

Notice

**Final Environmental Assessment
Available for Public Review**

STATE LOOP (SL) 288 FRONTAGE ROAD

From Interstate Highway (IH) 35W to IH 35

CSJs: 2250-02-013 & 2250-02-014

Denton County, Texas

This notice advises the public that the Texas Department of Transportation (TxDOT) has issued a final environmental assessment (EA) for the proposed SL 288 project, and that the final EA is available for public review. The proposed project would construct a four-lane new location frontage road system from IH 35W south of Denton to IH 35 north of Denton, in Denton County, Texas, and is approximately 9.0 miles in length. The proposed project right of way would include a median that would accommodate future construction of an ultimate mainlane roadway. Construction of the ultimate mainlane roadway would be based on projected traffic and funding and would require additional environmental analysis prior to construction. At this time, only the construction of the frontage road system is planned.

The approved final EA is available online at www.keepitmovingdallas.com under "Public Hearings/Meetings," and www.txdot.gov under "Hearing and Meetings Schedule."

Pursuant to 23 CFR 771.119(h), TxDOT will issue a finding of no significant impact (FONSI) for this project no sooner than 30 days after the issuance of this notice of availability.

For further information or to request a copy of the approved final EA, please contact Nelson Underwood, P.E., TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643 or by e-mail addressed to nelson.underwood@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
