	3/26/2022 22:25	3/26/2022 22:25	I think it would be one of the greatest examples of short sightedness in the history of city planning not to take any proposed diversion route (intended to reduce traffic on Hgwy. 380) all the way to the Dallas North Tollway.		Lynn	Kevin						
420	e3e27f4b-ff3d-4748-85e4-69921d9a226e	3/26/2022 22:37	3/26/2022 22:37	I live in Prosper, Texas which under Segment A would be dissected by an 8 lane freeway. This is one of the smallest towns and dividing it by the freeway would destroy a major area of homes, schools an businesses and there would be dire consequences for future growth and future economic development. This town consists of 63 acres, and each acre has been part of its overall development plan. Seeing people and businesses and schools displaced would have a negative impact on any future growth and the loss of revenue would create a hardship to maintain major services such as police and fire. I implore you, do not choose this solution and destroy a way of life difficult to find and enjoy. Our City Planners and Leaders have been set a high standard in community planning across this state; do not select a plan that not only wipes out what has been achieved, but will also destroy the hopes and dreams of residents and business owners alike. Let Prosper prosper.		Nugent	Barbara J.						
421	44047bcd-9403-4d59-8df2-7dc69d340f18	3/26/2022 22:48	3/26/2022 22:48	Dear TXDot, I would like to voice my opposition to the 380 bypass through Prosper, TX. The Town Council of Prosper has thoughtfully planned out development within our small town limits to be what is best for Prosper. I stand with the Town Council against this bypass going through Prosper. This bypass is not what Prosper needs. We have completed the traffic improvements needed for our town. We do not need or want this bypass. McKinney may believe they have a problem. If they do, they should fix it and they should use their land to do it. I just drove down Preston Rd toward Frisco on a busy Saturday. Traffic was congested and thick. Things moved slowly. No one is asking for a Preston Rd bypass or an over under highway. In fact, 380 from the Tollway to Highway 75 moves better on most days than what I just experienced on Preston Rd. I say, let McKinney make a change in McKinney or leave 380 alone. Thank you.		Johnston	Elizabeth						
422	415b48b1-145e-4ddf-8dae-c291bb27cd65	3/26/2022 23:01	3/26/2022 23:01	Hello, Looking at this data it's pretty clear route B would create the most mobility in the longterm. I am in favor of route B!	Something HAS to be done. 380 right now is incredibly congested at all times, I can only imagine in a few years time! I just want to say I appreciate very much all the work that is going into this project, and as a resident of this great city of McKinney I am in favor of whichever route will give us the most mobility in the long term. What minor inconveniences we could experience right now do not come close to outweighing the benefits for our children, and their children. Thank you and God Bless!	Rojas	Brandon						
423	88963d71-7e37-4be6-806a-6e0bce91d6b3	3/27/2022 0:15	3/27/2022 0:15	Option B would displace less people than option A. It also makes more sense when looking at the map to avoid sharp turns and/or stop lights for a high speed freeway.		T	Natalie						
424	94c64d7c-a184-4d92-81dd-886b47c8cbae	3/27/2022 0:40	3/27/2022 0:40	I think sending a major thoroughfare like 380 through prosper is dumb and not thought through. The impact it has to our schools, founders academy, Prosper Highschool, and cockrell elementary could be detrimental to our kids health(air quality deterioration). Not to mention negatively impacting a community staple like Manegate that has helped many children that have not had the best lease on life. Please consider keeping 380 on 380 or other options so as not to negatively impact our small town. Patrick Roberts		Roberts	Patrick

428	b916b7f9-54c3-4a6c-80d1-963a3341992e	3/27/2022 1:50	3/27/2022 1:50	Option B is the logical choice for the western 380 bypass. Option B travels an area in Prosper with few homes already constructed and in which a developer has plans to build a number of new homes. Option B does not destroy any existing homes or businesses. Option A goes north past many homes and neighborhoods already established in McKinney, destroys multiple homes and businesses, costs \$100 million more than Option B, together with going through a series of close proximity stop lights (Custer, Hilltop and Stonebridge) which would exacerbate the bottleneck. Option A is a solution that favors a few in Prosper, punishes the majority in McKinney, costs more and is not the best solution to relieve congestion. The best is alternative is Option B. It avoids the most disruption to current residents of either area, costs the least and is the best solution to relieve the congestion. Choosing Option A would question the integrity of the decision. Respectfully, Brian		de la Houssa	Brian						
429	ff81191e-6e8a-43b7-82ad-a51150cd5dc0	3/27/2022 3:36	3/27/2022 3:36	First - why are we dealing with this again? This was to be settled with the final 2020 report. Prosper has passed a million resolutions against any 380 alignment in Prosper. It's McKinney's fault they didn't plan - stop acquiescing to Fuller and pushing this onto Prosper. 1) CONTRARY to the information presented by TxDot at 380 public meeting on 3.22.2022, the proximity (45 feet) of option B to ManeGait Therapeutic facility does present harm to children with disabilities and horses. Anyone who has a clue about children with sound sensitivities (LIKE THOSE SERVED AT MAINGAIT) or horses understands this. 2) Vehicle pollution (which will NOT all be electric, contrary to TxDot) is detrimental to ManeGait and Founder's Academy 3) Displaces the senior living community and additional residential units, denying Prosper planned-for tax revenue 4) Causes dangerous traffic situation for Founder's Academy I only support the recommended 380 alignment Option A from the feasibility study.		Kihm	Tim						
430	68d69cb3-c975-4d13-89ae-d527f696b82c	3/27/2022 12:03	3/27/2022 12:03	Alternative B is not an acceptable alternative. The use of Prosper's very small land mass to support a much larger municipality to the west is unfair and politically motivated. Route B was not on the original maps and was only put in place after political pressure was put on to move the route further to the west. The Town of Prosper has maintained since the original maps that this route was not supported and that it has disparate impact on the citizens of Prosper, the commercial tax base and the ADA protected customers of ManeGait. The Town of Prosper has planned, zoned, and built along the US 380 corridor that is currently in place with the long term expectation that it would remain on the corridor. This is not the case to the east. Each of the land owners that would be required to provide land for Route B will vigorously fight any version of Route B that requires their property up to and including legal action. Route B is not the right alternative.		Bristol	David						
431	a453a6f6-a66d-4c0f-8e46-e938717e0092	3/27/2022 12:39	3/27/2022 12:39	I am a resident of Prosper TX. I oppose route B and Favor route A. Route A follows an existing right of way. Route B would require creation of a new right of way. It would be disruptive to people who have invested in Prosper . This listing includes individuals, PISD, and development companies. Thanks for asking and listening.		Guthrie	John

435	8bbdefd2-230e-4882-8c77-9029050e6134	3/27/2022 15:48	3/27/2022 15:48	I oppose the proposed segment B which would cut through the heart of the Town of Prosper and affect many planned residential and educational builds. I support the proposed segment A which would not be as impactful for the current and future residents of Prosper.		Tran	Khang						
436	387819db-52d8-48b7-86cd-74466a950339	3/27/2022 16:09	3/27/2022 16:09	We oppose the B expansion through Prosper. The negative effects to our community would be extensive!		Escobedo	Yvonne						
437	7d5f2206-c611-4ead-827f-52d9c1a925f5	3/27/2022 16:24	3/27/2022 16:24	I am a Prosper resident. I firmly disapprove of Plan B running through Prosper. Plan A would be better. Plan B would be detrimental in the development of the east side of Prosper. I DO NOT support Plan B.		Aston	Marsha						
438	c12e087d-8626-4edc-80c1-652f08d82abc	3/27/2022 16:31	3/27/2022 16:31	We are in opposition to the B option that would take this traffic pattern through Prosper. Poor planning and execution on 380, as well as growth in McKinney...should not impede on the planning and preparation that Prosper has had underway for many years. Dropping all of the traffic across the eastern section of Prosper is not the answer. As this is a McKinney traffic issue, it should be resolved with McKinney options, which are available. Don't create a traffic issue in one city because another city has one. Thank you.		Cobb	Philip & Robbie						
439	1fd1ef88-0ffa-4eee-8efd-b53d5bb64bb5	3/27/2022 16:33	3/27/2022 16:33		I oppose the Proposed Improvements to US 380 from Coit Road to FM 1827, Collin County, Texas CSJs: 0135-02-065, 0135-03-053, 0135-15-002	Williams	Michele						
440	6030f615-147f-48b7-8c8b-dbbd3507930b	3/27/2022 16:49	3/27/2022 16:49	I live in a quiet little neighborhood in Prosper called Whitley Place. My family and I moved here to be away from the aggressive development of Frisco. That was Frisco's way so we left. Please, please leave Prosper out of this McKinney-focused solution. I oppose Option B! If TxDot really wanted to solve for US380 in total, it would propose a comprehensive approach that spans from Princeton to Denton and all points in between. If there were that more comprehensive approach, then all the towns affected would be more willing to collectively solve the problem. However, the options presented in today's scope are solving only for McKinney's problems and therefore should require McKinney to solve them. I can only hope that the planned residential developments about to start squarely in the path of Option B serve to obstruct that Option in addition to the voices of the Walnut Grove high schoolers, Mane Gait folks, Founders' primary school kids, historical homesteads, etc. Stop Option B!		Wind	Victoria						
441	371f62db-52e8-492e-8874-c0628eba4c8b	3/27/2022 16:58	3/27/2022 16:58		I am a resident of Stonebridge. I find little favor in Schemes A or B in that these locations are already in a heavily populated area. I do not understand why consideration is not given to locating the transition at the proposed Dallas North Tollway. This area is the least populated at this time and would allow for a shedding of traffic in a lightly populated area. Thank You	Balkovec	John						
442	bb1e068a-f047-4488-8abe-1b77ebc8a480	3/27/2022 16:59	3/27/2022 16:59	Strongly opposed to proposal B due to environmental effects.		Cochran	Troy						am_a_business_owner_
443	72814807-5e0b-423a-878d-dfe56c7e2233	3/27/2022 17:25	3/27/2022 17:25	I am STRONGLY opposed to Option A for the US380 expansion project for the following reasons. • Option A displaces a total of 17 businesses, Option B displaces ZERO • Option A cost to relocate utilities is \$61 million, Option B is \$25 million • Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M • Option A total cost of design/construction is \$450M, Option B is \$428M • Option A total cost is about \$100M higher than Option B • Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B • Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres • Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. • There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure.		Lawrence	Nancy						
444	bce10302-6041-47d3-8851-9aa7e3cca0ea	3/27/2022 18:43	3/27/2022 18:43		I strongly oppose the proposed Segment B that crosses Custer Road (2478) and cuts into the Town of Prosper. I support all the Town of Prosper's current and previous resolutions opposing Segment B. Keep 380 on 380 as the Town of Prosper, Prosper ISD, ManeGait Therapeutic Riding Center and thousands of Collin County citizens have asked.	Nugent	Mary						
445	66d57bf6-89a0-41b4-8be4-5d099f5324fa	3/27/2022 19:00	3/27/2022 19:00	My family and I oppose segment B and support segment A because segment B will dramatically impact our quality of life in many ways. The roadway will cut through proposed expansions of our neighborhood and impact our home value, access to our neighborhood will be reduced, and we will not be able to enjoy our outdoor spaces due to higher road noise. Segment A will also address safety and traffic concerns at Custer and 380 which is becoming a major issue. Additionally, Segment B will require the relocation of Walnut Grove high school which is currently under construction, costing taxpayers even more money.		Oskvarek	Adam

452	f4ec342c-b0fc-415a-8654-01762701013d	3/27/2022 20:28	3/27/2022 20:28	My family and I oppose the proposed 380 bypass segment B. This would impact our community in many negative ways. Noise pollution , air pollution are sure to harm our children. Not to mention the dangers of having such a huge highway so close to our neighborhood and schools. The bypass would also be very harmful to the animals around the area and the beautiful horses at Mane Gait. It would truly sadden us to see this area ruined by such a thoughtless decision to build a bypass. This would also negatively impact our home values. Consider keeping 380 on 380 and avoid any more damage to our environment and health.		Taylor	Elizabeth Castil						
453	c10094ee-6bd8-46bc-80ee-811474347e7e	3/27/2022 20:41	3/27/2022 20:41	I am opposed to Plan B. There is no reason that residents in this section, mainly affecting Prosper, should be subjected to this idea.		Robinson	Melody						
454	2beb5a5e-23a7-41c6-84ee-c1cc459af6cf	3/27/2022 20:55	3/27/2022 20:55	As a 16 year resident of Mckinney, I support "Option B" it's not only better for north Texas as a whole but the best for the Community. I oppose option A, people in prosper are looking out for themselves, not the greater good.		Marr	Craig

455	8c297bf8-e7f5-4ccb-8e5c-b88bb65254ff	3/27/2022 21:01	3/27/2022 21:01	I appreciate that this process allows time to consider the community impact of this project; as a home owner just south of 380 at Stonebridge road I know that 'Option A' would irreparably damage our residential community and the livelihoods of business owners. The school just South of 380 on Stonebridge, Wilmeth Elementary, pulls half of its students from across Stonebridge. The students, K-4th grade, walk across Stonebridge to get to school. This is a busy student crossing before and after school. The increased traffic on Stonebridge that this would bring would be a hazard. Our residential community has business at the corner of 380 and Stonebridge, multiple owners live here in the neighborhood. They believe that they would be among the dozens of businesses displaced or closed permanently due to 'Option A'. Our neighborhood small business owners do not have other income streams in most cases. We and our neighbors strongly support Option B.		Stone	Mia

472	bc3a6619-f4a3-4d01-87d7-7a9e431bfd60	3/28/2022 0:59	3/28/2022 0:59		As a resident of Erwin Farms subdivision I am VERY concerned about the level of noise, pollution, and traffic that having such a huge freeway/bypass running right along our neighborhood will bring. When we moved to TX last year one of our criteria for homes was not being right along a highway/freeway, and now not only will we be right up against it when it's finished but we will have to endure a very long period, potentially years, of being surrounded by construction on all sides (Painted Tree, Wilmeth extension, Bloomdale/380 Bypass, etc). I'm already concerned about how we will get to school, church, work, and stores (and how long it will take) once all these projects are in full swing. I'd rather see a plan to widen/re-do 380/University as a straight line.	B	M

476	12bc67d7-fd62-4fab-8d3b-4becea42ebd1	3/28/2022 2:01	3/28/2022 2:01	I am strongly opposed to Option A for the US380 expansion project for the following reasons. • Option A displaces a total of 17 businesses, Option B displaces ZERO • Option A cost to relocate utilities is \$61 million, Option B is \$25 million • Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M • Option A total cost of design/construction is \$450M, Option B is \$428M • Option A total cost is about \$100M higher than Option B • Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B • Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres • Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. • There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure.		E	A						
477	5f0ac332-e910-42a3-81be-bdccc5ff41a70	3/28/2022 2:21	3/28/2022 2:21		Hello. Although I don't live near the proposed bypass, I am not in favor of it. It will impact housing areas and businesses and change the character of our town, splitting our small town! There will be those who lose their homes and there will be businesses that will be destroyed. It will impact a senior area under construction and the new high school being built off of 1st street - not safe for our seniors or our teens. We are the smallest town in the area and to dissect it is will have far reaching effects on land values, land uses, etc. A dissected Prosper will not prosper. Please choose a different route.	Cox	C

Option B costs less overall, is less disruptive to existing businesses and less impactful to wetlands and Statewide Important Farmland.</p>	Murray	Stephen						
486	7a28546f-585a-484b-89dd-d980428b1c55	3/28/2022 13:56	3/28/2022 13:56		<p>As a resident of Whitley Place in Prosper, I have a very strong opposition to Alignment B and fully support Alignment A. The Town of Prosper has always been forward thinking, so no alignment should impact our peaceful town. Should Alignment B be chosen, that would negatively impact MainGate, Billingsley Residential, Wandering Creek Residential, Ladera, Founder's Academy and a future Prosper ISD high school. All of these locations are already planned, built, or being built. We chose our neighborhood and town for the quite, community feel. Alignment B would completely go against the reasons we moved to this marvelous town.</p>	Hayes	Matthew

491	5c10aacf-a8bf-4f92-85a3-35a22aa6874f	3/28/2022 15:03	3/28/2022 15:03	custor/380... the creativity of this intersection is going to scare the shit out of people new to the area... creativity in traffic paters is not a good thing. Stonebridge Drive Alternative A: If there are 2 major east/west roads a few miles apart and stonebridge becomes a 6 lane road vs a 4 lane road it will turn stonebridge into a major north/south road and thus force all the traffic thru stonebridge ranch... not the intended idea to make that a major road... it will dramatically change the feel of stonebridge ranch... mckinney's largest neighborhood... Walnut Grove at 380. As a property owner in walnut grove I would like to see all access to walnut grove from 380 removed. I will make it difficult on myself and go in on custer at a light-- please provide-- so we don't have google maps and the like suggesting walnut grove as a cut thru for any congestion on 380 or custer in the future. the county roads can't handle that traffic nor can the feel of this iconic neighborhood.		Acquisto	Mike						L_work_for_TxDOT_
492	35b14752-8700-462a-8caf-3b3c480fc5c7	3/28/2022 15:07	3/28/2022 15:07	We are the land owners on the west side of future stonebridge with 23 acres of the lake frontage. We desire to have this neighborhood develop out as a premier neighborhood in mckinney with homes on the lake that are \$4mm each. We would like this road to be pub in asap and we are willing to assist to make that happen. We would desire the road be kept to 4 lanes total not 6. We understand it could be a single lane north and south at this point and that works fine with us. please contact us for anything future stonebridge related.		Acquisto	Michael S. 493	0eb5aa12-d94b-474b-89a8-2c9c4587520a	3/28/2022 15:31	3/28/2022 15:31	I strongly oppose plan B. The implementation of this plan will strongly effect current homes and future development in this area Not only will this plan have a negative effect on future growth but it will increase Noise Pollution affecting many more neighborhoods. Why can this project continue further north through the vacant farm lands and intersect with the North Dallas Tollway expansion?		Kraft	Albert						
494	cf69d9fe-ec52-4506-8215-88a2f5e680d7	3/28/2022 15:32	3/28/2022 15:32	The alignment of segment b seems to miss larger goals of community context and quality land development. While the alignment may save travel time due to an incrementally shorter routing, it seems that the overall loss of community connectivity and cohesion due to the splitting of the community by a new major transportation facility is a callback to the bad old days of Pre-NEPA highway design. Opportunity is lost within the parcels and unusable remnants remain. The benefits do not outweigh the burdens placed upon the local community and adjacent land.		W	Nick						L_am_a_business_owner_

497	2f809445-2985-41a8-8874-b53c998cb250	3/28/2022 16:25	3/28/2022 16:25	I live in Tucker hill and losing the left hand turn option onto university will be highly inconvenient. As well, the lower cost alternative "B" is a much more prudent use of our tax dollars. \$100 million delta between "A" and "B" doesn't include the McKinney pump station distribution lines. The area identified as option "B" is already less densely populated and should be the selected option.	The area identified as option "B" is already less densely populated and should be the selected option. The congestion and highway noise of a major highway passing adjacent to our neighborhood will disturb the residents. Having a development entrance at the highway exit will lead to higher & higher speed traffic in a residential neighborhood and is unsafe. An entrance to the neighborhood directly off the major highway will most likely lead to an increased crime rate and complaints from the residents of the neighborhood	White	J

519	da608906-5df0-4d1f-8937-ab4fc5d76834	3/28/2022 20:47	3/28/2022 20:47	As an individual who was in a horrid accident on 380 and Custer in October 2021, I feel passionate about voicing the need for the bypass to be on the west side of Custer. If the bypass is east of Custer I truly believe you will have more accidents like mine at the Custer area. We owe it to our community to consider safety, and for the safety of all driving on 380, the bypass needs to connect west of custer.		Hertzberg	Elizabeth						
520	1fc593b5-8e3a-4f19-8057-2983d984220f	3/28/2022 20:50	3/28/2022 20:50	Hi, I am writing to strongly oppose the building of Segment C & D expansion of the 380. I am a first-time homeowner who just months ago bought a House in the Willow Wood community. I am shocked that my reward for my economic input is a loud concrete jungle next to my front door. I am very worried about the noise. I have a small child, I am very worried about the pollution. Once the 2 segments are built there will be no way to control the noise - i bought this home for the quiet serene suburban surroundings. I am very upset and don't know what to do to be honest. We have invested over 600K to this city and I would like to know that our needs are being protected. Is there anything you can do to help? Thanks, Maria George		George	Maria						
521	7bac8e2a-7ccd-43a3-8496-c4a74f92caf	3/28/2022 20:53	3/28/2022 20:53	I am strongly opposed to Option A: <ul style="list-style-type: none"> A displaces a total of 17 businesses, B displaces ZERO A cost to relocate utilities is \$61 million, Option B is \$25 million A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M A total cost of design/construction is \$450M, B is \$428M A total cost is about \$100M higher than B A impacts more acres of wetlands, river/streams, and forest/prairies than B A impacts 14.9 acres of Statewide Important Farmland, B only 2 acres A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. B does not come as close to any existing neighborhoods. There will be increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure. There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd. This severely impacts both elementary schools which were designed to be "Walking Schools." 		Harper	M						

US 380 from Coit Road to FM 1827 - Online Comments

522	158e7a7f-f0c0-4de2-8bf1-c8fd8aa8fbc3	3/28/2022 21:20	3/28/2022 21:20	<p>As a resident of Prosper I strongly oppose any proposed alignment for the widening of US 380 not located along the existing US 380 corridor. Prosper planned and can accommodate growth; we shouldn't be impacted by McKinney's poor planning and leadership. Their problem is not our problem.</p> <p>The proposed B alignment poses a s negative impact to both existing and future residential and commercial developments, will increase ground-level ozone impacting at least two environmentally sensitive facilities, runs directly through a quickly developing section of Prosper causing significant environmental impacts, and is in close proximity to existing and future schools including high schools impacting thousands of students.</p> <p>Section B will end up coming directly behind my neighborhood and I was told this was resolved as a different bypass that would begin eastbound near ridge road on 380. This will massively effect my home value. Please reject B on this map</p>		Halback	Jeremy						
523	82388b66-cdaf-4d82-8652-0ecfde3e202b	3/28/2022 21:24	3/28/2022 21:24			Pennington	Kevin

This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.</p> <p>I also strongly oppose Segment-A. It should not be considered for the following reasons:</p> <ul style="list-style-type: none"> *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *Etc. <p>Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.</p>		Reif	Cyril

552	a91c1dca-2afa-42cf-88cb-150445b1a0e3	3/29/2022 2:10	3/29/2022 2:10	The route impacting Stonebridge Ranch is not desirable, this area was developed with 380 as it currently exists and I have to believe far more persons are impacted from the noise and traffic standpoint than in the other alignment. Secondly I do not understand why the option that is \$100M dollars (real money that could be utilized by TXDOT elsewhere) is being considered, especially when far fewer residents will be affected. Please choose the alignment that heads north west of Custer Road.	<p>As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.</p> <p>Segment-A should not be considered for the following reasons:</p> <p>*It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side.</p> <p>*Segment-A is \$99 million more than Segment-B.</p> <p>*Safety of the public during construction should be a concern as well, utilizing Segment-B allows for a safer construction process, with significantly less impact to current traffic flows on 380, which is win-win for those who utilize the highway, and those constructing it.</p>	Seyb	Jacob					work_for_TxDOT_	
553	9edfd954-fcb8-4fcd-8ead-5f19713fa0c6	3/29/2022 2:19	3/29/2022 2:19		<p>I oppose segment A and support Segment B. The alignment of segment B is much more intuitive for a regional transportation facility. The matrix prepared by TxDOT shows that segment B is a better option. It has fewer displacements, costs less, impacts fewer utilities, does not impact any sites with hazardous materials, and has a smaller impact on the environment and natural resources.</p> <p>Similarly, I support segment C over segment D. The matrix also shows that Segment C is the better option for many of the same reasons as Segment B.</p>	Graham	Gary					am_a_business_owner_	
554	4db612f1-a398-4f5c-8d32-2926cb37402b	3/29/2022 2:25	3/29/2022 2:25	I strongly support the Project 380 Segment-B option. I am less familiar with options C and D, but I support Segment-C for the same reason I support Segment-B. As a long term resident of McKinney, I have seen the dramatic increase in size over the last 30 years. Segment-A would be a very short sighted option. We need an option that gets the through traffic off of the current University Drive for the entire city. Allow local traffic to use University Drive as city traffic and not a through highway. Businesses like Raytheon are expanding and bringing hundreds of jobs to the area. There are hundreds of businesses and restaurants moving in. McKinney needs to have a road that can support those businesses without all the trucks and traffic for the entire city, not just the part on either side of US 75. Thank You. Jim Mays, P.E.		Mays	Jim						
555	8b83e0c6-774d-4043-83f3-91de52116e6d	3/29/2022 2:26	3/29/2022 2:26	I strongly OPPOSE the location of Segment B for the proposed Hwy 380 planning. This will destroy critical businesses and land and will needlessly harm our community. We only support widening of the existing 380 corridor through Prosper.		Johnson	J B						
556	29495e6e-5858-465f-8c63-c05abc34d570	3/29/2022 2:34	3/29/2022 2:34			Baumgarten	Katherine

560	9f17982d-435f-4ee1-8b8a-240f689a4be6	3/29/2022 2:58	3/29/2022 2:58	My attached comments focus primarily on the rights of adults and children with disabilities protected by the ADA and E.O. 12898, which provides for the fair treatment of adults and children with disabilities. Unfortunately, many persons within this vulnerable community cannot speak for themselves to protest the impact the proposed Segment B will have on their ability to improve their quality of their life and life experiences. It is very unfortunate that there are people who do not understand the value and benefit of ManeGait's programs and services to the minority group of adults and children with disabilities. This is an example of why the ADA was adopted to protect their rights, along with E.O. 12898 to ensure fair treatment. It would be an egregious error and violation of rights guaranteed by the ADA and E.O. 12898 to exclude, from the EIS analysis and discussion, the negative health hazards and environmental hazards imposed on adults and children with disabilities.		Pruett	Ben						
561	4ebda23a-0d74-482d-8882-7e564f80be54	3/29/2022 3:08	3/29/2022 3:08	This area near Lake La Cima is such a wonderful place that people from around McKinney come to visit for pictures, relaxing along the water, and fishing. It would not be same if a major freeway were constructed almost on top of it. It will no longer be the same at all. This needs to be considered when making plans for this roadway. Segment-B would avoid this area and cause much less disturbance to established areas like this.	As a homeowner right along 380, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods like mine along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Segment-A destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side, is \$99 million more than Segment-B, creates an overpass on 380 over Stonebridge Drive and Custer Road, significantly impacting road noise, and will increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, reducing our property values during construction as those are the only roads leading South from 380. Segment B is the best option to achieve the goals set out with this project.	Peisker	Matthew						
562	c6017c1d-86eb-4332-8f19-f3d95000ebe9	3/29/2022 3:21	3/29/2022 3:21	Option A would force the relocation of 17 business, comes in very near proximity to existing schools, is reported to cost near \$100m more than option B. Option B goes through a much lesser developed area.		Woolam	Bonnie						
563	f8edc0ed-804e-423b-8e01-6ab3991af350	3/29/2022 3:40	3/29/2022 3:40	Our home and beautiful neighborhood would be greatly indicted! In fact, this impacts our entire town! We are in our forever home. Safe and quiet. This would ruin it. It makes zero sense. This destroys property worth. This is NOT good for the environment. This needs to stay in McKinney. We have young grandchildren. We don't want to hear any freeways! Please don't ruin our property, or our town. Praying 🙏 This will NOT GO THROUGH.		Rellos	Karen						
564	52f37fdb-b564-42a3-81c7-70f5ee265265	3/29/2022 3:48	3/29/2022 3:48	How dare you destroy my home of Prosper! I STRONGLY oppose this God awful idea! Whoever came up with this needs to be fired! As a citizen and mother of Prosper you will ruin our town, our families, and make Prosper absolutely unsafe to live!! Stop this madness now! This directly impacts my home on Amistad right off of 380! This impacts my kids who go to those schools! KEEP 380 ON 380! Go ruin another town!!		Berglunds	Mackenzie						
565	addfd5-404d-4908-894d-3d0e1b16fcd9	3/29/2022 3:52	3/29/2022 3:52		Please keep 380 on 380. We don't want it cutting through already built amenities or planned schools.	Rodee	Kristin						
566	c8c1a795-29c5-4882-8e41-4ee6afc659d3	3/29/2022 3:54	3/29/2022 3:54		My family opposes option B. It runs too close to where the new Prosper high school will be and also too close to Manegait. Manegait is so beneficial to families in north Texas with children with special needs and also veterans. We CANNOT jeopardize their future!	Hudson	Maggie						
567	b40b9ed6-4fd3-49c9-8910-c6be84c87726	3/29/2022 3:59	3/29/2022 3:59	Segment B would run close to my subdivision which is close to the intersection of Prosper Trail and Coit Road. This road already handles a lot of traffic and any additional bypass traffic will directly impact the safety of my neighborhood, increase noise pollution, environmental pollution and will negatively impact schools (present and future) and residential property in the Segment B area. TxDot should use the existing alignment within Town limits, not cut through the town of Prosper and its residential areas and school zones. Segment B will also negatively affect the property values of the homes surrounding the ByPass.		Gent	S

Route B continues to expose the most vulnerable in the community (individuals with disabilities and children at nearby MaineGait, Founder's Academy School, Active Adult Community Ladera -55+ (coming soon)) to unreasonable levels of air pollution and traffic noise. How TXDOT continues to ignore the most vulnerable and "protected" classes of citizens is simply beyond our comprehension. McKinney's lack of planning and bullying through political pressure and scapegoats their issue onto Prosper is unacceptable. The citizens of Prosper respectfully ask that TXDOT not allow Mckinney to bully their issue into Prosper forfeiting our future tax revenues and more importantly, risking the health and safety of the most vulnerable populations where Route B would impact them the most.		KH	KH

589	eb118363-6d0a-4a7b-8ead-e4d1f2bbdc e2	3/29/2022 13:37	3/29/2022 13:37	I live in Stonebridge Ranch area and am very interested in the segment A vs segment B 380 alignment. Looking over the presentation material and as a former project manager for large industrial projects, segment B alignment would be the obvious choice due to lower initial lower cost and fewer intangibles that could substantially increase the cost of segment A alignment. The many unknown factors associated with segment A alignment should be avoided.		Robicheaux	Larry						
590	e9c6d837-8e60-4618-8967-4a421506a a3a	3/29/2022 13:49	3/29/2022 13:49	This would create a horrible impact for those of us who call Prosper home. The impact on Founders academy and Mane Gate and the future high school Walnut Grove would be so detrimental. The residential areas around those places as well. Prosper has a growth strategy that would be negatively impacted with this change of route		Plasky	K

592	6b620c2a-28eb-4a1a-8a78-866e1e186 5f3	3/29/2022 13:57	3/29/2022 13:57	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380, increasing traffic and noise and pollution in our neighborhoods. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Chapman	James						am_a_resident_

600	ce86529f-c20c-47b2-8264-e9b2fc612705	3/29/2022 14:53	3/29/2022 14:53	I am a homeowner and mother that lives in that location. I am also a physical therapist that treats young children. Putting the extension through this area will be extremely detrimental to my children and their school due to increased ozone, noise, and overall exposure of their school. It is even more detrimental to the at risk, immunocompromised children that attend MainGait, this current map with this extension approval will affect many kids and horses that train and have therapy in that area. These children are sensitive to sound, smell, and increased light to name a few and this extension will have a negative affect of them. This extension will be terrible for all of us that live inn the area. I have no doubt there is an alternative that will effect less homeowners, children, and children with special needs.		Niesman	Beth						
601	245b5782-1b0c-4907-8d8b-75c5521dbb29	3/29/2022 15:07	3/29/2022 15:07	As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Kaiser	Karen						
602	44cce892-efd2-4a57-8b64-0a008813b799	3/29/2022 15:20	3/29/2022 15:20	I oppose the TXDOT proposed improvements to U.S. 380 in Segments A through D. This proposal requires the destruction of existing homes, businesses, and farm land of Prosper, TX and Collin County. The problem resides in McKinney, TX, not elsewhere. This is not a creative solution to the current traffic congestion on U.S. 380 and U.S. 75. Public officials of Collin County will need to communicate with engineers, surveyors, stakeholders, and project managers to establish a creative highway interchange at the intersection of U.S. 380 and U.S. 75. Review the plans, projects, and results of highway interchanges on I-635 with U.S. 75 in Dallas, TX and the intersections of U.S. 287 with U.S. 277 in Wichita Falls, TX for ideas.		Franklin	Joshua						
603	736694f3-bfb7-4401-8f5f-7127280f9591	3/29/2022 15:31	3/29/2022 15:31	No to Option B.									
604	b8f1c479-0be6-4f45-87cb-7089ad2c40a2	3/29/2022 15:39	3/29/2022 15:39	My comments are related to area A v. area B. I live in Stonebridge Ranch near Custer and 380. If "A" is the option, it will disrupt more existing business, cost more to relocate utilities and acquire right of way easements, and with additional projected cost for design and construction, will cost \$100MM more to the taxpayers than option B. Please choose option B as it will be less disruptive to established neighborhoods and schools and will also cost less. Does not seem like a difficult decision, please make it. Select Option B, please.		Roberts	James						
605	30c2fbc3-7d17-4aff-8791-4ed4bb1b1fc3	3/29/2022 15:52	3/29/2022 15:52	As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. It is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. I also strongly oppose Segment-A. It should not be considered because It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side, the cost of Segment-A is \$99 million more than Segment-B, it will decrease traffic safety and increase traffic on Stonebridge neighborhood streets, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction. 609	Oc5a2102-45db-4ce5-8223-44b74b164a39	3/29/2022 16:22	3/29/2022 16:22	I am strongly opposed to Option A for the US380 expansion project for the following reasons. <ul style="list-style-type: none"> Option A displaces a total of 17 businesses, Option B displaces ZERO Option A cost to relocate utilities is \$61 million, Option B is \$25 million Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M Option A total cost of design/construction is \$450M, Option B is \$428M Option A total cost is about \$100M higher than Option B Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure. 		Sogga	Amy						
610	d5f169e1-76ea-430b-8c85-0aa6400cd503	3/29/2022 16:29	3/29/2022 16:29	Keep US 380 on US 380!!! Rerouting 380 with option B will absolutely destroy the east side of Prosper and it will affect so many students and residents! We want to preserve our small town feel of Prosper, therefore option B absolutely cannot happen!		Womble	Blake						
611	d9bcd8c7-ec92-498b-8fd2-d96df8026ff7	3/29/2022 16:30	3/29/2022 16:30		I don't see the problem with the current location of 380, I do see cons associated with the proposed move. One the area is in constant construction due to expansion, which is inconvenient to the residents and this will be a long project. Also neighborhoods are already built and formed in those areas and would bring down their value, as well as provide unnecessary disturbance to their life. Many residents of Prosper and McKinney would like to keep the more wide open country feel that a freeway would not bring. With the high amount of property taxes residents pay a freeway running through our neighborhoods is not what we pay for. It seems like a completely unnecessary move.	G	L						
612	f5f7c038-9f0e-4184-8fd2-06ea8c3fc619	3/29/2022 16:46	3/29/2022 16:46	I AM OPPOSED TO SEGMENT B. After reviewing the virtual meeting video and listening to my community leaders, I am vehemently opposed to segment B due to the negative impacts to the environment, economy, and quality of life in my neighborhood. It will... >Increase ground-level ozone impacting resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG). >Have a detrimental effect on ManeGait Therapeutic Horsemanship. >Bisect Prosper ISD (including Prosper and portions of Frisco and McKinney) separating homes from their schools and businesses. >Displace far more businesses and homes than indicated in the Segment Analysis Matrix due to the future growth of neighborhoods and businesses in the area. In addition, the expansion of the Dallas North Tollway and the construction of the Collin County Outer Loop should alleviate some of the traffic in the 380 corridor. All in all, I expanding 380 on 380 should be reevaluated.		Woods	Amy						
613	d1d608aa-3de0-4523-8a12-1cac0e8a4912	3/29/2022 16:47	3/29/2022 16:47	Segment B will create much more undesired impact than Segment A. It will split Prosper in two, it will go against Prosper's thoroughfare plan, it will also impact schools and ManeGait therapeutic facilities.		Martinez	Francisco						
614	4cd8587d-86c7-4bae-8164-c77654bc6946	3/29/2022 16:50	3/29/2022 16:50	I OPPOSE THE US 380 BYPASS IN PROSPER.		Reyes	Kathleen						
615	dd1c2478-133e-4ae5-806e-1bde7e25f5cc	3/29/2022 16:53	3/29/2022 16:53	HWY 380 needs expansion but it should be done without disturbing the existing communities. Expanding lanes with the current 380 footprint would be the least disruptive to residence in the existing neighborhoods. Overpass lanes similar to that at the Preston and Tollway intersections would accomplish the objective. I object to the Segment B proposal.		Roulet	Scott						
616	5b39e766-b33b-4bc6-8495-50dfa76b4466	3/29/2022 17:07	3/29/2022 17:07	As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Isaksen	Thomas						
617	9be60720-b68c-4137-8905-6a7c21411767	3/29/2022 17:21	3/29/2022 17:21	How is option A still on the table with an additional 99 million needed to complete it? It also displaces 17 small business and makes traffic in and out of Stonebridge (which is an active community) also dangerous. Option B is the clear choice if you are really concerned about traffic flow, safety, displacement t and overall cost of the project.		Stevens	Hunter						
618	afc8f5d7-f922-4fcb-84f7-7c9cb4f772ad	3/29/2022 17:42	3/29/2022 17:42	I purchased this home two years ago because I wanted away from busy highways and wanted the small town quiet that Prosper offered. This bypass will certainly ruin that, negatively impact property values and destroy the culture that prosper represents. Not to mention the impact it will have on schools and the retirement facilities especially during the construction process ... not to mention for years to come after completion.		McGuffin	Gregory

620	b8d7f6e8-a8de-4e80-8553-911367b2caa3	3/29/2022 17:58	3/29/2022 17:58	I am strongly opposed to C and D on the map! This brings this loop too close to existing neighborhoods and will kill the environment as it currently exists. We moved into the Willow Wood neighborhood for the serenity of being away from highways. This will take that away. In addition, it is a huge waste of money to bypass this section of 380 that is not congested. It has no purpose. The area that needs an adjustment is West of Hiway 75 between McKinney and Prosper. This funding could be used to develop something in that area and make a much better impact on the community. Please scrap this project and look at the area West of 75 instead of wasting funds on something that won't have an impact. Thank you!		Smith	Joyce						
621	c3b62ca0-4033-4629-86c0-95caf96243bf	3/29/2022 18:01	3/29/2022 18:01	Strongly oppose Option B. Prosper has a small town feel which is exactly the reason most residents have chosen this area to call home. By adding another interstate type structure, it will be sandwiched between multiple very large concrete roadways with the tollway expansion, Preston expansion, 380 and now considering a bypass? No thanks. In addition, the amazing work by MainGate will be wiped out. From an aerial viewpoint, Option A seems to be the most less intrusive option. It appears that Option A goes through more rural land vs hurting businesses and residents.		S	C						
622	0c1b9aee-e00c-4353-89ac-44ac0161ca52	3/29/2022 18:09	3/29/2022 18:09	I would like to see the plan for section B to be built on the west end of this and section C on the east.		Shutka	M						
623	92c266d9-908e-4235-8921-d53641239a91	3/29/2022 18:15	3/29/2022 18:15	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Gaughan	Kristin						
624	dfb2b317-2522-429d-84ce-d5081130cd85	3/29/2022 18:19	3/29/2022 18:19	To whom it may concern: Segment B of the proposed Gold/Brown alignment poses significant, negative impact to both existing and future residential and commercial developments planned within the Town of Prosper. This proposed alignment would interrupt a lot of construction going on now and future construction. Prosper planned for 380 to remain on 380 and that should be respected. Instead McKinney's poor planning is being pushed off on Prosper. That is unfair to Prosper. Please do not choose segment B.		Kabel	Ruth						
625	51e70e5f-9295-4682-874f-33e83d29d331	3/29/2022 18:22	3/29/2022 18:22		I live near the intersection of Stonebridge Drive and Highway 380. I strongly oppose segment A as a solution to the Highway 380 bypass. I cite the cost of segment A (\$99 million more than the segment B solution); the creation of an overpass on highway 380 over Stonebridge Drive and Custer Road; and potential increased traffic on local streets such as Stonebridge Drive, Ridge Road and Lake Forest Drive (which I use quite a bit during my work week). I believe segment B is a superior solution. It has the least disruptions to local businesses and from what I read, no displacements. There will be very little impact on existing home and neighborhoods like mine (close to Highway 380). Lastly, the cost is the least expensive option by almost \$99 million when compared to the segment A solution.	Garciano	Werner						
626	795fa1fb-fa8c-41f6-852e-fc6db7e0e3f0	3/29/2022 18:29	3/29/2022 18:29	I signed a contract on our home in 2020. We moved in 2022. We had no idea when we decided to purchase this home that this was being proposed. I am referring to Segment B. I live in the Brookhollow phase in Prosper and this would really impact our community. The emissions polluting my neighborhood is my greatest concern followed by property values. Not only will they very likely decrease because most buyers would not want to live so close to a major highway, but we would have noise pollution too. Now we cannot easily move if the project is approved because interest rates are going higher, property values are higher and we are now stuck in a home that may be polluted by this project because moving to a similar property is no longer financially feasible. Is there not another route that impacts more rural areas and minimizes impact on so many homeowners? If you can impact a dozen homeowners rather than hundreds and thousands, that seems like a better alternative. I am against segment B.		L.	Stefanie						
627	7f495484-f3bc-464b-8d4b-c3c36dd16be6	3/29/2022 18:53	3/29/2022 18:53	As a prosper resident, I do not consider Option B to be viable option as I believe it will decrease residential values and kill future development in that part of the city. Prosper is not a large town, so a small loss in developable area is a huge loss to the city and its residents...especially residential areas.		Roberts	Jay						
628	fa515065-eea8-4549-8e29-f515b79dc78e	3/29/2022 19:07	3/29/2022 19:07	I have owned property for 30 years and lived in Prosper for almost 28 of those years. We were well aware before we moved here that growth would happen - it was inevitable. Hwy 380 was 2 lanes and Custer Road was a stop sign at their intersection. I HIGHLY oppose the B route. I realize that it will cost 100M more than route A but in the large scheme of things, that is minimal. Prosper has done a good job in thinking about growth and the expansion of 380 - McKinney has not. I do not agree with destroying an area that gains little if any benefits from the expansion using route B. I can't imagine what it will do to future property values but I can't imagine it would be good.		Journey	Mary Jane

630	335d2ced-6af4-4c0e-8f51-ba2d83a5474c	3/29/2022 19:22	3/29/2022 19:22	Segment B is going to drastically change the residential plans and growth plans for the Town of Prosper in a major way. Not only is this going to cut in to land that is used currently to help the people in this area but also will impact residences and my neighborhood specifically. We did not purchase in this area so the traffic would increase and small town feel would go away. We strongly oppose Segment B.		Frentz	D						
631	76cddbbaac66-4534-80ad-73b43fb63f26	3/29/2022 19:23	3/29/2022 19:23	I strongly SUPPORT the 380 Seg-B bypass option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes/families living in neighborhoods along and adjacent to US 380. It is the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A for the following reasons: *It will create an overpass on 380 over Stonebridge Drive and Custer Road and will also cause the installation of water ducts over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to 380 such as Stonebridge Dr, Ridge Rd and Lake Forest Dr, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. *It will also cause a large interchange to be constructed at the intersection of Seg-A and 380, potentially depressing home values in that area.		Vanness	Ryan						
632	bd292afe-af94-4ffa-83bf-140296c68655	3/29/2022 19:24	3/29/2022 19:24		As a prosper resident, I am worried about the impact of a 8 lane highway next to two schools,(fca prosper and new highschool of prosper). Also we moved to Prosper to get the feel of a small town.	Nataraj	Renju						
633	a70f5738-bcd4-4a81-84f6-bdde2bed22c7	3/29/2022 19:28	3/29/2022 19:28	Opposed to plan B as this impacts directly Lakewood/Brookhollow subdivisions. The increased noise, increased traffic, reduced accessibility to the subdivisions because of right turn only going west on 380 make this option a poor one. Emergency vehicles coming into subdivisions will have to access via Coit Rd. The widening of 380 in this area also will create massive traffic problems, congestion and potential market value reduction for homes in the subdivision.		McKenzie	Peter						
634	5c1fa9a4-88aa-417f-8a22-31bd94c8b82c	3/29/2022 19:31	3/29/2022 19:31	I live in Whitley Place and the proposed would directly affect my family by the noise level, pollution and added traffic through the neighborhood. We have elementary age children who play outside daily and if the bypass is approved our neighbor would no longer be safe for them to play outside		Seeger	Heidi						_work_for_TxDOT_
635	8732b9df-d119-4425-8e0a-4db0975a6190	3/29/2022 19:33	3/29/2022 19:33	I strongly oppose this the Segment B option. This will put a major highway through residential areas and extremely close to the new Prosper HS location, which is not good for the Prosper community. I request that you eliminate Segment B from consideration.	I strongly oppose this the Segment B option. With this proposal planned to dissect Prosper and run in the middle of Prosper will kill Prosper's growth and property value. I do not support SEGMENT B.	P	S						
640	e3a80406-611a-4a53-8352-22234b7c0572	3/29/2022 19:54	3/29/2022 19:54	My wife and I strongly oppose the 380 Bypass project Segment B! As the Town of Prosper is only 27 square miles, compared to McKinney at approximately 62.9, it is necessary the Town makes use of it's long range strategic plan which incorporates the use of limited land resources to best benefit the Towns citizens and community. Segment B of the 380 project will prevent this from happening as it runs through an area that has been zoned for commercial and residential development. Therefore the bypass will severely impact the tax base and can have the potential of limiting the towns ability to provide the best possible services to it's citizens. Additionally, the noise and air pollution and effects on humans and the natural environment will have a severe impact on the Founders Academy, new Prosper high school, and the new senior community. Once you combine these environmental intrusion with the current widening of Custer Rd you will have created an environmental disaster.		Goldman	Bob

General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
641	bf5a61f4-3dc8-47eb-8e65-ef39e16d9785	3/29/2022 19:57	3/29/2022 19:57	As a resident of Prosper, I strongly oppose Option B. It appears that Option B is gaining a lot of momentum simply because Prosper does not have the number of voters that McKinney has. Prosper is a very small and unique town and Option B would have a substantial impact on Prosper as a whole. I can assure you that many of the residents in the neighborhoods that are impacted would move. It would also have a negative impact on many children that are currently attending Founders Academy and also the future Walnut Grove High School. It would diminish the air quality in the town of Prosper and it would probably force ManeGate Therapeutic to close. It just feels like Prosper is being "big brothered" here because McKinney does not want it impacting their neighborhoods. I have still yet to understand the "benefit" of choosing option B over Option A.		Decker	Alan						
642	88ffc5ae-eee9-412c-8103-e28ec975d20d	3/29/2022 20:12	3/29/2022 20:12		I am highly concerned about 380 cutting through Prosper, in particular the Brookhollow development. We just bought a house in this area and do not want to live next to an eight lane hwy. This will drag the property values down along with the noise it will bring to our area. We will be forced to move. I also hate see our taxes being compromised by TXDot by not building future developments in Brookhollow and our schools losing money that would have been going to them. This is a completely ridiculous plan for this expansion.	A	M						
643	f1e83913-e5f7-489b-83e0-a56f21a8a0cf	3/29/2022 20:28	3/29/2022 20:28	It's hard to believe that the city is considering Option A, which will include an even bigger highway adjacent to an elementary school (McClure) and a pre-K school (Goddard school). This will cause massive increase in traffic near those schools - exactly what we don't want for our kids. This is in addition to the negative impacts on the Stonebridge neighborhoods of La Cima, Wren Creek and Kensington, and to the neighborhood of Tucker Hill	I don't understand why the city should even consider option A over Option B, when Option A will destroy many businesses, impact more homes along the existing 380 corridor and comes at a greater cost than Option B.	Collins	D						
644	33aa3e54-ca69-49fc-82ce-3456649b30f8	3/29/2022 20:44	3/29/2022 20:44	I STRONGLY OPPOSE OPTION B! As a resident of Prosper, we moved here for the small town feel and chose to invest in a home that we felt would be a safe investment based on the planned development around it. While I understand road expansion and growth, I never imagined a huge freeway going right by our home and children's school. Option B would be detrimental from a noise and traffic perspective, it would destroy existing developments and greatly diminish the land Prosper has to build on. Please keep 380 on 380!		Collins	Catherine						
645	0e706bdc-6676-4a41-8226-5c342aaf747d	3/29/2022 20:45	3/29/2022 20:45	380 NEEDS TO STAY ON 380. Why would it be necessary to have any kind of by-pass? Highway 121 doesn't have any, the GBF doesn't have any, and LBJ doesn't have any, so why would it be necessary to have one on the next loop so to speak going north? Adding any kind of loop at this advanced stage of development in Prosper or McKinney will destroy many property values and ruin existing businesses.		Oenbrink	Ken						
646	4731e986-e96d-4ed6-8d24-fd7de00be7f0	3/29/2022 20:51	3/29/2022 20:51	I am a homeowner in the East end of Prosper in the Whitley Place development. This neighborhood was selected because it was not located on 380 anticipating that it would be expanded in the future. Segment B severely impacts the area I live in as well as it impacts to the City of Prosper's continues expansion. There are approved and future developments already planned that this highway segment B would kill entirely and those developments stand to improve the City of Prosper. Additional the impact to Mane Gate non profit is devastating. Prosper has already passed multiple resolutions against this encroachment on the city and it's negative impact. Keep US 380 on US 380.		Collins	Dean						
647	ece39b1b-0202-4712-8344-9a20762529e4	3/29/2022 21:09	3/29/2022 21:09	Please accept this input as a request to avoid new alternative route B due to the direct harm that it will cause to residences in this area of Prosper including noise, aesthetics, and the rural look and feel people have come here to enjoy. Thank you, Martin D Smith, [REDACTED]		Smith	Martin						
648	6fe69086-9a88-4e22-8f94-5495b345452c	3/29/2022 21:26	3/29/2022 21:26	area B and A on the map has houses it will be lot easier just to expand 380 with 2-4 more lanes or build over pass on top of important traffic lights like you did on 380 and dallas parkway and 380 and Preston.		Rodriguez	carlos						
649	cfcea459-2ac0-4ce9-8918-f0c1668343db	3/29/2022 21:40	3/29/2022 21:40	Hello, I am a resident of Prosper, Tx and I'm submitting my comment in regards to the 380 bypass route coming through Prosper. I do not want to see this happen due to the Main Gate facility that supports so many with disabilities and to the many new homes that are scheduled to be developed. Also, this will run directly south if the Founders Classical Academy in Prosper which will cause traffic hazards. Please reconsider moving the bypass route to another location and not through Prosper. Thank you!		Hook	Robert						
650	b6a907f5-6b9d-4f4b-805a-971aeeebbdaa	3/29/2022 21:41	3/29/2022 21:41		Plan B would greatly impact and put hardship on several people and areas in Prosper. Plan B would environmentally hurt the Therapeutic Horsemanship which provides equine therapy to hundreds of adults and children with disabilities. There is no replacement for this very special and needed service. Prosper ISD has already purchased land to build several more schools. Plan B have the highway impacting these future schools and homes. Prosper is a small community. Please do not harm and destroy this community.	Smith	June						
651	f97e65b2-64e1-4010-82cf-3abe14510e53	3/29/2022 21:54	3/29/2022 21:54	I am strongly opposed to Option A for the US380 expansion project for the following reasons. <ul style="list-style-type: none"> Option A displaces a total of 17 businesses, Option B displaces ZERO Option A cost to relocate utilities is \$61 million, Option B is \$25 million Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M Option A total cost of design/construction is \$450M, Option B is \$428M Option A total cost is about \$100M higher than Option B Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure. 		Kasali	Nigel

673	128841cd-c3a4-4722-8603-520edb276d9d	3/30/2022 3:01	3/30/2022 3:01	I feel strongly that Proposal A is the best long term selection of those presented. I believe the volume of traffic on 380, with any bypass plan, will still warrant an expanded highway. Therefore, it's imperative that at the very least the portion through Prosper and into the western edge of McKinney plan around a raised or lowered highway with access roads. The business relocation is not that great in the grand scheme, while the new development can work around the future plans. The traffic entering Prosper from the Denton County area will already be traveling this format. Also note, the volume of vehicles transitioning north/south at Custer, Coit, and the future Independence, will be better transitioned in Prosper with a highway system in place and not having to connect through smaller roads to converge onto a highway headed north at Independence, or be bogged down with lights trying to navigate to shopping/entertainment destinations along Hwy. 380.		Dearing	Jennifer						
674	24060554-565f-4238-8a10-3bcfabf92b18	3/30/2022 3:19	3/30/2022 3:19		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.	Tallman	Ken						
675	88c9e3f3-e5f9-45ff-8b3c-5125752a7d7b	3/30/2022 4:29	3/30/2022 4:29	I am a prosper resident of only 1 year and I can tell you it would greatly and negatively impact our small town. Not only Environmentally but way of living. Noise, more car emissions, home values to greatly be devalued, and people on a busy freeway going straight through the middle of our town that currently holds animal life, clean air, and small family life feels. I grew up in Rowlett and in front of my high school was cattle and land...now it's George bush. I came to Prosper to get away from that. Don't change our town! Allow us to decide for ourselves. Allow us to keep our town values and environment! Allow us to keep enjoying life in Prosper! Thank you in advance, very concerned resident		G	Brittany						
676	b1f04da4-20b8-4c07-8ce3-809b63d7cd1e	3/30/2022 4:55	3/30/2022 4:55	I am a prosper resident of only 1 year and I can tell you it would have a grave and negative impact to our small town. Not only Environmentally but way of living. Noise, more car emissions, home values to greatly be devalued, and people on a busy freeway going straight through the middle of our town that currently holds animal life, clean air, and small family life feels. I grew up in Rowlett and in front of my high school was cattle and land...now it's George bush. I came to Prosper to get away from that. I oppose this, Don't change our town! 682	e1664e46-897a-426e-85c9-d4fb740f17d1	3/30/2022 13:53	3/30/2022 13:53		The poor planning of Mckinney should not be on the city of Prosper or any other that will be effected by this monstrosity. Isn't enough enough?! You are going to RUIN everyone's property values and generally just the slower paced living that we ALLLL moved to this area for just to line some city officials pockets. Not to mention the schools and safety issues this is going to cause.								
683	767a02b5-6c6a-4cae-895e-daa627641e04	3/30/2022 15:01	3/30/2022 15:01	Completely against the proposal B , would make a quiet area in a jammed and congested one. I don't even know how the B is an option.		morales	gregorio						
684	14fd22c9-d46f-49fe-8dcb-75da94867ada	3/30/2022 15:05	3/30/2022 15:05	My family lives in the La Cima community of Stonebridge Ranch. We would like to voice our opposition to the proposed Option A as it will have a major negative impact on our neighborhood and the beautiful lakes and park areas near Stonebridge Drive and 380. These lakes, park and nature areas are a place my children visit on a weekly basis to fish and ride bikes. Option A would put an 8-lane elevated highway running right next to this area and would undoubtedly reduce the quality of these fully-developed green areas and one of the reasons we and many other families moved to this area. Option B is the appropriate route to build as it runs almost exclusively through less and/or undeveloped areas and away from the many established and populated neighborhoods in this area of McKinney.		York	David and Kelly						
685	8c098264-c0d3-4017-837b-71bf656a6553	3/30/2022 15:07	3/30/2022 15:07	This is ridiculous and insane. The 380 needs to stay where it is and spend money on outer loop. The proposal running thru middle of prosper is detrimental to homes, children at the high school being built, animals and more. This should never be allowed. There is the outer loop spend the money there and it doesn't negatively affect those around it as much as the proposal thru prosper.		Kang	Courtney						
686	3b882f2e-88fc-4c82-85c9-82d635788dbf	3/30/2022 15:38	3/30/2022 15:38	No on B!!!!		Manguray	m						
687	1687d73b-4fcb-4411-8c66-e0e711c7c75a	3/30/2022 15:38	3/30/2022 15:38	As a resident in this area, I strongly oppose Option A. Option A is reported to have a significantly higher fiscal cost, the personal cost to Homeowners and Businesses should also be seriously considered. Option B is less expensive, fiscally and personally. I support Option B. I strongly oppose Option A.		O'Neal	Margaret						
688	3d9c43a2-9e71-4d2f-8468-b6b05b5271ef	3/30/2022 15:53	3/30/2022 15:53	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. I do NOT support the Segment-A option. It is far more expensive...providing no congruent benefits to justify the cost. It would significantly impact 17 small businesses West of the 380 and Custer intersection on the North side. It would also increase traffic, noise, and pollution in McKinney neighborhoods--needlessly reducing property values during and after construction. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		H	T						
689	b3877c91-a428-4090-8e1c-b0b336920db9	3/30/2022 15:54	3/30/2022 15:54		The best alternative is D, E, B route. Least impact on MAJORITY of residences, businesses, and future growth.	McCarthy	Thomas						
690	706c6e36-1fa3-4a61-8a6a-7efdb591fc35	3/30/2022 16:05	3/30/2022 16:05	Option B is absolutely unacceptable. It is entirely too close to schools and would be a traffic nightmare for those of us who specifically moved to prosper for a smaller town environment.		Becker	Michelle						
691	e1f33c3b-75cc-4ab2-8967-1e3a7fc7f106	3/30/2022 16:05	3/30/2022 16:05	Oppose to section B.		Tim	Kirksey						
692	6e55f258-0785-445c-854f-06d9c6eda588	3/30/2022 16:06	3/30/2022 16:06	I do not want you top do B. How did you come up with the cost on these plans? The plan B will seriously effect future plans for prosper and schools. The air quality will affect ManeGait. The new Founders Academy is also going to be affected plus my neighbor Whitley Place. The New schools already under construction will also be affected impacting thousands of students.		LaGroue	Stanley						
693	c8212409-5bfc-4cd8-8623-22b8e5c2d6cc	3/30/2022 16:37	3/30/2022 16:37	Please keep 380 on 380. Segment B poses a significant, negative impact to both existing and future residential and commercial developments planned within Prosper and would directly impact over 360 future homes and thousands of residents and indirectly impact many more. Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG). Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits. Segment B has a detrimental effect on ManeGait Therapeutic. Segment B is in close proximity to existing and future schools including high schools impacting thousands of students.		HARRY	TURNER

694	71a50566-355f-48ce-887f-27b908042b4a	3/30/2022 16:58	3/30/2022 16:58	As a resident of McKinney/ Stonebridge Ranch and a realtor, segment A would be a huge detriment to the northern segment of Stonebridge and a huge detriment to the Tucker Hill community. Majority of the 380 bypass is intersecting McKinney as it is. Prosper should take on a section of it. There needs to be a larger section to the bypass versus trying to make it intersect with the original part of 380 in the McKinney area.		Flynn	T						
695	0590a471-2354-4c41-812b-24951121beea	3/30/2022 17:22	3/30/2022 17:22	I am in 100% disagreement with using option B as it cuts directly through residential areas within Prosper where I live. In addition it runs right by a new school and a business that provides therapy to disabled children. This will destroy the town of Prosper, one of the fastest growing cities in Texas. Either choose option A or take the highway out to the Dallas North Tollway. There has to be a better way to go here. Option B is a terrible choice. Please count this as my firm dispute of this potential option. Even doing nothing at all would be a much better option....		Safstrom	Kurt						_am_a_business_owner_
696	aba3facf-fec0-4591-8542-f56084ad453e	3/30/2022 17:44	3/30/2022 17:44	I live in the neighborhood Ridgecrest and I do not agree with having this roadway intersect with 380 behind our neighborhood. I feel as if it would take away from our home values and greatly impact the quality of our neighborhood life. We already suffer from drivers using our neighborhood as a cut through from either Virginia/Stonebridge out to 380. I would think that it would be more feasible to build this type of roadway on land that is not currently developed (north of 380) in such a way not to negatively impact any existing commercial or residential areas. I truly hope that the committee will listen to all of the feedback and make the right decision that makes the most sense for the families that live there.		Sayman	Alice

698	312bd9e3-c337-4111-89f6-66f74681de18	3/30/2022 17:58	3/30/2022 17:58	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. I also strongly OPPOSE Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Dr., Ridge RD and Lake Forest Dr., increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village.									
699	005a3cf6-7187-4719-80b8-d6e250602242	3/30/2022 18:09	3/30/2022 18:09	I strongly oppose option B. This size road and overpass running through the small town of Prosper, which consists mostly of housing, is unacceptable and creates unnecessary danger. It's also objectionable for the large city of McKinney to push its problem on to their small town neighbor, Prosper. This type of highway running through Prosper will be extremely dangerous and will absolutely ruin the small town feel Prosper has worked extremely hard to retain, despite the growth. The Town of Prosper planned ahead for their portion of 380 to handle the growth. McKinney's lack of planning should not constitute Prosper having to suffer.		Fanelli	Sarah						
700	f341bd22-6540-4917-892c-e331010c0d04	3/30/2022 18:24	3/30/2022 18:24	The area selected is Segment B. Seems many more current residents businesses and schools are impacted directly with this route. This pushes Noise, crime and pollution nearer to the living space of people. I'm definitely not for this segment. I'm for "Keep 380 on 380.". Alternative B ruins the look and feel of Prosper and should not be ok for TXDOT or others to push this as a viable alternative on the people. The alternatives in this decision pit neighborhoods, business and cities / counties against each other. We expect better use our tax dollars. Keep 380 on 380 and deal with the issues on the existing route. Don't push it somewhere else. Don't force it on the people.		Georgette	Robert						
701	da0f418b-7186-4951-8a77-876ffb9f999c	3/30/2022 18:34	3/30/2022 18:34	This would ruin Prosper and the surrounding areas. Keep the road where it is.		Beatty	Catherine						
702	85f19cb9-b8dc-454d-8411-e033a6d62a9c	3/30/2022 19:21	3/30/2022 19:21	Living in McKinney, I think option B is the best And I also think option C is very good going eastbound. Option A does not make sense to me and drops traffic right into the middle of town. Most people using this bypass will be wanting to go further and bypass the McKinney 380 traffic, which is why I have chosen option B.		A	Robert						
703	5dc3fb32-aa04-418d-86d9-e3e2402e27d9	3/30/2022 19:57	3/30/2022 19:57		Option A displaces 17 businesses. Option B displaces 0 businesses Option A total cost is about \$100 Million higher than Option B Option A will severely increase the noise in established Stonebridge Ranch neighborhoods. Option B does not come close to any existing neighborhoods. Option A impacts more acres of wetlands, rivers/streams, and forest/prairies than Option B. Please use this information when you are making your final decision.	Martin	Christine

Nobody is going to like it no matter what the decision is. But something has to be done to minimize the impact of the significant increase of traffic along 380. I now avoid it AT ALL COSTS. It's ridiculous.	H	J						
715	d0bd16f5-6483-4ab0-8ee9-0b358ec18f89	3/30/2022 21:10	3/30/2022 21:10	I am strongly opposed to Option A for the US380 expansion project for the following reasons. • Option A displaces a total of 17 businesses, Option B displaces ZERO • Option A cost to relocate utilities is \$61 million, Option B is \$25 million • Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M • Option A total cost of design/construction is \$450M, Option B is \$428M • Option A total cost is about \$100M higher than Option B • Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B • Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres • Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. • There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure.	Rosenthal	Amy							
716	ce84952d-8521-4f71-89fa-44a4367bc755	3/30/2022 21:12	3/30/2022 21:12	Option B makes more sense than option A. Option B relieves traffic on a longer segment of US 380. More importantly, Option B is a safer route to travel with its more gradual turns.		Carley	Kenneth						
717	ecff48ca-434a-4f35-882d-1f8fca898fc3	3/30/2022 21:30	3/30/2022 21:30	I am a citizen of McKinney and I live in Stonebridge Ranch off 380. I would like to make a proposal to accept B, E and C for the new 380 Bypass. 380 has become so very dangerous with all of the 18 wheelers, concrete trucks and rock haulers, as well as all of the commuters. With the new growth for our city of McKinney the bypass makes the most sense. Thank you.		Weaver	L						
718	2e738d05-a607-4999-81ea-40b3e7ae7320	3/30/2022 21:43	3/30/2022 21:43	As a McKinney resident, I would prefer option B/E for the 380 expansion plan. Baylor Scott & White Medical Center is a hospital that serves the needs of all surrounding cities, and option A would take 380 extremely close to their property [REDACTED], potentially contributing to traffic congestion in the area that could prevent emergency services from adequately servicing all surrounding communities.		Pendergrass	Ryan						
719	db99bb39-6705-4c5b-8aa6-0aac85ec0610	3/30/2022 21:51	3/30/2022 21:51	Alternative plan with segments B,E,C is the best proposal for everyone in the cities of Prosper, McKinney, New Hope and the surrounding areas.	Re: Proposed improvements to US 380 from Coit Road to FM 1827, Collin County, Texas Dear Mr. Stephen Endres, I am a resident of the City of McKinney [REDACTED] and I am writing to support the proposed improvement plan with alignment/segment B,E,C (The Brown Alternative in the project description). Having reviewed TxDot's proposed improvement plans, I would like to request you to approve this plan for the benefit of all and for the future. Alternative plan with segments B,E,C is the best proposal for everyone in the cities of Prosper, McKinney, New Hope and the surrounding areas. Thank you for considering my comments. Sincerely, Joseph Alummoottil	Alummoottil	Joseph						
720	ceff5a51-6093-4ee6-887d-988c35e1797a	3/30/2022 21:55	3/30/2022 21:55	I believe alignments B and E would best facilitate relief from congestion on existing 380 - and support both current and future business development, with lowest impact on residents.		Schneible	Cynthia

Not to mention, the noise it will produce for our outdoor living experience will be exponential. We bought here three years ago and never dreamed a major highway would decrease our property values within a year.		Jenni	Devenny						
722	54f6c65f-da63-42ed-8da1-47e67453c7a7	3/30/2022 22:17	3/30/2022 22:17		TxDOT, we the people of the Town of Prosper DO NOT WANT THIS IN PROSPER!! McKinney needs to solve their own infrastructure problems.	Sims	Travis						
723	120dbc85-564b-41eb-8ceb-8b51750d239f	3/30/2022 22:32	3/30/2022 22:32	Alignment B would be detrimental to the town Prosper not only from a fiscal perspective but also to critical services offered to our community (Manesgait, Founders,etc.). The further impact to the immediate community would significant impact daily life to a large portion of the town.		Mitchell	Matthew						
724	5f36dcd0-7c71-4bc8-854e-1ca636f2501e	3/30/2022 22:58	3/30/2022 22:58	Due to the invasiveness of segment B, I oppose this option. Prosper residents would be significantly impacted, and neighborhoods would be polluted with emissions and noise.									
725	e7250a61-fcf1-40b0-8eee-408a6a767f90	3/30/2022 22:58	3/30/2022 22:58		I am strongly opposed to option A as it will have the most negative impact on the most people and businesses.	Leos	David						
726	52ae8983-4fed-4b9a-8d65-8d841389b086	3/30/2022 22:58	3/30/2022 22:58	I am against segment B. There are multiple school sights that are either in session or in construction as well as many residential communities. I would think the expansion of 380 to segment A would be preferred and would allow for a much more dynamic use of commercial spaces and therefor would bring in more tax money and improve community moral through shopping and dining options.		LeMaire	Adam						
727	28b0b71c-1374-4302-8e09-37eb19f04f89	3/30/2022 23:02	3/30/2022 23:02	I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		acquisto	shana						_work_for_TxDOT_
728	e1abea3b-9253-49c1-8485-d37fe0221f47	3/30/2022 23:22	3/30/2022 23:22	Hello, I am strongly opposed to the Option A alignment. It displaces 17 businesses, will cost \$61 million to relocate utilities and \$178 million to acquire right of way. Coupled with the massive increase in noise and environmental pollution, this option is a non-starter for myself and many others since Tucker Hill will then be surrounded on three sides by major highways. These factors will also negatively impact home values and potential resale opportunities. Option B minimally impacts businesses, costs significantly less than option A and impacts far fewer homes. Of particular concern to the Tucker Hill neighborhood is no thought or concern presented for residents to safely enter/exit the community westbound or eastbound as is currently permissible. Taken as a whole, there are far more fiscally and socially responsible reasons why Option B should be the chosen route. Respectfully, Brian De Paul		De Paul	Brian						
729	59ae5e25-eed1-4d38-871e-34a0f59b59f8	3/30/2022 23:29	3/30/2022 23:29	VOTE TO ABANDON PLAN B. Brookhollow is a Master Planned Community with Lakes, trails, homes, apartments and industrial on the 380-frontage road. PLAN B would split the community, add wide roads, off ramps, noise, and air quality problems. I propose making and widening Custer Rd as the off ramp to 380. Custer Rd is already an industrial road. Custer Road would also serve the Stonebridge community as a direct link to this massive master planned community. This route would encourage the Stonebridge community to use this bypass. I doubt most would use the bypass if they have to back track on 380 to Custer Rd.		Ralls	JL						
730	4a856ef1-0ff5-4b0a-808b-0ab8992ded3e	3/30/2022 23:33	3/30/2022 23:33	I moved my family to Prosper 3 years ago in order to move away from the rapidly expanding roadways in the Frisco area we lived previously. I now live at coit and 380 and am fearful on the proposed segment b and highly oppose this option. We moved here for the promise of a planned community that offered a small town feeling and safe, environmentally friendly area to live. Please remove option b from this plan! Thank you for hearing my comments and I wish you well in this project.		Rieken	Karrie						
731	6e34ae52-7772-4bc6-8364-3ab45512d6c2	3/30/2022 23:39	3/30/2022 23:39	APPOSED TO USING COIT RD as off ramp for 380 by pass. Prosper soccer fields and new lighted parks are planned for that area. Coit Rd is assess to new Prosper High School under construction, Elementary school already built on Coit Rd. Lakewood and LaCima neighborhood lifestyle would be interrupted with so much traffic cutting through the area. Congested widened Coit road would post hazards.		Ralls	JL						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment). 732	ae2b1569-04c2-4124-8bd5-a16e75a26e11	3/31/2022 0:03	3/31/2022 0:03	I am opposed to Segment B on the map. This bypass area will directly impact the residents in that area and the school that was just completed. I am supportive of starting the bypass north of Prosper starting at the Dallas North Tollroad, or widening 380. Lastly, creating overpasses at the major north/south routes like 432, Coit, Custer, etc...would create efficient east/west passage on 380 and may reduce the need for the bypass or widening the highway.		Nick	Miller						
733	c33e34ab-799a-4f96-86a8-be9719d26584	3/31/2022 0:12	3/31/2022 0:12	I oppose highway 380 segment B. I am in fifth grade at Cockrell elementary and will attend Walnut Grove high school in just a few years. Please don't put a roadway in the backyard of my friends, family, and fellow students that we all know will impact our ability to breathe and thrive in Prosper. In addition, we absolutely love the horses and support Mane Gait and to see how this roadway will impact them is terrible. Please find another solution!		Miller	Addison						
734	ca12e8ed-1af6-4fc6-8779-dacf0ac5b34e	3/31/2022 0:38	3/31/2022 0:38	My husband and I live at [REDACTED] in Tucker Hill. We live withing the first block of Tucker Hill as you turn off of 380. We have lived here for 5 1/2 years. Clearly we would be greatly impacted by bypass A if it were to be selected. Tucker Hill, as you probably know, is a highly sought after neighborhood in which to raise a family, retire to or just generally are seeking a serene, lovely place to live. The thought of a freeway destroying this neighborhood is very distressing. Clearly bypass B, with far more wide open spacing has to be the wisest most viable option. Far less homes and businesses would be affected in choosing B and the years of construction mayhem if A was chosen would render this neighborhood virtually unliveable. We respectfully ask you to choose option B as the more fiscally sound, far less disruptive option for the 380 bypass. Thank you, Richard and Ellen Landel		Landel	Ellen						
735	fdc3e2f0-4f7b-47c4-85f0-2eec617c6446	3/31/2022 0:42	3/31/2022 0:42	I live in Whitley Place and OPPOSE Segment B and SUPPORT Segment A We moved to Prosper for a quieter place to raise our 3 boys and now with this bypass this is just a sad moment. The noise, traffic, decrease in our home value, air pollution and more is disturbing. We would never have moved our family here if we would have know this was the case. I really hope the right decision will be made in the case.		Passarelli	Shelby						
736	08886d06-6ac4-4b42-8552-ea029cb80d53	3/31/2022 0:59	3/31/2022 0:59	This whole think makes no sense. You're talking about building a loop 2 miles from 380. Why inconvenience and anger so many residents for this so called loop. Cities I've visited with loops are a lot further out than 2 miles.		YOUNG	Valerie						
737	d78edd79-986a-41cc-843b-dcbb8498d138	3/31/2022 1:15	3/31/2022 1:15	This makes no sense running the new highway (bypass) through an area that is experiencing explosive growth and was designed to provide a rural feel. Any expansion should be along the existing 380 corridor. Option A would be the best option in this worse case proposal.		Blankenship	B						
738	34fee52a-5788-44e7-8122-ee9bdd583bf8	3/31/2022 1:18	3/31/2022 1:18		We strongly oppose Option A for the US380 expansion project for the following reasons. Option A displaces a total of 17 businesses, Option B displaces ZERO Option A total cost is about \$100M higher than Option B Option A impacts more acres of wetlands, rivers/streams, and forest/prairies and important farmland than Option B Option A will have a significant negative impact on our quality of life, including increase noise pollution in Stonebridge Ranch neighborhoods. Biggest concern is that Option A would create considerably increased traffic on Stonebridge Ranch Drive and Ridge There are two elementary schools close to 380 on each of those streets: Wilmeth Elementary and McClure Elementary. The increased traffic could be a hazard in this area. Thank you, Perkins	P	S						
739	2a600639-53cf-4740-8e4a-65f86854996c	3/31/2022 1:22	3/31/2022 1:22	No plan B, may be plan A but totally oppose the plan to expand US 380, May be an option to build overpass wherever is needed to reduce the congestion.		Kollu	Koteswar						
740	fd38228d-93d4-40e1-800d-9ecf670bbe9a	3/31/2022 1:24	3/31/2022 1:24	I was able to purchase my dream home in the unique Tucker Hill neighborhood and have friends and a sense of community I've never had before, but I could lose all this if Segment A is selected for the 380 bypass option. Our quality of life & enjoyment of this peaceful residential area will be adversely affected with increased traffic, noise, pollution & safety issues. A hardships will occur without a dedicated signal for 380 egress/ingress into Tucker Hill, we'll be forced to drive further to make U-turns just to get into Tucker Hill & travel 380. This also dangerously impacts the ability for emergency services to quickly reach us. Segment A has much higher project costs, negatively impacts residential areas & homeowners, displaces businesses & has far more impact to infrastructure. Segment B originates in a business zone, costs less, does not displace businesses and has minimal impact to the humans who call this area home. I humbly ask you to please select Segment B for this project!		Smith	Laurie						
741	31aae01f-4f41-4bd6-832e-873b06e23d55	3/31/2022 1:33	3/31/2022 1:33	No to Segment B. We moves to this area for a reason. We support local business and homes affected by this and the impact it will have on PID. Please reject Seg. B.		B	Tania						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment). 742	62302e55-9f02-4474-8de3-9e8bb839426c	3/31/2022 2:21	3/31/2022 2:21	I strongly oppose Option B. Prosper has a small town feel which is exactly the reason most of us residents have chosen this area to call home. By adding another interstate type structure, it will be sandwiched between multiple very large concrete roadways with the tollway expansion, Preston expansion, 380 and now considering a bypass? No thanks. Not only would this negatively impact several surrounding quiet neighborhoods, it also would affect my children's schools as well as several other schools in the direct area. In addition, the amazing work by MainGate will be wiped out. From an aerial viewpoint, Option A seems to be the most less intrusive option. It appears that Option A goes through more rural land vs hurting businesses and residents.		Schulin	Meredith						
743	fdb10dab-e59d-4a13-866b-688cba24c22c	3/31/2022 2:33	3/31/2022 2:33		I oppose these options. We moved specifically to the area to be more rural and not have traffic near our home and our children. This will bring increased crime, depreciating home values and os something us residents strongly oppose. This will hurt ManeGate Equestrian Center and the current homes and businesses here. This was poor planning and us residents shouldn't have to pay for it. We want to keep this community beautiful and peaceful.	H	K						
744	e87aa379-36ee-4423-8763-8e33a61ccc0af	3/31/2022 2:50	3/31/2022 2:50	Strongly OPPOSE - OptionB - Dividing Prosper Town which is already very small.		Panchumarth	Subhakar						
745	7dad1d6f-2671-40ec-850c-9341c307914c	3/31/2022 2:52	3/31/2022 2:52	I oppose route A. This route negatively impacts more homes, businesses, and residents than other options.		Pearson	Hannah						
746	05dac680-cd01-46a2-8d25-1c922fb2b5f0	3/31/2022 2:54	3/31/2022 2:54	If txdot were to choose A, I am very concerned about the traffic congestion along the 380 route from Custer to Ridge during the 3-5 years of construction. The construction hazards would be deadly due to the already large amount of traffic that passes through. So to minimize this safety concern should be priority for Everyone. In addition, as a resident living off this stretch of road, I'm also worried about loosing our ONE traffic light out of our division, the noise and pollution, and my safety driving my kids to school both during and after construction is completed. Option B, going away from the current 380, is the best option to keep people safe over the next decade. if you need more reasons, Option B also costs \$100 MILLION less, hits less major utilities and affects the least amount of people. The majority of the new Highway construction will go through McKinney, so we should listen to those who are affected by it the most and not a city that will only see 1 mile of disruption.		Bull	Laura						
747	21bcbd33-7956-42b2-86f0-155cda204aab	3/31/2022 3:02	3/31/2022 3:02	I do not support Option B. Actually I don't support Option A either. PLEASE WAIT until the Outer Loop is finished. It makes no sense to spend so much money and disrupt so many people and places for another huge road only a couple of miles between 380 and the Outer Loop! The bypass and Outer Loop will only be separated by a couple of miles...just go with the Outer Loop and keep 380 on 380!	I do not support Option B. Actually I don't support Option A either. PLEASE WAIT until the Outer Loop is finished. It makes no sense to spend so much money and disrupt so many people and places for another huge road only a couple of miles between 380 and the Outer Loop! The bypass and Outer Loop will only be separated by a couple of miles...just go with the Outer Loop and keep 380 on 380!	Bryant	Laura						
748	708b0650-27c7-4303-8208-3b0bf7ea6c29	3/31/2022 3:04	3/31/2022 3:04	I am strongly against section A. This runs much closer through neighborhoods and the shopping's intersection at Custer. Option B runs through fewer neighborhoods and is less impactful on accessing local commerce off 380 from Custer to Lake Forest. A highway this large does not belong running through residential areas when there is plenty of land north that hasn't been developed yet. This is a great community and option A would divide it up. That is just not acceptable. If that was the direction you were going it should have been done years ago. Why not just build a highway down Stonebridge? The traffic on this section of 380 is not bad at all. I drive it every day and have no problems. Adding a full highway section here will make it much worse for everyone who lives here. Section B is not great but will impact fewer communities and local businesses and has a better chance of making local traffic better rather than worse.		Schurr	Jill						
749	cace161c-5958-4975-8bed-3010c281f200	3/31/2022 3:05	3/31/2022 3:05	I do not support Option B. Actually I don't support Option A either. PLEASE WAIT until the Outer Loop is finished. It makes no sense to spend so much money and disrupt so many people and places for another huge road only a couple of miles between 380 and the Outer Loop! The bypass and Outer Loop will only be separated by a couple of miles...just go with the Outer Loop and keep 380 on 380!	I do not support either Option B or Option A. PLEASE WAIT until the Outer Loop is finished. It makes no sense to spend so much money and disrupt so many people and places for another huge road only a couple of miles between 380 and the Outer Loop! The bypass and Outer Loop will only be separated by a couple of miles...just go with the Outer Loop and keep 380 on 380! People living north of 380 will use the Outer Loop to get to 75 and locations/businesses near 75. The bypass is not necessary until the Outer Loop is finished and then see if the bypass is still needed. Just add elevated lanes on 380...don't ruin so much more land with another huge road only 2 miles between 2 other huge roads!	Bryant	Samuel Mark

755	a3f49de8-910a-45a4-88dd-35b10cb74836	3/31/2022 3:45	3/31/2022 3:45		I strongly oppose option A, as the statistics show it will be significantly more expensive overall. The cost of building an 8 lane highway is more than option B. Also A displaces more businesses and damages the surrounding environment in a more severe way. The quality of life to those of us in neighborhoods near option A would be extremely diminished and that should absolutely be strongly taken into consideration. Option A does not go nearly as close to neighborhoods. 380 was never intended to be 8 lanes, can you even imagine how dangerous that would be. Please do not build option A the numbers both financially and economically do not support it at all and you can't ignore that.	Wc	Wc						
756	f1ef6878-8dba-446f-8f4b-ec289ade17bc	3/31/2022 3:51	3/31/2022 3:51	I oppose segment B. I am a resident of Whitley Place and this will negatively impact my neighborhood. It will change the traffic and landscape in a negative way. Not only will my neighborhood suffer but ManeGait therapy will be impacted in a way that will directly alter the way they serve their clients. The therapy provided at mane gait is so valuable to its clients and deserves to retain its property and atmosphere that make what they do possible. People live outside of the city for a reason, please help us continue to feel like we live in a town far from the traffic and hustle of a big city.		MacDonald	S						
757	466bdb92-67e3-478b-88d7-eeede88b280fb	3/31/2022 4:07	3/31/2022 4:07	No to option B. Leave 380 on 380.		Davis	Melissa						
758	a3d7e4f4-38c1-493c-8c07-2c4723505060	3/31/2022 4:22	3/31/2022 4:22	We moved to Whitley Place because it is quiet and set back away from traffic. It would really decrease the quality of living in Prosper to have a bypass running close to our neighborhood. It would also greatly decrease the property value of homes in Brookhollow. Families are more important than building more roads. Please think about all of the lives impacted by this decision. Thank you.		H	Christine						
759	4f9dd183-4e84-4994-8b44-b894efe92dd4	3/31/2022 4:46	3/31/2022 4:46	All proposed routes on map are unacceptable. Widen the existing 380 or make it elevated with 2 levels; 1 for thru traffic and the lower section for local. It absolutely has to be cheaper than buying up all the new land and houses at market value.	its hard to believe that TXDOT spent however much on such a convoluted proposed route. The routes proposed will do nothing but detract from both cities and ruin entire neighborhoods. Instead, elevate the existing 380 hwy.	Giles	Brian						
760	59d56dbd-7ffd-485c-836e-4406c2f54135	3/31/2022 4:54	3/31/2022 4:54	Please do NOT alter Maingait property for the road expansion. We must preserve areas of nature, land and businesses that are frankly more important to the people of Texas than a freeway. Get over these expansions! Leave properties alone and respect the land.		Hardin	Diana						
761	6b01517d-f43c-478f-8a08-166337931a9f	3/31/2022 4:55	3/31/2022 4:55		I object to the proposal for alignment A. It would unnecessarily increase the cost for a bypass option when the same can be accomplished with option B. Besides the cost factor, less lives and homes would be impacted with option B. I live in Tucker Hill. My kids both attend Reeves Elementary, which is located in Auburn Hills. Alignment A would put a freeway at the doorstep of our community, where we currently only have one way to enter and exit - via University. People complain incessantly that option B would interfere with Prosper schools that haven't been built yet, but the fact is option A would run right by Reeves and Baker (which are both Prosper ISD schools). Mane Gait does not serve the community. This coming from the mother of a special needs child that has not had a positive interaction with them. They are exploiting the disabled for their self-serving purposes. I do not know one special needs family that they have helped unless they were personal friends or donors.	Hy	Lan						
762	0d147553-7e41-49e8-8a18-3b32453481a2	3/31/2022 5:23	3/31/2022 5:23	Oppose on Proposal of Segment B I'm a prospective home owner of Prosper. I'm moving from out of state, and one of the reasons that I selected Prosper as my home is its sense of a small town, while with nice environmental living areas. Segment B cuts right through the town, would put a freeway in front of my front yard. This is a blow to the dreams that my family have to build our future home here in Prosper. Segment B literally bisects the town of Prosper into 2. The damage to the image of the town, its current environment, as well as future development opportunities, of the town of Prosper is hard to measure at this point. For the whole Colins county and surrounding areas, the benefit of this proposal would be far beyond shadowed by the damages that it would bring in.		Tang	Haofeng

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
765	e4db0ce5-e478-404a-88f0-bb7f1abf4b00	3/31/2022 11:07	3/31/2022 11:07		My family and I moved from Allen living near a busy 75 to escape the noise and vandalism that the highway there brought to our old community. To think that this bypass will again bring noise pollution and potential crime to my family is terrifying. The economic impact to our home value is another worry. Please consider protecting our Prosper community from this massive highway system. We came here to enjoy clean air, quiet and to escape the massive crowds of people.	Aschenbrenn	Tiffany						
766	8e0a9263-5324-4fe9-85eb-30a206829b2e	3/31/2022 11:13	3/31/2022 11:13		The proposed route B for the 8 lane Hwy 380 Bypass will negatively effect the community of Prosper. My husband and I chose to move to Prosper for the small town community feel, safety for our future family, and the beauty of the town. Building an 8 lane highway, in what is already such a small town, land wise, will completely diminish the charm and community. I know so many stand with me opposing this.	McMullen	C						
767	8ee001a8-0d1a-4862-8a17-72d3c248fc4a	3/31/2022 11:29	3/31/2022 11:29	As a resident of Tucker Hill, I oppose the A option. Having a major highway right in front of our neighborhood will increase the noise pollution and general pollution, decreasing our quality of life. I suffer from bad allergies, so this will not help! It will also result in dangerous travel in and out of our neighborhood. In addition, the A option will also make it more difficult for emergency vehicles to reach our neighborhood, which could literally impact the lives of our neighbors. The general design of the A route is also more hazardous to drivers. 380 is already a deadly highway and the sharp left turn around our neighborhood at high speeds may result in more casualties. Please choose Option B. This is the safer route and there is more land to construct this that will have a lesser impact on the lives of the citizens in the surrounding area.		Rudnick	Holly						
768	85130c09-6072-4d0c-870f-8566f5826fe3	3/31/2022 11:44	3/31/2022 11:44										
769	eab32d04-1c7c-49c5-84ce-3a840a195b45	3/31/2022 11:49	3/31/2022 11:49	Why does Location A or B even have to be an issue. Cant the new road head straight over to Custer. If someone wants to head south, they can do so on Custer. If someone wants to head west, they can on Prosper trail.		Sheeran	Chris						_work_for_TxDOT_
770	05525cac-6ad7-489c-8b65-38ae0aa5b78c	3/31/2022 11:53	3/31/2022 11:53		We moved here from a heavily populated area for the small town full. As Prosper residence, we are concerned with this possible development. It would greatly impact our community and cause great disruption in the lives of the people of Prosper and bring no real benefit. The negative impacts of pollution, human trafficking, displacement of established homes, growth of neighborhoods, incoming schools, and the like are reasons to not go forward with this project. We in Prosper adamantly oppose this roadway.	Burkinshaw	Paul						
771	92c675b8-78b3-46c4-83cb-7013af7df468	3/31/2022 12:15	3/31/2022 12:15		Prefer routes B and C to provide the longer term solution. This is a huge investment regardless of route and needs to have the longest term value.	Hjorth	Tyler						
772	205b423f-9847-4c0a-878e-699d29fc48bc	3/31/2022 12:29	3/31/2022 12:29	Two general concerns. The first and most significant is the consideration of spending an additional \$100 Million dollars to avoid Alternative B. This is simply a poor use of funds. Why are we even considering such a significant amount of additional spend? I find this alone to be an unacceptable solution due to additional cost. Second, the development that has already occurred south of the proposed path is by far more established than the proposed development through the city of Prosper. In my opinion, revisiting development plans is a much more acceptable solution than displacing already established businesses and decreasing the livability of homes directly adjacent to the proposed route expansion. This area in McKinney is primarily residential. In prosper it is rural agricultural land being rezoned to residential property.		Depper	Darren						
773	582e34e4-dd0b-4500-80e5-7c4565153e1d	3/31/2022 12:35	3/31/2022 12:35	Please don't go through the Mane Gait area. These children and veterans have enough to contend with in trying to have a life. This is a special time for them each week. Even small changes to routine if their lives can have far reaching effects. Thank you for some empathy.		Bruton	R						
774	dae0e08c-fa86-4cbd-818f-2ac991d3c0ac	3/31/2022 12:42	3/31/2022 12:42	I am opposed to solution B. I believe the best case is for 380 to follow the existing path for 380 with a below the grade excavated solution. McKinney TX either knowingly colluded against this best option by approving businesses too close to a major highway and their negligence or collusion should not force the hand of the region and force a deleterious impact on Prosper TX. If a 380 existing path option is not possible then I would prefer route A as proposed on the map instead of B but I do not appreciate the city of McKinney hijacking this project by its purposeful actions of placing businesses too close. Negligence or collusion should not be rewarded. Run this highway right where it is and let McKinney pay these businesses to relocate.		LINDSTROM	T						
775	eae9cf72-1490-4305-8c4b-095e4621fb08	3/31/2022 12:48	3/31/2022 12:48	I oppose segment A and B. I propose you widen Hardin Blvd and make it the bypass or you create the bypass between Lake Forrest and Hardin. It will make the areas of segments A and B unlivable if you proceed with that plan. We do not need a major thoroughfare build north of 380. We moved off of 380 to get away from the traffic.		Davis	M						
776	89946644-783e-45a0-864a-4560b4005006	3/31/2022 12:52	3/31/2022 12:52		The option of the bypass going through prosper just makes more sense. 380 already has enough traffic and the impact of expanding there, cost of expansion, and the traffic it will cause during construction to those who live/work around there doesn't make sense. The cars need to be taken to a separate road so they can lower their commute if they are just trying to get to and from 75 as well as the commute of those who need to stay in 380 to get where they are going.	R	Christen

780	d71839f1-1f3a-4f09-828d-720d2bc29326	3/31/2022 13:06	3/31/2022 13:06			Curry	Tatum						
781	5e4ae9cb-dd76-4c87-87f5-f329fd9d1a6e	3/31/2022 13:08	3/31/2022 13:08	Concerned with proposed operations of Custer Road at proposed freeway Segment A. Segment B allows University Drive and Custer Road to continue normal operations and will reduce congestion as a new interchange for Segment B is proposed north of University Drive.	Based on the evaluation, Segment B is less impactful and less expensive to construct versus Segment A. I oppose Segment A (and support Segment B) based on Segment A's longer length along existing US 380, less natural path, increased number of impacts, and higher overall segment cost. TXDOT must use the evaluation criteria provided which clearly shows Segment B as being less impactful and more cost effective while meeting the purpose and need.	Ataie	Nick						
782	09027f8e-bf3c-4f52-80ed-87ade9aed06c	3/31/2022 13:30	3/31/2022 13:30	Not sure why this is not your B is not your only option; it is more cost effective, faster commute and effects less people.		Levens	Tami						
783	d8bac484-8098-42a9-8617-d83c32ae57e8	3/31/2022 13:39	3/31/2022 13:39		The people of Prosper are more concerned with their property values than the quality of life impacted for thousands of North Texas residents. Their manic expansionism is what has caused the 380 traffic to become a quagmire in the first place. Please build the road. Prosper can be quiet and get out of the way.	Hass	B						
784	ad4c9545-eeef-4b33-83ef-c180b74a15b4	3/31/2022 13:42	3/31/2022 13:42	Living off of US 380 on the West side of Prosper I see the need to expand and improve the congested route. Alternative B would cut through too much of Prosper, which by the time this is built will be filled in. Alternative A would still provide that route without acquiring as much ROW and still allow for typical cross street alignments and a needed by-pass of McKinney. I am in favor of Alt A and opposed to Alt. B and a preferred alternative.		Plinario	Zachary						_am_a_business_owner_
785	bb331abd-fa1b-4e85-8ee0-8e7f4a65fd9d	3/31/2022 13:45	3/31/2022 13:45	Segment B is a better alignment that gradually moves north and would be utilized more than Segment A. Segment B also helps keep business in place at the intersection of Custer and US380 and would reduce impacts to large established neighborhoods in McKinney.		B	Aaron						
786	c30a445d-e807-44d2-860f-9ca9d58d5325	3/31/2022 13:46	3/31/2022 13:46	I live off of 380 and I think the proposal needs to be reevaluated. I object to the restructure. There needs to be a way where you are not destroying taking property or changing the structure of the area that you have supposed to take.		English	Andrea						
787	b926b59e-1faf-4b04-85d4-2308a28b21e9	3/31/2022 14:00	3/31/2022 14:00	Bypass is going to unnecessarily force out business, homes and schools. Fix the existing 380 before seizing more land and forcing residents out.		DNppN	D						
788	9e775d92-1e28-4f1f-8937-b712dcf05f97	3/31/2022 14:04	3/31/2022 14:04	Option B directly will impact my neighborhood, a planned neighborhood (currently under construction) for my parents, and the school my children will attend (Founders Academy). This does not seem to be a good option due to it's environmental impact to the area. That along with the negative impact it will due to our home values & town of Prosper's ability to advance as a city.		Stockman	Daniel						
789	1840551f-6983-48f2-8bda-d743bceb1e5e	3/31/2022 14:11	3/31/2022 14:11	We are adamantly opposed to moving 380 to cut through Prosper.		Botts	Carrie

793	fc2592e6-dda7-42a2-8081-e31bc1122890	3/31/2022 14:35	3/31/2022 14:35	I am writing to strongly oppose 380 Bypass Segment B. I recently moved from McKinney to this area to be in a more remote location AWAY from highways. My son will eventually attend Walnut Grove High School that is currently being built in the path of proposed Segment B. The traffic, noise and pollution this will create in this area will affect not only students but also Maingate that provides therapy for children and veterans! Keep 380 in McKinney where it belongs and not disrupt citizens of Prosper that have moved here to get away from the highways and a million apartments that McKinney has built and created the congestion! Thanks for your consideration.		Barnes	Alexis						
794	87b57d94-4303-42de-86ef-0224f93bbe9d	3/31/2022 14:39	3/31/2022 14:39	Segment B would have a drastic negative effect on a large growing community. You all are smarter than that, I hope. Expand the existing highway. If you're going to ruin properties, then do on commercial land with large parking lots.		Saba	Fareed						
795	7a9abbc4-4b30-4c4d-8749-c14c07d67c40	3/31/2022 14:46	3/31/2022 14:46	Please do not do route A. The traffic in this area is already heavy due to all of the businesses on 380. It makes way more sense to use the proposed route B and have the bypass further away from the already heavily trafficked area. The businesses and existing residential neighborhoods would be very negatively affected by proposed route A. Route B is much farther out and there are far less people/businesses that's would be affected by this option. Thank you.		Howard	Kaitlin						
796	d4c18524-c3d5-4da3-8dd7-9e66ccd587ce	3/31/2022 14:47	3/31/2022 14:47	380 should stay on 380. I'm strongly allowed to B. Please do not diminish the development of Prosper. Importantly, do not bring this monstrosity of pollution and noise to protected persons in therapy at Manegait and to our children at two schools!		Jones Telford	Alicia						
797	227ab0a8-5e6e-4220-8e95-c525c92234f3	3/31/2022 14:55	3/31/2022 14:55	Based on information provided, Segment B appears to be the least impactful alignment to existing development and utilities, and I recommend this option be constructed by TxDOT.		Schauwecker	Taylor						_am_a_business_owner_
798	b41b84a7-03d1-4daa-8a59-5053272d85b9	3/31/2022 14:58	3/31/2022 14:58	We live in Trinity Falls and DO NOT support this. More roads and taking away from nature and green. People can find other places to live or alternate routes to drive. 121 is never busy anymore. NO!!		Mills	Rendi						
799	be48b8f0-4c05-49e6-865e-8f8bbe93b80b	3/31/2022 15:02	3/31/2022 15:02		Thank you. Please start the project asap	K	W						
800	33901a68-1ace-40ef-8173-e9874fda1b49	3/31/2022 15:07	3/31/2022 15:07	Please don't cut into homes or schools and especially do not cut into Maingate. We have friends who have a son with autism who have benefited from going there. We want to keep the face of our communities as they are.		D	A						
801	f755b519-c78f-4008-8969-fc7364566155	3/31/2022 15:15	3/31/2022 15:15	I strongly oppose alignment "A." I am a resident of Tucker Hill & this would directly impact my neighborhood in a very negative way. First & foremost, the limited access to our neighborhood is already a big concern of mine. Major highway construction has the potential to delay life saving emergency services to me & my neighbors. This is in no way acceptable. Second, the increased noise & air pollution to my neighborhood as well as Stonebridge Ranch will be a detriment to our health & well-being. Third, I feel alignment "A" will affect more people & businesses than alignment "B" and cause a serious disruption to our lives. I realize we need a solution to the Hwy 380 issue, but I firmly believe alignment "A" is not the right one.	I support alignment "B" as the best alternative for the "new" Hwy 380. As a resident of McKinney, & specifically Tucker Hill subdivision, I feel the conversion of the existing 6 lane highway to a major limited access thoroughfare will in no way benefit my community. I would rather there be no improvements or changes to the current highway at all if it is decided alignment "B" is not viable.	E.	Shannon						
802	f71a9434-c255-4093-8612-63a60b46f85e	3/31/2022 15:18	3/31/2022 15:18	Although there's no doubt that the 380 widening/alternate route needs to take place, I have a very strong opposition to proposed route "B". As someone who moved from out of state to the Prosper/Celina area, we knew there would be rapid growth. However, the appeal of this area is to maintain a quiet sense of normalcy. When you look at development, McKinney is largely south of 380, while Prosper and Celina are north of 380 and expanding right where the proposal "B" cuts. Losing ManeGate in our community would be a loss to those that enjoy seeing the beautiful property and horses as well as those that rely on the services offered. Please re-consider and take appropriate action to limit the adverse effects on the Prosper/Celina communities. Town of Prosper Town Council adopted the attached resolution on March 29, 2022.		Treble	Michael						
803	e5728c16-6b39-42da-893a-a90ea645af88	3/31/2022 15:33	3/31/2022 15:33			Webb	Hulon						
804	c5361b8c-2e3e-4369-8edf-39abdd51c39b	3/31/2022 15:55	3/31/2022 15:55	If is was going to use this as a bypass, I would prefer the longer loop by using B,E,C. It would not be worth my while to go the extra distance to use D,E,A. I would continue to use 380.		Yount	Jill						
805	feb1b1fc-fb53-45ec-8509-f2b6eaaa5d8b	3/31/2022 16:03	3/31/2022 16:03	This is disgusting. Other town's poor infrastructure planning is not our small town's emergency. I think the corrupt politician that put this route through our city to avoid his personal neighborhood in McKinney should be fired or resign. Pretty sure this is illegal and to uproot people from their homes is sick and shouldn't even be on the table.		Moody	Ashley

815	ce0992d7-e7f9-4365-86b2-c33e82b687a7	3/31/2022 16:46	3/31/2022 16:46	I have reviewed the provided documents and information. As a fellow citizen it is always hard when future projects or businesses are scrapped or displaced. It is even more difficult to vote to displace homes (current or future) and therapeutic non-profits. However, upon review it appears the most logical alignment is section B: travel time, utility realignment, ROW acquisition. Between sections C & D the decision seems less apparent and will defer to the TXDOT decision. Thank you		R	L						
816	9082e75d-951d-485f-8b71-f19dd039b11c	3/31/2022 16:47	3/31/2022 16:47	I am strongly opposed to Option A for the US 380 expansion project for the following reasons: Option A displaces a total of 17 businesses, Option B displaces zero. Option A cost to relocate utilities is \$61M, Option B is \$25M. Option A total cost to acquire right-of-way is \$178M, Option B cost is \$137M. Option A total cost of design/construction is \$450M, Option B is \$428M. Option A total cost is about \$100M higher than Option B. Option A impacts more acres of wetlands, rivers/streams, forest/prairies than Option B. Option A impacts 14.9 acres of statewide important farmland, Option B only 2 acres. Option A's increase in noise would have a severe negative impact on the established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. Option A would cause increased traffic on Stonebridge Ranch Dr. & Ridge Rd., which both have elementary schools very close to 380 (Wilmeth Elementary & McClure Elementary).		W	LD

In addition our young children will attend Founders Academy, which could potentially have a highway right next to it emitting unhealthy exhaust.		Stockman	Julia						
820	a8370ff6-46ed-43ef-897d-ed2f56f426d2	3/31/2022 16:57	3/31/2022 16:57		I oppose Option B. I live in the Prestwyck neighborhood right off 380. The traffic noise is really bad and we do not have a retaining wall between our homes and 380. Option B would create even more noise. I also have 2 children who will be driving around the time this project kicks off development and I do not want a freeway to be right outside our exit from the community.	Anderson	R						
821	9eb018cc-df7b-4a3d-8305-624ee45a3501	3/31/2022 16:59	3/31/2022 16:59		I am in favor of this project as it will help to reduce the traffic and help residents to commute quickly and easily and can get more time with family rather than spending hours in traffic. I vote for this expansion. I will be moving to Aubrey area in December and looking forward for this project to happen.	Musale	Amol						_work_for_TxDOT_
822	dc9dc444-8a1d-43b0-873b-8bc3e52df5b0	3/31/2022 17:02	3/31/2022 17:02	What will happen to the portion of 380 between the Denton County line and Coit Rd? I live in the Lakes of La Cima and use that portion of 380 daily.	What about the Collin County Outer Loop (COOL)? Send all the thru traffic up there and keep 380 as is. It is only a few miles north of 380 and will connect with the Dallas North Tollway once it is built up that far. The thru traffic will figure out quickly that the COOL will be the better way to get from US 75 to IH 35. TxDOT has no one to blame but themselves. They have known for over a decade this part of the metroplex was growing quickly, but they decided to ignore it. Now they want to displace home and business owners to fix the problem they caused. Out tax dollars at work!							_am_a_business_owner_	
823	deae65a7-4fe5-43bb-8821-fc7437e07f0b	3/31/2022 17:03	3/31/2022 17:03	Still will not help with congestion from Ridge to Custer Rd, especially with all the development coming to the southeast corner of Custer/380.	Option B still affects the least amount of businesses and residences along 380. It will benefit those wanting to avoid 380 all together, making it a true bypass.	T	K						
824	69682b1e-fbcf-497b-8b5b-bf012d1333b4	3/31/2022 17:05	3/31/2022 17:05	I would like to oppose option A and E, I believe they will destroy the appeal and usability of Erwin park and useable cycling routes/livability and environmental impacts. our family utilizes these area and enjoy the lack of traffic and noise and pollution. This would destroy these natural, green space areas and fill it with pollution and traffic.		Vander Heide	Rick

This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for many reasons. For example: *It destroys & removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business, the environment & residential vibrancy of our community. The thing is it will take them an hour to get onto the DNT or 75 if it isn't built. You cannot stop suburban sprawl. Eminent domain is a real thing and the population boom out there has caused this. In the backs of everyone's mind in these northern suburbs they know the population has outgrown the existing roads.		McCarroll	Todd						
830	b2ae8ffc-09ab-47a0-8e14-184db56cfc0b2	3/31/2022 17:48	3/31/2022 17:48		I SUPPORT Option B and OPPOSE Option A. Option B will disrupt fewer homes and businesses that have had longer establishment than Option A.	Leps	Melissa						
831	cb0b968f-b1f8-4e95-8fb8-fc6ab322a09a	3/31/2022 17:50	3/31/2022 17:50	I want to emphatically support proposition B and just as emphatically oppose prop A. My home is directly affected as well as my whole neighborhood. The disruption of 380 alone, which is the sole access point to my neighborhood should be enough to cancel this. But, air quality and noise add insult to injury. The cost is also a HUGE concern as prop A is far more expensive. B also impacts far fewer people. The city of Prosper is vocal against this but, in my opinion, every city involved must compromise a bit. For God's sake it's only 1.14 miles in Prosper! Please go forward with prop B!!!!		Allcorn	Leslie						
832	bb978ff2-cb21-412e-8c6e-1f59a1591d6c	3/31/2022 18:04	3/31/2022 18:04	I oppose segment A and support segment B. Segment A would disrupt the traffic and homes around Stonebridge Drive too much. Segment B is cheaper and would have less impact on surrounding homes. It is too much to ask many people to sacrifice just to save the Main Gate Therapeutic Horsemanship farm. The farm could and should move farther out into the country. They have the money that I am sure homeowners like myself, that Darling Homes made the money from in the first place, do not have to relocate.		VanderHeide	Denise						
833	8d4089b4-819f-4f3d-8e41-15f44939b25b	3/31/2022 18:05	3/31/2022 18:05	We strongly oppose section B. We live in Prosper for a good reason - peace, tranquility and small-town feel community in the middle of the metroplex. Having a highway of this magnitude running through the town will negatively impact our quality of life, our home value, traffic/noise/pollution considerations, not mentioning the loss of land/revenue negatively impacting our taxes. This is a small town, we fight hard to keep it that way, our voices should be heard and discard segment B from this proposal.		Gomez	C						
834	55cb0239-5bdc-48db-8d76-4b46a61678e1	3/31/2022 18:26	3/31/2022 18:26	Please, Please reconsider the USA/Coit Rd to FM 1827 project in Collin Co. This will be devastating to many families, and to ManegaitTherapeutic Horsemanship Center. Tammy Malnory		Malnory	Tammt						
835	96388924-394c-4fa6-8675-5492301af5de	3/31/2022 18:27	3/31/2022 18:27		From my knowledge, Prosper had a better overall plan and has worked with TxDot for years to assure Prosper's future. McKinney hasn't. To curb growth and prosperity in Prosper to help congestion compounded by McKinney is just Texas Wrong.	Purcell	Dean						
836	1b99a90c-c7b6-4913-85f0-1f53e67814a8	3/31/2022 18:28	3/31/2022 18:28		There are no public objections that come close to offsetting the immediate imperative need to move this project forward. Yes, some people will be inconvenienced and displaced. This is miniscule compared to the overwhelming benefit for the greater good. TXDOT must use the full force of the agency to get this done asap. The road situation is untenable and getting worse by the day.	Harvey	Cary						
837	e9f1889d-477b-48bc-8c31-34a53e17530a	3/31/2022 18:36	3/31/2022 18:36		Option B provides an option for future growth and impacts fewer homes and businesses that are already established along Option A. I support Option B.	Holguin	Gilbert						
838	039a154c-f07d-4f64-8de5-f2fc8ad817ee	3/31/2022 18:46	3/31/2022 18:46		Route B is completely unacceptable. Prosper residents moved here for a quiet suburban life and have had ample opportunities to provide comments and feedback to the city to plan for its growth in a sustainable way that does not change to character of where we live. Running a bypass through the eastern quarter of the city will radically change the lifestyle of Prosper's residents and constitutes a forceful and unwelcome attack on our community by TXDOT.	Donovan	Brian						
839	d33cfd6-3c4a-43b5-857f-3c94f4ea02db	3/31/2022 18:52	3/31/2022 18:52	How are you going to safely and over time be able to keep up with a road/bridges that are over a flood plain area? There's housing that is trying to be built that can't because of the flood plain and a bridge is going to be built here and sustain over time? The whole 380 bypass needs to be rethought. I would think that it would be less expensive and a better option to wide the current 380		A	Scott						
840	2e595758-f0c2-404c-8170-caf9a8e216e8	3/31/2022 19:08	3/31/2022 19:08	We have debated this for 6 years and wasted countless government employees time and contractor cost to make a decision. Can we just move forward NOW! I am for segment B, E, and C. We are in desperate need of a resolution. I live in Prosper and I am for Segment B. Mary Kemp		Kemp	Mary

843	3d8833b8-414b-461b-8d28-a67805834b5b	3/31/2022 19:16	3/31/2022 19:16		I vote for options B & C. Option A is a terrible solution. As a civil engineer for over 30 years anytime a highway has 90 degree bends in it, it is a sign of very poor planning in an effort to shoehorn a design solution into a poorly thought out problem. In addition it is too close to existing major housing developments in McKinney where thousands of residences will be negatively impacted forever, and destroys several existing restaurants near Custard Road which are some of the few in this area of McKinney/Prosper. Option B allows for much greater future businesses locations along the new highway and service roads as well as development of businesses along the existing 380 roadway in west McKinney and east Prosper.	Pogany	Tim						
844	a76a4f04-bb65-4362-842d-47d04b056608	3/31/2022 19:29	3/31/2022 19:29	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. We specifically wanted the 'away from the hustle' feel of northern McKinney. The proposed route E would cut through many new and growing neighborhoods and disrupt what little 'country' we have left in the metroplex. I would like to see the bypass at E rejected and an alternative found - perhaps improving 380 in its existing location - rather than disrupt so many residents. We moved away from Hwy 121 in McKinney/Allen due to noise and the business atmosphere a highway brings. We want to keep our neighborhood peaceful.		Morris	Tanya						
846	6b98ff9b-cfa0-4d1b-85cb-a223043604fc	3/31/2022 19:43	3/31/2022 19:43	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. The Segment B option is the least disruptive to families and local businesses along and adjacent to US 380. I strongly oppose Segment-A for the following reasons: >Displacement of 17 small businesses West of the 380 and Custer intersection. >Creates an overpass on 380 over Stonebridge Drive and Custer Road. >Poses a danger to local pedestrian and bicycle traffic from increased traffic volume on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. >Increasing traffic, noise and pollution in our neighborhoods >Reduction in property values during construction. Segment B is the best option to preserve the safety and economic and residential vibrancy of our community.		Neu	Brian						
847	b426d4ce-8ce4-4d67-8dff-1a8a0b54b9f4	3/31/2022 19:45	3/31/2022 19:45	As a homeowner McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. B option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		Mccurdy	Michael						
848	cad358de-4878-4cf1-8770-304bbd95e2a5	3/31/2022 20:03	3/31/2022 20:03			Dakshinamo	Balamurugan						
849	5ed7e256-b5e7-4596-8f9b-29c9bd97740f	3/31/2022 20:17	3/31/2022 20:17	I oppose bypass option A through Stonebridge /380 route in Mckinney. This would impact many small business establishments as well as create unnecessary noise pollution for an already established neighborhood compared to Bypass Option B which is in a developing area and would have a lesser impact to residents and businesses overall.		F	Ashley						
850	542657e4-3d20-4ad2-83e4-c87f5de9c456	3/31/2022 20:17	3/31/2022 20:17	I am opposed to Segment B completely as this would put our neighborhood in the path of a highway. We bought our house 3/4 of a mile away from the highway so we could not be on the highway. Segment B would put 2 sides of this highway around our home. We would have expanded 380 on the south side of our neighborhood and the new expansion on the east side of our neighborhood. I am also against the plans to limit access to Lakewood Drive with both Segment A and B sections. This roadway is a major road for current and future development in the area, and it would limit entrance and exit by Right Turn only.		Hamilton	John

853	0f48b524-81d5-46bd-8573-3e8c1d1d4801	3/31/2022 21:23	3/31/2022 21:23	Option B is a complete waste of tax payer dollars U S 380 is large enough and has planet of space on both sides to expand if necessary and the Colin county outer loop in Celina is already going to reduce traffic on 380 so no to option B.		Altman	Jason						
854	263064b9-fe14-41ec-8b8a-36166f45054f	3/31/2022 21:27	3/31/2022 21:27	Plan B would only use 1.14 miles of Prosper and not affect as many homes and businesses as Plan A. Construction would cripple the area before Custer and Ridge. There would be no entry or exit for residents in Tucker Hill. We only have two now that is not safe in the event of an emergency. The noise and air quality would also be a great concern if 3 sides of Tucker Hill would have freeways. The original builder, Darling Homes, in Tucker Hill, previous owners have property affected on Plan B, and now want Tucker Hill to be placed in a terrible position if Plan A is chosen. Tucker Hill is unique by nature as the city of McKinney states. It would be an awful decision to do anything to disturb the area. Please do NOT choose Plan A!! Choose plan B.		Midkiff	L.

856	066c65da-7e9d-4b0d-8665-0bbda4642ef9	3/31/2022 21:32	3/31/2022 21:32	Hi. I live in Lowry Crossing, TX. Our subdivision is accessed off of Highway 380. The traffic is pretty heavy from Princeton to McKinney and vice versa. We live just east of Bridgefarrow Road. I'm just not sure how much the loop is going to help us.		Ramey	Terri						
857	fb15aa9-c7c9-4692-86e5-c048ea16e26f	3/31/2022 21:37	3/31/2022 21:37	Prosper has planned for 380 on 380. A big no way to plan B.	No to plan B. Leave 380 on 380.	Tucker	Ronnie						
858	79188259-2601-448a-8004-2d0c32cb97f4	3/31/2022 21:41	3/31/2022 21:41	Stop building more roads. Every time I have an issue with TXDOT, your response is there isn't money for that. If you don't have the money to build safe, efficient roads and maintain them, which your track record shows you can't, don't build more crap. Also the bluebonnets look like crap when inundated with litter. Texas wildflower season is a pathetic excuse to defer maintenance.	The project should take the widest swath off of 380 going E to B vice E to A. That provide plenty of feeders throughout McKinney and pulls the traffic to a spot that can support it. Dropping of before Custer will only exacerbate an already busy area of the road	S	D						
859	c37e453b-39a4-4c3b-8708-87c4607037fc	3/31/2022 21:46	3/31/2022 21:46	Keep 380 on 380. There already needs to be another freeway more to the north of 380 anyway. This area is growing faster than roads can keep up with.		Rardon	Harley						
860	5acc566c-a8d5-4844-80e5-5025eacd8945	3/31/2022 21:47	3/31/2022 21:47	I would like B,E,C... The others are too expensive to taxpayers.									
861	ba384bfd-8f7b-4d37-8d57-4b50bd81ed5f	3/31/2022 21:58	3/31/2022 21:58	I am a McKinney resident and homeowner and I strongly oppose Project 380 Segment-A. I have scrutinized information imparted during the 3/22/22 meeting. As the surviving spouse of a disabled military veteran, I was heartened when I read the notation that ManeGait will not be directly impacted by the Segment-B alternative. But as a Kensington Village resident whose home abuts Highway 380, I feel the impact comparison between long-time residents and prospective homebuilders is inherently unequal. And I cannot unsee the early map that showed my home and all others on my side of the street slated for demolition. Segment-A would negatively impact home values, decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380, as drivers seek a southbound route. For these reasons, as well as those enumerated in my comments following previous meetings, I strongly support the Project 380 Segment-B bypass alignment option.		Wiener	Carol

864	a5869bf2-d6ba-4e82-8713-88ad0d4ac500	3/31/2022 22:31	3/31/2022 22:31		We do not want Plan B to come near our home in Whitley Place. This will effect our home values and where our children attend school. There is also a cemetery near Plan B hasa road option. Prosper is a small town. Prosper is not a city. We have a small population. Please avoid this area and stick with the original plan to run through McKinney. I am disappointed that this option keeps coming back. It's obvious we don't want the road.	Sanchez	Stacey						
865	53d97361-ef28-4e75-81bb-90da4138a8ff	3/31/2022 22:35	3/31/2022 22:35	I strongly oppose Option A. It should not be considered for the following reasons: 1. Too costly - Option A is \$99 million more than Option B. 2. Lost businesses - 17 small businesses north of University and west of Custer would be destroyed. 3. Traffic - There are so many businesses at the intersection of 380 and Custer Road already, and plans have been approved for more (H.E.B., Whole Foods, etc.). If the 380 Bypass was routed back prior to Custer Road, it would make traffic at that intersection even worse and truly create a bottleneck. 4. Safety - As Stonebridge Drive, Ridge Road and Lake Forest Drive would be the only roads leading South from 380, the increase in traffic would be massive. As a resident and homeowner, safety issues, noise and pollution would be significant and would reduce our quality of life and property values. Option B is the best option to improve traffic flow and preserve businesses and our residential community.		Todd	Michele						
866	7775dc0c-1712-4406-87f6-00f2a37dad8ae	3/31/2022 22:40	3/31/2022 22:40	Segment B would bisect a under construction age 55+ home development resulting in hundreds (200+) of homes needing to be destroyed, relocation of residents, and damages to make the residents displaced whole for the undue distress. Additionally, it would run exceptionally close to a brand new charter school academy on the south side of 1st St and west of Custer. Finally, it would run exceptionally close to a brand new Prosper ISD high school under construction south of 1st St. Keeping Hwy 380 in its current location is what I recommend, and if not feasible, I recommend option A as it will impact far fewer homeowners. I strongly oppose option A.		Strommer	Jeffrey						
867	bec22724-f11d-4bce-837a-26562e7ca47b	3/31/2022 22:42	3/31/2022 22:42	I'm curious why consideration is not being given to just elevating the 380 in current location in lieu of running through residential and schools?		T	Chris						
868	1896e8a0-08fc-4bc9-896b-db725741f9ed	3/31/2022 22:44	3/31/2022 22:44	Obviously the BEC or BED alignments are the most functional routes with less cost and destruction of McKinney. The B bypass saves \$98.8M in projected cost, less utility & water pipeline conflicts, less destruction of traffic flow for 3 to 5+years, less hazardous materials, less environmental concerns, and would cross over not affecting Mane Gait & continuing across non-buildable land to 380!! Anticipated growth of 155k population in NW McKinney & not counting Prosper/Celina would create a devastating nightmare of traffic problems on Business Route 380 & North/South traffic. In my opinion, if the B bypass is not selected it will be a disservice to the future of Collin County by cost overruns, damage to existing majority of homes & business due to construction!! Don't kick the can down the road, please consider the future of Collin County! Also, don't let special interest for political & personal gain affect this decision or charge them \$98.8M!!! Please explain why 98.8m more is Ok.	Why does paying an additional \$98,800,000 + make sense???? And we all know that is a low estimate!!! Why were we told not to bother TxDot and yet now we only have 6 days after McKinney City Council meeting to reply? Please furnish full environmental study report & cost to alleviate the hazard/environmental issues!	Self	Monte						
869	bd82d756-5ef4-4d18-84b9-eaef4dd1ef0f	3/31/2022 22:46	3/31/2022 22:46		We vote for Section B. A is not enough distance to relive traffic on 380.	Groenteman	Frank

871	f3aa79e8-9d42-4b4e-8c29-fad496487015	3/31/2022 22:52	3/31/2022 22:52		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million.	Reddick	Kari						
872	1e930d5b-3f18-454c-87f0-9a1abeb2f8f9	3/31/2022 23:00	3/31/2022 23:00	I support A plan and opposed B plan as it will ruin proper's residential area		Shah	Shail						
873	97b9965e-3760-4456-8a3e-4e3bcd43b8b8	3/31/2022 23:08	3/31/2022 23:08	First of all, why on earth would the City of McKinney approve Option A which will cost \$98m+ more than Option B? And, we all know the final cost will be even greater! We at Tucker Hill currently only have one exit out and that's on to 380. Are we expected to be locked in for 3-5 years during construction? Also, where are the full environmental reports on both Options A&B for us to review? Finally, we would like to see the complete break-out of expected cost instead of just an overall 'projected' number. If Option A is selected, I see a strong lawsuit coming similar to the Billingsley lawsuits regarding Stonebridge. Did you factor in those cost as well???? Please have our back on this and NOT the special interest groups who most likely have a financial/vested interest in the future development of 380.	Please explain in detail why we should agree to an increased budget of \$98m+???	Self	Chris						
874	0e6b1b89-af0a-4d0d-8ab2-1cd7023744cf	3/31/2022 23:16	3/31/2022 23:16	Please do not move forward with option B. Option A is the fair choice. Residents of Prosper should not be punished for lack of planning by the city of McKinney. Residents who purchased homes along 380 knew what they were risking. Tucker Hill residents decided to live that close to a major freeway. Prosper Residents purposely stayed a safe distance from 380. My property has 2.5 acres. We like the space and country feel. We do not want a major freeway running close to us. Also consider Mane Gait, Founders academy, Prospers 3rd High School... Walnut Grove, Cockrell elementary. Its very concerning that this option keeps coming back up. Please hear the Prosper Residents loud and clear. We do not want option B. We strongly urge you to do what is right and proceed with option A.		Folkerts	Tonya

Why? 1) It disturbs Maingate. 2) It will disrupt 2 high schools. 3) It will disrupt 2 planned neighborhoods, one of which has already started. 4) Other proposed routes are less disruptive. My preference is simple - keep 380 on 380. A bypass is not needed. If the state insist on moving forward with a bypass, a route was previously chosen and environment study completed. That route goes by Tucker Hill subdivision. Now, a county judge that lives in that neighborhood is using political power and influence to try and change the prior route. Keep 380 on 380, but most of all, keep a bypass out of Prosper!		Leggette	Kim

Just because McKinney didn't plan accordingly doesn't mean Prosper should have to suffer. Prosper is already such a small town and this project, especially segment B, greatly hinders potential revenue for our small town and grossly imposes negatively on the surrounding SCHOOLS, neighborhoods, and equestrian therapy site. Nobody wants this! Move it further east or create more east-west roads north in Celina where there is expected to be a great increase in population. This makes no sense! Keep 380 on 380 through the town of Prosper!	Schallmo	Renee						
886	f1a94a53-4ceb-47c1-8e3a-c22684e1e8cc	4/1/2022 0:32	4/1/2022 0:32	I am adamantly opposed to ALL section B! We have lived in Prosper for 25 years and have raised a family in the small-town atmosphere and DO NOT WANT A HIGHWAY!! I have many reasons for opposing 1) noises and increase of traffic 2) decreased home values,3) substantial lost tax revenue to the Town of Prosper. 4) negative effects on Manegait, the non-profit equine facility that helps children and adults with disabilities!!! 5) pollution from vehicles I support segment B. Homeowner in Stonebridge estates.		Savoy	Debbie

Having a highway near three schools, ruining a well planned development and section of town, increased noise and pollution to local residents, and avoiding the route selected by a tax payer funded environmental feasibility study seems ludicrous. We all know Judge Self of McKinney was involved. That is wrong on many levels.	I strongly oppose option B. Having a highway near three schools, ruining a well planned development and section of town, increased noise and pollution to local residents, and avoiding the route selected by a tax payer funded environmental feasibility study seems ludicrous. The option originally selected by the environmental study can't be fully developed, so why not use it? We all know Judge Self of McKinney was involved. That is wrong on many levels. Please do the right thing and choose the option selected by the original feasibility study.	Demases	Daniel						
895	31379b64-8ce5-41d4-8a3f-2ab002de46fe	4/1/2022 1:16	4/1/2022 1:16	My name is Michael Schofield. I live at [REDACTED] am very much opposed to Plan A for the following reasons: 1. If selected, Plan A would significantly impact HWY 380 from west of Custer to Ridge for several years. 2. Plan A would impact more people, businesses, and affect a greater area than Plan B. Plan B would only affect slightly more than a mile of Prosper. 3. Entering/exiting Tucker Hill with its one entry/exit point would be extremely difficult if Plan A is selected. Rescue vehicles and first responders would certainly be negatively impacted, potentially putting TH residents and their property at greater risk. 4. Plan A would cost significantly more than Plan B, approximately \$100,000,000 more. It appears to me that Plan B is clearly the best alternative for this project. It is less costly, less invasive, and affects less people than Plan A. I encourage you to select Plan B.		Schofield	Michael						
896	d90e5797-c89c-48ea-8767-3e6e9fceb217	4/1/2022 1:27	4/1/2022 1:27		After reviewing the alternatives relative to the HWY 380 project, it appears that Plan B is the best alternative considering cost, environmental impact, number of people/businesses affected, and traffic impact. Plan A would certainly be more expensive, more disruptive, and more dangerous than Plan B. I strongly support Plan B for these reasons. Thank you.	Schofield	Debbie						
897	cf995c77-243c-4f55-8c72-510f33249cf6	4/1/2022 1:28	4/1/2022 1:28	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Criss	Mark						
898	8ab11c7e-ed1a-41fe-8f16-918c02dcaef	4/1/2022 1:29	4/1/2022 1:29	Please do not do route B. That goes straight through one of main parts of Prosper that is very quiet and beautiful. I think it is absolutely awful that it is even being considered in the first place. You people have no respect for communities or figuring out options that will uphold their value. Actually, I strongly oppose any of the bypass options. Option E also goes right by Press Elementary and a quiet treed part of McKinney. Kids leaving school should not be subject to that kind of traffic. Keep 380 the way it is, we can deal with the traffic without displacing thousands of people and ruining our way of life. If you wanted 380 to be easier to drive on, you should have thought about that before building a bunch of neighborhoods along it and letting people settle. Think of the communities at stake and not just the bottom line.		Roberts	Kathryn						
899	93a7069b-1cc7-48b4-8f4b-f569e9a5494b	4/1/2022 1:30	4/1/2022 1:30	Keep 380 on 380. As a resident of prosper at Whitney place, having a 8 lane highway with frontage roads will be devastating to my neighborhood and the schools we feed into. MainGate rehabilitation facility will be directly impacted as will the special needs children and adults they serve. Or world needs more places where empathy, patience, and compassion is modeled and taught. At MainGate the 300+ volunteers a week learn these skill as they help support our special needs population. Having a bypass thru Prosper is not right.		Nayar	Tiffany						
900	aad2428c-76bb-45a0-8053-aa5fa997b9b5	4/1/2022 1:35	4/1/2022 1:35	Opposed to option B. Negativity affects Founder's Academy, Cockrell elementary, and Manegate. This will also effect student drivers attending Walnut Grove in the future.									
901	c97b84ea-6d81-4de8-8771-4f973d670dd5	4/1/2022 1:38	4/1/2022 1:38	I live in Tucker Hill. Alignment A will severely impact our neighborhood. I oppose alignment A.	I support Alignment B. Not only is Alignment A more expensive it impacts more residents and will severely impact travel on 380.	Etier	Frank						
902	a7cc0cc4-4a8b-4b28-8e6f-399e3691d109	4/1/2022 1:40	4/1/2022 1:40	We oppose proposed option B as it negatively impacts the small town feel of Prosper. We moved here to get away from the city. It will be extremely close to our neighbourhood, Lakewood at Brookhollow as well as the schools our children attend now and will attend in future.		Harmse	Nadia						
903	c4e57135-a559-4af2-8a44-8546c99d9974	4/1/2022 1:41	4/1/2022 1:41	I strongly reject the proposal B going thru Prosper. This will highly affect our community and safety of our residents. Let's keep 380 on US 380 by widening 380 or building a double deck 380 for express traffic.		keckeisen	warren

918	3f46c350-6030-44bf-87a0-309f87f21211	4/1/2022 2:23	4/1/2022 2:23		As a recent resident to Prosper, this project is very concerning. I purchased my home with the thought that Prosper and the development I live in would remain beautiful, safe while enjoying tasteful growth with things such as nice dining establishments, quality shopping areas such as Legacy west and Highland Park Village. Allowing such an expansion of a major highway will prohibit investors to want develop within Prosper. This will also result in a major decrease on home prices. Should this pass, I will be looking to move out of Prosper. Thank you for allowing input.	Lowy	K						
919	a699f0a6-52b6-4238-899a-3c4009cee4df	4/1/2022 2:25	4/1/2022 2:25	I prefer option A. It is the best option for long term growth and sustainability.		Rinker	Matthew						
920	74b3e895-6c76-4e46-8241-5116b06412f9	4/1/2022 2:25	4/1/2022 2:25	We prefer to keep 380 on 380 and not disturb the Mane Gait facility. Prosper is a small town and this large project would have detrimental impact on our community.		Rinker	Raegan						
921	75b6c92d-6285-4252-8694-516b0ab1a176	4/1/2022 2:26	4/1/2022 2:26	I am opposed to option B for many reasons. Prosper has done an incredible job planning for the future growth and we should not be punished because of our good planning and McKinney's lack of better planning. Also, the Mane Gate farm serves a community of children who are already underserved and make up 11% of PISD. Also, the tax money PISD would receive from the senior community going in would greatly benefit the students without added enrollments.		White	Kasaundra						
922	a0ebaa91-c78d-431f-8c80-ac1ed4960d5b	4/1/2022 2:27	4/1/2022 2:27	Not good because it cuts too close. Just build another hwy north of prosper. Build a new hwy from 380 Princeton area going north of Prosper then end somewhere on the west side of prosper. Celina is growing, Aubrey is growing. This will help their town grow.		P	S						
923	39949873-0dd4-4289-8d20-9fee52ea3d7a	4/1/2022 2:28	4/1/2022 2:28	I support Option A, NOT option B. Prosper is not big enough to have a huge highway run through it. Please do not turn 380 into a massive highway.		DeGraffenreid	Heather						
924	837b3980-8f5b-4309-8076-ebddbbaab1	4/1/2022 2:31	4/1/2022 2:31	I live near 380 and strongly urge you to choose the project option to build the 380 bypass west of Custer and Stonebridge Drive. Segment option B is more cost effective and will not have a negative effect on our community.		Jordan	Clarenda						
925	db840d09-57bc-4151-8418-ed10c1292325	4/1/2022 2:33	4/1/2022 2:33	I live in Stonebridge Ranch. I do not support Section A!!! It would be best to direct traffic away from this subdivision for many reason. Some of these reasons include safety, traffic control entering onto 380 from Stonebridge Ranch, and the effect it would have on the value of our homes.		Snyder	Debbie						
926	ad372695-1606-4c49-8e04-070ed362f593	4/1/2022 2:37	4/1/2022 2:37	After studying them closely, I support option B over option A. It is clear to me that option A would cause far more disruption for inferior final product. The driving experience with sharper and more complicated curve also makes option A inferior to option B.		Truesdale	Larry						
927	34259a4c-abe6-41f4-8539-d3ff3f2671a7	4/1/2022 2:39	4/1/2022 2:39	Prior to moving to Propser I researched about 380 and learned that the town of Prosper had done building set backs to permit 380 to be widened. I'm just so upset at the thought of Option B being built through our Town. Please don't allow it! Stick with Option A. Option B will decimate property values and affect our schools which is what made us choose Prosper. No on Option B!!		Loftus

937	bf5a92b9-667a-4809-8c24-39c8b30359f9	4/1/2022 3:07	4/1/2022 3:07	I'm against building the 380 bypass. McKinney WAS unique by nature and now it is becoming just like every other over built, concrete city. The traffic on 380 is not as awful as building this bypass would be to the communities that surround it. I live in Timbercreek which would be right by the bypass. We bought in this community because of the trees and how quiet it was. The noise, extra traffic and the eyesore this would be is not why we choose either this community or this city. The value of our homes would decrease and the overall beauty of the area would disappear. I hope that someone stands up for the residents of this city and hears our concerns. What good is this kind of "growth" when it makes your residents want to leave their homes.		Nunez	Vanessa						
938	f46444c7-cbb0-4976-8662-b2f49ee77db1	4/1/2022 3:07	4/1/2022 3:07	Option B will drive a 12 lane wedge in the heart of Prosper. Directly impacting 3 schools, current/future neighborhood developments (resulting in lost revenue and community) and the safety of our citizens and students. Option B will increase noise pollution and emissions in Prosper. Additionally the impact to the Main Gait is heartbreaking. The Main Gate serves children with disabilities providing much needed benefits using therapeutic riding. No to Option B!		John	Casper						
939	e1d0b3d7-19dd-43da-8169-cc52ed3345a4	4/1/2022 3:09	4/1/2022 3:09	Prosper properly planned years ago for growth while McKinney did not. We saw this coming and properly accounted for the growth. Keep 380 on 380.									
940	fc1b8bda-bed0-4b85-82cf-6852de836621	4/1/2022 3:15	4/1/2022 3:15	This is where we currently live and our hope is to move just north of 380 between Coit and Custer. It would put us in an extreme disadvantage for future lots, being able to see the highway, noise levels, and also our current home value.		Angulo	Taylor						
941	085e5be1-83f3-4e68-8371-1651af32331f	4/1/2022 3:16	4/1/2022 3:16		I would like to see option A be adpoted. For the horses and future of that community option B is more destructive to both the community and long term economics.	JH							_am_a_business_owner_
942	651bf049-cee5-4fb4-88cd-e1f06407f5c0	4/1/2022 3:18	4/1/2022 3:18	I oppose the bypass through this section. An elevated highway through this area will cause harm to existing homes, schools, future development and Main Gate in this area.		Epner	M

943	74030adf-19ea-497b-8dfc-e16024e6e5c1	4/1/2022 3:20	4/1/2022 3:20	We live in the Auburn Hills community. We moved here in 2019, and at that time, there were no plans for a freeway to be built this close to our house. This will impact us financially, because of the reduction in property value, and will also impact our quality of life, due to the significant noise increase caused by a freeway. We kindly ask that you consider other options.		B	G						
944	d0069cf7-ade2-484f-85e7-5bf0581b76e0	4/1/2022 3:22	4/1/2022 3:22	Plan B directly affects less people and homes. I feel this is a much better option. Very little area of Prosper is touched here even though some in Prosper are saying this plan goes through the "HEART" of Prosper. This alternate makes sense to me.	I feel alternates B and C make the most sense and will affect the least number of homes and people. I also feel that TDoT has spent far too much time debating this project with citizens and needs to move forward as soon as possible. We will not be directly affected by any of the plans except that we will travel on 380 again, once the through traffic is re-routed. Thank you.	McNaughton	Susan						
945	f89e04bb-2bec-4653-8b74-e1a0f54c9a42	4/1/2022 3:25	4/1/2022 3:25	I strongly oppose plan B. This is a plan that would have a major NEGATIVE impact on the town of Prosper. The is a major roadway that would change the character of my community. This plan would interfere with the development of Prosper, it would negatively impact a very important therapeutic horse ranch, it would interrupt a senior housing development, it would interfere with existing and future building of schools. This is out of proportion to our small town. I strongly OPPOSE plan B or any plan that does NOT go along the existing 380 highway.		Jackson	Cindy						
946	b4328f89-3902-48f6-8edf-377e0e44e55e	4/1/2022 3:35	4/1/2022 3:35	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Porter	Chris

948	f752fa37-704e-45cc-8488-7df7c05b2c22	4/1/2022 3:47	4/1/2022 3:47		Please do not approve. We don't want more major roadways through our nice town of prosper. We don't want to bring crime to our safe neighborhoods. We don't want more traffic as my home backs up to the new expansion. Please don't do that to us.	Johnson	Erin						
949	3a1f30fd-78fb-43c4-8d79-435f9edc3875	4/1/2022 3:54	4/1/2022 3:54	The 380 Loop should go all the way to Prosper the city of McKinney has been accommodating when it has come to several highway expansions, including Sam Rayburn Tollway and 75 expansion. The city of Prosper needs to start carrying its weight when it comes to the growth of Collin County. They want all the benefits and non of the sacrifice.									
950	4314b31e-06f3-487e-8b9d-26bca77cc174	4/1/2022 4:02	4/1/2022 4:02	As a homeowner and citizen of Shiloh Ranch in McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements with minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. I also strongly oppose Segment-A. It should not be considered for the following reasons: -it destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. -the cost of Segment-A is \$99 million more than Segment-B. -it will create an overpass on 380 over Stonebridge Drive and Custer Road. -it will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		JR	JR						
951	bfa3ce91-7373-4111-8014-1eb954fd0f6f	4/1/2022 4:19	4/1/2022 4:19	I am opposed to option A because it's increased noise pollution would have a negative impact on the Stonebridge Ranch neighborhoods. It will also increase the traffic around the Stonebridge Ranch Dr & Ridge Rd neighborhoods which both have elementary schools close to 380 - Wilmeth & McClure. Option A is also very close to the Stonebridge Ranch area and that is going to adversely impact the home values in our area since this is an already established neighborhood unlike other options where there is considerably fewer homes. So new constructions can be planned accordingly.	I am opposed to Option A for the US380 expansion because: 1) Option A displaces more businesses than option B. 2) Option A total cost is higher by almost \$100Million compared to Option B. 3) Option A impacts more acres of wetlands, rivers/streams and forest/prairies than Option B. 4) Option B is more through area which is not as densely populated as Option A. Hence the negative impact will be lesser if you went with Option B over A.	S	Karthik						
952	2fedbc61-cab6-468c-863d-dd06797f9dab	4/1/2022 4:24	4/1/2022 4:24	This destroys the family and peaceful environment purchased for our home. Please keep 380 on 380 and build below grade to reduce noise pollution. This also impacts the local honey farms, equestrian therapy centers and overall value of homes in the area. The larger economic impact is much greater than moving the road to the Collin county Loop only a few miles north.		Swam	Chris						
953	411d8832-de5b-4870-8a14-03cc14ccfe8f	4/1/2022 4:41	4/1/2022 4:41	NO TO B! You will displace families, homes, businesses. Make McKinney pay for their poor planning and uproot THEIR OWN BUSINESSES AND PEOPLE. It should not be the other way around. 380 is already being widened in prosper. KEEP 380 on 380.		Schumacher	A

This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the	I also strongly OPPOSE Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.	Zucker	Kelsey						
956	95803655-fe0e-49be-8bf5-d2b167077187	4/1/2022 5:19	4/1/2022 5:19		Keep 380 on 380! Prosper has done their development in a proactive way, not reactive like McKinney. How can one ethically approve this massive expansion through established developments, up and coming developments that were well planned out and most importantly, how can one justify the negative impacts to MainGait? Keep 380 on 380 !	Wolfe	Jana						
957	5c2f1a8a-9d06-43b6-881f-48286e7e9ba3	4/1/2022 5:42	4/1/2022 5:42		I oppose all segment B options. Keep 380 where 380 is and keep Prosper a small town as it has always been and should be	palamidessi	anthony

961	a819ab0d-4f66-44b1-8f48-145116d35a8b	4/1/2022 11:03	4/1/2022 11:03	I don't think a major road should be going through residential property in Prosper. This would have a negative effect on the surrounding areas and Prosper is a quiet peaceful town. Option B is way to close to homes.		Williford	Chris						
962	e9e25058-d9cd-4c93-8ab4-9a120ecae608	4/1/2022 11:24	4/1/2022 11:24	I'm not sure if this is the solution but something must be done. The development that has come in, is a major issue. This has caused that side of town to become overly crowded and the lanes we have does not serve the city well. What used to be beautiful land has become filled with more city life than ever. The traffic is horrible. Developers have come in like a recking ball. The city will only get bigger and more crowded and by the time you know it, it will look just like Preston in frisco. The area from Preston and the 121 toll road all the way to Preston and main and further. Something needs to be done to this growing city.									
963	13db0861-9cb7-4f4a-85ca-b1a7db057176	4/1/2022 11:39	4/1/2022 11:39	I oppose option B for the following reasons: 1. The safety of our children (emissions, traffic, and etc). I have 3 boys that will go to school at Cockrell, Rogers, and Walnut Grove. 2. Impact to our communities. Plan B goes through existing subdivisions. That will destroy our home values. 3. Prosper city specifically left enough room to on 380 to widen the road. Prosper planned properly for growth and McKinney didnt.		Pittenger	Kyle						
964	59b2b4ff-92c0-4dda-8c88-1bd6ed4275f3	4/1/2022 11:39	4/1/2022 11:39	Segment B will be detrimental for Main Gait therapeutic horsemanship! Please please .. many kids in both mckinney and prosper.. receive benefits here that can not be had anywhere else. please do NOT use option B. Please keep 380 on 380 where it hs always been planned. It's the right thing to do! Other cities should have planned as did Prosper! Many thanks		Tucker	Staci

ManeGait is a valuable asset to the community, and it would be impossible for them to relocate and find anything similar that they could use to service the community. TXDot and County Commissioners need to STOP taking people's land like it's nothing! We are landowner's, homeowner's...we've built our lives on these lands and for someone to just come take it away is heartbreaking and should not be allowed! Texas has taken Eminent Domain WAY TOO FAR and uses it like I use my toothbrush. Laws need to change.		Redding	Kerry						
971	1cba66dc-bd38-449e-8dbc-db70bd559c06	4/1/2022 12:28	4/1/2022 12:28	As a retired businessman, Tucker Hill resident and tax payer for 5 1/2 years, I support plan B. Least disruption to homeowners, specifically T.H. and it's main entrance, businesses and the environment. As you know, this has been the preferred route from the beginning. It says much that this has prevailed for years of surveys and meetings. Simply makes sense. Paul Clark		Clark	Paul						
972	d867112d-7032-42f9-8f96-bc4fef95c820	4/1/2022 12:31	4/1/2022 12:31	The City of McKinney failed to plan for future expansion of 380 and should now bear the burden of that failure. The proposed Segment B would unduly punish the citizens of Prosper for the inept leadership of a bordering municipality. The mere suggestion of placing a 12-lane bypass in such close proximity to a charter school and a local high school is unconscionable. The proposed Segment B would materially impact ManeGait Horsemanship and limit their ability to provide therapeutic treatments for disabled children and veterans. The Ladera development, a retirement community of 244 homes, would be demolished; resulting in an estimated \$2.0B in lost tax revenue to the Town of Prosper and Prosper ISD. The proposed Segment B would require a massive utility relocation effort that are critical to Prosper's infrastructure. Keep US 380 on US 380. McKinney caused this problem and, as such, McKinney should be held accountable for the resolution. I vehemently oppose ALL Segment B options!		Aguilar	Brian						
973	1fe3d765-e44f-42ed-87b0-e11f5c13d56a	4/1/2022 12:31	4/1/2022 12:31	I do not want 380 bypass to be behind Rogers missing school or anywhere near lakes of la cima or brookhollow or any other neighborhoods that are already existing. These homes were built and purchased without a huge highway bypass next to them and needs to stay that way. Also we need to protect our schools. So many kids walk to and from that school. Mine included!		Johnson	Misty						_am_a_resident_
974	8957fd2b-d377-442b-8cfb-e68d0a197d8b	4/1/2022 12:43	4/1/2022 12:43	I am against Option A and for Option B (or an option that would be further north which actually makes even more sense than either A or B). Option A impacts more homes and businesses than option B, has more negative environmental and tax impact than Option B and as it would surround the Tucker Hill development on all 3 sides with a freeway would greatly increase both the noise and air quality of the surrounding area. There is also no good plan to even enter/exit the Tucker Hill development under the present plan. In addition Option B only impacts roughly 1 mile of the Prosper area compared to almost 5 miles on Option A. Option A is also \$99 million dollars more expensive than Option B, removes 17 businesses and decreases traffic safety in the Stonebridge and Tucker Hill and surrounding developments which will decrease home values because of the traffic volume and difficulty navigating the area. Option B is the best option (or moved even further north) to improve 380 traffic flow.		McKee	Dennis						
975	801e7f71-23c6-4ed2-8d40-11415a7b7765	4/1/2022 12:49	4/1/2022 12:49		With prosper growing with business and 380 being the main road for business I believe that this road addition would be greatly appreciated. Less traffic, less stops, less accidents.								
976	94777448-187d-4bbd-80c2-ee0537f15887	4/1/2022 12:58	4/1/2022 12:58	Do not build this! I don't know how this route B was even conceived, what a terrible location to expand 380. We (prosper residents) do not want this here or anywhere else in Prosper. The only option should be to widen the current location of US380.		Paulson	Derek

Option B presents a financially responsible alternative in an environment of rising home values, which lead to rising tax liabilities, and overall inflation depressing taxpayer free cash flow. Option A impacts more acres of wetlands, rivers/streams, and forest/prairies than Option B. Option A impacts 14.9 acres of Statewide Important Farmland while Option B only impacts 2 acres. Option A increases noise volumes that would have a severe negative impact on the established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. Option A would cause increased traffic on Stonebridge Ranch Dr. and Ridge Rd, both of which have elementary schools very close to 380 putting parents, staff, and, most importantly, children at risk to serious injury and/or death.</p>		Rincon	Joe						
979	5e98ea86-8a97-4051-8fae-66b5995aa8a7	4/1/2022 13:11	4/1/2022 13:11		<p>I am opposed to Route A for various reasons. A is too close to 2 large McKinney ISD elementary schools. Both of these schools have children who walk to school and I worry the increase in traffic on Stonebridge & Ridge would effect the safety of their schools & transportation to/from their schools. Option B seems to be a better option because it effects less housing, businesses, and schools. Custer is a main artery for the area and is better suited for this project. Please choose option B.</p>	Fulenchek	R

Hindsight is 2020 in that 380 should have been widened but the ROW does not exist. I am for option B, it is far less to taxpayers in utility relocations alone along with it appears to impact fewer individuals and businesses. When someone builds in the country of one of the fastest growing area in the nation, they should also understand it will not always be the country. TxDOT needs to do what is best for the largest number of people versus bowing to what a few want because they will be impacted. Someone will always be impacted.</p>		Gurney	Randall

I am deeply concerned with the negative impact on Mane Gait's therapeutic horse program for disabled and special-needs citizens. There is also the new private Foundation school located at the corner of First Street and Custer, as well as both the new Prosper High School & a new senior living community- both in the process of being built. Additionally, I am concerned with the devaluation of my own home with the negative impact of such a massive bypass in close proximity to my neighborhood. Prosper had enough forethought to plan for the expansion of 380 through Prosper, and it seems unfair that Prosper should take the hit because of the lack of planning by McKinney. I am 100% opposed to the Option B bypass, especially when there is already room to expand existing 380 in our area.		Douglas	Vicki						
990	fb44868d-5118-4141-8d02-8788ad1eb162	4/1/2022 13:34	4/1/2022 13:34	My name is Sydney Sherley and I have been a resident of Mckinney for over 40 years, the last 16 in Stonebridge, very close to 380. I am totally opposed to Plan A for the expansion. Plan B is considerably cheaper by millions and will not affect destroying homes and home values. Rerouting traffic through undeveloped land is the intelligent and more efficient route to take. My vote is for Plan B.		Sherley	Sydney						
991	6a96a18a-8b47-4127-8d6a-0643e6b7297c	4/1/2022 13:35	4/1/2022 13:35	I moved to this area for the smaller town feel and this is not going to bring anything but mess to this sweet town. I am very opposed to this as a home owner in lakes of la cima. This will cut right over where my son goes to school. Very dangerous and not what parents want for the safety of their children. I strongly oppose this. Thank you		Walter	Sara						
992	c1cc6ecc-7229-40fa-8509-abc770688ab2	4/1/2022 13:37	4/1/2022 13:37	My concerns as a resident of Tucker Hill include the safety of entry/exiting my neighborhood (which currently can be difficult & risky even with a dedicate stop light), the ability of emergency services to reach us, the noise, the poor air quality both during and definitely after construction, the trash & debris that will ultimately & continuously blow into our neighborhood, loss of homes & businesses that this expansion will cause. It will cause our properties value to drop and ruin a peaceful, beautiful & well maintained neighborhood. It will will jeopardize our safety, the health of our air quality, turn our neighborhood into a trash dump for street debris, and bring a level of constant noise that would never allow one to relax. And with all these cars, noise, trash, and pollution, comes people and as always an increase in crimes Tucker Hill currently does not have, nor do we want to offer ourselves up for. No expansion- yes bypass, please. My HOME is not up for debate Thank you.		Critch	Shea						
993	c89cca85-327c-42f1-8c7f-de40e2a7b527	4/1/2022 13:43	4/1/2022 13:43	B has far less impact on businesses as well as the large masterplanned communities on both sides of 380		Smith	Rafael

I am a resident of prosper and have school age children and this is the last thing we need coming through our community. Please do not move forward with this project as this is not why we moved in to this community . Thank you.	Walter	Mike						
995	bf9c5c3f-b201-4ac4-83da-81fcb3a4fb9	4/1/2022 13:44	4/1/2022 13:44	Mr. Endres, I wish to voice my strong opposition to Option B of the 380 Bypass realignment. My reasons are as follows: 1. It has already been reviewed and studied and determined that option A is the best route. 2. Prosper should not have to suffer economic and other negative outcomes due to McKinney's poor planning. 3. Option B would divide the town of Prosper, who has planned appropriately for 380 expansion along the existing 380 route. It would destroy several housing communities under construction and disrupt our tax base significantly. 4. It would endanger and destroy the facilities and abilities of ManeGait therapeutic horse ranch and prevent the invaluable services to those who need it most. 5. Due to the small size of Prosper compared to McKinney, a disruption like this would have a far greater impact financially, tax wise, and community-wise. McKinney can absorb the impact of such a change much easier due to their large footprint and population. Thank you for your consideration		Moss	Clint						
996	4668cd94-89f5-4bc0-8c86-53661fd269d5	4/1/2022 13:46	4/1/2022 13:46	As a resident of McKinney, Alignment B on the west portion and Alignment C on the east portion is a much better fit.		Stillwell	R

1010	4ea0ed56-7f4b-41d9-8abf-43776e29220a	4/1/2022 14:32	4/1/2022 14:32	<p>I am vehemently opposed to option A as it laid out. As a resident of Tucker Hill. Option B is clearly less impactful to residents of the area. Option B impacts barely over 1 mile of the populated area.</p> <p>Option A will impact residents and businesses between Custer and Ridge for the next 3-5 years. As a parent to two young teenagers...one 16 and driving and another that will begin driving in 2 years. Option A will make this area very dangerous for drivers. Additionally Option A would place major hwy traffic on 3 sides of our neighborhood. Noise pollution would be off the charts</p> <p>Please consider the very real issues that Option A brings to the table.</p> <p>Kip Carr</p>		Carr	Kip

1014	8fcc4b7e-a851-445d-8a2a-5178ffd9b306	4/1/2022 14:40	4/1/2022 14:40	<p>I fully understand the need for commuters to find an easier way to get to Central from 380. However, it is clear that Option B must be chosen. To permanently disrupt major businesses and homeowners along the A route would be a stunning blow to McKinney. The lost tax revenue to the city and state, the inconvenience to a MUCH higher number of commuters during buildout would cause irreparable harm to our city and lifestyle. Option B would clearly be MUCH less disruptive, would create a better experience during buildout and would cost far less from a build out and lost tax revenue perspective. Impacting 1.14 miles in a sparsely populated area on option B would be far superior than majorly and permanently disrupting the lives, businesses and health care providers. Lastly, the environmental impact would be far less - less traffic, less congestion and less complaining from commuters and inhabitants if option B was chosen.</p>		Kohl	Mike						
1015	62e5c461-51f5-42e4-8fcf-b34479785744	4/1/2022 14:47	4/1/2022 14:47	<p>I am writing to strongly oppose Option B through Prosper for the expansion of 380. This will have significant negative impacts on the city of Prosper, who has planned our city appropriately for 380 expansion. It will destroy several communities currently under construction, erode our tax base, and prohibit a world class institution (ManeGait) from delivering therapy to the disabled.</p> <p>In addition, putting the expansion in Prosper will effect a much larger percentage of Prosper compared to McKinney due to our smaller size, both economically, environmentally, financially (taxes), noise pollution, air quality and safety. McKinney is larger in size and populace and therefore can absorb this impact easier.</p> <p>Placing the expansion has much more to consider than simply which option allows for the fastest traffic flow.</p> <p>Please do not let McKinney's poor planning become Prosper's problem.</p> <p>Thank you.</p>	<p>I am writing to strongly oppose Option B through Prosper for the expansion of 380. 1026	4abd83f1-f608-484a-8b13-120fd4370332	4/1/2022 15:21	4/1/2022 15:21	I select B bypass and say NO to A bypass. The A bypass would totally disrupt any way to get in or out of our neighborhood as we only have one way to enter and exit Tucker Hill! It would disrupt any way for emergency vehicles to get into Tucker Hill! The destruction and disruption to businesses along 380 would be horrible! The noise and pollution would be unbearable if bypass A was passed! It would cost millions and millions more if A was selected. In bypass B is selected, it only takes 1.14 miles of Prosper land. Land that is underdeveloped at this time. Bypass A would destroy mile after mile of existing homes and businesses! Please make the SMART and INFORMED decision and select BYPASS B!! Thank you!		Dorton	Christina						
1027	cbb493b3-6100-43f7-88f4-ead41b6e6de0	4/1/2022 15:24	4/1/2022 15:24	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. Segment-A should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		Wolfe	Thomas						
1028	0ac23c99-42cb-439a-83df-d7a8aa65e1e9	4/1/2022 15:26	4/1/2022 15:26	I am against option B. Keep 380 on 380.		K	Lauren						
1029	7ca70f63-1a28-4815-81ba-c98d3cbf5047	4/1/2022 15:27	4/1/2022 15:27	Please remove segment B from consideration. It is disruptive to a large portion of the small town it cuts through - creating a massive variance to the existing and planned neighborhoods and schools. It simply doesn't make sense to consider this option when other approaches exist that are more in line with the current alignment.		Uber	Mike						
1030	aae42565-d5e4-4d64-8d81-e3939a46cda2	4/1/2022 15:27	4/1/2022 15:27	As a homeowner, I strongly support the Project 380 Segment B bypass. This is the least disruptive option to businesses, homes, and neighborhoods. Segment B will also save \$99 million dollars which can be used for future improvements.		Cagle	Paula						
1031	6b8d9521-2eca-425c-896d-12ef32008276	4/1/2022 15:29	4/1/2022 15:29	I strongly oppose Option B due to the negative affect it will have on Prosper, ManeGate Therapeutic horse center and the Prosper housing developments.		Mawson	Jolene						
1032	5edca76e-637f-4a8e-8c4e-192cce9cb017	4/1/2022 15:35	4/1/2022 15:35	Against Option A as it disrupts two existing elementary schools and significantly more existing residential areas than Option B. There is still time to plan development around the proposal for Option B while the Option A development along 380 between Ridge and Custer has been in existence for many years. Home valuations, noise, and air pollution would all be more impacted by Option A.		Fulenchek	Brandon						
1033	52cb3804-822f-4628-8f0e-645d39ad30d5	4/1/2022 15:36	4/1/2022 15:36	This plan negatively affects the Town of Prosper in the largest way compared to other options. Prosper should not have to bear the negative brunt of this project because McKinney has the power to stop it affecting them! All areas involved should have some culpability. The biggest problem I see is impacting ManeGate Therapeutic Riding and Therapy. Special needs individuals deserve to have their property remain intact as they have very few places to go that support them anyway. The Town of Prosper should not bear all the brunt of this project because TXDOT didn't take care of this project in years past before it became such a huge issue. As it is, it will affect all of us negatively with the extensive construction and time constraints.		Kunde	Jeffrey M						
1034	7abe93ea-0cc6-4c31-80f0-9aebbdee36f3	4/1/2022 15:38	4/1/2022 15:38	Option A for the US380 loop will create even more additional congestion to an already congested road. The only access into and out of Tucker Hill is 380. The added amount of traffic will add air pollution and road noise to an established neighborhood. All of the above will definitely impact the quality of life in these areas. According to your own data Option B is cheaper and disrupts less businesses. Your study also said that other Therapeutic Horse Facilities were surveyed and were able to work successfully with major highways around them. Why would you want to spend more money, disrupt more businesses and impact the quality of life in neighborhoods that are already in place? Are "future possible" neighborhoods more important that already established ones? I can see no advantage to the Option A plan and many disadvantages!		Carr	Mary						
1035	fc6e1ffc-9b55-4471-8e41-061438ba7f8a	4/1/2022 15:44	4/1/2022 15:44	Opposition to Route B. This will impact numerous schools and businesses. Our schools are already overcrowding & this plan would only make things worse. Please reconsider		Piotrowski	Colleen						
1036	7c066ee1-59e5-4592-8ac4-8ede37735848	4/1/2022 15:58	4/1/2022 15:58	Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits. Segment B is in close proximity to existing and future schools including high schools impacting thousands of students. Segment B poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more.		Savy	Dmitry

1037	64cdc961-3f70-424c-8afa-70eb0f6cb1a1	4/1/2022 15:58	4/1/2022 15:58	I oppose to ALL US 380 SEGMENT B in this area as a highway as big as 75 will directly impact homes, schools, businesses & much need non-profit organizations by decreasing value of homes, increase of traffic & noise, pollution, safety of our residents, especially students (drivers as well). It will literally tear The Town of Prosper down. Many of us moved here 10, 15, 20+ years ago to get away from the DFW metroplex for a more easy and safe living environment. We've worked hard to build a beautiful community and this will basically diminish that.		Strickland	Tracy						
1038	6d833b9e-cd53-4d00-82d5-b3023ea8e549	4/1/2022 16:00	4/1/2022 16:00	The route would remove people from their homes in order to accommodate construction. Homeowners, families, etc, should not be removed from their homes in order to create space for vehicles travel. There are too many options available for land not being utilized currently for this to impact homeowners. In a market that it is already insanely difficult to find (or afford) a home in Prosper, no one should be put through that agonizing process on purpose. Strongly oppose segment B.		Blair	Ellie						
1039	dde62639-19f5-4663-8d59-39720cc894d0	4/1/2022 16:00	4/1/2022 16:00	Section B should not even be an option! Having a freeway go between a school and therapeutic facility is a terrible idea. Why should places of education in one town be required to suffer because of lack in city planning of another town?		Heistand	Kristi						
1040	10a5586d-a3b7-486e-8383-ef0bb6cbdb4b	4/1/2022 16:07	4/1/2022 16:07	I vote for route B as opposed to route A. There are schools in the area of Stonebridge and Ridge that need to be considered. People already speed down 380 and Ridge. Putting the bypass in that area will attract more traffic that will continue to speed plus generate more noise to those students trying to learn at the Goddard school on the corner of 380 and Ridge, McClure elementary school next door, and Applebee Montessori on Stonebridge near 380. The A route would dump the bypass in an area that is largely already commercial.		Geiger	Courtney						
1041	d92ced4c-568e-497c-84a4-0cd6dc02ccdc	4/1/2022 16:08	4/1/2022 16:08	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380.		harvard	Nancy

1049	0ff72d47-4f61-4965-8a4c-4e2b713eaf10	4/1/2022 16:24	4/1/2022 16:24	As a Stonebridge Ranch homeowner I strongly support 380 segment B. Not only is this solution lower cost but is also the least impacting to homeowner values and is in the best interest of the majority impacted by 380 bypass.		Laing	Jeff						
1050	727c5d58-859a-4b37-8bde-779499a5bc1	4/1/2022 16:26	4/1/2022 16:26	I live in Gentle Creek. I own a home. I oppose segment B that runs through Prosper because it will displace people's homes, schools, businesses and most of all ManeGait's, which is a integral part of our community for veterans and disabled children; who are mentally, physically, emotionally, cognitive and sensory challenged. These 2 types; the disabled and children, have protected status under the laws of our government. Americans with Disabilities Act. This legislation prohibits discrimination and guarantees people with disabilities the same opportunities as everyone else. The Environmental Justice mission is to promote no discrimination in federal programs including federal highway projects. Therefore ManeGait should have protected status in Prosper. Traffic noise is another detriment to this area which would effect in a negative way the serene environment needed for this type of therapy. Again, i oppose any rerouting of 380 into Prosper, Texas. Thank you.		Morozzo	Deborah						
1051	0f8d2bee-8f0b-4836-80c0-c9407f520da1	4/1/2022 16:26	4/1/2022 16:26	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the also strongly oppose Segment-A. It should not be considered for the following reasons: *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		Albrecht	Marty						
1052	37346da3-fa5a-445a-8985-9c78621b8fa1	4/1/2022 16:28	4/1/2022 16:28

1056	91a08d1f-4247-408f-8eb3-98629539510e	4/1/2022 16:44	4/1/2022 16:44	I'm strongly opposed to Option B. It dissects several major housing developments (current and already being developed), close to two schools, and comes way too close to Manegait Therapeutic Horsemanship which serves many children and adults with disabilities, as well as our military veterans that face their own disabilities trying to adjust to life after serving. I've lived on the immediate area for over twenty four years and have seen the carefully planned and managed growth of the little town I moved to. Let's allow Prosper to continue to grow in a managed way and continue to prosper. I believe that Option A would be less disruptive to all, and the environment, if we can't keep US 380 on US 380.		Dye	Joseph

1060	6fb14314-9e82-4d12-80e1-5283bfb7d923	4/1/2022 16:50	4/1/2022 16:50		As it is drawn up, I support Route B. My question is . . . how much traffic will actually be diverted to the bypass? Will trucks be required to take the bypass as opposed to coming through town? What is the estimate for the amount of traffic that will be relieved on the original strip of 380 when a bypass is constructed? With the growth in Raytheon, businesses and housing even when the bypass is complete it seems we will be exactly where we are now . . . RATED F still for safety etc. I live off 380 on Meandering Way. Our quality of life is directly affected by the amount of traffic on 380!	Langford	Doris						
1061	2c9b0ee5-717b-42ba-80f4-e5fa11f387b4	4/1/2022 16:53	4/1/2022 16:53		Speaking as someone who owns a home immediately adjacent to 380 and Stonebridge, I am deeply concerned about the impact that option A will have on our community. As an alternative, I would strongly support option B for the 380 bypass. Not only does it directly affect fewer businesses and homeowners, it also is the less expensive option by a fair margin. Option B appears to be the best option for all parties involved.	Bowman	Brandon						
1062	b66a6953-1a77-4ce4-8df4-01c3bffc63d0	4/1/2022 16:53	4/1/2022 16:53		I strongly oppose Option A which will have a severely negative impact to La Cima and the along with it's alignment of Wren Creek, Tucker Hill, Kensington, and Ridge Crest before it veers north. The highway will be noisy, unsightly, and will completely disfigure our undisturbed nature preserves at the La Cima pond and adjacent green belt and preserved wetlands. It will also have the same negative impact on the upscale West Grove entertainment hub that you and the council have worked so diligently to bring to our corner of McKinney. Another reason I strongly oppose Option A is the safety of our children who need to take 380 to get to both Mckinney Boyd and Mckinney North High Schools. This will make it more difficult and dangerous for our young drivers to get to school. We support the Option B alignment which has US 380 veering north about a half mile west of Custer. Prospers claim of the shut down of MainGait is just not truthful. Please look at your own analysis of this project.	Denne	Alison						
1063	c0c8a9f1-9a44-4b8c-8c8f-e95f3620b860	4/1/2022 16:55	4/1/2022 16:55		To Whom It May Concern: My name is Camille Chan and I live at [REDACTED] in Tucker Hill. When I bought my house 1 1/2 years ago I thought I had found a forever home, quiet, beautiful with a wonderful neighborhood with amazing people! Never in my dreams would I have bought here if I had known an 8 lane freeway would be built directly in front of our entrance with no signal light, no way to turn left, the noise and pollution will be terrible for all the people in Tucker Hill and parts of Stonebridge. The freeway will also veer up the east side of Tucker Hill directly next to my home. The noise, air pollution and the visual will be like living in the middle of a city. I am terrified that I will be stuck with a home that will be unsellable in that environment. Our peaceful neighborhood will be destroyed by Segment A. If Segment A is implemented the traffic from before Custer through Ridge Dr. will be impossible. How will we be able to get in and out of our neighborhood?	Chan	Camille						
1064	083e6e73-9b2e-4b75-8f3b-ca1849ffe09b	4/1/2022 16:58	4/1/2022 16:58		I prefer option B and C	Richardson	Keresa						
1065	a5707c35-7911-4ab3-8457-1d30ac162b22	4/1/2022 17:00	4/1/2022 17:00		TxDOT has proven itself incompetent time and time again -- rather than widening and opening up 380 as it stands -- even with something as benign as putting linear overpasses in (as at Prestory/380) they opt for the far more intrusive stop lights every few hundred feet. The small communities there do not need additional lights (and could stand to lose most they have) if a simple overpass/frontage road system would go up along their 'busier' (exaggerating) needed intersections. The entire breadth of 380 from Greenville to beyond Denton needs a full expansion. TxDOT does NOT need to infringe upon the surrounding communities and dissect the traffic to make additional/multiple avenues poorly implemented. Expand along the already existing road where you can -- earmark the locations you currently can't -- quit fling up in the first place. I oppose the entirety of this alternate exchange and recommend scrubbing the whole idea.	B	A

1077	96888bfb-b3b9-439c-8dbe-9c31ce482e80	4/1/2022 17:41	4/1/2022 17:41	The alignment of C,E, and B is what makes the most sense and are the less intrusive. The C alignment helps in not having to have extra elevated roadway than the D selection. The B alignment goes through less populated areas than the A would and it would let you go beyond Custer Rd, which would take a burden off of Custer traffic. The C, E, and A alignment is not long enough to matter to by-pass McKinney and I fear would not be in the best interest to all.		Garza	Eddie

1081	d7dadf03-7109-4920-89dd-3c9e059f5f3a	4/1/2022 17:52	4/1/2022 17:52	I am writing to STRONGLY support segment B over segment A. Not only is the proposal for segment A significantly more expensive, segment A would displace many real, existing businesses and home. The real impact of segment B is significantly less and the concerns those against B are bringing are largely about proposed development or things not yet in existence. Things that actually exist today need to take priority over those proposed for future development, and human-populated areas should be given priority to remain over ranch land.		Nelb	Katherine						
1082	a6b3dbd4-fadb-4c75-87e7-737736933657	4/1/2022 17:58	4/1/2022 17:58	I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Logue	Andrew						
1083	29b01fc2-35bb-44df-8159-beae9a1a1d9d	4/1/2022 18:00	4/1/2022 18:00	Proposed path B, E & C are the most logical. While I have no desire to eliminate more of our beautiful countryside I frequently enjoy it makes no sense to add potentially heavy amounts of traffic to roads such as Stonebridge Dr. and Ridge Rd. These roads were not designed to support any more traffic than they already are not to mentioning adding the potential danger to residents in these areas.		Adams	Mike						
1084	bc261e5d-703b-487c-8a57-ca1341319ec1	4/1/2022 18:03	4/1/2022 18:03	My family moved to Prosper from Just outside NYC in the summer of 2020. We made a bold move to leave family and friends for work opportunities, to get away from the restrictions of Covid in the NE, and to give our two boys the opportunity to experience a similar upbringing as both my wife and I enjoyed around community, family and friendships. After a few visits, we chose Prosper over other neighboring towns for its community, fast growth, and schools. To date, we have not looked back and know that we've made the right decision. We are completely opposed to Option B as it would destroy or significantly inhibit all of the things that we came to this town and state to enjoy. The impact that Option B will have to home values, decreased tax revenues, stymied economic growth and knock on effect to schools will be devastating. There are never easy options. Someone will always be impacted. Option B will have a more negative impact than A.		Pursley	Sean						
1085	11638758-2500-47af-8940-8035c541388d	4/1/2022 18:08	4/1/2022 18:08		Option B is the best and least expensive way to go. Why would the state even consider option A with the most destruction and most cost? I live in Tucker Hill and option A will result in hazardous air quality for us and Stonebridge and surrounding areas not only during construction, but also long term with the increased traffic. We only have access in and out of the hood via 380. There is NO OTHER way in or out. Option A will definitely make emergency situations for fire or medical almost non-existent for Tucker Hill. Please choose OPTION B.	Reynolds	Diane						
1086	9679944e-ca62-4788-8a52-f2f8c86d6b19	4/1/2022 18:11	4/1/2022 18:11	As a homeowner and citizen of McKinney, Tx, I strongly support option B in the proposed improvements to 380. It will be less expensive and less disruptive than option A.		Massey	Janie						
1087	40d6ce22-47d4-4551-86b7-a5c6d5575e63	4/1/2022 18:13	4/1/2022 18:13	I prefer B and not A		Terilli	James						
1088	94c10a0b-5ea9-49b5-8be1-8de356761c66	4/1/2022 18:20	4/1/2022 18:20	In favor of Option B. Option A would be profoundly disruptive to established neighborhoods, and dump heavy traffic into an area with a planned mixed-use development ("West Grove") that will itself be generating additional vehicle and pedestrian congestion. Option B will more effectively route thru-traffic around the busiest portions of 380 farther west for easier connection to Preston and the Tollway.		Robbins	Gordon						
1089	e9fb31ad-e802-4ded-8d80-f40353eae025	4/1/2022 18:26	4/1/2022 18:26	I highly support option B. This option will provide less pollution, less loss of businesses and jobs and is only disruptive to a few. The other options are devastating to neighborhoods on 380. Please the other options will slow emergency vehicle response and provide poor air quality.		Midkiff	Lee

1096	f22a6540-a2dc-42d1-80f2-625c00867358	4/1/2022 18:52	4/1/2022 18:52	I am opposed to both C & D routes of the expansion. I live in Willowwood and will be greatly affected by either route. Why not use the Collin County outer loop as it was initially designed for. I back up to the wetlands and if this goes thru my home will be devalued and using my back yard will be impossible due to road noise. Also Hwy 5 (McDonald) doesn't need to be a 6 to 8 lane Hwy when US 75 is perfectly good enough to carry traffic thru McKinney and into Melissa.		Whitlow	Coye						
1097	061b6b70-6c2f-4878-83f4-bfc990901565	4/1/2022 18:53	4/1/2022 18:53	I would like to voice my families position of opposing option B and supporting option A. I strongly believe that Maine gate facility will be affected by having so many lanes of traffic right next to it. I have a special needs child with a seizure disorder that will not be able to utilize this resource. Secondly I have two other elementary age children and feel that the impact of noise and pollution will be a large distraction to their learning capabilities and not to mention the congestion of increased traffic right next to three schools. Lastly, it appears the city of Prosper and ISD will be impacted by a loss of tax revenue because so many planned residential homes will not move forward. I strongly believe option A is the path of least resistance.		McLain	William						
1098	7f7fe629-5893-4b19-8d16-b4350719d2c5	4/1/2022 19:04	4/1/2022 19:04	Option B is supported. Being an estimated \$100 million less expensive and not having to displace a single household or business makes this the most sensible option available.		Rabenaldt	Jerry						
1099	cb82bf64-0724-4d8f-8fb1-2700442f556b	4/1/2022 19:07	4/1/2022 19:07		Absolutely against Option B. That will cross over our new highschool, several neighborhoods and most importantly Maine Gait. They are such an important part of our community and the impact of option B will be devastating.	Pettit	Alissa						
1100	f91f6c1d-96a2-48fe-8a32-890b0447b6f1	4/1/2022 19:09	4/1/2022 19:09	Why would you put a large highway right through the middle of a nice, growing town like Prosper? It makes no sense to blast through the middle of a well-planned community with a large highway. Route B disrupts established businesses, homes, and schools.	Hello, My name is Jeff Williams and I am a Prosper resident. I strongly disagree with the proposed bypass right through the middle of Prosper. While I understand the goal to assist with the traffic challenges, cutting through the middle of our community is a horrible solution.	Williams	Jeff						
1101	56ea6dee-6b61-478e-8d26-3c61884db9dc	4/1/2022 19:15	4/1/2022 19:15	As a Prosper & Prosper ISD resident I know that the impact of this proposed "B Segment" will be felt throughout our community. I find it irresponsible to even consider this option due to the displacement of schools, private business, residences, not to mention relocating a cemetery. Prosper is a great deal smaller than McKinney and therefore has less land area & financial clout, however this does not make us any less important. With the growth the need for every proposed school is VERY HIGH. To force the town and Prosper-ISD to relocate the Walnut Grove High School at this point is ridiculous; not to mention the impact on the Founders Charter School. The results of "segment B" will effect every family in Prosper and Prosper-ISD, with prolonged over crowding at the existing High Schools. As a genealogist I am also horrified at the idea of relocating Hunt Cemetery. There are graves there that are 160+ years old. Why disturb their final resting place when there are other options?		Norris	K						
1102	0156aae0-a517-4104-8440-c9800ef28d9f	4/1/2022 19:16	4/1/2022 19:16	Leave the Town of Prosper alone! Prosper is not interested in the bypass, so keep it out of its town. I do not live in the area, but this is ridiculous!	The ONLY alternative that should be chosen is turning the existing 380 into a freeway - displacing businesses is much better than displacing homeowners and family farms. If txdot had planned accordingly, this right-of-way would have already been purchased and this would currently be a non-issue. Get your act together!	Thomas	Rickey						
1103	a570157f-1fed-4c28-89ea-6be61112708e	4/1/2022 19:22	4/1/2022 19:22	I support alignment B of the proposed project. This is a more economical and less disruptive alignment of the project. I oppose alignment A due to the disruption caused by the necessary overpasses over Stonebridge and Custer.		Keese	David						
1104	32e2a772-4da9-4e08-83e9-164de9afcdbo	4/1/2022 19:30	4/1/2022 19:30	Keep 380 on 380! Destroying neighborhoods & ultimately our town is unacceptable!		Hallauer	Kristy

1105	f6396a80-52dc-4fd9-8e0a-899fe8b81f36	4/1/2022 19:34	4/1/2022 19:34		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million. This seems to be a much better alternative to Option A and the impacts to businesses and families that would occur if that option is chosen. Thank you.	Thurman	Rick						
1106	b0434efe-0502-4048-89b1-e133ca8c154e	4/1/2022 19:41	4/1/2022 19:41	I oppose A as it is more expensive and will increase traffic on residential streets such as stonebridge and lake forest.		Boal	Tawnya						
1107	29ffaf3e-8480-4e39-88c4-0e1a26b6817c	4/1/2022 20:14	4/1/2022 20:14	No to Plan B! Keep US 380 on US 380! Too many residents will be affected.		Conrad	Melissa						
1108	2c6d0afa-7c2c-4b34-8026-e234f868468d	4/1/2022 20:21	4/1/2022 20:21	I'm writing today in strong support of the Project 380 Segment-B bypass alignment option. The Segment-B bypass option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.		Patterson	William						
1109	ba0254cf-ed76-482b-8f92-3611f6638c89	4/1/2022 20:36	4/1/2022 20:36	I am totally against Segment B which dissect the town of Prosper, will cause shortfalls in tax revenue and continue growth, will make it impossible for ManeGait to survive in the environmental setting created and destroy therapeutic services that have been ongoing for needy children and our deserving military veterans. Let the 380 remain the 380, stop looking to solutions that cause destruction and financial ruin to men and women who have worked to attain their dreams and provide security for their families. Let Prosper prosper.		Nugent	Barbara						
1110	5df97b87-bf7a-4757-84b3-e8a041e6f8a6	4/1/2022 20:37	4/1/2022 20:37	I strongly oppose segment B of this plan due to the undeniable negative impact to Prosper.		Romney	D						
1111	316bd3b2-05eb-4c3b-8bab-f69e3c614284	4/1/2022 20:42	4/1/2022 20:42	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets increasing traffic, noise and pollution in our neighborhoods. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Huthmaker	Todd						
1112	41ec4a43-b257-4fa6-88a8-144b026586c4	4/1/2022 20:46	4/1/2022 20:46			Richardson	Robert

1124	6ee64873-274e-4f5c-8d37-0a85cddde5fa	4/1/2022 21:31	4/1/2022 21:31	Overall, I am in support of the bypass. That said, as a resident near the intersection of Lake Forest & 380, I would much prefer to see Section A omitted in favor of section B & Section D omitted in favor of Section C. As a traffic-reducing bypass, this larger area would do far more good. I anticipate it helping greatly with the frequency of traffic accidents along University in the city of McKinney.		Franks	M						
1125	2d719608-04b0-439c-8c40-f6da8286cd48	4/1/2022 21:34	4/1/2022 21:34	Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities. As a equine professional since 1988 both as an exhibitor & judge, I can say with all honesty that there is absolutely no way to conduct such sensitive training and rehabilitation work with a freeway and thousands of vehicles utilizing this roadway each day. Due to the rising cost of land, simply packing up and moving is not an easy option either as land 50 miles from the current facility is selling for \$25-45,000 per acre which doesn't include any stabling or office facilities. I live in Prosper myself but before putting my personal thoughts forward, I feel as an Equine Advocate that I needed to speak up for ManeGait as the horses and children they help can't speak up.		Doby	Karen

1138	5f48c1d4-8f46-4dc0-8974-bc8248fbef85	4/1/2022 22:29	4/1/2022 22:29	Please do not let the much larger town of McKinney bully the smaller town of Prosper and have the bypass ruin the town of Prosper's carefully planned future. Please do not allow the bypass to go through Prosper, as it would so negatively impact a variety of already built or in process schools, subdivisions, retirement community and a horsemanship program.	The lack of planning on McKinney's part, as they allowed homes and businesses to be built too close to the existing US Highway 380, should not create a situation where the eastern part of the town of Prosper is negatively affected. Please either build the bypass east of the Tucker Hill housing community or, as so many have said, "keep 380 on 380." There are a couple of ways this can be done, and I humbly urge TxDOT to not cave-in to the town of McKinney's unethical demands, which will harm the town of Prosper and those of us who live here. Thank you for your consideration in this request.	Osborne	Matthew						
1139	1eb2c6def06b-4e61-8477-3a74ce156bd5	4/1/2022 22:30	4/1/2022 22:30	I agree with the B, E and C segments. John F Wittenberg, McKinney, TX		Wittenberg	John						
1140	8f839a29-851a-4d59-80cf-78268d7bc3f7	4/1/2022 22:36	4/1/2022 22:36	As a resident of Prosper - I strongly oppose the proposed "Segment B" roadway which would bifurcate the Town of Prosper and damage values, negatively impact quality of life, reduce green areas with concrete and roadways, increase emissions near homes and lower taxable property areas with non-revenue producing highways		Holloway	David						
1141	80387fd0-f881-4c91-8b37-156748109af7	4/1/2022 22:40	4/1/2022 22:40	Hi, One thought to consider is, there seems to be more open room on the south side of 380 for a loop that would not cut into a well established residential area. Or, perhaps building a double deck freeway from Denton to 75 along and over 380 be the shortest and most beneficial for all the folks on 380 and this would likely be the best choice for this project for all concerned. I just know the routes on the map may have been studied but it just will not work and it doesn't even save time to 75 nor does it relieve the traffic west to Denton. Remember growth is expensive just don't make homeowners pay the price for this project. Either way it will take years of construction to complete any project on 380. I just hope you take into consideration the neighborhood you want to destroy. I hope you keep the hometown feel of Prosper in tact for generations to come.		Sterling	Pat						
1142	35be617f-ad1c-4a5d-87a8-29e59b0e8071	4/1/2022 22:40	4/1/2022 22:40	I am OPPOSED to Option B. While the development of any bypass will undoubtedly negatively impact some property owners & residents, to bisect the Town of Prosper and force the closure of a nonprofit group which serves hundreds of disabled children & adults EACH WEEK would be detrimental to the area. Given today's real estate market it is unrealistic to expect this organization could relocate. I urge you to educate yourselves on the unique services offered by Mane Gait Therapeutic Center (https://www.manegait.org/programs/audience-served/ & http://www.manegait.org/wp-content/uploads/2020/02/ManeGait-Overview-2020.pdf) and select a different bypass route. Thank you for your time & consideration.		M.	Amy						
1143	2ee0f045-1024-42df-8e88-d3c31e306193	4/1/2022 22:42	4/1/2022 22:42	As a homeowner and taxpaying citizen of McKinney, TX, I strongly support the Project 380 Segment-B bypass alignment option. This is the alignment option least disruptive to business with no displacements, minimal impact on existing homes and families living in the various neighborhoods along and adjacent to US380. It is also the less expensive option by nearly 100 million dollars when compared to the strongly opposed Segment-A. I firmly believe that Segment-A should NOT even be considered for the following reasons: * It destroys and removes 17 small businesses west of the US380 and Custer intersection on the north side. * The cost of Segment-A is 99million Dollars more expensive than the Segment-B option. * It will create and overpass on US380 over Stonebridge dr and Custer Rd. * It will create further traffic around Custer Rd and US 380 where a large development including 13 Apartment buildings are to be built. * It will also cause the installation of water pipes (ducts) over US380	Segment - A is simply Unacceptable.	Cawood	Christine						
1144	d27769e7-6b9e-400e-878c-140de1dd7efd	4/1/2022 22:51	4/1/2022 22:51	I am opposed to segment A due to the proximity to neighborhoods in the area. It will drastically reduce property values.		Barbeau	S						
1145	89f2f716-9e67-47b2-89f4-33496526c9a6	4/1/2022 22:56	4/1/2022 22:56	Keep 380 on 380. This will not be safe for our students!		Cooper	Lindsey						
1146	3570343f-15c9-4e0e-8d8a-3b39716d0742	4/1/2022 23:16	4/1/2022 23:16	Strongly opposed to Option B. This would have huge negative impacts to traffic flow through Lakewood as well as our property values. Lakewood homeowners bought in this neighborhood to be away from such developments as Option B. Prosper's businesses and residents would take a huge hit. Keep 380 on 380!		P	K						_am_a_business_owner_
1147	47e4c61a-dc72-42a6-8323-56dbf2303637	4/1/2022 23:16	4/1/2022 23:16	I oppose segment B in Prosper. The reasons are that Prosper is only 9 square miles. This will cut it in half segmenting both sides. Also, we rely on taxes and this will severely limit ability to accrue taxes. Also this segment will destroy the MAIn Gait nonprofit.		DeFrance	Kimberly						
1148	db6a91a4-9295-44f7-844e-3b664c8ddb9	4/1/2022 23:19	4/1/2022 23:19	I oppose Segment B. I have lived in Prosper for 8 years and live with the increased traffic. I see the improvements being made to Custer Road, but I feel the traffic has already greatly increased there and that another major road would be too much for this area. The neighborhoods, schools and actual houses impacted by the Segment B Proposal appear to be grossly underestimated and do not take into consideration recent developments. Founders Academy, Walnut Grove HS and ManeGait will be negatively impacted by traffic and pollution as part of segment B. I do not feel the detrimental impact of the segment B proposal has been correctly considered. Cutting Prosper in half is not the solution, rather 380 should be improved, segment A (shorter and direct) should be selected or the outer loop expanded. To reiterate, I strongly oppose ALL segment B Considerations for the 380 bypass in Collin County. Thank you for your time.		Osborne	Kari

We are opposed to the "Segment B" route and simply want the 380 expansion to remain on the current 380 route while in Prosper. I STRONGLY oppose to Segment B		Sk	Sk						
1161	a35a934f-5e74-4bc1-8331-896dd35a18a6	4/2/2022 1:24	4/2/2022 1:24	Please do not put a major highway through our beloved Prosper. It was supposed to remain a small town, mom and pop not divided with highways and abolishing our sense of community. Please do not do this project.		Erichman	Lesley						
1162	63258f21-5f1b-4cd7-8cf6-6612798492ae	4/2/2022 1:31	4/2/2022 1:31		I am opposed to Segment B. I am opposed to any widening of highway 380 that is not located along the existing highway 380 corridor. I am opposed to dissecting the Town of Prosper for any reason. We are not a large town and putting a major highway through the middle of our community will have adverse and detrimental effects on our town. It will decrease property values, cause environmental issues and an increase in noise will be a problem. As well as change the trajectory of the Town of Prosper's growth in both residential and commercial development. We moved to Prosper almost four years ago to get away from the overgrowth of Frisco. Keep Highway 380 where it is and figure out a plan to go over the existing area or right through the middle. It worked for Highway 635. The reality is hwy 380 should have been dealt with a long time ago.	Hundelt	Andrea						
1163	28e4025c-8f7d-40d1-89dd-3a88728ab327	4/2/2022 2:19	4/2/2022 2:19		Segment A near Stonebridge Ranch and Tucker Hill will ruin 2 of McKinney's premier neighborhoods and contradicts the "Unique by Nature" atmosphere on which I based my house purchase decision. The segment B alignment in Prosper traverses through a less developed and lower population density area and is therefore a more preferred route. The segment B route causes the least disruption to existing neighborhoods during the construction phase and the usage phase. I don't see how Txdot can sensibly justify the Segment A approach near Stonebridge and TH.	Koons	Micah						
1164	9a6afef0-c69a-430a-80e5-f75882d44f69	4/2/2022 2:30	4/2/2022 2:30		This proposal is extremely detrimental to the property values in Prosper. This cannot be allowed to happen. I and my neighbors will fight vigorously to see that this proposal is met with resistance and ultimately dismissed as a failed idea.	Frallicciardi	Louis						
1165	32488b85-e3fe-4289-8dd7-0aa43a3ad214	4/2/2022 2:39	4/2/2022 2:39	PLEASE do not proceed with option A as it will cause our neighborhood to be surrounded by 3 major roads, increasing noise and air pollution. Instead, please consider option B instead. It makes for a better route and avoids causing too much disruption to neighborhoods. Thank you 😊		Sears	Marilyn						
1166	ff940677-b1c7-4dd0-827f-7100b8f3a5d9	4/2/2022 2:48	4/2/2022 2:48	This location punishes the Town of Prosper for poor planning by the City of McKinney. This location disrupts a newly developed community that was not informed of this option when purchasing their lots starting four years ago. This also comes very close to the new Prosper ISD high school that has already broken ground. It will impact the main entrance into Lakewood at Brookhollow and cause additional traffic congestion and safety issues. The Town of Prosper should not be negatively impacted to address traffic issues caused by choices the City of McKinney has made.		Daddario	N & K						
1167	448a489e-cbf3-4bf8-84dc-46a9c40e983c	4/2/2022 2:51	4/2/2022 2:51		Please keep 380 on 380, disrupting development for growth and property is not a good solution for anyone. I am a strong supporter of veterans and therapy for mankind and your segment B option will force Maingait to downsize if not close. Why can't you guys look at doing something like what is in Austin where you just build a higher road? We see this type of construction all over the metroplex. Please don't destroy our community here in Prosper by allowing the area to become a metropolitan area. Thank you and I pray you guys come up with a solution that is good for all. I oppose Segment B and hope this comment reaches you.	Powell	Dustin						
1168	4fc2b997-197f-4d01-85ae-876678210309	4/2/2022 3:00	4/2/2022 3:00	I oppose the 380 bypass through Prosper (option B). It would cause too much noise and pollution as it passes next to my neighborhood Whitley Place and near the Founder's Academy school. McKinney (option A) would be much better suited to route the bypass through the flood zone where houses aren't built.		S	J

1170	70c0f203-63ba-475d-8b4c-68a5467db98e	4/2/2022 3:38	4/2/2022 3:38	Creating a 380 bypass through Prosper as a remedy for poor planning on the part of McKinney is a blatant injustice and greatly damages the city and residents of our community. Projections on the influx of new residents to Collin County were readily available before the majority of the new 380 McKinney businesses were built. The re-introduction of a bypass through Prosper to solve a problem that is not ours is obviously a political power play. Our community leaders have been thoughtfully planning for this level of growth for many years and have been steadfast in the promises made to our city. The long-term economic, environmental, and quality of life ramifications for Prosper residents that a Bypass B would bring are almost unthinkable. I can't think of much that's more unfair than making Prosper "pay" for the "sins" of McKinney when there are options that would solve the McKinney issue with a McKinney solution. The majority of Prosper's residents don't even commute East bound on 380.		Pierce	Robin

It destroys too much land in a small town and gains very little benefit over Segment A. Don't destroy a small at the expense of poor planning by a large city. Avoid Segment B !!!!!		Lantz	Hugh							
1176	fc91f650-706c-4dd3-89e4-476f4c4cc69c	4/2/2022 5:18	4/2/2022 5:18		I support segment B, and strongly oppose segment A. See attachment.	Halsor	Alice							
1177	592a6c30-b50d-43d7-8390-dc78b0f52ca2	4/2/2022 6:41	4/2/2022 6:41	Segment A is far more disruptive to the citizens of Collin County. It will be within earshot of far more homes than B. Building over existing lanes of 380, closing dozens of small businesses and the traffic would insane. I feel sorry for the horses, but B is mainly through sparse open land and fewer lives will be impacted. Not to mention that it's easier to build when you aren't dealing with traffic on existing 380. I don't know what the school guy in Prosper is complaining about, I can't imagine what he would say if he was one of the 20,000 homes that would have an 8 lane highway in their backyard. Segment A would go right next to multiple schools and I don't see any schools next to segment B, just a horse farm and 5 houses, the impact is 15-20 people. This is a no brainer.SEGMENT A IS BAD..... Anyone with Google Earth can easily see B is a better choice. I want to see the impact studies for both segments. DON'T MAKE ME PROTEST TOO!!!		West	Claude							
1178	2f792ba7-6b5d-44d9-8975-bdc15b434676	4/2/2022 10:21	4/2/2022 10:21	I strongly urge you to select option A. Option B would have a devastating impact to MainGait in particular and Prosper in general. The children and veterans who depend on the therapy that MainGait offers would be forced to go elsewhere for therapy (if they can get in).		Gorres	Eric							
1179	ec070994-72a1-4f21-85b4-87b6b049af0e	4/2/2022 11:49	4/2/2022 11:49	Against B and for original 380...DOT plan as stated to the town entities as they developed their plan, tried hard not to let anyone become harmed by future highway expansions, trusted in DOT's plan, and grew the town. Schools, handicapped facilities, Senior homes and more are going to be hit hard due to DOT and other town's poor "going forward planning" thus hurting those who were careful to plan around what DOT outlined as well as the general environmental concerns. How sad! I hope DOT can see that this further destroys trust in their word. We were told earlier DOT was not considering the B route due to many issues that were not good for building on this route. Now, suddenly it is back on the table. WOW! I feel sad for all whose homes and businesses will be harmed because of others' poor planning and DOT's change from the original plan that towns planned around. It is all sad!!!	Distrust is running wild.... It is sad to not trust the decision making. How can the people trust when original planning changes are hurting so many!!!	Taylor	Thelma							
1180	55255dfb-1b93-438f-8ea4-4b8775c679e4	4/2/2022 11:55	4/2/2022 11:55	I oppose all options but particularly option B - Why can't we take a bypass further north where few businesses and homes will be interfered with unlike most these current options. For instance ... just take the bypass from 75 to the new DNT at or north of Wilmoth into Celina. Celina won't want it either but it's at least all (mostly) farmland. Better yet let's build out Wilmoth, bloomdake, lake forest. Hardin, Custer, coit and all other roads N/S or E/W between 75 and the tollway. Those roads and plans already exist, will cost significantly less money and do far less damage to what already exists.. that will take a huge load off 380. I already avoid 380 and take the "backroads" at all costs. I believe there are other options here. Let's lose the concrete jungle a little!		Sutton	Meagan

1182	8c9e2ea7-7666-4667-8e83-02d54b529642	4/2/2022 12:26	4/2/2022 12:26	I adamantly oppose option B. As a 12 year Prosper resident I see multiple ways this bypass would negatively impact the community. My son is a student at Founder's Classical Academy. We transferred him from PISD because he had daily headaches from noise level. Founders is a sanctuary for children to learn and thrive in a quiet environment. Similarly, Mane Gait provides an essential service for those with special needs. I have seen first hand lives changed by horse therapy. It would be a travesty for this area to lose that local service. Finally, my house backs up to Townlake Park. It is the only park of it's kind in Prosper. In an area full of man made aesthetics, Townlake is a true natural setting where residents can escape the ever growing urban landscape. The noise pollution from the bypass so close by would forever change a preserved location of true nature. I ask you to please consider the negative effects of Option B on 3 unique properties. Mary Collins ██████████		Collins	Mary						
1183	79674166-73c9-41e7-85df-d47ea69e71c1	4/2/2022 12:26	4/2/2022 12:26	A large multiuse development will start construction shortly at the southeast corner of N. Custer and 380 which will add an additional heavy traffic load to the intersection which is already extremely congested. Option B would certainly help to alleviate that congestion.	Option B is the only logical solution as it is the least disruptive of the two options. A would either displace or interrupt a number of businesses and homes in the area. If B is routed through the southern Prosper area little or no disruption occurs. Additionally, as mentioned above more development has been announced at the 380 and N. Custer intersection. Traffic is already heavy often requiring two light changes to make it through. My home is about a mile South on Custer and I am frustrated having to take so long just to get through the intersection. Baumgarten	Erik						
1187	0a994c9c-4c0d-4d08-8c26-14ff3ce4e610	4/2/2022 13:18	4/2/2022 13:18	As a Stonebridge homeowner and citizen of McKinney, I voice concern over segment A 380 Alignment. This brings significant noise, construction traffic, and safety risks to my immediate community. I am supportive of the Segment B alignment as outlined in my general comments. Thank you for your considerations.	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. Segment A will impact our community the following: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.	Brochmann	Jaret						
1188	abf7c1c1-908c-44f2-8e22-3eaac5c62845	4/2/2022 13:26	4/2/2022 13:26	No no no 380 bypass through prosper. Why divide a small town that is not the root cause of the issue? The root causes of the issues are in McKinney and should be solved in McKinney. If someone somewhere will be impacted, then it's only right to do it at the source. Don't harm those who had nothing to do with it and who bought where they did because Prosper development was being managed well.	No no no 380 bypass through prosper. Why divide a small town that is not the root cause of the issue? The root causes of the issues are in McKinney and should be solved in McKinney. If someone somewhere will be impacted, then it's only right to do it at the source. 1191	8f01c4f2-c8b5-475a-8678-d181c78e4d37	4/2/2022 13:36	4/2/2022 13:36	As a homeowner and citizen of McKinney I strongly support the Project segment B-bypass alignment option. This option is the most practical and logical of the two options. It is the least disruptive to businesses, minimal impact to homes and families living in along and adjacent to 380. Additionally it is nearly \$99 million less to construct when comparing to segment A. And we all know something of this project size will cost millions more to build.	The goal of this project is to improve traffic along 380 which segment B does. Segment A would destroy businesses, devalue homeowners property, cause financial stress to thousands of McKinney citizens and that is absolutely the worst thing you can do to people.	Halihan	Marsha						
1192	a86d8f27-5c13-4cec-8427-e86fa18236b5	4/2/2022 13:43	4/2/2022 13:43	Hi, please do not approve this proposal, it will make traffic too close to residential neighbors that we would like to maintain for years 380 University already sufficient as is Thanks		VT							
1193	41e65a98-7065-45ff-8153-efda2ff6b70d	4/2/2022 13:46	4/2/2022 13:46	I am vehemently opposed to segment B of the proposed bypass. The negative impact on the Town and Residents of Prosper are not justified by the project.		Marcum	Connor						
1194	77b28e80-337f-4d8f-8b86-eff1051fd128	4/2/2022 13:56	4/2/2022 13:56	Section B is WAY to close to MainGate complex, it would destroy the purpose of this facility to provide therapy to handicapped adults and children! In general, this segment B proposal is terrible, it goes through several sensitive areas of this small town, specifically 3 schools, a retirement community, and MainGate. There are many people in this town that donate their time at MainGate. I could not imagine it could continue to function with the noise and pollution this roadway would bring.		Sheehan	Mike						
1195	401a494a-ce23-4eea-8d1b-347e26b63082	4/2/2022 14:02	4/2/2022 14:02	My family opposes the Plan B route of 380. The other route is clearly the least disruptive to the surrounding area and the environment..		K	G						
1196	c7aec010-8276-4bd0-84c9-52bffa2e2330	4/2/2022 14:07	4/2/2022 14:07		I support B and strongly oppose A due to the tremendous additional construction, traffic disruption, and higher cost of A. We do not wish to see the existing businesses along 380 fronting Lowes taken out. We do not wish our teens here in Stonebridge Ranch who drive to the 3 high schools north of 380 to have to deal with the prolonged detours and road hazards that would come from A. Also, your studies should drive times will be shorter using B which means less pollution.	Claunch	Jennifer						
1197	0d2206ea-adb7-4a00-8eff-f567322ded80	4/2/2022 14:43	4/2/2022 14:43	I prefer option B as it provided 'earlier' relief from congestion at Custer		Tutt	Gary						
1198	2240d92d-33d1-48ae-8d75-49f6a0380986	4/2/2022 14:53	4/2/2022 14:53	We strongly oppose the 380 bypass cutting through prosper. The people here moved out here for a reason and you are changing the whole dynamic of the city. Taking away someone's business that means so much to them and the community because it's easier for you is simply immoral and wrong. We support MainGate and oppose the development taking away their property. I would rather put up with traffic then destroy our community.		Mobley	Trisha						
1199	c4ba1c9c-281c-46d2-8126-33cab0917844	4/2/2022 15:07	4/2/2022 15:07		Segment B is the better option	Joules	Nasheel						
1200	d141205e-bb54-49bd-85cc-8c27300d9649	4/2/2022 15:09	4/2/2022 15:09	I strongly oppose proposed section B of this plan. The negative impact on Prosper schools, homes and community businesses is detrimental under this plan. It would put a large freeway running way too close to schools and homes. Additionally it is unreasonable to place such a burden on the community of Prosper when it was the poor planning of the city of McKinney that has put us in this situation. Further I would like to know if a raised or buried freeway over the existing 380 was considered (similar to the 635 project in Dallas, from 75 west past the Tollway).		Murphy	A						
1201	b5c017ca-a990-4d80-88d9-d8336c0fea3d	4/2/2022 15:28	4/2/2022 15:28	I strongly oppose Segment B of the US380 Bypass through Prosper, TX. Our 9 miles by 3-mile town will be divided and negatively impact revenue/taxes from future development of housing/business in that area. The loss of potential revenue/taxes will also impact the town's budget to properly manage our municipal Police, EMS and Fire services. The construction of the multi-lane HWY will bring increased noise and pollution around approved/pending zones for schools, housing and businesses - all while impacting the value of existing home values. I repeat, I strongly oppose Segment B of the US380 Bypass through Prosper, TX.		McCaughan	Greggory						
1202	8e626fb0-70e6-4ec3-876d-c568055c6514	4/2/2022 15:33	4/2/2022 15:33		As a Prosper family, we Strongly oppose segment B								
1203	8444639d-9810-437f-8ad5-608d8e62aa99	4/2/2022 15:33	4/2/2022 15:33	The bypass through Prosper will negatively impact the children of our community and their right to a safe education without the emissions, noise and traffic of a major highway cutting through their neighborhood. This also increases traffic through the town which directly correlates to increased accidents and crime for our town. This is vehemently opposed by myself and the residents of this town!!		THOMPSON	SARITA						
1204	7ce5d8f2-29da-4abe-8e84-9997e742b8a0	4/2/2022 15:36	4/2/2022 15:36		I live in SBR and would like to say my family and neighbors are against Segment A proposal and FOR Segment B proposal. We do not want more traffic and especially down residential areas.	Bigbie	Lisa

1205	5fd11a1f-ada8-4e7d-8f20-e548f000f686	4/2/2022 15:46	4/2/2022 15:46	I oppose segment B as it will negatively impact the small town of Prosper, cutting off a relatively significant portion of a small town with only a 27 square mile footprint. It would hurt long established therapy services by affecting ManeGait. It would have a large impact on children with its proximity to current private and public schools, including the new Prosper HS #3. It will negatively impact current and under development residential communities. It's impact on a small town community is much greater than the impact of segment A would be on the much larger population of McKinney.		Akers	Lauren						
1206	7f05899b-42ba-4de0-8748-4175a4d6fec2	4/2/2022 15:48	4/2/2022 15:48	I along with the community of prosper oppose option B. This would significantly disrupt the community and the local economics. This seems like a small segment, but it disrupts a significant majority of east Prosper for little benefit for the overall north dallas community.		tan	steve						_work_for_TxDOT_
1207	496e7a39-3363-4890-8717-8970d948eb29	4/2/2022 15:55	4/2/2022 15:55	I strongly oppose route B. This road is too close to many schools and properties that help students and people of our community. Too many lives will be impacted in a negative way. I feel like we've been battling the is project for years and the town of Prosper keeps saying the same thing to route B. No! Please consider our stance as a community to keep 380 on 380. Thank you. 1209	e1b9ae58-f23c-4dda-8006-0ac7e3d46cc3	4/2/2022 16:03	4/2/2022 16:03	Prefered method would be to take it out first ave and go to Coit. E.B	It doesnt matter what we say you are going to do what you want anyway. Acting like tgere is a choice is political crap. But whatever route you choose to run your 8 lane highway through please make sure it is 45mph on all by pass roads with fines of 300.00 non negotiable for all violations. What you are doing is creating a race track back there. They will take 380 and the other will take the bypass see who can get to Ridge or coit faster. You might think I am crazy but people are crazier than me. Ridge rd is already a complete cluster and the amount of traffic you are bringing with just that it will triple with your new bypass. Why dont you run it along the county outer loop already there to the north. Or is that too close to privilage. It is already there. Oh well. Good luck with your highway.	D	T						
1210	a67033bbc00f-43ba-8626-afb7631d367f	4/2/2022 16:03	4/2/2022 16:03	Keep 380 on 380!! Putting it through prosper will effect thousands of home owners not to mention Maingate, schools & the town as a whole!		Hallauer	Paul						
1211	90e824d5-504e-40d3-8ab7-d79fb0240158	4/2/2022 16:05	4/2/2022 16:05		Only a Democrat Loon would think any of these proposals is a good idea. You're all lunatics who want to "Shit Hole" every town in Texas.	Everyone IsT	What						
1212	e3777161-6d96-4113-8c46-3b7803d990fe	4/2/2022 16:08	4/2/2022 16:08	I am in support of HWY 380 Option A and in strong opposition to Option B. I have many reasons, but due to the limited txt allowed, I'll state my top 3. 1) The previous route option going through Prosper was going to impact ManeGait, a highly valued therapeutic center providing services to thousands of persons with disabilities, including my cousin. TXDOT's own report referenced it would negatively impact ManeGait. Option B is 45 feet away from ManeGait, which would even more negatively impact its services. 2) The impact to Prosper's economic circumstances would be great. Just impacting the one of the new developments (Lander) would prevent \$1.4 million in taxes per year which would go to Prosper's school district. Other developments would be impacted as well, causing great harm to Prosper. 3) Prosper planned for 380's expansion. McKinney dd not. Prosper, a much smaller community than McKinney in both size and population, should not pay for another their failure to plan.		Stogsdiill	Matt

1238	fee2fb48-5802-4fc8-87c8-a622a1fae09c	4/2/2022 17:15	4/2/2022 17:15		This is a terrible idea. HWY 380 already has enough traffic as is, it does not need to be an alternative route of any kind or expanded. The construction alone will take years to even complete, leading to even more traffic and issues along HWY 380. Not only will their be traffic, a lot of the family owned businesses will take a serious hit in sales and profits during the construction due to most people losing interest to use the route due to it's high traffic volume. I get the idea to make HWY 380 flow more efficiently in a sense, but it will do the exact opposite and bring only environmental and economical destruction for those who actually live in the area and aren't just passing through. Thank you.	A	Michaela						_am_a_business_owner_
1239	312b4f7b-616a-461a-803b-289c2bfa5a74	4/2/2022 17:16	4/2/2022 17:16		I VERY STRONGLY OPPOSE Option B! Prosper is already very small & this would absolutely devastate not only our town, but the ManeGait equine therapy farm that is so very critical for the special needs kids, Veterans, & adults who get healing there. Please have a heart & do not do this to our little town- keep 380 on 380 or consider an area further east in McKinney due to them having a MUCH larger footprint to work with. Thank you for your consideration.	Norris	Mindi						
1240	f5a6ff8b-e77d-4118-8846-49edfa4b46b0	4/2/2022 17:17	4/2/2022 17:17	I strongly oppose option B as it will destroy a growing community.		Avila	Misty

1263	4202aee0-50a2-40df-8571-9b36424888e2	4/2/2022 19:11	4/2/2022 19:11	No bypass B 1. Will obliterate MainGate. They provide unique services to disabled children, adults, and veterans that are difficult to get in this area. They also offer opportunities to youth and adults to serve the disabled population. 2. Will directly affect 4 schools and the safety of the children at each of these schools. It will take millions of tax dollars away from Prosper ISD. Prosper ISD and the town have written multiple resolutions against bypass B. 3. Bypass B will directly affect multiple neighborhoods. It will decrease home values. Prosper will lose millions in tax dollars because of a bypass. It will affect the safety of the citizens and children in Prosper. 4. Bypass B was never a consideration until a group in McKinney Texas suggested that it be placed in Prosper. It is corrupt to ask Prosper to suffer in multiple safety and material ways because McKinney poorly planned.		Williams	Stephanie						
1264	9894d0a9-d31a-4daa-8f1d-8edd28d09a72	4/2/2022 19:13	4/2/2022 19:13	We live in Whitley Place and would be impacted greatly if a bypass is out into our backyard. The sound, pollution, and the increase traffic is a huge safety issue for our young family. Also, the greater impact of the school and businesses. Main Gait, the new Prosper High School, the planned retirement community, and Founders Academy would all be negatively impacted. That's the elderly, kids, and disabled!!! All of these populations need our support and help to have a voice. I am opposed to the bypass coming through Prosper and we need to keep 380 on 380!		Forsett	Angie						
1265	a7699434-7138-4957-8f95-89e7faa31220	4/2/2022 19:19	4/2/2022 19:19	Keep 380 ON 380!!!! Poor planning on the part of McKinney and Tucker hill, Prosper shouldn't have to pay for poor planning on the part of McKinney!! And you would be destroying MainGait, a therapeutic horse farm for the disabled and children, TWP protected classes!! Stop this stupidity!!		Ferrara	Connie

1267	a6cb55b6-3788-4b2e-87a9-9c6211e22cf9	4/2/2022 19:29	4/2/2022 19:29	Option B would be a detriment to the Town of Prosper and the safety of our kids. This will run along the high school my children will attend and that scares me to death. 380 is already a road in place. It makes more sense to expand it to ease traffic than to build an entirely new road! How can it be cost effective to choose option B? It isn't. Just because a neighborhood that already knew 380 was there is complaining?? That is not right at all! PLEASE KEEP 380 ON 380!!!		Haggard	Holly						
1268	2cd50c96-9116-42c0-8c4a-98e3e6619176	4/2/2022 19:32	4/2/2022 19:32	I think B makes the most sense on the West end.									
1269	02a29150-c49e-4ba7-8d58-97acceec5078	4/2/2022 19:38	4/2/2022 19:38	My family and I including friends of prosper Texas strongly opposed route B. We need to keep 380 on 380. This is going to have many many years of impact on schools families and homes. We should not be penalized because the city of McKinney chose not to have the setback on 380 many years ago. We along with other cities gave the setback as everyone knew 380 was going to expand one day. It also makes sense to keep it in a straight line and 380 is already extremely busy. So keep it there and keep the rest of the towns nice and quiet. Myself and other Prosper residents are kindly asking you to not put the highway through our town/Route B		Conrad	Brent						
1270	f0b2c162-07d2-4389-8cc9-e917758528b5	4/2/2022 19:43	4/2/2022 19:43	B is a horrendous option. Fix 380 on 380, don't encroach on my town.									
1271	13e04a29-78f4-40b4-8c38-04911c9492c0	4/2/2022 20:00	4/2/2022 20:00	I live in Whitley place. There's enough traffic with the expansion of Custer road between prosper trail and 380. Creating further roads would diminish the appeal of living in Whitley and Prosper.		Sullivan	Patrick						
1272	07691657-7d2c-4da6-819b-aeae4d60c253e	4/2/2022 20:12	4/2/2022 20:12	Too many homes and people live in this area, several thousand will be effected- congestion, traffic, construction, and property values if route A is approved. Route B would not cause these problems because it is open land, and does not have the amount of development that A has.		Morgan	Kathy						
1273	0160a7ff-9bb6-49b0-8075-9bb10c4ea2b7	4/2/2022 20:12	4/2/2022 20:12	Option B hurts the town of Prosper. It is smaller geographically, impacts a horse therapy area for special needs, multiple Prosper ISD campuses, future home developments, student drivers at the soon to open high school, and negative financial impact to the community from lost tax revenue.		P	W						
1274	8ccff42e-a47f-4df2-814f-0b83aa1fd2a4	4/2/2022 20:13	4/2/2022 20:13	Option B hurts the town of Prosper. 1275	d4b3fb69-bb76-453e-855a-aead28581583	4/2/2022 20:14	4/2/2022 20:14		I oppose ALL US 380 Segment B options. This option is extremely destructive and disruptive to the Prosper community as well as to ManeGait Therapeutic Horsemanship. 1. This is a McKinney issue and Prosper should Not have to pay for McKinney's lack of planning and lack of acknowledging the issue (McKinney has continued to allow development right up to the right-of-way of 380 even when they knew 380 was becoming an issue. The amount of development just within the last 3 years since this was a problem back then is ridiculous.) 2. Exactly who will be using this Bypass & why can't they use the outer loop that is already being developed? Most of the traffic is from people traveling to all the local businesses along 380 especially as it approaches 75. 3. The schools that will be impacted should be a huge concern. The safety of our children should be a major consideration in this issue. Opt B will effect thousands of children and their families. There are Many More issues w/ Opt B.	Demases	Katherine

1276	d862e206-aab2-49ae-8041-3435f499587d	4/2/2022 20:17	4/2/2022 20:17	Section B proposal for US380 will create a big divide for the town of Prosper. Planned future neighborhood developments along with displacing current businesses and homes in development along the corridor of proposed Section B will dampen the growth of Prosper. It will also drive current property values down and make Prosper less appealing to live in for many new residents planning to move here in support of large businesses like the PGA headquarters. Emergency services will have longer response times due to a highway literally dividing the town of Prosper up into two. Current fire and police stations in Prosper will be geographically separated to the north and west of the Section B proposal. Section B will hamper the plans to build a much needed 3rd High School that is due to start construction this fall, forcing Prosper ISD to start from scratch with surveying a spot in our small geographic area of 9 by 3 miles. I staunchly oppose Section B of US380.		Oldham	Daniel						
1277	6216110d-a3a8-4d8b-8ea4-f99ed12156f8	4/2/2022 20:24	4/2/2022 20:24	Option A is among the most disruptive. Based on the Segment Analysis documents, it also makes the least sense as it yields one of the higher numbers of environmental, infrastructural, and residential impacts. Please explore other options.		Thomas	Matthew

1279	a09e2ee4-db2f-4a4f-8ff8-42c80179438b	4/2/2022 20:37	4/2/2022 20:37	I totally support option B rather than A Option B is cheaper about 100M and do not displace business, and impact less acres of wetlands, rivers/streams and forest (please do not destroy our peaceful neighborhood). Option A would affect our quality of life without a doubt.	It is evident that option B is a better one than A.	FLORES	CARLOS						
1280	af909f3a-5f2b-45e7-8db0-2b7acadd43b0	4/2/2022 20:52	4/2/2022 20:52	I am concerned and object to a 12 lane highway crossing into this established residential area. As a resident since 2009, this proposal presents grave danger to our way of life in Prosper with untold dangers to families, drivers, new drivers, school buses (drivers and riders/children), attendees of the nearby schools, the new high school that will be ready in 2023, the Maingait Therapeutic riding center for the emotionally challenged and disadvantaged (and their horses), and our overall safety as residents. There was a different proposal in the past that would ensure our safety as residents. Surely TXDOT has enough revenue to build this section in a less developed area.		Patrick	Inga						
1281	e8bbf80c-2f87-4e28-86af-19c3ecf39555	4/2/2022 20:53	4/2/2022 20:53	I am opposed to Option B that goes through Prosper. It will be detrimental to our town. There are much better options available.		Nelson	Kelly						
1282	ee040f74-bf1c-45bd-8c04-1cb4141e9789	4/2/2022 20:54	4/2/2022 20:54	Once again, the town of McKinney didn't plan and looks to Prosper to be the scape goat to fix their problems. I and the town of Prosper opposes the plan b option. This is not a pregnancy issue, plan B is for McKinney to deal with this themselves as they made the mess. Do not build a by-pass through Prosper. It will hurt property and business values.		E.	M.						
1283	b082839f-0b1d-4d1f-83c7-3c29494ad43c	4/2/2022 20:56	4/2/2022 20:56	I strongly oppose Option B. This option will disrupt businesses including a non-profit serving disabled children and veterans as well as schools and neighborhoods. It will directly put students at risk due to the close proximity to schools. Prosper has planned for expansion and growth on 380 for years as part of its planning and its citizens should not pay for the failure of other communities to plan. This is not right!!! Keep 380 on 380 rather than a 12 lane highway cutting through a town that is only 27 square miles to begin with.		Weddle	Jennifer						
1284	68090226-77e0-43fd-8972-876da82a9ced	4/2/2022 21:00	4/2/2022 21:00	Option B would destroy East Prosper... Prosper planned for this growth and McKinney chose to ignore the problem. keep 380 on 380		Beavers	Bill						
1285	86145271-491d-4af7-88f0-2b65342cfd6c	4/2/2022 21:05	4/2/2022 21:05	I strongly oppose option B.		Norris	Jessica						
1286	5544db04-c027-4603-8c14-0d32ccc02e01	4/2/2022 21:05	4/2/2022 21:05	I strongly recommend Plan B. It's a lot cheaper than Plan A and less disruptive to neighborhoods and businesses. We are already paying for the unchecked growth on 380 with excess traffic on our secondary streets as people try to find ways around all the new traffic that has been put in their way.		Halderman	C						
1287	761a37d5-93d9-4339-8a15-bcda3455e91f	4/2/2022 21:06	4/2/2022 21:06	As a resident of Stonebridge Ranch (living right off of Stonebridge Drive) in McKinney, I'm writing to express my strong opposition to the Option A alignment route. Option A would cause major disruption to the flow of traffic thru the neighborhoods of Stonebridge Ranch during construction, in addition cause devastation to the entire business area along 380 from before Custer to Ridge Rd. The scenic roads thru Stonebridge Ranch were not designed or built to handle the traffic that would be generated by the offloading necessary during construction necessary for Option A. I'm also concerned about the impact to Baylor Hospital (accessibility) and all the many medical buildings that are adjacent to Baylor and along 380, during the construction period if Option A is chosen. McKinney Baylor is a vital institution to the city of McKinney and maintaining easy access is critical.		Hawke	Gay

1289	44694759-5db9-4f91-8506-3e79059546fa	4/2/2022 21:16	4/2/2022 21:16		I oppose Segment B on the proposed 380 Bypass. If implemented, Segment B would negatively affect the ManeGait Therapeutic facility. ManeGait provides services to, among other individuals, combat veterans as part of their recovery. I think you owe it to those who risked their lives for the freedoms we enjoy to pursue an option other than segment B. Thanks for your consideration.	Solan	John						
1290	757e7b54-67a4-4665-8594-26ac3ab0d316	4/2/2022 21:27	4/2/2022 21:27	To whom It May Concern, We are completely opposed to option B. We are extremely disappointed and concerned about the recent proposal of running a bypass right next to Cockrell elementary school-option B. It seems there are other options including a flyover or the original proposed solution that runs next to Tucker Hill. This original option shouldn't be eliminated simply because legislators live in Tucker Hill. These legislators are elected to serve the community interest at large not their own interests. The fact that Tucker hill has one entrance is not a problem that 1,000 elementary school kids should be put at risk to solve. Sincerely, Concerned prosper resident and parent.		Mays	Stephanie						
1291	53b2fcf0-b8c3-4a20-8fb3-2328a3dcc2a6	4/2/2022 21:32	4/2/2022 21:32		I Oppose route B. There are so many schools directly impacted in our small town. It will hurt the families who live here.	Lee	Jacqueline						
1292	f1cd0b02-4f24-455d-8944-ad02d8d7488c	4/2/2022 21:37	4/2/2022 21:37		I believe option B puts students in Cockrell Elementary in danger and creates added unnecessary congestion to an already busy area with many student drivers. I believe a flyover is the best solution similar to what has been done on Preston and 380 as well as Preston and 121 but if that is not an option you have to go with option A. Just because Tucker Hill has a single entrance, it is not the right of the legislators living there to put their well-being about all the other families with kids going to school at Cockrell. Please do what is best for the community and not for the select few.	Mays	Eugene						
1293	f0d38115-b45e-4794-8e4e-2840b3ea432f	4/2/2022 21:47	4/2/2022 21:47		I strongly oppose Option B!

1316	3b3e913e-a98a-49c1-8b5b-09e5fb20c552	4/3/2022 0:18	4/3/2022 0:18		Plan B which runs through Prosper is a very bad decision for many reasons. First, plan B effects Main Gait negatively. This facility is vital to many disabled children and veterans. This type of facility can not merely be picked up and moved, therefore TexDot would have to suffer a heartbreaking optic mistake. Secondly, Prosper only has 23square miles to take advantage of property taxes, which support our schools, fire, police, etc. By running the proposed bypass through Prosper, we will suffer greatly due the loss of land revenue by loosing development land and the loss of revenue from lower property values, which are sure to drop due to a major highway cutting through our town. I witnessed the same challenge we now face on 380 in Austin with HWY 35. Tex Dot made the wise decision to double deck Hwy 35 where it couldn't be widened, and it solved the problem with very little pain to anyone. Please consider that sensible solution in McKinney, and leave 380 on 380. Thanks	Yanof	Marvin						_work_for_TxDOT_
1317	6ad3b6bc-ff0f-4356-82ad-164e99f29fa8	4/3/2022 0:20	4/3/2022 0:20		I have a huge objection to the proposed options A & B of the bypass for 380. This proposed route is infringing on established neighborhoods with schools and walking paths that would be directly affected by the noise and constant traffic. There has to be a better option to go further North on Dallas North Tollway and then build a road East to connect to 75 and on East to Princeton. This plan is not acceptable.	Hatch	Beth						_am_a_resident_

1333	b51f4145-1695-428e-8f4c-fe30015ba7b8	4/3/2022 2:07	4/3/2022 2:07	I live in Tucker Hill neighborhood. I am a surgeon in the community, frequently accessing 380 from our neighborhood. Any widening of 380 or conversion to a limited access freeway (option A) would greatly impact my ability to easily commute to and from Baylor Mckinney or Medical City Mckinney in a seem less fashion. I am a parent of young children. When they grow to drive on their own, entering and exiting our neighborhood onto a freeway (option A) would be extremely high risk. As a resident, the noise associated with option A would be disruptive to our daily lives. It would impact a large number of businesses, with difficult access, loss of parking and obstruction during construction. This would increase the risk of business failure and relocation, negatively impacting our business tax revenue. Option B gives the lowest direct business and resident impact. Option B gives the greatest outcome for the largest number of people.		L	N

1340	b5871230-3063-4ff9-81fc-bcc0e79228f9	4/3/2022 2:24	4/3/2022 2:24	Choosing A or B almost amounts to "Sophie's choice." My wife and I live in Stonebridge, close to Stonebridge & 380. Our daughter and her husband live in Whitley Place. 380 is already dangerous and crowded with local traffic to retail, restaurants, and the hospital. Soon to come is all the traffic for new neighborhoods north of 380. There is also much traffic to and from two McKinney elementary schools and a high school. Construction on 380 for segment A and the ensuing traffic after completion would only exacerbate an already frustrating and dangerous situation. The main argument against "B" seems to center around Maingait. A solution was offered for relocation. Another was the bypass being located south of the establishment. If A were the decision, what would guarantee that Maingait would not relocate to another location after the completion of the bypass? It certainly would be a prime area for a future housing development. Choice "B" affects less people and is the wisest choice.		C	R						
1341	939bfa5a-66c6-4a89-84c4-788d31f1d964	4/3/2022 2:31	4/3/2022 2:31	This part of the project will cost more and will severely damage or remove existing businesses and homes in this area. It would affect already established business and homes directly not just as a future development like those in the B section but already existing businesses and homes. The cost alone should make this option almost null and void since spending an extra \$100 million does not make any fiscal sense. No matter how loud a certain group or community is should not determine this project. Sound engineering and fiscal responsibility is what should determine this project and that is not option A.		Rascon	Melissa						
1342	bcbc0b8c-6e74-49a0-8237-97b393a81196	4/3/2022 2:40	4/3/2022 2:40	I don't want a 8 lane elevated super Hwy in my backyard. I bought in Willowood with the understanding the Hwy would be around Kaud Howell. Either way why not move it further north since once it is done it will already need another bypass further north. No 380 bypass using C or D option!!!		K	G						
1343	26b68bdf-527a-46a7-8b53-4c2dcd1dfa7c	4/3/2022 2:47	4/3/2022 2:47	We don't want the option B. I am opposing option B. This will completely destroy the growth of Prosper town. There are so many great schools and neighborhoods in Prosper and communities that are coming up for old age people. Building 8 lane will disrupt peaceful living for old age people in Prosper. Please don't do any road construction through Prosper town. My humble request.		Chunduri	Lakshmi						
1344	e6ca7423-7b61-488b-8b19-b46d230331e6	4/3/2022 2:47	4/3/2022 2:47	As a longtime homeowner (26 yrs, 10 in Stonebridge Ranch) in McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to current businesses with NO displacements (17 potential with Seg-A), minimal impact on existing homes & families living in neighborhoods along & adjacent to US 380. It is also the least expensive option by nearly \$99 million. I STRONGLY OPPOSE Segment-A for these reasons: *It will create an overpass on 380 over Stonebridge Drive & Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge, Ridge Road and Lake Forest, increasing traffic, noise & pollution in our neighborhoods & reducing our property values drastically during construction & after. *It will also cause a large interchange to be constructed at the intersection of Segment-A & 380, depressing home values in that area.		Lowe	Glenna						
1345	1d1ad8a8-595d-4b03-8526-83b2919acf8	4/3/2022 2:55	4/3/2022 2:55	I strongly appose option B.		Cunningham	M						_work_for_TxDOT_

1350	0f8e9588-c63d-484f-811b-7491f28bf76b	4/3/2022 4:29	4/3/2022 4:29	I believe Option A would be the most disruptive to more people, homes and businesses than Option B which only impacts 1.14 miles for the town of Prosper. They object to this because of impacting future communities that are on the drawing board, whereas Tucker Hill is a long standing still growing community. Option A would impact the safety and well being of Tucker Hill for 3-5 years of construction making entering/exiting so much more difficult including the noise and air pollution factors associated with construction. Please consider the greater good in selecting Option B. My quality of life depends on it.		Gistaro	Marti

Adding a major freeway throurofare right through neighborhoods and schools is NOT what Prosper needs! As someone who will have drives on Custer multiple time per day, and who will have a student attending the new High School and will be driving, having to navigate a freeway through there is simply dangerous! Prosper is getting too congested and crowded and impeded by traffic as it is! We DON'T want this!!!	Ceccarelli	Stephanie

1369	735f51d2-b41b-41a1-8b1a-35cae982c963	4/3/2022 14:57	4/3/2022 14:57		My husband and I moved to Prosper for the retirement phase of our lives. We bought a beautiful home in Whitley Place, adding a swimming pool and outdoor entertaining area. The thought of an 8 lane road running so close to our home is frightening. We will be listening to night and day traffic, smelling noxious car exhaust and the sounds of horns blaring at all hours. We came to Prosper for the quiet, family feel of our neighborhood and to escape the hustle and bustle of McKinney (where we lived for 30 years). Please keep 380 on 380 as was always the plan for its expansion. Thank you, Kathy Sperl	Sperl	Kathy						
1370	102b3832-912f-4766-8580-9f69436a41cf	4/3/2022 15:01	4/3/2022 15:01	I am a resident of McKinney, Tx and a homeowner in Tucker Hill Development. I SUPPORT segment B As a resident of TH we only have 2 exits, both out to 380. Any construction for 3-5 years would severely impact our safety. Emergency vehicle response times would be greatly increased. This also would continue after construction with segment A as any emergency vehicle coming from the west would have to go beyond TH. If we had to go east to Baylor hospital we would have to head west first. We've been hearing for 7 years that Stonebridge is going to be extended still has not so no guarantees that it will be prior to construction. Further, your own matrix of showing number of businesses, residents, and other displacements to be less with B. Cost is much less, \$100m, with your current estimates with B. You even state it could go higher with the utility re-routing. Environmental impact is even less with option B. Segment A could have a potential high-risk EPA clean up where B has zero		Sweet	Greg

1371	7f1d0466-2a17-4071-8976-b5d8e58d46ed	4/3/2022 15:02	4/3/2022 15:02	<p>I am a homeowner in Tucker Hill and a resident of McKinney, Tx. I want to strongly oppose segment A of the proposed 380 expansion. Based on your own matrix of factors segment B is the best solution to the 380-traffic mess.</p> <p>1. Cost is at least \$100 million less with B. The cost of A could climb even higher with potential increase cost of relocating water lines from McKinney water tanks. Also, possible problem with EPA clean-up of 2 sites with A but none on B</p> <p>2. Business being displaced are greater with A</p> <p>3. Residential properties being displaced are greater with A</p> <p>Within your presentation you still don't know if you will be able to depress 380 which runs in front of Tucker Hill or the impact of trying to do so would impact the 2 dams that segment A would bisect. All greatly increasing the cost for segment A and also affecting the noise/air quality for our neighborhood.</p> <p>Again OPPOSE A / SUPPORT B</p>		SWEET	Laurie						
1372	c1aa19af-7c6b-45a1-8543-cff1b3257514	4/3/2022 15:07	4/3/2022 15:07	<p>I am a resident in Tucker Hill in McKinney, Tx. I SUPPORT B. My main concern is the safety of Tucker Hill residents with only 2 exits out, both on 380. Depending on which direction emergency vehicles are coming from they would have to do a U-turn further from the exists increasing response time either into Tucker Hill or taking someone to the hospital. We have been repeatedly told Stonebridge would be extended but there is no guarantee of this.</p> <p>The cost of B is at least \$100 million less than A. Possible increase cost:</p> <p>The increase cost with the relocation of water lines in front of the McKinney water tanks.</p> <p>Two dams that A would bisect, You currently don't know what issues or cost would be involved with them.</p> <p>Depressing 380 in front of Tucker Hill might be more costly due to higher water table (again bisecting the dams).</p> <p>Potential problem with environmental cleanup on 2 business sites with the A route and none on the B route.</p> <p>Fully Support Segment B!</p>		Sweet	Brian						
1373	6dce20ba-e7f6-4c2f-82c0-b5b13b1c631c	4/3/2022 15:08	4/3/2022 15:08	<p>I am in agreement that the best option for the 380 is Plan B with a significant cost of almost 100 million less than option A. I am opposed to option A and it's plan to increase the current 380 section near my house with an overpass. I do not believe this is the best long term solution to our increasing growth in North Texas.</p>		Martin	Kara						
1374	7e34cac6-1d82-4427-8453-0adf83d5c1c7	4/3/2022 15:16	4/3/2022 15:16	<p>I am a homeowner in the Tucker Hill neighborhood in McKinney, TX. I strongly support the 380 Project Segment B option. This option would be the least expensive by approximately \$100 million when compared to option A. Option B would also be the least disruptive to existing homes and businesses. Option A would create overpasses over Stonebridge Drive and Custer Road and also call for the installation of water pipes/ducts over 380, certainly not aesthetically pleasing. Option A also would limit accessibility into and out of the Tucker Hill neighborhood, by only allowing a right turn on exiting the neighborhood and creating cause for unnecessary u-turns. This would raise safety concerns due to unnecessary additional traffic congestion. With the rapid growth in the area, I believe Option B would be the best solution long term. Certainly during the several year construction project, Option B would be the least disruptive to existing homeowners, businesses and traffic congestion. Thank you!</p>		Gibson	Todd						
1375	11895405-4a5e-4f2a-81bc-db143d809f4c	4/3/2022 15:19	4/3/2022 15:19	<p>I am a resident in Tucker Hill in McKinney, Tx. I fully support segment B for the bypass on US 380. I am opposed to A of the proposed 380 expansion.</p> <p>B is at least \$100 million less than A and that is before the following possible additional expenses based on your presentation.</p> <p>Cost could increase with the relocation of water lines in front of the McKinney water tanks.</p> <p>Two dams that A would bisect and from your presentation you currently don't know what issues or cost would be involved with them.</p> <p>Depressing 380 in front of Tucker Hill might be more costly due to higher water table (again bisecting the dams).</p> <p>Potential problem with environmental cleanup on 2 business sites with the A route and none on the B route.</p> <p>Option A displaces more business and residential than B</p> <p>B will NOT have an effect on Main Gait by your own research.</p> <p>B does NOT go through the middle of Prosper and will leave intact at least 15 of their business.</p> <p>Fully Support Segment B!</p>		Sweet	Eric						
1376	342f860f-5f23-43b9-8d7d-50ccf2592b40	4/3/2022 15:26	4/3/2022 15:26	<p>I in Stonebridge in McKinney, Tx. I fully support segment B for the bypass on US 380. I am opposed to A of the proposed 380 expansion.</p> <p>We would see increase traffic on the side roads within Stonebridge.</p> <p>B costs \$100 million less than A and that is before the following possible additional expenses based on your presentation.</p> <p>A would bisect 2 dams and from your presentation you currently don't know what issues or cost would be involved with them.</p> <p>Depressing 380 by Stonebridge might be more costly due to higher water table (again bisecting the dams).</p> <p>Cost could increase with the relocation of water lines in front of the McKinney water tanks.</p> <p>Potential problem with environmental cleanup on 2 business sites with the A route and none on the B route.</p> <p>Option A displaces more business and residential than B</p> <p>B will NOT have an effect on Main Gait by your own research.</p> <p>B only clips a corner of Prosper and will leave intact at least 15 of their business.</p> <p>Support Segment B!</p>		Sweet	Gerald

1390	9bea32e0-6902-478c-8730-75e5fc2f7954	4/3/2022 16:57	4/3/2022 16:57										
1391	3057999e-42ff-4f66-8fa1-aefa30d456fb	4/3/2022 17:43	4/3/2022 17:43	We already have 2 major North-South routes with 75 freeway and highway 5 (1.5 miles away) and a 34d with the new Spur 399 Bypass (2.5 miles away). Adding a 4th North-South route (Options C or D) in this same area is a complete boondoggle and waste of \$700-\$850 MILLION in taxpayer dollars, unnecessarily destroys existing neighborhoods throughout the McKinney Extra Territorial Jurisdiction (ETJ), destroys 56-62 acres of "prime" farmland, destroys 12-16 homes and small family farm/ranch businesses, and destroys 34-38 other business for a "make work" project for TxDOT. You need a REAL East-West Route at Wilmeth Rd to Princeton or push 399 Bypass loop farther East to join at the Princeton loop. If TxDOT insists on this boondoggle, then Option D should be adopted as it has the far lesser effect on the hundreds/thousands of existing homeowners and small family farm/ranch businesses near these options. Thus, only the Purple or Gold alternatives. See attached document for add'l comments.		Gagnon	Janet						
1392	4d69e326-ff34-481f-8b75-234732480eac	4/3/2022 17:48	4/3/2022 17:48	NO to option B! This will destroy the equestrian center that benefits children and disabled people. McKinney has a problem that they need to solve within their own city limits not pushing pollution off on Prosper and devaluing our neighborhoods. Prosper is a small town and every bit we lose impacts us more than the bigger towns.		Mims	Melanie						
1393	17b9156c-f510-4163-8b56-3aece7ad6000	4/3/2022 18:04	4/3/2022 18:04		When comparing the traffic flow in McKinney to the traffic flow in Frisco, it seems Frisco has a better understanding of how to keep traffic moving. I can go end to end in Frisco faster than I can get from Lake Forest to highway 5 in McKinney. In fact, I often hit every single red light no matter where I go in McKinney whereas in Frisco it is at the worst 50/50 red/green lights. I think talking to the traffic engineers in Frisco would be an excellent move for McKinney in general. While this won't solve the overarching problem, it will most definitely make an immediate impact on traffic flow.	Skaehill	Ann						
1394	4470b8ed-5a8c-4597-873b-5ee300dc5d12	4/3/2022 18:14	4/3/2022 18:14	Devastating for Prosper!!!! No way!!!!		Hoffman	Melissa						
1395	6c0ef840-6abd-482a-8fa5-22e6324e94b0	4/3/2022 18:38	4/3/2022 18:38	I oppose segment A and support segment B. A would divide neighborhoods and destroy Tucker Hill's peace and charm. Option B is better for economic, engineering and environmental costs, all far lower with B. \$100M lower total, easier construction, no aqueducts, local traffic disruption, and far lower environmental impacts. Trees take decades to grow and with B, 35 forest acres impacted vs. 67 in A. B has zero hazmat site impacts, A has 11. 2,813 less linear feet of wetland, rivers and streams impacted with B. Segment A destroys 17 small businesses west of 380 and Custer. Huge safety concerns with A re access to hospital, police and fire access to neighborhoods like Tucker Hill, 3 area high schools and teen drivers having to navigate construction zones. Noise and pollution impacts to already developed area. Ridge road already under development as main arterial road making segment A ramp duplicative and wasteful. Segment B is the best option given these and many other reasons.		McKee	Suzette						
1396	58bd9531-0569-4c7c-8557-7a96021ab0de	4/3/2022 18:42	4/3/2022 18:42		As a Prosper resident, I am strongly against Option B for the following reasons: 1. The bypass on Option B would cut through Prosper, reducing our overall tax revenue for both the city and the Prosper ISD. The city does not have room to expand, unlike McKinney. 2. Noise and air pollution levels would rise in my town. 3. Property values would be affected negatively, further reducing our tax revenue. 4. Reduces the safety of our neighborhoods. I urge TXDOT to select Option A, which was its recommendation from the earlier assessment.	Reed	Todd						
1397	be5d07a7-9e5e-44c2-8b56-b5e2ab358adf	4/3/2022 18:43	4/3/2022 18:43	McKinney created this mess on 380 with their continuous building of housing and commercial properties. McKinney then wants to push their problems on neighboring cities. Prosper worked the infrastructure first then added residential and commercial properties near 380. Keep the bypass in McKinney's borders. No on B, yes on A.		Radcliffe	Ann						
1398	886363fe-eb3f-4232-8f6e-9d066393d423	4/3/2022 18:53	4/3/2022 18:53	I oppose segment A and support segment B. A would divide neighborhoods and destroy Tucker Hill's peace and charm. Option B is better for economic, engineering and environmental costs, all far lower with B. \$100M lower total, easier construction, no aqueducts, local traffic disruption, and far lower environmental impacts. Trees take decades to grow and with B, 35 forest acres impacted vs. 67 in A. B has zero hazmat site impacts, A has 11. 2,813 less linear feet of wetland, rivers and streams impacted with B. Segment A destroys 17 small businesses west of 380 and Custer. Huge safety concerns with A re access to hospital, police and fire access to neighborhoods like Tucker Hill, 3 area high schools and teen drivers having to navigate construction zones. Noise and pollution impacts to already developed area. Ridge road already under development as main arterial road making segment A ramp duplicative and wasteful. Segment B is the best option given these and many other reasons.	Segment B is the far better option and TxDOT's own expert study has already determined it does not impact the Manegait facility. In addition, the city of McKinney supports segment B and opposes segment A. The city also offered to relocate Manegait. One person's wishes, however influential or political, must not be favored over the wishes of an entire city and the state's fiduciary responsibility to taxpayers. Co-opting a protected group of people, those with disabilities, for personal gain is exploitive. Horse therapy is classified as augmentive and is not considered essential physical or occupational therapy. Horse therapy is admirable and welcome. However, it should not be used for political or personal gain, particularly given the overwhelming evidence of option B being more viable for economic, engineering and safety and environmental reasons. Segment B is \$100 Million cheaper, far easier to engineer given location and has far fewer safety and environmental impacts.	McKee	Suzette						
1399	b46df19a-87f9-4011-8792-e4d4a8932f73	4/3/2022 18:59	4/3/2022 18:59	This directly impacts schools and children in Prosper. The McKinney route does not. I strongly oppose this as it will have irreversible negative consequences on the community and children.		Coughlin	Sandi

1400	efe01526-bc5f-48f4-8835-e51378aac9	4/3/2022 19:04	4/3/2022 19:04		Option B has a significant impact to our local community which affects our children (multiple schools in proximity) in addition to Main Gait's therapeutic mission. McKinney's poor planning should not affect their neighbors in Prosper who have been thoughtful in their growth.	Coughlin	Carey						
1401	fde65537-8cc9-45b8-8c7e-b82a62dea267	4/3/2022 19:05	4/3/2022 19:05	My comment regards section B of the proposed 380 bypass which would cut through the Town of Prosper. Placing the road on the section B route would be detrimental to the town. It would add traffic noise, pollution and cause safety risks for new drivers as it is in the area of several schools. It would decrease the value of our homes and destroy planned communities. The town should have the right to plan for future building and infrastructure. Please keep 380 on 380 and avoid this massive highway cutting through our small town.		L	M						
1402	d491ceb3-a34b-4a7f-81ed-3a31cf5c0839	4/3/2022 19:07	4/3/2022 19:07	Plan B is not in the best interest for current and future plans in Prosper. It splits Prosper with added traffic, noise and congestion. We didn't buy in Allen for the same reason 10 years because of the area around Stacy, 121 and 75. We have friends who can't reduce the noise levels inside their homes due to traffic. Option A has the least impact.		Maddox	Mike						
1403	89296938-714d-4f39-8b6c-1c997846ad0f	4/3/2022 19:11	4/3/2022 19:11	I have huge concerns for all the many families the live south of HWY 380 and West of Stonebridge Drive as well as a large neighborhood just north of 380. Air pollution and Noise pollution would be incredibly dangerous in terms of health and comfort within their homes. I do not live here but live about 2 miles south. So please do not select Option A. This would be a devastating decision for a large population of families and also businesses lost by this route. Thank you, Linda O'Connor		O'Connor	John and Linda						
1404	051851cf-998f-46f3-8135-fafb185ad4c1	4/3/2022 19:11	4/3/2022 19:11	In the area where the pin is marked on B, there is a ranch for people with disabilities and veterinarians. They need an area free of cars and pollution in order to maintain a positive environment at the ranch. Also, a lot of elderly folk and students who ride the buses live around this area in Prosper. Extending 380 with the B road would damage and endanger their health due to either poor air quality and unsafe drivers getting on/off 380. Kids don't realize the implications of living next to a highway and how dangerous it is to walk on the streets on the highway, even with parent communication.		T	L						
1405	e6bf8af9-dfc5-4c72-83c8-d8080dd0ecec	4/3/2022 19:14	4/3/2022 19:14	I do not want segment B to go through Prosper.		Amanda	K						
1406	81e4acdf-d75b-4cad-86c3-5460cbd4fef4	4/3/2022 20:03	4/3/2022 20:03	We wish to express our opposition to any segment that does not follow the current 380 highway. However since that is not presented here as an option we certainly oppose segment B which is very detrimental to the town of Prosper. I would certainly hope that TXDOT listens to the public comments.		Cowling	David and Mary						
1407	96231584-66df-46f9-8d18-97b9de87201c	4/3/2022 20:07	4/3/2022 20:07	As a resident of Tucker Hill, the charming community pictured in many McKinney publications and the LITERAL backdrop of Money Magazines article about McKinney, TX THE #1 Best Places to Live in America, our charming neighborhood, would be completely disrupted and decimated by SeG A alignment. Seg B will disrupt far less lives and livelihoods, it will be far less disruptive to the environment, AND it costs almost \$100M less than Seg B. Following the money, and the Manegate principals political connections, it will be a shame to see greed and political contributions play such a profound role in the decision. Certainly worthy of national news and a spotlight on how shady politics can literally disrupt entire communities. Know we will be extremely loud and shine bright lights on the entire process should segment A be "selected". Our community has done due diligence around following campaign contributions and how Manegates principles have been quietly lining pockets for way too long.		Emerich	Kristen						
1408	89cd60bf-21e6-4e41-89a7-47c34d9acc4b	4/3/2022 20:15	4/3/2022 20:15	I strongly oppose Plan B to have the 380 alternative go through Prosper! Plan B would negatively impact the tax base, ruin a senior living complex, cut up various subdivisions and impact Mfanegait (45' to road). Area residents would get light, noise and air pollution from 12 lanes of traffic. Keep 380 on 380. McKinney failed to plan and now wants to dump the 380 problem on neighbors so they can keep the tax money.									
1409	8a5f962b-2a36-4408-8de9-637b92dd6d4a	4/3/2022 20:18	4/3/2022 20:18			Murali	Arvind

1414	270e9157-6dae-4aeb-810c-77d05e4310b7	4/3/2022 20:55	4/3/2022 20:55	Option A does not make sense, as it will destroy businesses. Also costs almost \$1,000,000 more than Option B. Option B is the most cost effective, with minimal disruption to homes and businesses.		Humphrey	Shannon						
1415	721f0951-0525-46f2-8664-88e29ea2873b	4/3/2022 20:59	4/3/2022 20:59	I am strongly OPPOSED to 380 bypass Option B. This bypass will likely eliminate the services of ManeGait which have provided amazing therapy services to some of the 11% of students in Prosper ISD with disabilities. Besides students from PISD and surrounding communities, ManeGait provides services to our veterans. ManeGait also has many volunteers who learn the acceptance of others who are different from themselves, while volunteering their service for this wonderful therapy program. Segment B is also far too close to Prosper ISD schools. Asking our young drivers to navigate this freeway on their way to high school, is an unimaginable risk. I have been a resident of Prosper for 18 years and was always told that Prosper has planned for the growth of 380 on 380 by requiring building setbacks to accommodate the upcoming growth. Though it's unfortunate that every city has not been able to do so, the penalty should not be placed on Prosper. Please say NO to option B. Thank you.		Luckock	Joelle						
1416	c4d87d6d-5113-4add-8323-bfac770ac1f5	4/3/2022 21:01	4/3/2022 21:01	Prop B for 380 Bypass is not the right option for the small town of Prosper. McKinney has much more landmass and room for expansion of the highway and should bear the bypass in McKinney. McKinney's population boom is why there is so much traffic on 380. The highway should be double-decked all the way to 75 , just as it is on the Denton county side. Dig down and double deck it. Do not destroy a small town's tax revenue base when the giant neighbor next door is the issue and has the landmass if elevating is not done.		P	S						
1417	71059a2e-b9f1-4f4e-81d7-7dd2e5d8b85a	4/3/2022 21:03	4/3/2022 21:03	Prosper residents are strongly Against bypass B as it will divide the city, stop planned growth and create substantial noise to the quiet town we moved to. Prosper planned its town and road systems according to the growth of the community and limited town footprint. Previously living in McKinney it does not surprise me with their lack of future planning for such a large City and trying to pawn their poor planning on the residents of Prosper.		French	Jason						
1418	2ece1242-2060-4d97-892f-914e56554854	4/3/2022 21:03	4/3/2022 21:03		This will decrease property values. Move the road away from neighborhoods and stop messing with prosper for the sake of McKinney								
1419	9e42540a-99bb-4563-8d02-6200732630e7	4/3/2022 21:04	4/3/2022 21:04	I strongly oppose the segment A option. Not only does it cost more and impact more businesses and homes. The short and long term impact on the Custer/380 intersection will be devastating too. Option B goes through a mostly undeveloped SE corner of Prosper. It makes the most sense. Thank you for your time and consideration.		M	A						
1420	65979615-8b3a-413e-8c41-8fe8f20bccccf	4/3/2022 21:12	4/3/2022 21:12	Opposed to alignments that contain the "B" alternative	I am opposed to alignments with the "b" alternative. Keep 380 on 380 or move it to the outer loop	Lu	Jimmy						
1421	473109ea-533f-4284-8bcd-57bec6c74f0f	4/3/2022 21:14	4/3/2022 21:14	I oppose any Option B for 380. Prosper has adequately planned for growth and McKinney has failed to do so. Allowing 380 to bypass behind my house will depreciate our home value and adversely impact Mane Gait and other developments. TxDOT already went through this process and selected an option other than B. To now undo that decision seems more about politics than following their own recommendations. I intend to use all legal resources to reverse any approval of Option B.		Elmore	Timothy						
1422	d65cf4cc-103e-49c7-8255-c8886fc8e3fb	4/3/2022 21:15	4/3/2022 21:15		Looking at all the proposed segments, looks like the way to go is segment B since it looks like a more direct route than segment A. Bottom line is what is more cost effective and how it affect the commuters that drive on 380. Sometimes you have to make sacrifices to see what is right. Yes the entire town of Prosper is against segment B but it is also the less intrusive because most of the area thru Prosper have not yet been built. Folks that purchase properties should have known that a freeway will eventually go thru their community. That is the life of progress. I do not want to sit in traffic for 4 hours going 5 miles. This is not Los Angeles then again most people living in Prosper did come from California where they enjoy being in traffic so that is properly what they are opposed to segment B!	C	S						
1423	ebf1ca27-8bf6-4dc1-8dfa-bea1075c939a	4/3/2022 21:20	4/3/2022 21:20	Route b is better		Vitro	Ashleigh

1434	2a531baa-72d8-4a47-8df-df803c8a688d1	4/3/2022 21:46	4/3/2022 21:46	In studying the 380 Bypass plans, I must express my opposition to the "option B" route. 1. In trying to squeeze the 8 lane highway bypass between ManeGait (ADA therapy location) and Founders Academy, the bypass must come within 45 feet of the land where riders are taken as part of their therapy program. Founders Academy students will be put at risk coming and going from school. The highway will also create a dangerous situation for inexperienced teenage drivers because Walnut Hill high school's location will put them on this fast-moving highway. Option B completely wipes out one subdivision that is currently being built (Lander), and affects parts of two other new planned subdivisions, one of which is already under construction (Malabar Hill). This will greatly affect Prosper's tax base - hitting the schools especially hard. When the courts get involved to resolve the questions surrounding Option B, constructing any relief for the traffic on 380 will be delayed for years.		Ullom	C						
1435	0bca7047-e57c-4bcf-88ee-e3b3cee6734f	4/3/2022 21:57	4/3/2022 21:57	I object to option B for 380 due to the negative impact it would have on Prosper specifically with regard to the safety of school students, noise and air pollution in residential neighborhoods and the negative impact on property values.		Simpson	DF						
1436	73735593-e008-49c7-8bca-4aebc0875d62	4/3/2022 22:00	4/3/2022 22:00	I strongly SUPPORT Project 380 Segment-B. This is the least disruptive to businesses and families, and the least expensive by nearly \$100 million. I strongly oppose Segment-A. Segment-A should NOT be considered because: *Segment-A destroys 17 businesses, Segment-B destroys 0. *Segment-A costs \$100 million more than Segment-B. *Segment-A impacts almost 15 acres of Statewide Important Farmland, and Segment-B impacts only 2 acres. *Segment-A will decrease traffic safety and increase traffic on Stonebridge neighborhood streets near Highway 380 such as Stonebridge Dr and Ridge Rd, increasing traffic and noise and reducing property values. *Segment-A would negatively impact the established neighborhoods of Wren Creek, La Cima, Tucker Hill, and Kensington. Segment-B does not come nearly as close to any existing neighborhoods. Segment B is the BEST option to improve traffic flow and preserve the business and residential vibrancy of our community.		Ahlemeyer	Chad						
1437	e2053af2-fcbf-49c0-8325-4e4380a96487	4/3/2022 22:01	4/3/2022 22:01	I propose option B, because it will have less impact on existing homes and business and NO to option A! Option A would not be a wise decision due to the impact of additional traffic on US 380, would impact homes and businesses and the cost is double of option B. Option B has my vote!		McCarthy	Teri						
1438	79c917ac-fc37-49cb-8dff-8990e4b31eaa	4/3/2022 22:08	4/3/2022 22:08	TXDOT'S option A is the best solution to the 380 traffic congestion problem since it will have the least impact on schools, housing, etc. Option B should not be considered since the growth around Prosper exceeded the proposed feasibility study of a few years ago. Prosper's residents, businesses, and students should not suffer because McKinney planners did not allow for adequate growth and increased traffic on 380. I remember talk in Collin County in the late 70s regarding leaving access to widen 380 to 8 -10 lanes due to growth. NO OPTION B!		Matthews	Ginger						
1439	15173942-2dba-4cff-8bc8-8dfcd95a4637	4/3/2022 22:08	4/3/2022 22:08	Section "E" should have been planned before the neighborhoods between Bloomdale and Melissa road were planned/approved. Many people I have spoken with moved into this northern area of McKinney to avoid being so close to major highways. The noise, commercial properties, and general congestion it will add to these subdivisions will negatively affect home values and quality of life.		Pearson	Todd						_am_a_business_owner_
1440	52a2a13c-97b5-49e0-84f0-7e46778dd485	4/3/2022 22:16	4/3/2022 22:16		Please do not run this through Prosper. We are a small, growing community with amazing schools and communities. This will kill our small town and ruin our investments!!! NOT THROUGH PROSPER. Find an alternative that will not destroy a community!!!	Kirby	Lisa						
1441	c14c3074-dc8b-48b2-8d69-4704b858eedb	4/3/2022 22:23	4/3/2022 22:23		Due to growth in the eastern part of Prosper over the last several years, TXDOT'S proposed option B as a means to relieve 380 traffic congestion is not an option because of the impact option B would have on businesses, schools, residential communities, cemeteries, etc. Option A is a better choice if a loop is necessary to make up for McKinney's poor planning for the future. I say NO! NO OPTION B!	Matthews	Jerry						
1442	a5ed3bf3-e1c9-44e3-8f3d-23372065a015	4/3/2022 22:27	4/3/2022 22:27	B is simply too detrimental to too many existing and planned residential neighborhoods.		Leland	Edwin						
1443	5141fb0d-cdb9-45c5-8227-93c8863435af	4/3/2022 22:31	4/3/2022 22:31	I'm supporting Option B over Option A. Option B is not only less expensive but less disruptive to existing neighborhoods and businesses as well. Option B is much more taxpayer friendly.		Hagstrom	Rick

During the long construction, traffic will flood neighborhood streets to avoid traffic, making them busy, noisy and unsafe. In addition, the ability for fire, ambulances and other emergency services to respond would be negatively impacted. Route A also costs \$99 million more than Route B. This is a huge waste of taxpayer money when there is a cheaper option with less impact. I urge you to NOT choose Route A--Route B is a better alternative for numerous reasons	Hodkowski	Renate

I am very concerned about the proposed Segment B, which would have terrible, direct impact to my neighborhood, my children's middle school, and my children's future high school (Prosper High School #3). I live in Lakes of La Cima, at 380/Coit Road. The proposed segment B would negatively impact my property values by building a 6- or 8-lane plus 4 lane access road right by my neighborhood. My kids attend Rogers Middle School, very near Coit/380. They are likely to attend Prosper High School #3 when it opens in August 2023. We love our neighborhood and community and cannot imagine how awful it would be to have this freeway cut through the area in which we work and live. The traffic issues around the Prosper High School #3 will be awful, especially if any interchanges are planned there. I strongly urge you to consider a different location for the bypass.		Cooksey	Rebekah						
1453	eb6977d4-2505-4da2-8edb-d5614e06d42b	4/3/2022 23:10	4/3/2022 23:10	Don't run a road right through Prosper and existing homes and businesses! The impact to our community will be hugely detrimental! Expand the existing 380 and make it a controlled access road.		Graesser	Kimberly

A gentle northbound "rise" is more likely to be used than one that leads directly north (just human nature). Also segment B will remove more traffic from 380 as it addresses a longer section of the 380. It is the wiser option. I oppose segment A as it will impact more existing homes and businesses in the construction, thus costing more. That additional expense will be passed onto taxpayers. I also question its use once complete, the length of the bypass may not be enough of an encouragement for commuters to use.	Ford	Peter

1462	7c2684e6-4002-4c51-86b0-958db670e90b	4/3/2022 23:46	4/3/2022 23:46	As a resident of the Wren Creek subdivision in McKinney, I have serious concerns over the impact of an elevated highway mere feet from houses in the neighborhood. The noise of the highway and increased traffic on Stonebridge Drive would seriously affect quality of life for our neighborhood. Moreover, Stonebridge Drive, which sidewalks are frequently used by families and children as a walking trail, was not designed to be a major artery leading to an access road and highway. Speeding and traffic would pose a danger to the residents. Additionally, construction on 380, which would necessarily take years, would deprive north McKinney residents of quick access to hospitals and other necessary businesses. Finally, widening 380 would cost \$100million more than a bypass option, necessitate the closure of several businesses, and simply makes less sense than routing a bypass through mostly undeveloped land. I sincerely pray that TXDOT will choose the bypass over the widening 380.		Bovaird	Bonnie						
1463	a9f7fada-91b0-4bed-8950-b550e1c01440	4/3/2022 23:56	4/3/2022 23:56	I am concerned and frankly baffled that option A is even a consideration for the 380 improvement. It appears true that option A will displace MORE residents, force MORE businesses to move or shutter, and cost significantly MORE money. I cannot fathom a scenario where these factors make sense. The impact of option A would go further in reducing the walkability of the neighborhoods near Stonebridge Drive making it an access road to a major freeway - something it is not designed for, and something that would in all likelihood endanger residents, including children, as they commute to work and school. Road construction is always a headache, until completed. Construction of option A would only begin the headache, displacement, and loss of livelihood for so many. TXDOT must do the right thing and choose another option that preserves the quality of life, the safety of residents, the success of local businesses, and costs significantly less money.		Bovaird	Scott						
1464	0bcf4c14-3d76-41d0-8a37-9d799971dc5c	4/3/2022 23:58	4/3/2022 23:58

Option B will adversely impact Cockrell Elementary, ManeGate facility, Foundations school, the new Prosper High School (Walnut Hill), and destroy property values all over Prosper. PLEASE don't endanger my family. We live in Whitley place and my wife takes both of our children to Cockrell daily. PLEASE don't destroy the equity in my home and force me to move. We love the peaceful, quiet community of Prosper. It is fundamentally wrong to impact Prosper citizens due to McKinney's failure to plan properly! THANK YOU for doing the right thing!		Seeger	O. G.						
1471	c3a45b8f-faf3-40dc-802a-77c2217869b1	4/4/2022 0:24	4/4/2022 0:24	Good Evening I am writing to oppose segment B option for the 380 bypass. As a home owner and resident of prosper , this major bypass will certainly effect our residential development, businesses and schools not to mention the overall noise and traffic. Hugh Thomas		Thomas	Hugh						
1472	48267566-1ffb-48e0-8ce5-3f77fd188f6a	4/4/2022 0:25	4/4/2022 0:25	I am strongly opposed to route A! Too expensive and too disruptive to homes/businesses along the route.		Frizzell	Julie						
1473	f7f4de57-11a8-4bb7-85ad-dc070e33d3f4	4/4/2022 0:31	4/4/2022 0:31	I oppose segment B. It is detrimental to Prosper schools, homes, and Mane Gait. McKinney did not do a good job of managing their growth for eventual expansion of 380. Prosper residents, schools, and businesses should not be punished like this for McKinney's poor planning. I am unequivocally opposed to Segment B and the impacts on Prosper.		Ethridge	Kristen						
1474	05b62f7e-ed70-4a35-8ff8-9a2e6f7ad8fb	4/4/2022 0:34	4/4/2022 0:34	My son attends Founders Classical Academy of Prosper. We are also residents of Prosper. Segment B will have negative academic and economic impacts on the community. I reviewed the presentation slides online, so I understand that improving traffic along 380 by making changes along 380 for this section is not being considered. Prosper has made sure to account for widening 380 along the town boundaries. While the impact and cost on the sides appears to favor segment A over segment B, I do not believe it is just for Prosper to literally pay in loss of tax revenues, loss of residential and commercial areas, and impact the wonderful work of ManeGait because the city of McKinney did not have foresight in their planning. I would ask you all to respectfully consider all aspects and perspectives when making final decisions. Why would you want to hurt a school or small community like Prosper? I appreciate your time. Best Regards, Carrie Moore		Moore	Carrie						
1475	761ccb6b-3959-47a4-8a1a-5d6a6a8ba953	4/4/2022 0:34	4/4/2022 0:34	I oppose segment B due to damages to Prosper schools and Mane Gait.		Ethridge	Brian						
1476	32aeb414-0ddd-40ce-8dfd-afc5d546d60a	4/4/2022 0:38	4/4/2022 0:38	Im writing to oppose option B. We have a rescue non profit across from Mane Gait - animals come here in the worst possible cruelty cases to heal. Customers from all over the county visit our ranch to meet the animals they help save when they purchase skincare products made by our for-profit skincare business, FarmHouseFresh. Families - not even those served by our businesses come to both Mane Gate and FarmHouse Fresh all weekend long to greet animals. Its one of the most healing corners for McKinney, including the annual carnival which we happily support. It would be a shame to lose two gems in McKinney that simply can't function with heavily trafficked roads so close.		Mcindlen	Shannon						
1477	9323de8a-8191-4995-8576-c31c12127983	4/4/2022 0:43	4/4/2022 0:43	I wholly oppose the "Segment B" proposed expansion of US 380 that would route a massive highway system through the Town of Prosper. This segment option will reduce property values, quality of living and overall desirability of the Town of Prosper to 'fix' problems with congestion on US 380 that are not the Town of Prosper's to bear. Additionally, this proposed expansion route will have a significant negative impact to both current and previously planned future development within the Town of Prosper including a public school campus. The City of McKinney allowed development along US 380 that is ultimately responsible for the inability to readily expand US 380 along its current path. Any future roadway expansion to alleviate congestion within the City of McKinney should fall on, and stay within, the City of McKinney's boundaries.		Charles	Chris

1478	b7c5e895-7f60-4a52-81cb-a3920a6cd8e9	4/4/2022 0:45	4/4/2022 0:45	The proposed B route splits Prosper in two not to mention the homes displaced. The proposed route is far too close to schools and Manegate. Manegate provides therapy for disabled children and veterans. It appears that the City of Prosper provided the forethought to be able to expand 380 while the City of McKinney did not. It seems a simple solution. Eliminate Section B and use A thru E to get to 75.		Casper	john						
1479	4eed3344-1fc0-4fb0-8900-3f30b7beba2c	4/4/2022 0:46	4/4/2022 0:46	o Opposed to the disruption to the Town of Prosper, proximity to schools, and impact to MainGate equestrian center. Route B would impact the compact and connected nature of the east side of the town of Prosper and impacts both existing and planned developments and schools in the town.		Martin	Shawna						
1480	274ee206-9b9e-4475-805d-7525f149c933	4/4/2022 0:48	4/4/2022 0:48	Do NOT destroy Prosper with McKinney's 380 problems. Fix 380 on 380 or keep the bypass in McKinney, Prosper doesn't need a bypass and planned for expansion. Destroying Prosper's tax base by tearing down homes and businesses, and turning land that is planned for development into a highway, lowers Prosper' stack base, meaning they will need to make up for lost taxes by raising taxes on the rest of us. Bringing more noise, pollution, and traffic into Prosper's residential neighborhoods so that McKinney's land developers can make millions developing the land in their city is not the solution. TXDOT what are you doing? Did McKinney, or some land developer, pay off TXDOT? Because TXDOT already decided that the bypass would be in McKinney, and then after McKinney presented a new option all of a sudden TXDOT needs to spend more years studying?		Mattes	Odin						
1481	b5b45fda-ff64-41a0-8e69-ce69eb1a69dc	4/4/2022 0:49	4/4/2022 0:49	Along with my husband, who has already written in to oppose this proposed expansion route I also oppose the "Segment B" proposed expansion of US 380 that would route a massive highway system through the Town of Prosper. This segment option will reduce property values, quality of living and overall desirability of the Town of Prosper to 'fix' problems with congestion on US 380 that are not the Town of Prosper's to bear. Additionally, this proposed expansion route will have a significant negative impact to both current and previously planned future development within the Town of Prosper including a public school campus. The City of McKinney allowed development along US 380 that is ultimately responsible for the inability to readily expand US 380 along its current path. Any future roadway expansion to alleviate congestion within the City of McKinney should fall on, and stay within, the City of McKinney's boundaries.		Charles	Katrina

1484	29cf5772-3618-4a3b-8412-4c3740cd96e5	4/4/2022 0:56	4/4/2022 0:56	The city is nearing depletion of nature. Do you want to become a big painted cement city? Please choose Plan B to reduce the amount of demo and destruction. Thank you, Lisa Miller, El Dorado Neighborhood		Miller	L						
1485	d9db78ce-01c7-4e6e-8309-52187724f9a3	4/4/2022 0:58	4/4/2022 0:58	I think A should not be completed. Only route B should be put in place. I travel this road frequently and the construction and impact to businesses alone is enough to know this should not go through. When B is completed future housing/business can work to utilize this additional route to their benefit and stem economic growth. If anyone says this will hinder having this route built then they need to look back the original 380 and see that their statements are simply not true.		Jvb	Jvb						
1486	dd8687da-6f2a-4e0b-83e3-7be94760eb96	4/4/2022 1:09	4/4/2022 1:09	We moved to Prosper over 12 years ago for the small-town feel and the school district. While we know growth is inevitable, the idea of a bypass, especially of this magnitude, is ludicrous. Prosper leaders planned for the proper development of our town. Unfortunately, McKinney did not. And yet, Prosper is expected to pay for McKinney's lack of effective leadership and planning. 380 must stay on 380. It can be done. The bypass proposed above directly impacts a LARGE number of homes, neighborhoods, and schools. Homes will be devalued, noise pollution will be horrible, and high school students will be attempting to navigate this stretch of highway getting to their high school. This is unacceptable. It is unfathomable that this proposal is even being considered. We vehemently oppose this.		Lane	E						
1487	666decb7-45b7-404f-81b3-6e80c43a0211	4/4/2022 1:12	4/4/2022 1:12	I'd prefer 380 option B be built.		Bentz	N						
1488	5377247c-0056-476e-8bc0-e14e9995a653	4/4/2022 1:13	4/4/2022 1:13	I am opposed to option B because of the negative way it would directly impact the city of Prosper. As a nurse, I am very concerned about the noise and air pollution it would create in our community. I am also saddened to learn how it would affect the therapies provided at ManeGate.		Rosales	Paula						
1489	8e50e532-77a6-4d19-87a0-79bc43be6027	4/4/2022 1:15	4/4/2022 1:15	I support Option B, mainly because Option B 'bypasses' the intersection of Custer and 380. What would be the point of a bypass that doesn't actually bypass this busy, dangerous intersection? Plus it seems Option B would cost less money. I am against Option A. Thank you, Colleen Shamburger		Shamburger	Mary

1492	6d182b02-e4b8-47ed-868f-167e21b344e7	4/4/2022 1:18	4/4/2022 1:18	TXDOT's plan to address congestion on HWY 380 has focused heavily on the impact on Prosper, with very little being said about the impact on McKinney. I have lived in McKinney for 18 years and have seen it grow from a small Texas town to a city where businesses and people from across the country relocate. McKinney's motto is "Unique by Nature"; Plan A will make it anything but. Plan A will wipe out numerous small businesses on 380 and 3 dams will be adversely affected by Plan A. Given the water conditions across the state, can we afford this? Plan A will cause great environmental harm and cost taxpayers \$100 million more than Plan B. Plan A would shut down small businesses in McKinney, increase the costs residents pay for water, and raise taxes for our community. TXDOT needs to make a data-driven assessment of Plan A's impact on the hard-working, taxpaying citizens of McKinney and help us keep our city "Unique by Nature", not "Unique by a 10-Lane Highway". Choose Plan B!		Rulli	Lisa						
1493	2df6a328-7ed8-4fde-8668-bb6489a76b50	4/4/2022 1:26	4/4/2022 1:26	Option b is bad for prosper. Please consider our children.

1521	5ec4f9f4-9dfc-4f72-8ec3-9e5b5b1f4850	4/4/2022 2:07	4/4/2022 2:07	Our family moved to Prosper last year in a large part because of the safe quiet and strong community that was established here. This proposal would change the complete makeup of this community. Having a major highway slice thru as established town like this would drastically hurt property values, lower quality of life via increased traffic/pollution/etc. and just disrupt the fabric of this section of town. I believe this would also disrupt several of the big town projects including new schools planned. If this project gets approved it would likely deter some people like us from choosing to move to prosper. It isn't our towns fault that McKinney failed to plan properly for future growth and we shouldn't be punished for it. I would strongly urge you to reject this proposal. Either one of the first two alternatives (purple and blue) under consideration would be much more fair and cause much less undue disruption to this great community.		Miller	Brandon						
1522	cbd1d19f-ec9e-4240-8991-40f89bb5e8c4	4/4/2022 2:12	4/4/2022 2:12	Leave 380 on 380 but most of all I do not approve of Option B. We have lived in Prosper since 1996 and watched the growth and how our town and leaders kept their word and developed the town as planned. If McKinney did not do the same I am sorry as we still support many businesses there but Prosper should not pay the price for someone else's oversight!		Crawford	Randy						
1523	c5a9b171-c86b-4098-87c3-f554d3012d79	4/4/2022 2:15	4/4/2022 2:15		I want to request that Option B be approved. Looking at the TX DOT Segment Analysis Matrix it is obvious that Option B would be less expensive (\$98.8M less), displace fewer residences and businesses, and have less developmental impacts. Additionally, it appears short sighted to not include relief for the additional mileage to the west, given the anticipated growth in the area and the speed at which this additional distance will become another problem.	Lehman	Samuel						
1524	fa530535-c7aa-4fe8-8658-78a2e314decc	4/4/2022 2:16	4/4/2022 2:16	Segment B is a terrible idea for this beloved area of prosper due to homes and businesses in the area and the highschool currently under construction. With teenage drivers, and the many lanes projected for segment B this would be a deadly combination. Mane Gait is an amazing business and service for our special needs community and would be displaced due to this. I'm am STRONGLY OPPOSED to segment B.		Whitman	D						
1525	10ae9d26-439e-4c22-8685-801970cde42c	4/4/2022 2:19	4/4/2022 2:19	Heck no!! Will disrupt Manegait and al our quality of living!		Naumann	Jean is						
1526	e56fc5ca-e5ba-4d2c-8564-6bd08134cd48	4/4/2022 2:19	4/4/2022 2:19		As a Prosper resident, I oppose segment B. Segment B will be going through well established neighborhoods decreasing the home value price, causing unwanted traffic, and increasing noise and car pollution. Prosper is a fast growing city with an increasing numbers of incoming citizens with a need for more schools in the future. Segment B would be affecting traffic at multiple schools, one of which is an elementary school with many children walking to school. The other would be affecting the high school with new drivers causing a new level of danger and the potential for an increased number of accidents. Segment B would be affecting more families, bringing an unwanted 12 lane road in the backyards of numerous neighborhoods and schools.	C	H

1527	a73e21c8-74b0-4d9c-8992-a45c03a7f3d4	4/4/2022 2:21	4/4/2022 2:21		As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: - It destroys and removes 17 small businesses. - It would seriously impact with noise and pollution the playground in Camberton Dr, the park "La Cima Lake and Park", Stonebridge Academy in Grassmere Ln, and Applebee Montessori Academy in Stonebridge Dr. - Segment-A is longer than Segment-B. - The cost of segment-A is \$99 million more than segment-B. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.	Jose	Tronchoni						
1528	4e4776cf-1aa1-4cfd-83bb-37004f587ff	4/4/2022 2:24	4/4/2022 2:24		Please note that I support option B due to fewer utility conflicts, lower cost, less home and business displacement, and less developmental impact overall.	Lehman	Piper						
1529	82e593c1-fb53-428c-83cb-738c822b4289	4/4/2022 2:25	4/4/2022 2:25										
1530	afd51ba1-9d47-4c57-86eb-87a84ac6c62	4/4/2022 2:32	4/4/2022 2:32	I oppose segment B and if no other choice support segment A.	As a 18 year old registered voter about to graduate I dont understand why Segment B became an option. I remember my parents comparing where we should move when coming from Plano. They showed me how they compared Prosper and McKinney in 2019/2020. They noted to me how the bypass not going through Prosper appeared to be decided to go through McKinney so we were going to focus on buying in Prosper. Why is this coming back here now? How as an adult am I to make educated decisions if TXDot can change the terms again and again. I still dont understand what made this come back up as an option again. My little sister will be going to Walnut Grove and as a newer driver myself I dont like the thought she will now have to deal with this either. Why did McKinney not create setbacks on existing 380? Why did McKinney after not creating the setbacks not set aside land when it was more easily able to be taken by the state? Procrastination of this by McKinney should not punish Prosper.	Payne	Logan						
1531	41153418-f14e-462b-88bf-66d180d22152	4/4/2022 2:32	4/4/2022 2:32	We are strongly opposed to segment B. When we moved to Prosper 10 years ago, with the choice of any subdivision, we chose Whitley Place due to its quiet nature off 380, away from noise & traffic but with easy access to support businesses. Even with growth, schools, retirement communities & subdivisions going in (vs the originally zoned golf course), none are more objectionable to residents & the value of our homes as segment B. While it may not demolish Main Gate or Founders, it does cause significant & disturbing concerns for noise, traffic, lower quality of learning, activities & value, loss of community feel many moved here for, & especially in regards to safety, drivers, etc. – particularly for the future older resident community, teen drivers attending the new Walnut Grove High School & the future PISD high school property off Country Rd 123. Having a large highway literally in our backyard negatively & directly affects us as well as many residents who chose this area.		Richey	A						
1532	032b23b6-e389-4129-8c8d-f583bf787458	4/4/2022 2:35	4/4/2022 2:35	We support route A but oppose Route B due to the heavy and high speed traffic through route B and the impact and impending dangers Route B will possibly cause.		Chandler	Jerry						
1533	78b4c2f7-4114-4f65-8dd3-6f4827553ff7	4/4/2022 2:36	4/4/2022 2:36	No to an B option. My kids study environment will be affected negatively with traffic and noise, plus more air pollution. Completely disagree wt option B. Please keep that highway as far as possible from kids school and senior citizen neighborhood which coming next year.		B	H						
1534	998671f3-600b-4a30-8c20-0fcb003d578	4/4/2022 2:37	4/4/2022 2:37	I oppose B proposal		Watson	Roy						
1535	4d2cf9a3-3466-4cb7-8915-6f2ca8f235aa	4/4/2022 2:38	4/4/2022 2:38	I want to officially oppose segment B. My children's school is right off of first and Custer and if segment B gets put in, it would greatly affect my kids at school. Not only will it be noisier but it will limit what my kids will be able to do at school, especially outside. I vote they go with segment A and keep 380 on 380. Please do not ruin the school experience for my children as this is a huge part of their development and childhood.		T	Crystal

1536	bb17e033-227c-4fa3-8322-1c4c83019696	4/4/2022 2:39	4/4/2022 2:39	We live in Whitley Place in Prosper and are strongly OPPOSED to having a highway right next to our home. There are several schools that would directly be affected by this highway including pollution and noise. The new high school Walnut Grove would be affected as well. As I look at the map I see this as a city of McKinney issue. Why should we as Prosper residents have to accommodate a highway problem that clearly should be fixed by McKinney. Option B looks like the whole point is to bypass McKinney, why should Prosper have to deal with this or suffer for them? This was bad planning on McKinney part and that is their issue, not Prosper's.		Bishop	Rachael						
1537	82f2fc3a-1d11-4895-8bca-ab6baa5c046c	4/4/2022 2:40	4/4/2022 2:40	Segment B will provide terrible negative impact in my community and especially at our childrens school. Running segment B right next to Prosper founders and Main Gate will disrupt much good happening in the area and damage our childrens education which will be attending there for the next 18 years.		T	R						
1538	793d2ffe-86c4-4156-8dd3-8e8dba97f6cf	4/4/2022 2:40	4/4/2022 2:40	I oppose option C and D and propose building an elevated highway over the 380 similar the I-45 in Austin. I would assume this would save costs on land acquisitions, construction and have a lesser impact on residents and wildlife. I prefer Option D in lieu of C if there are no other remediations available. We are worried about the pollution and health affects being so close to a major roadway. The segment analysis matrix states the expected emissions will be lower in the future due to federal regulations and electric car use. Those statements are based on assumptions that probably won't take effect until 2040.		Apkarian	Grant						
1539	5e870703-20c0-47f7-84d0-cbf5daf916fd	4/4/2022 2:41	4/4/2022 2:41	We write in strong opposition to Option B of the proposed rerouting of US HWY 380. Prosper is one of the smaller municipalities involved with the bypass and has carefully and deliberately laid out its plan for neighborhoods, schools, churches, parks and transportation arteries. Those arteries include a major US Hwy (380) and potentially an extension of the North Dallas Tollway. Prosper's development plans are currently being implemented and promise to make Prosper a desirable, safe, family-friendly place to work, live, and raise a family. To have the east end of Prosper dissected by a 6-8 lane major highway with its accompanying traffic, noise, and emissions will have immense negative effect on the quality of life in this area of Prosper. The Prosper town council has passed numerous resolutions supporting improvements to HWY 380 along its existing route through the town of Proper. Other towns may prefer other options to solve their traffic problems. But for Prosper, keep 380 on 380.		Davis	Gary						
1540	80512e7b-06e7-4a8c-8e71-c7db3cc377ad	4/4/2022 2:42	4/4/2022 2:42		I oppose options C and D. Both options interfere with protected wildlife and migratory species which already have limited space in the ever expanding city. Option D is unbelievably costly. I don't understand why an elevated highway like the I45 in Austin isn't being considered. Instead of looping around an exaggerated amount of miles with an enormously (and costly) elevated bridge, why not make an elevated bridge from Airport rd on 380 to Custer or Ridge rd? I also did not see any data on how the Outer Loop should help alleviate 380 traffic congestion once fully completed?	Apkarian	Katie						
1541	01f60bab-2943-4996-8235-75ca069d9e68	4/4/2022 2:43	4/4/2022 2:43		I oppose all options for Segment B.	Love	Lacy						
1542	a682bdef-e654-402b-82e1-b5fdc1a377ab	4/4/2022 2:45	4/4/2022 2:45	I strongly oppose option B. From the 380 bypass options being considered, it seems apparent that the point of 380 bypass is to bypass McKinney. Why should we as Prosper residents, suffer negative impact to our homes (option B would go right past my home), our school (new school being built right now right next to Option B), and our communities, for a problem that is McKinney's to deal with. Furthermore, option A doesn't affect any additional neighborhoods (for example, Tucker Hill is ALREADY on 380, and would simply continue to remain on 380). Whereas option B affects all the same neighborhoods as option A, PLUS it affects quite a few additional neighborhoods too. This shouldn't be a question, and it should either be option A or 380 should simply be expanded on 380. But option B shouldn't even be under consideration.		Bishop	Gordon						
1543	648a7309-b769-4fbc-8501-daa24fd53096	4/4/2022 2:45	4/4/2022 2:45		I am opposed to the proposed rerouting of segment B of 380 through Prosper. As a parent of a child at Founders Classical academy I am concerned for the safety and accessibility of the school for students, staff, families as well as emergency response vehicles in the event they are needed. Please leave 380 on 380!!!	Conaway	Abby						
1544	9eefdd1d-eb48-4c63-8d79-acb13f2033f2	4/4/2022 2:47	4/4/2022 2:47		As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment A alignment. Segment-A should not be considered: - It would destroy and remove 17 small businesses - It would be a longer commute. - It would decrease traffic safety and increase traffic on Stonebridge neighborhood streets increasing traffic, noise and pollution during construction as those are the only roads leading South from 380. Noise and pollution would impact two daycare facilities, the playground in Camberton Dr, and the park "La Cima Lake and Park". Segment B is the best option to improve traffic in our corridor while preserving the economic business and residential vibrancy of our community.	Auri	Brito

1546	9fb8ce8f-6de0-41b7-8f30-5d2333d233b9	4/4/2022 2:52	4/4/2022 2:52	This is going to be detrimental to not only my direct neighborhood here at Lakewood At Brookhollow, but Prosper. I did not move my family here to live by a highway. We moved to get away from such traffic instances. The master plan for this bypass was that it would be in McKinney, otherwise we would not have built a home where we did. Everyone here is perfectly fine the way it is. Moving it to McKinney where the real traffics issues are would be the best move. Not newly developed areas with a wonderful lake where a new park is supposed to be put into place. Maybe that has been changed as well. There are much better options besides prosper. Please consider not having this monstrosity of a highway placed here in Prosper. Thank You- MR		Ramsey	Mike						
1547	71b523f8-51ad-431c-8528-22544d8a3097	4/4/2022 2:53	4/4/2022 2:53	When the construction for DNT started through prosper we put our home in lakes of prosper up for sale and moved to Whitley Place. I can't for the life of me see any advantage to putting 380 biomass through prosper when the entire community opposes it! If this was identified as a problem so long ago it should be addressed then. Now it will only affects more people and I don't agree with any of the advantages to segment A. I am 100% opposed to segment A for the increased pollution, And the affects of the added pollution segment A would bring.		Cook	Annilee						
1548	8b40bf2b-e62e-476f-8aa2-71f3abddfc7b	4/4/2022 2:53	4/4/2022 2:53	I oppose Segment B! As a Prosper resident , I can not imagine why you would purposely negatively effect our residences, businesses and schools. Prosper made infrastructure plans to widen 380....Prosper planned for the growth. This does not belong in Prosper.	I oppose Segment B! As a Prosper resident , I can not imagine why you would purposely negatively effect our residences, businesses and schools. Prosper made infrastructure plans to widen 380....Prosper planned for the growth. This does not belong in Prosper.	J	A						
1549	8e659d20-28f5-467d-8a99-60d8f03eb424	4/4/2022 2:56	4/4/2022 2:56	I support segment A and oppose Segment B		A	Hani						
1550	55c8abc8-a174-46c0-87ac-7c7709801580	4/4/2022 2:56	4/4/2022 2:56	I support Route A - Keep 380 on 380		Rojas-Acosta	Coral						
1551	7fb0ecf0-7912-488d-866f-b8ae2fd0b822	4/4/2022 2:57	4/4/2022 2:57		As an Army family, we chose Prosper as our new hometown in August 2020 and the community in which we decided to plant roots for the first time. One of the attractive features to Prosper was the deliberate planning by the Prosper Economic Development Corporation and its plan to effectively manage Prosper's growth. Segment B would significantly change the character of the Prosper community and would hinder the town's future economic growth. Prosper's comparative advantage relative to the large surrounding communities is to be home to several centers of professional excellence - health, education, and technology. Segment B would would a drastic blow to the town's economic growth plan. From a pure economic perspective, the marginal benefit gained for the region fails to exceed the marginal cost impacting the town of Prosper. Whenever marginal cost exceeds marginal benefit, the reasonable economic decision should be to not perform the action. Segment B fits this description.	Galui	Jason						
1552	dc0778c8-b32d-455f-824e-397095eeeae67	4/4/2022 2:58	4/4/2022 2:58		As a homeowner in the Tucker Hill neighborhood in Mckinney, I strongly SUPPORT the Project 380 Segment-B bypass option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to Option A. Additionally, Option A is disruptive to 2 major neighborhoods in Mckinney, which have a combined population—voter block and tax base—larger than Prosper. A main objection to Option B has come from Manegait, which states that their services will be disrupted, despite the fact that their services are mostly conducted in an indoor arena. They have been offered a comparable property to relocate. Option A seems unjustifiable when looked at from economic, environmental, and logistical facts.	Koons	L

1553	648f8225-fcc7-4330-8d05-de74190b55c8	4/4/2022 3:00	4/4/2022 3:00	1) It's the least populated area so it will have the least disruption during construction. It seems like OPTION B has more acreage of empty fields with little residential and business areas. OPTION A on the other hand, WILL DISRUPT the daily commute of residents to and from work as well as childrens' commute to and from school to Wilmeth Elementary, Boyd HS and McKinney North HS. TRAFFIC will increase within STONEBRIDGE RANCH due to detours. 2) 17 commercial businesses, I believe will have to be removed. These are tax revenue sources. Foot traffic to businesses towards 75 will decrease hence, it will decrease tax revenue as well. OPTION A is \$99M more than OPTION B. 3) It's not a good idea to install water pipes (ducts) too close to residential area (Tucker Hill and Stonebridge Ranch). Foundation issues as it is, is very challenging with our TX clay. 4) It is concerning how OPTION A will affect house values in Stonebridge Ranch and Tucker Hill. I AM FOR OPTION B as the solution.		ACKLEY	WILLIAM						
1554	9ae6aad4-8dae-48d4-860a-b4d244f534bf	4/4/2022 3:03	4/4/2022 3:03	We are residents of Whitley Place and are strongly against option B. Although it may not impact current businesses or homes there have been many that have already begun development. They include a retirement community, housing developments, both a private school and high school all that will have a massive highway in their backyard. The business that will be greatly effected is the special needs horse therapy ranch Main Gate that will be forced to move if the project uses Option B. Using Option A it uses current pathways/ and established roads. Option A will effect current business but it will also help them too by providing addition customers/traffic. They built their business there knowing a major road would be there Option B changes Prosper and will alter the landscape of a area that would have homes and schools.		Dick	Christy						
1555	0c252110-7f24-4dd1-84bc-c990949646e5	4/4/2022 3:04	4/4/2022 3:04		The proposed segment B does not sound helpful in anyway. Green cover will be comprised, thereby creating sound, pollution. It is completely unacceptable for families who moved here to live in the company of nature. Economical impact is the residents end up paying heavy taxes due to lack of commercial development caused by the proposed route. We are also looking at many high school students driving in different directions(from Prosper, MCKinney), once the third high school of Prosper ISD is established. The greatest loss is to Manegait which is like a saviour for parents of disabled children. It's going to have a direct impact on the horses, disabled children & adults.	Swali	Greeshma						
1556	6f8208d6-a67e-466c-8d13-e55d5af89c09	4/4/2022 3:09	4/4/2022 3:09	Please don't consider segment B further. The whole town opposes it. Nobody wants it in prosper . We can deal with the traffic what we don't want to deal with is the noise, pollution, and reduction in property values that comes with it. Don't do it! I can't say it enough. I hate it		Cook	Jeremiah						
1557	66beeb93-abd8-46a1-8644-82728bacb99f	4/4/2022 3:11	4/4/2022 3:11	I am apposed to segment B route. It will cut through the Town of Prosper, negatively impacting the Town schools, businesses, and people who live here. The project should follow the current 380 footprint through Prosper. Route A.		Fernandez	Jose						
1558	98e05ee6-4930-4d0e-8dee-710bfd8f4939	4/4/2022 3:30	4/4/2022 3:30	I oppose all options for segment B. We do NOT want 380 going through our small town.		Koch	Kristen						
1559	4c9f57f3-7d17-47b3-8832-65d3c58f8ec1	4/4/2022 3:34	4/4/2022 3:34	As residents of Prosper, we are concerned about the re-evaluation of the US380 route chosen by the feasibility study. Once again it seems like the big thug (McKinney) that chose not to prepare for the future of widening US380 is trying to throw its weight around and change the route back to 'B' which would have the maximum disruption to the Town of Prosper. Considering that Prosper is land-locked and has no opportunity to expand its boundaries, any imposition of a 400 ft ROW within ANY of the town's limits will be a significant percentage reduction to the town's acreage available for development and quality of living improvements, as well as tax revenue. Don't allow this to become a matter of McKinney getting their way because they have the loudest voice, they always will. It is time to support the small community that followed the rules and do not allow it to be penalized because McKinney doesn't want to be inconvenienced.		Wilson	Lynn						
1560	88594ff5-7a6e-47e6-861a-38b484da1652	4/4/2022 3:36	4/4/2022 3:36	I'm against seeing such a large bypass being built thru our community. It will have a negative impact on the children's schools not to mention the seasoned citizens being displaced. Further the Manegate will be negatively impacted and a disruption to the disabled children and veterans who receive much needed therapy there. I do not understand for the need for B on the above map. If McKinney needs a bypass they can start at A.		Casper	Susan						
1561	39e156e9-8372-4a6f-8c48-85fb06dc7349	4/4/2022 3:40	4/4/2022 3:40	I am in opposition of all segment B options of US 380.		R	J						_work_for_TxDOT_
1562	8b667ff1-fd65-4760-8662-a98ac908f34e	4/4/2022 3:43	4/4/2022 3:43	I vote for route B for the options on 380.	Option B impacts less homes and businesses. Overall, less people would certainly be affected with B, as construction would cripple the area from before Custer to Ridge for 3-5 years. Option B better addresses safety concerns, noise and air pollution. In addition, Option C on the other end is the option preferred, this is the brown alternative presented	Ericson	D

1573	8305ee01-0ebb-45d4-833b-1c3dc8a448aa	4/4/2022 4:29	4/4/2022 4:29	We are adamantly opposed to Option B. The residents in extreme proximity of Option B did not move to this area of Prosper to have a 8-12 lane highway run thru it and purposefully purchased their homes with ample distance away from busy and noisy roadways and Hwy. 380. This will have significant impact to residential property values and newly planned residential communities that will be destroyed if Option B passes. Option B is full of senseless costs and environmental disruption. It will have negative impact to Prosper's tax base. Option B will significantly impact the safety of our community...as it cuts through residential neighborhoods, schools and businesses. The priority goal of the expanded highway should be to MINIMIZE COSTS and IMPACT ... and the current proposal and research would clearly show OPTION B would NOT accomplish minimizing cost, reducing financial impact and protecting the environmental priorities of the community.		Crawford	R.D.						
1574	1321ba78-ed98-4c03-87f3-76d8b704e3f8	4/4/2022 4:36	4/4/2022 4:36	No to Option B	No to option B	B	C

1576	18886d9d-cb1e-45fd-8138-71dce65d37da	4/4/2022 5:18	4/4/2022 5:18	Route A by far makes the most logical sense. Keep McKinney's 380 bypass in McKinney and limit impact on surrounding communities. Route B impacts two new schools and a equine facility that has the main purpose of therapy for special needs individuals. Disrupting these would take a level of disregard rarely seen in these communities or the state of Texas. Please select route A.		Steinbrecher	Jared

1577	355fc0c1-760d-48f1-8324-0560a9fed659	4/4/2022 5:28	4/4/2022 5:28	I support plan b. I am very concerned about the impacts of plan a on Ridge Rd Stonebridge. Plan a also has the bypass starting at the front of a neighborhood which would be greatly impacted. Plan B affects far fewer people and costs less.		Cramer	Heather						
1578	109aeb5c-7b80-4f6f-8410-f1c772541667	4/4/2022 5:36	4/4/2022 5:36	My comments pertain to the "Segment B" proposal to the Hwy 380 re-route through Prosper. I'd like to express my opposition to the aforementioned proposal. It is my belief that re-routing hwy 380 through Prosper will have significant negative consequences for the town and its residents. Of greatest concern is the routing of a major hwy next to schools in the area including the new Walnut Grove HS and Founders Academy. Placing a major hwy so near these schools implies students will be subjected to significant noise and environmental pollution. I moved my family to Prosper because of the high quality schools and the placement of hwy 380 next to my child's school directly impacts the quality of that education. Additionally, as a small town, Prosper is reliant on its ability to maximize revenue from taxable real estate. Segment B limits the towns ability to generate revenue for its citizens by converting what scarce property is available within the town to an un-taxable highway.		A	Hdz						
1579	807916e7-e506-4d41-81a9-213e4c9f2eb6	4/4/2022 9:05	4/4/2022 9:05		As a resident of McKinney within the Prosper ISD footprint, we do NOT want to see our homes and school areas (along with ManeGait) destroyed. Houses and development along 380 were well aware that they were on a US Highway. And the outer loop has already been planned. FIX 380 ON 380, focus on the Outer Loop, and work on the arterial roads WITHOUT creating a bypass through the middles of HOMES and SCHOOLS and WILDLIFE not already destroyed in McKinney and Prosper. Again - FIX 380 ON 380. We are EMPHATIC with a NO on any form of a bypass on or around Bloomdale. NO to Alignment A. NO to Alignment B.	L	A						
1580	38798b73-8d1b-48c3-8854-867a602cecca	4/4/2022 10:34	4/4/2022 10:34	Please use known paths such as Custer as it's related to section B. It is highly disruptive to already established neighborhoods and future planned developments to put a major transportation corridor through the heart of a community and city that has built its plans around keeping the "big" traffic in its already designated route.	These major highways/roads should stay as close to commercial property as possible or stay on already known roads that have. I will vote AGAINST the proposed plan.	MORROW	BRYCE

Use the existing 380 roadway to avoid more imminent domain, appraisal expenses, as well as community angst. A simple highway and widening of the existing 380 roadway is the easiest as well as cost effective use of tax payer dollars.		J	B						
1591	09bac12f-e5f3-47eb-8308-3f357ab734bb	4/4/2022 12:51	4/4/2022 12:51	I oppose the route b proposal. It will run close to several current and developing schools as well as a charity horse farm. All of the noise and pollution will be unhealthy for the children and animals.		Moore	Tommy						
1592	58ba19e5-dcdb-4900-8182-02eb09ef8249	4/4/2022 13:04	4/4/2022 13:04	Why can you just expand 380 as is? I thought the cost and time line would be much faster if TxDot went that route? Anyone looking at the map, it would be a shorter route and it is not like 380 goes in the middle of a town or anything. Why not save the taxpayer some money and people who lives in McKinney less of a headache to finish the project faster?		Nguyen	Long						
1593	ee5a9f86-353b-4eaa-8e76-998a49d1dec5	4/4/2022 13:09	4/4/2022 13:09	Our family strongly opposes part B of the 380 extension. We moved to Prosper 7 years ago for its small town, quiet, country feel. We knew where 380 was located and bought our retirement home based on that information. Now we hear that our small town could have a major highway running through it which will cut off part of our town and lead to pollution, noise, and disruption. Begging TxDot to leave our small town intact and put the extension elsewhere. It is unfair to citizens to completely change the location of a major highway after so many citizens buy their homes based on a highway's current location. Thank you.		Jones	Patricia						
1594	0fed07bf-8ba2-45e3-8cb9-a2994bacecf9	4/4/2022 13:19	4/4/2022 13:19		I am strongly opposed to the segment B proposal. It would negatively affect the city of Prosper and negatively affect businesses and planned communities.	Kadlac	Derek

1596	79e94302-3634-4ad1-8bea-11d453d38a62	4/4/2022 13:27	4/4/2022 13:27	This new highway would disrupt so many residents not to mention Mane Gait who is doing an exceptional job for the disable. We moved to Prosper together away from all the noise and traffic in Frisco—please do not build this tollway.		Grant	David						
1597	fc963538-dc8b-4683-81cc-d92d624d7db7	4/4/2022 13:29	4/4/2022 13:29	Keep 380 as it was originally planned ... get rid of the bypass you're trying to pass that goes through Prosper.		Gorgueiro	Amy						
1598	6c4910ab-78d8-4ead-88c6-024c89b378eb	4/4/2022 13:40	4/4/2022 13:40		In general the movement of 380 off of the original footprint should not be occurring. The plan should go forward as it was originally proposed. The Town of Prosper does not need a 12 lane road running through it. We do not want the noise, the traffic, or and environmental impacts to be shifted. Leave 380 on 380.	Zuehl	Christy						
1599	774d21d1-6c87-4b44-880c-83073d6ded93	4/4/2022 13:41	4/4/2022 13:41		You will negatively impact the residents who live locally, decrease the values and desirability of our area and homes, our quality of life, the quality of air/pollution, additional road noise, traffic, impacts to the schools in the area and the safety of young or new drivers. Manegait is an important therapy site for children and adults with disabilities, which would be severely impacted by this proposed plan and take away more important services to our residents. It is bad enough already that you are planning to widen Coit Rd which runs directly next to my property and you plan on taking sections of the land we own, plan to rip out our trees (traffic barrier) and bring 4 lanes of traffic right up next to our rear garden and property, risking the life of my children and animals, as well as increased noise and air pollution and devaluing our property! Considering the amount of property tax you charge your residents, you should treat us better!	giles	van de pol

1602	475701fb-952e-48f3-8aa0-1a6cd507863f	4/4/2022 13:54	4/4/2022 13:54	I oppose Segment B. My children attend Prosper ISD and this is our community. To come in now and basically destroy the east side of Prosper is unthinkable. Planning action should have been addressed 10 years ago and coming in now and taking away so many homes, ruining long-standing businesses and interrupted long-standing plans for new schools with land already purchased for future Prosper ISD schools is unethical and unrealistic. 380 should stay on 380. McKinney opposed and is trying to dump their planning issues onto Prosper. Shame on you TXDOT!!! a BIG NO.		Schilling	Noelle						
1603	bc8bd22f-fa78-47ee-80c1-d60c81c0d276	4/4/2022 14:01	4/4/2022 14:01	I am opposed to Section E bypass for 380. Prosper's growth plan accommodated the expansion of 380 on 380. The business and residential setback can accommodate the expansion without the need for a bypass that will significantly disrupt existing residential neighborhoods, business, and charitable organizations. Keep 380 on 380.		Luckock	Greg						
1604	42033baf-e5cb-45a4-87f6-d2e032769600	4/4/2022 14:01	4/4/2022 14:01	Chosing option B would devastate our town. Please don't		Henry	Eve						
1605	98317976-7c6a-4831-8474-fda0268056dd	4/4/2022 14:03	4/4/2022 14:03	I'm saying no to Option B. This affects many families as well as special needs Down Syndrome programs in Prosper. This would be putting a major thoroughfare in a quiet residential community causing dangerous traffic close to homes where small children are used to playing outside and families who are used to walking on their quiet sidewalks.		M	Williams						
1606	e3d3f9d4-c933-4426-8a68-f8c1bd56d87c	4/4/2022 14:07	4/4/2022 14:07	Keep McKinney's failed attempt of infrastructure inside McKinney's boundaries. McKinney chose to put commercial properties too close to 380 without giving room for expansion/growth in coming years yet wants neighboring cities to take on McKinney's failure. NO!! Prosper should not give up one square inch for McKinney's poor planning. No to "B", Yes to "A". I don't have enough information to comment on plans "C" or "D" so I will let those people in New Hope and Fairview determine what works best in their community.		Radcliffe	Dennis						
1607	21dd4af1-0144-4e60-80f1-564910195396	4/4/2022 14:09	4/4/2022 14:09	For years the Town of Prosper and it's citizens have adamantly opposed 380 bypass option B. If this bypass goes forward McKinney will not suffer the consequences of their own short sightedness, Prosper will. While residents of McKinney support this bypass, it comes solely at the expense of a neighboring municipality. McKinney residents need to hold their own city council responsible and look to their own resources to find a solution. Approving segment B bypass will be a huge detriment to the Town of Prosper. 1. Financial burden falls to Prosper to relocate communities, utilities, infrastructure 2. 12 lanes of traffic dangerously too close to 3 schools 3. Environmentally impacts Prosper residents 4. Huge loss of tax revenue for Prosper and Prosper ISD 5. Disrupts Prosper city limits with 2 major roads through it 6. Strain on local law enforcement There is no gain for Prosper, yet much to lose. For these reasons among others, I oppose bypass segment B option.		N	K						
1608	aa1c4aa2-8c58-43f9-819b-f62f0a11256f	4/4/2022 14:12	4/4/2022 14:12	Segment B should not happen. That route through Prosper is tok impactful to the community. It will negatively impact PISD students of which there are residents from Prosper. McKinney and Celina that will most likely be zoned for the 3rd HS that is already in the works for PISD. The B route being that close to not 1 but 2 schools (Founders academy) will cause more traffic problems then it will resolve and with the HS having student drivers it is additional accidents waiting to happen. Not to mention that route also impedes upon a therapeutic horse farm. That is extremely upsetting to the community overall as well. Again not just Prosper but residents surrounding Maingait, which is again a combination of Prosper, Celina and McKinney residents. This route is absolutely the most negatively impacting route to all concerned. As a parent with a current PISD high schooler and a Middle Schooler who will most likely be zoned to go down this route I am very opposed to this option		TenBarge	Linda						
1609	31ac59a3-ca06-400b-81a0-299492922ed2	4/4/2022 14:20	4/4/2022 14:20	Thank you for the opportunity to provide input into this important project. As a long time resident of McKinney (1993), it is great to see the growth and the opportunities it is bringing to the area. I fully recognize this growth brings tough decisions and numerous stakeholders with various opinions and perspectives on each option. After evaluating the impact of the project 380 A and B segments, I wanted to let you know I strongly support the Project 380 Segment-B bypass alignment option. This option is the least disruptive to business with no displacements and minimal impact on existing homes and families living in the neighborhood along 380. In addition, it is the least expensive option by nearly \$99M when compared to the segment A option. Thank you for taking time to review my comments. Cory Shouse		Shouse	Cory						
1610	dd7dbdca-ccb-4fb8-8030-d88ea787611d	4/4/2022 14:21	4/4/2022 14:21	Good day, As a resident of Prosper, I am unequivocally opposed to option B in the proposed US 380 Bypass project. The city of McKinney failed to intelligently plan for future expansion of 380 while Prosper's city counsel was very deliberate in planning for exponential growth. McKinney should now bear the burden of that fault to plan. Option B would unduly punish the citizens and taxpayers of Prosper for the inept leadership of a bordering municipality. The suggestion of building a 12-lane bypass in such close proximity to a charter school, elementary school and high school is unconscionable. The proposed Segment B would materially impact multiple subdivisions, therapeutic organizations and utilities resulting in an estimated \$2.0B in lost tax revenue to the down of Prosper and Prosper ISD. 1612	4a2bb6ad-a461-45cf-81be-a7fdad948232	4/4/2022 14:25	4/4/2022 14:25	Leave 380 on 380!!!									
1613	42ea1333-3172-478a-835e-ee81da8d01b1	4/4/2022 14:25	4/4/2022 14:25		We oppose Option A - this option will greatly impact our sightlines from Stonebridge and La Cima pond, drastically altering our peaceful nature areas that many McKinney residents love and moved her for. Option A is also \$100M higher than Option B. Option A impacts over 14 acres of Statewide Farmland whereas Option B only impacts 2 areas. Option A will also have an increased noise level for several of the neighborhoods, like La Cima, where I reside.	Gilani	Kim						
1614	30a77142-9e69-4637-88b0-414c5fb3e992	4/4/2022 14:27	4/4/2022 14:27	I am in complete opposition of the Segment B Option. If Section B is selected, there will be a huge negative impact to the city of Prosper. Some of those negative impacts include increased pollution and emissions impacting the air quality, decreased home valuation, loss of tax revenue to Prosper and Prosper ISD, impact to ManeGait as the road would run directly over the area, increased noise/traffic to our quiet communities, and most importantly impact to our schools and students. Section B makes absolutely no sense when US 380 can remain on 380 with less overall impact to any individual or neighborhood versus the Section B Option. Please use common sense when making your decision about which option to select and the number of people you are potentially going to impact.		Berthelot	C.						
1615	808c67f4-5543-4e6a-869c-be66c7978ae8	4/4/2022 14:28	4/4/2022 14:28	I am opposed to section B as this will have a detrimental effect on schools and congestion in this already busy area. This will affect our children and their safety adversely.									
1616	b2432bd0-5a99-4521-8d2f-75298297380a	4/4/2022 14:41	4/4/2022 14:41	As a Prosper resident, I am in Support of Segment A and in opposition to Proposed Segment B. We are a tight knit community with a small town feel that is growing daily in number of families with small children. We moved here to be able to raise our children in a fun, quiet and active town that is safe while still growing. Placing a 6 lane highway through the middle of our small but growing town will not only disrupt the flow of the town but bring potential crime, dangerous activities and unsafe spaces for our kids to grow up in. The Proposed Segment B that we are in opposition to will run extremely close to the high school that our kids are zoned for and having the potential for additional crime, trafficking on a major highway and much more that close to a high school is not ok. Option A would go through a flood plain on the east side of Tucker Hill and would not cause the loss of tax revenue since it is not property where homes or businesses could be built anyway.		Eads	Courtney						
1617	ce201bfe-8c14-4cfa-8665-9588a21d3f50	4/4/2022 14:41	4/4/2022 14:41	I am opposed to plan B for the following: 1) noise pollution, 2) light pollution from roadway lighting, 3) air pollution from huge increase in area traffic, 4) huge negative impact to school and city tax base, 5) increased traffic on local roads, 6) expected drop in local real estate values, 7) impact on local waterways and wetlands, 8) impact on local federal flood control ponds managed by the Corps of Engineers, 9) impact on nearby schools and social services organizations for the disabled, 10) safety impact to school activities and student transportation due to proximity of proposed plan B roadway, 11) impact to relocating major Prosper water line, 12) impact of relocating major gas line transiting area.	This proposed plan B appears to be appeasing City of Mckinney objections to plan A routing affecting their taxable residential and commercial interests.	Bunger	Ronald						
1618	deb4f7b2-5982-4d04-8b5b-db98a9015f77	4/4/2022 14:45	4/4/2022 14:45	Option B should be removed from this plan, as it has been in the past! This option will divide the city of Prosper and would be detrimental to homes and businesses in its path as well. Keep the bypass in McKinney and leave Prosper out of it. Makes no sense at all how this option keeps voting up. Almost as if politics are involved. Perhaps a study should be initiated to find out who keeps putting this option on the board.		Cure	Marvin						
1619	f7b77c18-e295-46ff-8c90-ef33a999df8f	4/4/2022 14:50	4/4/2022 14:50	Unfortunately, this ship sailed about 10 years ago for the A choice. Trying to come down from the bypass E to a different 380 along it's current path would be longer and cause more traffic headaches and disruptions due the heavy use of current US 380. The best option here is B which creates a new road (thereby not affecting current 380) which is mostly still through rural, uninhabited land allowing businesses and developments to come in around the new road. 1622	df238a25-d5d3-4760-8aec-c05482bf8e1c	4/4/2022 14:54	4/4/2022 14:54	Prosper has a far smaller land area than the surrounding communities, therefore dissecting it via this stretch would have a significant adverse impact on the town, businesses and homes along this route. We are vehemently opposed to construction along route B.		Dowd	Jill						
1623	62f9f5b0-9a3d-474d-8dc3-50ca247ee46	4/4/2022 14:56	4/4/2022 14:56	I OPPOSE ALL options for Segment B.		Pearce	Kevin						
1624	c2c3814b-0887-4ed5-80a6-115900e3a3f5	4/4/2022 14:58	4/4/2022 14:58	I oppose segment B of the plan on US380 Please keep US380 as US380, thanks		Pavuluri	Linga Rao						
1625	5021ee78-fd7a-410a-8a47-b88e395c725c	4/4/2022 14:58	4/4/2022 14:58	In looking over the slide presentation it seems the Brown build alternative is the best solution in terms of cost, the flow of the roadway, and least impact (displacements) to residents and businesses overall. Considering one of the factors for the project to actually start being built is funding using the brown build with segments B & C is the most fiscally responsible alternative.		Meyer	Jonathan						
1626	b7d0d3ce-b7da-46e5-8e97-e01dd856c8c2	4/4/2022 14:59	4/4/2022 14:59	Segment B should not be an option for TXDOT as this is the most detrimental option, impacting current and future residential developments, current and future schools in the immediate area and will lead to significant environmental impacts on the human and natural environment. Prosper residents and far West McKinney residents should not have to suffer for McKinney's lack of future planning along the 380 corridor.		Mullican	Kayla						
1627	50b4b41e-9fa7-4603-8ef2-f663b0580da2	4/4/2022 15:02	4/4/2022 15:02	Please abandon the Plan B option shown on the map as the disruption to communities, families, businesses and schools will be severe. Families and communities are already established, growing and thriving and to have a major highway infrastructure running in their backyard is horrific, horrible for their health, lowers their real estate values and disrupts their way of life. Please remember, they did not choose to live by a highway, instead picking an area that was away from this congestion, bringing it to them with this plan is wrong on every level. Plan B also severely impacts ManeGait, which would be a travesty considering the work they do and how they help a needed community. Running a highway through their operation would be pure evil. With the new High School and private school in that area, brining this type of congestion and traffic to the location would significantly increase the risk and reduce the safety of families and children. Plan B should be abandoned immediately.		Moses	Joseph						
1628	a30f558e-1f38-4642-8b30-3bebf7d94c4	4/4/2022 15:04	4/4/2022 15:04	I oppose Plan B. As a resident of Prosper, this plan would significantly devalue the residential property in Prosper. Keep 380 on 380.		Herman	Gregory						
1629	09cae46b-0876-43bc-81d3-e71d3b4e3b5a	4/4/2022 15:06	4/4/2022 15:06	I thought they issued a resolution to expand 380 or build the bypass through Tucker Hill which is part of McKinney instead of a bypass running through Prosper and specifically the non-profit Main Gait. Mayor Fuller is lobbying for the 380 business of McKinney, when they are the ones who benefit financially from the increase in traffic. We ask that TXdot hear our plight and not put the bypass through Prosper option B. It will most definitely cause a decrease in our home values, an increase in air pollution and noise pollution. It will negatively effect the existing schools and the new highschool going in off First street and the non-profit Main Gait. This is a McKinney issue, a result of poor planning and now they are trying to defer the negative results of this poor planning to Prosper! Many of the people of Prosper were not aware of this possibility when they purchased their homes. Please keep this highway bypass from going through the town of Prosper and ruining our community.	Please do not accept option B as it will negatively effect our Prosper community in several way. Thank you!	Hoepfner	Nicole						
1630	13ba8e9a-6f80-434b-82c0-0ea6915a6b08	4/4/2022 15:08	4/4/2022 15:08	I thought they issued a resolution to expand 380 or build the bypass through Tucker Hill which is part of McKinney instead of a bypass running through Prosper and specifically the non-profit Main Gait. 1633	d5f1435b-0cc6-4acd-855c- ea18bf3798cd	4/4/2022 15:11	4/4/2022 15:11	I am adamantly opposed to Segment B. As a parent with a child at Founders it is imperative that a major highway not be located near the school. It was our understanding when we moved to Prosper years ago that 380 would be expanded the same way 121 was expanded. Never occurred to us at the time that a detour option would be on the table.		Wiede	Kayla						
1634	55533b9b-50a6-4908-8e49- 076f01c3d00f	4/4/2022 15:17	4/4/2022 15:17		I strongly oppose Option A because of the costs, enviromental issues regarding construction and safety traffic concerns and especially traffic concerns getting to the emergency areas to the Hospital located at US 380 and Lake Forest.	Rice	Jim						
1635	fd2afc51-51ab-4b2f-8f97- c55595d98316	4/4/2022 15:18	4/4/2022 15:18	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 SEGMENT-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the also strongly OPPOSE SEGMENT-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer		Lower	Mary Carlene						
1636	ae5b97cc-7df1-4af4-80d8- 3f2601aaf079	4/4/2022 15:20	4/4/2022 15:20	I strongly oppose any bypass that goes through existing planned developments. The fact that there was not foresight into the need to develop 380 as a true highway was so extremely shortsighted by TXDOT. Now, to burden current communities and planned development with a bypass (especially Proposal B through the town of Prosper) is extremely concerning.		McClendon	R

1643	5e925f19-f66b-48b2-827a- 94f57e07b6b4	4/4/2022 15:36	4/4/2022 15:36	it's unfortunate that this hasn't been resolved yet. the land for where this project is supposed to go has already been allocated to development and infrastructure for those of us living in Prosper. Elevating key intersections on both 380 and TX289 has worked extremely well for Prosper, Frisco, and Plano to keep traffic moving and travel times down while minimizing the footprint of major roads. while extending the Collin County Outer Loop from 289 to US75 might be a more feasible project, people traveling on 380 in this area are mostly just traveling between Proper and McKinney. Improve intersections and elevate the roadway where needed (US 75/US 380, maybe Lake Forest and 380 as well), minimize left turns from shopping centers to avoid hazards. 380 will work just fine on 380.	it's unfortunate that this hasn't been resolved yet. the land for where this project is supposed to go has already been allocated to development and infrastructure for those of us living in Prosper. 1644	fb3084a7-09ca-4274-889d-49909e1abd5e	4/4/2022 15:40	4/4/2022 15:40	Under no circumstances should this road go through the town of Prosper. Prosper is already less than half the land mass that McKinney has and you want to take what little we have for a by pass. A by pass that will disrupt and maybe even halt all the good Mane Gate does, go dangerously close to a brand new school, and become the back yard of an established neighborhood. To the people making this decision, if this was your town, if your children attended that school, if you used the rehabilitation Mane Gate offered, if you dreamed of back yard time with your family on days off only to have it all interrupted by the noise, smell, high traffic and possible increase of criminal activity that comes with major roadways then would this idea even be on the table?	Expand 380 on 380!	Schreiber	Sydney

McKinney constructed too close to 380 and not followed vision for expansion. For this prosper should not pay as it has not approved plans too close for 380.		Mallela	Ravi						
1650	f5f73eb7-ae23-443d-8d21-2a2dd2765a62	4/4/2022 15:59	4/4/2022 15:59	What a tragic suggestion for an 8-lane highway. Disruption to the overall Prosper community, retail and commercial impacts are disastrous to Prosper. I know Austin will chime in, but TxDOT knows Prosper has been working with them for years, knowing 380 was a major thoroughfare from east to west thru Prosper. Our city designed the layout of Prosper in coordination with TxDOT and now McKinney jumps in and disrupts the future because they didn't plan as well. Property values and lifestyles will be destroyed by this. Outer loop By-Pass was more carefully planned out than this Project 380. Shame on McKinney and TxDOT		Purcell	Dean						
1651	15df10d8-7194-44e9-846b-2fc0a50716a1	4/4/2022 16:01	4/4/2022 16:01			Johnston	Tami

The vulnerable and protected populations, deserve a safe, high quality, easily accessible location to receive the world class therapy programs at MANEGAIT! I would rather drive in hours of traffic than to allow this organization to be changed/moved or suffer in any way! Please protect this incredible place!!	Sargent	Lisa						
1653	23c8c88b-c8b4-4e49-8949-6c093287728f	4/4/2022 16:11	4/4/2022 16:11		As a citizen of Prosper, and an impacted homeowner, I strongly oppose Segment B through Prosper. Besides noise and declining property value issues in many areas of Prosper, Segment B would vastly disrupt the community of Whitley Place and displace many families. It would also disturb Main Gate's operations, a long-standing community service of therapeutic horsemanship. It should be noted that the Outer Loop 428 through Celina will help alleviate traffic congestion on Hwy. 380 from Hwy. 75 to I-35 in years to come. Moreover, the expansion of existing Virginia Parkway should be considered as an option as it would lessen the negative impacts to various neighborhoods off of the Hwy. 380 corridor.	Sims	Machelle						
1654	ae1514b3-60d6-43b3-8085-f7dcb407e1e8	4/4/2022 16:13	4/4/2022 16:13	We oppose option B. We purchased our home in 2014 with the intention of being in a quiet neighborhood. The city of McKinney needs the bypass. Let them keep it in their city limits.		Hallock	Erika						
1655	af57479f-44b9-4f7d-8efa-0e123de320cd	4/4/2022 16:14	4/4/2022 16:14		I absolutely 100% oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of Manegait - a key community resource as identified by TxDOT. The vulnerable and protected populations, deserve a safe, high quality, easily accessible location to receive the world class therapy programs at MANEGAIT! I would rather endure a longer commute than to allow this organization to be changed or suffer in any way! Please protect this incredible place! #keep380on380	Sargent	Nathan

1661	0a8c9fd4-49d4-4734-8a05-e02a3c6a2bde	4/4/2022 16:36	4/4/2022 16:36	Please keep TX380 on TX380. The town of Prosper has planned their community around this. As one of the most desirable locations to live, school our children, and enjoy the peacefulness we are ashamed of the intent to consider cutting out town up. Directing this much mega traffic near our schools and homes is unnecessary and a major disappointment to others shortfalls in planning. Please don't disrupt our way of life and investments already made in this community.		Hirst	Travis							
1662	4d35b392-5441-444c-8de2-143f095a4b98	4/4/2022 16:39	4/4/2022 16:39	We strongly oppose seg B		Balashanmug	Ravichandran							
1663	04ffc5ec-33cc-41f7-894c-2f7cf7c74a9a	4/4/2022 16:41	4/4/2022 16:41	I oppose Segment A and support Segment B. Option A will divide existing neighborhoods. Option B is 100 million less then Option A and has far less engineering and environmental impacts. Option will hinder access to hospital, fire and police for many existing neighborhood. Option B has no hazmat impacts. Option A has 11. Option A has a 90 degree turn that fronts the construction currently extending Ridge road . How is this curve going to allow 60 MPH traffic? Ridge is being extended to improve through traffic making the Option A curve redundant and unnecessary expense. Option will displace 17 businesses . TxDot's own expert study refutes the the stated claim that Manegait will be negatively impacted. Horse therapy is commendable . But to exploit those with disabilities to further the wishes of one politically connected person who has already tuned down an offer of comparable (potentially better) land is repugnant.		richardson	steve							
1664	fd174382-0151-4cf3-8546-d532c2e7bf4d	4/4/2022 16:45	4/4/2022 16:45	I oppose option B due for several reasons. Option B is too close to Main Gait. While your report states that Main Gait can handle the freeway next to it that is crazy. They serve a population with hearing loss, anxiety, and sensory issues. It is not realistic to say this will not negatively impact them. This provides services for an under represented demographic. It also provide opportunities to allow people to better understand and work with special needs individuals. My daughter volunteered there and it began her quest to help special needs individuals. She has now graduated college and is a special needs teacher who will be returning to Prosper next year to teach. This location needs to be given an opportunity to thrive which is not possible with the negative environment caused by a freeway so close to the property.	I oppose option B. I do not believe McKinney should have the ability to negatively impact Prosper and their planning. Prosper city planned their emergency response and Prosper ISD planned their campuses to best serve the needs of Prosper and McKinney. The freeway will negatively impact both of those. In addition I moved to Prosper over 10 years ago. Before purchasing I went to McKinney and Prosper and viewed their zoning and future plans. I made a decision to not purchase on 380 because back then it was already known that 380 would eventually become what was 121, I did this because I had a child on the spectrum who can not handle noise. My husband sits in traffic everyday to Dallas to avoid having my daughters health being negatively impacted. Taking advantage of those who prepared to help those who did not prepare for the future is wrong. No to B	Hunter	Julie							
1665	4f583bb0-f42c-43d8-831b-5b108562e084	4/4/2022 16:48	4/4/2022 16:48	My family are long time residents of Prosper. We have lived hear for over 30 years. Prosper allowed for the future expansion of 380 on 380. Mckinney DID NOT do the same. I knew Custer would be widened at some point when we moved to Rhea Mills. I do not find it fair or equitable for Prosper to have 2 Major highways surrounding our developments on Custer Road. The businesses and schools will be severely impacted by a major highway running through first street and 1 mile from my development. This option was taken off the table quite awhile ago. I am upset and concerned that someone with interest in Tucker Hill has enough clout to alter a decision that was already settled. I would hate to think Prosper would get railroaded into this highway because we do not have the right person with enough clout to force the issue.		Anderson	Deirdre

They have been given ample opportunity and money to relocate their business (offer over market value purchase price, etc), yet they still dig in their heels and refuse to move. They are in an unincorporated area and should not have the same voice as those of us within city limits (and pay taxes). I am in favor of option B for several reasons, not the least of which is how option A will destroy my neighborhood (Tucker Hill) by having multi lane freeway on two sides of us. It will also severely impact our ability to reach Baylor hospital and children from reaching their school. The cost associated with this option, and the disruption of homes, families and businesses is significantly higher than that of option B. As Spock would say, "The needs of the many outweigh the needs of the few".	Thompson	Brad	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

1678	d1228890-bf03-40b1-8412-66e96c10526c	4/4/2022 17:14	4/4/2022 17:14	Plan B is active with new and old schools, subdivisions, a historical graveyard, the only therapeutic horse farm I've ever heard about. And a new active senior community has started building right where the bypass hits Custer Rd. Prosper is 25 square miles. It has paid for 2 high schools and the third to be completed soon. McKinney is responsible for issuing permits for ALL of the business from 380/ Custer on into McKinney. They have the tax revenue. Prosper is a small community. Please don't take our town. Please let us continue to live in our quite, personable and thriving city of Prosper. We purchased our retirement home in Prosper. If Plan B or A is approved, it will cost a lot more money to construct than the other option further into McKinney. My family vehemently opposes plan B. Thank you, Jeanie Simmons [REDACTED] [REDACTED] [REDACTED]		Simmons	Jeanie						
1679	0b9f25c6-bf90-4827-8a21-26fc808827ea	4/4/2022 17:18	4/4/2022 17:18	I am in oppose to B as I am a resident of Lakewood at Brookhollow and I think this plan B will introduce lot of noise and pollution near this community.		Gupta	Rohit						
1680	eb22ef1f-6b89-4066-8cbd-6884cd1ef25a	4/4/2022 17:22	4/4/2022 17:22	On behalf of my family, which includes an individual with autism and an intellectual disability, I SUPPORT by-pass segment B (West of Custer) and OPPOSE segment A. We live in Tucker Hill and use HWY 380 daily for work commutes. We are in and out of the neighborhood turning onto or off of HWY 380 multiples times per day 7 days /week. Based, in part, on careful review of TxDOT's Segment Analysis Matrix, Option B is the rational and evidenced-based choice for reasons including: 1) less disruption and increased safety during construction ~3-5 years, 2) long-term safety and engineering, 3) less economic burden, and 4) ManeGait's untrue assertions that Option B is disruptive to their operations in any way. See attached document for additional supporting information given the 1000 word limit here. Jamile A. Ashmore, PhD, ABPP [REDACTED] [REDACTED] [REDACTED]		Ashmore	Jamile						
1681	93283a53-fa5a-4a8e-8d72-b391bb414538	4/4/2022 17:24	4/4/2022 17:24	I thought they issued a resolution to expand 380 or build the bypass through Tucker Hill which is part of McKinney instead of a bypass running through Prosper and specifically the non-profit Main Gait. Mayor Fuller is lobbying for the 380 business of McKinney, when they are the ones who benefit financially from the increase in traffic. We ask that TxDot hear our plight and not put the bypass through Prosper option B. It will most definitely cause a decrease in our home values, an increase in air pollution and noise pollution. It will negatively effect the existing schools and the new highschool going in off First street and the non-profit Main Gait. This is a McKinney issue, a result of poor planning and now they are trying to defer the negative results of this poor planning to Prosper! Many of the people of Prosper were not aware of this possibility when they purchased their homes. Please keep this highway bypass from going through the town of Prosper and ruining our community.	please do not put bypass B through Prosper, it will ruin our community by decreasing our property values and increasing traffic, air pollution, noise pollution. It will ruin Main Gait non-profit which is a special place for many people in need and a beautiful gift to our community.	Hoepfner	Bailey						
1682	a7fd4785-a348-4f15-8fec-b7280fca2c50	4/4/2022 17:27	4/4/2022 17:27	I am opposed to segment "B". It is not reasonable or fair to even consider running a McKinney bypass through Prosper. It is not the best decision for Prosper, the county or the State when you consider the lost tax revenue that would happen as a result. The option or segment "A" makes much more sense in that it runs through an uninhabited area where no lost tax base will be realized. Please do not run the bypass through the front yard of Prosper, Texas.		Spencer	G						
1683	13a5617c-b013-4e14-892c-ea40591b5d7d	4/4/2022 17:28	4/4/2022 17:28	McKinney town did not plan well and allowed communities expand on 380. Prosper on the other hand, planned well and approved development only after leaving plenty of space for 380 expansion. Now just because McKinney did not plan well for 380 expansion, without penalizing McKinney this optionB is punishing who very well planned development. We oppose option B and request option A to be finalized.		Panchumarth	Mayankh						
1684	7dceefc-db90-4e97-8af7-c8b910699c62	4/4/2022 17:28	4/4/2022 17:28	I oppose option A for the following reasons and request the following if selected: Expensive - please consider additional funds saved choosing option B to fund much needed projects throughout the region. Please do not be wasteful with tax payer dollars. A is dangerous and time consuming for residents of Tucker Hill and emergency response to enter and exit will be delayed. B will allow future developers to better serve future residents rather than creating chaos for existing residents. The expansion of Ridge Road will serve this region and A will duplicate that service and is wasteful. Please study the air and noise pollution during construction to Tucker Hill and Stonebridge Ranch. 3-5 yrs is a long time live through, especially for our children and elderly. Though strongly opposed to A, if selected, depression and noise & air abatement are of utmost importance to residents along with alternative entrance and exit strategies.	Regarding option B, please consider the following. Manegait has publicly stated that alignments from 2019 were better. If they will back down can you consider E from 2019? Give them a choice B or E? Please note, they also continue to spread false propoganda in both media and FB ads to garner support and should be considered when evaluating true citizen concerns. Also consider that the town of Prosper is claiming that their planned developments will be impacted, but if A is chosen, as they are advocating, almost all of the impacts are to their current and substantial tax base. Their planning desires seem to be more politically motivated rather than based on economic and financial impacts. Please use comparative data and scrutiny when considering their preferences. Overall B makes the most sense logically and financially. Without listing please know that all of your findings that indicate B is more advantageous are important factors and should weigh the heaviest on your decision.	Limas	Amy

This facility services special needs children and veterans. As a Prosper resident, I support Option A at avoid needless disruption of ManeGait and the therapeutic services they are providing .	McCaughan	Kimberly						
1690	cde50336-2401-4574-82db-bdf125bbaa70	4/4/2022 17:47	4/4/2022 17:47	I oppose segment B! Prosper is very small. To take that amount of land away will hurt our city revenue. Option A is the obvious choice since it will run through uninhabited/useless wetlands. NO segment B YES segment A		Spencer	Victoria H						
1691	c5f33b53-a00d-4769-84ed-8dbac183c236	4/4/2022 17:48	4/4/2022 17:48	This is not a good idea. It will negatively impact businesses in the area and will make navigating throughout the city more dangerous especially since there are a lot of younger drivers in the area.		Reyes	Carly						
1692	3dffffb0-d28d-46e9-8e56-ff28cf0dfbb8	4/4/2022 17:49	4/4/2022 17:49	No good will be done by displacing residential neighborhood. Opposing Option B. Prosper can't pay for McKinneys problems		Menon	Mohan						
1693	3e419fe4-6924-4986-8e65-19b20446f7c6	4/4/2022 17:51	4/4/2022 17:51	Please consider how many lives you are disrupting with noise, pollution and dirt and grime produced by tire wear. Please consider that there working families and retired people who have invested their savings into their houses and cannot afford to lose the money when property values decline. Please do not continue with this project that runs through Prosper. Please reconsider the amazing work you could accomplish by reworking your plans to keep 380 on 380. Consider double decking areas that are highly congested and adding extra lanes where possible. Use your imaginations and THINK OF YOURSELVES IN OUR PLACE. Would you want your lives, investments and health ruined? Again, we implore you to keep 380 on 380 and disrupt fewer lives.		Kraemer	Jeff & Mary						
1694	c781f273-3d9b-490a-8117-dad60318e55f	4/4/2022 17:53	4/4/2022 17:53	Option B is the worst option by far. Currently there are multiple projects that are underway along that alignment. Were option B implemented, that entire southeastern part of Prosper would be irreparably harmed in terms of ability to generate tax income through best and highest use development. Additionally, Prosper is only (9 miles east and west by 3 miles north and south)- the relative impact to Prosper is exponential compared to the impact on the communities where the other other options reside. The City of Mckinney did leave the proper right of way on the current 380 alignment. They had ample time to plan over the last 30 years. They just didn't do it. And now in embarrassing fashion, it is being suggested that the bypass run through Prosper. The bottom line is that Prosper planned. If the Town had not planned there would be no place for the bypass to run back on 380. Think about that. We must hold the governments accountable that failed here not punish the ones that planned.		Andres	Ryan						
1695	a3e62eb6-ba79-4fac-8e21-cbaf9f8085d7	4/4/2022 17:53	4/4/2022 17:53	We are opposing Section B as that has a direct impact on a school. Founders Classical Academy(K-12) kids and their families will have to pay the price. Kids may end up not having a quite outdoor recess if there is a lot of traffic in that area.		Sama	Haritha

1699	34deda7c-12c4-4303-8261-15a8a8fdfe90	4/4/2022 17:56	4/4/2022 17:56	No! Do not put in that major thoroughfare in East Prosper!									
1700	0571e563-8528-439b-8d7c-dfbacc4d8028	4/4/2022 17:57	4/4/2022 17:57	I am very much opposed to segment B. The need for expansion of 380 should have been planned for years ago. It has been clear for 20 years Dallas was moving north. There was no other East west Highway in this area. The mistake was the state not buying more frontage on 380 years ago to have prevented commercial development up to the existing highway land locking the highway. Someone else's lack of planning should not negatively impact me and others. 380 is horrible from Custer to 75 and from the North Dallas Tollway to Denton all for the same reason. Poor Planning! Please learn from your mistakes.		Ridley	Mike						
1701	dd58ecc6-f6ec-4444-827d-51534ee94e74	4/4/2022 18:02	4/4/2022 18:02	I support Option B over Option A. Option B cost less than Option A (\$589 mil. vs. \$688.5 mil.). Option B impacts far less businesses and residential than Option A in the county. Option B has just 2 major utility conflicts vs. 7 for Option A. Option B requires lower right of way cost (\$136.8 mil vs. \$177.8 mil.). Option B does not require engineering of two large aqueducts near residential areas vs. A. A further outer loop should be considered if A or B is not viable. Option A limits access to hospitals, fire and police departments when compared to B. Option B enables a shorter morning commute travel time vs. A, which over the life of the road have significant environmental benefits due to less pollution and congestion. Option B does not impact the Manegait facility negatively, this has already been determined by expert studies. Ridge Road is under development as a main arterial road that will serve the same purpose as the ramp proposed in Option A. Thank you, Greg		Steglich	G						
1702	adb5ba1e-ccd9-427e-84d4-880bac9a9a09	4/4/2022 18:12	4/4/2022 18:12	I moved into Tucker Hill approx. 12 years ago, never thinking that I would have to put up with traffic from 380 bordering our neighborhood. Clearly there is less impact on those already settled into a lifestyle by going with Choice B. I actually feel that it is a hazard bringing that much traffic so close to a family oriented neighborhood where everyone takes such pride in their homes and lifestyle. Please reconsider putting route A so close to a family location. I vote B is the better place to locate this bypass.		Sommer	Sherry						
1703	4d1deb58-8b36-46e5-8b93-08ba7d4eb07b	4/4/2022 18:13	4/4/2022 18:13	Please don't make our living area miserable by cutting the community in to 2 past and noisy and polluted . Option A- NO Option B-Yes (please consider to act upon) -Suresh & Family		Cheppalli	Suresh						
1704	84c5fe46-8719-448d-8ae6-e5d0d7888650	4/4/2022 18:16	4/4/2022 18:16	I strongly support the recommended 380 alignment Segment A from feasibility study and strongly oppose Segment B. Segment B alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Prosper. Segment B runs directly through a quickly developing section of Prosper causing significant environmental and health impacts by adding a new and unplanned interstate through Prosper vs. using the existing alignment within Town limits. Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship, a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities. Segment B is in close proximity to existing and future schools including high schools impacting thousands of students and presents harm to children. Traffic congestion at Custer Rd and Option B will cause death and injuries for commuters, parents, and students at Founder's Academy. Keep 380 on 380!		Hoffman	Michelle						
1705	ac54effc-b9a5-462d-810c-0409a02bfe11	4/4/2022 18:16	4/4/2022 18:16	The B alignment seems clearly better than the A alignment. This is an east-west road, after all. The B alignment is more east-west than A. It seems silly to not pick B. Thank you.	The B alignment and the C alignment seem clearly better than the A and D alignments. This is an east-west road, after all. The B and C alignments are more east-west than A and D. Also, the D alignment seems to be going through the floodplain for miles. Does that mean this road will be flooded often or will it be raised up in the air? Either option would be ridiculous: a brand new road that floods often or a road up in the air for miles. Thank you.	S	D						_am_a_business_owner_
1706	303b3be1-50ee-44f8-855f-a00b1b72f85d	4/4/2022 18:24	4/4/2022 18:24	I am a McKinney (Tucker Hill) resident strongly in support of option B. In both the short run (and especially during the actual construction phase) and also in the long run, option A limits emergency vehicle access and creates noise and air pollution detrimental to our growing neighborhood. Option A also impacts safety for local high schools, poses greater driving challenges in freezing weather, and (as a longer route) increases pollution for the area overall. Option A is far more disruptive to residences both during and after construction and businesses are far more heavily impacted with this option. Significantly, costs borne by taxpayers are nearly \$100 million greater with option A. I say YES to option B and NO to option A.	The Segment B option will be destructive and harmful to children in the numerous schools adjacent to the proposed Segment B option, as well as the removal of an important therapeutic resource for the disabled, in particular for those veterans suffering from combat induced PTSD.	Johnson	David						
1707	639d25d0-bd86-41b3-8091-6dd8eb7c9247	4/4/2022 18:27	4/4/2022 18:27	This is being written to express opposition to All Segment B Considerations for the 380 Bypass. The construction and presence of the Segment B option will condemn hundreds of students of the Prosper Independent School District (ISD) and the Founders Academy to hours of exposure to noise and toxic air pollution each day. Furthermore, the Segment B option will also make it impossible for ManeGait to continue to conduct its charitable and therapeutic activities in support of children and adults with disabilities. There are many other options, other than Segment B, that will not materially harm so many children and disabled adults. It is suggested that those alternative be actively considered and not Segment B.		Evelyn	Charles

1716	c484f4ce-c83c-468a-8369-727fb0608c96	4/4/2022 19:23	4/4/2022 19:23		I am a resident of Prosper and stand with the Town Council against a 'bypass' that cuts out any sections of Prosper. I happen to live off of 380/Preston area already. (Our road is 6 lane divided and clearly has ability to accommodate expansion if that is required) Many of the existing bypass proposals do this and thus would adversely affect Prosper residents and the businesses in Prosper or those moving here. Also I do not want to see an over under type road format just for the sake of maintaining the current 380 corridor. If there needs to be a bypass that should be done within McKinney city limits as this is their responsibility to have already future planned for this contingency. I have watched the growth on 380 from 75 eastward in the last 17 years and clearly the ordinances have not accounted for growth or right of way/easement needs on the existing 380 stretch. This proposal also impacts businesses in the 380/Lake Forest area which I am sure they don't want to see.	Johnston	Matthew

1722	3ae35212-98e5-4199-866d-8888e9130f2f	4/4/2022 19:47	4/4/2022 19:47	I am strongly OPPOSED to 380 bypass Option B. This bypass will likely eliminate the services of ManeGait which have provided amazing therapy services to some of the 11% of students in Prosper ISD with disabilities. Besides students from PISD and surrounding communities, ManeGait provides services to our veterans. ManeGait also has many volunteers who learn the acceptance of others who are different from themselves, while volunteering their service for this wonderful therapy program. Segment B is also far too close to Prosper ISD schools. Asking our young drivers to navigate this freeway on their way to high school, is an unimaginable risk. I have been a resident of Prosper for 18 years and was always told that Prosper has planned for the growth of 380 on 380 by requiring building setbacks to accommodate the upcoming growth. Though it's unfortunate that every city has not been able to do so, the penalty should not be placed on Prosper. Please say NO to option B. Thank you.		Luckock	Kierstyn						
1723	a6fafc90-9163-4ada-8a3a-f9fb405d2e36	4/4/2022 19:48	4/4/2022 19:48	No to B and A.	TXDOT, Collin County and Mckinney should abandoned this A/B choice and think about a hwy connecting 75 with 35 from Anna to Sanger and leave 380 as a 6 lane. I DO NOT want any more traffic diverted towards Prosper via 380! The growth is continually growing northward, get the highway built as I suggested north of us before too many neighborhoods are built.	U	Curtis						
1724	5a401964-23cd-41cd-819a-164d53d1fd9c	4/4/2022 19:50	4/4/2022 19:50	We are concerned that Stonebridge Drive, located in Stonebridge Ranch community, that runs through our community, and our home directly faces, will become a main thoroughfare to the new 380 highway. Of major concern are our the property's decreased valuation from excessive traffic and noise heard while inside our home and in our yard, the smell of exhaust and the pollution and dust/ dirt we will be breathing in. We have asthmatic children who enjoy the yard but will be forced to stay indoors. There's also an elementary school (Bennett), a church, 2 parks and the community swimming pool that is up the street facing Stonebridge drive that many children walk along and cross over Stonebridge Drive to travel to and from Church, school, the pool and parks on foot and by bike. They will all be at a greater risk with the enormous increase in traffic! Please do not put the 380 freeway through our community, we don't want it! Nancy Whatley (Resident of Stonebridge Ranch for 21 yrs)		Whatley	Nancy

If the goal is to provide a long-term solution than i would suggest that section 3 go a little further north and stay about 10 miles north of 380 until just east of Denton. There are few east west roads and the solutions recommended may fix a short distance around 75 it does little to fix the section of the road west of your current plans. We have or will have north south roads like 75, Preston, DT and possibly others in the future to allow for access. The population is moving north, so should the road infrastructure		Barr	Gordon

It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.	Day	M						
1740	9f599cab-7062-49d8-8ba0-108e0eee8da4	4/4/2022 20:53	4/4/2022 20:53	I am a resident of Whitley place and I am opposed to option B. I just recently relocated to Prosper. I moved here because my family and I were trying to find a small town away from a big city and everything associated with a metropolitan area. This project will drastically increase congestion in our area, make daily commutes longer, and will bring unwanted traffic and noise to an otherwise unencumbered town. It will drastically depreciate the value of our homes, which we worked so hard in attaining. Most importantly, it will also affect the children at the nearby schools and I will not feel safe with my kids being in such close proximity to an 8 lane highway. My family moved into this community to get away from everything option B will introduce into our neighborhoods. Thank you for your time.		Jabourian	Nina

1744	bed2fff4-ffa3-44f5-80cd-4fa31d79fae4	4/4/2022 21:03	4/4/2022 21:03	1. The interchange design for Option A at the marked location represents a very serious chokepoint . (Specifically, the interchange for eastbound 380 to University Drive.) The single eastbound off-ramp shown on the ROLL 3 section of the US30_BMCD_SegA.pdf will not handle all the daily commuter traffic to large entities like Raytheon and Collin College. 2. The extreme east end of the ROLL 3 drawing does not adequately show the proposed new "cross street" linking to the existing University Drive. Nor does it adequately show how the new 2-way "cross street" will terminate in the vicinity of Forest Ridge Lane. 3. The Tucker Hill neighborhood just west of the marker will have a reduced quality of access to eastbound University and downtown McKinney. They'll be forced to travel a mile west, use a turnaround at Stonebridge Drive, then negotiate the inadequate eastbound off-ramp for University. 4. Extreme 60-foot elevation change over short-radius 90-degree turn is hazardous.	I strongly recommend option B, and am against option A. Option B is nearly \$100 million cheaper, and is less disruptive to existing businesses and homes, and flows more naturally thru the land	BAUMGARTE	HARRY						
1745	79de6705-88a3-4640-8cc3-0a5e4a5ff19d	4/4/2022 21:03	4/4/2022 21:03	Select A not B		Bishop	Heath						
1746	3f72ca97-2f25-4c34-8c3e-bee76810503b	4/4/2022 21:04	4/4/2022 21:04	Select A not B		Bishop	Logan						
1747	1b3163e0-8a8e-4925-8ec5-eefe1ff018f7	4/4/2022 21:12	4/4/2022 21:12	I support B and oppose A since it would destroy Tucker Hill by surrounding it on 2 sides. The noise and construction impact of this freeway would devalue TH and devastate our day-to-day life. 380 is our only way of entering & exiting. Added emergency vehicles response time and no timely access to Baylor are safety concerns. This freeway puts 16 lanes of traffic within a mile of Tucker Hill and creates a costly and redundant arterial. B has far less of an environmental and economic impact. The \$99 million higher price tag for A is fiscally irresponsible and just doesn't make sense. I know there are going to be people and businesses impacted. Segment B creates less impact for all in Collin County and doesn't value one business over the others and allows for safer flow of traffic and is easier to build. Most importantly, the higher price tag could stagnate or eliminate future needed projects and growth. Segment B makes the most sense to keep 380 traffic moving into the future.		Thompson	Joanne						
1748	f5a1b5f0-3844-4701-86bb-32f6150a2d37	4/4/2022 21:13	4/4/2022 21:13	In reference to Option A segment of the alignment, this options seems to be an inferior choose to option B. Based on higher cost of option A, much higher displacement of business & residential locations along 380 (and only increasing) on option A, higher impact to utilities with option A, it seems pretty clear that option B is the more viable and effective option.	Looking at this project from a larger county perspective (as opposed to individual town biases), one has to consider to facts that TxDOT has gathered and presented here. The primary point of contention is between option A or option B in the alignment. Based on the facts, option A would both cost less and impact fewer existing items (business, residential locations and utilities). Further, your study confirmed that the argument put forward by ManeGait is not valid. As a resident of Tucker Hill, I will acknowledge I do have a bias as option A will impact me. The option A alignment will have a negative impact to our community as currently our only entrance/exit would be onto a one-way road, travel west and make a U-turn to be able to go eastbound. Currently, our grade school children in the community attend school at Auburn Hills which is east on 380. This seems inefficient at best, and unsafe at worst. I will support either Gold or Brown alignments as they contain option B.	Grant	John

1749	46e3d92d-5482-44da-85d4-338fff200efc	4/4/2022 21:14	4/4/2022 21:14	WE OPPOSE THE ALTERNATIVE B routing of the 380 Expansion for the following reasons: <ul style="list-style-type: none"> The B routing destroys the feeling of community unity by dividing the easterly part of Prosper into 2 distinct areas thereby isolating parts of our community from our neighbors and city services. Residential properties in the area of Alternative B will lose the rural ambience we moved to Prosper to enjoy. Residential home values will decrease. Will TXDOT compensate owners for this loss? Alternative B will result in the loss of upscale and high value development in the eastern section of the city. This will reduce the real estate and sales tax base. These funds will be needed to keep the City an attractive place to live with its small-town atmosphere. There are noise and safety concerns with the proposed routing adjacent to residential developments. 		Formes	Cheryl and Joh						
1750	ae3225f0-6ed0-418a-8650-9905edfaccd5	4/4/2022 21:21	4/4/2022 21:21		I oppose Segment B for these reasons: ManeGait - They provide therapeutic horsemanship to children with disabilities and the 12+ lane freeway will come within 45 feet of ManeGait, forcing them to end their services. Beyond PISD, ManeGait serves students from all over the county and our veterans as well. Many volunteers at ManeGait (many of them students from our own ISD) learn acceptance of others through their volunteer work at ManeGait. Prosper planned for the expansion of 380 ON 380. Prosper required all buildings to have the proper setbacks to allow for 380 to be widened on 380. The fact that other cities were unable to plan or failed to plan for the eventual widening of 380 should not penalize Prosper. The impact to our young drivers, trying to navigate in and around a 12+ lane freeway to their school is unimaginable. I strongly OPPOSE SEGMENT B because it puts our young drivers in grave danger. The proximity to existing and "under construction" schools is a huge problem.	Boscamp	Brooke						
1751	7b23895e-45fd-4dc1-8c0a-6a7b73a0a89e	4/4/2022 21:23	4/4/2022 21:23		I oppose Segment B for these reasons: ManeGait - They provide therapeutic horsemanship to children with disabilities and the 12+ lane freeway will come within 45 feet of ManeGait, forcing them to end their services. Beyond PISD, ManeGait serves students from all over the county and our veterans as well. Many volunteers at ManeGait (many of them students from our own ISD) learn acceptance of others through their volunteer work at ManeGait. Prosper planned for the expansion of 380 ON 380. Prosper required all buildings to have the proper setbacks to allow for 380 to be widened on 380. The fact that other cities were unable to plan or failed to plan for the eventual widening of 380 should not penalize Prosper. The impact to our young drivers, trying to navigate in and around a 12+ lane freeway to their school is unimaginable. I strongly OPPOSE SEGMENT B because it puts our young drivers in grave danger. The proximity to existing and "under construction" schools is a huge problem.	Boscamp	Bryan						
1752	6a943c9f-b84c-4785-8e01-62b57931e7e7	4/4/2022 21:34	4/4/2022 21:34	I am adamantly opposed to Option B. This route will cut through the eastern portion of Prosper, displacing 55+aged residents, putting young drivers in danger, and devastating ManeGait and their ability to provide services to the special needs community and veterans. Option A is the only route that makes sense. Prosper has worked to plan accordingly for 380 to be widened on 380. The Town of Prosper should not be punished because McKinney did not plan well.		Ray	Gwendolyn						
1753	3d56d800-a425-48b7-870a-ba5cf73b2d1f	4/4/2022 21:40	4/4/2022 21:40	I very much disagree with the 380 segment B proposal. It is taking advantage of our small community by cutting our town off from revenue, lowering our home values, and splitting our small town into sections. I say NO to 380 bypass. You need to get creative and find other ways to ease traffic or infrastructure. This is NOT the solution. Maybe take care of the current roads and the problems will be better. Or think outside the box, but chopping up a already small town or clearing off such a huge expansion will only hurt our town and the people who live here. Sincerely, Melody Nelson Resident of prosper		Nelson	Melody						
1754	4b53ed4f-bc49-43b8-85fd-2628dc9fe9a7	4/4/2022 21:40	4/4/2022 21:40	I am opposed to the alignment through Prosper. The B alignment. This alignment will drastically effect ManeGait, our schools, our roads and also our home values and business tax dollars. It will create more noise and pollution and destroy the small town feel we moved to Prosper for. Prosper should not be forced to have this thrust upon them simply because McKinney did not do a better job of planning when building along 380. They knew this road would need to be expanded and apparently the tax dollars were more important. Now they think they should be able to just move the bypass to Prosper. I hope that TXDOT can look at the big picture as well as what's best for the citizens of Prosper.		Fusco	Linda						
1755	2c35655f-012d-459b-89fe-a189bd8ed4aa	4/4/2022 21:43	4/4/2022 21:43	I strongly disagree with Plan A for 380. Plan B is better for my Tucker Hill neighborhood. I support plan B because it would be less expensive and less homes, families and business would be affected. I worry about the construction on 380 if A is selected. Currently we only have 2 ways to enter or exit our neighborhood. If construction takes place on 380 in front of Tucker Hill we would not have adequate access to Baylor, shopping or numerous businesses. If A is selected Tucker Hill will be surrounded on 3 sides by a major freeway. Plan A would definitely have an environmental effect on my neighborhood. I built my home and moved into TH in June 2017. No one told me about plans for 380. This is my forever home. My husband and I are retired and I do not want to move. Option B would only effect 1.4 miles in Prosper. It's been proven that the bypass would not have a significant effect on the quality of life for Mane Gait or Prosper.		Campbell	Debra

As a parent of 5 children at Founders Classical Academy, I would like to see the project appropriately accommodate the school whether it be noise barriers, fences, colorful walls- something to help ensure the safety of the children as the play ground is so near route B. Perhaps the school and TX DOT need to pay to relocate the playground. Thank you for all of your efforts.		Coe	Lauren

1760	78df83de-68d6-4f2b-81f8-252337fda1bd	4/4/2022 21:58	4/4/2022 21:58	I strongly opposed Segment B. Please do not move 380 into Southeast Prosper. Please keep 380 where it is and if expansion is needed add more lanes to already existing location. Prosper does not deserve to have a HWY running through it, we are too small and do not deserve to account for the City of McKinney's poor planning. I drive 380 on the southern border of prosper and see plenty of expansion opportunities there by adding lanes, however when I drive east Stonebridge into McKinney near Lake Forest, I see new business and older businesses built almost to the street. The lack of planning is evident. Running and expanding this 380 as Segment A and B are shown above does not help and takes away from what makes these areas so special to live. Please consider this and do not move 380		Willis	Chris						
1761	d7b12293-e9a3-4d2b-88ca-f68d9f191c1c	4/4/2022 22:07	4/4/2022 22:07	Citizens of Prosper vehemently oppose Segment B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. McKinney is the 2nd largest suburb in DFW with a larger land mass/population than Prosper. Putting a bypass through smaller Prosper to solve McKinney's lack of future growth planning is NOT the solution. Segment B would put a 12 lane hwy within 45ft of ManeGait's facility seriously impacting the vulnerable populations it serves; grossly affect 3 Prosper ISD&1 Charter School resulting in MAJOR safety and environmental concerns; demolish the Ladera Community & portions of 3 others resulting in millions of lost tax dollar revenue & require a massive utility relocation for Prosper. Prosper has the space to expand along 380 to McKinney. Prosper citizens DO NOT WANT OR NEED OPTION B. If McKinney needs a bypass for 380, the bypass should be located in McKinney town limits - OPTION A IS THE ONLY WAY!	Citizens of Prosper vehemently oppose Segment B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. 1765	fa61ecab-089a-4e4c-8a77-c0d1bea13e58	4/4/2022 22:28	4/4/2022 22:28	I support Segment B over the Segment A option. Segment A would have less impact on reducing the traffic burden on a longer stretch of 380 by dumping traffic back onto 380 at an earlier junction. Even with a widened 380 there would still be more traffic back on 380 in an already developed area. Segment A, by TxDOT's analysis, impacts far more existing neighborhoods, residents, and businesses. These are real, existing, invested citizens and businesses, not future state "someday" entities. Segment A, by TxDOT's analysis, impacts more natural areas than Segment B in area where that is in increasingly short supply. And lastly, but very importantly, Segment A is significantly more costly (at least \$100M by TxDOT current estimates) and that is in 2022 terms. Segment A is more negatively impactful not only to the nearby residents, but to the natural environment and citizens of Texas who are not nearby residents, but would have to carry the burden of the higher cost.		Harris	Mark

We moved to Prosper 4 years ago with the idea of retiring here based on the small town feel, the love we have for the location of our neighborhood, & the growing property values that will help us during our later years of retirement. Segment B of the Proposed Plan would change all of that. The negative impact to the environment that this 12 lane highway would bring, and its long-term affects can't be measured. Navigating this highway to get to the 3 schools & retail in its path would greatly affect the wonderful place Prosper is to raise a family & end up decreasing property values. Decreased property values affect the tax base, which affects what schools can offer, which affects the # of families moving to Prosper. The end to Mane Gait & the 150 people receiving equine therapy weekly would be tragic. Prosper planned. Please keep 380 on 380. Thank you!		Oenbrink	Michelle

1787	a2a816bb-197a-4ef0-8e3e-2941bd28e15a	4/5/2022 0:30	4/5/2022 0:30	As a resident of McKinney and specifically Tucker Hill for the last 8 years I strongly support Segment B and oppose Segment A. I personally have worked with our neighborhood, Stonebridge and others to get B on the table from the beginning and it was and still is the best option. 99 million less expensive as well as less impactful to McKinney residents who live adjacent 380. The years of construction if A is chosen will cripple the section of 380 between Stonebridge and Ridge .. causing extreme back ups, noise and air quality issues as well as other safety concerns. Specifically bus service for our children to get to school, emergency services and teenagers driving to school will be forced to use the one exit and entrance into Tucker Hill is an enormous safety hazard. If A is selected we will need to work closely with TXDOT on a solution for our entrance.	Now that it has been determined that ManeGait can function and still serve the communities that donated and helped build the facility there is no impediment to choosing the B alignment, future development does not trump existing homes and businesses and loud propaganda should not sway TXDOT or force you to make a 99 million tax payer mistake.	Carmichael	Kim						
1788	a4e47f84-9888-47ef-83c3-661681fa1a9a	4/5/2022 0:32	4/5/2022 0:32	I support Project 380 Segment B bypass route. The "pros" on this option (as well as the "cons" on the other option) make this a slam-dunk decision. I don't see a need to reiterate those pros; you know them. Please make it happen.		Yon	Mary						
1789	4b76c058-f6ed-4174-899d-ee35255d3b97	4/5/2022 0:35	4/5/2022 0:35	I strongly oppose route B. Route B would be devastating to the small town of Prosper. ManeGate provides a valuable, irreplaceable service to children and adults with disabilities. Option B would reduce air quality and bring excessive pollution and noise negatively impacting the services that ManeGate provides to the minority community of disabled children and adults (protected by the ADA). Walnut Grove High, Founder Academy, and Cockrell Elem students would be exposed to the risk of the negative environmental impacts of Option B. Option B would run through the only Senior citizen's housing complex in Prosper discriminating against the elderly and resulting in \$1.4M loss in taxes to Prosper ISD. Prosper adequately planned for the expansion of 380 within city boundaries and should not be penalized by McKinney's failure to properly plan. I respectfully request that you put a stop to option B and McKinney's bullying of the town of Prosper, children with disabilities, and senior citizens.		Mazza	Samantha

1791	73aeb213-d4a1-40aa-824a-00c357ad09f2	4/5/2022 0:36	4/5/2022 0:36	I have lived in the Tucker Hill neighborhood for over 7 years and I strongly SUPPORT the Project 380 Segment - B bypass alignment option for many reasons. Option B is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. Safety is a big concern. Getting in and out of the neighborhood with one exit would be extremely dangerous not to mention emergency services would be delayed in responding. Option B is also much more cost effective for our taxpayer dollars. Option B the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. This is a no brainer in my eyes! TXDOT should make the only obvious choice and select the Segment-B option!	I would be an embarrassment for TXDOT to allow a millionaire family to continue to hide behind ManeGate and use false/exaggerated propaganda to sway public opinion to get what they want when the truth is the horsemanship therapy is mainly done inside the barn. A barn in which the city of McKinney paid for with several hundreds of thousands of dollars from taxpayers. The city of McKinney offered to do a land swap with ManeGate so they could relocate during construction, but ManeGate refused! Please do the right and logical thing by choosing the Segment-B option! Thank you for your time.	Carmichael	David						
1792	489b65ed-d9f2-4f08-8145-311c82f70613	4/5/2022 0:41	4/5/2022 0:41	I strongly oppose Segment B. I am a resident of Prosper and moved here from Frisco specifically because I wanted a small town feel. US 380 is one border of the town, and it doesn't detract from the town's charm since it doesn't dissect it. Running a major highway through our small town will destroy the quaintness of Prosper. I'm baffled why chopping up tiny developed Prosper is even being discussed with large tracts of open land available in our neighboring city McKinney. Mane Gait benefits some of our most vulnerable, and it's mission will be nearly impossible to accomplish with a busy, noisy thoroughfare running adjacent to its property. Our neighbors in Whitley Place will likely find their property values plummet as a result of this expansion. Such a shame for folks to invest their hard earned money into a concept that can be irreparably damaged because TXDOT decides to construct a freeway in their backyard. As I stated, I strongly oppose Segment B, and I thank you for your time.		Molony	Ashley						
1793	cf61c74c-f816-4c6c-845a-42a6b0251058	4/5/2022 0:42	4/5/2022 0:42	I have comment regarding area E. Our newly built house located on Sequoia Street/McKinney and interactive map does not even show those streets, it shows like empty space. Whoever created this map deceive public. Now we have quiet area, but with ANY proposal freeway will be right next to our houses. It will be huge noise, air pollution and values of all houses in our area will go down. This absolutely terrible idea and any proposal will not work with our area!!!		Kagarlitskiy	Boris						
1794	09eb9050-a782-4cb2-87e1-ff73a5e03e2b	4/5/2022 0:46	4/5/2022 0:46	As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 Segment B Bypass alignment option. This option is the least disruptive to business with no displacements, minimal impact on existing homes and families living in the neighborhoods along and adjacent to the US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment A alignment. I also strongly oppose Segment A. It should not be considered for the following reasons: • It destroys and removes 17 small business West of the 380 and Custer intersection on the North side. • The cost of Segment A is \$99 million more than Segment B • It will create and overpass on 380 over Stonebridge and Custer Road • It will also cause the installation of water pipes (ducts) over 380	Segment B is the best option to improve traffic flow in our corridor while also preserving the exonymic business and residential vibrancy of our community. • It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Dt, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods. • 380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today.	Flesher	Matt						
1795	be5dc335-d2c0-4f91-87ef-39bdad73b0f8	4/5/2022 0:47	4/5/2022 0:47	I am opposing Project B! This would divide our yamazing town of Prosper, and create more traffic, be extremely too close to our schools.	I am opposing Project B! 1798	edca8381-5033-41a3-84d1-3472074f33a7	4/5/2022 0:56	4/5/2022 0:56	As a resident of Tucker Hill in McKinney, I am strongly in support of option B. Option A interferes with emergency vehicle access to our neighborhood. It adds noise pollution and air pollution because the highway will border the neighborhood on two sides (not just one). This increase will happen long term but even more so during the short term construction phase. Option A increases driving risk, especially in bad weather. It also impacts the safety of local schools. Because it's a longer route than option B, it contributes more pollution to the area overall. I also favor option B strongly over A because option B causes less disruption to residential areas as well as businesses. The significantly higher cost of option A (nearly \$100 million) is yet another reason for A to be rejected. I say YES to option B and NO to option A.		Johnson	Stephanie						
1799	78cba47c-78d8-47e7-82d2-fe45858c67bf	4/5/2022 0:57	4/5/2022 0:57	This will greatly impact this community. I do not approve this going through prosper		Reynolds	J						
1800	faf2fc7e-b960-4175-8d9f-6f1053922a19	4/5/2022 0:58	4/5/2022 0:58		Coming out of Tucker Hill if you want to go east on 380- Option A requires a UTurn at Custer and then go east. Coming into Tucker Hill from the west - Option A requires a UTurn around Ridge and then head west into Tucker Hill. Emergency & commercial vehicles are at a great risk as well as the school busses, packed with kids, making these UTurns in the dark morning hours. This scenario is unimaginable.	Yonts	Sarah

In fact, the Town of Prosper has passed six Town Council approved Resolutions strongly opposing any proposed alignment for the widening of US 380 not located along the existing US 380 corridor. Additionally, Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits. As a parent and longtime homeowner, we are also very concerned that Segment B is in close proximity to existing and future schools including high schools impacting thousands of students. BOTTOM LINE: PLEASE KEEP 380 ON 380! Thank you for your consideration.		Strobush	Christine

1812	0deae447-ffbb-48a9-854d-bb47406fad6a	4/5/2022 1:25	4/5/2022 1:25	Good Evening I am a resident of Willow Wood in McKinney. After years of waiting for this land to become available and then postponed with COVID we have finally moved in. We are on the far Southeast side backing up to green space. We along with many other residents in this community have paid a hefty price for these lots, the seclusion and the advantage of the elementary school. It is disheartening to think my backyard is going to become a freeway, overpass, bridge or frontage road not to mention the constant noise imposed upon our neighborhood. We have worked hard to move into this community for our family and I hate to see it ruined and my property value tanking and nowhere else to go! I see both C and D on the map. If this construction could be done as far south as possible using only D it would be much appreciated. I don't see the need for both C and D anyway. It would still be heartbreaking but I believe it would have less of a negative impact. Thank You		Jones	Sarah						
1813	bc87a939-5e54-41af-8597-85327f943d67	4/5/2022 1:27	4/5/2022 1:27	Option B is by far the WORST option. There is very little land available and it would go right through or by many residential neighborhoods. McKinney didn't plan properly, it should go through McKinney. Option E or D seem more appropriate.		D	K						
1814	cefa52ff-4a12-44ea-8dad-a8b2b2b9424a	4/5/2022 1:35	4/5/2022 1:35	I strongly oppose Segment A. The Tucker Hill neighborhood will no longer have access to turn east on 380. A u-turn will be required from somewhere in the westbound direction in order to travel east. Emergency vehicles will have limited access to the neighborhood if the eastbound turn option is eliminated. The cost of Segment A is \$99 million more than Segment B. Segment A will create an overpass o 380 over Stonebridge Drive and Custer Road. Segment A will decrease traffic safety and increase traffic in Stonebridge neighborhood streets arterial to 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. Segment A will cause a large interchange to be constructed at the intersection of Segment A and 380, which is directly above Kensington Village, potentially depressing home values in that area.		Contreras	Jessica						
1815	c7cd8897-11e0-4393-86ea-ef7cbb7f4dfa	4/5/2022 1:36	4/5/2022 1:36	We disagree with plan B as it would greatly affect our kids who will be attending the new HS. Light, noise, and trash pollution are going to be a great concern for this entire area, all so a few people can get to 75 faster? This should be up towards Celina, not prosper and McKinney who are well established with homes and schools		Dickey	Brian J						
1816	2ec53b48-26d6-4a77-85a7-e07c31a2750c	4/5/2022 1:42	4/5/2022 1:42	I think highway going through very close to the willow wood community that which disturb personal life style by polluting air & and it will make lots of sound. Daily living life will be impacted. Definitely not a peaceful life. Please find out a solution little far from communities s. That way feature extensions will have some room to improve. Moreover it looks like the proposed roadmap is just a temporary problem solving by avoiding few junction in 380. I am opposing this proposal. Thank You.		Cherukuri	Vinod Kumar						
1817	1f899890-766a-439b-8d9f-7b212575b2de	4/5/2022 1:45	4/5/2022 1:45	Segment A I am concerned about the ability to travel east without without first traveling west out of Tucker Hill. I am concerned about the ability to commute to work during construction, for what may be years. I am concerned about the extra distance for young children to travel to Reaves Elementary, without a direct turn east out of Tucker Hill. I am concerned about the lack of "speed-up" lane leaving Tucker Hill and increased accidents. We also have along the highest taxes, which I understand may be impacted by the excessive cost versus segment B. Please exclude segment A as an option. Thanks for the consideration:		Hanson	Jessica

1823	3f2b7d49-63ea-42f7-8970-9e39d9992f73	4/5/2022 2:07	4/5/2022 2:07	I moved to Prosper from Little Elm in 2015 because there was a well-thought out thoroughfare and land use plan, to enable controlled growth into the future. Segment B is in conflict with the Town's thoroughfare plan, would negatively impact Prosper and its current and planned future developments. Not only would the Town of Prosper be negatively impacted, but our neighbors in McKinney as well! ManeGait is an amazing asset to Collin County and deserves to continue operations and special events, serving vulnerable and protected populations, without the threats that a 12+ lane highway brings. The Town of Prosper deserves the same.	The most recent materials I have seen for segment B alternative, equating it to highway 75, would be even more devastating to the Town of Prosper and our McKinney neighbors than I even fathomed in Aug 2021!! I support the Town of Prosper and the opposition for Segment B and all related alternatives. The negative impacts of segment B are plentiful - threatens the safety of citizens and students; increased traffic and noise; related environmental impacts including degraded air quality from increased emissions; negative impact on home values, including those of our neighbors in McKinney; negative impact on the already planned-limited tax revenue available to the Town of Prosper; negative impact on non-profit ManeGait's ability to continue serving their customers without significant disruptions; and a general decrease to desirability of a fast growing town.	Imes	Sara						
1824	33f50429-fe10-4ccc-834c-85ee4c709a96	4/5/2022 2:09	4/5/2022 2:09	If it must be built then we would strongly prefer option D to minimize the impact on the Willow Wood neighborhood.	The bypass seems completely unnecessary since we already have 121, existing 380, and the Collin County Outer Loop being expanded as well. 8 lanes with service roads is grossly oversized with the number of alternate routes in close proximity. If the project isn't completely canned then at a minimum it needs to be drastically scaled down or put this money and effort into even further expanding the Outer Loop instead of adding ANOTHER highway.	Travis	Stacy						
1825	9c7d0205-a238-469e-8125-1fcd4dd7a39	4/5/2022 2:12	4/5/2022 2:12	I strongly oppose Segment B through Prosper.		Beavers	Teri

The traffic will be too congested in addition to the new Prosper high schools as well.		Doty	R						
1827	1c1674af-5478-4512-825a-6754cf3baaf2	4/5/2022 2:24	4/5/2022 2:24	After reviewing the full segment analysis matrix, it seems obvious the the clear choice between segments A and B, is B. The matrix states that Segment B is more cost effective (easier on the taxpayer), displaces less businesses/households, results in faster commute times and has a lesser effect on the natural environment. I am hopeful that TXDOT will do the right thing by all taxpayers and the overall community.	I understand that people directly effected will have strong opinions to push for the segment they do not like but please remember that TXDOT has a responsibility to all taxpayers to do what is best for all and what is best for the natural environment. The Full Segment Analysis Matrix seems to clearly identify which options those are.	Kehoe	James

1832	c21f2939-0801-4bec-8636-7aa4a77a9b9b	4/5/2022 2:37	4/5/2022 2:37	Hello, thank you for taking the time to read my response. Allowing the 380 bypass to cut through Prosper would directly affect many homes, schools currently build and those planned by Prosper ISD, as well as MaineGait which is such a valuable resource for so many with and without disabilities. Please do not this bypass to pass, we in Prosper and Proaper ISD (which bleeds into McKinney) do not want this bypass so close to our community. Please also consider that Prosper is much smaller than McKinney's but our love for our city is so great. Prosper has done an amazing job with widening 380 in our area, why are we be punished for McKinney's poor planning. A is the better path for this bypass or even up further North were the putter loop is already in the works and perfect for a cut through from 75 to The North toll road. Prosper cares about our health, our children in our schools, our homes, and our future growth. We vote No to a bypass in Prosper.		Robin	Ashley						
1833	af4b746b-9d77-46ec-84a1-61580ea602c1	4/5/2022 2:41	4/5/2022 2:41	I oppose section B based on the implications this will have on prospers growing economy. The increase health issues, tax implications and safety concerns for our town cannot be ignored. Much of the traffic on 380 can be decreased by putting an easy/west highway further north of prosper to accommodate the growing populations in Anna and Melissa that need to travel back and forth from Denton. Section B will significantly disrupt the current plans to the prosper housing developments and business locations and will not fix the issue at hand. I am strongly against section B and urge that further planning go into the design of better long term solutions through areas that are not yet developed.		Keckeisen	Kayla						
1834	88a183dc-8d54-42e6-811c-4d95e7011ffc	4/5/2022 2:47	4/5/2022 2:47	Prosper has a small town feel that we love. We don't want to ruin it by putting a road through Prosper, Route B. We love our town. We are not a city, but a small town. Thank you!		Harbus	Trisha						
1835	be93b28e-7856-444b-81b1-cc92df134169	4/5/2022 2:53	4/5/2022 2:53	I am writing this letter to register my STRONG opposition to TXDOT proposal for the Segment B expansion of US 380 for following concerns 1.Affects multiple existing and planned RESIDENTIAL areas causing air and noise pollution directly impacting quality of life.The loss of tax revenue will affect the schools and infrastructure that is badly needed to accommodate Prosper's growth. 2. Substantial safety hazard to students of Proper ISD 3. Massive utility relocations 4. Loss of ManeGait, a respected community resource with hundreds of volunteers providing physical and mental therapy to 100's of disabled children and veterans each week. It is vital to keep 380 ON 380. It is already a commercial zone and NOT a residential zone. There are NO SCHOOLS on 380. Impacts to commercial buildings on 380 only affect those buildings during business hours.They do not affect residential space, students, schools, and disabled children and veterans! KEEP 380 ON 380		DeSilva	Anita						
1836	335ad1da-fbdc-4664-8327-b6ba95fc2c8	4/5/2022 2:56	4/5/2022 2:56	This highway cannot cut through this area. It is a detriment to Mane Gait, Founder's Academy, Cockrell Elementary, Walnut Grove High School and many other organizations and residences. It's horrific that this is still a topic of conversation. It will affect many aspects of quality of life for tens of thousands of people when the alternative through McKinney affects virtually no one.		Y	B						
1837	289c7740-3280-4e20-8ecb-2ab218e871ce	4/5/2022 2:59	4/5/2022 2:59	I strongly object to alignment B. I this will fundamentally change an entire section of town and drastically reduce my property value. The quality of life would be altered significantly. Crime, litter, noise, and unsightly concrete would disrupt a small town. This highway would change everything for the worse and destroy the sense of community and pride in prosper. I would want to be buried in a cemetery planned on Custer Road, but not with a highway over it!! Keep 380 on 380 and don't destroy lives and a town!		Lewis	Harrison						_am_a_resident_,I_am_a_business_owner_
1838	b9387787-8004-4476-81c1-ae324bc809e9	4/5/2022 3:00	4/5/2022 3:00	Segment B has a detrimental effect on one of our areas most treasured venues, ManeGait Therapeutic Horsemanship. The therapy this nonprofit provides is beyond its physical borders. Additionally, Segment B would run direct interference with my boys new high school planned (and broken ground this year) on 1st st. KEEP 380 on 380!!		Murchison	Ginger						
1839	66ee457e-b34c-46c8-815d-199c50929357	4/5/2022 3:03	4/5/2022 3:03		I am opposed to this project.	H	R						
1840	24ff5e61-c9ae-41b7-8a9e-cbbaafc8389	4/5/2022 3:04	4/5/2022 3:04	Absolutely a no vote on option B. This will negatively impact the residents and school system of Prosper.		Pape	Kelan						
1841	e3ca364b-7a58-459a-8bf2-2e468bcfe493	4/5/2022 3:05	4/5/2022 3:05	We absolutely do not want option B. Our town is already small. It's too small to have a huge thoroughfare. This will negatively impact our community to a great degree. Could you do a double deck on top of 380 with only one exit for each town letting people that want to go east and west bypass. Do not do option B.		Pape	Julia						
1842	9967ded5-de49-48b2-867b-7dd8903c5d37	4/5/2022 3:11	4/5/2022 3:11	I strongly oppose Route B. Please help us to maintain the small town community feel on the east side of Prosper. Route B would affect schools, a small community cemetery, residential neighborhoods, and Mane Gait which offers therapeutic horsemanship for children and adults with disabilities. Thank you! It's important to maintain our small town qualities.		Pham	Virginia						
1843	0cc988a0-dfda-483b-8296-98ece482611d	4/5/2022 3:13	4/5/2022 3:13	My husband and I are extremely opposed to Plan B for the 380 bypass. We have lived in far more congested parts of the US that did not require an 8 lane highway to reroute traffic. I feel there has been no explanation of where the traffic comes from and where they are going to that would indicate Plan B will actually minimize the congestion. This plan seems to displace a lot of people from their homes, routes the bypass very close to schools and just flat out ruins what is supposed to be a semi-rural suburban town in which many people chose to live and raise families in to avoid the very thing TxDot is proposing. Please consider eliminating the Plan B option.		Helfrich	N

1844	f9894b42-2791-4bec-8e07-894bb3bd7f0a	4/5/2022 3:15	4/5/2022 3:15	<p>I am writing this letter to register my STRONG opposition to TXDOT proposal for the Segment B expansion of US 380 for following concerns</p> <ol style="list-style-type: none"> 1.The original planning assumptions and analytics are DATED! 2. The proposed plan does not take into account the present and planned developments that are currently underway that would be impacted by Segment B. 3. Negative economic and safety impact on Children's services. (Charter School on East 1st street. 4.Loss of significant revenue to Prosper from planned and existing residential and commercial real estate developments. 5. Negative impact on planned and existing Senior Services. 6. Negative impact on Special needs services for children and adults. <p>Parenthetically, the plan as presented is significantly deficient in proper economic and planning assumptions with underlying present day analytics.</p>		DeSilva	Joseph						
1845	4e4dc59b-3256-49f4-8861-287f768ebeb55	4/5/2022 3:17	4/5/2022 3:17	<p>Support for Segment B</p> <p>We moved to Tucker Hill in April 2014 to be close to our kids and grandkids. We fell in love with McKinney and Tucker Hill. We chose Tucker Hill because of its uniqueness and its location, with one of our primary requirements being close to medical facilities/hospital. I am very concerned about our (and emergency services) access into and out of our neighborhood if "A" is chosen and construction begins on 380 right next to us. Hwy 380 is our only way into and out of Tucker Hill, and I've heard construction can last as long as 3 years. There will be senior citizens, school buses, teenage drivers, neighbors, etc having to maneuver around that everyday.</p> <p>Safety is my biggest concern, but other things I've considered in support of Segment B is the lower cost, less noise and air quality concerns for existing neighborhoods, and no business displacements.</p> <p>Thank you for listening to us as we express our thoughts and concerns.</p> <p>Barbara Sano Tucker Hill, McKinney</p>		Sano	Barbara

I do not want my money going to destroying businesses, homes and making 380 more of a mess. Vote yes on Route B please Thank you		MIELKE	AMY						
1856	3fbb9eb0-2091-421e-877d-1ab07cb89c36	4/5/2022 6:08	4/5/2022 6:08	I live near 380 near the intersection of Hardin/Wilmeth. The 380 project is likely going to impact our neighborhood regardless of which route is chosen because of our location. However, I also recognize that it is necessary with the continued growth in our area. The traffic on this road often exceeds its capabilities, and it is becoming increasingly hazardous. The traffic problems on 380 are also increasing traffic on sides roads and through neighborhoods as people look for alternate routes. I believe that option A would only further add to an already bad and dangerous situation on 380. This is especially concerning with the high school nearby and so many teen drivers in the area. While option B would land a major highway in our "backyard", it would certainly be the safest and least disruptive option for drivers, our community, and for the nearby neighborhoods.		J							
1857	e917c607-45a5-4a7a-8802-b8cf449ade12	4/5/2022 9:30	4/5/2022 9:30	Plan B directly impacts our town: The Lasadera Community would be in jeopardy and probably cancelled. The loss of tax revenue substantial The Mane Gait Therapeutic Program would lose the serenity and peaceful location that provides therapy to children and adults with disabilities The Founders Academy The new Lighthouse Church would likely be abandoned. The small cemetery expansion along the west side of Custer The Malabar Hill subdivision on the south end of East First Street The Walnut Grove HS on the south side of East First Street Cockrell Elementary, Rogers Middle Schools Overall environmental impact of increased emission, noise pollution and poor air quality Decreased property values in the surrounding area And of course, the lost tax revenue to a town that depends on that for its future All these affect the town of Prosper to endure the noise pollution, loss of property values (and certain future lawsuits), environmental and ecological impact that are just unnecessary.	In our opinion, the only options available should be: Keep 380 on 380 (it works why change it) If traffic gets a bit busy during the work day thru McKinney, well they should have thought about some of those issues before they built all those residential neighborhoods, etc.; or Stick with Plan A to build the by-pass east of Tucker Hill We understand that you have an extremely difficult job. We respectfully request that you not make a decision that would seriously and adversely effect our small town of Prosper forever. Please don't let Goliath win by pushing their issue to the little town of Prosper to the detriment of its 30k residents. Please hear our small voices and look for some other option (1 or 2 above) that would be a more fair and better alternative than Plan B.	Reynolds	Susan						
1858	714d4b14-13b9-4389-8889-61f4606d5dd6	4/5/2022 10:18	4/5/2022 10:18	Please go with route B!		Syas	Cristina

Thangavelu	Arutselvan						
1860	811da97b-474e-474e-8ab9-483d6a71cca8	4/5/2022 11:57	4/5/2022 11:57	I am STRONGLY opposed to Option A for the following reasons: Option A total cost is about \$100M higher than Option B. Option A would cause increased traffic on Stonebridge Ranch Drive and Ridge Road near two elementary schools!		Hisle	Rachel						
1861	86ddaacd-a319-4439-8189-843969b87b60	4/5/2022 12:01	4/5/2022 12:01	Route A is the preferred route as it has the shorter trajectory back to the existing 380 roadway, thereby impacting fewer establishments/communities. This is significant because people who chose to build/buy property very near to the existing 380 would have paid a market value that already reflected the nearness to a major roadway. Option B disrupts a much larger geographical area, including fronting two schools, Manegate, and disrupts Whitley Place. The people who purchased homes in Whitley Place paid a premium for a quiet community removed from the road noise that will accompany the highway and will be negatively impacted financially and in terms of quality of life, and the 55+ community starting to develop between Founders School and the existing 380 will be destroyed. In addition, Prosper is a very small town geographically, and this many homes having a value impact will not only change the "feel" of this town but will also lower the tax revenue long term.		Tish Ashley

I live and the corner of Stonebridge Dr and 380 in Stonebridge Ranch Lacima neighborhood. My concern is about the road noise if you elevate 380 from Stonebridge to Custer, it will increase dramatically. I highly encourage you to select option B. Option A, will destroy 17 businesses, most of which just got started. Option A, will cost the tax payer almost 100 million dollars more than Option B. Option B impacts fewer homes. Just those 3 issues alone should be enough to select option B. Thanks for your consideration.		Cromwell	Oliver						
1866	6a62d0f4-ad3b-45fd-8a5d-176a6cbdef53	4/5/2022 12:55	4/5/2022 12:55	The entire plan for option B is an extremely poor idea that is only being considered due to poor planning and will be detrimental to the Town of Prosper.		Shepherd	Lauren						
1867	60dba1df-2940-40f2-8d5a-89652e20ba3d	4/5/2022 13:01	4/5/2022 13:01	I am opposed to the Segment B section coming thru Prosper for multiple reasons. The first is Prosper has made it clear that this segment will have negative impacts on commercial growth and residential growth in Prosper. Prosper is much smaller than McKinney and can't handle this hit to its tax base. Also you have all the schools along this new route. This will have a negative impact on those schools and mostly the children that attend and not to mention drive to those schools with a bypass and intersection like this at Custer. Also ManeGait would be lost that serves children and adults with disabilities and veterans. All of these groups need these types of services. It would be doing a great disservice to the vulnerable population of people who would lose these services all for a road. And in prior meetings even TXDOT said they can't go thru ManeGait due to the population of people they serve.		Nordman	Nicholas						
1868	1e8e25dc-7675-4e36-8ade-b6bd96ed27f9	4/5/2022 13:07	4/5/2022 13:07	As a homeowner and citizen of McKinney, TX, I strongly support the project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. I live in Wren Creek which runs along US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.		Jordan	Major T.

1872	b2f7cbee-9fc9-4075-854c-187b2e7771d0	4/5/2022 13:29	4/5/2022 13:29	Opposition to Plan B - SR 380 bypass. First, I am appalled that Plan B of the SR 380 bypass cutting directly through the town of Prosper is being considered. My family moved to Prosper to enjoy the small town, suburban lifestyle and never expected to have a major freeway cut our town in half. The impact on neighborhoods, businesses (including the equine therapy center that serves veterans and persons with disabilities) is, in my opinion, far too great of a cost, will destroy the look and feel of the city of Prosper and severely impact businesses and neighborhoods along the proposed Plan B path. I can only hope those who read this message consider the negative impact Plan B will have on the city of Prosper and choose an alternate route (Plan A) that will serve the purpose of relieving traffic congestion on the current SR 380 and at the same time significantly reduce the impact on the town of Prosper and its 40+ thousand residents. Thank you		Mitchell	Patrick

1883	af145c9b-8d2b-4b3e-8e73-ba18b2460a22	4/5/2022 14:12	4/5/2022 14:12	The proposed segment B will have substantial negative impact to the small town of Prosper and Prosper ISD who all depend on property tax for funding. Segment B would take away a large amount of land that has planned communities from the tax rolls of Prosper. The proposed segment will also negatively impact three schools, a therapeutic horse ranch that provides much needed therapy for special needs individuals, and existing subdivisions due to the noise and air pollution that will occur with such a large highway. Segment A is in a flood plan and will have less environmental and monetary impact to the large city of McKinney, so if the expansion needs to be moved away from the existing highway, which is not necessary, then Segment A should be selected since a large part of it is a flood plan and will never be developed.	380 should be kept along 380 to lessen the negative impact to those on the north side of the highway. The lack of planning on the part of McKinney should not be passed on to the citizens of Prosper. This is completely politically motivated by the self interest of Keith Seif, due to him owning a house in Tucker Hill near the proposed segment A. I am completely opposed to TxDOT creating a bypass that will cause a huge negative impact on the citizens of Prosper, the town of Prosper, the school children and the disabled citizens. Keep 380 where it is and don't allow McKinney's lack of planning or the career politicians to bully the smaller towns that have solidly planned for growth and expansion within their entity.	McDonald	Courtney

Prosper has tried to develop 380 in a way that promotes traffic flow, as seen by the 380 and Preston road interchange. McKinney has not and I don't believe Prosper should have to bear the burden of the construction along planned route B to alleviate traffic flow from or through McKinney when Route A through McKinney is a perfectly viable option.		Shepard	Nicholas						
1887	4a56eeb5-5f28-4b61-813b-fc714a48531d	4/5/2022 14:23	4/5/2022 14:23	As residents of Prosper, my family and I strong opposed the Segment B option for 380. We want to see 380 remain on 380 in Prosper for the reasons well outlined by our Town of Prosper leadership attached. Prosper has well-developed future plans for our community and should not be penalized because McKinney did not prepare as well. We want to keep our bedroom community in tact, keep our property values increasing, and keep our tax revenue for schools from decreasing not to mention the planned communities like 55+ Laderra that create revenue for schools but do not draw as an expense on schools.		Mays	Richard

There is NO reason to effect these Prosper neighbors with traffic that should remain on 380! This has been discussed and litigated previously and Option B was defeated! Stop the madness and keep 380 on 380!!!		Lillard	Linda						
1892	4160ae1b-2362-4b4f-8cd1-ed5d26153593	4/5/2022 14:47	4/5/2022 14:47	I, along with the majority of my neighbors, are strongly opposed 380 Expansion plan B. PLN 1. Disruption to the natural environment People don't live or visit this area to hear ORVs all day and into the night2. Displacement of wildlife We see all sorts of transient wildlife with any new logging operation as their habitat is attacked 3. Noise pollution This would destroy the very nature of this peaceful area 5 schools within walking distance of the Highway pose negative impacts to children's health.		Dismuke	Marcus						
1893	bb56e991-24de-4c01-8384-00f81c118bb6	4/5/2022 14:48	4/5/2022 14:48		Segment B and C are the only options that make sense for the sustainable growth of north Dallas. People objecting in Prosper or other areas are acting out of pure selfishness to not participate in the strategic growth plan. As an engineer it's apparent what the negative outcomes will be in congestion, travel time, and overall efficiency if submitting to the vocal few who would rather just shift problems to others. Some people just lack critical thinking and only care about their personal bubble, don't give in, just do what is right. Thanks for all your efforts.	A	Libin

1894	5c1b1496-0a78-4999-8159-3ecee0ba59b7	4/5/2022 14:52	4/5/2022 14:52	I am against the construction of Segment A and I am in support of Segment B. As a resident of the Wren Creek subdivision of the Stonebridge Ranch neighborhood I feel that the impacts during construction and upon completion will be mostly negative for our area. The impact on our local traffic during construction will be great especially on Stonebridge and in the school zone of Wilmeth Elementary. In addition one of the reasons we purchased this house was its easy access to the BSW Hospital on 380 because my elderly mom lives with us. I believe during the construction phase it may be difficult to get to hospital in an emergency. Also, based on the information provided on this website, Segment B is less expensive, manages congestion better, has fewer total miles, fewer bridge miles, few interchanges, affects fewer utilities, has fewer total displacements, and requires fewer acres of right of way. Environmentally, Segment B seems to also be the better alternative.		Bahe	Margaret						
1895	4fc06c1-d9a7-4f77-807b-ceec9cec0d4a	4/5/2022 14:52	4/5/2022 14:52	Hi Planner Team, I sincerely oppose Option B 100% and Option A as well. My reason is I see Prosper city planners did not choke the 380 but I see Mckinney developments choked the 380. My biggest concern and request is to be able to make EAST and WEST communities from the community Brookhollow community onto 380. Please keep that access as is. Prosper prime communities and residents should not be treated unfairly for the good planning keeping the 380 needs in vision. Mckinney is big and has good tax revenues. Prosper TX is not big as Mckinney TX. We came to prosper for peace of mind and out of city. But now we are worried about this huge noise sound pollution project right in our backyard and over our properties including schools. Please honor our request. RM		Mallela	Ravi						
1896	5b04b076-27db-4364-8cea-ab8093535c10	4/5/2022 15:03	4/5/2022 15:03	I am against the construction of Segment A. I support the construction of Segment B. Segment B seems to be the better alternative in most categories. It seems to be better for the environment, has fewer total displacements, and is the less expensive alternative. I live with my daughter and her husband and I have always been comforted by having the BSW-Mckinney hospital so easy to get to. I fear that during the construction, which will take years, it may not be as easy to get to the hospital. I also am pleased with how quite our neighborhood is, I believe that it would not be as quiet if Segment A was completed. I like to walk with my daughter each morning along and across Stonebridge, I think the traffic during construction could prohibit me from safely crossing over Stonebridge. This would limit our walks to just the Wren Creek subdivision.		Glass	Barbara

1920	f41bef67-9588-4e21-8ce0-513b469414af	4/5/2022 17:32	4/5/2022 17:32		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.	Hall	Beth						_work_for_TxDOT_
1921	60300529-ad1a-4e25-8a5a-0e80909a0520	4/5/2022 17:35	4/5/2022 17:35		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I strongly oppose Segment-A. It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. The cost of Segment-A is \$99 million more than Segment-B. It will create an overpass on 380 over Stonebridge Drive and Custer Road. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.	Hall	Blake						_work_for_TxDOT_
1922	6c8a7268-7b74-4c8a-8d7e-cd159dcd36f7	4/5/2022 17:36	4/5/2022 17:36	Keep US380 on US380 through the Town of Prosper! We say NO to OPTION B! McKinney needs the bypass and Prosper should not take the fall for their failure to plan setbacks accordingly. They have greater land mass, population, traffic and knew years ago they were the fastest growing city. The fact that this would be so close to 4 schools and literally in the backyard of a charter school and ManeGait is enough for TxDOT to reject Option B. Think of your kids before making this decision, how would you feel with a 12 lane highway next to your kids school and 2 football fields from your home? McKinney's lack of proper development planning and their desire to build as many master planned communities as possible is not Prosper's problem to solve. Prosper can expand on US380 so let them! If McKinney needs a bypass, then it needs to run through the Town of McKinney, this is a McKinney problem, not a Prosper problem. REJECT OPTION B! Option A is the only way!	Keep US380 on US380 through the Town of Prosper! We say NO to OPTION B! McKinney needs the bypass and Prosper should not take the fall for their failure to plan setbacks accordingly. 1923	2fbe9f8e-8648-4186-8dcd-ab2806ab2d7a	4/5/2022 17:39	4/5/2022 17:39		I oppose the suggested 380 bypass route through Prosper. The impact the loss of tax revenue would have on the town is not justifiable, considering that Prosper did not cause this problem. McKinney should bear the sole responsibility of solving the problem they created. I will vigorously support any action that prohibits the bypass from being built in Prosper.	Zamecnik	Kim

1924	f0ea5e38-a4aa-4b0d-8b83-9a7fde2b1022	4/5/2022 17:42	4/5/2022 17:42	Keep US380 on US380 through the Town of Prosper! We say NO to OPTION B! McKinney needs the bypass and Prosper should not take the fall for their failure to plan setbacks accordingly. They have greater land mass, population, traffic and knew years ago they were the fastest growing city in America! The fact that this would be so close to 4 schools and literally in the backyard of a charter school and ManeGait is enough for TxDOT to reject Option B. Think of your kids before making this decision, how would you like a 12 lane highway next to your kids school and 2 football fields from your home? McKinney's lack of proper development planning and their desire to build as many master planned communities and businesses as possible next to 380 is not Prosper's problem to solve. Prosper can expand on US380 so let them! If McKinney needs a bypass, then it needs to run through the Town of McKinney, this is a McKinney problem, not a Prosper problem. REJECT OPTION B! Option A is the only way!	Keep US380 on US380 through the Town of Prosper! We say NO to OPTION B! 1925	7d452634-c1b2-48e7-8387-ef7eba8e48f1	4/5/2022 17:53	4/5/2022 17:53		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.	Weadock	Valerie						
1926	a19a95b7-f361-44ff-8a8f-69d0daa63926	4/5/2022 17:59	4/5/2022 17:59	There is a neighborhood lake at this intersection. Currently 380 is lower, so the noise is minimal. Proposal B creates an 8-lane overpass here. This will completely destroy the beauty of this area. Stonebridge Dr. also is a neighborhood street w/ kids who go to the same school on both sides. People bike, run, and walk it regularly. It will not be safe as an access road to a major freeway. Also, kids from the same schools live on both sides of HWY 380. If it becomes a major freeway, we will be dividing the community. Why are we considering an option that is A LOT more expensive and affects more established businesses and communities?		Weadock	Valerie						
1927	27ff5f65-954b-4f45-89fe-29808f8a5860	4/5/2022 18:01	4/5/2022 18:01	I am opposed to segment B. Prosper is is not a large town and segment B will separate a portion of the population, which will decrease the feeling of community. Prosper has been diligent with zoning and construction so that US 380 can expand on its existing footprint. Other cities were not as forward thinking to allow for this expansion, so it is not right to pass the expansion through Prosper and cause our town to deal with the decreased property values, lost tax revenue, and increased traffic.		White	Sterling						
1928	722163ae-f7a1-4d35-8aac-e479b23a18b1	4/5/2022 18:02	4/5/2022 18:02	I oppose Option B!									
1929	c63fcddec-bb2e-4522-88ac-99482c987cff	4/5/2022 18:04	4/5/2022 18:04	I oppose Option B!									
1930	91bd33e2-248f-480c-8b55-999cef254161	4/5/2022 18:06	4/5/2022 18:06	NO!		Cannon	Julie						_work_for_TxDOT_
1931	e13ae5ac-1106-4d47-8b2e-fe87d63cbbab	4/5/2022 18:06	4/5/2022 18:06		I oppose the bypass going through Prosper. Our town is very small and we have planned accordingly to make sure our 380 corridor is wide enough for growth. To place a highway through the middle of our small town, near schools, cemetery and housing developments because McKinney did not properly plan is not justifiable. I hope you will consider the the enormous effect a Bypass will have on our small town.	Dixon	Dena						
1932	195016a1-d7fa-4da9-885f-cd100c8babab	4/5/2022 18:06	4/5/2022 18:06	I oppose option B									
1933	2bb2db78-5892-4edb-8d8b-709d86a28fc7	4/5/2022 18:14	4/5/2022 18:14	I oppose Segment B as a viable option for the 380 bypass. This road would negatively impact the Prosper community, its schools and property values. My daughter will go to the high school that is being built right now under Segment B. I don't want a noisy road over her school. I live in Prosper not Houston. Why do you want to trash our town like Houston has trashed it's city by building multiple highways over communities? The only option is to stay on 380 and build overpasses like the ones over Preston and the Tollway.		Petermeier	Christine						
1934	01cb70ed-5fab-4a22-869e-fd5a9d86c3d3	4/5/2022 18:14	4/5/2022 18:14	No to plan B.		Mudd	Daniel

1935	393eb445-ca56-4e20-8ea5-d58665dc1ef1	4/5/2022 18:17	4/5/2022 18:17	We oppose segment B.	We oppose segment B	Brown	Amber						
1936	1683ca81-9121-42ac-8546-9d257f7f59f6	4/5/2022 18:45	4/5/2022 18:45		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. Reagards, Jim Pryor	Pryor	James						
1937	c5cc8a41-fcd6-4208-8ec5-d4aff78066cb	4/5/2022 18:50	4/5/2022 18:50	I would like to express my strong opposition to Option B with respect to highway 380. Such a project would absolutely devastate the Town of Prosper to the point of no return. I ask that you strongly consider a solution that expands upon the existing highway versus a bypass that would all but destroy our lovely town. Thank you for your consideration.		Beasley	Ty						
1938	47145e74-9254-490e-81a8-cb96175b346e	4/5/2022 18:53	4/5/2022 18:53		My family and I have lived in Whitley Place since 2013. I am asking that you please consider the impact that this would have on ManeGate. Any options that would run through Prosper would have a most negative impact on them. The work they do is so valuable for the entire metroplex, not just Prosper. Please take the time to do a little research. Understanding their mission and the people they serve would help you so much more than my words here. They are an irreplaceable resource that benefits us all. By all I don't mean just Prosper either. They benefit everyone. We are not affiliated with or personally involved with any of the services they provide. We just believe in their mission so very strongly that I felt it important to share these thoughts. Please keep US 380 on US 380	Baughman	Michael						
1939	48d500fa-89aa-4297-8384-7245bd9d0e7b	4/5/2022 18:54	4/5/2022 18:54	I am opposed to Segment A as part of the 380 bypass. The construction of this segment will cost 99 million more than Segment B. It doesn't make financial sense nor it fiscally responsible. The construction of A along existing hwy 380 for 4 to 5 years will create massive safety and traffic issues. Tucker Hill neighborhood's only entry/exit is on hwy 380 and construction will inhibit response from emergency services and residents ability to enter and exit the neighborhood. The current design of segment A doesn't have adequate access to Hwy 380. Residents of Tucker Hill (post construction) would have to turn right and go to Custer and make a u-turn in order to go east on hwy 380. Segment A affects 17 businesses whereas B affects 0. Why would the choice be made to affect so many businesses and developed neighborhoods with Segment A in a highly populated area rather than Segment B running through undeveloped land.		Carr	Allen						
1940	89021cc8-2046-497d-8392-586610251647	4/5/2022 18:55	4/5/2022 18:55	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I OPPOSE the Project 380 Segment-A bypass alignment option.		Mackey	Mary						
1941	7f3c9d82-5986-4216-89eb-8afe5bc7e0b7	4/5/2022 18:56	4/5/2022 18:56	Citizens of Prosper vehemently oppose Segment B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. McKinney is the 2nd largest suburb in DFW with a larger land mass/population than Prosper. Putting a bypass through smaller Prosper to solve McKinney's lack of future growth planning is NOT the solution. Segment B would put a 12 lane hwy within 45ft of ManeGait's facility seriously impacting the vulnerable populations it serves; grossly affect 3 Prosper ISD&1 Charter School resulting in MAJOR safety and environmental concerns; demolish the Ladera Community & portions of 3 others resulting in millions of lost tax dollar revenue & require a massive utility relocation for Prosper. Prosper has the space to expand along 380 to McKinney. Prosper citizens DO NOT WANT OR NEED OPTION B. If McKinney needs a bypass for 380, the bypass should be located in McKinney town limits - OPTION A IS THE ONLY WAY!	Citizens of Prosper vehemently oppose Segment B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. Now, imagine you have worked diligently to prepare for your retirement, the safety of your children and future generations while your neighbor did not. Then imagine being asked to give up your home, and billions in tax revenue that serves future generations so that your neighbor is not inconvenienced. Imagine your neighbors bearing NO BURDEN of the cost of their mistakes. That is what McKinney and TXDOT are asking of Prosper. Prosper's city counsel and development was forward-looking and intentional and planned for the expansion of 380. Our disabled children and veterans should not have to suffer when Maingate is forced to close because of noise and pollution from a 12 lane highway. Think of the 244 homes that will be demolished in Latera. PROSPER VEHEMENTLY OPPOSES BYPASS B!</p>		E	Tara

It makes ZERO sense to approve Option B through Prosper. It negatively impacts our residents, businesses, ManeGait, Prosper ISD schools, Founders Classical Academy Prosper, and our future growth and development. It also negatively impacts the reason most people moved to Prosper in the first place — to escape the rat race of the city for open spaces, solitude, and a small town feel. We have the support of the Town of Prosper, Prosper ISD, local business owners, landowners, parents, and students - who are all unified in our stance that we OPPOSE OPTION B in all forms.	Corgan	C						
1958	d38730fc-cfca-4d81-8362-2dbe26472055	4/5/2022 19:10	4/5/2022 19:10	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. 1977	e2e8766d-4dd2-40f2-835b-4e65dc9e6a58	4/5/2022 19:30	4/5/2022 19:30	12+ lane FREEWAY dividing Prosper (8 lanes & 4+ access lanes on either side) with the magnitude equal to US 75, located just south of Founders Academy US 380 Bypass Segment B options + approved Collin Outer Loop (4-6 lanes) just north would sandwich NE & SE Prosper in between 2 major highway Directly affects neighborhoods: Whitley Place, Whispering Farms, Brookhollow, Christie Farms, Rhea Mills, Gentle Creek, Amberwood, Ladera, etc. Directly impacts multiple schools in Prosper ISD: Cockrell Elementary Rogers Middle School Walnut Grove High School and Founders Classical Academy Decreased home values and overall desire of area Politics - George Fuller, Keith Self, & Tucker Hill – used personal influence to suggest Option B	SPECIFIC NEGATIVE IMPACT TO MANEGAIT: ManeGait was designed to offer an atmosphere of solitude and peace. The students have sensory issues, which construction sounds, smells, and sights would negatively impact. Individuals with special needs on an incredibly large animal would offer a considerable safety hazard if the animal were to get spooked - which could easily happen if a freeway were in close proximity. Individuals with focus/attention disorders are also easily distracted and would be unable to undergo therapy in the way in which it was intended. Option B is NOT an option for the children and adults of ManeGait, and the overall program itself. Prosper supports ManeGait and the wonderful gifts it gives to its students, and Option B would render them unable to meet their goals and objectives.	Thompson	Lori						
1978	e6ed8d73-1301-45c1-88b5-9b5ab91227e5	4/5/2022 19:31	4/5/2022 19:31	I support the construction of Segment B. I do NOT support the construction of Segment A. From the data provided on this webpage, it looks like Segment A is more expensive and less environmentally friendly. In addition, it requires more total displacements than Segment B. Additionally, as a resident of Wren Creek, I am worried about traffic and traffic flow issues during construction. It seems that the traffic on Stonebridge will at times be increased and at other times blocked. Neither will be safe for the Wren Creek subdivision.		Bahe	Kevin

2003	98097928-8da6-4a8e-846f-8ac3c5edaa78	4/5/2022 20:18	4/5/2022 20:18	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Powell	Aaron

2011	8c68f0d7-51ba-4005-88e8-e072f489642d	4/5/2022 20:32	4/5/2022 20:32	As a Stonebridge Ranch homeowner, I only support Segment B. Deneita Gamble Stonebridge Ranch Communities		Gamble	Deneita							
2012	66b8a583-6ba3-4910-821e-28be952bd559	4/5/2022 20:33	4/5/2022 20:33	As a homeowner and citizen of McKinney, I strongly support Plan Option B because it would have the least disruption of existing homes and businesses. There are NO displacements of businesses and minimal interruption of existing homes and neighborhoods. The cost for this option is approx \$99 Million less than Plan A I strongly OPPOSE Plan a for a number of reasons. It will increase traffic in the neighborhood roads like Stonebridge Dr and Ridge Rd significantly disrupting the existing community. It is far more expensive and involves building an overpass causing more disruption. Traffic safety will definitely suffer for the communities as traffic increases on NEIGHBORHOOD roads where children live and play as people use these roads as access or cut throughs to 380. Plan A would destroy 17 EXISTING businesses. It is clear that the best plan is the one that disrupts existing neighborhoods and businesses the least and costs the least too. It is common sense.		Murro	Andrew							
2013	6f333642-1ca1-4cdc-822a-04833a781229	4/5/2022 20:34	4/5/2022 20:34	I am strongly opposed to Option A for the US380 expansion project for the following reasons. <ul style="list-style-type: none"> Option A displaces a total of 17 businesses, Option B displaces ZERO Option A cost to relocate utilities is \$61 million, Option B is \$25 million Option A total cost to acquire ROW (right of way) is \$178M, Option B cost is \$137M Option A total cost of design/construction is \$450M, Option B is \$428M Option A total cost is about \$100M higher than Option B Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. <ul style="list-style-type: none"> There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure. 		Tolan	Thomas							
2014	12130f24-5bee-4e26-8b7d-1745d3ccee6c	4/5/2022 20:34	4/5/2022 20:34	I'm a homeowner and citizen of McKinney, TX. for over 25 years. I SUPPORT the Project 380 Segment-B bypass option and OPPOSE the Segment-A option. Why my opposition to Segment-A? *The cost of Segment-A is \$99 million more than Segment-B. *It will remove/destroy 17 established (not brand new) small business north & west of the 380 /Custer intersection *It will create an overpass on 380 over Stonebridge Drive and Custer Road, more footprint. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. *Interchange construction (Segment-A and 380) will inherently decrease property value and quality of life of well established neighborhoods. *90 degree traffic flows (e.g., 380 east to north) w/ traffic speeds of +60mph inherently reduces visibility and increases the probability of traffic disruption. 2017	26f7cc6a-73bc-4301-8367-688468e33 c3f	4/5/2022 20:38	4/5/2022 20:38	Regarding 380 Segment B: I am a 65 year old disabled Army veteran who receives therapeutic horseback riding at ManeGait to improve strength and balance in my lower back, hips and legs, and has received brain-building therapy to improve my memory and fine motor skills. Over the last 3 years, this therapy has significantly improved my physical and emotional quality of life, resulting in better relationships with my family members and friends, and enabling me to be a more active grandfather. I also volunteer at ManeGait as a horse leader and side Walker, which has provided me with new skills after retirement and allowed me to help others with disabilities. As both a rider and volunteer, I believe Segment B would make it impossible for ManeGait to continue operations at it's existing facility, requiring a move that would significantly disrupt, or potentially discontinue the necessary therapeutic services to our community's most vulnerable residents: children and the disabled.		Dougherty	James						
2018	741e7247-73fb-4600-8a56-27fb9a6a90 27	4/5/2022 20:38	4/5/2022 20:38	Residents of Prosper vehemently OPPOSE OPTION B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. McKinney is the 2nd largest suburb in DFW with a larger land mass/population than Prosper. Putting a bypass through smaller Prosper to solve McKinney's lack of future growth planing is NOT the solution. Segment B would put a 12 lane hwy within 45ft of ManeGait's facility seriously impacting the vulnerable populations it serves; grossly affect 3 Prosper ISD&1 Charter School resulting in MAJOR safety and environmental concerns; demolish the Ladera Community & portions of 3 others resulting in millions of lost tax dollar revenue & require a massive utility relocation for Prosper. Prosper has the space to expand along 380 to McKinney. Prosper citizens DO NOT WANT OR NEED OPTION B. If McKinney needs a bypass for 380, the bypass should be located in McKinney town limits - OPTION A IS THE ONLY WAY! 2021	b1ff02f9-4565-4cd0-814d-588bd8b28 059	4/5/2022 20:42	4/5/2022 20:42	I strongly oppose Project 380 Segment-A. Building an overpass will be more costly (most likely with additional cost overruns due to material than what is currently budgeted), increase noise pollution, and have safety impacts on a biking community on Stonebridge Drive and Ridge Road. Segment-A area is a more established neighborhood with businesses and communities in Stonebridge Ranch. Segment-A will have a more disruptive and costly impact. Stonebridge Ranch is a flagship of successful community development that would be negatively impacted.		Exner	J.						
2022	07171eea-8c79-4b1a-835a-05d071f00 93d	4/5/2022 20:56	4/5/2022 20:56		As a resident of StoneBridge I am delighted that this project will be executed. It will bring so much desired relief for the congested traffic we have on 380 right and will attract more new investors to the area.	Velarde	Angel						
2023	d4ef67fc-94a5-4413-80c1-f1c1392b4a c7	4/5/2022 20:57	4/5/2022 20:57	Bill Darling is a fraud, he didn't see the completion of our Tucker Hill development through to completion and he won't keep his word on what he is promising for Main Gate, he only cares about the impact to his personal property not the common tax paying citizen in this area. Choose option A, it is a \$100 Million cheaper than option B and that should mean something.		Duffy	Ryan						
2024	c10d684f-6b88-4756-80f1-e4f451faa7 d5	4/5/2022 20:59	4/5/2022 20:59	I am opposed to Segment B because it will impact numerous existing homes and planned future home developments. It will also have an impact on existing and future schools and students. There will be a significant environmental impact on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits. Especially ManeGait Therapeutic Horsemanship which provides equine therapy to hundreds of children and adults with disabilities. Segment A has less of an environmental impact and a minimum number of homes impacted. 380 is being rerouted to go around McKinney because of the congestion in McKinney and the reroute should remain in McKinney and not be routed thru Prosper.		Kraft	Leota

2039	02e2755f-3d0e-4567-89ed-9d8d63340aa4	4/5/2022 21:31	4/5/2022 21:31	I am in favor of Option B.	Why spend more money with years and years of major disruptions and on 380 when it's not necessary? Please go with Option B. Thank you.	Stephenson	Terry						
2040	bf015755-a59c-4b20-81b6-136185a57b67	4/5/2022 21:43	4/5/2022 21:43	NO to option B		Laughter	Jaime						
2041	f67c9383-606b-4b93-8b17-1f24f06e12d8	4/5/2022 21:44	4/5/2022 21:44	The Bypass project should be aborted. It's too late to reconstruct 380 to a limited access freeway. This should've been planned for 40+ years ago. Instead, add ramps along existing University Drive at key intersections (5, 75, Lake Forest, Custer, Coit, etc.), focus on making the east-west arterial connections north of 380 (Wilmet, Bloomdale, etc. - all the roads McKinney hasn't figured out how to build yet), and then seriously prioritize the Outer Loop which already exists between the DNT and Custer. Simply connect it from Custer to 75, and then onward. Simple. But, if you bureaucrats insist upon a Bypass, then put it thru Prosper and the country. University Drive is too late to touch, except maybe for some ramps at key intersections. Don't let a bunch of Prosper affluence coerce policy-makers into bad engineering decisions. They're even complaining about Frontier's widening. Give them both! This is about regional mobility!		Mason	Jim

I am a resident and I oppose Option B.	You have received significant commentary on your proposals already, yet you continue to push the same options without regard for the negative impacts this project will bring to Prosper if Option B is selected. We, as citizens of Prosper, oppose this.	WEBSTER	DAVID & SUSA						
2068	2cc67149-733b-49d5-8a2b-773ae10a9f3e	4/5/2022 22:07	4/5/2022 22:07	Opposition to segment B. Prosper planned for the widening of 380 and should not be penalized for McKinney failing to do so. Prosper citizens should not have to take the hit due to McKinney failing to follow easement build guidelines to allow for the widening of 380. Segment B was not on the Agenda and did not exist until McKinney realized they screwed up. Directly affects and disruptive to our neighborhood, Whispering Farms as well as numerous other neighborhoods. Prosper properly planned for expansion (380 can be widened thru Prosper). If other towns didn't plan, this can't be put on Prosper. Directly impacts multiple schools in Prosper ISD. Materially impacts ManeGait and the wonderful therapy they provide. Significant environmental impact. Decreased home values and overall desire of area. Massive utility relocations that are critical to Prosper's infrastructure. Prosper citizens should not take the hit for improper planning by the city of McKinney and their leaders.		Noppinger	Heidi

2073	cdeb9f56-65d0-40d2-8cdf-fca941d0c1b1	4/5/2022 22:11	4/5/2022 22:11	Hello. I live in the Lakewood at Brookhollow subdivision. My husband and I moved there nearly 3 years ago. We had no idea there would be the possibility of the 380 bypass going right through and right alongside our neighborhood. Needless to say, we are opposed to this proposal for the Segment B section of the 380 bypass. The project would cause many displaced residents as well as businesses that have been moving into this area. Even if a residence is not displaced, the traffic and noise from the bypass through this area would greatly diminish the quality of life and the value of each home affected by this segment if this proposal passes. Please consider a different option to avoid these repercussions to many businesses and residents in this area. Thank you.		Ridley	Marlene						
2074	1c6794ba-8271-406f-838f-245755a756a2	4/5/2022 22:11	4/5/2022 22:11	A definite NO to option B! Yes to Option A		Haidari	J

2076	6190722c-30a4-450d-82fd-683c3ab88270	4/5/2022 22:20	4/5/2022 22:20		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses. *The cost of Segment-A is \$99 million more than Segment-B. *It will decrease traffic safety and increase traffic on neighborhood streets arterial to Highway 380 increasing traffic, noise and pollution in our neighborhoods. *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380. Segment B is the best option to improve traffic flow in our corridor while preserving business and community.	Froehlich	Scott

2082	4ac8dedc-954a-4dd1-808d-559bc0fa3893	4/5/2022 22:39	4/5/2022 22:39	I live in Prosper and I don't want any freeway coming though this area. The freeway will devalue our homes and there are environmental issues, I moved to Prosper to get the small town feel and that will go away. I am against anything that effect the Town of Prosper and our community is freeways or any of your proposals.		Dosa	David						
2083	a33113be-f7eb-4bca-848e-aa2020dfbf27	4/5/2022 22:40	4/5/2022 22:40	I AM OPPOSED TO SEGMENT B. After viewing the virtual meeting video and listening to my community leaders, I am opposed to segment B due to the negative impacts to the environment, economy, and quality of life of in my neighborhood. Segment B will: -Increase ground-level ozone impacting resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG). -Have a negative effect on ManeGait Therapeutic Horsemanship. -Bisect Prosper ISD (including Prosper and portions of Frisco and McKinney) separating homes from their schools and businesses. -Displace far more businesses and homes than indicated in the Segment Analysis Matrix due to the future growth of neighborhoods and businesses in the area. -In addition, the expansion of the Dallas North Tollway and the construction of the Collin County Outer Loop should alleviate some of the traffic in the 380 corridor. All in all, I think expanding 380 on 380 should be reevaluated.		Woods	Brian						
2084	0c886318-000b-44da-8e00-e4e569eb4a2f	4/5/2022 22:47	4/5/2022 22:47	The area on the map is my home. 380 is already congested and it is difficult to even exit my neighborhood onto 380 with the current traffic. Bypassing 380 with a LOOP would help the neighborhoods and businesses on 380 deal with normal traffic instead of massive traffic. It will also keep homes and businesses on 380 since most will choose to leave if the traffic increases drastically. Please please please DO NOT Expand 380! The loop is less costly and will impact less people. It is the only way to go!		Tisserand	Kimberly						
2085	baa1cc7f-b582-4e61-86c1-58993143eed7	4/5/2022 22:54	4/5/2022 22:54	Oppose B- this is too close to my back door- did not move to Prosper to have a major road in close to backyard. Will also likely have child attending the new school being built- and do not need that traffic around a school. Support A- keep 380 where it is!		Craig	Jen						
2086	60d6b95d-83f6-43a8-8a52-f69240e406d2	4/5/2022 22:58	4/5/2022 22:58	I am opposed to segment A and I am in support of segment B of the Hwy 380 bypass for the following reasons: 1-Segment B will help balance traffic resulting from future residential and business development north of 380. 2. B provides a closer connection to north/south routes at Custer, Coit, Preston, and the DNT. These are already 6 lane high capacity roadways that can handle short and longer term traffic flow. 3. 380 and East/west travel is the most critical and where CC residents have the most difficulty with local travel. We will likely need further east/west loops as we north of 380 as the region grows. This is a burden that we all must share and segment B helps to balance this burden for the whole community it will effect.		Spina	Frank

2088	1c7417b0-7cc2-4b8e-834e-af60bad8d9f2	4/5/2022 23:07	4/5/2022 23:07	I strongly oppose the Segment B option to bring the 380 extension through east Prosper. This option negatively affects the growth, sustainability, and solitude of the small village of Prosper. Segment B removes large amounts of land that is being developed to generate property and sales taxes while simultaneously destroying existing and planned developments. It negatively impacts the ManeGait horsemanship property/non-profit that makes a difference in the lives of thousands of people every year, mostly children. It would bring huge amounts of traffic and emissions through the east side of the village of Prosper, negatively affecting the lives of children at nearby schools and families that call the area home. Prosper is a small community. Segment B essentially destroys the east side of our community in a fashion that negatively impacts the community as a whole from both a financial and quality-of-life perspective. Please say no to Segment B.		S	Julie						
2089	3adb7c34-83a0-4628-8272-2536550d2de9	4/5/2022 23:09	4/5/2022 23:09	I am writing out of concern and objection to the 380 bypass, specific to section B, which intersects Prosper. Not only does this interchange make no sense at it is so far removed from the 380 corridor that it directly impacts the new high school, which is desperately needed of balance the HS populations at PHS and Rockhill but equally undesirable is the impact this bypass will make the to ManeGait Therapeutic facility. You noted that they are technically able to continue to conduct their business, but what I think has been forgotten beyond procedural and administrative, is the population that benefits from ManeGait - the autistic community of children, youth and adults who have sensory struggles. The noise, traffic and changes will directly impact the quality of care, and environment needed to provide therapy. I feel route B is short sighted and does not look at the long-term impact on the community. Moving to Prosper was intentional to establish a peaceful quality way of life.	We moved from South Florida and intentionally chose the Prosper/Celina area because we wanted to be removed from the traffic and all that comes along with open roadways through suburban areas - noise and air pollution, increased crime, lower home values, human trafficking corridors, etc. The presentation notes that expanding the existing 380 roadway was not considered because of the impact on existing business, but really because of Raytheon. I believe creating an overpass would be the best solve for both McKinney and Prosper. Yes, it will be difficult and inconvenient in the process, but creating an overpass, void of traffic lights, with periodic on/off ramps will provide reduced traffic to the existing 380 congestion, while continuing to support businesses commerce. Doing so removes the negative impact to actual homeowners & community facilities along the proposed Route B. It is vital to the integrity of the cities of Prosper/bordering Celina founding principles of family-first.	Boix	Melissa & Joe						
2090	af5db656-58b3-41bc-83ab-66886fd60109	4/5/2022 23:12	4/5/2022 23:12	As a resident of McKinney, TX, I strongly SUPPORT Project 380 Segment-B bypass option which is least disruptive to businesses with no displacements, has minimal impact on existing neighborhoods located adjacent to US 380, and is least expensive option. I strongly OPPOSE Segment A option for following reasons: *Destroys 17 small businesses West of 380 and Custer intersection on North side. *Costs \$99 million more than Segment B. *Creates overpass on 380 over Stonebridge Dr and Custer Rd. *Causes installation of water pipes (ducts) over 380. *Decreases traffic safety and increases traffic on Stonebridge streets arterial to Highway 380 such as Stonebridge Dr, Ridge Rd and Lake Forest Dr, increasing traffic, noise and pollution in our neighborhoods and reducing our property values as those are the only roads leading South from 380. *Causes construction of large interchange at intersection of Segment-A and 380 located directly above Kensington Village potentially depressing home values.		Schraegle	Shelley						
2091	dee11658-622f-4c7e-800c-7a875489d975	4/5/2022 23:16	4/5/2022 23:16	I oppose the proposed HWY 380 Brown and Gold Alternatives (Segment B). Not only will these routes directly and adversely affect two schools, these paths will also negatively impact the daily operations and special events held at ManeGait Therapeutic Horsemanship and the essential services provided to individuals with disabilities and children. I respectfully request that Segment B be removed from consideration due to the environmental impacts to ManeGait and schools.		McLaughlin	Whitney

2095	762da243-53be-42d1-861e-7ae795bd2520	4/5/2022 23:20	4/5/2022 23:20	My comments are related to the segment A and B of the project. As both a homeowner and a small business owner, I PREFER THE A ROUTE. Any business owner would prefer to be located on the high traffic route in order to facilitate their growth. Option A provides the largest positive impact to businesses. In contrast, any homeowner would prefer to not be affected by congestion and noise pollution. Again, option A provides the best solution to the fewest residential areas both now (based on the numbers) and the future (based on the total miles of road). I strongly concur with the 2020 assessment of Option A for this route.		Journey	Bill						
2096	e230880a-c289-42bd-8a75-64952d8a030a	4/5/2022 23:23	4/5/2022 23:23	I vote NO, NO, NO, NO, NO to Plan B regarding the 380 bypass!		Walsh	Catherine

2100	c07c5e56-a50f-4d5e-8eb4-73b7bcad7f4e	4/5/2022 23:44	4/5/2022 23:44	Option B wasn't even in the original plans that TXDoT originally came out with. Prosper doesn't want it. McKinney and Prosper are ok with option A. It's my recommendation that you only consider option A as the impact option B will have on the town of Prosper is too high.		Laughter	Audry						
2101	05c6998c-5c9e-49a0-8220-2b92832a8d1b	4/5/2022 23:46	4/5/2022 23:46	We support option b but do not support option a for the following reasons. 1. Safety - how much longer will the paramedic ride be under option a? 2. What will our viewshed be at Tucker hill? Seems like option a will be unsightly and noisy. 3. Access- option a will lead to longer commute times to get to 75 4. Tucker Hill entrance and views - under option a, the community would have a very unappealing entrance since the road will take up to 60' of our entry way. 5. under option a, our property values will be affected by being surrounded by an 8 lane highway. 6. how much more road noise will be created by option a? It has to be significantly more. 7. How many business will be affected by option a? 8. How much more will the pollution be for option a for Tucker hill? 9. Access to our community will be difficult coming from the west. How much does that add to drive time? 10. Why are we only discussing this and not discussing a bypass that connect 35, the toll way and central?		Clark	Todd						
2102	913b2c72-0516-43f7-84e8-89019d380919	4/5/2022 23:47	4/5/2022 23:47		I 100% oppose option B. Please remove it from consideration. The lack of poor planning on McKinney's part along 380 shouldn't become a Prosper problem.								
2103	710f4142-b8bb-45bb-8d9e-91e8ff15c0f4	4/5/2022 23:48	4/5/2022 23:48	In terms of "direct impact" on Prosper, Option B would obliterate the Ladera Prosper 55+ community being planned by the Delin brothers, just west of Custer Road, with the result that Prosper would be deprived of the taxes generated by these new homes. In terms of "indirect impact," Option B would create a negative environmental / ecological impact on: • The Mane Gait therapeutic horsemanship program; • The Founders Academy already built an in operation on the southwest corner of E. First Street and Custer Road; • The existing small cemetery with plans for expansion on the west side of Custer Road; • The Malabar Hill subdivision currently under construction on the south side of E. First Street; • The Walnut Grove High School now under construction on the south side of E. First Street. These are just some of the reasons why Prosper's proper planning for the future should not be disrupted by Option B.		Laughter	Ben						
2104	f3ab0295-1f20-4bc6-80cc-b3ff662591c8	4/5/2022 23:50	4/5/2022 23:50	Option B will negatively impact our community and schools I have 3 children in PISD who will eventually drive which concerns me. In addition, the purpose of moving to Prosper was to enjoy a smaller, quiet lifestyle. Please do not move forward with option B and keep 380 on 380.		Littleton	Kari						
2105	af4ef39d-c3a8-4859-8221-47dd37651aed	4/5/2022 23:55	4/5/2022 23:55	The cheapest alternative is not necessarily the best alternative, nor is it ethically the best alternative. The lack of planning on McKinney's part (allowing homes and businesses to be built too close to the existing US Highway 380 when the city knew someday it would have to be improved and expanded) should not create an emergency for Prosper. Our town has carefully planned for its future. Prosper does not tell McKinney where to build roads in its city planning; in the same vein, McKinney should not be telling Prosper at this juncture where to build roads in its town. McKinney at 200,000 population ought not to be bullying smaller Prosper with its 30,000 population - projected to build-out at 72,000. The Town of Prosper has maintained all along for several years that it supports "Keep 380 on 380."		Laughter	Steve						
2106	6f351ba6-81a3-4c58-84be-0d64e7f340cf	4/5/2022 23:58	4/5/2022 23:58		I am concerned about the impact to our local schools both Prosper ISD as well as the private school near my neighborhood. I am more concerned about the impact to ManeGait and the wonderful influence they have on so many children. This is why I am opposed to Option B of the 380 Bypass. McKinney's lack of sufficient planning should not be addressed by running a highway through their neighbor's properties.	Hunter	David						
2107	0bb4d96f-77c8-4c66-84fb-5691f0c5f68	4/5/2022 23:59	4/5/2022 23:59	The Town of Prosper has maintained all along for several years that it supports "Keep 380 on 380." I propose that you remove option B from consideration. The impact it will have on the town of Prosper is way too high. Prosper is only 7 miles wide and 3 miles deep and you want to cut off a section of that landmass because McKinney had terrible planning along 380. Why should Prosper residents suffer because of poor planning by its neighboring city. Don't let the city of McKinney bully the little town of Prosper.		Laughter	Lesli

Having lived here for over 20 years we have no desire to see our community destroyed by poor planning. In my opinion the only logical change would be an elevated addition over the existing 380 path. Even if they just install overpasses at the main intersections this should alleviate the future congestion that is anticipated. We welcome the chance to pursue this matter with any person or entity involved. Thank you !		Davenport	Don						
2117	ba4a24f4-de9b-417b-8a08-48ddbfc1dad6	4/6/2022 0:34	4/6/2022 0:34	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. 2121	8d95ba74-d4ba-4343-8b84-ff85ae1a3bc2	4/6/2022 1:04	4/6/2022 1:04	Option B should be selected for the following reasons: Option B costs \$99 million less than option A and save valuable taxpayer dollars. Option B requires \$40 million lower right of way costs (\$136.8M vs 177.8M). Option B displaces 12 homes, businesses and other barns, sheds, outbuildings vs 31 in option A. Option B's route uses land not yet developed, making the road more accessible to construction vehicles and less disruptive to existing neighborhoods and businesses. Option B is far less economically impacting to local businesses in the county than option A which will divide the road and limit access to local businesses. Option B does not require displacement of water resources and the local water supply. There would be no easy access to the Tucker Hill neighborhood with Option A. Residents would need to travel up to 10 minutes out of their way via multiple turns further along the proposed option A route to enter or exit the neighborhood.		Taylor	Jim						
2122	414728cb-4114-457b-88f6-3905e8d47a11	4/6/2022 1:08	4/6/2022 1:08	I live in Whitley Place in Prosper and oppose proposal B and support proposal A. Proposal B is too close to this wonderful neighborhood for which I've worked so hard to be a part of. Please reject proposal B and support only proposal A.		Gaither	Brian

2130	72cfcef4-3a35-4942-8a54-fb2acccc4e20	4/6/2022 1:28	4/6/2022 1:28	Alignment D for the eastern end of the Collin County portion of the 380 by-pass, which was the preferred alignment from the feasibility study, would still be the least invasive option to homeowners for this segment of the highway. It would displace fewer homes and go over floodplains which are cannot be built on anyway. This alignment had very little negative feedback during the original feasibility study. This alignment would also protect a historic home which would be impacted by alignment C. Alignment D would come close to a historic railway bridge, but it would not impact the use or preservation of it. It is frustrating that the City of McKinney came out AFTER the end of the feasibility study requesting that the southern portion of the 380 by-pass (Spur 399) be put on the east side of the McKinney airport which would not allow for connecting that portion of the highway with Alignment D, the preferred alignment. Seems very questionable doing so after the ability for public input.		Bruce	Valinda	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

2141	09a5771d-aefc-4f1f-874b-a13918f4cf ee	4/6/2022 1:49	4/6/2022 1:49	No to option B . It would negatively impact at least three schools. Cockrell elementary, Founders academy, and the newest Prosper High school which combines serves 1000s of students. It would also prohibit the building of a senior living community that would serve an elderly population and produce revenues for the prosper school district, agin negatively impacting children. Lastly it would make ManeGate inoperable to provide much needed and hard to access therapy for children and those with disabilities. As a community we ask that you seriously consider a NO to option B.		Tolliver	Elijah						
2142	5fcd7cb0-5a85-455f-8da1-3011c9a9213d	4/6/2022 1:50	4/6/2022 1:50	I strongly oppose the segment A option. Not only does it cost more and impact more businesses and homes. The short and long term impact on the Custer/380 intersection will devastating too. Option B goes through a mostly undeveloped SE corner of Prosper. It makes the most sense. Thank you for your time and consideration.		Milano	Kim						
2143	9296e7fb-b998-426d-8355-e2f4027202db	4/6/2022 1:51	4/6/2022 1:51	No to option B it would have a huge negative impact on the Prosper community, that is small but proud. We ask that you consider other options than option B		Tolliver	Zyara						
2144	8a4f779e-ce1d-420c-8502-5cc20c3573ce	4/6/2022 1:52	4/6/2022 1:52			Bryan	Tiffany						
2145	a34d26f0-05b2-4e7b-89ce-82ae5cd6590d	4/6/2022 1:53	4/6/2022 1:53	I STRONGLY SUPPORT Segment-B as it is not only less expensive by almost \$100 million than the segment-A option, but it is also the least disruptive to the residents and businesses along 380. There would be no displacements of businesses and minimal to no impact to families living in neighborhoods along and adjacent to 380. I am STRONGLY OPPOSED the to Segment-A option as it will destroy the 17 businesses along 380 and depress the property values of the people in these neighborhoods, who've worked hard their whole lives to buy a home and raise a family. It will also increase traffic, pollution, noise and decrease the safety of the arterial roads Stonebridge Dr., Ridge Rd., and Lake Forest Dr. during construction. Segment-A is also more expensive, by far, when compared to Segment-B. Segment-B is the best option for our corridor and it's the most cost effective. Segment-B preserves well established neighborhoods and businesses.		Michelson	Michelle						
2146	ee1ff589-198b-4ce2-81b6-4ea3a182c2b4	4/6/2022 1:53	4/6/2022 1:53	I strongly oppose the proposed section B plan. This plan has disregarded the needs and rights of the current established neighborhoods, schools and businesses of that area of Prosper. Planning and growth development of will be hindered by that project. Prosper has such a small footprint to now make such indiscriminate changes to current established areas.		Davis	Jeff						
2147	e47cfb48-d534-4fde-8a4a-c416496b034c	4/6/2022 2:13	4/6/2022 2:13	I strongly oppose Segment A of the 380 Project and support Segment B of the 380 Project. Project B is the least disruptive to the Stonebridge Ranch neighborhood and residents.		Booker	Will						
2148	ef3fa06c-970b-4960-8fb8-fdab2808ff1d	4/6/2022 2:15	4/6/2022 2:15	I moved to Prosper to get the small town feel and that will go away. I am against anything that effect the Town of Prosper and our community is freeways or any of your proposals. We support Proposal A and are adamantly opposed to Proposal B that bisects Prosper. Proposal B adversely affects current residential areas, planned developments, and future developments in a premier Residential Area in Prosper that dates back to the early 2000's and also negatively impacts the environmentally sensitive areas along Custer Road as established by the EPA. Proposal B does not comply with the Town of Prosper's established Master Comprehensive Plan dating back to 2005 nor the character of the area. The noise, traffic, safety, and economic and tax impact of Proposal B will adversely affect thousands of residents in Whitley Place, the ManeGait, Founders Academy, Malabar Hills, Prosper High School #3, and the Ladera Retirement Community.		Dosa	David						
2149	5e5c4d97-c9b7-4a64-8056-fd49c5d3b3a1	4/6/2022 2:17	4/6/2022 2:17	Widening the corridor here provides a cut off corner of Prosper and limits the citys 20 year plan of development - in addition to exposing our community to additional construction and traffic that is already been significantly impacted by the existing expansion of Custer road fm 2478- and future expansoin of 1461Seems like our little town with its limited square miles is being targeted unfairly as easy pickings for txdots project . In addition to the traffic, safety and disruption of the towns plan for orderly development put in years ago, it is disruptive to both a charitable ministry main gate, a private school, a nice and well developed area of whitley place , and other future developments underway that placed reliance on the existing town plan to stake businesses, charities and other planned development and capital expenditures - including 360 home sites impacting thousands of Proper residents . I vote no to plan B- let Plan A support Mckinneys corridor problem.		jackson	gary

2153	c5c7f50e-25eb-4954-8f0e-5a681fb5d04d	4/6/2022 2:28	4/6/2022 2:28	I'm commenting on my preference to have TXDOT choose option B for the 380 expansion. Almost 18 years I made the choice to move my family from the DC suburbs to what I thought would be my "forever" home. Finding McKinney, Stonebridge Ranch & LaCima felt like winning the lottery. Now our little piece of paradise is threatened by a 8-10 lane highway. I've lived in LaCima long enough to remember two 121 expansions, the 75/121 interchange, DNT north of 121, and multiple interchanges on 380 that include Preston & DNT. Not once do I recall several hundred homesites being so drastically affected & 17 plus business locations being eliminated. I'm also concerned that during construction our access to emergency medical care at Baylor will be harder to reach at a time when minutes truly matter. I hope this difficult decision is free from political pressure and the desire to increase the Collin County tax base.		Rulli	Tony						
2154	e0d02ab3-84a4-4529-8e67-b454b25100f1	4/6/2022 2:29	4/6/2022 2:29	Apparently TXDOT has done extensive work on their own and using citizen input. I don't believe that the best interests of the general public has been served because TXDOT seems to only look at physical structures and highways in determining future bypass routes for highway 380. Nothing that I read in the TXDOT studies really consider people that are affected. I oppose proposed the "B" bypass because schools, mentally and physically challenged people are directly affected and would lose valuable resources if their locations were removed or impacted. Please keep 380 on 380 by widening it to accommodate the increasing flow of traffic. In addition, the flyovers at the intersection of Hwy. 380 and Coit Road will apparently be the diamond configuration and speeds will be impacted and undoubted cause major accidents and affect pedestrian crossings. Thanks		Williams	James						
2155	332775f6-6fa9-4168-81b1-55bac236f258	4/6/2022 2:30	4/6/2022 2:30	Segment A will impact a lot of new and planned development along 380. How would the planned West Grove development be impacted? Noise from this segment may have a negative impact on numerous residential neighborhoods like Stonebridge ranch and Tucker hill. Segment B is cheaper and would have much less impact on the area.		Shaver	Randall						
2156	7668b83e-67a2-40ce-8924-1f3148a89b4c	4/6/2022 2:31	4/6/2022 2:31	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered due to : *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution.		Sulur	Chidananda						
2157	84c912df-c4f7-435c-8905-3c52fa7234af	4/6/2022 2:37	4/6/2022 2:37	I am strongly opposed to Option B. We are residents of Whitley Place and have 5 children who play outside all the time. We are very concerned that having such a large road so close to our home will harm our children's health - we have one with asthma and two with severe allergies that would be aggravated by the excessive traffic pollution that would be so close to us. Having it cut off Manegait and the detrimental effect it would have on the horses as well as those who need the therapeutic horsemanship would be tragic. We were so happy to see a new school- Classical Academy go in and the proposed road would go right by it- and through a new community geared to 55+ which would add such a wonderful dimension to our town....I'm sure if there was a massive road going through it very few (if any) seniors would want to make Prosper their new home. Please throw out option B and leave Prosper out. Thanks so much!		Clark	Julie						
2158	f7572cfc-6929-4ed9-8a0d-75e860ba9cc7	4/6/2022 2:38	4/6/2022 2:38	Please do not interrupt or intersect at Main Gate. Their facilities are for a great cause. Option B isn't a solid choice for going straight into Prosper.		Lawrey	Tina						
2159	55a019b2-c4a0-44fe-8594-1289d34ea584	4/6/2022 2:44	4/6/2022 2:44	It does not make sense to approve Option B through Prosper. It negatively impacts our residents, businesses, ManeGait, Prosper ISD schools, Founders Classical Academy Prosper, and our future growth and development. It also negatively impacts the reason most people moved to Prosper in the first place — to escape the business of the city for open spaces, solitude, and a small town feel. We have the support of the Town of Prosper, Prosper ISD, local business owners, landowners, parents, and students - who are all unified in our stance that we OPPOSE OPTION B in all forms.		Van Dyke	Doug

2170	ecff3f5-0128-4c1f-8fa5-05647e16f241	4/6/2022 3:32	4/6/2022 3:32	I strongly oppose the proposed HWY 380 Brown and Gold Alternatives (Segment B). These paths will severely impact the noise, congestion, new teen drivers, and elementary age children at Founders Academy school, all on the corner of 1st and Coit streets in Prosper, in addition to the future Prosper High School and neighborhoods right there already underway. In addition, there is a quiet cemetery and the back of my home [REDACTED] is all within 1000 feet from the proposed road which will be sorely affected with the additional noise and congestion. Lastly, the daily operations and special events held at ManeGait Therapeutic Horsemanship and the essential services provided to individuals with disabilities and children will be lost if this road passes <200 feet from their practice facilities. I respectfully request that Segment B be removed from consideration due to the environmental, personal and social impacts to ManeGait, the cemetery, my home and Prosper's school district.		Richey	Caitlyn	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
2171	1b336718-9ea3-4eea-8a17-d69fee534b75	4/6/2022 3:34	4/6/2022 3:34	I, along with other Prosper residents, have objected to the route labeled B for years, because degrading property values in Prosper including Rhea Mills and Whitley Estates. This position has been restated many times since the first Town Council meeting covering this issue I was aware of in 2013.		Ford	Thomas	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
2172	0a6149ae-3cbc-41bd-88a9-eea0f0d6d1c9	4/6/2022 3:38	4/6/2022 3:38	As a homeowner and citizen of McKinney, TX, I strongly SUPPORT the Project 380 SEGMENT-B option. In our neighborhood in NW McKinney the Segment-A option would hurt traffic flow during construction, and lower the home values. It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area. SEGMENT-B costs significantly less, does not destroy existing businesses, and has less disruption to existing homes and neighborhoods in the area. Thank you for considering my SUPPORT for the SEGMENT-B option.		Weberg	Scott	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
2173	76751333-dd00-494b-8ba9-23e173aebf5a	4/6/2022 3:42	4/6/2022 3:42		NO to segment B! It would be detrimental to the town of Prosper which can't afford to lose revenue from land it will no longer be able to build on should segment B be selected. Prosper has planned for 380 to be widened, not for McKinney's short sidedness to cut off Prosper's growth.	Schallmo	Craig	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
2174	b16ba53a-6ea5-4a85-8b7-63a8bd85d9b1	4/6/2022 3:44	4/6/2022 3:44	Route A is a safety issue regarding police, fire/EMS. Also egress from Tucker Hill not being able to turn Eastbound would increase traffic at Stonebridge. Environmental impacts to protected wildlife along Wilson Creek. Route A is also 99 Million dollars more and creates the loss of multiple homes and businesses, whereas Route B does not. Additional traffic on East West thoroughfares and neighborhoods for 18 wheelers and cars trying to avoid the 380 construction is a noise/speed concern .Option B has 2 major utility conflicts versus option A's 7 conflicts. Option B uses land not yet developed making the road more accessible for construction vehicles and it won't negatively impact traffic during construction like option A will. I SUPPORT the choice of Route B as being the best option for easing traffic on 380. Route B makes the most economical, environmental and safety issues.		Arnett	Jennifer	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
2175	f244352a-3a74-4591-8cb6-16ed26effd5d	4/6/2022 3:58	4/6/2022 3:58	NO to US 380 Segment B! Sixteen years ago our family of 6 moved to Prosper. We've been Texans for 38 years, but finally we were able to find that perfect acre and a half of land in a nice, quiet, friendly neighborhood, Rhea Mills Estates. We built our dream home with the intent to never move again. We have thoroughly enjoyed raising our children here, away from the chaos of the big cities. However, now that reality is in danger from a proposal to build a 380 bypass within sight of our house! This outrageous plan must be stopped! Our small town feel would totally disappear with such a monstrosity invading our peaceful community. Also, I am very concerned that our resale value would be negatively impacted. Fix 380 on current 380 by making it controlled access, as planned in the master thoroughfare plans of McKinney, Prosper and Frisco. Any bypass that encroaches on Prosper should not be allowed any consideration, and should be rejected in the strongest terms! NO BYPASS IN PROSPER!	Negative impacts of US 380 Segment B: - 12+ lanes dividing Prosper with the magnitude equal to US 75, located just south of Founders Academy. - Segment B + Collin Outer Loop would sandwich NE and SE Prosper (AND MY HOUSE!) between 2 major highway thoroughfares. - Directly affects 10+ current and future neighborhoods, along with my neighborhood, Rhea Mills Estates. - Materially impacts ManeGait and the wonderful therapy they provide to children and adults with disabilities. - Directly impacts multiple schools in Prosper, especially Founders Academy & 2 future high schools, one of them on First Street adjacent to the proposed bypass. - Dangerously impacts student drivers. - Increased traffic and noise. - Huge increase in pollution, emissions, poor air quality. - Safety of our citizens & students. - Massive utility relocations that are critical to Prosper's infrastructure. - Substantial lost tax revenue to the town and Prosper ISD. - Loss of Prosper's cherished small town feel.	Ford	Paula	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]		
2176	11f62873-b464-451b-8fff-a8b4524d6433	4/6/2022 4:01	4/6/2022 4:01	I urge you to consider not building the bypass through Prosper (specifically section B) The need for this bypass was created by the lack of planning of the city of McKinney. It should not be the responsibility of the city of Prosper and its residents to fix the problem for them. Prosper is much smaller than McKinney and stands to lose so much more. The loss of businesses and neighborhoods will negatively impact our community with the loss of tax revenue. Not to mention the noise and pollution that will interrupt our once peaceful community. There are other options that make more sense and i urge you to leave Prosper alone.		Keating	John	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

2179	8a82e8f6-9c69-4c21-8368-6448da100ab7	4/6/2022 4:30	4/6/2022 4:30	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass option. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.									
2180	891e6adf-0da1-4d3d-8482-bac5999f9c16	4/6/2022 4:31	4/6/2022 4:31	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass option. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.		Gautam	Nikhil						
2181	6d6f2785-3382-4523-838b-c4027491fb1aa	4/6/2022 9:14	4/6/2022 9:14	Location B would be very unsafe and disruptive for Prosper resident. A high school was just built at court and 380. As this school grows to full capacity the traffic at this intersection will as well. There is also a nearby middle school just north of 380 on coil. The traffic generated would be very dangerous to also begin a bypass. Not to mention the business it would disrupt and displace. Issues with McKinney and 380 need to be kept with the limits of McKinney and not pushed off into Prosper.		Kang	Melissa						
2182	bfcf07e1-f02d-4598-8379-321978d0f397	4/6/2022 10:46	4/6/2022 10:46	Oppose route B		Lawrey	David						
2183	008d9677-d5db-472e-87a6-3685fe976779	4/6/2022 11:34	4/6/2022 11:34	As a homeowner and a parent in section B I do not wish to have this proposed construction to 380. It will be generally unbearable to leave your home for work, school or other during all phases of construction for years. This highway will add delays between two Prosper ISD school zones. It will disrupt traffic patterns, increase accidents due to more cars going at higher speeds, again through 2 school zones, increase debris collision and road hazards during construction.		R	S						
2184	2298f574-80d5-41b9-8203-c8c09e015fb9	4/6/2022 11:50	4/6/2022 11:50	I support segment B ONLY - segment A would cause major traffic to close to Stonebridge ranch which is already becoming over populated.	I support segment B ONLY - segment A would cause major traffic to close to Stonebridge ranch which is already becoming over populated.	Shipp	Dena						
2185	fbec7b7c-56c4-48e3-8954-2f6fe3c2edf1	4/6/2022 11:51	4/6/2022 11:51	It is ridiculous to make the city of Prosper pay for Mckinneys failure to plan for its traffic needs. Bypass B needs to be abandoned.		J	M						
2186	b512c4b7-b77a-43d5-8092-27d1ccb84e78	4/6/2022 12:13	4/6/2022 12:13	It's honestly embarrassing that there is a proposal to bulldoze areas of prosper to fix a traffic problem that McKinney failed to plan for. The tax revenue loss to the small town of prosper is too much to bear, not to mention driving a highway through planned/existing neighborhoods. Let the city of McKinney pay for their failure to plan for traffic through their city.									
2187	c30b7ba6-2cef-49b4-8a1d-06c879a68020	4/6/2022 12:27	4/6/2022 12:27	Section B has a negative impact on Prosper and surrounding homes and businesses of the segment. Residents have moved to the area due to it's location and distance away from busy traffic and 380/75. This will raise safety concerns, noise levels, pollution and destroy our standard of living...not to mention property values across the board.. The fact that this is also being proposed through the Mane Gait property that serves children with disabilities and veterans is inexcusable. The lack of planning from surrounding communities should not be Prosper's burden.		Evans	Todd						
2188	05695608-e421-4578-8992-811153da79bc	4/6/2022 12:40	4/6/2022 12:40	Allow east/west access at the Lakewood Dr. US380 intersection		Hartman	Jerome						
2189	f28122ca-82bd-481f-8b99-cccdc5d8c6f5	4/6/2022 12:53	4/6/2022 12:53	Other than alternative A keeping 380 on 380 all other alternatives are not acceptable and are detrimental to the Town of Prosper. Prosper planning and zoning has always planned for sufficient setbacks on zoning along 380 to allow for 380 expansion where McKinney hasn't. KEEP 380 on 380!!!		Franco	Andy

2208	5c9e5a5a-95c8-47db-8b56-36e405926656	4/6/2022 14:26	4/6/2022 14:26		I'd rather revisit and adopt alternative F, the blue line. I have seen similar projects elsewhere result in the existing businesses floundering due to reduced traffic flow resulting in their eventual displacement as they chase vehicle count. I suspect Raytheon was instrumental in the rejection of alternative F and if so, I wonder if TXDOT has tried hard enough to develop creative solutions for that small segment.	David	Paolo						
2209	e9fd77a-de4a-4fd2-80b0-539efb562dff	4/6/2022 14:28	4/6/2022 14:28	We strongly oppose segment A as it would most negatively impact existing businesses and households. This route is a non-starter. It seems quite obvious that segment B is the most reasonable and least disruptive option for the western end of the project.		Latson	William						
2210	e4ecb330-67a4-4886-8d67-79fcd131e597	4/6/2022 14:31	4/6/2022 14:31	As a homeowner and citizen of McKinney, TX., I strongly support the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.	I strongly oppose Segment-A. It should not be considered for the following: *Destroys small businesses West of the 380 and Custer intersection on the North side. *Creates an overpass on 380 over Stonebridge Drive and Custer Road. *Decreases traffic safety and increases traffic on Stonebridge neighborhood streets arterial to Highway 380 including Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in neighborhoods and reducing property values during construction as those are the only roads leading South from 380. *Causes construction of a large interchange at the Segment-A and 380 intersection, which is above Kensington Village, likely depressing home values in that area. *380 will be demolished and moved North to be rebuilt so the South side of the new access road (same as existing 380). Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.	Enriquez	Eddie						
2211	3bf5a953-eef1-4ab9-8836-189acf5f9d73	4/6/2022 14:36	4/6/2022 14:36	I am writing regarding my opposition to HWY 380 Brown and Gold alternative routes (Segment B) due to immediate and long-term impacts to the Town of Prosper. Therefore, I fully support the Prosper Council Resolution 2021-34 passed on July 13, 2021. I request that you also fully support this Resolution by strongly opposing any proposed alignment changes, including the new Gold and Brown alternative segment B alignments. Regards, Amanda Routen		Routen	Amanda

The impact from segment B on our community is out of proportion to the size of Prosper. The city of McKinney is where the congestion problem mainly exists but it is obvious that they want to move the bypass out of their community and move it to Prosper. For Prosper, just the loss of property tax revenue from the right of way will have a severe impact on this community. Thank You, Jim Witzel		Witzel	James						
2219	f386b5e1-3126-4e75-837d-82437709354a	4/6/2022 15:08	4/6/2022 15:08	I strongly support the Segment-B as it looks like it will be the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and very close to US 380. It appears that it will improve traffic flow - and, isn't that one of the major points to this effort? It is also the least expensive by almost \$99 million. As a taxpayer, this is very important. I like progress, but do it wisely. I strongly oppose Segment A as it destroys 17 small businesses (the backbone of the American economy) west of the US 380 & Custer intersection. It doesn't appear to improve traffic safety, but instead appears to increase traffic on Stonebridge, Ridge and Lake Forest - maybe more. I'm also not in favor of the potential overpass at US 380 & Custer. So many negatives and it costs about \$99 million more than Segment-B. That sounds like fiscal foolishness.		F	S

2221	22226fbe-af03-46ca-8641-c1537683d867	4/6/2022 15:12	4/6/2022 15:12		In my opinion the burden of improving 380 should not be placed on the residents in the areas near any of the proposed alternatives. 380 is indeed problematic at certain times of the day however, it is my opinion that the solution should be to improve the existing highway where it currently is situated. It seems like a waste of funding and time to cut completely new roads in areas that will negatively impact the residents in the area myself included. I urge TXDOT to keep any 380 improvements ON 380 and OUT of any of the proposed bypass areas. Thank you for your time.	Gardner	Jessica						
2222	02536c19-ea04-4f23-8805-a92c927c67d4	4/6/2022 15:18	4/6/2022 15:18	As a 9 year resident of Prosper, Whispering Farms subdivision, I am very upset that Prosper is even being considered to take the impact of such a project. It is not Prosper's problem. Prosper allowed for growth along 380 and should not take the financial hit on this project. McKinney is a huge profitable city that can and should handle the damage this will cause. I'm sure I'm not telling you anything you haven't heard 1000 times already but you'll hear much more from McKinney residents because McKinney is HUGE. Prosper deserves to not take the hit when there are other options available that won't hurt our town. ABSOLUTELY NO to option B PLEASE. Thank you.		Hyatt	Louise

It will displace the Mane Gait facility and reduce the property values of the homes and developing residences and displace the current businesses near the Custer / 380 intersection which is already too conected and hard to get too. Segment A is the best option due to the undeveloped area that is not suitable for development in that area. It has the least impact on current and future development and area property values.		Walker	Jimmy

2242	513f0c52-6e7d-4224-8b92-7a4d48c6b850	4/6/2022 16:38	4/6/2022 16:38	<p>My husband and I own a home in Whitley Place in Prosper, TX and are highly opposed to ALL Segment B options for highway US 380 which will bring 380 dangerously close to our home. Research shows that highways such as this cause an increase in the level of pollution and a decrease in air quality due to emissions. They also such cause an increase in noise due to heavy traffic.</p> <p>As senior citizens, most concerning to us is the increase in crime associated with highways such as the proposed Segment B Options, which will compromise our safety, safety of others, and property values. We paid a higher price for our home because it is located in Prosper and away from major highways. Segment B options will destroy the property values in our neighborhood. Prosper ISD also located schools away from major highways to protect our children. Segment B options will route heavy highway traffic dangerously close to Cockrell Elementary, Rogers Middle School, and Walnut Grove HS.</p> <p>Keep US 380 on US 380!</p>		Wilson	Linda

Option B is better for economic, engineering and environmental costs, all far lower with B. \$100M lower total, easier construction, no aqueducts, local traffic disruption, and far lower environmental impacts. Trees take decades to grow and with B, 35 forest acres impacted vs. 67 in A. B has zero hazmat site impacts. A has 11. 2,813 less linear feet of wetland, rivers and streams impacted with B. Segment A destroys 17 small businesses west of 380 and Custer. Huge safety concerns with A re access to hospital, police and fire access to neighborhoods like Tucker Hill, 3 area high schools and teen drivers having to navigate construction zones. Noise and pollution impacts to already developed area. Ridge road already under development as main arterial road making segment A ramp duplicative and wasteful. Segment B is the best option given these and many other reasons</p>	Segment B is the far better option and TxDoT's own expert study has already determined it does not impact the Manegait facility. In addition, the city of McKinney supports segment B and opposes segment A. The city also offered to relocate Manegait. One person's wishes, however influential or political, must not be favored over the wishes of an entire city and the state's fiduciary responsibility to taxpayers. Co-opting a protected group of people, those with disabilities, for personal gain is exploitive. Horse therapy is classified as augmentive and is not considered essential physical or occupational therapy. Horse therapy is admirable and welcome. However, it should not be used for political or personal gain, particularly given the overwhelming evidence of option B being more viable for economic, engineering and safety and environmental reasons. Segment B is \$100 Million cheaper, far easier to engineer given location and has far fewer safety and environmental impacts.	Stephan	Andrew						
2253	3723629d-0850-480b-8d45-b344f5370ec0	4/6/2022 17:32	4/6/2022 17:32	<p>Segment B comments against proposal below:</p> <p>Prosper has passed 7 resolutions AGAINST any expansion that does not align with current 380 routing through town limits.</p> <p>Prosper has planned for 380 widening within town limits. The lack of zoning and foresight by McKinney should not be corrected by going against Prosper town planning.</p> <p>B would impose significant, negative impact to existing and future developments planned by Prosper. Over 360 homes and thousands of residents would be impacted.</p> <p>The increase in ground level ozone impacting schools, residents, ManeGait and Founders Academy would conflict with NCTCOG Air Quality guidelines.</p> <p>B is in close proximity to schools and cemeteries causing displacement.</p> <p>B would have numerous adverse effects on Prosper: increased traffic, increased noise, air pollution, decreased safety and significantly decreased property values.</p> <p>Why can't the Collin County outer loop already under way be used instead of segment B saving millions of dollars?</p>		HANSEN	Sue						
2254	5522c592-c2fb-4a6a-8af7-dc28fe540d98	4/6/2022 17:34	4/6/2022 17:34	<p>I am OPPOSING SEGMENT B.</p> <p>The US380 project Segment B will place an undue hardship on the residents, schools, recreation, and ManeGait Therapeutic Horsemanship facility.</p> <p>Segment B would create significant environmental pollution, and increased vehicular congestion as well as air quality concerns to a high population dense area. Transportation studies have shown that efforts to mitigate traffic congestion in this manner have been proven to further exacerbate the concerns mentioned above.</p> <p>See: https://cityobservatory.org/reducing-congestion-katy-didnt/ https://archive.curbed.com/2019/8/5/20754435/houston-traffic-highway-i-45-north-txdot</p> <p>My recommendation is to leave US380 traffic on US380 and thereby reducing the effects of environmental impact on the adjacent residential communities.</p> <p>Thank you for providing this space for the opportunity to express concerns regarding this proposed bypass.</p>		Rodgers	TE

2259	00a2f5a5-e9bf-4a1b-8def-4d29a3b15c6f	4/6/2022 18:07	4/6/2022 18:07		I strongly oppose Segment A as proposed. Utilizing the information from the provided Segment Analysis Matrix, it should not be considered because of the following. - Segment A would provide slightly more congestion in both am and pm rush hour commutes. - Segment A requires more total segment length. - Segment A requires 1 more new interchange. - Segment A would result in 7 major utility conflicts compared to 2 with Segment B. This difference is an estimated \$35.8m more to renovate/relocate utilities with Segment A as opposed to Segment B. - Segment A would result in 17 business displacements as compared to zero displacements with Segment B. - Though Segment A requires less total ROW acreage, it come with a price tag \$41m higher than Segment B. - Total estimated construction for Segment A would be \$98.8m more than Segment B. For the reasons listed above, I oppose Segment A and strongly support Segment B as the best option to improve traffic while saving taxpayer money.	Montgomery	Timothy						
2260	aaac934d-7cd9-43ed-826c-38ce7d463f1c	4/6/2022 18:07	4/6/2022 18:07		It makes ZERO sense to approve Option B through Prosper. It negatively impacts our residents, businesses, ManeGait, Prosper ISD schools, Founders Classical Academy Prosper, and our future growth and development. It also negatively impacts the reason most people moved to Prosper in the first place — to escape the rat race of the city for open spaces, solitude, and a small town feel. We have the support of the Town of Prosper, Prosper ISD, local business owners, landowners, parents, and students - who are all unified in our stance that we OPPOSE OPTION B in all forms. 2263	3dd3e53a-6c75-4a42-8e4f-e47fd1a315a7	4/6/2022 18:15	4/6/2022 18:15	The proximity to Prosper High School #3, Founders Academy, and Mane Gait are all the proof that is needed that Segment B is unacceptable.	As a Prosper resident I vehemently oppose segment B. Bisecting our town for the sake of highway expansion is egregious. 380 expansion must remain on 380 or look to segment A. The town of Prosper has planned for years for the necessary improvements to 380. The Town of Prosper is almost a third of the size of McKinney and would be devastated from highway expansion within the borders of our town when a perfectly good expansion along 380 is feasible within the town limits. McKinney should not have their "cake and eat it too". The City of McKinney developed along the 380 right of way with limited consideration of the future. The Prosper community would suffer greatly from Segment B including proximity to Mane Gait, Founders Academy, Prosper High School #3 and numerous residences. Any cost savings for Segment B over Segment A are irrelevant.	G.	Allen						
2264	84ca7698-9c10-4eac-814e-a4e64b107a7a	4/6/2022 18:18	4/6/2022 18:18	I am a resident of Prosper. Our town is perfectly willing to have 380 expanded along it's current location. We planned for it. But now you want to push McKinney's problems onto Prosper. If McKinney needs to have an alternate route, that solution should lie within its own city limits and not pawned off onto our city. Option A is the only solution that should be considered. It diverts the highway project far less (in miles) than option B and keeps McKinney's problem in McKinney. Judge Self's political clout should not have a bearing in this matter, even if his neighborhood will be affected!		Ferguson	D

2266	e43480b8-7eeb-45a2-8544-f8395238aadd	4/6/2022 18:27	4/6/2022 18:27	I am a resident of Brookhollow who just recently purchased a home. This segment B would be detrimental to our neighborhood and town of Prosper. It would divide the town and create lost income from property taxes from the future developments of Brookhollow by running a 12 lane hwy through this area. Not to mention the horse property owned by the Darling family that was deemed safe years back. This change would cause many of the Brookhollow residents to move therefore moving children in schools and having such a negative impact socially and environmentally on the town of Propser. We moved to this town for a reason and TXDot is looking to destroy it. NO ON SEGMENT B!!!		Messerschmi	Alissa

2269	2fdd1e6f-9760-44f0-8e16-a28d097e3cc0	4/6/2022 18:29	4/6/2022 18:29	As a homeowner in McKinney, I SUPPORT the Segment-B bypass alignment option. I strongly oppose Segment-A. It should not be considered because: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. *It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area.		L	Deborah						
2270	04243150-3c23-4304-831d-a9565a69d9bea	4/6/2022 18:29	4/6/2022 18:29	I oppose all options of segment B through Prosper		kaiser	joe						
2271	fa58afdcd8cb-4145-88f0-ef744be86e17	4/6/2022 18:29	4/6/2022 18:29	I am opposed to Option A as it would place a Major 8 Lane Highway within feet of established Residential Neighborhoods in Tucker Hill, Auburn Hills and Stonebridge. It appears TXDot has had to "Shoe horn" the proposed new roads between THill and Wren Creek communities in order to accomplish the project recognizing that it will place the roads within feet of family residences which is not a preferred construction method. The current proposal also provides no direct access to Tucker Hill for Emergency services. Option A severely and negatively impacts over 1,000 established residents between Custer, and Ridge Roads at a significantly higher cost to the Taxpayer. I support Option B as it saves the Taxpayers Millions of Dollars, uses undeveloped lands thereby impacting few established residential and commercial properties.	It is accepted that 380 needs improvement due to rapidly growing populations but trying to make up for past failures to address these needs by a mass expansion of 380 into established Residential Areas creates more problems and significantly impacts the quality of life of current residents. I would submit due to the growing population in NTexas the Collin County Bypass Project should move forward now before you are confronted with the same issues. Thank you	Campbell	Patricia						
2272	968c7479-d865-4a97-8318-b7aa68864ae2	4/6/2022 18:33	4/6/2022 18:33	As a resident of Prosper, I find it ridiculous that poor planning by McKinney could potentially negatively impact our town. We bought in our neighborhood to specifically avoid 380 and it's continued growth. Now we are in the crosshairs while those who knowingly chose to live close to the highway are spared? Our town has a well thought out plan for growth and should not be adversely affected by surrounding towns that failed to plan accordingly. Keep 380 on 380 and out of Prosper.		Henry	Kris

2273	7a1e42b4-76ca-4a25-83e1-3e7ef064e76a	4/6/2022 18:37	4/6/2022 18:37		I support Plan B. It's the least disruptive during construction, preserves the most current businesses and homes, and the least expensive plan. Plan A is more expensive, more complicated, and creates a lot of disruption during years and years of construction. Plan B has zero business displacements versus the 17 required for Plan A. The total number of *homes* displaced by Plan A is greater than that of Plan B, and it's not like most of the home builders that would be displaced by Plan A didn't know it was possible that building there was going to be a potential conflict in the near future. They made the bet knowing the risks and should be willing to deal with the fallout. Plan A would also make the Custer/380 intersection way more complicated and would cause HUGE traffic problems for many years at a very busy intersection. I honestly don't know how any sane person could think Plan A makes any kind of sense.	Childers	Thomas						
2274	4412a00e-8eb3-4d18-804e-d3b5767dbfd1	4/6/2022 18:42	4/6/2022 18:42		I support the section B alternative as it impacts less of the homes already established.	Waldrop	Jeff						
2275	e2c71fdc-6b70-41ed-89d7-1644a7abfb0f	4/6/2022 18:54	4/6/2022 18:54			Weddie	Robert						
2276	8dc166f6-a43d-4aad-8e07-20c2b39d65b5	4/6/2022 18:57	4/6/2022 18:57		I am not sure why McKinney's poor planning becomes a need to gut Prosper. The town that we have grown with excellent schools, planned neighborhoods and a small town feel will be completely destroyed with this poor planned 380 bypass. Not only will you displace families but also create safety concerns, noise pollution and trash. Our housing values will plummet and many of us who moved to Prosper as our forever home will be forced to leave- 380 needs to stay on 380.	Zebroski	Cindy						
2277	d24363ac-49ad-413e-85ac-37c966dfd87f	4/6/2022 18:58	4/6/2022 18:58		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option and OPPOSE the Segment-A option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. To be frank, if the matter is analyzed objectively, there is no logical reason to proceed with Segment A.	Walker	Clint						
2278	7ea6a65c-c9e5-4534-81be-b85cf2039a40	4/6/2022 19:17	4/6/2022 19:17		I oppose the use of Planned section B for the US 380 bypass. This will increase the noise pollution of nearby neighborhoods. In general, Propser does not need, nor want the 380 bypass.	Zastrow	Lyn						
2279	20dfd85-2dce-4f9b-83ac-dc9d17c572f3	4/6/2022 19:20	4/6/2022 19:20		I am strongly opposed to Option A. Numerous onerous reasons including: Option A 17businesses. Option B displaces zero. Option A cost to relocate utilities is \$61 million, Option B is \$25 million. Option A total cost to acquire right of way is \$178 million, Option B is \$137 million. Option A total cost of design/construction is \$450 million, Option B is \$428 million.. Option A total cost is \$100 million higher than Option B. Option A impacts more areas of natural land areas than Option B. Option A impacts 14.9 acres of Statewide important farmland, Option B only 2 acres. Option A causes increased noise pollution for Stonebridge Ranch neighborhoods. Option B does not cause noise pollution, due not being as close neighborhoods. Option A would cause increased traffic on Stonebridge Drive and Ridge Drive which both have schools very close to HWY 380: Wilmeth Elementary& Mclure Elementary. Fiscal responsibility is of dire necessity with increasing burdensome property taxes.	haynie	lloyd

2283	ed65443c-9c40-4fc2-8b96-8dc1117081c9	4/6/2022 19:48	4/6/2022 19:48		As a homeowner and citizen of McKinney, TX, and as my house directly backs up on Ridge Dr., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option when compared to the cost of the Segment-A alignment. I strongly oppose Segment-A. It should not be considered for the following reasons: *The cost differential of A is \$99 million more than B. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380.	Foreman	Russell M							
2284	edf74ba7-9c71-4b71-8908-e38b5088ca48	4/6/2022 19:50	4/6/2022 19:50	Our house backs up to Coit and I do not want a freeway right across the street for multiple reasons: excessive noise, massive decrease in property value since no one wants to live right next to a freeway and we would never be able to sell our house, increased traffic. Anytime a freeway is built through a neighborhood, the area declines. We moved from Carrollton specifically because it was becoming way too crowded and not as nice as it used to be. That is the whole reason we moved to Prosper in the first place. Prosper/McKinney/Prosper ISD is a safe, clean, well-kept area with great neighborhoods and schools. It is not Frisco. A freeway will devalue the area and ruin surrounding neighborhoods. This is not the solution.		W	Kristen							
2285	fa442c98-7804-4e97-835a-69bcf4903a40	4/6/2022 19:54	4/6/2022 19:54	I am a homeowner of Lakewood. We are very upset about the segment B, it will not give us any convenience but the opposite. We need the entrance of Lakewood Dr and 380. That's our main entrance. And segment B will make Coit Rd very crowded and it's is small road. We moved too Prosper for a quiet and easy life. I can't imagine how much it will change our life! Please NO Segment B!		Yin	Xiaoxiao							
2286	3e11ad4e-8290-4e27-8f73-e7a7c933767c	4/6/2022 19:54	4/6/2022 19:54	No further expansion of 380 in Prosper. The DNT is 6 lanes so the proposal of a road that is larger is absolutely ridiculous and unnecessary. Spend you time looking further north if you want to implement that sort of road.	No further expansion of 380 in Prosper. The DNT is 6 lanes so the proposal of a road that is larger is absolutely ridiculous and unnecessary. Spend you time looking further north if you want to implement that sort of road.	B	B							
2287	296ec431-713b-4bdd-8307-285571ec49be	4/6/2022 19:59	4/6/2022 19:59	I absolutely 100% disagree with option B as the choice for the 380 bypass. It is ridiculous that the route would even be considered with the impact it would have on homes and schools in Prosper. I don't care that the mayor of McKinney might lose some land in one of the other routes. And the fact that the Town of Prosper has made several resolutions against option B yet it keeps being pushed makes me wonder whether the city of McKinney has more pull than Prosper. The people of Prosper matter too. And it would take away a very important therapeutic horse farm that has served the disabled community. Not to mention the schools that have already been started and future schools. It's a travesty that option B is still on the table. I've never been so upset about a road before but this would be a complete failure to the people of Prosper if this is chosen. There must be another route or just KEEP 380 ON 380!! It doesn't seem that either A or B are very good. We need better options!		Butler	Kelsie

2300	4597bd48-1452-4d40-8d83-fc38ba08f7c7	4/6/2022 20:53	4/6/2022 20:53		I stand in opposition to proposed segment B that would run through Prosper, TX. This route would adversely affect a large portion of Prosper, which is only 3x9 miles to begin with. Segment B would impact current and planned neighborhoods, schools, and a not-for-profit equestrian center that serves special needs kids and veterans in our community. Many of us chose Prosper over Celina or McKinney, in large part, because of the small-town feel. The town of Prosper has carefully planned many beautiful neighborhoods and schools that now risk having a 12-lane freeway run through the middle of it all. This would adversely affect tax revenue used to plan budgets for the coming years, and it will affect future growth due to the congestion that will undoubtedly be the result of the proposed highway. Prosper is too small to endure such an encroachment. The equestrian center, which our community relies so heavily on, will also not likely survive. NO to Segment B!!	White	Mary						
2301	eb220506-f564-49d8-8e5c-8b8104b0d78b	4/6/2022 20:57	4/6/2022 20:57			M	J

2304	53d08572-e6f7-4a40-86ab-ae2e7109fe09	4/6/2022 21:05	4/6/2022 21:05	<p>We strongly oppose Segment/Option A for the safety of our children & community, for environmental impact, and for the destruction of local business.</p> <p>Option A directly impacts the safety of our children and community in two ways:</p> <p>(1) This section of 380 is the main route of access to THREE major high schools. All traffic will be funneled into local neighborhood roads (Stonebridge, Ridge, Lake Forest). With many families here, plus teenage drivers, this puts children's lives at risk.</p> <p>(2) 380 is also the direct route to Baylor Hospital. Construction with Option A will impact emergency vehicles and paramedics ability to get patients to emergency care.</p> <p>Option A also destroys more natural environment and is also the longer option vs Option B. More road means more pollution and damage to the environment over time.</p> <p>Lastly, we oppose A because 17 local businesses will be destroyed, with negative impact to access for countless others.</p> <p>For all these reasons, we oppose A and support B.</p>		Wu	George						
2305	3eca0ee2-95e7-4e3c-8f0a-30a83db964ae	4/6/2022 21:11	4/6/2022 21:11	<p>As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.</p>	<p>I also strongly oppose Segment-A. It should not be considered for the following reasons:</p> <ul style="list-style-type: none"> *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values during construction as those are the only roads leading South from 380. <p>Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of the Stonebridge community.</p>	Penn	Rebecca						
2306	ff838dcd-ed06-4a83-8ec6-70d85db4599c	4/6/2022 21:12	4/6/2022 21:12	<p>I am 100% opposed to Option B. I bought a home in Whitley place specifically because it was not next to, but in proximity to 380 for ease of getting to work but without causing noise pollution. I was aware that the plans for any 380 or Custer Road expansion were on the roads themselves at least according to the town of Prosper. Now, however, simply because McKinney did not plan effectively for future needs, my home and my town are at threat of suffering the consequences even though our town planned appropriately. I am beyond frustrated that Option B was not even an option in the original plans and came about simply due to the complaints of McKinney residents (in influential places) who want to push their town's lack of planning onto the residents of Prosper. One town's failure should not become the burden of another town's residents.</p>		Grant	Thrasher						
2307	7168db37-0beb-457e-8fd7-fa829540e11c	4/6/2022 21:16	4/6/2022 21:16	<p>Having this bypass go through Prosper doesn't make sense. This is McKinney's problem from poor planning. Prosper schools, MainGate, retirement communities, Prosper residents, and Prosper businesses are all at risk of being damaged due to McKinney's poor leadership. This is not right. 380 needs to stay on 380! No no no to option B!</p>		Nayar	Tia						
2308	a1c800c8-1f6d-4ff4-8399-703d470c3d1e	4/6/2022 21:21	4/6/2022 21:21	<p>These are ridiculous options. People will lose their homes. You should have thought about this 15 years ago rather than destroying families and the town of Prosper.</p>									
2309	0987f10b-9f86-4eb5-8fac-5b7ad4975eda	4/6/2022 21:24	4/6/2022 21:24	<p>As a member of the Prosper Community, and frequent user of the 380 system as currently constructed, I would hate to see the roadway deviate from its current pathway by cutting through a different stretch of land/property. It seems like a much more efficient use of the land to keep the footprint as close to where it currently is as possible. This is a major endeavor and it's impact will be felt on generations to come.</p>		Lawrenson	Jeremy						
2310	6ae4da95-4690-4785-8638-86280b87ff75	4/6/2022 21:25	4/6/2022 21:25	<p>This highway option C would end up being about 800 feet from our new house that we built up here to get away from loud, highways and traffic. What a huge waste of tax dollars just to route traffic around the businesses on 380. We are in the new community of Willow Wood and we all strongly oppose option C.</p>		Baker	Jeremy						
2311	9e230563-8aa2-440b-8e47-b5153b83f05e	4/6/2022 21:33	4/6/2022 21:33	<p>As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. 2313	09308cca-ee1d-4885-8bb2-531821cb475d	4/6/2022 21:41	4/6/2022 21:41	This is too close to the Mane Gait therapeutic horse-riding facility. It has been there for many years. This therapy is crucial for many people with special needs. Also many typical adults and teens volunteer hours working with these disabled people. Both the construction and the ongoing traffic would be detrimental to the safety of the animals and patrons. Another 380 plan was already nixed because of proximity to this location, and this one is even closer. Please deny this plan and work on one that doesn't endanger the therapy being performed there.		Waugh	Brian						
2314	56e3a023-0ca0-42a9-8d0f-9baefae596f6	4/6/2022 21:42	4/6/2022 21:42	None of these segments disperse the worst part of the route! The issues begin in Princeton. And, Princeton is adding many new houses, apartments and businesses on there east side. We need a route that goes from Farmersville and goes north to connect into the northern routes. I live in Greenville and travel 380 many times each month. Last Friday (4/1/22), it was stop and go from Monte Carlo all the way into Princeton, because a street light was flashing red at the intersection by CVS and Sonic. There are no good alternate routes to speed things up. If there is a wreck, you are stuck unless you have a four-wheel drive truck to go down gravel roads.		Russell	Donna						
2315	7b5954c6-25da-435c-8bd6-9b654e64cfec	4/6/2022 21:45	4/6/2022 21:45	See comment below	We are a small town and the adverse impact on our neighborhoods will be much greater because of our limited area as opposed to the negative impact that would be suffered by the much larger area that is McKinney. We beg you to please select a route other than option B. Thank you most sincerely, Bob Jeffus	Jeffus	Bob						
2316	c7443e5a-f6cd-4142-8219-8a67baff6975	4/6/2022 21:45	4/6/2022 21:45	See comment below	We are a small town and the adverse impact on our neighborhoods will be much greater because of our limited area as opposed to the negative impact that would be suffered by the much larger area that is McKinney. 2317	3932d759-c422-4ec6-8cec-c9e34d827f0a	4/6/2022 21:56	4/6/2022 21:56	I am a Prosper resident and have kids in the Prosper ISD. We strongly OPPOSE SEGMENT B. Three Prosper ISD schools would be directly impacted. Additionally, the newly built Founders Academy would be extremely close to this highway. ManeGait Therapeutic Horsemanship facility will be negatively impacted as well. Segment B cuts through their land and becomes even more disruptive to a population that is there for therapy and needs less disruption, not more.		Bushnell	Joanna						
2318	47b1aa88-a698-4a1d-8847-e532ef152a63	4/6/2022 22:02	4/6/2022 22:02	As a resident of Prosper, I fully oppose Plan B of the 380 Bypass. The town of Prosper already has plans for the land along the Plan B Route. Adding Plan B Bypass thru that area would be detrimental to the City of Prosper. Prosper has proactively prepared the 380 corridor running thru Prosper for additional traffic needs due to additional residential homes. They have strategized & planned for additional schools, funded by the property tax revenue generated from those developments. Building Plan B Bypass through this area will make significant cuts to the projected tax revenue necessary to fund our schools. The education of future Prosper students needs to be our highest priority. I believe a 55+ development has been approved for that area as well. With many senior citizens relocating to the town of Prosper, a 55+ community is crucial. I urge TxDOT to implement Plan A and oppose Plan B. Thank you for reading my request.		Friedrichs	Grace						
2319	0ecb4951-7908-46e4-8431-10c91e2ca92f	4/6/2022 22:03	4/6/2022 22:03	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B.		Cohen	Trudy						
2320	2edf985b-564d-4559-8170-e813450c9cc4	4/6/2022 22:13	4/6/2022 22:13	I live in Whitley Place (\$700K - \$2M+ homes), which is very close to Option B. My concern is home value loss, unwanted traffic and additional retail that can come along with these types of projects. Prosper is considered the 'Highland Park' of North Texas and we want to keep it that way. Option B would seriously hurt this perception and drive folks away. Why can't we just keep 380 on 380 and make it an above ground/on ground highway like Austin and Dallas has done. This would eliminate displacing anyone. The biggest issue on 380 is all the trucks. Move them to an express above ground highway and leave the lower highway for local cars. Or build a full rural work around for just the trucks north of Frontier and you won't have to build such a large highway.		Huffman	Todd						
2321	10202cef-49eb-4b3f-8c5f-657db79d5997	4/6/2022 22:14	4/6/2022 22:14		Please keep 380 on 380. I don't want any changes to the land or property anywhere other than on 380. Please keep 380 on 380.	Moulder	Keely						
2322	f9f63cd7-37f6-4820-83f2-2ba5dd21a217	4/6/2022 22:14	4/6/2022 22:14		Totalling against anything going North of 380 through Prosper. It would have a negative impact on this small community.	Russell	Tom

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
2324	4841fe7e-786c-4633-846a-4378a12b6e33	4/6/2022 22:28	4/6/2022 22:28	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option and I strongly oppose Segment-A. Segment-A should not be considered for the following reasons: It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. The cost of Segment-A is \$99 million more than Segment-B. It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods and reducing our property values. It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Placke	S						
2325	72b2ceb9-cc7a-40dd-85d4-b2e5a90392ec	4/6/2022 22:31	4/6/2022 22:31	I live near Options A and B. Option B is more favorable in every way. Option B costs 99 million LESS in tax payer dollars, and no current businesses would need to be shuttered. Option A displaces 17 currently open and active small businesses and displaces a couple of homes, while costing tax payers 99 million more. Option B is through an area overwhelmingly not yet developed - no businesses are displaced.		Knight	Shannon						
2326	de2c4c71-fa82-45d3-8ba4-b0e757e5c7c1	4/6/2022 22:34	4/6/2022 22:34	I strongly oppose Option B due to the impacts to the safety of the many children in PISD (many of which come from other cities, including McKinney), the impacts to businesses, and especially the disrespect toward, and negative impacts to, the Mane Gait facility. Prosper has chosen leadership that logically plans for the future and the best path for their residents. I am sorry that McKinney does not have thoughtful or capable leadership, but that is not Prosper's problem. A lack of planning on their part does not constitute an emergency on our part. This needs to be a learning process for them rather than just sweeping their mistakes under the rug and foisting them on others.		Brooks	Terri						
2327	86a52e33-eef7-4142-8043-fc23d0137bdc	4/6/2022 22:41	4/6/2022 22:41	Why not choose an option west (B) where there's fewer homes to be disputed. Any other option will cause such a traffic congestion problem for Stonebridge Ranch which is a 30 year established neighborhood. It will also increase noise and hurt values.		Knipe	Veronica						
2328	513d6ffa-efcd-45c8-8b34-9aa68caeecc9a9	4/6/2022 22:41	4/6/2022 22:41	A bypass at location B impacts 11 neighborhoods, 4 schools including one High School with new drivers. Additionally it impacts MaineGait a Therapeutic farm that has done amazing work with so many kids in the surrounding communities. Consider building above the existing 380 so as not to impact a small town like Prosper. Many of us live near 380 already and are impacted heavily by the noise and emissions from 380. In addition 380 is very dangerous to drive on and we don't need an additional highway that will cause more accidents and tie up our first responders.		Morrell	Kelly						
2329	cc080e8e-6c2b-458a-8641-4920455a3d36	4/6/2022 22:48	4/6/2022 22:48	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: >It will also cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area. > Curve is very sharp which will lead to more safety issues. >It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. >It will create an overpass on 380 over Stonebridge Drive and Custer Road.		Alberti	John						
2330	4460c076-485f-4d49-88d6-88c9f40bc3a9	4/6/2022 23:10	4/6/2022 23:10	I am strongly opposed to Option A for the US380 expansion project for the following reasons. • Option A displaces a total of 17 businesses, Option B displaces ZERO • Option A cost to relocate utilities is \$61 million, Option B is \$25 million • Option A total cost to acquire ROW (right of way) is \$1.78M, Option B cost is \$137M • Option A total cost of design/construction is \$450M, Option B is \$428M • Option A total cost is about \$100M higher than Option B • Option A impacts more acres of wetlands, river/streams and forest/prairies than Option B • Option A impacts 14.9 acres of Statewide Important Farmland, Option B only 2 acres • Option A's increase in noise would have a severe negative impact on established Stonebridge Ranch neighborhoods. Option B does not come as close to any existing neighborhoods. • There will be considerably increased traffic on Stonebridge Ranch Dr & Ridge Rd which both have elementary schools close to 380: Wilmeth and McClure.		Ruiz	LH						
2331	3a630a29-e41f-444f-8627-3170331ca562	4/6/2022 23:13	4/6/2022 23:13	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.		Gregory	MaryAnn						
2332	4bb86ab7-8932-43cc-8ce1-3790ce0fd771	4/6/2022 23:33	4/6/2022 23:33	Please do option B! Not only will it put less people out of their homes, it will cost less. Tucker Hill is a beautiful neighborhood enjoyed by so many people who live outside of it. People are constantly here to take wedding pictures, homecoming pictures and attend public events. Being surrounded by an 8 lane hwy will devastate this park like area. In addition, custer road is already going to be a large road. It seems the the obvious place to enlarge. In addition, it seems a real safety concern with children running all throughout a neighborhood. Option A seems to run near larger roads already. Our city seems to be growing faster than others which is fine but can't we at least still have some symbulance of neighborhood. Prosper still has that because it's set off the roads. We will sit right on it if you use A. Please please consider option B! Thank you for all you have done to date.		K	T						
2333	3369dab1-a9ef-43b6-8390-8252c04fbb4	4/6/2022 23:33	4/6/2022 23:33	Why doesnt TXDOT consider making most of the intersections on 380 overpasses as the state of VA did along Route 7 and Route 28 in northern VA?		BK

2334	4c957e44-b40a-43b7-8bb4-38e6308f341e	4/6/2022 23:38	4/6/2022 23:38	As a homeowner and citizen of McKinney, TX, I strongly support the Project 380 Segment B bypass alignment option. This option appears to reduce pressure on a larger portion of US 380 and be less disruptive having been adjusted to minimize existing developed or sensitive areas. The current estimate is \$99 million less than Segment A. Segment B avoids a large interchange, overpasses for Stonebridge Drive and Custer Road along with associated water duct infrastructure and the long-term maintenance cost for future generations as they age. Segment B allows for less destruction and replacement of the existing 380 infrastructure investment. Segment B also appears to be the best option to enable high future growth to move traffic flow safely, minimize air quality and other environmental impacts in already developed dense residential single and multi-family housing areas. It also appears to enable long term economic growth while splitting the disruption to a small area of Prosper and McKinney.		Hoenshell	Dale						
2335	ba53f51c-fe0a-41d7-89a7-46dae752b3e4	4/6/2022 23:38	4/6/2022 23:38		I am not OK with the current proposal to run 380 through a portion of Prosper. When I moved here in 2013 this was never to be part of the plan. Prosper well struggle moving forward if 380 develops the way it is currently mapped. I have one son who has already graduated from Prosper ISD. I have two other sons prepared to graduate from Prosper in future years. I am deeply concerned about the impact this will have on future generations of Prosper citizens because of the negative effects it will have on our school district. Not to mention the quality of life going down for residents. Additionally, our home prices and real estate taxes have skyrocketed. This 380 plan will devalue our real estate in the area. Completely unforgivable actions. Our money, our way of life, and our children are being disregarded in this current design.	Estes	Holly						
2336	1bf824c4-217f-4fd2-8374-dcf3985809f4	4/6/2022 23:39	4/6/2022 23:39	One of the reasons we chose this place was due to its distance from the main roads, noise and air pollution. Now you want to bring main hwy to our doorstep. I am against this project as a whole, but if i had to choose, i would choose project D as a lesser of 2 evils.		Kopel	Mark

2368	ae978d42-2212-4535-8dca-78a204f163f6	4/7/2022 2:51	4/7/2022 2:51	Route A is a safety issue regarding police, fire/EMS. Also egress from Tucker Hill not being able to turn Eastbound would increase traffic at Stonebridge. Environmental impacts to protected wildlife along Wilson Creek. Route A is also 99 Million dollars more and creates the loss of multiple homes and businesses, whereas Route B does not. Additional traffic on East West thoroughfares and neighborhoods for 18 wheelers and cars trying to avoid the 380 construction is a noise/speed concern .Option B has 2 major utility conflicts versus option A's 7 conflicts. Option B uses land not yet developed making the road more accessible for construction vehicles and it won't negatively impact traffic during construction like option A will. I SUPPORT the choice of Route B as being the best option for easing traffic on 380. Route B makes the most economical, environmental and safety issues.	Hello, I feel that Option B would be in the best interest of the citizens of McKinney. A savings of 99 million dollars is enormous and could be allocated elsewhere to help the city of McKinney. Additionally, the impact of traffic would be felt in neighborhoods and already crowded Eldorado and Virginia PKWY. These roads are already used by people trying to avoid 121 and if 380 were to be shut down by construction, these already crowded roads would be a nightmare. Option B has less of an environmental and displacement impact and wouldn't interfere with East West traffic on 380 while it's under construction. Again, I urge you to go with Option B for alleviating traffic on US380. Thank you for your time.	Weis	Gerald

2370	fba7b4fd-ce6f-41af-8420-3de33df6046f	4/7/2022 2:57	4/7/2022 2:57	I'm for route #B.		Fronhofer	Sandra						
2371	e4b48284-77f7-4743-84cf-a06f1752b988	4/7/2022 2:59	4/7/2022 2:59	To Whom it May Concern I am writing to share my support of choosing Option B for the expansion of US380. Option B would have less of an impact on current traffic patterns on US380 and in turn, have less of an impact on traffic in our neighborhoods. Also, Option B makes more sense in that it won't economically impact McKinney by tearing down established businesses, not to mention the 99 million dollars it would save the county. Option B would also have less of an impact on local wildlife along Wilson Creek and the quality of water there as well. I understand that Mane Gait is concerned with not being able to operate but from what I can see, they will be fully able to operate without endangering their horses or clients. In conclusion, I appreciate your consideration for choosing Option B and NOT Option A.		Weis	Barbara						
2372	5492b515-1a14-4607-85c2-79e96724275c	4/7/2022 3:16	4/7/2022 3:16		I am in opposition to Segment B and ask that you consider keeping US 380 in it's current alignment through the Town of Prosper town limits. This option has too great an impact on many things for a Prosper resident. Town of Prosper property values decrease due to being sandwiched between two major highways, new residential developments that will have a positive tax impact on the town and address an already shortage of homes. As well as running way too close to the high school my children will attend which is option B and ask you to consider other options.	D	Whitney						
2373	1cd4e14e-36d3-4be9-8474-b95c497c0df7	4/7/2022 3:17	4/7/2022 3:17	I support Segment B over Segment A due to the following reasons: 1) Ingress and Egress in and out of Tucker Hill Subdivision-Fire and EMS 2) Noise Abatement from a busy road/freeway 3) Increased traffic on 380 due to rerouted traffic including 3 local schools 4) Environmental Impact Studies specifically on Wilson Creek behind and adjacent to Tucker Hill Subdivision. Many species of animals and birds live on Wilson Creek which are protected in the United States under the Federal Migratory Bird Treaty Act.		Arnett	Bob						
2374	9a93f917-35ae-4804-878a-946b8b81c3e4	4/7/2022 3:21	4/7/2022 3:21	How did route b become a contender? Prosper residents should not be bullied and targeted because of our small nature. We (Prosper) planned for the expansion on 380 and shouldn't suffer over the greed and lack of planning on McKinneys part. Residents in Prosper made informed decisions on buying homes here and should not have this route pushed on us because McKinney homeowners who willingly bought homes off 380 are upset the road is expanding. Keep 380 on 380.		W	L						
2375	cfe24809-0c08-492c-8e9c-1d39cae5bad0	4/7/2022 3:29	4/7/2022 3:29	This is a terrible location for this road.		Uber	Liz

Seems more cost effective and less damaging to community.		Bavari	Uttam						
2381	52fbaa29-76cf-4c4f-81ce-ba2bc3a17509	4/7/2022 3:54	4/7/2022 3:54	Creating a highway to this degree next to these homes and businesses is unacceptable and would destroy the way of life and property values of what would have been highly desirable neighborhoods. We very carefully selected this neighborhood for many reasons and what you are proposing with this large highway and segment A would have alone made me not select this house and move farther south. Every city needs their fair share of thoroughfares, and McKinney ALREADY has theirs. The only logical plan is to go North through Prosper who doesn't have a system of thoroughfares yet. It makes sense to do it now and build around it. 380 is already a large roadway with higher speeds surrounded closely by beautiful family homes. It does not make any logical sense to alter it. There are too many homes that would be worthless in resale value that you would be destroying to alter 380. Please go farther north.		Braun	Robyn						
2382	7390da5d-745c-4b72-8b18-1538fe8560b6	4/7/2022 4:03	4/7/2022 4:03	I oppose section Section B N fields of Manegate will be destroyed I have a child who has been blessed by the Mane Gate program and continues to thrive if this section B moves forward this much-needed community program will be destroyed. This will affect the new Prosper High School, founders academy and a senior center that was planned to be in our community. Keep 380, 380!!		G	K						
2383	6b89d8ba-cac1-4de6-8b56-a48f94d41a71	4/7/2022 4:14	4/7/2022 4:14		We live in the southern portion of the Willow Wood division. These planned routes will take the 380 bypass less than .5 miles from our back door. Many people who are just moving in or building homes will lose tons of equity in their homes due to the bypass. Tom Roberson	Roberson	Tom

2387	3594106f-7e8d-4505-8b7f-75a9f24623e9	4/7/2022 12:00	4/7/2022 12:00	We live in Wren Creek and building with Plan A is going to drastically devalue our homes and affect what is currently a fairly quiet community! It's absolutely insane to try to squeeze such a ginormous project into the available space practically in our backyards!		Roberts	Megan						
2388	66803550-293a-4879-813d-fa8428b5fd3e	4/7/2022 12:04	4/7/2022 12:04	As a Prosper resident I am opposed to segment B. It makes no sense to me that the segment would cut through so close to current and also future residential and future infrastructure. Prosper - geographically speaking is not that large - and the future segment would reduce the small amount of space we already have. Please please listen to those opposed. Thank you.		JD	Black						
2389	8a6d1012-2b20-4bce-8a06-7d569e90c17f	4/7/2022 12:15	4/7/2022 12:15		Hello, I believe more efforts need to be placed on keeping the existing 380 route. This minimizes impact to existing communities. If given the option, drivers will always look for the shortest and most direct route which reduces the benefit of creating the bypass in the first place. Additionally, if sections of 380 both upstream and downstream of the bypass are not upgraded to a similar standard, we are just pushing the choke point those other sections. I envision the best option to be converting this section of 380 into an expressway with limited traffic signals, full interchanges at major signals, a full interchange at highway 75 and greatly reduced entrances and exists to shopping centers and side streets. Given this option, local commuters have a much better throughway to get to local destinations. All true highway/through traffic should then be routed to the outer loop, which has already secured right of way. All efforts should be then moved to accelerating it's development.	Scigliano	Scott						
2390	8d175d43-fa22-42fa-82ec-b4eb5e71514d	4/7/2022 12:17	4/7/2022 12:17	For Segment E passing Heatherwood and Erwin Park, the construction will clearly have a severely negative impact on the neighborhood and park. The illustrations assume there is more land available than reality. What is the specific easement required for a proposed 8-lane highway with 6-lane service roads where such construction passes existing neighborhoods and park facilities?		Sampson	Greg

2392	e1ad55ca-e63b-4388-82de-42e5da4a4e9e	4/7/2022 12:49	4/7/2022 12:49	This is the worst that can be done for people who just built houses and/or paid for those to be built. Any of these proposals will have a major road in people's backyards where children play. The houses in the area will loose in value as well. Now our kids walk home from school, but having major road that close will take away this opportunity and will add additional danger to children in the area. The interactive map is not updated with current development and proposed road looks far away from newly built single family houses. However it's NOT true, because Part E of the road is extremely close to newly built single family homes in Timber Creek. Huge cars that flat this road run every day and it's so loud that it's impossible to be even inside of the house. There may and will be health issues in families living in that proximity to a major road. Once its built, noise level is going to be way higher. I am AGAINST ANY of these proposals, any of those is destructive to our community.		Volovik	Svetlana

2394	12a0be83-1ba7-46f9-8cb2-d32bb51ceb49	4/7/2022 13:13	4/7/2022 13:13	I adamantly disagree with all these options, but especially Option B as it will seriously devalue our home value and most all of east Prosper home values, which are currently at \$700K-\$2M+ and growing. This issue with 380 has been caused by all the growth, new homes and new retail, which has brought hundreds of trucks daily onto 380. These trucks are the biggest issue. I drive on 380 daily and have noticed a massive increase in slow moving trucks, which slows and clogged traffic. Why not move the truck traffic to a rural route or build a rural route for them. Prosper and McKinney are no longer rural, they are both becoming large town/cities with Prosper being now know as the 'Highland Park' of North Dallas, why would you devalue the property value here. If no rural route is suitable, then build an upper level to 380 and keep 380 on 380. Thank you!		Margie	Huffman

This is detrimental to that part of twin. I oppose segment B strongly. We need to think about our town and people.	A	Brian						
2414	dfb03932-7fb3-4609-89f4-5df0691d7ddb	4/7/2022 14:47	4/7/2022 14:47	Option A is not an option as it destroys more existing property than Option B & greatly diminishes property value in the coveted Stonebridge Ranch. Highway noise & increased traffic will drastically disturb existing residence, sight lines & increase accidents. The time construction will take on such a busy, already highly commuted road will be taxing on the residents of McKinney. Option B is the ONLY option.		Tozier	K.						
2415	1b1e05ad-3f4b-487a-8dd1-abcb33189bfa	4/7/2022 14:48	4/7/2022 14:48	Option A. No need to destroy the town of Prosper. 380 already exists. Widen it.		Casone	John						
2416	4d81d93a-9537-4f10-8e8e-1c514ec49fdb	4/7/2022 14:49	4/7/2022 14:49	We want option A. Protect Prosper.		S	J						
2417	31706ba2-6263-4557-89c0-62d8d8c21156	4/7/2022 14:49	4/7/2022 14:49	As a 6 year Prosper resident and seeing what is already happening to our "small town" charm, this would completely remove it by going with Option A for the 380 bypass. B makes the most sense anyways with little disruption to our neighborhoods. McKinney needs this more than we do with them being around 200,000 population. Please don't destroy what we have left of our small town.		Campbell	Paul						
2418	74603371-20bd-4902-8448-d7c5310840a8	4/7/2022 14:55	4/7/2022 14:55	I support Option A. Option B will destroy business in Prosper.		JD	JD						
2419	77919ff1-226b-497f-8824-9737e7176133	4/7/2022 14:57	4/7/2022 14:57			Lepage	Chantal						
2420	394b2567-c34a-4861-8cff-40f0a81d3933	4/7/2022 14:57	4/7/2022 14:57	Option A. Why is it even an option to bypass the current route and cut through a town??? Its not Prosper's fault that McKinney didn't plan correctly.		Lynch	Rachel						
2421	792d177a-337f-420d-8170-35e3b8a6d01f	4/7/2022 14:57	4/7/2022 14:57	I am strongly opposed to Option A. We have lived in Mckinney in Stonebridge Ranch for 22 years, raised our children here, and now deciding if we still want to make Mckinney our home. We live on Stonebridge Drive and we feel that Option A will be very disruptive to our lives, possibly dangerous with the excessive traffic after expanding Stonebridge Drive to 6 lanes. The sound noise pollution is already unpleasant from where we live. I suppose things need to progress though we loved Mckinney the way it was when we got here :). Again STRONGLY OPPOSE OPTION A ! Thank you, Larry and Ruth Wolf		Wolf	Lary and Ruth						
2422	84e4e5a9-32b3-489b-8036-e685f3df5ac5	4/7/2022 14:59	4/7/2022 14:59	I strongly oppose option B for 380. Prosper is a much smaller town and land area than McKinney, and should not be punished because of McKinney's lack of planning for 380. Neither should Prosper be bullied into accepting a damaging choice just because McKinney has more votes. If you look at the land area of McKinney, it is enormous compared to Prosper, and option B would significantly damage both the feel and value of our town.		Price	J						
2423	53e4f90f-8d1e-4052-835b-01cb846d2bfc	4/7/2022 15:00	4/7/2022 15:00	I believe route A is the best option. Route B would be a tremendous disruption to the town of prosper. We are losing so much of the community structure by routing through Prosper and it would be terrible negatively effect so many.		Young	Brian						
2424	07d53f91-5915-4dcc-8c85-26242202dc6f	4/7/2022 15:00	4/7/2022 15:00	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.									
2425	f8357961-2b74-49d5-837a-7f161692fd65	4/7/2022 15:03	4/7/2022 15:03		I think 380 should stay on its current path, but B is definitely not an option.	K	K

Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG); Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper; Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities; Segment B is in close proximity to existing and future schools including high schools impacting thousands of students. This plan for 380, specifically option B goes against everything we were looking for and being worsening traffic and development in a negative way that is detrimental to our area. Option A runs right through a residential area, is bad for effect to the Manegait therapeutic horsemanship, is close to current and existing schools. We don't want a freeway sized project running through our town and would recommend option A as Prosper is prepared for expansion along that route. Prosper should not pay for the issues of McKinney .		James	David						
2446	0a0fd950-b80b-4a5f-8bf6-adea710e7aea	4/7/2022 16:17	4/7/2022 16:17	As a current resident of Mckinney and past resident of Prosper, I am STRONGLY opposed to option A. I travel on 380 everyday and believe firmly that option A would not solve the problem of traffic. It would further add to an already crowded area. Option A costs taxpayers more money by a significant amount, disrupts more lives, and does not make logistical sense. Option B has been the plan for quite sometime and makes the most sense for the majority of people involved. Taking the traffic off of 380 further West is the clearest solution out there. Please do what's right financially and rationally and OPPOSE option A!		Sebastian	Kandis						
2447	1762f967-9f44-4e67-8dba-9186c9c48df6	4/7/2022 16:27	4/7/2022 16:27	We are in full support of OPTION B.		Brown	Robin						
2448	ae0bde92-610f-43e3-88b4-ab8f960ce1ff	4/7/2022 16:37	4/7/2022 16:37	I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. Moreover, I also strongly oppose Segment-A. It should not be considered for the following reasons: *The cost of Segment-A is \$99 million more than Segment-B. *380 as it exists will be demolished and moved North to be rebuilt so the South side of the new access road will be in the same location as the existing 380 is today. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		NOEL	Bernard						
2449	0b0ec105-090a-4f14-8366-fe42b5571f3e	4/7/2022 16:37	4/7/2022 16:37	I am a resident of Prosper and my family and I strongly oppose the proposed Segment B of the 380 expansion. Dividing the town in such a way will have detrimental effects on our house values, our school districts, our children's safety, and more. We moved here from the Dallas area precisely to avoid such obstructions and heavy traffic. Please, please do not develop Segment B and harm the citizens of Prosper in order to alleviate a problem that should be resolved by McKinney. Thank you.		Anderson	Haley

2454	a068358c-5c02-4517-8abf-c34db1831b6e	4/7/2022 17:18	4/7/2022 17:18	We'd like to understand why section E is so close to the northern area of the Heatherwood neighborhood. With the largely undeveloped lands north of this area, why wasn't a location further north considered - perhaps another one to two thousand feet north? This would considerably reduce the noise and air pollution impact to this part of Heatherwood, heavily populated with very young children.		Ess	Bob						
2455	113991f8-3af6-4493-84cc-111e3a3c2f48	4/7/2022 17:23	4/7/2022 17:23	I oppose option B. Road should follow option A.	This should have been accomplished 5 years ago before the recent growth. Future planing is key to accomplish projects and reduce impact to residents.	Cohen	Yaniv						
2456	f7b60df5-d1c5-4f97-8c21-c9dd390dd769	4/7/2022 17:28	4/7/2022 17:28	Other areas of the country don't have the land to expand like Texas. They don't just build superhighways. They preserve land. When does it end? Traffic is traffic. If a resident doesn't like it, they can move elsewhere. The E section appears to be affecting Erwin Park. This is a great park that needs to be preserved at all cost. It is a HUGE part of McKinney parks and rec. It should not be closed permanently or even temporarily. I don't even want a reroute of the entrance. This park is a getaway to nature for thousands including myself every week. Please go elsewhere with the route. The proposed routes also appear to go really close to houses in the area at Lake Forest and what is now called Bloomdale road. This also will not solve the traffic from DNT going westward as the loop drops down near Custer /Coit.		Hammers	Keith						
2457	5c7eefbd-0b98-4d2f-8da9-9041f59ab406	4/7/2022 17:28	4/7/2022 17:28	My vote is for plan A - Absolutely does not make sense building high speed roads through neighborhoods. It is unsafe and unattractive.		boswell	Diana						
2458	d05f355d-5fdd-43bd-86f6-eb94ff6809ed	4/7/2022 17:31	4/7/2022 17:31	My vote is for plan A - Prosper is a growing town and is tiny as is. We don't need major highways running through neighborhoods. It's is unsafe.		boswell	J						
2459	84bf46ee-7432-4e50-8e17-1c7d9c10924c	4/7/2022 17:33	4/7/2022 17:33	Using option A would be detrimental to an extraordinary number of people as opposed to using option B, which would impact far fewer people. Prosper has 1/4th the number of residents that McKinney has. The area that option B will go through is more rural than not. Option B would be the obvious choice if the DOT were concerned with not impacting a large number of people. Also, it is a shame that this is even a consideration and the ones pushing option A are property owners that have deep pockets (MainGate horse farm for example) and seem to be concerned only with themselves than the actual greater good.		VanderHeide	Denise						
2460	90d940d4-7d47-47eb-8078-0e1edc7b35a0	4/7/2022 17:33	4/7/2022 17:33		When we moved to Prosper 4 years ago, we purposefully chose a quiet neighborhood, tucked away from busy streets, railroad tracks, and other noisy and bothersome traffic. Having moved here from California, we valued the peace and quiet that we found in Whitley Place. We'd had enough of the chaos of busy city life and the traffic! Imagine our surprise when talk started surfacing about this proposal to basically bring a highway/freeway to my back yard! My position is this: If our family wanted to CHOOSE to live by busy streets, we would have chosen a neighborhood like Tucker Hill or any other neighborhood along 380, however, we consciously chose NOT to. The folks who own property along 380 knew from the day they signed their contract that they live by a very busy street. They went in with eyes wide open. They have already lived along a route which is conducive to heavy traffic and the impact will be minimal to them. The proposal to reroute 380 is unacceptable and I strongly oppose it.	Judd	Kacey						
2461	a52b5553-3ed3-447e-8ce6-fa0e3b0f8932	4/7/2022 17:42	4/7/2022 17:42	Keep 380 on 380. There already needs to be another freeway more to the north of 380 anyway. This area is growing faster than roads can keep up with. As this doesn't even seem to be a consideration, I OPPOSE segment B. Prosper adequately prepared and left room for 380 to expand along it's original route. Don't punish preparation by putting a highway through the middle of it									
2462	938f1227-3b8e-49a6-8d46-fd2a52f606a8	4/7/2022 17:43	4/7/2022 17:43	I oppose Option B of the proposed 380 Bypass. The City of McKinney should've planned ROW for an expansion of 380 rather than allowing businesses to build right on 380. Their poor planning shouldn't then negatively impact Prosper and it's residents. Keep 380 on 380.		Hamm	Kristen						
2463	deb1770a-47c5-41df-8742-541bbfcffedb	4/7/2022 17:43	4/7/2022 17:43	I select location A.		Martin	Tiffany

2465	afec1d07-5859-4ac4-85b8-8ccb813594bf	4/7/2022 18:00	4/7/2022 18:00		I think it is a shame that TxDot is in essence pitting one city against each other regarding the proposed bypass sections. This does not help our community overall. Prosper opposes segment A and has supported keeping 380 on 380 all along, McKinney, once opposing a bypass, now supporting it, has been swayed to oppose B and support route A. 380 was always a highway and right now homeowners in both McKinney and Prosper are suffering due to poor oversight and planning. McKinney should have never allowed as many businesses as it has in the last 5 years to develop the roadways along 380 near 75. Right now, I do not support any bypass option as it SIGNIFICANTLY affects homeowners and landowners who NEVER asked to live by a highway. Keep 380 on 380 is the only route that I support. This is the only route that does not divide the city of McKinney and the town of Prosper. The proximity of this bypass (segment E) to Erwin Park - one of McKinney's gems, is disappointing.	Hurlbut	Amanda

2536	953e3c3a-dd64-4d3f-8e34-395718fd227f	4/7/2022 22:02	4/7/2022 22:02		I oppose segment A; segment B is preferred as it impacts less number of households and businesses	MM	TM						
2537	42cd97f3-8c79-4f99-81d3-c614ee49ec47	4/7/2022 22:02	4/7/2022 22:02		Oppose segment A	H	J						
2538	01cf027b-5b8a-419f-849b-a4d6b86d9f35	4/7/2022 22:02	4/7/2022 22:02		TxDOT needs to move forward with Segment A on the new 380 alignment. The reason 380 is such a contentious issue now is because McKinney did not plan for the future growth along the 380 corridor at all. 10 years ago, widening 380 would not have been disruptive at all. It falls on McKinney to fix their mess within their borders.								
2539	5577d50e-ce6f-4131-8fd2-cfa9787315f3	4/7/2022 22:02	4/7/2022 22:02		As someone who lives and works in McKinney, I do not support segment A as a viable option for the project. I do support segment B as the best option for the west end of the project.	Barker	Chad						
2540	3d62e9a7-da72-4dd7-8357-26ca56f94de8	4/7/2022 22:03	4/7/2022 22:03		380 segment A is a terrible idea. Too expensive, effects wetlands, to many citizens displaced and disturbs businesses. I support segment B. Lessens commutes, saves money, less impact on citizens	Duggan	john						
2541	a394d6a9-11e5-404c-827c-8c42eeacc8e6	4/7/2022 22:04	4/7/2022 22:04		I oppose option A	Fitts	Kara

2563	f4f941df-6025-4837-895a-e6fb81088c10	4/7/2022 22:16	4/7/2022 22:16	Neither A nor option are ideal. Both options have significant downsides. This project either needs to a) not happen or b) keep 380 on 380. We need to let new roads such as Wilmeth and Bloomdale help alleviate traffic and the build-out of the Outer Loop will help alleviate traffic as well. We have ties to McKinney (live there) and Prosper (our kids go to school there) and both are not good options at all.		Hall	Shane						
2564	bd1712ac-006d-442b-8e1e-c686ffadfe03	4/7/2022 22:16	4/7/2022 22:16	In favor of segment b and c. There's barely any development near b and Custer is already congested and developed. The farther you push segment c from mckinney the better.	In favor of the loop around mckinney. Hell im in favor of a real public funded highway from greenville to denton along that same path. 380 is getting built out and the people who think that the population along the route won't make it impossible to travel timely are being short-sighted. Take my tax money and make my drives easier!	J	A						
2565	bec6d937-c504-4690-82b6-7b9010b60c8e	4/7/2022 22:18	4/7/2022 22:18	Support B- oppose A		Wigley	Annie

2567	f0fb3503-37c4-44ba-8599-34a585e80c4f	4/7/2022 22:20	4/7/2022 22:20	I oppose segment A.		Hunter	Darryl						
2568	4db7052e-9053-4fea-8f19-3a05570cc230	4/7/2022 22:21	4/7/2022 22:21	I recommend Option B - it is less expensive and less disruptive.		Gomes	Michael						
2569	e40969a0-9190-43ff-83bd-186caef44f9	4/7/2022 22:21	4/7/2022 22:21		The problem with 380 starts at 289. You don't need to bypass McKinney. The only reasonable solution is to stack 380. You can widen it where you have the space, but bridge above the existing road where you can't widen it. Two or three lanes each way. It will be less expensive than building all new road, it will not affect existing businesses and neighborhoods, and will not disturb wetlands and other natural ecosystems.	List	Charles						
2570	9788f010-7858-45c3-88f4-f9f86f0bd0c6	4/7/2022 22:22	4/7/2022 22:22	Segment A does not make sense at all with how much more expensive it will be and how many people and businesses will be displaced. The CHEAPEST option that affects the least amount of people and wildlife is the obvious choice if this project must continue.	This will directly impact my neighborhood at pecan ridge off of bloomdale. Noise will drastically increase and our home values will most certainly be negatively affected. We are a small tight knit community with children who run around and play and with the dangers of a highway nearby that will no longer be possible.	F	E						
2571	bdb5cd2e-008f-4de3-8a9e-b7f089b13157	4/7/2022 22:22	4/7/2022 22:22	Due to impact (costs, increase density to route area, environmental impact, noise, etc.), I am oppose to route A John		Shelnutt	J						_work_for_TxDOT_
2572	0dae13aa-0908-4405-8829-89eb489eb2c7	4/7/2022 22:24	4/7/2022 22:24	I oppose option A, and support option B.		Wallace	Nancy						
2573	173320be-a645-4837-84dd-c28e108ad1ad	4/7/2022 22:24	4/7/2022 22:24	Please use option B. Taxpayers don't deserve the added cost to relocate and businesses shouldn't be displaced to make it easier for people to bypass them.		Pierce	Shannon						
2574	26b4a73e-7a58-45e6-83a9-64b4673e140	4/7/2022 22:28	4/7/2022 22:28	As a resident of McKinney, along Hwy 380, I oppose the Option A proposed route. The foundational goal is to improve daily traffic through town, and allow excessive transitory traffic to bypass the primary thoroughfares. Option B, is the best proposed option to allow for continued growth on the western McKinney/Eastern Prosper line and maintain a safe yet functional roadway for current /future citizens.		Smith	Keith

2578	a37c473e-c298-4ce1-8f8e-08dd6c59610d	4/7/2022 22:30	4/7/2022 22:30	Plan B looks to avoid more of the Mckinney red lights and traffic. With growth of Prosper and Celina, plan B would help direct traffic to those cities which helps bypassing Mckinney. Same with Plan C with growth of Princeton. The bs about wetlands by Mckinney is just bs. Mckinney keeps building over wetlands the pass 20 years and doesn't appear to want to stop. Stonebridge and Tucker wiped out lots of wet land and trees. The only thing bad about Plan A and D is that they catch Mckinney traffic and look to cost more. To me Plan B and C seem to make sense. Wish this money was used for The outer loop of Collin County North. That is where population will boom in 10 years. Over all you guys do a great job building the roads. Keep Up and Thanks. Jerry Tribble		Jerry	Tribble

Homes and neighborhoods that where built away from a highway should not all of sudden have a Highway. 380 needs to stay on 380. Finish the outer loop and fix 380. There are a lot of options that can be done. Build up, build down. If a business has to move, that is better than homeowners losing their home and neighborhoods being destroyed by a highway. Those that built their home close to 380 should have known better - it's always been a US Highway. It seems two neighborhoods and the mayor of McKinney (who lives in one of the neighborhoods bordering 380) have all the day in this. The majority of the people want 380 to stay on 380! 2595	9fed8828-fa88-4a15-86ab-f487a5bc88f3	4/7/2022 22:49	4/7/2022 22:49	US Hwy 380, once a viable east/west artery from McKinney to Denton, continues to be less functional and desirable (and more dangerous) as that corridor is increasingly developed in the 21 years my family has lived in West McKinney. It appears Option B would potentially relieve a longer section of the current east/west traffic load on the current Hwy 380 between Hwy 75 and Prosper (Hwy 389) than Option A. When I consider frequenting restaurants and other businesses, I avoid Hwy 380. Please consider Option B. Thank you! Thomas Garner [REDACTED]		Garner	Thomas

2597	acedfb1c-6670-4147-8ffa-772680dd7ad9	4/7/2022 22:51	4/7/2022 22:51		I recognize the need to something about Hwy 380. As a parent of young adults who drive 380 to school, I am constantly concerned about the traffic on 380. I support the building of Segment B and am against the building of Segment A. I agree that Segment B will be less of a burden on residents, and a faster build out will be less of a burden on all of us.	Remus	Greg						
2598	878c6b98-f1d1-48f9-8bfd-256ceabf4434	4/7/2022 22:51	4/7/2022 22:51	I prefer to have the route follow version B instead of A. Option B will provide a natural flow for a high speed alternative to 380 and also serves the function of creating an on ramp closer to a major junction point.		Cartwright	Andrew						
2599	55d759c9-5be2-4199-83a5-c65be1f54f33	4/7/2022 22:55	4/7/2022 22:55		I oppose plan A and approve Plan B	Ballard	Jeanne						
2600	f8e03fec-d71-4e7a-8ae9-3c9ef522fc85	4/7/2022 22:56	4/7/2022 22:56	This is not what is best for Mckinney. Over the years so many people complain that Mckinney is no longer unique by nature. Go visit Mane Gait, not only is it an amazing place that helps so many, but the current setting is wonderful. We NEED to protect MANE GAIT, and all of the surrounding communities. McKinney's rapid growth has taken away so much of its uniqueness. 380 needs to be changed, but there must be a better way! Segment B would take a lot of nature away from the community and impact so many different aspects of our community and businesses.		Hoffman	Natasha						
2601	c626be63-f817-4193-802d-511c8293d195	4/7/2022 22:56	4/7/2022 22:56	I oppose the Segment B option which divides the Town of Prosper. TxDOT needs to find solutions which protect neighborhoods and the minimize eliminating green spaces. Why can't "express" lanes be created along 380 that are dug lower than the existing roadway, similar to the 635 express widening project. Individuals traveling through the area either from Denton or 75 could utilize those lanes, reducing the traffic for those who need to access the business' along the route. This is similar in design to highways in Canada (Collector vs. Express Lanes). Rather than impact neighborhoods and green space, utilize the current path and dig down to creates roads. Let's be creative instead of destroying towns and cities.		Lambay	Joseph						
2602	7e830384-a280-4904-86c9-904e5385adbe	4/7/2022 22:57	4/7/2022 22:57	If I had a vote and one which impacts the fewest, I would ask for option B and C thank you.		Lamb	M

Besides Segment A costing nearly \$99 MILLION more than segment B, it would have a devastating impact on our beautiful neighborhood (Tucker Hill), as well as several neighboring Stonebridge Ranch communities. It would also impact 57% more natural wetlands and wildlife, which is a huge reason why we chose to live in McKinney to begin with. Segment B requires 73% fewer business and residential displacements, which is a HUGE number. It would also be shorter in distance, which saves time and money. Please, please, please don't let unimpacted politicians or wealthy ranchers influence such an important decision that impacts so many local residents. Please go with Segment B, as it is clearly the most economic and least disruptive option! Thank you!	Kaeding	C						
2622	9e0a83f6-8374-4ee5-81ae-d60721cd3b17	4/7/2022 23:26	4/7/2022 23:26	Less expensive and more environmentally friendly.

2632	bf654899-740e-4fe7-86cf-f1943887237d	4/7/2022 23:41	4/7/2022 23:41	I oppose Segment A. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.		Kaiser	Bryan						
2633	5e22091e-0ecb-40ba-8625-a50bc97bc831	4/7/2022 23:43	4/7/2022 23:43	Option A would be a nightmare for not only residents of McKinney, but all of Collin County and anyone who uses 380. Construction in this small area between Ridge and Coit would bring 1,000's of residents to a standstill. Tucker Hill only has 1 entrance. Also, it's significantly more expensive. And this is taxpayers money that shouldn't be wasted. The best option is the one that disturbs the least amount of existing businesses and homes. Mane Gait isn't happy but they will be fine. There are plenty of equestrian facilities close to highways. And I've been riding for 40+ years. Option B would go through a small corner of undeveloped land. Seems like the most logic answer.		Roush	V						
2634	346928a4-b594-4a1c-8bac-51ad7903e16d	4/7/2022 23:44	4/7/2022 23:44	segment B is the BEST option. Segment A's cost and going north & south makes NO SENSE on a highway going East & West. It is inefficient and impractical! I vote for option B !		Torres	Hector						
2635	2d261695-93ef-4b0c-8f38-d38e98d19079	4/7/2022 23:48	4/7/2022 23:48	Please proceed with option B as the solution to the traffic congestion on 380. This will allow for more dispersed traffic and will not relocate as many local businesses at option A. McKinney also needs to protect as much wetland as possible to absorb the rise in flash floods we are seeing do to urbanization.		Sullivan	Jeremy						
2636	860e493e-6ad1-4cbe-8754-3867a1ff8c93	4/7/2022 23:52	4/7/2022 23:52	I oppose segment "A". Segment "B" will cost less and have a lower impact on businesses and the wetlands. Segment "B" would also be shorter for traffic bypassing the area.		Reichert	Duane						
2637	bd9e822c-3032-48e9-86d6-5749cbeb8a6f	4/7/2022 23:53	4/7/2022 23:53	Option A is the only option that should be considered. It was and has been the plan all along and there was plenty of time for McKinney to make adjustments. The town of prosper will suffer if option b is chosen.		Black	Casey						
2638	254c24a0-619e-4359-835b-cdef734d9f43	4/7/2022 23:53	4/7/2022 23:53	Option B is better for mckinney		Burnside	C						
2639	10a8facf-960c-46ee-89e6-491ea62dda73	4/7/2022 23:55	4/7/2022 23:55	Segment A appears to lack common sense. Segment A would result in damages to existing infrastructure, businesses and neighborhoods, while segment B has much less inegative mpact to existing infrastructure, business and neighbors, due to much of segment B's right of way being largely undeveloped. Segment B is a much better option.		Halr	Dennis						
2640	d62050f2-7ff0-462b-8566-55b9532934b3	4/7/2022 23:59	4/7/2022 23:59	I look at this as a good thing and I have kids. It improves the access to major highways and decongest the horrible traffic from 380. I used to live in the city right by DAL, so I'll have a totally different perspective than others who have lived in suburbia their entire life.		Mendoza	Scott						
2641	0029220c-5aad-4e0b-8323-3373a24c5037	4/8/2022 0:00	4/8/2022 0:00	Routes B and C with E make sense and allows for smoother traffic flow and less disruption to existing business. It is also my understanding that this project would cost less to implement. Time is of the essence here and a decision should be made. Costs will continue to rise along with traffic.		Primeaux	Lionel						
2642	5531b463-03df-4bda-867f-b01c6da72e4c	4/8/2022 0:01	4/8/2022 0:01	I highly support Option B. If you are going to create a bypass, it makes sense to bypass MORE of 380, not less.		Lutz	Diane						
2643	d1cd8b96-9937-4aef-8bac-36da619fee52	4/8/2022 0:03	4/8/2022 0:03		I'm in favor in section B of the planned 380 bypass and oppose to section A so that it's a shorter route, less costly and not effecting as many homes and businesses.	Thomas	Megan						
2644	abebb0ea-d6db-4410-88b3-bb422661c07b	4/8/2022 0:05	4/8/2022 0:05		I prefer option B over option A	Skorc	C						
2645	b970aed9-3202-400f-8597-947d982f6e3f	4/8/2022 0:05	4/8/2022 0:05	Please use segment B to connect with the 380 bypass. It will cost less and impacts fewer businesses, residents and natural wetlands than segment A.		Lawson	James						
2646	cebb401a-6cab-424e-8f15-b09aa9761655	4/8/2022 0:08	4/8/2022 0:08	I oppose Segment A and would rather see Segment B for the new bypass. It would be less disruptive and less expensive.		Walker	Janette

2660	f56d4ea7-e74a-421d-8feb-6423b75bfefe	4/8/2022 0:41	4/8/2022 0:41	Please choose Route B. I live in Auburn Hills. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380 (me). Please choose Route B		Yun	Hong						
2661	ed817b79-7cf3-40e3-800e-cf653f45c7f1	4/8/2022 0:44	4/8/2022 0:44	Please use plan B for the west section. With the planned million dollars in development at Custer and 380 and the disruption it would cause to already developed neighborhoods at Stonebridge Ranch, Tucker Hill and Ridgecrest, it makes most sense to bypass 380 west of Custer using plan B.		Hatch	Matt						
2662	839b9939-2eb0-42d2-861c-c14974d57ece	4/8/2022 0:44	4/8/2022 0:44	I strongly oppose Route B. Please help us to maintain the small town community feel on the east side of Prosper. Route B would affect schools, a small community cemetery, residential neighborhoods, and Mane Gait which offers therapeutic horsemanship for children and adults with disabilities.		S.	R. C.						
2663	a8355856-8cf1-4f6b-8281-ec4d1426a4b2	4/8/2022 0:46	4/8/2022 0:46	I am against segment a.									
2664	84e5ef97-83cc-4cc7-8b89-c8f6e2123ab3	4/8/2022 0:46	4/8/2022 0:46	I have comments relating to the bypass coming to Bloomdale and the Pecan Ridge neighborhood. We are two exits north of 380. We should not be displaced due to the city allowing homes and businesses to be built in a way that 380 could not be expanded. The homeowners and businesses chose to be on the direct route. Why would you penalize those who did not choose or get approved to be part of the problem?		N	L						
2665	7fd73aa9-9000-4a69-8acd-0084e1221786	4/8/2022 0:49	4/8/2022 0:49	I strongly oppose the option A for the bypass. Segment B is the better choice going through Prosper. Option A could prove to be extremely dangerous impacting thousands of school children that have to walk along Ridge Road where the traffic is already very dangerous due to the city adding a huge apartment complex. There are an infinite number of other reasons to oppose option A including the significant additional millions of dollars, huge residential neighborhoods and businesses. This would also completely destroy the nature and wildlife in the area.		Hatch	Lori						
2666	cbf8a62e-b810-4d7f-8ca0-009ed3db00ae	4/8/2022 0:51	4/8/2022 0:51	I do have minor concerns about Segment B if Independence Pkwy (which currently dead ends prior to 380 on the south side) is opened to thru traffic in the future (and connected to 380). At this time, businesses and private land buffer my neighborhood and 380 near this newly proposed intersection in Segment B. If Independence Pkwy is opened and built to thru traffic this will increase traffic congestion and noise in my neighborhood since the bypass will connect here.	Overall, I oppose Segment A and support Segment B. I live just south of 380 between Coit and Custer and traffic is heavy both eastbound and westbound along 380 in this area. Segment A does not appear to relieve congestion along this portion of 380. Thank you for your consideration and time researching and proposing options.	Zetlau	Jessica						
2667	ec17a840-194a-44e2-8dea-7b394f34c2fc	4/8/2022 0:59	4/8/2022 0:59			Becker	Irving						
2668	a6a85e4c-116e-4881-841e-eb505760651c	4/8/2022 1:00	4/8/2022 1:00	Proposal A is not only more expensive for the tax payer and harmful for the environment, it just flat out defeats the purpose of relieving congestion on 380. It's a total waste of tax payer money!		Snow	Timothy						
2669	2d0d847c-80b0-4069-87c2-0752bc0ad7a1	4/8/2022 1:00	4/8/2022 1:00		First of all I don't think Highway 380 needs to change. But out of the two options that have been made public I fully support option B. Option a is horrible for the residence of Tucker Hill and Auburn Hills.	Bailey	Craig						
2670	316a8f06-9504-441f-87f6-65f550c20015	4/8/2022 1:01	4/8/2022 1:01		We support segment B and oppose segment A. We wish to restrict additional and potentially heavy noisy and traffic through our residential neighborhoods. Since the widening of Virginia Avenue, traffic has become significantly louder and more fierce. The additional traffic has negativity changed the safety and pace of our once quiet neighborhood. It seems directing traffic toward Custer and then connecting to 380 would allow for more efficient traffic flow accommodating direct access to the existing wider Custer Road. It seems segment B would also allow for ready access to our existing retail shopping in the Custer area. It also seems the Segment B route would prevent future undesirable heavy traffic in the remaining heart of our now peaceful residential neighborhood clusters. Is it a terrible idea to stop slicing up our neighborhood in exchange for a route that seems to better accommodate the motoring public?	Al	Valdez

2673	e2c89c7d-58e7-440f-84de-4310d3e665c	4/8/2022 1:06	4/8/2022 1:06	I oppose All segment B options!		Meier	Kurt						
2674	a5582148-5900-43da-8530-06e8600db5d	4/8/2022 1:06	4/8/2022 1:06	I oppose route A. It would be more expensive and negatively impact residents living in several subdivisions, including Stonebridge and Tucker hill. Also it will harm more wildlife and have a negative affect on more wetlands. It seems Route B would be the smarter choice in that it affects fewer subdivisions and is a shorter route.		VW	Gail						
2675	cb388b2a-ae0e-4a8a-8fa8-4f8d30f1485f	4/8/2022 1:07	4/8/2022 1:07	Those of us who decided to move north of the suburbs to pursue a calmer and less busy way of life would appreciate the routes that do not cut so closely next to our neighborhoods. Although we oppose this loop, we understand the demand for it's purpose. We prefer it be the least detrimental option to our surrounding environment and habitats as well as the most distanced from our homes. I believe route B and C offer the best compromise for this construction. Please consider our homes and our wildlife's homes while making this decision.		Edwards	Rachel						
2676	5e2ebe72-0143-4c08-83e5-39ef295465e8	4/8/2022 1:09	4/8/2022 1:09	I strongly oppose all segment B options. This is a matter for the residents of the community to decide. Thank you.		Meier	Kristin						
2677	de164274-3c7b-43c7-890f-35564b8ade7d	4/8/2022 1:10	4/8/2022 1:10	I support part B of this plan. I do not support part A of this plan. It is not a good fit for our area, our resources or our taxes.		Stelzer	Lori						
2678	1ed5441e-0fd1-42af-8eb9-a27f12222a66	4/8/2022 1:11	4/8/2022 1:11	I have strong concerns with Segment A and the potential increase of traffic on Ridge and Stonebridge Ranch Dr. We already have issues with the intersection of Glen Oaks and Ridge with a high rate of accidents and speeding. With Glen Oaks Elementary and Dowell Middle School in close proximity, the extra traffic trying to reach Segment A potentially decreases the safety for the kids attending those schools. We don't need people racing down those roads. It also would drastically change the feeling of the smaller town environment that we love about this part of McKinney. It's just not an acceptable option in our families opinion.		Baragona	Andy						
2679	e443530b-f87b-433a-8273-69e417bc502d	4/8/2022 1:13	4/8/2022 1:13		My concern is for natural areas of McKinney. (Unique by Nature) To be retained where possible; and especially all wildlife where possible. Farmland/pastureland continue to be built over, cement-covered. I live on such land developed in last decade, in Stonebridge, McKinney. We have lost owls, hawks, rabbits, bobcats, a variety of bird life. And much green space. This affects quality of life for all humans living in the area. We experience both strong heat and light reflections from cement. As we are near Eldorado Blvd, we are subject to vehicle traffic sounds, ambulances/fire truck sirens. To continue development in this manner does not keep McKinney Unique by Nature in our collective future here.	T	F						
2680	7da44c4c-4748-4fab-84b9-049c532612c1	4/8/2022 1:14	4/8/2022 1:14	No comment		Siddiqui	Fouad						
2681	432d48fa-2761-4f0b-85e1-621b6dd08dfa	4/8/2022 1:15	4/8/2022 1:15		Terrible idea that ruins the lifestyle we're targeting in our upcoming move to Prosper	Nye	Ligan						
2682	64a3eae8-880f-4234-8e42-2f75b11700a2	4/8/2022 1:15	4/8/2022 1:15	The reconstruction of the Custer/380 intersection would be massively inconvenient to people in the area. Segment A of the project would have a huge impact on local neighborhoods. It seems like it would seriously impact numerous businesses as well. Segment B seems like a vastly more convenient bypass option and appears to follow a much more logical route for bypassing the heavier traffic areas closer to 75.		Ledbetter	Philip						
2683	bef6d38d-f5b3-4af5-8139-fe7b5bda5ca5	4/8/2022 1:24	4/8/2022 1:24	I oppose the proposed Segment A, as this segment costs \$98.8 million more for taxpayers; impacts 57% more natural wetlands and wildlife; and negatively impacts the neighborhoods and businesses along U.S. 380 with excess noise, traffic, and pollution. Conversely, I support Segment B because this segment requires fewer business and residential displacements, avoids costly reconstruction of the intersection at U.S. 380 and Custer Road; and is 14% shorter than the proposed Segment A, thus saving time, money, and excess pollution.		LaMarca	Kevin

2698	034d16cb-3d61-4a0b-884b-a895c3aecc46	4/8/2022 2:08	4/8/2022 2:08	My husband and I bought our first house and live against Custer in McKinney. We are against segment A because it would impact our daily life by removing 17 businesses that are right up the road from us. You will create more congestion on Custer which has already grown the last 2 years. You are taking away peoples livelihoods and jobs. Yes stores are replaceable BUT the people who work in each one are not and chose that location for a reason. Chose segment B to re-develop 380 please.		Durbin	Katie						
2699	4c823992-1c35-4300-800e-4235f593d5c6	4/8/2022 2:08	4/8/2022 2:08	I think segment B is much better than segment A for the west portion of the bypass. It impacts far fewer homes and businesses and provide a more direct route.		Flynn	William						
2700	c51b6b43-2951-4136-8b6a-192e651c486e	4/8/2022 2:09	4/8/2022 2:09		I vote for B and C. These options give the best bypass for passing through traffic and give people in the middle good access to the east and west while avoiding 380 as much as long as possible.	Province	Kyle						
2701	dc089498-5b3c-4738-8abc-4a822beefc7b	4/8/2022 2:09	4/8/2022 2:09	This is not an optimal route and displaces far too many homes, businesses, and wildlife that McKinney is known for. Unique by NATURE	Please utilize route B instead!	Edwards/Dav	Robin						
2702	de89af96-e9c5-4523-85ee-91343af7d09b	4/8/2022 2:12	4/8/2022 2:12		Hello, I have been looking over the plans for the bypass and feel option B would make the most sense financially and be the best option for us that live along 380. I live in the neighborhood Walnut Grove and many of us agree that option A would be quite detrimental to our area with the increase of traffic/noise and the safety of our neighborhood would become a greater concern. Thank you for taking the time to consider the options.	Pedersen	April						
2703	67f30b4e-6113-4a0e-8cd8-7e3412507cdf	4/8/2022 2:14	4/8/2022 2:14		Hi, I think it is in the best interest of McKinney for the 380 bypass to start as far to the east as possible to limit disruption to existing businesses along 380, especially near the intersection of Custer and 380. I support alignment B which is cheaper than alignment A and reduces disruption to businesses. Thanks	Mundt	Jeff						
2704	b9664466-edeb-4344-8597-9297dc7256ed	4/8/2022 2:14	4/8/2022 2:14	I am a member of Stonebridge Ranch community, and reside off of Stonebridge Drive. Plan A will negatively impact our wonderful community that we have worked so hard to maintain, and what our high HOA fees go towards. I will feel immense sorrow for my fellow neighbors who are nearest to 380 and Stonebridge if Plan A is passed. Plan B is the best solution for our neighborhood and community.		Brackett	Randi						
2705	225e2ba9-8b4b-46fc-8e8b-845af41c5f03	4/8/2022 2:18	4/8/2022 2:18		I vote for Plan B. Less disruption to residential and business owners.	Garza	S						
2706	2967cbb1-25d9-435a-8259-727d4c8074b6	4/8/2022 2:19	4/8/2022 2:19		I support option B (and the brown alternative) because it maintains an east/west direction instead of a less efficient bypass (A) that takes travelers to a north/south direction, which I think would make taking the route less beneficial. As a resident of the Prestwyck neighborhood, I would like to make sure that access to 380 is maintained. That is, we would have safe access to both east and west frontage roads from Prestwick Hollow.	Mather	Evan						
2707	3973af05-3bb9-4ec8-8b73-b8b3595e8473	4/8/2022 2:19	4/8/2022 2:19		I am in support of Segment B which is the most preferable route for the above mentioned construction project.	Bowen	A						
2708	8479e587-b8d1-41d5-8f70-2fa7d204970b	4/8/2022 2:25	4/8/2022 2:25		A is a much better option than B. B would cut into and effect the small town of Prosper.	TR	TR

2716	4e34c354-8633-4d92-8509-a9b7d36cac0f	4/8/2022 2:38	4/8/2022 2:38		I oppose Option A. This route would have the most negative impact on our wetlands and wildlife. The current growth has done too much of that already. Option A is very expensive and will impact the cost to live here. If this has to happen, please move forward with Option B instead!	Chmielewski	Linda						
2717	40aaa4c2-2322-41ae-8af9-dff0a083c790	4/8/2022 2:40	4/8/2022 2:40	Opposed to route A. The design is bad 2 90 degree turns will be a traffic nightmare.									
2718	68a37dca-fc29-4dfb-8ac9-62367fefb450	4/8/2022 2:46	4/8/2022 2:46			Huynh	Hue						_am_a_business_owner_
2719	49d8c67c-3086-421e-83ec-059537d13d69	4/8/2022 2:47	4/8/2022 2:47	I oppose this route. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.		Miller	L						
2720	c12e56c8-5a75-4e8b-8b9a-a5c561a0fb c3	4/8/2022 2:47	4/8/2022 2:47	Support route B, oppose route A		Ferraro	Jeff						
2721	8a63b0e0-cd73-4c05-80b5-adaf6fdc0464	4/8/2022 2:49	4/8/2022 2:49	I oppose Option B 1) ManeGait - They provide therapeutic horsemanship to children with disabilities and the 12+ lane freeway will come within 45 feet of ManeGait, forcing them to end their services. Prosper ISD superintendent, Dr. Holly Ferguson mentioned that 11% of PISD students qualify as having a disability and many use services at ManeGait. ManeGait serves students from all over the county and our veterans as well. Many, many volunteers at ManeGait (many of them students from Prosper ISD) learn acceptance of others through their volunteer work at ManeGait. You can't put a price tag on all of this. You can stop reading now because ManeGait is that important. 2) Prosper planned for the expansion of 380 ON 380. Prosper required all buildings to have the proper setbacks to allow for 380 to be widened on 380. The fact that other cities were unable to plan or failed to plan for the eventual widening of 380 should not penalize Prosper. 3) Young high school drivers in grave danger.		Sullivan	Robert						
2722	df0a12ee-2424-4c6b-86d6-9ddb8c50ca64	4/8/2022 2:51	4/8/2022 2:51	Delete option A and use Option B instead. Less expense, less destruction of wildlife and wetlands and less time spent on it.		Baril	Arlene						
2723	1dc7b42f-81e2-4b09-8e4a-1cc459d6d04c	4/8/2022 2:51	4/8/2022 2:51	I think Segment B is highly preferable rather than Segment A. It will require significantly less displacement of existing commercial and residential areas, will avoid the nightmare of reconstructing the University/Custer intersection, and it bypasses a larger portion of US 380.		McNeely	John						
2724	162157c1-2843-4339-88b8-04d2a3d601bd	4/8/2022 2:54	4/8/2022 2:54	I strongly support segment B. Oppose A.		Garvin	Stefanie

2726	ed46b451-2514-4917-8f37-ea2b4e17ffc8	4/8/2022 2:55	4/8/2022 2:55	I oppose option A		Chadha	Srishti						
2727	8c8174fc-97ca-4193-8f0e-65585e2e595d	4/8/2022 2:57	4/8/2022 2:57	I believe option B of looping 380 around McKinney before coming close to Stonebridge and Tucker Hill is the best plan. Coming closer to neighborhoods is much worse for road noise, crime, and traffic. Thanks		Wyatt	Brian						
2728	9ec911a7-9e66-4c6e-8add-d2cd018e0cd8	4/8/2022 3:04	4/8/2022 3:04	I oppose 380 bypass		Shelton	Meredith						
2729	1d6e3d2a-d7dc-46da-8ea7-9666d51f54ee	4/8/2022 3:08	4/8/2022 3:08	Route B will destroy our beautiful town of Prosper. I vehemently oppose the proposed route B!		Clement	Denise						
2730	2fa129ff-a21d-4706-8b1f-64edb53675d8	4/8/2022 3:13	4/8/2022 3:13	I am in support of Segment B and opposition to Segment A. Segment B requires 73% fewer business and residential displacements. Segment B is 14% shorter. Saves time and money. Segment B Avoids costly reconstruction of the US 380 and Custer intersection. Segment A costs taxpayers \$98.8 million more. Segment A impacts 57% more natural wetlands and wildlife. Segment A negatively impacts Tucker Hill and Stonebridge Ranch neighborhoods.		Mair	Lacey						
2731	575db292-a7fa-4022-8a76-e6353eb200e6	4/8/2022 3:13	4/8/2022 3:13	This is the best routing for the City of McKinney, as well as Prosper, as it will open up some unused land to a high-capacity highway that can allow for strong growth in a measured and legitimate manner. Alignment A does not help the area's growth and causes more issues for current residents and businesses.		Woolverton	Gary						
2732	42244506-4809-49c0-8bfb-38175581b5bb	4/8/2022 3:14	4/8/2022 3:14	There are two schools established next 380 on Stonebridge Ranch and Ridge which would be directly impacted by the widening of 380. Not only will the widening impact it, but the increased traffic cutting through these residential street will increase dramatically and will be a safety hazard and detrimental to the children who attend these schools. Both schools are predominantly filled with students who much walk to school due to their proximity. We simply cannot out these children at risk when there is another much cheaper viable solution.		Bruns	Gwen						
2733	6da81776-3db9-4d30-8c7c-d1d565d0ca67	4/8/2022 3:15	4/8/2022 3:15	As someone who drives 380 in Collin County daily I feel strongly that creating a bypass along segment B makes the most sense. Contrary to what the Town of Prosper is trying to portray the majority of this land has not been development yet. Having ample area to build the bypass is favorable over the proposed segment A as well as having less of a negative impact on established neighborhoods. The intersection of 380 and Custer has become and extremely congested area and will continue to become more so with the upcoming development of the SE corner (Whole Foods, apartments, restaurants). Having a bypass to the west of this intersection just makes common sense! Work on finishing the Collin County Outer Loop NOW to eliminate some traffic and avoid future development issues!!		Garrett	Cathy						
2734	65fd02df-c9a7-4f32-8583-24850eb71306	4/8/2022 3:16	4/8/2022 3:16		Please go with B! Not A. Thanks!!	P	Justin						
2735	57c0ce22-7e4b-4a82-87ff-fcc5daafa90d	4/8/2022 3:17	4/8/2022 3:17	I would choose option A. I oppose option B as I feel the negative impact of option B on the town of Prosper is greater than option A.		B	B						
2736	dbb318c3-328e-45d1-8cac-5a6b89c21ccf	4/8/2022 3:20	4/8/2022 3:20	I oppose segment A	I oppose segment A

2747	ae7ce7e3-e207-4c21-8c6e-fb238ad3f128	4/8/2022 4:32	4/8/2022 4:32	I honestly oppose the whole thing, but if it has to be built, I say you build sections B, E, and D. The others displace too many homeowners, wildlife, and just end up being more costly for us taxpayers in general.		H	John						
2748	ad97b12f-b4c2-44ba-8eef-e8cad9364bf	4/8/2022 4:33	4/8/2022 4:33	This is where the bypass needs to be built- Segment B.	Segment A is a terrible proposal.	G	Amber						
2749	6378b7c0-ce97-42e8-8a79-9e73f0c30404	4/8/2022 4:39	4/8/2022 4:39	There are a cluster of schools near the Coit and 380 intersections including a high school with learning drivers. We should leave major intersections further away from this area if possible therefore I support routing through section A.		P	F						
2750	8b8c040f-ea7d-4a3b-8c10-a53bee3fa7f0	4/8/2022 4:41	4/8/2022 4:41	Why are we considering a bypass when building on 380 aligns to McKinney's 2040 plan and does not put a second highway less than 2 miles from the outer loop? If we must have a bypass then keep it in McKinney and not prosper. Route B was added after the final proposed alignments and is clearly a way to avoid tucker hill. Route a should be the only option if we have a bypass. All the items saying b is 17% shorter than a are absurd. Keeping 380 on its existing footprint is 100% shorter than the bypass. Even with the bypass we will have to expand and maintain 380. So now we are paying for two highways.		Busbee	Andrew						
2751	75ac3ea0-216f-43e8-8dec-9c1d3430e581	4/8/2022 4:55	4/8/2022 4:55	I fully support segment C over D and segment B over A.		DeRossett	Robert

2753	5a008b28-3475-4c8a-8123-455e04ce65e3	4/8/2022 8:38	4/8/2022 8:38	I have lived in the A/B area since 2009. Besides economical and engineering factors, i believe option B is better as it will help reduce traffic at the Custer Rd intersection. In the past few years, it's been close to impossible to get out of the Walmart gas station or cross 380 from Loves to Walmart around 5pm. Option A would only make the problem worse and send more traffic to the intersection. This project is very much needed but also very late so it won't be as painless as it could have been if it was done 5 years ago. Hopefully better planning can be used to anticipate future traffic problems vs addressing them after the fact. Thank you		Susel	Marcin						
2754	c88f1e13-5656-4bf4-8db4-f886832e1411	4/8/2022 8:47	4/8/2022 8:47	I am in support for segment B and opposition to segment A. I live near the intersection of Stonebridge Drive and 380. I have lived at this location going on 16 years now and have seen the disappearance of the open space around the area and the undesirable increase in traffic volume, especially on 380. I believe developing segment A would negatively impact the value of my home and and increase the volume of traffic on 380 and Stonebridge Dr, so I vehemently oppose developing segment A.		J	D						
2755	11e274eb-1354-47ac-8c84-579c57366511	4/8/2022 9:59	4/8/2022 9:59	As a person residing near 380 & Custer, between the two, I favor segment B. To begin with, it would start further west and direct traffic away from the current 380 in an area that is less congested & should cause less traffic trouble going east. Additionally, I understand that this segment is shorter, will displace less residents & businesses in building it & will disturb less ecologically sensitive areas. I am concerned that, were segment A chosen, that the already congested 380 would become more problematic. And, after it's completed, may bring even heavier traffic noise & air pollution too close to our residences. Thank you very much for your time and consideration. May God bless you and yours and supply you with the resources, knowledge & wisdom to make the best decision & implementation in this regards. Sincerely, M. Hudson		Hudson	M						
2756	1d501de2-4ce7-416c-8429-3acb8d03c5eb	4/8/2022 10:18	4/8/2022 10:18		Segment B would cause less disruption for McKinney residents and I believe would be the best option. After COVID so many businesses are struggling to get back to normal, please don't hurt them more! Also, so much that makes McKinney unique needs to be left as is and not destroy the wetlands and natural wildlife.	B	R						
2757	e6dd1f7f-1b6e-49c6-8480-e50c350a82b1	4/8/2022 10:43	4/8/2022 10:43		Adamantly opposed to Segment A of the project. Segment B is clearly the better option hands down.	Henderson	K						
2758	f56abb16-57fd-4752-8615-40bfc6f34dd	4/8/2022 11:11	4/8/2022 11:11		I oppose segment A because of the financial impact it will have in so many in our City.	Bishop	Kirsty						
2759	52f1d938-ecb7-4e0d-893d-0dc0a2fa6653	4/8/2022 11:32	4/8/2022 11:32	I'm in opposition to A as it would create to much disruption to local business, residential neighborhoods and the increased costs are way too high. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.		Cota	David						
2760	e5bfa810-32b4-4f71-8384-f7496d672058	4/8/2022 11:40	4/8/2022 11:40	I am a homeowner within the Walnut Grove community between Option B ad Option A. I am in support of Option B as it seems to create less disruption for my community to safely enter or exit on 380.		Carol Weiss	Carol						
2761	8d37a493-3cba-4f7c-85a6-eb482a2154fb	4/8/2022 11:46	4/8/2022 11:46	Route A is preferred.		Schachter	Jean						
2762	45eae81-4eaa-44aa-887f-932ed2191093	4/8/2022 11:52	4/8/2022 11:52		As a long time resident of McKinney, I am adamantly opposed to the proposed Option A of the US-380 bypass. Option A would require the relocation of far too many businesses and residences, waste nearly \$100 million dollars, and contribute to too much noise on the current residents of McKinney as compared to the Option B. Option B makes much better sense for the residents of McKinney.	Puder	Douglas						
2763	e91ce7cb-7ad9-491c-8e19-9d9b03a3de4e	4/8/2022 11:54	4/8/2022 11:54			Kher	Raj

2767	cfec7ec6-c949-4e52-8694-831f1bab8b2d	4/8/2022 12:31	4/8/2022 12:31		I am opposed to Segment A for several important reasons. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.	Gregg	Lezli						
2768	e522ee58-8b8b-408e-8589-573a83d0eeb2	4/8/2022 12:46	4/8/2022 12:46	Please use option B. I oppose option A because of the impact to wetlands.		F	H						
2769	aa9f110a-798a-420e-83a0-948153172f72	4/8/2022 12:47	4/8/2022 12:47	I support Segment B. It provides the best route - is the least disruptive and costly. Please go with B!		Williams	Julie						
2770	a5b8954f-f23d-433a-854a-cb7293fbc43d	4/8/2022 12:50	4/8/2022 12:50	I oppose Segment A. The cost is more than the benefits. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.		Verma	Ashish						
2771	01e1c37d-715b-45eb-81a8-c4220875be31	4/8/2022 12:52	4/8/2022 12:52	I'm opposing this segment A because there are a lot of residential communities in this area and it's not safe for young families and it may cause car accidents especially after the future High school is build.		C	H						
2772	9a29ae9b-e761-4bd9-8e62-a2cde8c2d8f6	4/8/2022 12:53	4/8/2022 12:53	Segment A costs nearly \$100 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380. My family supports segment B and opposes segment A.		Laban	Megan						
2773	d43bf7ee-3777-46c1-865f-082ade60423e	4/8/2022 12:55	4/8/2022 12:55	I support Proposal B for all the right reasons. 1. Less costly to the Tax Payers 2. Shorter than Proposal A 3. Less disruption than Proposal A.		Carpenter	Bill						
2774	4c0e16b7-1b34-4260-8630-44d83b3b545d	4/8/2022 12:58	4/8/2022 12:58		Due to cost alone, I support Segment B. It seems to be the only real and logical choice.	Ferguson	W						
2775	783cb75a-2cc6-48fe-86f4-e1c1ab553eb5	4/8/2022 12:59	4/8/2022 12:59		I support option B on the US 380 expansion/traffic diversion project. I believe it will have less disruption if existing businesses and residences and less harmful impact on wildlife. Thank you.	Brasch	C						
2776	d14a2eb6-d33b-4a09-8798-b19e7fbc5ded	4/8/2022 13:01	4/8/2022 13:01	Me and my family oppose option B. We currently live in Whitley place and moved here 5 years ago for the quiet and small town feel. A highway in our backyard will be horrible- lots of noise and pollution. All my kids will attend Walnut Grove high school that is under construction and cannot imagine them attending a high school with a freeway in its backyard. All my children (3) have horrible allergies, asthma and I am very concerned what the environmental affects will be for them with all the pollution. We love our home and community and do not wish to move because of this. I feel that keeping 380 on 380 is the smartest option. We also support Maingate and feel that plan B would be detrimental to their business and outreach program. Please keep 380 on 380. Please don't ruin a community, homes, businesses, and future businesses of Prosper. Thank you for your time.		Gomez	Stacey and Jeff						
2777	8e95c639-a7fd-42b4-84d3-743be0c634e7	4/8/2022 13:02	4/8/2022 13:02		After reviewing the various projects, it seems the brown route, particularly segment B in McKinney, will create less displacement and impact on wetlands. Additionally, as the population grows to the north in Collin County this will provide a viable highway to lessen congestion in the current location of 380, while allowing easy and close access to the growing areas in the north section of Colling County. Lastly, I would not want to see 380 expanded to 8 lanes, as it would impact far too many businesses that provide employment in the area.	Hobby	Kelly						
2778	3c0df5fd-57bc-45dc-8921-1e19b2ae6267	4/8/2022 13:16	4/8/2022 13:16	Segment B is the best option for many reasons.		Thomas	Joey						_am_a_business_owner_

2779	39f7e8f1-78d0-4ba8-86ef-8baf6148a11e	4/8/2022 13:17	4/8/2022 13:17		I support segment B and oppose segment A. Segment will negatively impact neighborhoods and businesses along US 380. It will cost more money to taxpayers and impact natural wetlands.								
2780	39df9b44-2e0f-4a82-8c6b-466be0767dde	4/8/2022 13:17	4/8/2022 13:17	Segment B and C are more optimal and reduce more traffic on 380. B and C segments gives more accessibility to other areas that are little away to highways.		A	Phani						
2781	c1f3e30c-463c-4704-852c-96bc5447689b	4/8/2022 13:18	4/8/2022 13:18	(A) is my vote. Mane Gait and the city of prosper would be highly effected. If the project went (B) route		Y	Tasha						_work_for_TxDOT_
2782	2d009829-0e4b-4136-89a2-c1955292716a	4/8/2022 13:19	4/8/2022 13:19	I oppose the proposed HWY 380 Segment B because it threatens the daily services and special events of ManeGait – a key community resource as identified by TxDOT. The vulnerable and protected populations, deserve a safe, high quality, easily accessible location to receive the world-class therapy programs at ManeGait.		Collee	Brigitte						
2783	880cd705-6ae1-47e6-8d6b-9a7fdad9e0da	4/8/2022 13:22	4/8/2022 13:22	I oppose segment A because it costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380. I prefer segment B because it requires 73% fewer business and residential displacements, avoids costly reconstruction of the Custer/US380 intersection, and it is 14% shorter than segment A so it will save time and money for drivers.		Pennington	David						
2784	f6071b54-beaf-41b3-87f0-dfbc16426a7e	4/8/2022 13:23	4/8/2022 13:23	Plan A makes no sense! especially with the painted tree community coming. Please consider B		Strain	Joshua						
2785	a3696851-8620-4b09-8cbd-fd4863182f2c	4/8/2022 13:24	4/8/2022 13:24	I oppose this suggested route as it displaces many businesses and disrupts natural wetlands. B is a much better suggestion			Wendy						
2786	eb5c6e7d-97b8-44ba-8bcc-bc8efa883aad	4/8/2022 13:26	4/8/2022 13:26	Proposed 380 Bypass	It seems the city is always going back to widen roads after communities and neighborhoods have been developed. From a tax payer's perspective this appears to be a costly venture and perhaps not a productive use of our tax dollars. This particular project will affect wetlands and nature preserves; with global warming an increasing concern we must all do our share in helping prevent future warming of the atmosphere.	Y	S						
2787	1e325a5c-61d6-436b-8a92-09eabd8918ad	4/8/2022 13:27	4/8/2022 13:27	As a long time Stonebridge Ranch resident I am voicing my support for segment B and strongly oppose segment A! Segment A will cause more traffic in our neighborhoods and displace many businesses whereas Segment A goes through mostly undeveloped land, has shorter construction times and is much cheaper on taxpayers! NO TO SEGMENT A!		Freeman	Jessica						
2788	504c020a-7959-4cac-8924-bf20f86ac470	4/8/2022 13:37	4/8/2022 13:37	Please do the right thing and approve Segment B. Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.		Pierce	Mary Ann						
2789	00a0e506-3399-4a94-869d-9a6b127e304e	4/8/2022 13:41	4/8/2022 13:41	I'd like to submit my opinion in opposition to segment A in favor of segment B. Segment A is projected to cost tax payers FAR too much money in an area where we're already paying high property and school taxes. This also has a negative impact on a lot of natural wetlands and wildlife and there is SO much of that already happening in the city that at some point it needs to stop. It seems like there are more reasonable solutions than negatively impact our natural environment, displace businesses, then make us pay a high tax price for it.		Justice	Kim						
2790	3636af05-b6a3-4476-8dba-f4ba97db5bf9	4/8/2022 13:41	4/8/2022 13:41	Route B would the preferred route		Brenner	James						
2791	7aa8d3c6-772d-4ce2-84ae-f0526d64127d	4/8/2022 13:47	4/8/2022 13:47	I'm in favor of option A. People are going to continue to use 380 if there is a bypass portion or not. Let's make this road safer for all who use it, and not disturb maingait that is so vital to many in our community.		Haberman	Rene						
2792	7a66d067-4bbf-4951-842a-3acbeae131ea	4/8/2022 13:48	4/8/2022 13:48	My wife and I are opposed to proposition A of the 380 bypass proposition and are in favor of the B route on the map above. Route A will be disrupted to too many McKinney residence and businesses that are already established.		W	Howard

2794	922e69a3-7fb8-4363-8649-bd7c9ccb89de	4/8/2022 13:53	4/8/2022 13:53	To me this is the MOST disturbing part of the entire proposal. Makes me sick that politicians are going to destroy a business that does so many great things for our community. This bypass will fix nothing. Everyone knows it, everyone is saying it. This is nothing more than ramming something down taxpayers throats for zero positive benefit. Very disgusting abuse of power. TXDOT should be ashamed of themselves as an organization. This will fix NOTHING. Traffic will still be a huge issue bc of all the new shopping at lake forest. If you want to ease traffic it must start further west and north. Why is existing bypass not even being discussed??? This is a gross misuse of power. It is lazy and shameful. This business alone is worth saving. What you are doing is morally wrong.									
2795	5834705f-77bb-4559-8f36-bfc137c6b51e	4/8/2022 13:55	4/8/2022 13:55	I oppose segment A. Segment B would require much less disruption to existing businesses.		Ro	A						
2796	fea5b4e0-165b-4040-85ae-71628e630e0d	4/8/2022 13:59	4/8/2022 13:59	According to everything that I have read and seen on the maps for these plans, it is evident that plan A would have the most negative effects on current neighborhoods and traffic. Tucker Hill and Stonebridge would be greatly effected by Plan A by adding even more traffic, noise and displacement. While Plan B reconnects after the 380/Custer intersection with less disruption. Also consider that Custer and 380 intersection has the Hun planned. That development will have an incredible amount of traffic and by reconnecting the bypass right at it or before it will create a massive bottle neck of traffic.		Junker	Thomas						
2797	5dc8a727-46b3-4dbd-848d-c087f6394839	4/8/2022 14:05	4/8/2022 14:05	Please proceed with Segment or Option B! Option A will negatively impact our community and cost taxpayers more.		Loria	Koryen						
2798	93b392f6-d638-4c98-825d-a16fbb02053e	4/8/2022 14:09	4/8/2022 14:09	As a resident of Auburn Hills, I believe section "B" would be the proper option to build. It is less disruption caused to major neighborhoods, the natural landscape and over flow of traffic. The Ridge Road extention is right behind our neighborhood (our house). The more opportunities we have for less noise and congestion surrounding established neighborhoods like Auburn Hills and Tucker Hill the better off we will all be in terms of traffic flow, etc.		Wynn	K						
2799	d70a99bf-0284-4242-8a3a-9bc428418c2b	4/8/2022 14:10	4/8/2022 14:10	We are opposed to section A of the 380 bypass.		Burkhart	Mary						
2800	064449e6-e001-4fd1-86f5-4f086f282dc8	4/8/2022 14:11	4/8/2022 14:11	I am very opposed to spending an extra \$98M on any project that is not specifically required. That money could be much better used on maintenance of some of our other deteriorated roads. Seems like another wate of tax money.		Davenport	Tyler						
2801	dac16b3d-ec81-464c-8583-de6c33e4e17a	4/8/2022 14:14	4/8/2022 14:14	I OPPOSE segment A and am in FAVOR OF Segment B proposal.		Smith	Molly						
2802	2d5918f6-74b4-40f6-8e37-b4af1b58eac3	4/8/2022 14:24	4/8/2022 14:24	I oppose segment B as it would be detrimental to the town of Prosper and all those that live and are soon to live in those areas.		Weintz	Ryan						
2803	d14f5366-1768-4d39-8188-30cf9a4d0e59	4/8/2022 14:38	4/8/2022 14:38	I prefer option B, and oppose option A. Looking at the map, option B will inconvenience far less people. I know people who live on the option B route bought a "country home", but in this case the needs of the many outweigh the needs of the few.		EM	E						
2804	f12f5805-fcb1-4710-8fa7-8ec267e83a52	4/8/2022 14:41	4/8/2022 14:41	I oppose option A of the 380 expansion.		Sarel	M

2811	59cca011-6a01-498b-8cbd-f09e02deaa28	4/8/2022 15:01	4/8/2022 15:01	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A.		Gravelle	Elyse						
2812	03ba0d07-b98f-4e37-8858-90c4b3add3a4	4/8/2022 15:03	4/8/2022 15:03	I strongly oppose Segment A. I support segment B of the 380 expansion as it costs taxpayers less money and impacts less wetlands and residents and businesses. There is zero reason to support Segment A as it is bad business and simply does not make sense. The City is claiming that you do not have funds to expand Collin McKinney Parkway through my property at McKinney Ranch Road, so how can you choose the more expensive route in this instance?		Temesvary	Kirstin						
2813	1c7cab72-8ce0-40a9-80a3-e6e003058cde	4/8/2022 15:03	4/8/2022 15:03	I oppose segment A for the US 380 bypass. The significant cost to tax payers can be better utilized for other programs and needs for the McKinney citizens and community. Keep McKinney Unique by Nature by not destroying natural wetlands and negatively impacting wildlife. Allow home owners in Tucker Hill and Stonebridge Ranch neighborhoods the peace they deserve when they built their homes. I completely understand city growth and the traffic on 380 definitely needs to be addressed, but let's use our money wisely and not destroy what makes McKinney the beautiful and unique city that it is.		Shields	Melissa						
2814	4d89c2bb-a2b4-4e11-8970-675220ae258a	4/8/2022 15:05	4/8/2022 15:05	I live in Auburn Hills. I strongly oppose option A and support option B for the expansion. It is not right to displace the residents of Tucker Hill. Option B costs substantially less, impacts less homes and businesses and wetlands. Comparing to two options, Option A makes no sense.		Mahler	Cynthia						
2815	c332b531-e847-4e4a-8aec-91a0d8bed6c0	4/8/2022 15:08	4/8/2022 15:08		We had a home built in Tucker Hill on Tremont Blvd. in 2017. McKinney was our home many years ago and we had the desire to return based upon our family living here. We searched for over a year before choosing the beauty and quaintness of Tucker Hill. If Option A of constructing highway US 380 is selected it will drastically impact our neighborhood and city's charm and beauty, as well as our economically. It will drive both businesses and home owners to move elsewhere. Please select option B for financial impact, courtesy and respect to your citizens and business owners already established. Do not bring the construction through the city of McKinney. It would be devastating to the community.	Hedgpeth	David						
2816	f9845fb1-4279-4c50-83b8-bbb07fb51cbc	4/8/2022 15:11	4/8/2022 15:11	I support segment B. I am in opposition to segment A.		Ray	Flora						
2817	19520ae3-949b-457a-8425-c1d3eaa6c434	4/8/2022 15:14	4/8/2022 15:14	We prefer route B based on all the reasons presented as well as a less disruption to our home. Something has to be done about 280 and I do NOT think we can wait 20 years to fix it.		Bell	Henry						
2818	fb57bd69-4774-4d01-8ca9-660141391575	4/8/2022 15:29	4/8/2022 15:29		Option "B" seems by far the better plan. It is less disruptive to established businesses and residential areas. And the cost is less.	Corbinl	JAMES						
2819	52c4adcb-50c4-4c35-826a-f5597cf73ac1	4/8/2022 15:32	4/8/2022 15:32	As a trauma therapist who works with children who have been hurt ...it is EXTREMELY disturbing to me that ANY proposal would encourage destruction of a facility/land that helps children and adults overcome disabilities and provides healing for residents of our community. Route B should not even be considered a possibility if politicians and TxDOT truly care about helping this area. How it has even gotten this far is appalling. Please do the right thing...do NOT allow route B to become a reality and crush the opportunity for MainGate to continue to offer services the way they do. Also, I live at Custer and Frontier. I don't want an 8 lane 380 bypass in my backyard when I bought so far from 380. It's ridiculous to force Route B on residents of Prosper. If McKinney had the problem, McKinney should provide the solution in their town. Period.		P	A

2821	a3dca592-8a84-4fe5-8864-d4c2c58c8c0e	4/8/2022 15:32	4/8/2022 15:32	Section A is a horrible idea. It cuts through too many existing home and business properties. If you're going to rebuild between Coit and Ridge, you might as well build an elevated highway all the way through the existing route for 380, with the existing road beneath it.		Damon	Marra						
2822	fd108b54-f0ee-4426-83f4-f7dcb0ca8947	4/8/2022 15:32	4/8/2022 15:32	Support Route BEC		F	Q						
2823	de305cdd-4b50-45de-8bcd-a85debe8cc36	4/8/2022 15:36	4/8/2022 15:36	I STRONGLY OPPOSE Segment A for the proposed 380 Bypass, due to increased cost, increased environmental impact, and increased negative impact to the Stonebridge Ranch neighborhood where I live. I strongly support Segment B as the best option for the western component of the 380 Bypass plan.		Strand	CiminiLiz						
2824	ebb2bc82-bcd6-4c3f-80db-fa6f424ba53c	4/8/2022 15:39	4/8/2022 15:39		This whole project will disrupt businesses and people's homes. I don't see why 380 cannot be double decked or have overpasses over the major intersections of Custer and Lake Forest like down at Preston Road and the Dallas North Tollway. I am near Bloomdale and Lake Forest where I have lived with my horses for over 14 years. The peace and relative quiet will be gone with Section E. It will displace my neighbors and cause people to trespass even more than they do now. I strongly oppose the entire project as it will destroy native species, wetlands, displace animals and families as well as businesses.	Cole Veloz	Shannon Beth

Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380. I support segment B and oppose segment A.		Cimini	Dean						
2828	da519d47-e8d0-47d3-8b43-cfd19ada01ce	4/8/2022 16:06	4/8/2022 16:06			EMMDC	EMMDC						_work_for_TxDOT_
2829	2a2a257e-340a-4a5b-8b47-b7b3e8507ae5	4/8/2022 16:08	4/8/2022 16:08	I want to voice my opposition to the option A plans. This option will impact homes of many including my own in many ways. The noise, traffic and concerns but the dangerous situation you have put the residents in that will have to live right next to the highway is very concerning. A highway like this in the backyard of many homes will lead to a great danger just leaving our neighborhood to get kids to schools that will also be impacted and the businesses adjacent that will be impacted as well. Thank you		Elmousta	Mike						
2830	9ac30311-4ab2-43a2-8768-f64db2b012fb	4/8/2022 16:14	4/8/2022 16:14		As I was looking at the 2 proposals I cited not understand why we would severely impact Stonebridge and Tucker Hill as well as any businesses along that route. It looks like a pretty clear cut choice to complete the project through the areas that are mostly comprised of backroad and farmland that is going to soon be bought out by new developers anyway! It appears to be a shorter so I assume less expensive way to fix this problem.	M	K						
2831	8e8dfbfd-ad25-4451-8887-d03637e07d44	4/8/2022 16:20	4/8/2022 16:20	I am completely OPPOSED to Option A . I live with my family in the community of Tucker Hill. I have a long list of reasons why Option A should not be considered. At the top is the disruption of life and business that will happen should the project pass through our area. The impact would be horrendous for many years before any benefit might be recognized, and any such benefit would take place at the cost of many businesses and homes. Option B is a much more reasonable option, with less impact on daily life for all neighboring communities.		Magana	Janet						
2832	1e8d5e19-8b79-4532-8f6d-19c9eb1faa7a	4/8/2022 16:20	4/8/2022 16:20	I do not want this for McKinney as our taxes are hot enough and a lot of people are being pushed out of McKinney because of it. We can just deal with the road issues.		Collins	Cindy

2852	ec2aead0-722c-405a-89be-7a0f19eda9e4	4/8/2022 17:04	4/8/2022 17:04	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive, increasing traffic, noise and pollution in our neighborhoods.		Lindley	L

2858	9f0b5580-aa67-42c4-8cb4-85937d2a7657	4/8/2022 17:14	4/8/2022 17:14	I do not live in the segment A or B area, but I intend to use whatever bypass is built rather than 380 when going east or west to avoid the congestion on 380. I prefer the shortest route B in this segment, and I understand it will cost less to build. Shorter and cheaper is best for everyone even the residents of Prosper who have objected to it being built in their backyards.	You already know that you cannot please everyone and that is the case here. Your decision on which route to follow should not be made solely on the number of people living in Prosper or McKinney who supply comments, it should be made considering what is best for the users of the bypass.	Philo	Bob

The center provides so much help to so many people and the children dont need exhaust, fumes and road noise while outside playing. Plan B is a terrible idea.		Fowlkes	Lisa						
2865	f289ea9b-0e1d-4bf1-89a8-3d990350b618	4/8/2022 18:13	4/8/2022 18:13		I support Segment B. I oppose Segment A for various reasons: cost, greater protection of our valuable earthy gifts/resources (wildlife/wetlands) & to protect businesses & neighborhoods along US380. Something I think is a shame is that a certain neighborhood is photographed & placed on the cover of a magazine titled "McKinney - BEST place to live", using that neighborhood as an aesthetic to lure people to move here. Then - once they get here & BECAUSE they've come here - we create infrastructure that (in essence) destroys the very neighborhood used to depict WHAT MAKES MCKINNEY GREAT... hmmm. <— Something to think about on a deeper level. I do not reside in Tucker Hill nor know anyone living there, but this neighborhood is beloved by many outside of itself as it serves as a place of recreation for our town via art shows, concerts, outdoor movies, & as the go-to Halloween & Christmas neighborhood. But for VARIOUS reasons, • I SUPPORT SEGMENT B (Thank you for your consideration)	Lackey	Jeanette						
2866	b6d8c42f-719e-455b-8316-b7a7acbe9379	4/8/2022 18:16	4/8/2022 18:16	I am against this. ManeGait is too valuable to the residents of North Texas.		Holland	Megan

2870	39689978-3ae2-4496-8cf3-281ec1065bee	4/8/2022 18:48	4/8/2022 18:48	Option A makes the most sense. Prosper should not be penalized for the City of McKinney's poor planning of US 380 and future growth/development along 380. As a lifelong resident of the Frisco/McKinney area Option A truly makes the most sense and causes less disruption when looking at the "Minimizing Impacts to Communities and Community Facilities" PDF, whereas Option B creates more of a disruption. Additionally, residents of Tucker Hill and Stonebridge Ranch were/are aware they live off a major highway, so the expansion of 380 should come as no surprise, whereas Prosper residents moved to Prosper (especially the areas along Option B) because they were OFF a highway. Again, McKinney's failure to plan properly for growth should not impact other communities, had the City of McKinney been more involved when the developers were developing these neighborhoods, this would be a non-issue. Keep as much of 380 on 380 and go with Option A.		Fox	A

2879	ee37e778-6eda-4a87-84d1-0df98a4dbc11	4/8/2022 20:30	4/8/2022 20:30	My husband & I both vote NO to Option B. Keep Hwy 380 on 380. The twelve lane highway with 4 lanes of service road being proposed as Option B is very close to our home & others in our neighborhood. Aside from the noise impact, it is dangerously close to two schools, which will cause congestion & safety issues for students, parents, teachers & the school staff. It will also be considerably close to Main Gait, which helps children & adults with disabilities; as well as enables scores of youth volunteers to help with the various Main Gait campus activities -- a true learning opportunity on how to relate & empathize with others with disabilities. We cannot understand how Option B is even a consideration given the potential safety issues for schools, Main Gait & surrounding homes. People are trying to get from point A to B down Hwy 380 and we see Opt B as well as several other options taking people where they don't want to go, wasting taxpayer money.		Pollock	Don and Marla

2890	4e32fdb0-37ca-4cef-8070-8cd3d65605e3	4/8/2022 21:40	4/8/2022 21:40		I strongly oppose Option A for the US 380 bypass project! Option A will cost taxpayers \$99M more than Option B. Also, Option A will displace 17 businesses, 14.9 acres of farmland, plus wetlands, rivers, and streams vs no businesses and only 2 acres of farmland displaced (and less environmental impact) for Option B. While it is fair to claim, "John, you are only opposed to Option A because it directly impacts your own Tucker Hill home," my opposition to Option A goes beyond personal concerns. I am concerned that, should Option A be selected, for an extended period during construction the resulting congestion will impede emergency vehicles in their efforts to gain access to Tucker Hill and to Baylor Hospital. Since it has been conclusively determined that the freeway will not negatively impact ManeGait Therapeutic Horsemanship's operation, the \$100M lower cost and lesser effects on businesses and the environment argue strongly in favor of Option B for the US 380 bypass project.	Capobianco	John						
2891	e112b7a9-309a-42ec-88f7-167ebc289a33	4/8/2022 21:42	4/8/2022 21:42	This alignment is really not the best as it is too close to several schools, is much too close to main gate and cuts off the SE part of Prosper from the rest of the Town. I strongly oppose this alignment.		Saenger	Eric						
2892	3e65ac98-7ba8-47dc-8167-f7a4e07cfd69	4/8/2022 21:44	4/8/2022 21:44	Route B would negatively impact the community by dividing prosper and placing heavy traffic much to close to residential areas. I oppose Route B.	Route B would negatively impact the community by dividing prosper and placing heavy traffic much to close to residential areas. I oppose Route B.	Burt	K						
2893	b247b67a-ace1-43cc-8e99-059d9bd7fef3	4/8/2022 21:45	4/8/2022 21:45		As a Prosper resident, I oppose the newly proposed 380 bypass that would directly effect Prosper's continuing development, environmental stability, and current commercial integrity. The Collin County Outer Loop in progress will assist in traffic flow and should be the primarily utilized redirective flow of traffic.	L	M						
2894	54801af8-2139-4eed-8c17-eab327c35e55	4/8/2022 21:46	4/8/2022 21:46		I oppose the US 380 bypass project's "Option A" Option A will cost taxpayers \$99M more than Option B. Also, Option A will displace more businesses, more farmland, and will impose a greater environmental impact than Option B. I am also concerned that Option A would impede emergency vehicles in their efforts to gain access to Tucker Hill and to Baylor Hospital, particularly during the extended construction period. It has been conclusively determined that the freeway will have no negative impact on ManeGait Therapeutic Horsemanship's operation, so the \$99M lower cost and lesser effects on businesses and the environment argue strongly in favor of Option B for the US 380 bypass project.	Capobianco	Bonni

2895	38300614-3f5a-44ec-87c5-ac61866ad71d	4/8/2022 21:47	4/8/2022 21:47	Prosper should not even be considered for this preposterous destruction of our town. McKinney, simply had not considered any 380 expansion and TEX.DOT wants to destroy Prosper? LEAVE PROSPER OUT OF ANY ROAD PROPOSALS--KEEP ANY EXPANSION ON 380 ONLY.	TEX.DOT...has made no proposals to use Virginia Pkwy or any of Frisco's green acres. But you have no problem in putting McKinney's lack of for sight planning squarely on Prosper? NO TO ANY OF THESE PREPOSTRIOUS PROPOSALS--KEEP 380 ON 380 THROUGH PROSPER. Do what you will to McKinney.	Shaw	Jane Shaw						
2896	59342859-3ce3-4263-8959-930f4f5bd0b6	4/8/2022 21:51	4/8/2022 21:51	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.		Kelly	York						
2897	da87cb70-fdae-44f6-89bc-4de8dd2facf4	4/8/2022 21:57	4/8/2022 21:57	I oppose Segment B. Segment B negatively affects the town of Prosper residents and schools. Our town had a Master Plan in place that planned for the expansion of 380. Cutting through our town with Segment B should have never been an option when we already provided a viable option by keeping 380 on 380.		Bozik	Jayne						
2898	b6de4378-02b5-4ecd-8dfa-bfd79cea8523	4/8/2022 22:01	4/8/2022 22:01	I oppose Segment B. It will negatively impact Prosper Tx. Please do Segment A. It's the option that makes the most sense.		Sierra	Jacqueline

2927	b92b2809-cfc3-4a85-8906-012eb7c2ad32	4/9/2022 1:26	4/9/2022 1:26		I oppose the extra costs associated with segment A.	Cuddeback	Jeremy						
2928	3129ae21-1a8e-451f-8914-a7a8e6058383	4/9/2022 1:34	4/9/2022 1:34		As a homeowner and taxpaying citizen of McKinney, TX, I strongly support the Project 380 Segment-B bypass alignment option. This is the alignment option least disruptive to business with no displacements, minimal impact on existing homes and families living in the various neighborhoods along and adjacent to US380. It is also the less expensive option by nearly 100 million dollars when compared to the strongly opposed Segment-A. I firmly believe that Segment- A should NOT even be considered for the following reasons: * It destroys and removes 17 small businesses west of the US380 and Custer intersection on the north side. * The cost of Segment-A is 99million Dollars more expensive than the Segment-B option. * It will create and overpass on US380 over Stonebridge dr and Custer Rd. * It will create further traffic around Custer Rd and US 380 where a large development including 13 Apartment buildings are to be built. * It will also cause the installation of water pipes (ducts) over US380	Cawood	Benjamin						
2929	90efb86c-f66e-439a-8aec-5d7844f18cd0	4/9/2022 1:56	4/9/2022 1:56		As a long-term Prosper resident, I strongly oppose Segment B. This will have a very detrimental impact to our small footprint town and those of us who would live near this new and surprising route. It would take away a big chunk of our little burg -- and we do not have much to begin with. Frankly I'm not even sure why this is even being discussed or considered again, and why we are not simply following Segment A. This was the recommended alignment from the 2020 Feasibility Study. The reasons behind the 2020 recommendation were valid and sound back then, and remain so today. Nothing has changed! PLEASE MOVE FORWARD WITH SEGMENT A, AND SCRAP SEGMENT B!!	McGuire	Mark						
2930	99368755-656c-4866-8843-5f317f562632	4/9/2022 2:02	4/9/2022 2:02		I am hard pressed to understand the logic of Segment A which will cost taxpayers nearly \$100M more, have a far more severe negative impact on wildlife and wetlands (McKinney being "unique by nature"), and disrupt significantly more businesses and residential options than Segment B. Segment A is far more disruptive to EXISTING areas / residences than segment B...which is less developed and...as such... has less impact on existing businesses and residences. What's more, with the new expansion of Ridge Rd. North of 380, segment B - a further westward option - makes more sense. My family also has young girls who will be commuting to McKinney North high school and if 380 is shut down near segment A it will have a significant impact on their commute and it's safety. It will also cause greater traffic within more southern routes on Virginia and Hardin. I strongly oppose segment A. Please do not damage our community and businesses.	Chatigny	Justin						
2931	9bd9dcdc-ed4c-4a41-89fc-971747debfe7	4/9/2022 2:03	4/9/2022 2:03		I want to voice opposition to Option B and support Option A. McKinney and TXdot were negligent in planning for growth. Don't impact Prosper, it's schools and it's residents because of it.	B	K						
2932	c07d2b92-1345-4d4d-826b-300c36bf1061	4/9/2022 2:14	4/9/2022 2:14		I support segment B but oppose segment A which will cost more and impact more businesses and native wildlife and wetlands.	C	Mary						
2933	b6d128d1-8adc-49bc-8d49-a0cdea939cd9	4/9/2022 2:30	4/9/2022 2:30		I really hate the idea of having a freeway this close to my house. I would rather have no 380 bypass than either route a or b.	Stadler	Scott

Take this out of prosper put it in McKinney. The population in McKinney is much higher than small town prosper. We don't need a 3rd major Highway!		W	T						
2954	2f1a0a34-1da4-43dc-82d0-57dad996b0ff	4/9/2022 12:24	4/9/2022 12:24		I OPPOSE Plan A. Frugally spend our taxpayer money and build Plan B!! Any person can see immediately that Plan B is more direct and therefore less expensive!	Allinson	Joan						
2955	884884f1-6d3a-41e2-84cb-6003bd5d6e4	4/9/2022 12:38	4/9/2022 12:38		Disrupting more land to continue suburban sprawl is wrong and needs to stop. McKinney is now over populated and does not need more people. The proposed highway will add to the problem. The highway will also cause more pollution which is already in issue in the area. No road!	Grim	Jonathan						
2956	75c9edef-dfc3-4202-8364-654b7b97f69f	4/9/2022 12:54	4/9/2022 12:54	So corrupt to attempt re-route this thru Prosper (plan B). All because the city of McKinney failed to plan for the growth. It's a shame this conversation is even occurring!									
2957	3a108ee0-914c-44c1-887e-8e7a55d69270	4/9/2022 12:58	4/9/2022 12:58	Opposed A, support B Oppose Segment A: We need to protect our precious natural wetlands & wildlife Support Segment B: Requires fewer business and residential displacements									
2958	3e47f67d-0ecb-4983-8ef3-33f7c136320c	4/9/2022 13:04	4/9/2022 13:04	We, as a town of Prosper, have gone through tremendous growth over the recent years and it's continuing at a rapid pace. This has been a huge adjustment for our community. By using option B and having to go straight through our town puts even more pressure and stress on the safety and well being of our residents. With a new high school already in the area and a new one coming, it concerns me the safety of our drivers and especially our new drivers for this to go straight through their path. This seems like a very dangerous option and poses a negative impact on our town and our own people for the benefit of others that don't live here. The other options seem just as viable without going straight through a small town. Option B is not what we want, not what we need and is not what our town can take pride in. We've worked very hard to keep this a safe and prosperous community, and option B takes that away from us...this is not why people have chosen to move to Prosper. Say NO to Option B!									
2959	e1a5c102-418e-444d-844b-c68f4960bdee	4/9/2022 13:13	4/9/2022 13:13		I feel that bringing a major road through an existing community would negatively impact families and detract from home values as well. It seems like option A can achieve the same end without impacting families and communities.	LAC	LAC						
2960	fbed678c-0514-4ced-84b7-b6434cc2286b	4/9/2022 13:51	4/9/2022 13:51	Section B should not be an option. Prosper planned properly for 380 to be widened eight where it is. No way should they have their city destroyed because McKinney didn't plan properly.		Bishop	Marla						
2961	2042f2c0-6f27-46fb-8852-2c34e6d7e464	4/9/2022 13:59	4/9/2022 13:59	I oppose all options that cut through the town of Prosper.		Chapman	Jennifer						
2962	c3c83410-2045-461e-843f-81482a447b10	4/9/2022 14:05	4/9/2022 14:05	I strongly oppose Segment A option. I've been a resident on Stonebridge Ranch for 22 years. This will have negative impacts on our community and businesses around us. We should not be punished because of the rapid growth we've invited into our city.		Gaas	T

As a resident of Prosper for more than 5 years the traffic on 380 isn't even congested. I drive this road regularly and there is never a back up. Please vote for no further extension of 380.	Smith	Joanna						
3009	ab832c1d-1e9b-40a1-89af-a69936f7e3a3	4/9/2022 22:31	4/9/2022 22:31	Manegait, located along the Option B path, provides essential therapeutic services to the North Texas special needs community. Manegait serves more than just families in Prosper. Option B would destroy the program's current location - unacceptable. Path B is an unacceptable option, which may look "fine" when drawn on a 2-dimensional map, and fails to recognize the human impact on the community it intends to bisect. Opposition Points to 380 ByPass, Plan B		Hunt	Amy

3010	c6e52355-36e8-4d0c-8445-593c7aae495e	4/9/2022 22:43	4/9/2022 22:43	I live at Coit and 380 in Prestwyck. It's McKinney, but Prosper schools. I am opposed to route A. It has too large of a negative impact on businesses. I understand MainGait and it's supporters are opposed but I strongly disagree that businesses and jobs should be negatively impacted. The family involved with MainGait has an absolute fortune and can move their organization. Plus, I've actually read the TxDot research that other therapeutic equestrian center representatives disagree that it would be disruptive. 150 weekly riders does not make up for hundreds of lost jobs. Route B seems the least disruptive as a whole and I support it fully.		Parker	Jennifer						
3011	f539fe48-3b1b-42a5-8bcb-624b1540e38b	4/9/2022 23:06	4/9/2022 23:06	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Beck	Warren						
3012	ffe85b4c-fd1a-4162-874b-a6afa9a491ed	4/9/2022 23:17	4/9/2022 23:17	The Route B options will impact my life and the lives of my family, and hundreds of families in Prosper, in a very significant and negative way. Not only will it disrupt many neighborhoods, schools, and businesses, it will also render useless current road construction which has been years in the works...it's like you're building roads to the year them out and build them again. Neither Prosper nor McKinney neighborhoods should be destroyed to make this venture possible...380 should be kept on 380 or Bloomdale road should go all the way from 75 to the tollway...it's straight, and it's primarily through undeveloped areas. This was a settled matter some time ago until one politician in Tucker Hill decided to use his influence to open this back up. It would really be a shame for thousands of Prosper residents to have to suffer for one man's position in life.		Draper	Robert						
3013	d4cb3e34-6b47-410f-8e8f-08629ef248f6	4/10/2022 0:22	4/10/2022 0:22	I am definitely opposed to "A" and support "B" as a better option. The numbers from recent presentation clearly show it as a less expensive and less impacting option. Prosper's and Maingate complaints seem unfounded and should not block option B as it is the beat option.		Bunker	Mark						
3014	2acd8590-288e-473f-837b-edce04cfd963	4/10/2022 0:47	4/10/2022 0:47	Keep 380 on 380!		Piazza	Dominic

3019	890ec3af-dbea-434e-82ea-40c04ca18b4b	4/10/2022 3:33	4/10/2022 3:33	I am resident of Heatherwood community on Grove Cove Dr. The proposed Option E passes right next to my backyard and all leaving on this road facing south. We took houses considering greenery and tagline of McKinney "Unique by nature". with 380 Bypass going right from our backyards, my daughters 11 and 6 says it will no more "Unique by nature". it not only risks our neighborhood safety but also noise and pollution will cause huge environmental impact for generations to come. I strongly oppose 380 Bypass and feel 380 should stay on 380 with adding 1 extra lane to each side.		Bothe	Sham						
3020	7fe04469-0d06-4405-886b-9355a9885cf9	4/10/2022 8:40	4/10/2022 8:40	We strongly reject segment B option for the 380 bypass to cut through prosper TX. As a resident of Propser TX we will be directly impacted by this proposal. Again we are against segment B and would like the DOT to figure out an alternative for 380 bypass away from Prosper Texas.		Khan	Saleem						
3021	2babf9a6-41a3-439d-85fb-abff3eaaa9d5	4/10/2022 11:01	4/10/2022 11:01		I don't understand how this will cause any relief in this area. The main 380 traffic problem is located west of Prosper. Traveling East from Denton is bottle necked by new construction. It makes sense to divert eastbound traffic well before Prosper. Additionally, the need for another high school was last year. We cannot delay this infrastructure for pass-thru traffic. Prosper is growing, please concentrate on what's important to its constituents for that to happen safely and timely.	Manimtim	David						
3022	92a0259d-ddd3-4665-88d9-2dc0dcfb532e	4/10/2022 11:16	4/10/2022 11:16	I am definitely opposed to Segment B. That area is too close to the already congested intersection at Coit/380 with two schools located within a block each direction. You would be creating a more dangerous hazard for children attending these schools.	If the intent is to redirect traffic and lighten the load on 380, why wouldn't you take the bypass further North of Prosper? I just do not see a big advantage to widening 380 to keep traffic on 380. It would take years to do that when a solution is needed now.	Seward	Jan

Possibly just as frustrating are the people who stay in left lane going slow. I vote for Option B.	There are way too many traffic lights on 380, and it feels like side streets get immediate light changes. Possibly just as frustrating are the people who stay in left lane going slow. I already avoid 380 at peak times using Prosper Trail/Bloomdale or Frontier Parkway. I vote for Option B.	Meyer	Russell						
3025	21bbc3f6-5509-475d-8fcc-1851da8fda b5	4/10/2022 13:55	4/10/2022 13:55	I am opposed to option B of this project		Blackwell	Diana						
3026	2c7b0adc-f07b-4272-8f5b-fb263df83105	4/10/2022 14:04	4/10/2022 14:04	I also strongly oppose Segment-A. It should not be considered for the following reasons: My concerns are that option A requires sharper turns to entry and exit of traffic from 380 and the same sharp turns as it progresses as it connects to option E. As a former professional driver this kind of entry and exit only adds to accidents and backups at these points. Including more noise and also makes the road less likely to be used because of this.		Gray	Jesse						
3027	61050587-d13c-4765-83d1-2397d17b7ea2	4/10/2022 14:11	4/10/2022 14:11	We support plan B, not plan A. Plan A will cost more money, and will put increased traffic through the Custer /380 intersection.		M.	W.						
3028	e0f2bc11-1ff8-40b8-888e-c0662cb28bae	4/10/2022 14:20	4/10/2022 14:20	I am opposed to A and B proposals. Just continue this road into 1461 if it needs to be built. Just put exit off of the route in Mc Kinney at the major thoroughfares. If this bypass is to have value it should continue all the way to FM428. Because as I see the most congested part of 380 is from the tollway to west of 423. So conclusion if this road is to have value it needs to g ok to at least FM428 anything short of that will exacerbate an already growing problem.		Aldridge	John						
3029	65beafa4-cfdc-47e5-8c28-b60cbaedf1b2	4/10/2022 14:25	4/10/2022 14:25	I am opposed to segment A and the negative impact it will have to my community and the businesses along Hwy 380 in that area.		Trewin	James						
3030	1ad73d9d-f2f3-40d2-8f45-91c08a76a440	4/10/2022 14:38	4/10/2022 14:38	I like segment B over segment A	I like segment B over segment A	Cole	Benjamin						
3031	ee6c42a0-4ea9-4ba6-84c2-b5a4cba0f47a	4/10/2022 14:49	4/10/2022 14:49		As a Prosper resident, I strongly oppose the section "B" bypass through our community. In no way will it provide anything positive to enhance our community. Instead, what we will see is additional noise, pollution, degradation of wildlife habitat that is dwindling at an accelerated rate currently, and loss of vital pieces of peoples lives. By the proposed route, you will not only reduce the quality of life of residents but impact the very reason that makes Prosper where we all want to reside. It will quickly turn into another by-gone community within the concrete madness of urban sprawl. I strongly urge anyone in a position of decision on this project to reevaluate the needs versus the permanent impact this will create in those who choose to call this community home. We are the voters and we do not forget.	Jaques	Max						
3032	dcfb8334-cbc2-4a0b-8507-a6d8998b10a4	4/10/2022 14:51	4/10/2022 14:51	I live in this area and many more residents. I think option B is better then A because less residents get affected by construction of option B		M	B						_work_for_TxDOT_
3033	62d766a6-a278-49d4-8a32-5be22ba36a3c	4/10/2022 14:54	4/10/2022 14:54	Option B will have a devastating impact on not just Maingait, but to the entire town of prosper. Prosper has spent taxpayer money to develop an overall plan and has followed the plan on which to build a unique quality of life for its residents. Option B will carve a significant part of that plan away, and reduce the potential tax base. Additionally, the serenity offered in the north part of Prosper will be impacted as well. Prosper is set apart from so many other metroplex towns...don't destroy it DOT!		Kinchen	David						_am_a_business_owner_
3034	dfd66ebe-cada-4aac-85d2-9eda715b9b92	4/10/2022 15:01	4/10/2022 15:01	Option B is a non-starter for the town of Prosper. A significant percentage of the Prosper land use will be detrimentally impacted compared to other City's with much larger land mass. Destroying Maingait and the services it offers is another negative result of Option B. Stay with Option A!		Kinchen	Kristin						
3035	a54ffa96-1ac3-4926-898e-b2d66a13263c	4/10/2022 15:10	4/10/2022 15:10	Section B is cheaper to build according to the City of McKinney analysis, and I prefer the traffic pattern that moves noise and traffic away from the Custer Rd intersection. Thank you.		Brown	M						
3036	6d2a5dd6-6475-4caf-8749-be3c6de3523d	4/10/2022 15:16	4/10/2022 15:16	I recommend alternative B (over alternative A) and feel it is the least disruptive to the fewest number of citizens and businesses. Thank you for the opportunity to provide input.		Mazzola	Joseph

3040	39fcc730-e422-4053-8437-e1db2d195054	4/10/2022 16:04	4/10/2022 16:04	Why would you put this through/by Manegait and Prosper when it is a McKinney problem? Seems the only reason to consider option B is because McKinney politicians dont want their businesses inconvenienced so want it to skirt conveniently around them. Didn't we already go around this already and the option B was rejected?? Is the plan to keep bringing it up in the hope that eventually Prosper drops the ball and doesn't pass an 8th, 9th, 10th, nth resolution against the proposed route?? And why do we need the McKinney bypass when we already have the Collin County Outer Loop already in construction? Wouldn't that ease the 380 congestion - would move all it local traffic off 380.	Why would you put this through/by Manegait and Prosper when it is a McKinney problem? 3041	596e41b8-5c4f-4b86-8aa4-533f8cdd5a94	4/10/2022 16:21	4/10/2022 16:21	i provided comments against A earlier but forgot to mention the elementary school in Auburn Hills. From the maps, it seems as though the 8 lane freeway would run about 100 yards west of the school which, to me is a bad idea for the youngsters. That scenario has death and devastation written all over it. Sincerely, Carl Van Winkle		Van Winkle	Carl						
3042	9880aa85-12c5-442d-8598-b95c9425ea4e	4/10/2022 16:38	4/10/2022 16:38	I oppose option A. Here is why the argument about it negatively impacting Main Gate is a moot point: There are SEVERAL therapeutic horsemanship facilities that are within 20 feet of major freeways. • Dream Catcher of Los Angeles Therapeutic Riding Centers and Rancho Rio Verde Riding Club - Long Beach, CA - entire property is within feet of the large 710 freeway, 405 freeway and large 4 circle interchange, and multiple bypasses - 1003 W Carson St, Long Beach, CA 90810 • Hearts therapeutic equestrian center, santa Barbara, CA - southern border and trail system is within feet of the large 101 freeway in Santa Barbara. 4420 Calle Real, Santa Barbara, CA 93110 • Rocky Mountain Riding Therapy - property is right up against large Denver Boulder Turnpike 36, 66 S Cherryvale Rd, Boulder, CO 80303 They will absolutely be able to continue business as usual. Option B is the best choice as it costs less, disrupts fewer business, and displaces fewer wildlife areas. It also impacts fewer homes.		H	Kristin						
3043	89e988cd-fc0b-4113-8a34-8de306c2a64e	4/10/2022 17:07	4/10/2022 17:07	Choosing option "B" listed here will congest Prosper and it doesn't even make any sense. The traffic needs to be diverted away from 380 where it jams up the most which is in McKinney by 75. Prosper has been building roads to help the situation while 380 in McKinney has remained the same. Putting this burden on Prosper is ridiculous and will put highway traffic by schools and new drivers. There are better options on here.		Gibson	Kellie						
3044	34404a9a-c1f0-45dd-8def-6c5f8ab7343c	4/10/2022 17:11	4/10/2022 17:11		I am opposed to Segment A. I believe that Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. I oppose Segment A for Costs taxpayers \$98.8 million more Impacts 57% more natural wetlands & wildlife Negatively impacts Tucker Hill and Stonebridge Ranch neighborhoods Why I Support Segment B: Requires 73% fewer business and residential displacements Avoids costly reconstruction of the intersection at U.S. 380 & Custer Road 14% shorter, saving time and money Thank you	A	Lauea						
3045	c8637f59-f98b-4e6b-8691-918e2a76944a	4/10/2022 17:19	4/10/2022 17:19	I oppose Segment A for the same reasons as outlined by the City of McKinney. Unnecessary costs and detriment to established businesses on 380 must be avoided. Segment B seems to be the best, least disruptive, and most cost-effective solution. Obviously, we do need relief on 380!!		Statzer	Fred

3050	03179c61-9d63-4887-8c15-54e6ba76d704	4/10/2022 19:34	4/10/2022 19:34	The proposed route is less than 500 ft from our house. When we purchased our home we chose this location because it was quite and within quick access to 75. The bypass will ruin the quality of my neighborhood and the road noise will make our home a stressful experience. We should not have to pay for the poor planning of others. This includes the people moving into areas with poor transportation and the governments catering to builders and businesses for tax revenue without proper transportation planning. Not to mention the negative impact on the environment due to this massive exodus of the collapsing high tax/crime states.		Ford	John						
3051	a3c9a941-0f7c-4aea-82b3-8d3193035280	4/10/2022 19:46	4/10/2022 19:46	I support choice A to allow a bypass through McKinney without damaging other communities. Other options goes through heart of Prosper, near elderly communities and services. McKinney should chose its own fate in their city.		P	Don						
3052	8c54b88a-ce29-4664-8e7b-c24aba781d73	4/10/2022 20:02	4/10/2022 20:02	I am a resident of Auburn Hills in McKinney. I believe that part of your mandate as a government when changing highways must be to "do the least harm". Clearly, TXDOT's own analysis shows that Option B does considerably less harm than Option A in every category. Option B impacts fewer existing homes, business, and costs taxpayers a large amount less. Neither option is without pain. Option B comes close to the Whitley Place existing development. However it is less close than Option A's proximity to Tucker Hill and Windcreek/Stonebridge. Main Gate is an admirable organization, but again, TXDOT's research indicates proximity to highways in other such facilities is manageable. MainGate is making the choice to move, but that is by their choice. While it is true that Prosper has future development planned that could be impacted, the operative word is: future. Prosper would have time to adjust "future" development. Option A impacts real world businesses, families, and taxpayers.		Manchester	Fred

3054	f409d739-f715-4522-8ed4-29719524f311	4/10/2022 20:10	4/10/2022 20:10	I am against proposed Option B. This proposed route is too close to and will negatively impact established businesses and schools in the vicinity. Of particular concern is the negative impact traffic disruption and noise will have on ManeGait Equestrian Therapy Center on Custer. ManeGait is a longtime established business and deserves a great deal of consideration because of the important work the do for children with autism and other disabilities.		Crim	Jena						
3055	ad3bef5b-eca1-4019-8e5c-a2eef779270f	4/10/2022 21:29	4/10/2022 21:29	Avoiding the 380/Custer intersection construction would be the best solution for all housing within the majority of the surrounding area. I use this intersection daily and knowing how long construction takes, it will be horrendous to try and navigate. Not to mention, option A is almost 100 MILLION more than option B. The residents of McKinney are struggling enough with the inflation rates, loss of work, and overall effects of Covid. The last thing we need is a huge jump in taxes to pay for an unnecessary road when there is another viable, shorter and cheaper option available with option B.		Dailey	B

3058	7a26dd08-5c48-44c8-8c85-4e0bcb0faaf	4/10/2022 23:55	4/10/2022 23:55	We have major concerns with the volume of traffic, noise and air pollution that will be within 500 feet of our home. We are retired and have respiratory issues that will increase our risk of emphysema attacks. We are already seeing increased crime in our neighborhood with the widening of custer road and rental housing across the road from the grade school at prosper trail. We have lived in this quiet community since 1997 to get away from the traffic and congestion in McKinney. The city of McKinney has no legal right to impact the town or residents of Prosper and ruin our way of life with a super highway because they have not widened the 380 existing corridor at their expense. The community of Prosper has taken appropriate action and cost to support 380 widening along existing right of way. It is not justified for Prosper to pay for McKinney problems and solutions.		Wegleitner	A.J.						
3059	d9b7538b-4b01-41bf-82c6-1e80f064ecd3	4/11/2022 0:16	4/11/2022 0:16		Please pick route B, it will disrupt much less and cost less. There is no reason to waste more money and have a weird 90 degree change in flow of traffic	Lunde	Brett

3062	e1247802-e5e1-4942-85fb-b282f4dcaa9	4/11/2022 0:33	4/11/2022 0:33	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements and minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: it destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side; the cost of Segment-A is \$99 million more than Segment-B; and it will create an overpass on 380 over Stonebridge Drive and Custer Road.		Byers	Geoffrey

3068	3b410b28-0210-4589-8510-a3ef72b794b7	4/11/2022 3:24	4/11/2022 3:24	I do not want the therapy center at Main Gait to be put at risk due to a major highway being built right next door. Main Gait is one of the few locations of its kind in North Texas that provides vital therapies to disabled children. Putting a major highway on its doorstep will fundamentally alter its services and disrupt their ability to serve disabled kids. It will also put these children at higher risk for being injured by cars as they are more likely to elope into traffic than nondisabled children.	Do not punish the residents of Prosper for McKinney's poor planning. Prosper planned ahead and left plenty of space between businesses and homes and 380 to accommodate future growth. McKinney did not plan ahead. It is not Prosper's fault that McKinney did not plan ahead. Placing a major highway between a High School and a center for disabled children puts Prosper children at unnecessary risk.	Weant	K

3075	c9108749-bac6-4dbd-818d-ce64ab3736a0	4/11/2022 10:35	4/11/2022 10:35		This will disrupt Erwin Park, if not completely destroy it. Please protect Erwin and allow the thousands of residents who visit the park annually the benefit of enjoying the little green space left in McKinney.	M	J						
3076	e5e92c83-b8e0-4f19-87c9-ce15c8df8c4f	4/11/2022 10:41	4/11/2022 10:41	Plan B location has more issues than plan A. This location will negatively impact several key locations and remove much needed areas for future development that are already planned and approved. Main Gate a very unique horse farm for mentally and physically challenged individuals would be forced to move. A very costly and time consuming endeavor. It would negatively impact two schools in the area plus Whitley place subdivision. Also in the are is a planned over 50 community and a cemetery. Prosper has worked hard to keep land available for the expansion of 380, lets keep 380 on 380 and leave Prosper and it's country feel alone. All of these areas that plan B impact have been approved and developed for subdivision and should be left alone.		Girouard	Darrell						
3077	1ed130f6-9db8-49b5-87a5-1f60b4647d2b	4/11/2022 12:25	4/11/2022 12:25	I adamantly oppose option B. As a 12 year Prosper resident I see multiple ways this bypass would negatively impact the community. My son is a student at Founder's Classical Academy. We transferred him from PISD because he had daily headaches from noise level. Founders is a sanctuary for children to learn and thrive in a quiet environment. Similarly, Mane Gait provides an essential service for those with special needs. I have seen first hand lives changed by horse therapy. It would be a travesty for this area to loose that local service. Finally, my house backs up to Townlake Park. It is the only park of it's kind in Prosper. In an area full of man made aesthetics, Townlake is a true natural setting where residents can escape the ever growing urban landscape. The noise pollution from the bypass so close by would forever change a preserved location of true nature. I ask you to please consider the negative effects of Option B on 3 unique properties. Mary Collins [REDACTED]		Collins	Mary						
3078	3a5a3f0a-14f8-42d9-8ae2-3608bc9aa705	4/11/2022 13:12	4/11/2022 13:12	Plan A makes no sense. Plan B cost less and takes traffic off of Hwy 380 much quicker and at a more critical point. Please go with Plan B.		Hollis	Mark						
3079	a9b9d7c3-ef58-45b6-8855-6e064fb09d31	4/11/2022 13:18	4/11/2022 13:18	Tx Dot needs to plan better and should already be expanding a North Collin county bypass to receive 380 traffic. Since Tx Dot and McKinney failed to plan this should not adversely impact Prosper. Keep 380 on 380. Do not split Prosper or ruin the tax base. Route A is the only option to preserve Prosper, prevent loss of a therapeutic horse farm and several cemeteries. I no longer travel central express due to the number of violent wrecks everyday. 380 has a very high accident rate as well. The fix should have already happened. Keep 380 on 380.		Ward	Michael						
3080	627a6529-843d-4c6e-8fef-6f9fb5cd6686	4/11/2022 13:34	4/11/2022 13:34	I strongly support segment B, and do not support segment A.		Rodriguez	Patrick						_am_a_business_owner_
3081	89081e26-1267-411c-8687-555bc00e47c9	4/11/2022 13:39	4/11/2022 13:39		I support the Option B bypass route. We need as much 380 traffic relieve as we can get. Option B is a longer bypass route, is cheaper to build and impacts fewer residents and businesses. I support bypass Option B.	Waechter	Brent						
3082	55b0a22b-8ed6-4584-8479-24ac76d184e1	4/11/2022 14:04	4/11/2022 14:04	Please consider Option B for the 380 Bypass/Expansion project. The disruption to existing homeowners and Business under Option A is definitely much larger in magnitude when comparing the options. Furthermore, the cost of the project justifies the Option B consideration as well. It's common sense. Thank you!		Lopez	Robert						
3083	152fe282-1270-4ad1-82a5-d56be0cda080	4/11/2022 14:20	4/11/2022 14:20	I am opting for Plan B as this effects so many aspects of why I built my dream home were I did.		Brubaker	Rebecca

If you go with A it will literally be in my backyard and we will have zero privacy, space, it will be constant noise pollution in our home. We are begging you to start it farther west! Plus, not only will my home price decrease, but it will cost so much money that we could use to better all of McKinney....not just one stretch of road.		Thurow	Amber						
3085	aff47f20-4304-4681-855f-cf307955a660	4/11/2022 14:26	4/11/2022 14:26		We moved specifically to this area to keep the farms around us and the "country" feel. I oppose this huge road going by and through ManeGait and down Custer near the farm road. Keep this location along 380.	Holroyd	Jeff						
3086	3d644c5c-b537-4301-8a54-864014f09287	4/11/2022 14:34	4/11/2022 14:34		This route should not infringe upon Prosper and the developments. 380 should remain on 380.	Jankord	Joseph						
3087	82b41c60-391e-46a3-8d19-b7cd3abbf4bd	4/11/2022 14:37	4/11/2022 14:37		Alignment A poses a large impact to the water distribution since the City of McKinney University Pump Station is located on US 380 near Lat 33.21881 Lon: -96.71546. this pump station serves SW, North, and North West McKinney. The relocation estimate is approximately \$58 million which does not include impacts to the City to maintain continuous water to the citizens being served by the pump station. The NW area of the of the City is has the highest growth rate with several proposed developments. Alignment B has less impacts that does not affect a regional area similar to that of the service area of University Pump Station. Alignment D poses a large impact to NTMWD lines that serve McKinney and other Cities to the north. As far as driving Alignments B and C seem to be the most feasible route to bypass the future Business US 380. If traveling from the west on Alignment A almost have to go Ridge Road before heading north...may as well stay on US 380 Business to get to US 75.	Tucker	Paul						_am_a_business_owner_
3088	abbe49b5-509e-4d81-885e-0be6b5c693da	4/11/2022 15:20	4/11/2022 15:20		I am a McKinney (Tucker Hill) resident strongly in support of option B. In both the short run (and especially during the actual construction phase) and also in the long run, option A limits emergency vehicle access and creates noise and air pollution detrimental to our growing neighborhood. Option A also impacts safety for local high schools, poses greater driving challenges in freezing weather, and (as a longer route) increases pollution for the area overall. Option A is far more disruptive to residences both during and after construction and businesses are far more heavily impacted with this option. Significantly, costs borne by taxpayers are nearly \$100 million greater with option A. I say YES to option B and NO to option A.	Johnson	Dave and Step						
3089	d2dfd990-d79d-4e00-83d8-53adcccd22f91	4/11/2022 15:26	4/11/2022 15:26		380 should be kept on 380. However, if there is a bypass, then I vote for Option A.	Schott	Han						
3090	07246e10-ee85-4d97-8237-58cdaa8776db	4/11/2022 15:32	4/11/2022 15:32		If your goal is to bypass 380 relieving traffic through McKinney, both east and west, then it makes sense to extend the bypass as far as you are able both ways. To the west, extending the bypass along Path B would make the most sense (even further would be better). Turning south along Path A would be less effective at projecting west. Might as well get the most bang for the buck. If you could find a way to go at least all the way to the Tollway, that would probably be optimal. To do this, you would likely have to put the bypass further north where there is still right of way availability. Look at the way Denton did their bypass. If McKinney feels this is what needs to be done, do it right.	Loughridge	Flint						
3091	8d239e33-6dee-4501-89b6-f7efbae524bb	4/11/2022 15:38	4/11/2022 15:38		If your goal is to bypass 380 relieving traffic through McKinney, both east and west, then it makes sense to extend the bypass as far as you are able both ways. 3096	c6b7a245-de27-4a71-8c89-b4c81dff577e	4/11/2022 18:47	4/11/2022 18:47	The fact that this is so close to ManeGait is incredibly concerning. As much good as ManeGait does for the community, having such a major roadway so close to the facility, where many riders are sensitive to stimuli such as noises is an awful idea.									
3097	13d30aad-9d37-47c9-8ff2-e842d02e55c5	4/11/2022 19:04	4/11/2022 19:04		I understand the need to enhance the ability of drivers currently using 380 heading east and west however I don't understand why the plan wouldn't be to connect directly from the new DNT to 75 and use an area that is still undeveloped. All the plans that are being discussed will cause many homeowners and business to be disrupted. Moving further north would allow for useage of property that is currently undeveloped, saving a great deal of money. Segment B is completely unreasonable in my opinion. Prosper is too small and would loose too much with this proposed route. There are planned projects that will be completed by the time this project is decided upon and they will then have to be torn down. A complete waste of resources and finances when there are better options.	Berlinger	Colleen						
3098	80a8f414-9798-4ed2-8f57-94f0a03e40b1	4/11/2022 19:23	4/11/2022 19:23	The A route makes absolutely no sense. I live in Stonebridge and work in Tucker Hill. It is too crowded on the A route. The Tucker Hill neighborhood, as well as Walnut Grove, is too established to be destroyed. The Prosper location is clearly more open and will be a better future route.		Milstead	Holly						
3099	dadc04f-8fe6-4294-8a21-ab9ebe542d57	4/11/2022 19:47	4/11/2022 19:47	The 380 is already a mess. As much traffic we can get off the 380 the better. I don't believe McKinney planned well for the development, and sad for Prosper, but the bypass is better through Prosper. The folks in Celina and prosper are traveling the 380 ALL the time anyway. B is the better plan as a whole.		DeYager	Brenda						
3100	972df703-5053-458d-8335-0d68e60b378a	4/11/2022 20:12	4/11/2022 20:12	The Wagner family is opposed to the 380 bypass as shown in A.		WAGNER	RONALD

3102	9eb84ccc-e860-49ca-8d9e-2b5676491287	4/11/2022 20:33	4/11/2022 20:33		Simple feedback... I am a resident of Stonebridge Ranch and am opposed to segment A and support segment B.	Ambroziak	Mike						
3103	9eb2c85e-08eb-456a-8efd-63b12c3e72d4	4/11/2022 23:00	4/11/2022 23:00	I would like to protest the selection of B as the way to expand Hwy 380. It is ridiculous to split a small town like Prosper with a highway. ManeGait is also a concern. Having been a volunteer/rider ManeGait and the services offered as vital to Prosper and the surrounding communities.		Alsbrook	Winona						
3104	2972c18d-6e1d-46c5-8647-b8056d88cb82	4/12/2022 0:09	4/12/2022 0:09	With option A, it is difficult/impossible to envision an ascetically pleasing outcome for the residents of LaCima Haven, LaCima Meadows, LaCima Manor (all just west of Stonebridge Drive at 380, in Stonebridge Ranch) as well as Wren Creek and Ridgecrest (to the east of Stonebridge Drive at 380). We have owned our home in LaCima Haven for over 10 years. This directly impacts my family.	If we must choose between these two options, option B is the better. A would displace many more business and homes, further erode the wetlands, Army Corps of Engineer waterways, wildlife and way of life along highway 380 for a large tract of long established businesses and homes. Option B would save taxpayer dollars, sorely needed in this inflationary economy, well just in general, frankly. The path B through Prosper into McKinney just makes so much more sense: less disruption, less cost, less obstacles and more common sense. Thank you for your time and consideration.	Lopez	Ruth						
3105	b9c9707f-5f02-47b2-853c-b6740d30e907	4/12/2022 0:09	4/12/2022 0:09	Support option B and oppose option A. Start project asap pls		Mehta	Bhaven						
3106	66558470-e2dd-449f-8b0c-254a883859ef	4/12/2022 3:48	4/12/2022 3:48	I oppose plan A. This was poor planing from surrounding towns and Prosper should not have to pay the Consequences. Please note the residents of Prosper has been in talks with local lawyers and engineers that live within the town Prosper to stop and fight this by any means.		Manrell	Chris						
3107	54863c95-e619-4dac-8043-4ec507b60a63	4/12/2022 5:30	4/12/2022 5:30		Option B is the most logical sense of building the 380 bypass. Why would you have the bypass go directly down when it can be angled and bypass more of 380? All this would do it cause major traffic congestion at the point where the two meet on 380. If you were to have it more angled traffic would dissipate naturally before the bypass and 380 meet again.	M	S

3129	37a800ae-e048-4a4b-80e7-ecf20b1f894b	4/12/2022 15:56	4/12/2022 15:56	The proposed B routing for the 380 bypass should have never been considered, it is a result of bad planning on the city of McKinney and then trying to push the result of that bad planning on to the Town of Prosper. There are wide economic and quality of living, not to mention the environmental impacts that bringing the B route through Prosper would incur. A 380 Bypass would only benefit the residents of McKinney and therefore McKinney should bear the responsibility for providing the land and space to accommodate such a Bypass. The outer loop should be TxDOT's focus, not this Bypass.		McClung	Brian						
3130	c56446ce-7d64-4835-84c3-d31928f8c2c2	4/12/2022 16:31	4/12/2022 16:31		I am in support of Segment B and C.	Smith	Sabine

3133	628f4da0-954e-45eb-841f-6389d668f8b2	4/12/2022 17:58	4/12/2022 17:58	As a resident of Whitley Place it is disturbing to know that such dramatic changes are being considered if the bypass were to cut through what is already a small city. Prosper is only 25 square miles vs. McKinney at 67 square miles. This bypass would negatively impact Main Gait, schools, residential communities, churches and the safety of all its citizens. All of which it's citizens hold dear. Please do not destroy this lovely place to live. Thank you for your thoughtful consideration.		Deems	Lorri						
3134	87469590-a828-418f-8888-658d12f52936	4/12/2022 18:40	4/12/2022 18:40	I chose to live in a home and in a community that was 2.5 miles north of US 380. Now, because of poor planning of McKinney leaders, segment E is going to be in my backyard, literally. I oppose this plan and ask that this segment be moved 2.5 miles further north so that it does not affect the Heatherwood neighborhood and also will be built north of Erwin park. Or, keep 380 on 380 and build it with lowered grade highway and ground level feeder roads. Putting an 8 lane highway so close to an established neighborhood is completely unacceptable. City leaders' homes are no where close to any of these segment options. If they were, I bet there would not be a highway in their backyard. In the attached picture, Bloomdale road is on the other side of my fence.		Goodman	Kevin						
3135	1e7225dc-0c91-45a7-862b-65c936bc1546	4/12/2022 18:54	4/12/2022 18:54	I prefer option B. The other options would pose a major safety issue for my neighborhood.		Weller	Stacy

3136	a1e73337-cf91-4930-8c70-35a48bd9f9f0	4/12/2022 19:26	4/12/2022 19:26	I am in opposition of proposed Segment B through Prosper. As a 15-yr resident, this would impact quality of life for our families. Poor air quality, noise, and traffic congestion do not belong in our neighborhoods. Keep 380 on 380 and consider over-passes for major intersections instead. If the trend of remote work continues then it will be disruption and money spent for no reason. Collin County growth will not necessarily reflect a need for larger roadways. Rapid transit is another alternative solution.		Dobbs	Laurie						
3137	000141f1-2d17-42f7-853c-2e445232ae3f	4/12/2022 20:06	4/12/2022 20:06	We oppose option B. Makes no sense. Please keep 380 on 380 !									
3138	dc49dc22-6c11-4886-84fe-1669c12ad453	4/12/2022 20:16	4/12/2022 20:16	I'm very opposed to Segment A. I'm a 10+ year resident of McKinney, fairly close to this intersection of 380 and Segment A. This means will create major traffic issues in many close by residential areas of McKinney, and is much more costly and creates more wildlife issues than Segment B. I'm strongly in favor of Segment B. This segment seems to be much less costly and far less damaging to residential areas than Segment A.		Huffman	J						
3139	82878317-df10-4dae-841c-5d5333f42231	4/12/2022 21:05	4/12/2022 21:05	I oppose Segment A, and am very much in support of Segment B. Segment A is more expensive for taxpayers, impacts more natural wetlands, which in turn will negatively impact wildlife, and of course will impact more businesses and neighborhoods. VERY MUCH OPPOSED TO SEGMENT A!									
3140	10d3e25b-9438-4f86-87ba-c3e6883ee4d7	4/12/2022 21:09	4/12/2022 21:09		I am in favor of Segment B. This will have less cost to taxpayers and preserve more of our wetlands. No to Segment A	Thompson	Kari						
3141	b930b979-57b1-4e11-807c-2e9dab227eb9	4/12/2022 21:27	4/12/2022 21:27		Please register my opposition to Segment B. No city wants to provide the ROW needed for this project. However, there are several reasons that McKinney should provide the ROW. First, the benefactor of this project is McKinney. The project diverts traffic away from the busy 380/75 area and reduces congestion, noise, accidents, improves air quality, etc. Second, McKinney is over 62 sq mi. Prosper is under 23 sq mi. The loss of the land from Segment B to Prosper is devastating compared to McKinney's Segment A. Instead, consider the following: (1) Accelerate construction of the outer loop. The loop benefits multiple communities and offloads 380. (2) Close the rock crushing plant in Frisco just south of 380 and La Cima. This is a constant source of heavy semi traffic on 380. Have the cities along 380 ban future sites that promote this sort of traffic.	Gray	Roy						
3142	16791a5f-dc3f-44f5-865f-8f78057d335e	4/12/2022 21:34	4/12/2022 21:34	I oppose segment B of the proposed US380 highway. The highway will interrupt our community negatively. Our children will be dangerously close to a major highway as the new high school will be right on top of the new highway. The project is more costly. Please leave us 380 on 380. Property values will go down. The highway will be noisy making homes in the area less desirable.		Nava	Claudia						
3143	ac4f9a4e-4dd1-43f2-8223-14ddea4f81f9	4/12/2022 21:37	4/12/2022 21:37	On a personal level, I strongly object to the A alignment as the noise and traffic near my home in Tucker Hill will become unbearable. I also understand that the A alignment will impact more homes and businesses and will be more costly than Alignment B. Therefore, I find it difficult to understand why the A alignment is being considered. I understand that Mane Gait might be adversely affected, but surely there is enough land in Collin County for them to relocate. While this is not ideal for them, it seems a much less onerous alternative than negatively impacting hundreds of homes and businesses. Susan McKeen (Murray)		McKeen	Susan

3153	2824fdd2-7f92-48ac-8d80-7ee9c627fe01	4/13/2022 0:52	4/13/2022 0:52	I absolutely support B and OPPOSE A!	We must protect our already overcrowded traffic infested neighborhoods and save taxpayers \$99 million in the process. Segment A negatively impacts our neighborhoods and businesses along 380. AGAIN, I oppose segment A and SUPPORT Segment B!	Olenick	Robert						
3154	b8eb3adf-c8a8-4cf1-891b-b59cc7811b6d	4/13/2022 1:21	4/13/2022 1:21	There are many people who will be affected adversely if you choose route A. Please choose route B.									
3155	d93a8284-fa65-4a1a-850d-a517e0ca8e26	4/13/2022 1:28	4/13/2022 1:28	Keep US 380 on US 380. I oppose any route including segment B which would cut through Prosper.		Sylvester	Chase						
3156	060b2493-0660-40c4-8fa7-df3c6129a223	4/13/2022 1:52	4/13/2022 1:52	As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B. *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will also cause the installation of water pipes (ducts) over 380. Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.		Musho	Stacy						
3157	c260282a-08e1-41c1-87e8-fd8f203a5306	4/13/2022 2:17	4/13/2022 2:17	My family opposes option B relative to the proposed 380 bypass. We specifically moved to the Prosper / Celina area because of the congestion and subsequent noise levels in McKinney. Given that Prosper prepared 380 for the growth and traffic patterns, Prosper and the residents should not be subjected to having a 380 bypass cutting through the middle of this great town. Additionally, Maingate and other communities will be negatively impacted and have been a part of the Prosper community for over a decade. Option A should be selected as the traffic issue belongs to McKinney and it's residents who chose to live there. It would be unfair to the Prosper residents to choose otherwise. In the end, no one will be pleased but keeping McKinneys traffic issues in McKinney seems to be the best choice.		W	Woody						
3158	fe653f4f-a07f-41bc-895e-d47b356a272b	4/13/2022 2:18	4/13/2022 2:18	I am against Plan B that would put the highway bypass through the eastern side of Prosper. This is not a good solution. It will be negative impact to the town of Prosper and ManeGate equestrian therapy center. Keep 380 on 380		Knipe	Stacy

For mostly the same reasons listed above, I also support Alignment C over Alignment D.	Carmichael	William						
3165	daea8d59-c8a8-4e6a-8fcd-ccfb80eef04f	4/13/2022 13:22	4/13/2022 13:22	Segment A will have a negative impact on wetlands and wildlife. Not to mention the neighborhoods in this area. Going with segment B would be a better alternative.		Smith	M

3171	7703ae40-c04e-4d97-832d-49683367d7e0	4/13/2022 13:47	4/13/2022 13:47	I vehemently oppose Segment A of the proposed US 380 Bypass. This proposed segment will destroy more natural wildlife and wetlands, have a negative financial impact on taxpayers, significantly hurt the local economy of McKinney, and uproot many McKinney residents if selected. McKinney strives to be unique by nature and aims to compete with the economies of surrounding suburbs. Segment A will dramatically prevent that from happening.	Segment B is a far better choice for the future of McKinney and what the city hopes to be now and in the future for generations to come.	Ahmed	Azhar

3173	5bf0e437-e577-4073-86ad-9ab0dbd82db0	4/13/2022 14:10	4/13/2022 14:10	I oppose both segments A and B. These changes will disrupt integrity of the suburban quite life in this part of McKinney and degrade residents lifestyle due to the noise and traffic. Why not develop the outer loop a few miles north instead of the bypass?		S	AI						
3174	9ffe11b3-4984-4315-8d87-375709defa7b	4/13/2022 14:21	4/13/2022 14:21	I support option A		J	C						
3175	b2885bf6-6041-44e6-81e4-28844ddf38c1	4/13/2022 14:41	4/13/2022 14:41	I am writing to voice my objection and concerns regarding the Segment B option which places a bypass of Hwy 380 into the Town of Prosper. This option is hazardous to the MainGait and Founders Academy. Additionally, this option completely destroys Ladera Prosper, Wandering Creek and Shalimar Hills. This option destroys >360 homes in Prosper. I continue my support of the Town of Prosper in their objection to any form of a bypass through our small town which negatively impacts the tax revenue of our limited space. As you know, the Town of Prosper planned for a continued expansion of 380 on 380 and the fact that McKinney did not, TxDOT should cease the preference of McKinney residents and leadership to push their problem into a neighbor town. Lastly, this option does absolutely nothing for the standard traffic from Prosper to McKinney, meaning that volume will continue on 380. Benjy Green [REDACTED] [REDACTED] [REDACTED]		Green	Benjy						
3176	bdaf9f25-8f40-4c70-8cb7-e3bc2c7d769f	4/13/2022 15:10	4/13/2022 15:10	I prefer the B route.		Klein	J						
3177	90f4ec0d-56db-4a5a-84da-7005b8bdb455	4/13/2022 16:52	4/13/2022 16:52	I am opposed to Segment A due to the impact it would have on existing businesses, especially along 380 at Custer where the reconstruction would be substantially more expensive. Furthermore, I am against the impacts to the existing neighborhoods at Tucker Hill and Stonebridge Ranch which would be avoided with Segment B. Please use Segment B to avoid damaging these businesses and neighborhoods!		Miller	M						
3178	34542ae5-3552-48a1-83d5-0da032ee620b	4/13/2022 17:05	4/13/2022 17:05		With so many people moving to the area, traffic is already horrendous. We need more substantial roads to allow people to get around in a reasonable manner.								
3179	2f432eb5-784d-4f1b-82c1-d216c10c764e	4/13/2022 17:15	4/13/2022 17:15	My wife and I are adamantly opposed to option "B". A far better option might be to simply move the by pass to the outer loop that is currently under construction approximately 3-4 miles north of 380. People wanting too avoid serious delays could use this. In addition you could update some of the main north/south feeder roads that link 380 with the outer loop. This might be far cheaper and easier than doing A, B and E.		Leon Leiker	Debra Leiker

Also, we need to select a Segment which will be the least disrupted. I choose Segment B. It also costs less which is always very important. Thank you for your time. Kathy Messer										
3193	4eb9a74f-a29b-4ef5-810f-acda0c736e5f	4/13/2022 22:42	4/13/2022 22:42	1) ManeGait - They provide therapeutic horsemanship to children with disabilities and the 12+ lane freeway will come within 45 feet of ManeGait, forcing them to end their valuable services in serving children in need. 2) Prosper planned for the expansion of 380 ON 380. Prosper required all buildings to have the proper setbacks to allow for 380 to be widened on 380. The fact that other cities were unable to plan or failed to plan for the eventual widening of 380 should not penalize Prosper. 3) The impact to our young drivers, trying to navigate in and around a 12+ lane freeway to their school is unimaginable. OPPOSE SEGMENT B because it puts our young drivers in grave danger. The proximity to existing and "under construction" schools is a huge problem.		Myers	Rob						_am_a_business_owner_	
3194	88a639f3-4696-42fc-8d06-5181f5570d63	4/13/2022 23:20	4/13/2022 23:20		I oppose segment b. This would cut the town of prosper in half. I don't think it's right to push mckinneys poor city planning onto our neighbors. Segment a is best option here but 380 needs to be kept on 380.									
3195	e7b1af02-cac3-4101-82dd-656318b15db3	4/14/2022 0:01	4/14/2022 0:01	On behalf of my family we do not approve this bypass coming directly through our town. It would disrupt the feel of the town which is why we moved here and also businesses and residents.		Morgan	Taylor							
3196	eec40f0e-073b-429d-803e-14f4b86f0bb5	4/14/2022 0:06	4/14/2022 0:06	I SUPPORT SEGMENT B In 2019, McKinney offered to acquire the ManeGait property & move it to a new facility at no cost to ManeGait. ManeGait refused to consider this option & now say they may have to move and build a new facility. In the last few years, ManeGait was the recipient of several \$100K's in McKinney grants. 17 businesses will be destroyed if Segment-A is built vs. none with Segment-B. The businesses to be destroyed are on the N side of 380 & both sides of Custer. More affected businesses are under construction. Segment-B goes through undeveloped land. Segment-A goes through a heavily developed area. Segment B is \$99 million LESS than Segment-A. The proposed Segment-A interchange would greatly increase noise & pollution in Kensington Village. Segment-A has a 3-4 yr construction cycle that will impact many. Segment-B will have minimal impact on homes & businesses.		Abrams	Susan

3215	ee960a16-f31b-4a58-8fc5-43a4b47ea911	4/14/2022 14:07	4/14/2022 14:07	Our Family, Neighborhood, and the town of Prosper are fully against Route B. This route will ruin our Neighborhood and degrade our home value. We moved here to get away from the highways and City. Route B will alter the Town of Prosper's culture and economics for the bad. Route B will also displace homes, push away business, and have a great impact on Main Gate (Therapy for Children with Disabilities). Route B more importantly brings danger to our kids because of its proximity to our schools (Cockrell Elementary, Prosper High school - in progress, and Founders Academy Prosper).	Route B is a terrible option for many reasons. TXDOT should reconsider all options to minimize the impact to community, children, and business. STAY on 380	McFarland	Jacob						
3216	fc7648f0-2e37-4b18-870f-020a30574992	4/14/2022 14:24	4/14/2022 14:24	I live in Tucker Hill and I have young children attending Reeves Elementary. The reason we purchased this home was because of the beautiful view of trees and serene walking trails. Not only would this 8 lane highway be my new view and the only sound we hear, but the air quality of my children's school nearby would be greatly impacted. PLEASE CHOOSE OPTION B TO BUILD.		W	K						
3217	ddd11958-4f9b-4308-802a-66a4b20cf47b	4/14/2022 14:27	4/14/2022 14:27	I strongly oppose option B. This size road and overpass running through the small town of Prosper, which consists mostly of housing, is unacceptable and creates unnecessary danger. It's also objectionable for the large city of McKinney to push its problem on to their small town neighbor, Prosper. This type of highway running through Prosper will be extremely dangerous and will absolutely ruin the small town feel Prosper has worked extremely hard to retain, despite the growth. The Town of Prosper planned ahead for their portion of 380 to handle the growth. McKinney's lack of planning should not constitute Prosper having to suffer. Keep 380 on 380.		Fanelli	B						
3218	13ad7097-9080-4755-8609-96ca2c810eb4	4/14/2022 15:06	4/14/2022 15:06		380 has been operating with 6 lanes for some time. Adding the 380 bypass decreases traffic on 380, so why would any part of 380 or the 380 bypass need to be 8 lanes. The amount of traffic that will be relocated to the bypass does not warrant an 8 lane highway. If you change the plan to a 6 lane bypass and/or at least leave 380 as a 6 lane highway, it will reduce the number of residential and business displacements. In fact, if you leave 380 at 6 lanes and only adjust for on/off ramps or lanes, the number of displacements for Option A is reduced to a single residential displacement. This makes much more sense and will have the least impact.	Reece	Terry						
3219	66b667a1-38eb-412d-88b7-246d6114c262	4/14/2022 16:22	4/14/2022 16:22	Please go with Plan B. Requires 73% fewer business & residential displacements. Avoids costly construction of 38 and Custer intersection. 14% shorter save time and money. Impacts 57% Natural wetlands. We are you Unique by Nature and still need space.	Go with Plan B !!!!	B	Debbie						_am_a_resident_
3220	b13a96c5-c343-40c0-8c81-e3c4afd93d0	4/14/2022 17:39	4/14/2022 17:39	I am opposed to Segment B due to the negative impact on Prosper growth, including schools, homes, and businesses. I'm addition, MainGait Therapeutic Horsemanship provides a valuable service to our special needs community and would be significantly impacted, including potential closure. The primary traffic flow issue has been and will continue to be along 380 in McKinney, which Segment A addresses.		Dawson	David						
3221	050d27dd-0ca1-476b-861a-cb9f54900b3c	4/14/2022 17:43	4/14/2022 17:43	As a citizen of McKinney and Stonebridge Ranch HOA, I strongly feel that Option B for the section near Custer and 380 remains the best option for the expansion of 380. Not only will fewer businesses be affected, but the cost is less for taxpayers. The intense noise associated with option A will definitely mean a reduction in the value of the homes that would border the option A section on 380. Unless the state plans to compensate those homeowners in some way for the loss in value, why would TXDot want to select that option? I'm sure a class action lawsuit from those homeowners will follow if option A is selected; why should taxpayers also pay for that? Based on overall cost, and less disruption to businesses and homeowners in the area, option B is the best option.		Powers	Kelly

3226	Oca3a01e-ec06-4d86-8f07-2abf773c7048	4/14/2022 19:20	4/14/2022 19:20	As a resident of McKinney since 2006, I have witnessed fast paced growth though the area has fought to maintain a strong sense of community and our families have thrived. I strongly oppose Option A and favor Option B. As a resident of Tucker Hill with grandchildren in Wren Creek, Option A would destroy our sense of well being and safety in our own homes. The disruption of small businesses, traffic patterns, noise, and destruction of the environment, not to mention the 9 million dollar price tag is not logical given the viable Option B.		Hayata	Carole						
3227	ec14f922-197c-474d-8e55-88b418d3f36a	4/14/2022 19:28	4/14/2022 19:28	I would like to express my opposition to Option B which will negatively affect the town of Prosper.		Ovcharenko	Yevgen						
3228	942f29e5-c167-43d0-8ce8-a78cf2244f8d	4/14/2022 19:38	4/14/2022 19:38	I am in support of the recommended segment A and in opposition to B. The impact to the kids, families, and persons with disabilities who attend ManeGait would be devastating.		Ray	Micah						
3229	b925db1e-33dc-42bf-8c01-cdd7aa029964	4/14/2022 19:54	4/14/2022 19:54	Keep 380 limited access! time to look at other options. No further expansion of 380 in Prosper!	Keep 380 limited access! time to look at other options. No further expansion of 380 in Prosper!	P	J

3232	d5200678-9a04-4fc7-8ad9-cec53d09e671	4/14/2022 19:58	4/14/2022 19:58	option b that is the best way for our Neighborhood		shabanaj	berat						_work_for_TxDOT_
3233	79b9ac75-9299-4f72-8dc7-ff4d2afe9feb	4/14/2022 20:01	4/14/2022 20:01	My neighborhood, Ridgecrest, sits at this major intersection line. Not only would it reduced my home value, it would also add more congestion to any already congested area. Proposal B simply has more room to grow and adds more space for other growing parts of North Dallas to connect		Rivero	Daniela						
3234	8b5c2496-4bc2-4556-8949-3a29f9677cc8	4/14/2022 20:05	4/14/2022 20:05	I live in Prosper ISD district and it is a shame that option B is even being considered. This option cuts through potential neighborhoods and will be right next to a facility that assists persons with disabilities. This is way too close to these properties and will displace good citizens who have worked long to serve the community. It is also close to a new high school and academy that are being built already in which this will hamper access in my opinion or cause more of a traffic issue. Overall the planning of Option B has no value because of potential displacement of persons who are helping the community and the additional traffic that I also see coming from this option.		Mego	Michael						
3235	74d18ebb-188f-4667-8b14-0de774afdcac	4/14/2022 20:10	4/14/2022 20:10	My wife and I just built a house in Mustang Lakes, which is just north of proposed route B. While we do live slightly north of route B, we would still be negatively impacted by the 8-lane structure and its access roads. It would turn the area into a freeway instead of what it is today. Had we, and the hundreds of others like us who just spent almost a million dollars each on new homes, known about this, we wouldn't have invested in Collin County; I personally feel betrayed by this plan, and implore you to go with proposal A instead.		Patin	Bob						
3236	3ea549a7-5095-47ff-8030-c699b4a39f64	4/14/2022 20:19	4/14/2022 20:19	Segments B & C seem to be the most sensible way to solve this horrible driving issue.		K	Teri						
3237	161de29b-3a38-4df5-86b3-6d67e2ec42d5	4/14/2022 20:24	4/14/2022 20:24	I support option B. It saves neighborhoods and businesses. It's cheaper and shorter. Please don't destroy Stonebridge ranch in McKinney!		Kam	Jennifer

3278	554fa446-2301-4729-8182-6a4fe7286f37	4/15/2022 0:06	4/15/2022 0:06	I oppose the A alignment because it will box my community in with major highways on the immediate north and west side as well as fuel a much busier Lake Forest Drive on the east side of my community. I live in Robinson Ridge and I can hear Highway 380 traffic INSIDE my home. The noise pollution alone will drive permanent residents away and reduce property values. The elevated emissions in this small concentrated area flanked by the A alignment is also very concerning for existing and future health consequences. It is grossly unfair and unreasonable to flank my whole community with major highways. This is basically destroying established residential homes in such a small proximity with an inadequate and expensive bypass when you should be building a larger more northern loop to address the McKinney-Prosper-Denton sprawl as well as accommodate future Melissa-Celina-Aubrey growth.		KWIATEK	KATHRYN

With so much business already built and with a big shopping/venue (Whole Foods/the Hub) coming to Custer/380 option B is truly the only one that makes sense.	Option A would cost taxpayers approximately \$100 million more in McKinney rather than Option B and Prosper. It will impact more wetlands, rivers and streams an option A then it will in option B and prosper. It will impact 14.9 acres of farmland in option A compared to only 2 acres and prosper. It will increase traffic congestion during construction, impacting emergency vehicles at Baylor hospital and the safety of children traveling to Wilmoth and McClure elementary, north, and Boyd high school. It will also display 17 businesses compared to none for option B and prosper. Support Option A to save land, businesses, wildlife and congestion in our community!	Birdsall	D

3289	920655a3-d6ab-4c5c-86d3-77643733862e	4/15/2022 4:18	4/15/2022 4:18	As a resident of Stonebridge Ranch in McKinney, I wholeheartedly oppose Segment A for the proposed 380 Bypass. This option would be so disruptive to well established homes and businesses on 380 in McKinney. The option to move this to Prosper makes much more sense since there are not nearly as many established homes and businesses.		Ashlock	Heather						
3290	e26df44a-839e-443b-84c7-3b2e2bed95c8	4/15/2022 11:46	4/15/2022 11:46	HWY 380 should be expanded on HWY 380. The homes and businesses that exist on HWY 380 were aware that they would be living in close proximity to a major highway and it's eventual need to expand could be expected. However, creating a bypass would fundamentally change the dynamics of a smaller town such as Prosper including irreparable harm to property values and quality of life for those that intentional located themselves away from HWY 380. Prosper's population when totally built out was expected to be around 80,000 people, a town of this size should not bare the burden of a major bypass road expansion coming directly through it.		Ferrell	Tony

3300	8dff2199-4755-441c-8c47-152d98a3b107	4/15/2022 15:49	4/15/2022 15:49	This is the Tucker Hill subdivision where I live. Plan A would greatly negatively impact me and my family if this is approved. The added noise, reduced property values, safety of all in this community in addition to this being more expense, make this very detrimental to us and all in this community. Plan B is a much better option for all involved. Please listen to our beautiful community that Plan A would be devastating to all of us if approved. Thank you.		Kaeser	David						
3301	faab150c-00b8-4d6d-8f36-89ca13e6cc18	4/15/2022 16:21	4/15/2022 16:21	It would be most beneficial to everyone in the area of Prosper and McKinney to keep 380 on 380 by widening it. If that's not possible, taking it further north to the FM road between Celina and Prosper and connecting to the tollroad would be best for the future.		Lynn	Keli						
3302	d485d59e-8085-440b-8b66-34bed26462b3	4/15/2022 16:25	4/15/2022 16:25	The key problem with any of the proposals is that none of them solve the problem of a congested 380, and it doesn't solve a great portion of the McKinney congestion. These proposals only push the problem down the road to the west. Use the CC outer loop and connect it with the DNT. 380 will still be congested but through traffic will have an alternative. The best solution would be a bypass that connects with 35 North of Denton.		Koffroth	Barry

3305	93af364c-b94d-47ae-8378-5c7362610f90	4/15/2022 19:00	4/15/2022 19:00	I STRONGLY OPPOSE the proposed 380 Bypass option B. I am a Prosper resident and I believe, if implemented, this option will devastate our community and displace an entire neighborhood. Prosper properly planned for a decade to ensure that everything was set back from 380 in order to support future widening. If TXDOT ignores the very strong opposition from the Town of Prosper and its residents, and our decade of planning, why would any municipality have trust in TXDOT in order to make the hard choices in the future to prevent building and ensure proper setbacks for future roadway widening?		Bailey	Scott						
3306	e108500f-4691-4bad-8c24-b9d78b413903	4/15/2022 19:07	4/15/2022 19:07		They proposed road that removes Mane Gait and creates division in our community is a very poorly planned idea. There is already bypass in Celina that does not display communities.	Green	Cathy						
3307	52a7b89a-e183-4958-8b5d-73dd6fd310d1	4/15/2022 19:48	4/15/2022 19:48	As a McKinney resident I oppose segment A and support segment B. Thank you		Carroll	Jamie

3316	ad20a1cf-a325-47ee-85ef-3848962b0ea6	4/16/2022 12:56	4/16/2022 12:56	<p>I oppose both of segments A & B but between the two, segment B is the more viable option & uses common sense.</p> <p>The cost to construct segment B is less than that of segment A.</p> <p>IF a bypass is constructed, it needs to be west of the intersection of 380 & Custer Rd. This is a very congested & dangerous intersection & will become more so with the development of the SE corner (including apartments & retail). It is common sense to benefit this area in a bypass.</p> <p>The land proposed to be utilized to construct segment B is VASTLY undeveloped land! While there are PROPOSED homes to be built, Segment B does NOT impact existing, current homeowners & neighborhoods like segment A would. Developers should be ordered to cease continued work on the properties in the path of segment B.</p> <p>The 90° turns of segment A are dangerous & unnecessary!</p> <p>The Maingait horse facility in the path of Segment B is amazing! It requires land of which there is still plenty of in Collin Co. TXDOT should relocate them.</p>	<p>We have lived in NE Frisco for almost 9 years and travel 380 between DNT and 75 almost daily. We have witnessed & experienced the extreme growth of the area (including Prosper & McKinney) and the impact it is having on the roadways!</p> <p>It seems that TXDOT has failed terribly at planning & EXECUTING a solution for 380. Their failure is now significantly effecting all of the many thousands of drivers who rely on the road as well as many hundreds of homeowners & businesses that would be negatively impacted by construction on or along 380.</p> <p>PLEASE focus all energy on completing a large Collin County Outer Loop from Anna to Pilot Point! PLAN AHEAD AND EXECUTE accordingly BEFORE the areas are too developed. Make the north/south roadways leading to the loop appropriate & allow this option to relieve 380. It would make a HUGE difference & relieve an immense amount of traffic without much negative impact.</p> <p>Segments A&B are putting 2 towns & residents fighting each other & fail Collin Co's needs!</p>	Garrett	Cathy						
3317	31feb54-8d8b-425a-87ef-b3b76599391f	4/16/2022 14:07	4/16/2022 14:07	I am opposed to segment B as i feel it disrupts the school and mane gait facilities. It should not run through these areas especially mane gait who has been there for years and needs the peaceful atmosphere for their patients...i am a resident of prosper for over 20 years, and i hope that TX dot will listen to our concerns and act upon them. A seems like a better alternative..i wish they could put a non stop road above the existing 380 instead of cutting a whole new road..		Hahn	Toni						
3318	c5a6dc7d-4abe-4558-83cf-8fee658f8817	4/16/2022 15:48	4/16/2022 15:48	I support Option B that runs through McKinney and the southeast part of Prosper. The bypass should be at the Option B location to provide more Bypass of 380 and reduce congestion.		Hutchison	David

3324	00b41341-194a-4f2a-8840-4fdc4f3e4956	4/16/2022 18:03	4/16/2022 18:03	No to the selected area. Poor planning should not be compounded with knee-jerk solutions.	This is not an improvement and more of a bandaid approach to a progressive problem. No, to the 380 bypass in the area selected.	Baker	Michael						
3325	a30ddbdd-de32-47ba-8cd5-eba3daa39550	4/16/2022 18:13	4/16/2022 18:13	Option A will be an absolute nightmare during construction. The West Grove project with 400+ apartments, shops and restaurants will be done by then. That will be 800 + more cars trying to navigate daily through road closures which will be impossible. There are only 2 ways out - one on 380 and 1 on custer where a left turn is not allowed. Emergency vehicles trying to get to Baylor Frisco will have to detour possibly costing valuable time in getting a critical patient care. Currently option A displaces 17 businesses, how many more will it disrupt after West Grove is completed? West Gove also includes an outdoor stage which will be unusable if next to a major elevated highway and the construction. Option A is also much more costly and impacts more acres of wetlands, rivers and farmland than option B does. Option B makes much more sense from a purely financial and logical standpoint.		Primerano	Lori						
3326	63a5cfbb-c555-436e-8047-932d225f07ae	4/16/2022 18:25	4/16/2022 18:25	My children used 380 to travel to high school from Stonebridge Dr to McKinney North HS on Wilmeth as many others from the immediate area do. With McKinney ISD's strategy of placing the high schools near the centerline of the city so as to pull people from both the west and east sides of town, a lot of students travel 380 to get to MNHS and Boyd HS. I believe the Option A construction would pose a higher risk to students and I support Option B.		Ruiz	Pablo

3336	e24774d8-1604-481d-8699-e157a0f77187	4/16/2022 23:09	4/16/2022 23:09	We have lived in Prosper almost 11 years and We moved out here because of the smaller community. It is a shame that it has gotten to a point where it's Prosper versus Mckinney which it shouldn't be because I have dear friends that live in McKinney. I feel that McKinney did not plan on any kind of road structure on 380 and just built and built and built. If you look at Prosper they are planning and their moved there Stores and store fronts back so 380 could be widened. Prosper should not be jeopardized because of poor planning or McKinney part. Either way people are going to be affected dearly. This 380 bypass should really be out further and then come across and hook onto the Dallas toll road. You have heard all the reasons thousand times over why Plan B would greatly impact the Prosper area and especially one of the special places in McKinney Maingait. Please note Proper is way to small to take the hit for over packing businesses into McKinney.		Sain	Risa						
3337	9bb2d324-f444-44bc-8e6a-cd98d773d99e	4/17/2022 4:27	4/17/2022 4:27	I would like there to be no 380 bypass altogether however with that being said I believe the section A is the worst possible route to take please take the better route with section B thank you		Bader	Eric						
3338	30d74d61-8779-4b73-8545-cc3eec299b89	4/17/2022 5:32	4/17/2022 5:32	We support B, as A would be much more disruptive to more people and residential and business developments. B is less costly. Stonebridge drive is already a very busy road. A will invite much more cut through traffic as well.		Mendenhall	T						
3339	c3ac69b3-4cb3-4cfa-87f3-8b141f22e454	4/17/2022 14:12	4/17/2022 14:12	Segment B makes more sense to me – more direct and less expensive. It impact far fewer people and businesses.		William	Will						
3340	4a003aaf-3efd-468d-85e4-ca9e7c96e7c2	4/17/2022 15:27	4/17/2022 15:27	I very strongly oppose the 380 Bypass proposal that runs through Prosper, Texas. This highway would completely obliterate the "country feel" of Prosper. Prosper is a very small town with respect to square miles and would suffer significant loss of revenue in the form of residential and commercial taxes if limited land is utilized for this highway. Re-direct the 380 bypass to McKinney, Texas (away from Prosper) or some other city.									
3341	d86028de-fdf7-4007-87b8-18feb5108d6f	4/17/2022 17:19	4/17/2022 17:19	Segment A costs \$98.8 million more for taxpayers, impacts 57% more natural wetlands and wildlife, and negatively impacts the neighborhoods and businesses along U.S. 380.									
3342	42aadf1d-d479-46ad-8458-c6bedac1788a	4/17/2022 18:35	4/17/2022 18:35	I prefer Segment B as it would require 73% fewer business & residential displacements, avoid costly reconstruction at 380 & Custer Rd., and be 14% shorter saving time & cost \$98.8 million less.		Winge	Jane

3345	40496cf1-e517-46e4-8f64-6065c628e27a	4/17/2022 21:07	4/17/2022 21:07	I know my comment will not impact any decision of TXDOT as it has already been proven that the agency does not care about the citizens. The data has already been twisted to what they want. To say that 0 businesses are affected by alignment B is an outright lie and ignores ManeGait as the prime one affected. Not to mention other businesses and home based businesses. And with so many people working from home now, any homes affected, now affects businesses well outside the borders of McKinney or Prosper. And while it affects such a great area, it also will still not correct the issue of traffic between Custer and 75. Only alignment F would do that. But monetary bribes have now taken that option off the table. My husband and I chose to move this far north to enjoy the country and the quiet. At night you could see every star in the sky and in the morning you would hear a rooster crowing. That's what we chose. We didn't choose to live behind a freeway. And now you've chosen to take it away.	Mental health was already a tough subject to talk about before COVID. But since 2020, mental health issues have doubled. It's a very sensitive topic and hard to find treatment that works. ManeGait provides much needed therapy for many health conditions and provides these services to people far beyond McKinney or Prosper. Destroying their grounds and their business will leave people scrambling to find new therapy and could undo years of progress achieved through their services. If you don't want to listen to me, get opinions from other mental health providers on the issues this will cause. It seems like the only thing McKinney and TXDOT care about is making money and not about the actual citizens. If you truly cared, stop packing 380 with businesses. Stop building more and more businesses on every piece of land you can find. Stop destroying homes just so you can avoid actually fixing 380. Because it now shows your true priorities.	B	H

3357	cade9049-5734-4e42-8dd7-407373d4c71a	4/18/2022 9:22	4/18/2022 9:22	I am opposed to option B for the plan for 380. This is a terrible option for the Town of Prosper and its residents. This plan would negatively impacts several important entities including Prosper ISD campus' and a very important rehabilitation facility. Please do NOT proceed with this option.		Pyle	Ron						
3358	2e3956e6-463b-47b4-86b7-91bdd536664b	4/18/2022 12:12	4/18/2022 12:12		I am in favor of building option B Vs. option A. I believe B is the better choice based on its lower cost. This will be a very expensive project and whatever can be done to minimize the total price should be pursued. In addition to the dollar impact, I believe option B is better because fewer businesses and homes will be disturbed. With property values rising so dramatically the fewer people who have to relocate and be forced to seek new property the better. I support option B. Thank for considering my position.	Winge	Paul						
3359	f50bd920-d4af-4ff9-8ed9-04be689047c5	4/18/2022 13:29	4/18/2022 13:29	No segment A and B! Keep 380 on 380. No need for fumes in our backyard!									
3360	2150db1f-cc57-441e-8044-28baead50f2d	4/18/2022 14:03	4/18/2022 14:03	I choose Segment A so that our town of Prosper won't be cut in half by this project.		Whitworth	Nancy						
3361	14c27fd9-fb99-4b5a-8fe7-db015eaccb95	4/18/2022 15:21	4/18/2022 15:21	Looking at the map, and viewing the costs of the project it seems that Option B is far and away the most logical selection for this project. The cost of option B is nearly \$100 Millions less than Option A and does not go through developed land.		Parkins	Aaron						
3362	8bef2b28-ec40-40fd-8072-dc4f0641f954	4/18/2022 15:29	4/18/2022 15:29	I have read carefully the information provided by the Dallas Morning News & McKinney Courier-Gazette & agree that Option B makes more sense than Option A. Fewer people & populated areas are affected. I can see a very negative impact to Ridge Road as more traffic will use it to access 380 or use Ridge as a convenient route to go south vs the major designated north/south route of Custer Road.	Nobody wants to lose a house or land to development, no matter how important. I feel the big picture of cost, future growth & impact to existing facilities must be the most important deciding factor & Option B is that choice.	Zulawski	John						
3363	d63707e3-f745-4482-8b42-b7f4486fdc8	4/18/2022 16:00	4/18/2022 16:00	I agree with my neighbors. We support Proposal A and are adamantly opposed to Proposal B that bisects Prosper. Proposal B adversely affects current residential areas, planned developments, and future developments in a premier Residential Area in Prosper that dates back to the early 2000's and also negatively impacts the environmentally sensitive areas along Custer Road as established by the EPA. Proposal B does not comply with the Town of Prosper's established Master Comprehensive Plan dating back to 2005 nor the character of the area. The noise, traffic, safety, and economic and tax impact of Proposal B will adversely affect thousands of residents in Whitley Place, the ManeGait, Founders Academy, Malabar Hills, Prosper High School #3, and the Ladera Retirement Community.		Horton	Mark and Ama						
3364	14cf99c7-a7b9-4ff8-8a05-5cf2992b95e9	4/18/2022 16:15	4/18/2022 16:15	I strongly oppose option B. We moved to Prosper for the quietness it offers, even at build out. We do not want a major road near our neighborhood. We looked at plans before we moved here and that was not even an option.		Barnes	Melissa						
3365	27c11954-6e96-4dc9-8009-c2e52bd7c270	4/18/2022 16:36	4/18/2022 16:36		I wanted to vote for segment B and oppose Segment A. I do not want a highway next to my backyard.	B	R

Prosper maintains a "country feel" that would be obliterated by Bypass construction. Prosper is a very small square mile area and has no room available for Bypass construction. Bypass construction would result in significant revenue loss for Prosper in the future. I respectfully request to not permit Bypass construction in Prosper.		Conway, CPA	Michael						
3367	0dfe16ae-a8c8-4270-829b-edaf397e31c6	4/18/2022 17:12	4/18/2022 17:12	My Ranch will be destroyed by Plan A. We have worked 50 years to pay for this property paying on it for 30 years, building my house, 3 barns a vineyard, bee Apiary this. I do not support plan A as is. why cant u move it to the west there is over 200 acres or open land. Option A has TWO 90 Degree turns will cause traffic jams and pollution. resolution the city passed opposed the Segment A option. It stated Segment B provides a route "approximately 18% shorter than Segment A, requires one less interchange than Segment A, and requires \$36 million less than Segment A for relocation of major water utilities." Additionally, TxDOT determined that Segment B "requires approximately 73% fewer combined business and residential displacements than Segment A and requires \$41 million less than Segment A for estimated right-of-way cost," the resolution stated. The resolution also noted that Segment B would "avoid direct impacts to ManeGait," a nonprofit that provides therapy through horses.		Wiggins	James						
3368	028cf677-ff6c-4477-8271-c77f921c3a5e	4/18/2022 17:14	4/18/2022 17:14	I am a real estate appraiser. I have appraised ROW for TexDOT for many years and have testified in court dozens of times. Some of the projects are 35 E and 35W, Hwy 75, SH 289, Kell Boulevard thru Wichita Falls, SH 78, IH 27 between Lubbock and Amarillo, S H 78, SH 70 and many others. I am very opposed to option A, and I favor option B. The purpose of highways is to move traffic and accommodate hundreds of thousands of vehicles. Option A is not nearly as efficient as Option B. Option A costs more for ROW, utilities, and construction, 17 businesses will require relocation. Again, Option A fails the test of improving traffic flow. I am now retired	Option A fails the test of improving traffic flow. Option B is far more effective and at lower cost. I am now retired	Milstead	Early						
3369	acb89486-2001-43bd-81bd-f64109d5c40e	4/18/2022 17:15	4/18/2022 17:15		I support Segment B and oppose Segment A. Segment A is significantly more costly and severely impacts our natural wetlands and wildlife, as well as neighborhoods and businesses along US 380.	Haseltine	Elizabeth						
3370	9e4c13e8-cb14-45ee-802b-6ec7ec7e1728	4/18/2022 17:15	4/18/2022 17:15		I support Segment B and oppose Segment A. Segment A is significantly more costly and severely impacts our natural wetlands and wildlife, as well as neighborhoods and businesses along US 380.	Haseltine	Elizabeth						
3371	c22f0548-f02f-4e52-83b1-3d48b6a5250f	4/18/2022 17:15	4/18/2022 17:15		I support Segment B and oppose Segment A. Segment A is significantly more costly and severely impacts our natural wetlands and wildlife, as well as neighborhoods and businesses along US 380.	Haseltine	Elizabeth						
3372	0e1a278a-b32a-4902-8114-7cf8e5ab1d2f	4/18/2022 18:16	4/18/2022 18:16	I am in support of Segment B instead of Segment A. Segment B disturbs less homes and businesses than Segment A. It would be less disruptive to the area to build Segment B.		Michaud	Naomi						
3373	458e9d6e-6ae2-478c-86b7-efb3571db396	4/18/2022 19:12	4/18/2022 19:12	I strongly oppose the A option due to the following reasons: * Road is too large to fit without negatively impacting homes and businesses both north and south of 380 between Custer and Ridge road. This is already a very congested area and this will only further decrease local mobility and property values in the area. * Option A affects more businesses and homes than Option B. Option A seems to only exist to avoid disruptions to rural properties on Option B route. * Option A aligns with structure of a true Bypass around McKinney that will divert traffic around the city for those that are using 380 as a through street.		Weadock	Sean						
3374	e8fb81b6-5408-446b-8299-4cbc8ee71c70	4/18/2022 19:39	4/18/2022 19:39	I am strongly opposed to the construction of Plan B. Plan A is infinitely better. 380 should be built on 380 -- as planned. Prosper has made adjustments for such a happening. It's called PLANNING. McKinney obviously did not plan for any expansion or if they did plan they didn't act on it. It doesn't make sense to PUNISH Prosper for good planning and reward McKinney for poor planning. That's UNAMERICAN!		Parry	Irwin						
3375	37071002-a312-4e83-858d-e6e0ca72764c	4/18/2022 19:59	4/18/2022 19:59		The City of McKinney failed to plan for future expansion of 380 while Prosper's city counsel was very deliberate in planning for exponential growth. McKinney should now bear the burden of that failure to plan. Bypass B would unduly punish the citizens and taxpayers of Prosper for the inept leadership of a bordering municipality. The suggestion of building a 12-lane bypass in such close proximity to a charter school, elementary school and high school is unconscionable. The proposed Segment B would materially impact ManeGait and limit their ability to provide therapeutic services for disabled children and veterans. The Ladera Community, an active retirement community of 244 homes, would be demolished resulting in an estimated \$2.0B in lost tax revenue to the Town of Prosper and Prosper ISD. Bypass B would require a massive utility relocation effort that are critical to Prosper's infrastructure. I oppose ALL Segment B options and support widening 380 on 380 through Prosper.	Darby	Michael						
3376	82775726-bd6a-4787-85df-a145657cd4e6	4/18/2022 20:25	4/18/2022 20:25	They ideal place for the bypass to start would have been at the DNT interchange but given that option is off the table the next best option is starting per the plan B and routing through areas E and C. I am far less concerned with upsetting a horse venue than I am with how disruptive the A Ridge option would be to the residents of Stonebridge and Tucker Hill. With Ridge being cut through now the current traffic snarl that starts at Custer and continues to 75 will only grow worse. Putting the bypass in this same general area would be adding insult to injury.		Case	Steve						

ObjectID	GlobalID	CreationDate	EditDate	Please provide comments related to the area selected on the map. (Continue on to the next section if you want to leave a general comment).	General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
3377	51d917acd80e-4f73-802e-5f33ec792248	4/18/2022 20:35	4/18/2022 20:35	I oppose the building of the TxDOT proposed "Segment A" within the area pin-pointed on the map above.		Darling	Rachel						
3378	16ba96a1-f586-4934-80f4-4f2710aa392b	4/18/2022 20:45	4/18/2022 20:45		As a homeowner and citizen of McKinney, TX., I strongly SUPPORT Project 380 Segment-B bypass alignment option. This option is the least disruptive with minimal impact on existing homes and families living in neighborhoods adjacent to US 380. It is also the least expensive option when compared to the cost of the Segment-A. Segment-A should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *It will decrease traffic safety and increase traffic on Stonebridge neighborhood streets arterial to Highway 380 such as Stonebridge Drive, Ridge Road and Lake Forest Drive. *It will cause a large interchange to be constructed at the intersection of Segment-A and 380, which is directly above Kensington Village, potentially depressing home values in that area. Segment B is the best option to improve traffic flow in our corridor while also preserving the business and residential vibrancy of our community.	Friesz	Matthew						
3379	08b026b9-08b7-46f1-8358-4ba61736bf99	4/18/2022 20:55	4/18/2022 20:55	I am apposed to Plan A, as it has a large impact on residents and businesses, and it costs almost \$100 million more than Plan B.		Wagner	Ronald						
3380	68d27fe2-4534-4ce3-84df-1c52233144c5	4/18/2022 20:58	4/18/2022 20:58	As a resident of McKinney I am opposed to Segment A. Segment A is destructive to our community and will create greater congestion, destroy businesses and neighborhoods. Segment B creates a better route to move people quickly through McKinney without and go around the highly populated and congested areas on 380 between Custer and Hardin. Segment A will destroy many business along the route that may not be able to relocate in the current economic climate due to inflation.		Snowert	Corey						
3381	0077832c-1244-40b9-8247-4580ad11fada	4/18/2022 21:22	4/18/2022 21:22	I vote for segment B.	I vote for B	F	Mike

General Comments/Feedback	Last Name or Initial(s)	First Name or Initial(s)	Address (include apartment #, suite, etc.)	City	State	Zip Code	Email address	Please select each of the following that apply to you (Texas Transportation Code, §201.811(a)(5)).
3388	d466fd4e-92af-4735-843c-a690bd31d67e	4/19/2022 1:14	4/19/2022 1:14	Endorse route A and strongly oppose route B: Route B displaces residences in a master-planned community; those who purchased those homes were not made aware of any pending loss of their properties. The new, busy expressway with its complicated egresses adjacent to a high school will likely contribute to accidents due to the inexperienced drivers. The busy expressway adjacent a to high school and an Academy increases pollution to developing children's bodies. Mane Gait provides significant benefits for disabled members of the community (both youth, adults, especially veterans) which would also be displaced. The alternate space, comes with significant costs to rebuild a family owned business, which may not be possible. I recommend alternate property along 380 be offered for the displaced businesses as there is undeveloped land near the existing businesses, thereby maintaining their customer base who are used to going to the close-by locations. Thank you for pursuing route A.		Jelinek	Bonnie						
3389	e686a969-4a60-4acd-8241-d63dac8858a9	4/19/2022 1:32	4/19/2022 1:32	I would pick B and C. The smoother the bypass the more time people would save on it. A, having a90 degree turn is not efficient. If Prosper is not cooperative, i would suggest you take the road due west at the northern most point and go due west and bypass prosper. Take it to the tollway or I35. This would probably be more efficient than A or B.		Beene	Mike						
3390	de2be721-ba92-4fde-8dbc-a9f20f864e51	4/19/2022 2:06	4/19/2022 2:06		Being a homeowner in the Wren Creek subdivision, I strongly oppose oppose B, we already have 380 in our backyard, we don't need more traffic in a already developed area. "A" is in undeveloped land, growing but undeveloped!	HOLBEIN	TROY

3393	fe71ed82-7fe2-4e7a-8d90-4038f6b94229	4/19/2022 3:52	4/19/2022 3:52	Please do not modify the path and build the bypass through the Walnut Grove neighborhood. There are many families with children- mine included- and we would request that our neighborhood remain intact long enough to raise another generation of Texans. We support the route along Option B as it retains the character of the Walnut Grove neighborhood and creates a natural merger with existing McKinney city boundaries.	I would like to voice my support for Option B. This route makes greater economic sense and minimizes human impact by utilizing more rural lands for development. Route A will bisect various neighborhoods and the traffic/noise impact will negatively affect a number of businesses, homes and nearby schools. Additionally, route B would migrate traffic along a northern route and would provide an opportunity for a community park to be developed east of the WG neighborhood, as well as enhance the beauty and accessibility of the community park planned south of 380 (between Custer and Stonebridge roads).	Pedersen	Caleb						
3394	d9a1d99b-aa82-4454-8f68-3d33036ccc38	4/19/2022 9:48	4/19/2022 9:48	As a current campus administrator and Prosper resident, I feel it is imperative to share my point of view. Having a bypass like proposed plan B brings unnecessary road hazards to no only younger drivers but to all drivers in our town. We moved to Prosper for the small town, safe feeling. This would certainly take all of that away. I strongly oppose plan B.		A	B

The last thing I want my new driver doing is driving across major roads/highway to get to school. Flat out dangerous! Think about all the new student drivers that would have to navigate dangerous roads if the by pass goes through Prosper.		Griffis	Kim						
3398	77cd6037-4f03-4b3e-8da8-8c2cbd40fd92	4/19/2022 12:43	4/19/2022 12:43	I support Mane Gait and will always fight to protect the most vulnerable. They are unable to serve special needs individuals with 12 lanes running that close to their facilities. Increased traffic and emissions is a major safety concern for the surrounding schools. The loss of tax revenue for the Town of Prosper and Prosper ISD will be devastating. As a homeowner, we toured houses in Stonebridge that were near 380. We chose not to live that close to a highway and moved to Prosper. The people that moved OFF of the 380 corridor did so for a reason, just as the people ON the corridor knew that they were moving onto a US Highway when they moved there. Our property value will decrease and the area will become less desirable if a bypass is added at within a couple hundred feet of out bedroom. Prosper planned appropriately for 380 to expand on 380. Others decisions shouldn't affect that. The alignment of 380 should return to the original 380 corridor as soon as it is feasibly possible		Keating	Kathryn

This has so many negative effects for the town of Prosper from a tax revenue, community planning, and environmental perspective. For those reasons, I am also opposed to any expansion that isn't along the already existing 380 corridor. There is a plethora of land to expand 380 along the footprint it exists today. Please keep Prosper the beautiful little town and community it is. Running major highways through an already small town, will be devastating to future economic growth as it will drive people away and out of their homes.		Gallegos	Ben						
3406	6c4df24c-0571-4f36-8daf-5af076b764e7	4/19/2022 15:57	4/19/2022 15:57	I support segment B. Segment B of the proposed U.S. 380 Bypass through McKinney requires 73% fewer residential and business displacements. Please protect our community!									
3407	16500445-afb1-493a-8440-173bbc70a26f	4/19/2022 16:07	4/19/2022 16:07	Planned Prosper High school to be opened in 2025.	My two sons will be attending high school and Segment B will put the roadway too close to the school.	Vach	Cavin						
3408	e9ce6518-60c0-4832-8869-6b426b681847	4/19/2022 16:10	4/19/2022 16:10	As a homeowner in Stonebridge Ranch, I oppose Option A. Stonebridge has been in the area longer than any of the properties that would be affected in Prosper. This option also doesn't alleviate the traffic at Custer, where most of the eastbound traffic hassles occur. Also, it is 100 million dollars less than Option B.		Sheppard	Carrie						
3409	2f4712ff-7330-43b4-839c-075e4ce49bab	4/19/2022 16:12	4/19/2022 16:12	I am opposed to option A and I'm in favor of option B. Option B will cost \$99 million less, and that's before the recent inflation hit us. I'm sure it will be much more by the time construction is complete. Option A will cause both unbearable construction noise and traffic disruptions for those of us living in the area. I use Stonebridge to get on 380 several times each week to drive towards McKinney for items such as church, I volunteer for Meals on Wheels, I volunteer as a teacher for English as a Second Language, exercise at a gym, and shop for gas and groceries at Costco. After project completion I'm very worried traffic noise will make us want to leave our home for a quieter neighborhood. We live on Harvest Hill in Wren Creek subdivision.		Halsor	Ken						
3410	8c45facd-2f36-40e2-88b7-58b7696a7b7d	4/19/2022 16:42	4/19/2022 16:42	We oppose Segment B.		P	A						
3411	4ec72672-7302-48c2-8d96-e3a0d86fca8d	4/19/2022 16:43	4/19/2022 16:43		This entire project is due to poor planning on the City of McKinney's government and staff. Even in the past 5 years during these studies McK has not done anything to alleviate traffic on 380 by adding to infrastructure north of 380. I live north of 380 and if you look at a map there are no decent roads to travel east to west until you get to Sherman!! The best option for everyone is to complete the Outer Loop to remove regional traffic from 380 and to buildout roads north of 380 so we can safely travel other routes. McKinney's lack of planning should not effect Prosper as they have done a remarkable job with 380 along their southern corridor by adding overpasses and keeping businesses at appropriate distances from a major highway. If TXDOT chooses to engage in this project it would be reprehensible to put it into a city that does not want it and has local, county and state support to keep it out of their city.	Marr	Tina

Would it be possible to exclude Coit Road from having on ramps and off-ramps, to avoid attracting traffic? The Area near 380 and Coit Road has multiple schools including a high school two daycare schools, a middle school and a proposed second middle school. In addition would it be possible to have grade separation in front of the Prestwyck community? I am concerned that there will be a large increase of traffic noise in the neighborhood with a level grade route.		Price	Tammy

3475	22ea171c-7468-4c42-8c55-4d753512295a	4/19/2022 23:54	4/19/2022 23:54		We are residents of the Town of Prosper and are opposed to any proposed alignment for the widening of US 380 not located along the existing US 380 corridor. The proposed Segment B expansion of US 380 would negatively impact not only our residential and commercial communities, but also would have a negative impact on any future development.	Martin	William						
3476	6bc7f686-ba42-45c5-81dc-f20b708d2486	4/20/2022 0:03	4/20/2022 0:03	I am offering feedback on the "B" option of the 380 bypass considerations. I am opposed to this alignment (noted as Option B). There are other options to accomplish improved traffic flow without having to cut thru Prosper, Texas and the many areas this option will negatively impact. I believe that 380 should be kept on 380. Expand on this commercial route. Look at 635 thru North Dallas as a reference. They double decked and were able to improve traffic flow, which could be done on 380 too. Even with a bypass circle around McKinney, it will not alleviate the traffic jam around Raytheon and 75 on 380. Thank you for allowing my input on this issue. Trusting you will make the right, common sense decisions.		Bridgeman	L. Gayle

Has for the horse farm that will be impacted, there are way to mitigate and improve access for the horses. When I lived in Las Vegas. I worked on the Clarke County Loop. We were designing the last northwest section of the loop. The land use was just like alignment B. New housing was planned with inter-mixed of exiting horse farms. One of the final mitigation requests came from the City. The City ask for horse trails to be added along that section of highway. We design separation for the horse trail along with landscaping to protect the horses. I believe the City asking for special funding from the Feds to paid for the horse trails. Different lighting could also be consider in this area to reduce the impact to the horse also.		Anthony	Kayden						
3481	55b3b883-0813-4e9a-82bb-0460190dbce0	4/20/2022 0:42	4/20/2022 0:42	I am very opposed to Segment B. I would strongly prefer that 380 be kept on 380 from highway 75 to Custer road, but if that's not possible, then I strongly prefer Segment A. Prosper should not have to pay for McKinney's abysmal lack of planning regarding 380. Prosper has a very limited footprint and Segment B would have a proportionally enormous impact on Prosper's tax base vs the proportional impact that Segment A would have on McKinney. Second, much of the Segment A opposition is coming from the folks in the Tucker Hill and Stonebridge neighborhoods in McKinney. The fact is they CHOSE to buy houses in developments that were right next to 380 knowing that it was a major highway. People in my neighborhood and other neighborhoods that would be next to Segment B purposely chose NOT to live next to a major highway. Lastly, I'm opposed to Segment B because of the impact it would have on MainGate. It would be very disruptive to many people if Segment B is selected. Brent Hoepfner		Hoepfner	Brent

3487	c02f0286-3073-4dbd-86f6-779ac6b7a8f0	4/20/2022 2:07	4/20/2022 2:07	Our family strongly oppose Segment A. We support Segment B as it is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community. As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment. I also strongly oppose Segment-A. It should not be considered for the following reasons: *It destroys and removes 17 small businesses West of the 380 and Custer intersection on the North side. *The cost of Segment-A is \$99 million more than Segment-B.		Jin	Huawen

3489	e5526e56-2f8f-4336-8869-89e07a273ecc	4/20/2022 2:30	4/20/2022 2:30		Strong support for segment B due to the lower cost of B and the enhanced number of lanes B would create across Custer (when combined with current 380 lanes). Also less business impact, less hazardous materials and utilities conflicts.	Gregory	Jack						
3490	0e8cf349-ece1-40fb-88c5-7d7acdf9ee1	4/20/2022 2:33	4/20/2022 2:33	I support option B over option A. Option B will impact fewer homes, businesses and fewer people overall as construction would cripple the area from before Custer Rd. to Ridge Road for several years. This includes safety concerns, noise, and air quality. Only one mile of Prosper is affected and will cost significantly less money and would impact fewer people overall.		Sanders	Melissa						
3491	2bc87a13-2d28-4e81-83f5-9a61d63845b7	4/20/2022 3:28	4/20/2022 3:28	Segment B should be the selected route by TxDOT. Relieving stress from 380 should start as far west as possible, where the majority of growth is taking place. The major developments west of Coit and north of 380 would benefit to having quicker access to US-75. Any interruption/construction to 380 east of Coit would not relieve 380 where it's needed most. Many small business that have already settle on 380 east of Coit would be at greatest harm if segment A was chosen. Redesigning a Prosper during a planning phase around this access road is a better solution than interrupting an established McKinney business and home corridor. Please don't be misdirected by community politics and the antics of many organizations that would benefit financially from the selection of segment A. Thank you.		Jones	Shane						
3492	afeb969f-8b11-41f8-8dee-b8eb3d301e9d	4/20/2022 3:40	4/20/2022 3:40	The northeast section of the McKinney 380 Bypass (proposals D and C) should choose the D option because of its lesser impact to existing property owners in the area. The proposed roadway options show a limited access main road (correct for a bypass) but have also included complete frontage roads for the full length of the segment! The purpose is to build a BYPASS and not incentivize commercialization and industrialization along the bypass to pave over all the green space which borders the bypass. The limited access bypass is the correct, limited concept; full frontage roads are wrong for the area.		Stovall	William						
3493	d940947f-54f9-45f7-8025-22d1780e7b2a	4/20/2022 3:48	4/20/2022 3:48	I am not in favor of plan A. There is too much disruption to our community as well as the additional cost increase is absurd! I vote to veto plan A!		Bui	Noelle						
3494	d45a8506-cb27-40eb-8292-f61bac35f4eb	4/20/2022 4:16	4/20/2022 4:16	We have a daughter that goes to Founders classical Academy Prosper on Custer. We will soon have a son that will go there as well. Segment A would directly impact our twice a day commute for drop off and pick up not only including any special activities we need to do at that school. We are requesting Segment B and NOT Segment A for this work.		Fox	Jason						_am_a_business_owner_
3495	9069425f-5a4b-4973-8ffe-d38bee9b8d76	4/20/2022 7:17	4/20/2022 7:17	It is my understanding that McKinney Engineering Director Gary Graham said on April 5 that "Segment B is 18% shorter, requires approximately \$41 million less in right-of-way acquisition and would require 73% fewer combined business and residential displacements." He also stated that "the overall cost of Segment B is about 14% lower than that of Segment A." I assume that these figures are verifiable and if accurate, I would expect that it would be the duty of the TDOT to act in its proper fiduciary obligation, to the taxpayers of the state of Texas, and choose "Segment B". Sincerely, A concerned citizen for fiscal responsibility,		Kispert	Karle						
3496	85281d68-ce62-42c0-8d45-066cfa937e93	4/20/2022 11:33	4/20/2022 11:33	As a resident of Prosper, TX we are very concerned about the proposed changes to 380, in particular the proposed Segment B. We moved to Prosper over a year ago based on a well thought out community plan and future of Prosper. Segment B will dramatically reduce the quality of life in the community and severely limit our tax basis. We are 100% aligned with the on record with the opposition by the leaders of the Town of Prosper to the 380 plan. A plan based on needs 30 years from now and starting to build it now seems incredibly misguided. It maybe foresight to buy the land in the event that it is needed. Starting construction ASAP on a roadway that is bigger than parts of the North Dallas Tollway for the "possible" needs of 2050 is unwise. Here is a list of things that didn't exist 30 years ago: GPS Email & Texting, Smart Phones/Prevalent Cell Phone use, Google, Facebook, Instagram Video Calls, Netflix etc., Amazon/Online Shopping, Uber, Lyft Electric/Hybrid Cars		Homewood	D. Alan						
3497	39f226e8-8ca1-4956-8505-719feebcfdb8e	4/20/2022 12:04	4/20/2022 12:04	My comment is in regards to the section A or B bypass since it's closest to where I live. In my opinion it makes more sense to use bypass option B instead since it will have less of an impact on existing homes, businesses, infrastructure and it would cost significantly less to build. I understand people are upset with any of the options and it will cause some harm financially and emotionally but we are at a point in our growth where something has to be done. It actually should've been done years ago before some of this growth happened. Option A is the best way going forward for everyone in the long run and would best serve our community. Thank you for you time and consideration.		P	Mike

3501	977c5ed7-aeb3-4fbc-8bfe-0b84ab5fcd9c	4/20/2022 13:47	4/20/2022 13:47		Segment b should be selected because of 1. Lower cost 2. Less impact of traffic to mckinney residential neighborhoods 3. No disrespect disruption to businesses along 380 which is critically important to business groups and taxes	Herbst	Greg						
3502	b6ef3bc9-3c71-44f8-8385-d96c4d4aa831	4/20/2022 14:19	4/20/2022 14:19		I support proposed B route	Hollar	Larry						
3503	bcdf0416-58e8-4ed7-80e1-c8494ea99fad	4/20/2022 14:20	4/20/2022 14:20		I believe it is irresponsible for a city, county, and other leaders to allow building and growth without laying in proper infrastructure. This 380 project is a prime example of improper infrastructure while knowing the potential growth explosion that would occur. Growth had to have been identified in the CIP and if it wasn't then it should have been. The 380 project needs to be laid in with as little impact to the community as possible. Purely from a displacement stand point I see that the BROWN line, B - E - C, will displace as few businesses as possible. I hate to uproot anyone from their home, but the numbers show that that cannot be avoided in any of your scenarios. I vote for the BROWN line, B - E - C. Let it be noted that this whole mess could have been avoided had 380 been improved years ago. Seems like a no-brainer!	Felker	Sierra						
3504	c5c29966-ca19-4269-8941-f66d7e8c851b	4/20/2022 14:21	4/20/2022 14:21		As a citizen of McKinney I strongly oppose option "A". The negative impacts it would have outweigh the benefits of the bypass. Especially those on the environment and reconfiguring 380/Custer intersection.	Laake	Justin						
3505	3a0c9507-31a9-4a6a-8ccc-a55977c15d53	4/20/2022 14:25	4/20/2022 14:25		I'm a property owner of land that Alternative B would run through. The alternative B makes no sense as it would go directly through at least three approved residential neighborhoods. By the time the TXDOT process is completed at least two of these, Ladera and Malabar Hills will have homes built in them with people living there. Ladera is an age-restricted (by law) community that serves our senior citizen community in Prosper and surrounding cities. Ladera is important because it is the only community of its kind in Prosper to support senior citizens, allowing citizens to buy an age-restricted appropriate home and stay in their neighborhoods near their family, friends, churches. Alternative B also cuts directly through ManeGait Horse Therapy, a wonderful organization that provides horsemanship therapy to children with disabilities. Lastly Alternative B runs directly adjacent to a brand new school, which will disrupt learning. Please abandon Alternative B. Thank you.	Works	James						
3506	3cc656e9-2011-47df-82af-c37c799107f6	4/20/2022 14:26	4/20/2022 14:26		I would like to register my strong APPROVAL for the building of SEGMENT B of the project. Choosing the SEGMENT B plan will cost Texas taxpayers less, and be far less disruptive to both businesses and residents along HWY 380. I strongly DISAPPROVE of the SEGMENT A plan, which represents a total disregard for the residents and businesses affected by that route of construction. Such a disruption will be duly noted in the next elections by the many people who reside in the affected areas. Thank you for your consideration.	Davis	Charles						
3507	381087c8-1c8c-4c33-8a04-e45ddbe0ff9a	4/20/2022 14:47	4/20/2022 14:47		Dear Mr. Endres, As a Texas voter and resident of McKinney, I would like to register my strong APPROVAL for the building of the SEGMENT B Plan of the HWY 380 bypass project being constructed through the McKinney area. Choosing the SEGMENT B plan will cost Texas taxpayers far less, and be far less disruptive to both current residents and existing businesses that live and operate along HWY 380. I strongly DISAPPROVE of the SEGMENT A plan, which represents a greater disregard for the residents and businesses affected by that route of construction. Thank you for your consideration. Sincerely, Elaine Davis	Davis	Elaine

ManeGait is so important to our community members with special needs. The therapy there is invaluable and shouldn't be touch.		Wright	Herbert						
3510	04b1b0a1-9cf2-40e5-8b6b-1ea61b3c8899	4/20/2022 14:54	4/20/2022 14:54	Choosing Section Red A would ram an 8 lane freeway right between 2 established neighborhoods that have been here for decades. This would lead to increased air pollution, noise, and traffic through existing residential neighborhoods where families have been living or have recently chose to move to, not expecting a massive freeway to one day be in their backyards. In addition, the proposed Section A costs much more and would displace many more existing businesses. Section B on the other hand, runs mostly through areas marked for future development. Both sections will affect someone negatively, but with the fact that Section B costs less, displaces less businesses, affects less existing public utilities, and runs through more open land and less through existing neighborhoods, it seems like Section B is the better choice. Obviously its not perfect, but the data points to it being the more logical of the two choices.	One would think that it would be obvious that a new freeway should be run through mainly open land if possible, instead of in the backyards of existing neighborhoods. Unfortunately, we all know what is going on. There are big pocket developers whose top line is being threatened. They are using their influence to push a narrative in the media that Section A is the only obvious choice, proclaiming that Section B will negatively impact schools, the growing Town of Prosper, and a non profit organization (which unsurprisingly is owned by the family of a big housing developer). They are attempting to tug on heart strings, proclaiming that veterans and people with disabilities are going to be negatively affected, even though the latest study has concluded that ManeGait could still operate with Section B. Since both sections are feasible, lets choose the option that displaces less, costs less, and serves existing home and business owners, rather than powerful developers. Choose Section B.								
3511	ef38d5d0-cf69-4708-8861-cc74e5bfb658	4/20/2022 15:15	4/20/2022 15:15	The judge in Tucker Hill deliberately abused his power to make the B option available in order to serve his self interests. Don't reward bad behavior and poor planning by doing this as it just serves for them to ignore any planning ahead and just leaving other people to clean up their mess.

3518	adebc5ea-2f7d-4051-87a3-851d7f5eb3ec	4/20/2022 15:47	4/20/2022 15:47	Plan B is bad. I'm one of many land owners that Alternative B would run straight through. Alternative B would go directly through at least 3 approved residential neighborhoods. By the time the TXDOT process is completed at least two of these, Ladera Prosper and Malabar Hills will likely have homes built in them with people living there. Ladera Prosper is an age-restricted (55+) community that serves senior citizens in Prosper, McKinney and Frisco. It is the only community of its kind in Prosper allowing seniors to buy an age-restricted single story home – and stay in their neighborhoods nearby family, friends, churches rather than move miles away. Alternative B also cuts directly through ManeGait Horse Therapy, an organization that provides horsemanship therapy to children with disabilities. Alternative B also runs directly adjacent to a new school, which will disrupt children's learning. Please discard Alternative B. Thanks.	Plan B is bad. 3535	01cd0fe1-ee06-4098-8fbed8002496f87	4/20/2022 17:54	4/20/2022 17:54	Residents of Prosper vehemently OPPOSE OPTION B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A. McKinney is the 2nd largest suburb in DFW with a larger land mass/population than Prosper. Putting a bypass through smaller Prosper to solve McKinney's lack of future growth planing is NOT the solution. Segment B would put a 12 lane hwy within 45ft of ManeGait's facility seriously impacting the vulnerable populations it serves; grossly affect 3 Prosper ISD&1 Charter School resulting in MAJOR safety and environmental concerns; demolish the Ladera Community & portions of 3 others resulting in millions of lost tax dollar revenue & require a massive utility relocation for Prosper. Prosper has the space to expand along 380 to McKinney. Prosper citizens DO NOT WANT OR NEED OPTION B. If McKinney needs a bypass for 380, the bypass should be located in McKinney town limits - OPTION A IS THE ONLY WAY!	We say NO TO OPTION B and believe it should not be considered by TxDOT but rather expand 380 on 380 through the Town of Prosper and place the bypass in McKinney-Option A is the only way!

3538	239fc15d-9eaf-4d78-86b1-42662f1e5e6d	4/20/2022 18:11	4/20/2022 18:11	Our family, neighborhood, and the town of Prosper are fully against Route B. This route will ruin our neighborhood, Whitley Place, and degrade our home value. We moved here to get away from the highways and city. Prosper should not be punished for the poor choices made by the city of McKinney. Route B will alter the Town of Prosper's culture and economics for the bad. Route B will also displace homes, push away business, and have a great impact on Main Gate (Therapy for Children with Disabilities). Route B more importantly brings danger to our kids because of its proximity to our schools (Cockrell Elementary, Walnut Grove High School - Prosper ISD, and Founders Academy Prosper. Prosper has done it's job by not building its businesses directly on the highway for 380 to be widened. Mckinney obviously did not and now they want to push their segment onto us. We will not have it! Please consider keeping 380 on 380. Raise or lower it, widen where necessary, but do not force option B!		McFarland	Lyndsay						
3539	b8e29994-4ab9-4e03-8942-dbf68b60bb91	4/20/2022 18:12	4/20/2022 18:12	I would like to add my general outrage to the idea that anyone could consider a plan to enlarge 380 through the middle of our town of Prosper. I find it outrageous that McKinney could suggest that the best plan for them is plan B which goes through Prosper!! Please help us by eliminating this plan. Dallas has added lanes to I35 and the Southern Gateway by elevating areas above the highways to create green spaces. Why couldn't lanes for 380 be elevated above the current highway to create more lanes? This would not tear down any businesses, homes, schools, churches, or any other existing structures. Please help us to alleviate this obscene proposition which would harm our community. Brenda Keener		Keener	Brenda

3541	41e4cb6b-9df9-480f-8c4e-94c098fb3172	4/20/2022 18:21	4/20/2022 18:21		As a resident of Stonebridge Ranch since 2011 I am opposed to US 380 Option A because of the following: 1) Option A will cost local taxpayers an estimated \$99 million more to complete than Option B, 2) Option A will cause significant business disruption with an estimated 17 businesses affected or closed. 3) Option A will have a higher impact of Utility Disruption, 4) Option A will create significant change and traffic to the Custer/380 interchange. Option B will affect fewer already established neighborhoods and businesses while providing a better traffic flow through the area. Thus, I support Option B. Thanks for your diligent work in support of our Community. Regards, Gary Reasons	Reasons	Gary

There are also zero sites with hazardous materials and only 2 major utility conflicts will need to be addressed.</p> <p>My concerns with Segment A are listed below: I want to express my concern with Segment A as follows below If Segment-A is built – It will cost taxpayers 99 million dollars MORE than Segment-B. At least 17 businesses on 380 will be destroyed. 8 lanes of traffic plus four lanes of access roads (two on each side of the freeway) will be constructed near Tucker Hill at Stonebridge Drive. 11 sites with hazardous materials and 7 major utility conflicts will need to be addressed.</p> <p>Thank you, Douglas & Leslie Reeves ██████████ ██████████</p>		Reeves	Douglas						
3543	21bfc85a-c390-4604-890f-02c07998bc3a	4/20/2022 18:43	4/20/2022 18:43	<p>We just build a new home and garage at this site because we were told 2 years ago that you wouldn't be coming thru our land. We had waited for 25 years to build the house now you're thinking of changing your minds and going thru here. Unbelievable. Others in the same neighborhood would have their new homes and land destroyed. Also this land has a historic cemetery next to it and a creek that is spring fed. Please don't destroy our dreams and those of our neighbors.</p>		Gibson	Gary						
3544	d209e312-7655-41cb-868b-35854f37fabf	4/20/2022 18:56	4/20/2022 18:56	<p>I support Segment B. 380 Traffic is already so horrible between Independence and 75. Allowing it to continue beyond Coit to Custer or further is not eliminating the burden on that section of Road that is ridiculously busy and dangerous. My kids have to drive 380 everyday to and from McKinney North HS. I am terrified having them do that knowing the number of people who speed, wrecks that occur and just the overall amount of traffic. Additionally, we do not want Stonebridge to become a major pass through for traffic that wants to get off 380 and divert to Virginia. That road is not meant to handle that kind of traffic.</p>		Remus	Katherine						
3545	e306c426-ccb5-4f4e-8aba-ed61b6e2438d	4/20/2022 18:58	4/20/2022 18:58	<p>As the mom of a teenager who has to drive 380 everyday to get to McKinney North High School, I strongly oppose Segment A. I hate to think of all the teenagers (new drivers) who would have to drive this major highway to get to and from school everyday. The same goes for all the moms driving there and to Cockrill Middle School too. This would be horrible for all of us that live in the Stonebridge and 380 area that are zoned for those schools. It is simply dangerous and not necessary.</p>	<p>In addition to my concerns voiced above about our teens driving to school on 380, I also am opposed due to the amount of businesses that it will negatively impact if Option A were to happen. There is a huge retail/apartment complex being built on 380 between Custer and Stonebridge, as well as all the other business that already exist. Option B will be much less disruptive to this major shopping/entertainment area of McKinney. 380 has built up so much in recent years, it is not right to harm those businesses. And lastly, the noise and negative impact it will have on our Stonebridge Ranch community is hard to think about. We all chose this area because of the peaceful location and beauty of the nature in this area. Please don't ruin it by building a huge freeway so close to our front door. PLEASE CHOOSE OPTION B! Thank you!</p>	Tripp	Holly

3565	4f6af5e2-2183-40d7-81b1-d1fe6a4535b4	4/20/2022 22:10	4/20/2022 22:10	The location of Segment E at the top of Sequoia St, in the Timber Creek neighborhood is approximately 500 ft from the neighborhood. The EPA considers that the range for maximum air pollutants. See https://www.epa.gov/sites/default/files/2015-11/documents/420f14044_0.pdf Serious thought needs to be put into sound barriers, vegetative barriers. There are serious health risks associated with being that close to a freeway, especially to children. See: https://www.atsjournals.org/doi/full/10.1164/rccm.200403-2810C The area right now is very quiet and this bypass will add excessive noise pollution also. Best regards, Tom Keenan		Keenan	Tom						
3566	d5ef24b4-0b5e-41bb-88aa-0589acfe8b27	4/20/2022 22:16	4/20/2022 22:16		Option B should not even be considered given that this McKinney is trying to offload their lack of infrastructure planning on Prosper. They continually chose to take development dollars over planning for future growth. Prosper and all the towns West of McKinney planned for growth using proper setbacks for road expansion. Prosper should NOT have their valuable land taken because McKinney failed their residents. The original plan to have the bypass land back on 380 in McKinney opposite Ridge Road had already been approved. Only after the residents of Tucker Hill complained did they try to reverse course and send the Bypass through Prosper. Either Option is really just a Band-Aid. The focus should really be on the Outer Loop. Having a bypass land back on 380 helps no one. The Bypass should really connect 75 to the Tollway. Anything short of that is simply creating another problem in 5-10 years. If a Bypass has to land back on 380 it needs to fall within the City of McKinney. NO 2 Option B	Flattery	Eric

This is a city of McKinney issue and Prosper should NOT have to bear the burden. Keep 380 on 380. We strongly oppose option A. Thank you.		Davis	Celeste						
3590	082977bd-e027-4f8f-889c-2b010687e91c	4/21/2022 1:12	4/21/2022 1:12	Route A and E is too close to existing residential property. Furthermore Route E and A put a heavy burden on McKinney homeowners particularly Tucker Hill residents and those adjacent to the new Ridge Road extension. Route B would at least shift some of that burden into Prosper thus making that choice a bit more equitable for both townships. The bypass should have been place further north away from existing residential property. The Collin Co. loop should have been considered and integrated in to the plan.	This whole thing has been ill conceived from the get go. This should have been planned out long before the unmitigated development along 380 was allowed to take place. The increase in traffic on 380 is largely do to the increase in housing and business development on or adjacent to 380 and therefore most of the heavy traffic as a result of this development is local to the existing 380. A bypass would not alleviate any of this traffic local. Continued business and residential development along the existing 380 and in the vicinity of the new bypass which seems to be inevitable will negate benefit hoped to be gained.	Skorz	Mike						
3591	f77d8797-0892-4937-8942-6bb06751b7ad	4/21/2022 1:28	4/21/2022 1:28	I am in opposition to proposed section B. I feel this proposed route doesn't reflect the best alternative for both Prosper and McKinney and Collin County overall. Expansion of 380 in its existing configuration would be best overall for the county.	Expansion of 380 in its existing path is the best option overall for Prosper, McKinney and the surrounding areas. This 380 expansion plus accelerated construction of the proposed Outer Loop would serve the communities best.	Van Blarcum	Gerald						
3592	d6901222-f2f1-4217-8f87-d03793bf52bd	4/21/2022 1:32	4/21/2022 1:32	This area of Segment A requires eastbound trucks to ascend more than 60 feet, while turning more than 90 degrees. This coincides with an exit for the existing University Dr, which is vastly undersized for the traffic. The combination of high speed grade and heading changes with exiting traffic is a dense and unsafe traffic condition. Moreover, the road would be elevated over a waterway, this will be prone to freezing over, creating a hazard during winter.		Baumgarten	Erik

Many of us have purposely bought homes well north of 380 knowing that 380 is a highway and will continue to need to be a highway. Proposed bypass A makes the most sense if 380 cannot be corrected on 380 through Mckinney as it was due to Mckinneys poor planning that got us to this point. Alignment A would not disrupt the only therapeutic horse location in the area for many disabled and autistic kids who so desperately need this care. The kids and the horses would be drastically impacted by any alignments which would push further west as well as the construction currently about to start in Prosper on retirement communities and the schools (Founders academy and walnut grove high school) recently built or currently under construction. Would you want your child to be attending school w/in 400 yards or less of a major highway? Please remove Segment A from any further consideration.		Nordman	Sarah

3620	abb136b9-a1dd-4ef0-812e-ae5608537111	4/21/2022 5:07	4/21/2022 5:07	We, Mary Borchard, Joseph Borchard, and Paul Borchard, live at [REDACTED] next to CR 338. WE oppose Segment C - 380 bypass. We have lived here for over a quarter century. We also object to the discontinuity of County Rd 338. The bridge over the proposed 380 bypass bisects CR 338, but does not reconnect it. Driving North to our home via 338, we must turn right from 338 onto the access road, go south until we find a u-turn and then north to access our property. Why does the bridge not connect the north and south portions of County Rd 338 (currently one continuous road)? Segment C goes directly through neighbors' homes and properties. It would cross our property forcing us to enter/exit our property via the new freeway/frontage rd. Turning onto a 50-60 mph frontage road to exit or enter our property is definitely not an ideal for aging drivers. Segment D will affect fewer homeowners and residents. Noise, view and sense of safety are all negative impacts of Segment C.		Borchard	Mary	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

3632	85e3e4c0-8f4e-4bc0-8357-5341060765bc	4/21/2022 13:19	4/21/2022 13:19		Prosper is a special small town community. Please, please, please keep the 380 bypass out of Prosper! We live here and people move here because it is one of the few places in the metroplex that has retained as sense of community, connection, and refuge from the crazy hustle and bustle of city life. We all need a place to retreat to - for the health of our bodies and spirits. Don't take that away!	H	L	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	
3633	529a4ed8-b73d-4f62-886a-a6ed0f9180a7	4/21/2022 13:35	4/21/2022 13:35	When looking at option A vs. B, I see the loop running through Prosper more viable than turning 380 through McKinney into a freeway. The only downside for Prosper, option B, is the emotional tool they are using by claiming the horse therapy ranch (Maingate) will be affected. If you widen 380 to 75, it will affect many businesses, which also affects McKinney's tax base. The existing businesses on 380 (both sides of 75) will be harmed by limited access and/or demolition. Both options A & B will affect residential areas, but more so in McKinney. The area for option B is less developed than option A - please consider my vote FOR B		Taylor	D	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

3637	e1509759-a03c-4069-808f-70a3691d67b3	4/21/2022 14:00	4/21/2022 14:00	I am not for segment B because it causes many disruption for homes, school and business. This segment just pushes the traffic to Hwy 380 in Prosper. This is just moving the bottle neck traffic and not really resolving the traffic issue on Hwy 380. Why not create a express lane like on 635 for those who are traveling east and west that does not need to exit. Segment A & B only pit residents of McKinney and Prosper against one another, not really solving issue and causing contention among the cities.		Yeo	Mike						
3638	5289660d-b3d9-4b38-8dd7-b5d906b3d171	4/21/2022 14:01	4/21/2022 14:01	I oppose segment B as this will greatly impact the Town of Prosper.		Hegmann	Andrew						
3639	f9127ccd-2c62-40fa-8c9e-19d88611c944	4/21/2022 14:05	4/21/2022 14:05	I completely oppose option B! The loss of Manegait will impact children with disabilities negatively in ways that can't even be expected. The safety concerns for high school new drivers having to navigate a large highway- will lead to more injuries and deaths. Keep 380 on 380.		Zebroski	Cindy

3642	238bab8b-4f0a-45d6-868d-3c1a8b8c4a19	4/21/2022 14:13	4/21/2022 14:13	Yay for option B. Boo option A.									
3643	5b20245e-dbea-490c-84e9-0932c053681a	4/21/2022 14:14	4/21/2022 14:14	Prosper needs to remain the way it us. Spitting it thru the middle to have this road go thru changes the wonderful area that has been created. Please vote it down.		Kopa	Donna						
3644	2ada55e2-de8c-4956-853e-3268ea5762d0	4/21/2022 14:20	4/21/2022 14:20	I am opposes to this new bypass. I feel that it will effect not only the small town feel of Prosper, but will divide our town. The huge highway would not only bring noise and pollution but I about our families, school, and children's safety. It will most certainly affect businesses and families from moving into our town.									
3645	3cedee46-6e05-4dc9-8f7c-36e498cd8a82	4/21/2022 14:22	4/21/2022 14:22	There's no way segment A is a better option than B. It's more expensive and impacts more businesses. B is shorter and just makes more sense.		Smolenyak	Nicole						
3646	ba5759b4-0e11-420c-82dc-d4ada3b01c9e	4/21/2022 14:23	4/21/2022 14:23	I am in favor of Segment B as it will save energy due to its shorter length (hypotenuse of a triangle is shorter than the 2 legs making up Segment A ($a^2 + b^2 = c^2$)) also it is a straighter route resulting in less braking for the curve in Segment A (see how similar curves absolutely slow traffic on the Dallas North Tollway between 635 and the GWB). Segment B is the smart and natural choice for this segment.		Cameron	Michael						
3647	00a69199-c856-482c-85dd-810d4720594c	4/21/2022 14:26	4/21/2022 14:26		I think it's ridiculous Prosper has to be punished for McKinney's mistake of allowing businesses to build up close to 380. If you want to redirect 380 so businesses won't have to shut down, why not let it run through McKinney? What? Because McKinney is bigger and Prosper isn't as big compared to McKinney. Prosper is growing and is going to keep growing. The community wants us to grow just not with a big street coming straight through it for just drive by and for there to be even more traffic than there already is.

3649	c41fb792-6641-48d3-8aa3-dd8eed01673a	4/21/2022 14:28	4/21/2022 14:28	As a Prosper resident, I adamantly oppose plan B. It would destroy the wonderful city of Prosper. Keep 380 on 380. Doug		Hoye	Doug						
3650	ee2577e3-f8b8-42d7-85eb-96c68591fa11	4/21/2022 14:33	4/21/2022 14:33	Please choose option B. It is the straightest, safest and most cost efficient route.									
3651	9ce19dff-2804-48cf-8c33-320324cbe0a3	4/21/2022 14:34	4/21/2022 14:34		I'm concerned about the entire project. There is already too much construction in McKinney, but if this is going forward I have comments about two of the sections. First how close does section E go to Erwin Park? Concerned about effect on wildlife etc. With all the building already going on so many animals are being displaced. Next, bypass B would seem to be the better option over A - less impact to current homes etc. Also, has an elevated freeway along the current 380 been considered? Seems like to me that would be the best option.	Duran	G						
3652	33fcc87f-d8bb-4849-88bf-e5dc1c7f27b2	4/21/2022 14:43	4/21/2022 14:43	This route B is the best overall choice for the Highway Bypass as it has less impact overall on existing buildings and operations.		Flippen	Celeste						
3653	eefa719b-b0ef-4013-89f1-2f6f042c62ba	4/21/2022 14:43	4/21/2022 14:43	This section goes directly through ManeGait Therapeutic Horsemanship and would be detrimental to this business. They have provided care and therapy to both children and adults with special needs throughout our community and surrounding areas for YEARS and it would be horrible if their property was ruined due to this highway expansion.									
3654	6c5590e8-b7f1-4d37-804a-3716b53145ad	4/21/2022 14:43	4/21/2022 14:43	Opposition for Segment B		Desai	Neha						
3655	bb811e1a-4e79-44b4-8f58-c3d20c52df8b	4/21/2022 14:51	4/21/2022 14:51	I oppose segment B		McCool	Christine

3662	59e5f165-5cd1-47bc-88fa-1042887f6535	4/21/2022 15:09	4/21/2022 15:09	I strongly oppose segment B as it would greatly impact the Town of Prosper, and specifically, the neighborhood in which I live, Lakewood at Brookhollow. Not only would segment B bring a freeway much closer to my home, it would also greatly impact that access to my neighborhood and would likely increase cut-through traffic through my neighborhood. (Segment A would also alter the access to my neighborhood, and I oppose the access being altered in that option as well.). Adding this freeway as proposed in segment B would drastically change the Town of Prosper and the reason why so many of us have moved to this suburban area by significantly increasing the volume of traffic directly near my neighborhood. I respectfully and strongly oppose segment B in its entirety and the alteration that segment A would create at the entrance to my neighborhood and request alternate options be considered. The good folks of McKinney should be responsible for removing traffic from their city and not infringing on their neighbor city unless the neighbor city is willing to be infringed upon. In this case Prosper isn't willing, McKinney, you need to figure out your own problem.		Gipson	Dennis						
3667	94af040d-024b-4691-8549-11c776691002	4/21/2022 15:11	4/21/2022 15:11	*1789 CR 338 & 1855 CR 338 (unable to flag map) Preferred bypass: D Hello, We own La Cour Venue, located at [REDACTED] and our family home is also located on this property. Our venue has been open since Jan 2015 and has hosted hundreds of outdoor weddings and special occasions for McKinney and DFW residents. Most entertaining at our venue is outdoors on the courtyard, terraces, and ceremony space. A highway along route C would put us out of business, as the noise of the highway being so close would deter clients from celebrating a ceremony, dining and dancing outside. Video of our spaces for visual: https://tour.mytownpass.com/sites/lacour/ Our neighbors along route C have beautiful family land, homes, and farm animals. It is a tranquil area that we cherish. We're currently building a 2nd home on our land for our in-laws to move into at [REDACTED] This land, our home and business is our life dream. Please consider route D, as it has less impact on homes. Thank you kindly.		Teague	Amy						
3668	9b35bdd8-9e21-42c8-8fc8-88844fc7d59c	4/21/2022 15:28	4/21/2022 15:28	B is better than A. B is more efficient and will result in less slowdowns than the steep curves in A. ManeGait can be moved, concerns about a prosper isd high school are overblown, and these are necessary compromises for a better route. Please make sure the neighborhoods close to E have mitigating controls put into place (lowered roads, increased distances) as original plans did not have a freeway there.		Schultz	Logan

3683	8c6df527-1ff0-4d42-8266-e24281675765	4/21/2022 16:50	4/21/2022 16:50	My family resides in the area being proposed for the B route. We strongly object to this proposal as it will adversely impact our family community and interfere with our schools. It's a shame that the planners did not actually "plan" 6 to 10 years ago when it was evident that this region was on pace to grow rapidly. I was here in 2014 when 380 could have easily been modified to account for the transportation needs. Now, it seems they are asking the families of Prosper to bare the burden of their neglecting to plan. This is unacceptable. Plan A was the original plan and will impact fewer people. It seems that we have a politician abusing his power to try to change the plan for his personal gain. Again, we object to route B.		Larson	R

Proposed path B Using outdated surveys and referring to property that isn't even near the proposed path. Shame on you ! Shame on you for undoing what was originally decided and inflicting this undue stress on the community of Prosper.								
3685	e8efe812-dd10-41e2-8bc1-3376bf0ff181	4/21/2022 17:02	4/21/2022 17:02	The proposed segment A should be the path of the 380 bypass. The current congestion on 380 and failure to account for it lies almost wholeheartedly by the City of McKinney. Had they planned for growth responsibly, this would not have been an issue today. Segment B is their attempt to make Prosper pay for their mistakes.		Thomas	J						
3686	98cf7232-efd7-41b8-876b-9cc044bdd578	4/21/2022 17:16	4/21/2022 17:16	I strongly oppose any 380 bypass through the Town of Prosper. Option B is simply not an option. The proposed route runs too close to current and future schools. It poses a risk to students and their families. The route also threatens a vital non-profit organization, Mane Gait. This organization provides an unmeasurable resource to people with disabilities in our community and the surrounding areas. As a horse person myself, I understand how valuable a resource this is and how the horses and the riders need a peaceful environment to do this important work. As a homeowner close to the proposed route I object to having an 8 lane highway in my backyard. Please do not ruin our small town. I did not buy a house off of 380 for a reason. 380 needs to stay on 380.		Bristing	Janna

3692	ec7189ba-44ea-403f-8182-ca32c9b53679	4/21/2022 17:40	4/21/2022 17:40		Northbound access points from 380 in Prosper, TX include the Dallas North Tollway (DNT), Preston Rd (289), Coit Rd., and Custer Rd. within a 4 mile stretch. These projects appear to be missed opportunities for high volume east/west connections but these roadways still exist nonetheless. In Prosper, we look forward to the future continuation of the DNT and Outer loop projects. East of Custer Rd and North of 380 to Interstate 75, McKinney, TX has very limited North/South and East/West transportation infrastructure. Option A would support the bypass project as well as future transportation infrastructure projects north of 380 in McKinney.	Rumbaugh	Joe						
3693	92ff4344-69e9-4f8d-81ae-5655ca7892e4	4/21/2022 17:42	4/21/2022 17:42	We have been in our home for nearly 14 years and have loved it. Seeing this option D & E so close to not only our home but also the Elementary School is giving me a great deal of concern. We don't want it that close!		Marek	Kerstin

McKinney is the 2nd largest suburb in DFW with a larger land mass/population than Prosper. Putting a bypass through smaller Prosper to solve McKinney's lack of future growth planning is NOT the solution. Segment B would put a 12 lane hwy within 45ft of ManeGait's facility seriously impacting the vulnerable populations it serves; grossly affect 3 Prosper ISD&1 Charter School resulting in MAJOR safety and environmental concerns; demolish the Ladera Community & portions of 3 others resulting in millions of lost tax dollar revenue & require a massive utility relocation for Prosper. Prosper has the space to expand along 380 to McKinney. Prosper citizens DO NOT WANT OR NEED OPTION B. If McKinney needs a bypass for 380, the bypass should be located in McKinney town limits - OPTION A IS THE ONLY WAY!	Additionally : TxDOT previously announced its PREFERRED ROUTE, which is Option A - The "B" route that was proposed through the Town of Prosper was requested AFTER the announcement of the "A" preferred route by TxDOT, and furthermore, it was requested by a former member of the court who lives in an affected community (Tucker Hill). This alone should put Option B out of consideration.

3709	fd0124ce-1df8-48ef-8ca9-3e8eb6672252	4/21/2022 19:16	4/21/2022 19:16	<p>As a homeowner and citizen of McKinney, TX., I strongly SUPPORT the Project 380 Segment-B bypass alignment option. This option is the least disruptive to businesses with no displacements, minimal impact on existing homes and families living in neighborhoods along and adjacent to US 380. It is also the least expensive option by nearly \$99 million when compared to the cost of the Segment-A alignment.</p> <p>I also strongly oppose Segment-A. It should not be considered for the following reasons:</p> <ul style="list-style-type: none"> *It destroys and removes 17 small businesses *The cost of Segment-A is \$99 million more *It will create an overpass on 380 over Stonebridge Drive and Custer Road. *It will decrease traffic safety, increase traffic on Stonebridge neighborhood streets. Increase noise & pollution in our neighborhoods, & reduce our property values. <p>Segment B is the best option to improve traffic flow in our corridor while also preserving the economic business and residential vibrancy of our community.</p>		C	L						
3710	5ff95039-113a-4953-86c5-df3efe3ffb7e	4/21/2022 19:33	4/21/2022 19:33	<p>I represent the Owners of Ladera Prosper and am attaching our comments along with documentation which we are requesting to abandon Segment B</p> <p>Best, John Delin, CEO</p>		Delin	John						_work_for_TxDOT_
3711	ad9c427f-f6cd-4dc4-8b10-bde3c850fc1	4/21/2022 19:37	4/21/2022 19:37		I support segment B! Segment B is \$99M less expensive, impacts fewer homes, businesses, wetlands and wildlife. Segment B is shorter, saves time and money.	Davenport	Kaci						
3712	e712bfb6-e3de-4b0f-8290-13e4bca81531	4/21/2022 19:38	4/21/2022 19:38	I live in Melissa so would personally benefit from any of the proposed options. I don't understand why we don't add an extra lane to 380 and put more investment into Collin County Outerloop Road. Freeways aren't the answer to everything and can divide communities. If you absolutely must create a 380 bypass then my suggestion is to keep it as close to the existing highways as possible, keep as many miles of the road on its current path as possible.		Schweitzer	Cary						
3713	9ea19760-7475-4be7-8a4d-08e2698d5fac	4/21/2022 19:38	4/21/2022 19:38	NO to Option B - due to proximity to ManeGait, Prosper ISD schools, Prosper neighborhoods, current & future developments, & local businesses		Darby	Gretchen						
3714	c13fc432-ebac-4e99-8a1c-f361bc7db39b	4/21/2022 19:47	4/21/2022 19:47		This is McKinney mess that they had to have seen coming for YEARS and yet continued to allow builds close to 380. We saw the signs 11 years ago! Its also not a new issue in McKinney... having to foot the bill for their mistakes (i believe they built a library on donated land). As a resident, I dont support the city's stance on these options. AT ALL.	Tuggle	Rebecca						
3715	3f87b405-588e-4fa8-8b16-8c44e52b4a6e	4/21/2022 19:52	4/21/2022 19:52		Please do not use option B! Our children go to school there and don't need to be subjected to the noise and air pollution that a bypass over their school will bring. It's unfair to Prosper- which is small enough already- this basically cuts out town in half. Why cut through residential, schools, and equine therapy locations when there are other viable options? This would be a huge detriment to our community. Thank you so much for listening.	G	Sonya						
3716	d67cf9e9-351d-4ace-8ad2-1f0a53e41556	4/21/2022 19:57	4/21/2022 19:57	I am opposed to plan B and the impact it will have on the area, city and development of Proaper.		Fields	Joseph						
3717	48a00bc1-5a92-43d8-8ce6-ce7d86adede1	4/21/2022 20:03	4/21/2022 20:03	<p>This route (B) should not even be a consideration. The value of ManeGait alone outweighs any other area that would be impacted by the bypass location. You cannot put a price on what they have provided to the citizens of ALL the surrounding cities. If it was your spouse, child, parent, if friend that had been given the empowerment that their clients experience daily, this would be a clear decision for all involved. This is not about a developer or city that would be impacted (although I have an opinion about that as well).</p> <p>Forcing closure due to proximity of a major highway is unjust. The environmental impact on the horses & clients would be beyond adaptable and unacceptable to expect them to attempt when there are so many other options. Relocating would not be feasible due to the massive land market value increases in the last 2 years.</p> <p>I highly suggest you remove Option B immediately and exclude this area by at least 1 mile radius on any proposed routes.</p>		Phillips	Krystal						
3718	36c422ad-a92c-4240-8f4c-92bfc24b651b	4/21/2022 20:07	4/21/2022 20:07		Why is Prosper affected by the lack of planning of Mckinney, this is not right nor fair. I oppose to this. Prosper resident	Brutton	Tata						
3719	c2ebf9f9-5ed4-4dab-8fa4-b729190e177f	4/21/2022 20:09	4/21/2022 20:09	<p>Please use Segment B for the 380 project, as it is less expensive and significantly less impactful to homes and businesses.</p> <p>We live in Stonebridge Ranch and do not want a major intersection so close to our homes and schools.</p>		Clark	Tina

3720	2dcaea29-819e-4c9d-8405-a9185396deeb	4/21/2022 20:09	4/21/2022 20:09		As a long time McKinney resident, I strongly oppose segment A. Besides the fact that it closely impacts my home and neighborhood, option A does not make financial sense for our tax dollars or the impact on McKinney businesses and families. Prosper politics should not play a part in this decision. McKinney should not have to absorb all physical impacts for something that other Collin county cities will ultimately benefit from. Thank you.	Raspberry	Nick						
3721	484a1a07-844f-4ded-80b2-482ab296d90c	4/21/2022 20:14	4/21/2022 20:14	I am 100% opposed to segment B of the proposed 380 Improvements.	I am 100% opposed to segment B of the proposed 380 Improvements.	Johnson	George						
3722	ad9b5fa8-0aac-4546-84cf-e0e74379eb3a	4/21/2022 20:20	4/21/2022 20:20	Opposing option B. While it makes sense for the City of McKinney to solve their traffic problem, it does not make sense to solve it through a sovereign town, disrupt a campus serving the special needs community and Prosper schools. McKinney needs to solve their traffic problem within McKinney. In looking at the map, Option A makes the best sense for McKinney or create an elevated structure like downtown Dallas and downtown Austin.		Crouch	Barbara						
3723	370eaafd-3b2e-4ffc-8e9c-1e4575ab52c0	4/21/2022 20:23	4/21/2022 20:23	Stephen, just a note recommending TXDOT to choose Segment B for the Project 380 bypass route. Because there are developments on the land running across segment B and the cost of Segment B is \$99 million less than Segment-A the decision should be easy for TXDOT to make. In addition, the Segment A choice will be adding a tremendous amount of additional noise to the already busy StoneBridge Ranch area. Please choose the Segment B option. Thank You, Jim Jim Hysaw [REDACTED] [REDACTED] [REDACTED]		Hysaw	Jim						
3724	8291f7ae-c2b3-41ec-8b59-97ba9e591ba6	4/21/2022 20:29	4/21/2022 20:29	I oppose segment A due to its impacts to the businesses in the city of McKinney and the Stonebridge Ranch neighborhoods. This coupled with the higher costs of Segment A make Segment B a more logical choice.		Massad	Marc						
3725	d086d8e7-416a-4bbc-8e3a-89dc9ac20988	4/21/2022 20:30	4/21/2022 20:30	I am offering feedback on the "B" option of the 380 bypass considerations. I am opposed to this alignment (noted as Option B). There are other options to accomplish improved traffic flow without having to cut thru Prosper, Texas and the many areas this option will negatively impact. I believe that 380 should be kept on 380. Expand on this already commercial route. Even with a bypass circle around McKinney, it will not alleviate the traffic jam around Raytheon and 75 on 380. Thank you for considering my input on this issue. Trusting you will make the right, common sense decisions. Keep 380 ON 380.		Bridgeman	Wes						
3726	9d3fbfb1-4b64-4e2c-8fa9-255f9fbe6f3e	4/21/2022 20:43	4/21/2022 20:43	I oppose Segment B. Why should Prosper suffer many losses because McKinney could not plan accordingly. Their Mayor should not be in charge of economic development. We meant B would go right through ManeGait, which is an outstanding facility that serves a vulnerable population. Actual residents would be displaced. KEEP 380 on 380!!!!!! McKinney should have to widen 380 just like Prosper is doing. They can offer alternatives for their businesses and residents if they are so proud of their community. It is not Prosper's responsibility to make up for McKinney's mistakes.		AS	AS						
3727	50d3d1c4-2ad0-4f1a-817a-d0e4392bd6f	4/21/2022 20:46	4/21/2022 20:46	Option A is the one that continues to show up on all choices over the last few years of these surveys and studies as it was the initial one designated for 380 loop expansion. Homes in Tucker hill were sold with the information and perspective home buyers were well aware. Moving to Option B after Prosper and Frisco have already expanded 380 fulfilling the needs of their communities does not make sense and only adds to more contention. Stay with option A and stop opening up more time, options, and issues for people to complain.		Marc	Dondero						
3728	8a7e20a2-1530-4004-8af8-144b752c4bb5	4/21/2022 20:51	4/21/2022 20:51	I strongly opposed to the proposed SH380 bypass Plan B. Under it the presenting issues will not be mitigated. They will be replicated into our communities. I drive SH 380 often and it appears to me that the greatest issues are east of Custer Road yet Prosper is being targeted for the fix. Fix the issues of SH380 on SH380. Plan B in specific has unacceptable elements including but not limited to environmental and health issues. It impedes our long-planned community development master plans. > The Ladera development will be decimated. Resulting in an annual loss of 1.4 million to PISD. > PISD will be directly impacted at three sites, including daily operations, traffic, safety, and lost sites. > The impact on the ManeGait therapeutic facility is most disturbing. It serves the disabled, veterans and provides the Gateway to the Brian Program. Plan B is more intrusive. Plan B will force the it to close.		Keener	Robert						
3729	92d769f8-6aa7-4f0a-84e2-325d6e84ae6e	4/21/2022 21:03	4/21/2022 21:03		I choose option b - no expansion- because A would be loud and intrusive for our neighborhood and would affect so many businesses and homes negatively	Clark	Garrett

We Oppose Segment A because it: Costs taxpayers \$98.8 million more Impacts 57% more natural wetlands & wildlife Negatively impacts Tucker Hill and Stonebridge Ranch neighborhoods We Support Segment B because: Requires 73% fewer business and residential displacements Avoids costly reconstruction of the intersection at U.S. 380 & Custer Road 14% shorter, saving time and money I oppose segment A and support segment B. 3746	f4aa3b00-8337-46b6-8bdf-33b8a935e103	4/21/2022 21:45	4/21/2022 21:45	380 needs to stay on 380. The Town of Prosper should not have to bear the burdens of the City of McKinney and the poor city planning and the lack of foresight shown by their leaders. There are developments planned and in progress that will provide tax dollars to PISD. Even more scared is the location of ManeGait. I am a regular volunteer with ManeGait and many riders are already facing distractions due to the temporary construction noise on Custer Road. A highway going through this area is not acceptable to those that purchased away from Highway 380 with purpose and to this therapy service that is a blessing to our community. I find it a bit odd that deadlines were extended, images released of the different routes by TxDOT were not of the same aerial elevation view (which quite obviously made 1 route look more intrusive than the other), but I trust that the right thing will be done and 380 will be kept on 380 thru Prosper. Thank you for your time, Sarah Byrne		Byrne	Sarah						
3747	73e0227e-1b9b-4638-8950-11e25d5f7b9f	4/21/2022 21:46	4/21/2022 21:46	I am opposed to Segment B. The Town of Prosper has passed 6 Resolutions opposing any alignment of U.S. 380 that does not follow along the existing U.S. 380 corridor. Prosper residents and business owners, have legitimate concerns that Segment B would have a negative impact on both residential and commercial developments within the Town. To ignore the environmental and health hazards imposed by B on adults and children with disabilities receiving therapy at ManeGait would be a serious error. The Americans with Disabilities Act provides for the fair protection of people with disabilities from hazards imposed by Segment B. Founders Academy and the new Prosper high schools would be severely impacted by traffic conditions and environmental pollutants. Young teen drivers would have to maneuver traffic going on and off this freeway. B would negatively impact current and future planned communities. Prosper is a small town and the lost tax revenue would be substantial.		Hammack	Mary						
3748	36dab9b4-ad56-4723-8257-97995268d9fa	4/21/2022 21:46	4/21/2022 21:46	I believe Option B serves the better good of the community. Allowing the new highway to terminate at Ridge Road will cause development of significantly more traffic on Ridge Road, particularly at times when the elementary school Speed Limit is being enforced. Also, believe it will cause less displacement of businesses and residences, as well as cost substantially less to complete. Option B provides an outlet onto Route 380 where the area is largely commercial or industrial and will be less burdensome on home owners. Thank you for the opportunity to comment as I register my support of Option B		Brown	Dans

3756	d8528bf2-c1b5-496e-81eb-13d0a9450b32	4/21/2022 21:57	4/21/2022 21:57	<p>There is already too much traffic and noise on Lake Forest, especially from the heavy trucks and semis that travel at a high rate of speed and we do not need to add to it. In addition the road way is collapsing and even though there were some recent repairs/new concrete added near the McKinney #9 Fire House, the weight and speed of these trucks will continue to wreak havoc and require additional road repairs.</p> <p>Also the Heatherwood community will be greatly inconvenienced and affected as our property values will diminish greatly and the noise will increase 10 fold. In addition the wildlife that will be displaced over the life of the project and the wiping out of their habitats. When I moved here over 8 yrs ago, I purchased my home based on the quietness and expectation that the 2 lane road would not be developed. Now it has already ben expanded to 4 lanes and I am betting that with this project that will again be increased to 6 lanes with more semis and trucks and more noise.</p>	The only real viable solution to the congestion on 380 is to configure it as a double decker roadway, much like Austin, or the underground option that was done on 635. I understand that the costs would be huge, but these options will ultimately provide the best solution and will impact fewer people. A double decker solution would allow thru traffic to go above the local traffic and an underground solution would allow sub-level traffic to go thru town while leaving the main road level for local traffic. My family relocated to Prosper a year and a half ago from Chicago, as we sought a small town feel with a strong community. However, the proposed Segment B 380 Bypass would completely destroy the town we have come to know and love. This proposal would split our beloved town in two, separated by 12 noisy lanes of traffic polluting our air and land, and diminishing our property values. We escaped life like this for a reason. This proposal will ruin many of our neighborhoods and thriving, beloved local businesses here, affecting thousands of residents. It will put a busy highway near the high school my children will attend in the future. And it will be a deterrent for people like us – looking for similar things in a community – to choose to move here in the future. This proposal is not the answer to poor planning on other communities' parts. 380 should remain on 380.		Ramos	S

3761	f78e407e-9a53-4fe5-8fc6-e2e429009759	4/21/2022 22:00	4/21/2022 22:00		As a homeowner in the Timberridge subdivision in the McKinney ETJ, I am opposed to Segments A and B. Segment A would place a major highway in the backyards of both the Timberridge and Wilmeth Ridge subdivisions, disrupting the small-town, quiet living that neighbors enjoy. Segment A would tear through Prosper, perilously close to the new high school and through four subdivisions. These routes are a terrible solution to McKinney's lack of planning, and they are a decade too late. However, there's still time and open land to expand the roads north of 380 to Hwy 75. If you expand FM1461, Bloomdale, and Wilmeth to six east-west lanes, residents who live north of 380 will take those routes to Hwy 75, easing traffic on 380. And then once the Outer Loop is completed, this will ease traffic even more. This seems like a less expensive and obtrusive option for all.	Gamborg	Molly						
3762	34cbdd4f-2f19-48fb-8168-490765f3593c	4/21/2022 22:00	4/21/2022 22:00	I am opposed to segment B bypass running right through communities, homes, local school areas, etc. I've never seen such encroachment in Texas on our way of life via proposed roadways, and I grew up in Houston and lived in Austin for more than a decade. I have seen bypasses, tollways, and various roadways developed in those cities, but nothing as egregious as what is being proposed in the option B segment of this 380 bypass. It's absolutely unacceptable to be considered a viable option and goes against everything our state stands for. Poor planning & development should not become the burden of innocent, tax paying constituents. Where is the accountability for elected and employed leadership? The negative impact to Texans living in these communities include: increased crime, pollution, traffic, wildlife displacement, and easy access to schools that could lead to safety issues for our children. Accountability matters. The people of this community matter. Do the right thing.		Schmidt	Katie

This will impact my real estate value and from the perspective of the quite and peace for moving here. This is McKinney's and the State of Texas problem. They did not plan properly for any of the 380 of Highway 75/Central for the last 20 years. 380 should have been widened to eight lanes on the last attempt to solve the traffic problem, the first mistake by McKinney was not to put a loop, clover leaf, or proper traffic circle at 380 and 75. Which will eventually have to be done in the future. The impact to Prosper alone is HUGE! We should not loose our tax revenue, land, businesses, impact our schools and the environment based on poor decisions of the past. McKinney owns this problem. Let them put it in their NEIGHBOORHOODS!		Pickett	James						_am_a_business_owner_

We participated in the 380 "fight" previously and thought the decision not to go through Prosper was a done deal and TX DOT understood the negative issues Plan B would cause to Prosper residents. All the negative impacts remain: Mane Gait, cemetery, reducing Prosper's limited tax base, etc. add new issues: New Prosper high school, charter school, much needed 55+ community, new housing developments. The noise and pollution and traffic will be unbelievable. The impact on our Whitley Place home values will impact our retirement return. NO TO PLAN B!!		Danielson	Carol						
3778	7a9c1e40-0f5449b6-87a4-2324692b5 f03	4/21/2022 22:24	4/21/2022 22:24	Route A is disruptive to a much greater developed area and unnecessarily removes a greater portion of 380. If more of 380 can be retained then we have greater overall capacity between 380 and the bypass. Unnecessarily removing miles of 380 decreases overall capacity and negates previous investments in the same. Route B takes the most sensible path through lesser-developed space between McKinney and Prosper.		Clausing	Thomas						
3779	8c415a00-6252473d-8655-584190ef9 600	4/21/2022 22:25	4/21/2022 22:25	I am writing to support the 380 BYPASS B PLAN. Please choose this! We have lived in this area for about 25 years and have seen explosive growth. I believe Plan B is the best solution for the traffic we now face. Thank you.		B	D						
3780	50e3790d-19164e0e-8bcf-b4647a42d c31	4/21/2022 22:26	4/21/2022 22:26	I am asking you to vote NO on option A. Option B is much less expensive, would disturb much less existing homes and businesses and would keep more traffic away from Stonebridge Ranch, one of N Tx jewels of a home ownership. Thank you, Jim Larkin		Larkin	Jim

3786	daaf1e83-8faa44eb-89fe-13797524d 626	4/21/2022 22:43	4/21/2022 22:43		I oppose Segment A. Go with the cheaper option, Segment B	Witte	Jason						
3787	c4df7c28-60d94351-8ce1-1c913ad63f 6d	4/21/2022 22:45	4/21/2022 22:45	Obviously the B bypass is a better plan. A would add more congestion to an already busy Custer & 380 intersection.		Delsol	Anthony						
3788	e5fcd64-f3004151-88ff-6ebc09c60 964	4/21/2022 22:47	4/21/2022 22:47	As a resident of McKinney I believe that Segment B should be the preferred plan for the improvements to Hwy 380. Segment A would be disruptive to the current residents and would cost more taxpayer dollars to construct. A wider bypass around the city will provide more room for future growth and be less disruptive to existing residents. Thus, I would prefer segment C over Segment D as well.		Gully	John						
3789	29fb8373-c5b04f12-87a1-02d2afe813 00	4/21/2022 22:48	4/21/2022 22:48		All business and developments who situated themselves along the 380 road, were well aware of the importance of this road as traffic would grow. Therefore I'm in favor of using the current 380 traject to the maximum extend possible. Ideally that is an upgrade all the way across the current 380 (with over and underpasses where needed). As this is no longer one of the options, my strong preference is to the option which comes closest to this goal and as such displaces and disturb as few developments and business who could not have known. As such, my vote includes options A (against B) and D (against C).	Lison	Jürgen						
3790	5146721e-0dc74c75-8a2d-7e3035a72f 4f	4/21/2022 22:51	4/21/2022 22:51	I'm a 3rd generation McKinney resident. I think Option B is the best option.		Sellers	Brandie

ManeGait property will remain untouched. No businesses on 380 will be destroyed. Zero sites with hazardous materials and 2 major utility conflicts will need to be addressed.	Mihalek	G.						
3792	f031ccdf-8de3-4fcc-825c-993fe105e91d	4/21/2022 22:54	4/21/2022 22:54	I am opposed to Segment B. The negative effects to MainGait and the disabled persons who benefit the services rendered there is incalculable. The noise and pollution generated by a ByPass so near a peaceful and serene place as MaimGait is unimaginable. Most Prosper residents and business owners, have legitimate concerns that Segment B would have a negative impact on both residential and commercial developments within the Town. Founders Academy school and the new Prosper high schools would be severely impacted by traffic conditions and environmental pollution. Plan B would negatively impact current and future planned communities especially a new 55 year and older community which is underway. The economic impact on the Town of Prosper is unimaginable. The future Property Tax revenue loss is going to create an increase tax burden on all of the residents of prosper.		Hammack	Michael						
3793	38144d39-8bab-45b4-8ee5-4af2fc172a44	4/21/2022 22:55	4/21/2022 22:55	I am stating my support for Segment B for the 380 bypass project.		Hunter	W						
3794	c077a232-2834-464e-80e3-76773b2c8fa9	4/21/2022 22:59	4/21/2022 22:59	My address is [REDACTED] My backyard has an easement behind it and it is open to the Bloomdale sidewalk already. Please take into consideration that there are over 40+ homes who will be affected by having an eight lane highway with vehicles traveling at 70 mph in our backyards. We did not move into this neighborhood to be close to 380 or it's bypass. A 100ft buffer is not going to be a solution to the noise pollution that this project is going to cause. If this segment is going to remain unchanged in its placement, then the freeway should be built below grade to alleviate the noise. In addition, a sound wall barrier also needs to be built. The current wall separating the 40+ residents will not be sufficient considering all of the frontage road traffic that will also increase. Everyone is so concerned about segment A or segment B when no one is concerned or helping the people affected by putting a highway in Heatherwood's backyard.		Goodman	Cindy						
3795	826e0a42-0429-48b6-8846-db74e98fcc38	4/21/2022 22:59	4/21/2022 22:59	go farther west like near Denton then bypass all of the cities on 380 until you get to the eastern side of Farmersville.		Tribble	Jerry						
3796	c0d9f53a-f74c-44d9-8275-99eb5fdcc6d5	4/21/2022 23:01	4/21/2022 23:01		This will greatly improve the traffic situation by allowing those people who are just passing through to move quickly through McKinney. Not sure why we are being coerced to oppose this. Traffic is increasingly heavy and it is tripling time to do simple errands in McKinney. This will alleviate that congestion and reduce accidents.								
3797	d0aa58dc-51aa-46cd-8991-92f1ec49ae88	4/21/2022 23:10	4/21/2022 23:10	The plan B section will essentially cut right through the heart of the Town of Prosper with a huge multi-lane highway. There is already existing delineated space for highway 380 including room to expand that can be improved upon without the devastating effects that proposed plan B would have. Please consider the longlasting impacts it would have on Prosper Citizens and DO NOT move forward with this plan.		Y	Ashley						
3798	f8281d50-cf63-4d68-8dfe-8970cab8af11	4/21/2022 23:10	4/21/2022 23:10	I oppose segment A plans as it costs more, affects more wetlands, and negatively affects McKinney's Stonebridge Ranch neighborhoods.		Siddiqi	H						
3799	871eef6b-20ba-4ea2-84fb-2ee7f119a22b	4/21/2022 23:11	4/21/2022 23:11		Segment B of the proposed U.S. 380 Bypass through McKinney requires 73% fewer residential and business displacements. I support segment B and oppose segment A.	B	J						
3800	e6662abb-9bc2-407a-867f-d2f7bf4c0645	4/21/2022 23:13	4/21/2022 23:13	I support selecting Option B because it reflects the results of the factors chosen to make a decision including cost, utility relocation, and displacement of business' and residences. What's the point of years of meeting with stakeholders, doing studies and setting forth the items to be measured to make a decision on road placement if the citizens affected by the results protest ? US 380 changes are needed to benefit everyone. No road option will please everyone.		Basila	Catherine						
3801	325d475e-db90-42f6-8e5f-488fc0bbcb6a	4/21/2022 23:13	4/21/2022 23:13	Don't let Segment B happen. Don't let McKinney's failures and politics become Prosper's problems. Seriously, you know what the right thing to do here is. Ignore the nonsense and the politician influence and do the right thing. Stick with Segment A. Make your mother proud of you. If you go with Segment B, she'll be ashamed.		Lutes	Mark

Personally the difference in cost and utility relocation between option A & Option B clearly support Option B.		McDonald	R						
3804	826511a7-331e-4ca2-8b08-9b3aff7ec6ae	4/21/2022 23:26	4/21/2022 23:26		I strongly oppose a 380 bypass corridor B that would bisect Prosper and consume a large percentage of our eastern land mass. It would greatly and adversely impact our town finances, police and fire response, and existing facilities. (Mane Gait) and residential neighborhoods.	Turner	Michael						
3805	23ab180b-9894-466f-827e-fea4609d4af5	4/21/2022 23:28	4/21/2022 23:28	We support hundred percent segment B, and we say NO to segment A		Wood	Arsen						
3806	810ad6fc-1b34-4b36-8208-e9107723c0fc	4/21/2022 23:29	4/21/2022 23:29	I oppose Segment B as it will have a negative impact on Prosper residents, Prosper Communities, Prosper ISD, the town of Prosper, and Business in Prosper. This negative impact will be on both the existing environment and future growth and development in Prosper.	I oppose Segment B as it will have a harmful impact on Prosper residents, Prosper Communities, Prosper ISD, the town of Prosper, and Business in Prosper. This negative impact will be on both the existing environment and future growth and development in Prosper. I support U.S. Highway 380 as a Controlled Access Highway; continue supporting the TxDOT recommended alignment as presented on May 6, 2019, for U.S. Highway 380 within the corporate limits of the town of Prosper; strongly oppose any proposed alignment changes, including the proposed Gold or Brown Alternative Segment B Alignments as presented and part of the TxDOT's U.S. 380 EIS Public meeting on March 22, 2022, and the schematic design and within the corporate limits of the Town of Prosper; opposing said alignments because they are in conflict with existing and future development along said alternatives; finding that said alignments are not consistent with the Town's thoroughfare plan and current alignment of said roadway.								
3807	bd8d4417-d08f-4758-8fd3-0245a38d6279	4/21/2022 23:29	4/21/2022 23:29	I support selecting Option B because it reflects the results of the factors chosen by the feasibility studies. Personally the difference in cost and utility relocation between option A & Option B clearly support Option B.	Is there precedent for not using the results of the feasibility studies to choose transportation changes? What's the point of the years of work with stakeholders and studies if decisions are made based on the levels of reactions made by the individuals personally affected ? As a Collin County Resident I want / need improvements to the US 380 situation and realize my taxes may increase. However, I would prefer the least costly choice (Option B) be selected.	McDonald	Robert						
3808	8d8c89fd-c076-4fd5-845d-60cb0f22c760	4/21/2022 23:29	4/21/2022 23:29	No to Segment B! Prosper is a small town compared to McKinney and Frisco. Adding a bypass will be detrimental to businesses, schools, and homes. My children will go to the Walnut Grove High School and should not have a major roadway near their school, nor should Founders Academy. I'm a mom to 2 kids with special needs who benefit from Mane Gait but Segment B will destroy that. Keep McKinney issues in McKinney. Do not destroy our town that happens to sit in the middle of the traffic issue.		Steinbrecher	Kelly						
3809	c92e00b1-28c3-4378-81be-bcc0cce06ecb	4/21/2022 23:30	4/21/2022 23:30	Segment B crosses sections of both towns (Prosper and McKinney) that more negatively impact developed and developing sections of both towns that Segment A does not as Segment A utilizes more of the exiting Hwy 380 corridor. Segment B of the proposed Gold/Brown alignment poses a significant, negative impact to both existing and future residential and commercial developments planned within the Town. The alignment would directly impact over 360 future homes and thousands of residents and indirectly impact many more; Segment B will increase ground-level ozone impacting at least two environmentally sensitive facilities (ManeGait and Founders Academy) resulting in a conflict with Air Quality guidelines publicized by the North Central Texas Council of Governments (NCTCOG);	The Town of Prosper has passed six Town Council approved Resolutions strongly opposing any proposed alignment for the widening of US 380 not located along the existing US 380 corridor; Segment B runs directly through a quickly developing section of the Town of Prosper causing significant environmental impacts on the human and natural environment by adding a new and unplanned interstate through Prosper versus using the existing alignment within Town limits; Segment B has a detrimental effect on ManeGait Therapeutic Horsemanship; a unique nonprofit facility providing equine therapy to hundreds of adults and children with disabilities. The Americans with Disabilities Act was adopted along with the President Executive Order 12898 to protect their rights and ensure fair treatment; Segment B is in close proximity to existing and future schools including high schools impacting thousands of students.	Hennig	Sara

3812	bbc2305c-9c03-49d6-8614-0370ee23bba5	4/21/2022 23:33	4/21/2022 23:33	I do not support option B. The impact to Prosper residents, business and ManeGait are unrecoverable. The location and accessibility to ManeGait is key to the function of the charity for both riders and volunteers. Relocation would be nearly impossible in the area it serves due to lack of available land. Additionally, Prosper residents and businesses would be severely impacted. Again, due to the limited footprint of the Town of Prosper borders along with current market conditions, the opportunity to relocate will be out of reach for many and ultimately impact local and school tax dollars.		McCutcheon	Terri						
3813	0a2a6e6c-4307-48db-825f-ff879d5aeb66	4/21/2022 23:34	4/21/2022 23:34	Segment A is longer, impacts more businesses and residential areas and costs more. I support segment B instead.		Waghmode	Raturaj

3819	1eb6fb29-8c2a-4589-835b-e91431fe0d0b	4/21/2022 23:56	4/21/2022 23:56		I have lost count of how many times I have written objections to bypass routes through Prosper. Prosper and McKinney have had master plans that account for the expansion of 380. Prosper followed those plans: McKinney did not. They want to bully Prosper for their own mistakes. Judge Self inserted himself in the process unethically. Prosper ISD, Collin county commissioners court, and prosper city council all oppose a bypass through Prosper. Mayor Fuller and the McKinney city council are the only ones supporting punishing Prosper for their own failures. I don't care if you build a bypass or improve 380 in place outside the city limits of Prosper. That decision should be up to other cities. Prosper is small and taking that corner of land from us devastates our tax base and destroys home values and air quality near local schools. What's happening can only be described as corruption and collusion. I will be filing FOIA requests from all available government entities in this matter.	Telford	Will

3823	b17e25ba-5c9e-4236-8daf-bd72d3504716	4/22/2022 0:01	4/22/2022 0:01		I love Texas! Have worked decades in community development & government relations inc in Collin County. Town of Prosper planned & prepared for the future expansion of 380. What has been proposed would prove very detrimental to our community. And, to the lives of many 1,000s of innocent families, students, senior citizens & children. The proposed redirect would destroy many current homes & businesses; severely impact schools; and, gravely impact major developments already years in process. Carving up our small town would have grave impacts on the future of not only Prosper, but of this Territory. Risking the lives of students & families driving to schools. Impacting Senior Citizens awaiting housing. Destroying sacred cemetery spaces. Destroying property values. Increasing medical risks, noise pollution & poor air quality. We spent months researching state & local master plans before investing our life savings on a home FAR from 380. Please keep 380 on 380 thru Prosper's boundaries.	Nishimoto	Pamela

3836	47d14de5-a4e3-4116-89aa-637de207dcb1	4/22/2022 0:48	4/22/2022 0:48	I oppose position A. It impacts the pathway for kids biking to school		Pettaway	Kenyetta						
3837	7fe1161c-27c8-453a-85cf-a1bb6a2fe190	4/22/2022 0:49	4/22/2022 0:49		I would like to oppose Segment B of the proposed 380 Bypass. Segment B will be detrimental to Prosper. It will directly and negatively impact the MainGait non-profit facility which is used by so many with disabilities. Segment B is also very close to the newly opened Founder's Classical Academy and Prosper's third High School which is already under construction. Prosper does not have nearly the land mass that McKinney does and the land this Bypass would be built on is already slated for residential housing. Please keep 380 on 380!	T	Sandra						
3838	e809324d-bc85-4b7d-80fb-3b6b75c1a36f	4/22/2022 0:50	4/22/2022 0:50	I oppose position A. It impacts the pathway for kids biking to school		Pettaway	Alton						
3839	db093edc-4169-48dc-8296-15310d62c29d	4/22/2022 0:51	4/22/2022 0:51		I have been a resident of Prosper since 2010. I have watched our town be very conscientious about it's development, including being wise enough to anticipate the widening of highway 380 and leave ample space for it. So it just seems unconscionable that Prosper would bear the punishment for McKinney's greed and lack of foresight. There is already an existing path for 380, a new one that divides and destroys our town, and in particular the Mane Gait charity's property, is utterly unacceptable. We want to maintain our small town feel, no matter the population and this bypass would completely ruin it. Do not allow this to happen. It's just wrong.	Richardson	Karen						
3840	b5b56a0f-4c34-43a6-805c-f0f3e99da04b	4/22/2022 0:57	4/22/2022 0:57	Option B would be very disruptive to Prosper and Mane Gait.		Darby	James						
3841	9b4c74c7-b690-44d3-86eb-11383bed6e8f	4/22/2022 1:00	4/22/2022 1:00	My family opposes Plan A. When we moved to Tucker Hill in 2009, we asked about any plans to make 380 a freeway. The developers said that 380 was going to be widened (and we spent years dealing with that expansion work), but the Outer Loop—a couple miles north—would be the limited access freeway designed for bypass traffic. The answer made sense. The county and TxDOT had been promoting the outer corridor as the next answer for traffic issues, and there was quite obviously no room on 380 between 75 and Custer for that kind of expansion. Everyone knew this part of North Texas would be next for growth. Since 121 (in our part of the metroplex) and the tollway had been planned for decades as limited access corridors, the outer loop plan made complete sense as part of that network. Why impact the quality of life of hundreds of homes of people who simply wanted to live quiet lives close to their neighbors? Why destroy the neighborhood that has for years been the face of the new McKinney?		DeShazo	Jon

Our home sits on Stonebridge Drive and the increase in traffic and noise level will drastically decrease the value of our property. We moved to McKinney in 2011 and were pleased to find a home in beautiful Stonebridge Ranch. Over the past few years, we have already seen widening of roads and destruction of the landscape that were major factors in our decision to move to McKinney. From the information we've reviewed, we feel plan B is much more economically feasible and much less destructive to existing businesses and neighborhoods.	Gilbert	N

3871	c93d738c-bfdb-4699-8ef2-7c8a214f0b5c	4/22/2022 3:03	4/22/2022 3:03	I respectfully submit my vehement opposition to Option A for numerous reasons—the greatest of which is the impact to taxpayers at a cost upwards of \$100M more than Option B. As a citizen focused both on the current challenges and future challenges of North Texas, choosing Option A would fall in the category of statutory mismanagement. This would include willful disregard of critical citizens: - At least 17 businesses on 380 will be destroyed. - 8 lanes of traffic plus four lanes of access roads (two on each side of the freeway) will be constructed near Tucker Hill at Stonebridge Drive. - 11 sites with hazardous materials and 7 major utility conflicts will need to be addressed. If Segment-B is built – - It will cost taxpayers at least 99 million dollars LESS than Segment-A. - ManeGait property will remain untouched. - No businesses on 380 will be destroyed. - Zero sites with hazardous materials and 2 major utility conflicts will need to be addressed.		Gwarda	David						
3872	baa3e7f9-db3e-4507-8f38-78c7b9ae5caae	4/22/2022 3:04	4/22/2022 3:04		I do not agree with a bypass routing through Prosper. 380 should be expanded where it stands.	Wink	Lisa						
3873	3f3f1eb4-c1e5-42a5-8f32-c2f5c868fa8c	4/22/2022 3:15	4/22/2022 3:15	I own La Cour Venue located at ██████████ in McKinney where we host weddings, birthday parties, family gatherings, and events for local businesses and charities. By placing the 380 bypass on the selected C plan, the peaceful setting of being out with the nature that McKinney is known for will be lost. Not to mention that 'C' will go straight through a few of our neighbors' homes.		Teague	Chad						
3874	1fac6d2f-741b-43d6-8d9c-83ae4da0dc09	4/22/2022 3:16	4/22/2022 3:16		NO to Section B thru Prosper. This would effect so many existing neighborhoods in a negative way and ManeGait which is instrumental to so many families in Prosper and surrounding communities.	Bowers	Vickie						
3875	a979ac03-aa0e-4045-85eb-dacec8266d21	4/22/2022 3:20	4/22/2022 3:20		As a homeowner and citizen of McKinney Tx I strongly support the project 380 segment B bypass alignment option. It's also the least expensive option. I also strongly opposed segment A. This option will increase traffic, pollution and noise in my neighborhood. Keep all those factors out of our peaceful neighborhoods.	Salas	Mildred						
3876	7e5d94a3-88b7-45fb-8bd2-775a489a7137	4/22/2022 3:22	4/22/2022 3:22		I oppose Segment A because of the additional cost to taxpayers, it impacts more natural wetlands and wildlife, and it negatively impacts the Stonebridge Ranch neighborhood where I live. I support Segment B because it will displace fewer business and residences and it avoids costly reconstruction of the intersection at U.S. 380 & Custer Road. It is also 14% shorter, saving time and money	Sallay	Jeffrey						
3877	fd39cf69-03ea-4d38-81ee-6aa2d14a7ffe	4/22/2022 3:22	4/22/2022 3:22		Dear Texas Department of Transportation: I am writing as a Prosper resident to oppose the proposed route B of the 380 bypass through the Town of Prosper. This route would cause significant disruption to the planned development of our town, including existing neighborhoods, future schools, and the ManeGait therapeutic farm. It will also negatively impact the tax base that our smaller community needs to balance in order to responsibly fund our growth. The Town of Prosper has passed seven resolutions opposing this measure and have carefully planned ahead to keep 380 along the original route through our community. Please plan the route along proposed route A if you must build this bypass. Sincerely, Kara Schofield	Schofield	Kara

3878	57cb23ef-0058-42e3-80b3-6a4ea37a97a7	4/22/2022 3:23	4/22/2022 3:23	<p>I am strongly opposed to Option B. Hwy 380 should be expanded in its current location through the Town of Prosper. This has been the plan since we built our home in 2005, and was the plan when the people and developers, city and school district made their plans for building, etc.</p> <p>Building a raised highway along the Option B will severely impact Prosper, including schools, homes, and our cherished ManeGait. Regardless of your publish opinion that the freeway would not impact the facility, I believe that it would be detrimental to the health, wellness and safety of the horses and the special needs community in the long term.</p> <p>McKinney and all neighborhoods along Hwy 380 have known that the traffic and development would increase along that corridor, just as I have known. Their strong arm push for a bypass and for it to begin west of their town to minimize their impact to an area that has no reason to assume the burden is flatly selfish & arrogant.</p> <p>Select Opt. A or DO NOTHING.</p>		Dearing	Brian						
3879	ebfc7fd0-cafe-4ddd-8a39-9a36c6c4926c	4/22/2022 3:25	4/22/2022 3:25	<p>If Segment-A is built --</p> <p>It will cost taxpayers 99 million dollars MORE than Segment-B. At least 17 businesses on 380 will be destroyed. 8 lanes of traffic plus four lanes of access roads (two on each side of the freeway) will be constructed near Tucker Hill at Stonebridge Drive. 11 sites with hazardous materials and 7 major utility conflicts will need to be addressed.</p> <p>If segment A is chosen is will extremely depress my entire neighborhood Wren Creek. In addition and elementary school on Stonebridge drive already struggles with the amount of traffic and speeding drivers right near 380. The savings from option B alone should be enough to rule out option A. Please choose option B. Thank you.</p>		Martin	Andy

3884	a9bfa810-366c-4d36-8886-a14ed3b3bbba	4/22/2022 3:35	4/22/2022 3:35	<p>As a resident of Whitley Place located across the street from Founders Academy at First and Custer Sts, I am vehemently opposed to Option B 380 Bypass because of the impact it will have on our community and family. The proximity of the Option B bypass (45 feet) to ManeGait Therapeutic facility will harm children with disabilities and horses. Air pollution from diesel trucks, and other vehicles (not electric) will be harmful to ManeGait and Founders Academy, as it exceeds guidelines from the NCTX Council of Gov'ts. My husband has severe asthma and this impacts him. Option B displaces the Ladera Senior Living Community currently under construction and 209 residents at Billingsley Residential and Wandering Creek, denying the City of Prosper tax revenues. It will also create traffic congestion at Custer Rd, increasing risk of injury and death for students, parents and teachers who have no traffic guards or buses. This construction devalues our property purchased for our retirement.</p>		Martin	Scott

3885	f6c91fbf-7a5a-436a-899d-ab0ad7ab9148	4/22/2022 3:39	4/22/2022 3:39	I am a resident of the La Cima Haven subdivision of Stonebridge Ranch in McKinney, and live about 1/2 mile south of 380 between Custer and Stonebridge Ranch Dr. I strongly OPPOSE Project 380 Segment-A for the following reasons: --The freeway would create considerable road noise and air pollution for me and my neighbors since we live so close to its proposed path. --The freeway would also add noise and pollution to La Cima Lake & Park, a favorite outdoor retreat shared by my neighborhood. --The freeway would create more traffic on Stonebridge Ranch Drive by adding a crossover bridge and thereby decrease safety for many walkers, joggers, and cyclists of all ages in our neighborhood. --Segment-A would cause the closure of 17 existing small businesses near 380 and Custer. --Segment-A would require the demolition of 380 along its proposed path which seems wasteful considering that most of 380 in this area is relatively new and in good condition.	I strongly SUPPORT Project 380 Segment-B for the following reasons: --Segment-B is about 1 mile shorter than the Segment-A, which means Segment-B has a smaller carbon footprint because less fuel is consumed and less emissions are produced while traveling the shorter segment. Since gas power vehicles will still be in use for many years into the future, I see this as a major environmental factor in comparing the two segments. --Segment-B is also less costly than Segment-A by about \$99 million, which makes Segment-B the fiscally preferable use of tax dollars. --Segment-B is also less disruptive to existing businesses and long established neighborhoods along 380. --Segment-B utilizes more undeveloped land than segment-A. --Segment-B is the best choice for improved traffic flow when you consider environmental factors, cost, disruption to small businesses, preservation of neighborhood quality, and the very simple fact that the most efficient path between two points is a straight line. 3886	f6b9a1d0-e884-4e23-8a24-e22bce0b119e	4/22/2022 3:39	4/22/2022 3:39	I highly support building option B. It's financially more responsible, affects far fewer homes and businesses & does not affect Maine Gait's operations. That's a win-win. Option B will actually take cars & trucks off of Hwy 380 & allow them a bypass through the area. That is what is really needed, a Bypass, not a destruction of a road that serves our community well. Option B is the best choice.	My home is right by Hwy 380. Option A will be a detriment to my already built community of multi-generations. We are not just young people, their are middle aged families and retired families. Our access to emergency vehicles and the Hwy will be negatively affected. There will be no easy access to the road & will delay emergency responses to our homes, children & elderly. Option A will also be built in way that has sharp curves and be unsafe to drive on. We are also looking at a negative environmental impact on wetlands and irreplaceable, historical trees. Clearly option B is the safer option, will cost less, will not impact currently built business & homes & will be less damaging to our environment. The one major supporter of option A stands to make money with his home building company if A is chosen. He has already made money off our homes & doesn't want to miss out on future revenue. This is not how TXDot should be influenced. Please do the right thing & please choose B.	Taylor	Leigh

Marginalized segments of Prosper's population put at risk. ManeGait Therapeutic for disabled, children at Founder's Academy, PISD High School adjacent to right-of-way. Senior Citizen community planned within Segment B path. McKinney planning negligence should not be mandated over Prosper's vulnerable populations - disabled, children, seniors. This is not equitable. Prosper's limited land resources are being effectively seized by McKinney. McKinney's transportation issues should be dealt with internal to McKinney's borders. Now McKinney is directing that the bypass be pushed into Prosper, for cost and environmental reasons. A greater percentage of Prosper wetlands are being disturbed compared to McKinney's percentage. Prosper has far less of a tax base and geographical area compared to McKinney. It is McKinney's bypass recommendation - McKinney should shoulder the repercussions within its own borders. 3894	3c5cf0c0-396f-41ce-8a0b-7e16305d4a7e	4/22/2022 4:08	4/22/2022 4:08	I am writing to oppose all Segment B options through Prosper. As a Prosper resident in Whitley Place with 6 children I am terribly concerned about this option running so close to our neighborhood and four different schools. Traffic will only get worse by adding a bypass, jeopardizing the safety of our children traveling to and from school. Noise and pollution are additional negative byproducts. This will also have a significant negative effect on many other neighborhoods and businesses as the southeast corner of Prosper is essentially cutoff. Prosper has the right to grow like other neighboring cities and should not be stifled by this project. Poor planning by McKinney along 380 should not be a reason to punish Prosper residents. ManeGait is also an amazing organization that benefits not only the disabled, but it has given my teens a place to volunteer and step outside themselves. They have been able to build their love and compassion for all of God's children. Keep 380 on 380!		Townsend	Ricquel						
3895	0b22408a-194f-45df-8958-361b31667596	4/22/2022 4:13	4/22/2022 4:13	The small town of Prosper should not have to solve the traffic problems for all of north Texas. Prosper is a highly valued community and our property values are certain to plummet with the giant highway running right thru the middle of your small town.		Merkley	L						
3896	53f13e4c-ffe5-4d06-8911-cb6b08ecc716	4/22/2022 4:14	4/22/2022 4:14		I strongly support Alignment B and oppose Alignment A for multiple reasons. Alignment A without a doubt negatively impacts more businesses, more homes, and more people. And in addition to those disturbances, it will cost nearly \$100 million more. While I recognize that many have concerns about Main Gate, Mane Gait has been considered in conjunction with Alignment B and will still be able to continue providing their amazing services. Furthermore, Mane Gait was even offered other opportunities in an effort to accommodate their organization prior to these final 2 Alignment proposals, but they declined. As a mom of a child with special needs, I have felt fairly disgusted with the attempts of many to "use" this organization as a reason to oppose Alignment B despite the fact that they have never previously been involved with or cared about this organization. We live in Tucker Hill and will undoubtedly be affected by "A" with noise, pollution, and extensive construction.	D	S						
3897	e92553e0-b40f-46af-89dd-6323d7a8ac95	4/22/2022 4:20	4/22/2022 4:20	I am a longtime Prosper resident. I'm in support of Segment A and in opposition to Segment B. Segment B is bad for Prosper. Prosper Independent School District and their students and families would suffer if segment B was allowed, Main Gait would suffer, property values would decrease. McKinney didn't create an appropriate master plan initially and now they want to push their issues on Prosper. This is wrong! They knew 380 would need to be widened one day, yet they allowed businesses to be built so close to the road. Poor planning on McKinney! Segment A is the only option!		Smith	D						
3898	54307e6a-ae9f-4473-8f5f-96eac7fb33a6	4/22/2022 4:20	4/22/2022 4:20	Option B penalizes Prosper and it's residents. We moved to Prosper because it is a small town with upscale housing. A freeway so close to my house will affect how we live, how we are perceived and our property values. Prosper has a growth plan and this is a negative wrinkle nobody signed up for.		M	C						
3899	bccf6dca-c718-41d7-85e4-e47c5811fb5	4/22/2022 4:20	4/22/2022 4:20	I am writing today in firm opposition to Segment B going through Prosper, Texas. We are homeowners in Whitley Place just North of the Segment B route. Segment B will go directly behind the new high school (under construction now) that my two younger children will attend; is very close in proximity to Rogers Middle School and Cockrell Elementary. We have strong concerns for safety, noise and de-valuing amazing homes. The noise created by an 8+ lane highway will be unbearable, we moved away from major roads and highways to get away from road noise while others bought homes next to 380 in McKinney. They knew it would be loud when they moved into their homes. We strongly oppose Segment B as the road would displace a 55+ community currently under construction, would disrupt other important residential and commercial development and would severely impact ManeGait. Moving 380 to cut through Prosper will cause considerable harm to the town due to the developments planned properly over time.	I grew up riding and showing horses and love everything that ManeGait does for the special needs and disabled community. This is a unique community that doesn't get to utilize facilities like ManeGait very often. I believe that sort of an environment needs to be away from road noise that would be intensely loud especially as close as the highway is planned in proximity to the riding facilities. One loud bang from the highway could cause a horse to go sideways from being frightened and cause someone to fall off which would cause potential severe injuries. I beg you to NOT build anywhere near ManeGait. Segment B will completely wipe out the 55+ community that is under construction now that would not place roughly 250 homes for this demographic of individuals. There is not another location within Prosper to build this sort of community elsewhere. It simply would be lost property tax revenue for Prosper ISD taking away from potential opportunities for our children and their future.	Queen	Danielle						
3900	c9d34e5e-5354-4566-8d4b-db8fceb9381	4/22/2022 4:22	4/22/2022 4:22	I am a resident of Tucker Hill. I am in favor of the B route. I don't think the B route will be detrimental to disabled children. I know children (my granddaughter), who have had organ transplants and cannot be around construction due to the dust, etc. With the A route, children in this category would not be able to come and go in Tucker Hill during the years of construction. The A route would also kill business (restaurants) in Tucker Hill during the years of construction. So I believe the argument in favor of the A route due to B being detrimental to disabled children is an inaccurate and invalid claim. Further, the residents of Tucker Hill only have one way in and out of the neighborhood, so years of construction with the A route would be very harmful.		Ashby	Douglas

3902	1e17eada-2bbe-4880-88db-5f4056094308	4/22/2022 4:32	4/22/2022 4:32	In our opinion, we believe the bypass is a bad idea. If it is to be built anyway, route a is better than route b.	We oppose the 380 bypass in general. We believe 380 should stay on 380. Perhaps building up is the way to go. If that truly isn't feasible, then the outer loop combined with projected road builds (Wilmet, bloomdale, Laud Howell) will lessen traffic on 380. We would like to see the natural area around Erwin Park preserved as much as possible for as long as possible. While it is true that our home location will be negatively impacted (in our opinion) by the bypass option, we feel there are many other reasons not to build it.	Hickman	Randall & Patri								
3903	78f99069-bfbc-4def-8512-65241d7cf1ef	4/22/2022 4:35	4/22/2022 4:35	I am opposed to the Gold/Brown Alternatives, and more specifically I am opposed to Segment B. Merging an 8-lane highway into the existing US 380 at this location would cause severe congestion. This would lead to more noise, pollution, and traffic accidents. We moved to Prosper for the small town feel and to get away from major highway traffic. If Segment B is allowed to be built, it will destroy our quality of life. The environmental and financial impact to the residents and businesses of the Town of Prosper would be devastating. If the goal is to improve East-West traffic flow while minimizing impact to existing homes and businesses, it seems a better alternative would be to have a new route that connects the Collin County Outer Loop to Segment C or D at US 75. This route would take a significant load off the existing US 380. Thank you for your consideration of my comments.		Rabun	Clay								
3904	0e073ea0-d328-4588-8bd1-374d1b7d7167	4/22/2022 4:44	4/22/2022 4:44	Please select Option B for the bypass. I'm greatly concerned w/ safety issues associated w/ Option A due to proximity to McKinney School Dist elementary (ES) and middle (MS) schools, and city parks along Stonebridge Dr and Ridge Rd. Stonebridge: Wilmet-Bennett ES, Carey Cox Park Ridge: McClure ES, Dowell MS Nearby: Eddins, Glen Oaks, Minshew, and Wolford ES's, associated parks During my daily activities, I see many ES students walking and riding bikes to school. Boyd High Schools experienced the direct consequences of the already heavy traffic on our N/S and E/W secondary roads. In JAN 2016 1 student was hit by a car, and in OCT 2021 3 students were hit by a car during Cross Country practice. Any increased traffic on the roads in proximity to our ES, MS, and HS locations will exacerbate the problems that already exist, increasing the potential for increased auto / student collisions. HS students who drive to / from school are another factor. Thank you for considering my concerns		Weinberger	Charlie								
3905	a4cc6705-d68a-47bd-8a07-9910ebf4278e	4/22/2022 4:52	4/22/2022 4:52	As a home owner and resident of Prosper, I strongly oppose the segment B proposal. This proposal is simply moving the congestion down the road from McKinney to Prosper. Where segment B merges onto Westbound 380 would create a huge amount of traffic congestion. Rogers middle school is on the northeast side of intersection of Coit and Hwy 380. The 2nd Prosper High school is on the southwest side. This would greatly impact school traffic and safety of our parents and children. The air quality from the idling 18 wheeler trucks and vehicles would harm our children. The Gates of Prosper and other small businesses would be very difficult to access. This would hurt the town of Prosper's main source of sales tax revenue. Thank you for allowing our concerns to be considered.		McClain	A								
3906	a66158d7-2026-450f-8cab-d47645014db5	4/22/2022 4:58	4/22/2022 4:58	Either keep 380 on 380 or put the bypass on the Outer Loop Parkway that has already been planned for. Why spend valuable time & resources creating what will basically be a 'temporary' winding highway in between 380 & the Outer Loop Parkway? This winding road will not be utilized the way TXDOT believes and the Outer Loop is a better planned roadway. Seems redundant & a waste of money to have 3 major roads so close together. Option B cuts through Prosper, creating issues current and planned businesses, residential neighborhoods and Prosper schools. Prosper has adequately planned for the 380 expansion and should not be penalized for the failure of planning of McKinney. Keep 380 on 380 or thr Outer Loop		Piechotta	Jean								
3907	3ac623eb-aae3-4bcb-8fb2-c6f314efca3b	4/22/2022 4:58	4/22/2022 4:58	This route is a terrible option that cuts the town of prosper in half. It's clear that prosper planned for 380 expansion and impact to the town should be mitigated.		Park	Warren
