### **SLIDE 11 – West Sycamore & Welch Street**

The next few slides show the Dallas District projects included in this public hearing. Please note that plans for these projects may be subject to change since they are still being designed.

The West Sycamore & Welch Street trail is located in central Denton. This project would include approximately 1.6 miles of bicycle and pedestrian improvements, including bike lanes and a shared use path. Throughout the project area, intersection improvements, landscaping and irrigation, lighting, signs and signal improvements and lane striping would be implemented. No new right of way will be required. The West Sycamore & Welch Street project cost is approximately \$954 thousand dollars and uses federal and local funding. The project is anticipated to let in 2023 and construction will be complete in 2024.
