A. Comment/Response Matrix

The comments from the public and responses provided are included in Table 1 below.

Table 1. Comment Response Matrix - SH 5, from South of FM 1378 to North of SH 121 Comments Received During Comment Period Ending December 12, 2018

Comment Number	First Name	Last Name	Address	Comment	Response
1	Dianna	Strickland	2110 S. McDonald St. McKinney, TX 75069	We live at [removed]. You are basically putting this in our front yard. We need a wall or some kind of buffer between our house and hwy. Please help. No one seems to care	During the preparation of the environmental document for the project, a traffic noise analysis in accordance with the 2011 Guidelines for Analysis and Abatement of Roadway Traffic will be completed to determine if the proposed project would result in traffic noise impacts and if so, identify and evaluate potential mitigation measures.
2	Tomm	Schultz	357 Terra Verde Ln. McKinney, TX 75069	Highway 5 at Plateau & Enterprise will need stop lights. Is there enough room for a 4 lane road?	Signal warrant studies are completed during development of construction plans, not during this schematic phase. Intersection design details are completed in coordination with the local cities and Collin County during development of the construction plans. There is enough room to accommodate a 4-lane roadway.
3	Steve	Logsdon	6322 N. McDonald St., Melissa, TX 75454	CSJ 0047-04-030 property 284 – If driving south, no turn lane to access driveway – requires u-turn with no turn lane. Applies for all residences on east side of Hwy 5. Opposite applies for homes and businesses on west side of Hwy 5 if traveling north on 5 – need turn lanes between Stations 430 & 435 – The lack of proper cuts and U-turn lanes poses a significant safety hazard.	Comment noted. Concerns cited will be considered as the design is progressed. Median openings have been coordinated with City of McKinney staff.

Comment Number	First Name	Last Name	Address	Comment	Response
4	Maria C	Hendricks	5957 N. McDonald St., Melissa, TX 75454	Very good projecto, I [understand] Engles but I prefer Spanish [thanks]. Cell [removed]	Comment noted. Persons interested in attending the meetings who have special communication or accommodation needs, such as the need for an interpreter, are encouraged to contact the TxDOT Dallas District Public Information Office at (214) 320-4480. Requests should be made at least two days prior to the meeting. Every reasonable effort will be made to accommodate these needs.
5	Gilbert	Padron	5467 N. McDonald St., Melissa, TX 75454	 Concerned about my [culvert] and my property adjacent to the west side of Hwy 5. The creek running thru my property had its banks lowered and the dirt carried off. I'm looking for some dirt being returned [contact info removed] 	We are closely examining drainage as part of the project development process. We will review the hydraulic models prepared for this crossing to verify that the proposed project does not worsen flooding in this area. Driveway culverts impacted by this project would be replaced. Adjustments to the grading of the creek running through private property is beyond the scope of this project unless related to the drainage needs of the project.

Comment Number	First Name	Last Name	Address	Comment	Response
6	Amy D.	Escamilla	3248 CR 275, Melissa, TX 75454	I am Amy Escamilla, property owner at [address removed]. I would like to be contacted to discuss current Willow Wood project going on now and the plans for the future changes with the widening of TX Hwy 5 and CR 275. Concerns about Drainage and change in ground levels for new changes to CR 275 @ Hwy 5. Concerns of land levels and willing to work with planning now of Willow Wood and how it will have impact on future plans that TxDOT shows. Please contact me at {removed} & email [removed]. Concerns are the future Flooding higher up on Property also.	We are closely examining drainage as part of the project development process. We will review the hydraulic models to verify that the proposed project does not worsen flooding in this area. The Willow Wood project and changes to CR 275 are not TxDOT projects. Proposed improvements at SH 5 would accommodate future Willow Wood plans.
7	Ralph	Thompson	420 Windmill Ln., Fairview, TX 75069	I am very disappointed that the plan presented does not extend to Stacy Road. Anyone that travels Hwy 5 on a regular basis would realize the need to address the section of highway 5 between FM 1378 and Stacy Road. Please consider extending the plans for this phase to include this section.	The proposed project does not include work south of FM 1378 to Stacy Rd. This comment has been shared with appropriate TxDOT Dallas District staff.
8	Deborah	Kilgore	1013 Howell St., McKinney, TX 75069	I am in favor of the proposed improvements from El dorado Parkway to McKinney Parkway. I am concerned about the closing of a Turn lane between W. Standifer St. & W. Davis. There are now 100's of apartments in that area and both streets are already showing increased congestion which will only get worse as the Downtown area develops due to the 2 lane nature of Chestnut & Tennessee heading south.	The roadways cited are beyond the scope of this project.

Comment Number	First Name	Last Name	Address	Comment	Response
9	Mike (Ewbank Developm ent LLC)	Ewbank	16475 Dallas Pkwy #780, Addison, TX 75001	Look forward to better turn lane from west Country Club to northbound Hwy 5. Hope that the Town of Fairview works to connect Frisco Rd to Country Club as part of the process to avoid future construction. Good luck!	Comment noted. Frisco Rd is planned to be realigned to intersect with SH 5 at Country Club Rd, where a median opening is proposed for this project. The Frisco Rd realignment is not part of the SH5 project but is planned to be built with or before the SH 5 project.
10	Ben	Griffin	113 S. Chestnut St., McKinney, TX 75069	Need Cloyd St. to stay 2 ways for 18-wheeler feed trucks get in and unload feed to Collin County Feed & Seed. Also for [restaurants] delivery trucks. Feed trucks has to unload at dock at back door.	Comment noted. Will update traffic arrow to indicate two-way traffic movement.
11	R. E.	Aycock	2752 CR 338, McKinney, TX 75071	Please – I own the property between 430 & 435 on the north or west side. I have large farm equipment and don't believe it would be for our best interest and not have a turn lane to access the property – especially coming north bound.	Comment noted. Concerns cited will be considered as the design is progressed.

Comment Number	First Name	Last Name	Address	Comment	Response
12	Diane	Miller	P.O. Box 126, Melissa, TX 75454	Lot 294 ~station 450+00 East of SH 5 ~400' East. Historic Cemetery. Cannon Allen Cemetery – on St. of TX atlas. 1 headstone for 3 children now. There were ~6 graves. Remnants of fence present. Vinca ivy abundant around site.	Comment noted. Environmental studies are currently underway. This historic cemetery will be investigated.
13	Linda	Krohn	2201 S. Hwy 5, Lot 50, McKinney, TX 75069	I like the plans so far. I am the property manager at High Point MHC. Formerly Villa View MHP. We will be excited to have newer & safer roads	Comment noted.
14	Chris	Easterling	305 Stonebridge Dr., Richardson, TX 75080	I own parcel #270 with two commercial businesses on it. Impacting the existing parking lot would be harmful to the business. Also, I would like to request a median opening at this location so that the business has access from both North & South.	Comment noted. Concerns cited will be considered as the design is progressed.
15	С	Davenport	353 Terra Verde Ln., McKinney, TX 75069	No presentation. no handouts. no traffic control information. no dates. More TxDOT people than public. Just a bunch of maps laying on tables. Complete waste of my time.	Comment noted.

16	Joan – Davis Family Trust	Davis	5974 N. McDonald St., Melissa, TX 75454	How much right-of-way is needed? 1. Do not need another freeway – no more [quiet] nights 2. Will reduce market value of my property – value was [increased] over \$31,000 for 2018. 3. Have had my chain link fence taken down 4 times by people running off road – with a 4 lane road closer to my house – when will they plow into it? a. What type of driveway entrance at my property? 4. Need more traffic control for trash blowing out of pick-ups & trash main road to dump ground-	Approximately 20-25 ft of right-of-way is proposed to be acquired in front of your property. The proposed roadway is an urban principal arterial. The proposed alignment reflects a route that minimizes right-of-way and environmental impacts while meeting the need and purpose of the project. Any right-of-way acquisition by TxDOT would be in accordance with the U.S. Department of Transportation policy as mandated by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended in the Surface Transportation and Uniform Relocation Assistance Act of 1987 (the Uniform Act). During the preparation of the environmental document for the project, a traffic noise analysis in accordance with the 2011 Guidelines for Analysis and Abatement of Roadway Traffic will be completed to determine if the proposed project would result in traffic noise impacts and if so, identify and evaluate potential mitigation measures. There are a variety of federal, state, and departmental acts and directives that mandate TxDOT design and maintenance activities related to landscape and aesthetics design. TxDOT recognizes the need for developing highways with acceptable visual quality and has developed several proactive programs that encourage and assist the development of such transportation corridors. A portion of the construction budget is allocated for landscaping. Effects to property values and the quality of life as a result of transportation improvements can be positive or negative depending on many factors, which may include timing of construction and completion, property proximity to the corridor, property size, existing and future land uses, and trends in market values, besides other nontransportation related metrics for determining property values. The SH 5 design is being developed to minimize adverse impacts to residential, commercial, industrial and other land uses in the project area while meeting the need and purpose of the project.
----	------------------------------------	-------	---	--	--

Comment Number	First Name	Last Name	Address	Comment	Response
					The proposed curb and raised median along the roadway is expected to increase traffic safety. Driveway connection is proposed to be reconstructed at new edge of roadway. Concerns about trash should be referred to the appropriate authorities.
17	Dianne	Rogers	501 Smith St., McKinney, TX 75069	I live at [removed], which is at the intersection of Hwy 5. This home has been owned by my family for generations. My primary concern of the new road improvements is SAFETY. I am aware of multiple people who have been injured and even killed by traffic on Hwy 5. I urge you not to increase the speed limit above 35 mph. Ideally, I would like to have a traffic light & crosswalk put in at Hwy 5 & Smith St. If this is not feasible, then please be sure that adequate protections for pedestrians are included as the improvements. People regularly cross the Hwy on foot, and the current conditions are not safe.	Comment noted. The proposed curb, sidewalk, and raised median along the roadway is expected to increase traffic and pedestrian safety. Signal warrant studies are completed during development of construction plans, not during this schematic phase. Intersection design details are completed in coordination with the local cities and Collin County during development of the construction plans

18	Virginia	Petefish Lea	1226 Cherokee Dr., Richardson, TX 75080	North end of Hwy 5 widening project/McKinney Land ownership: Sloan Creek Ltd. And PLF Ltd. 1. McIntyre Rd and Hwy 5 intersection should be moved south from current location. This would allow for the future widening of McIntyre Rd in the future and not destroy or crowd the historic 1911 TB Wilson house. 2. Drainage is a huge concern on this northern project. City of McKinney and Hwy 5 waters/runoff need to be controlled and velocity slowed. From this higher elevation waters/run-off race to the bottoms of Honey Creek and the East Fork of Trinity River. Cutting of current waterways through our property is deepening and widening. The railroad DGNO will also suffer damages from uncontrolled water. This year 2018 there have been 2-3 major washouts of RR tracks where trains cannot pass into or out of McKinney. The owners of commercial building(s) on Hwy 5 South of SC Ltd. & PLF Ltd. Already have problems with high flows. Consequently, this flow comes over to us creating more erosion down the waterways thru our farm land. Tommy Allen, our farmer, has added more terraces etc. to cub these waters and better control them. 3. We will be attending the future public hearings regarding the widening of Hwy 5. We are anxious to see the progress. [contact info removed] Southern part of Hwy 5 Project/Fairview Landownership: Frisco Rd. Ltd. 1. The intersection of Hwy 5/Frisco Rd. should have a cut through the median with turn lanes. This should not be a limited turn intersection. Traffic should flow left and right off of Frisco Rd. Future development and increasing traffic numbers will demand this intersection. Currently	North end of the proposed project: 1. Design for the potential future widening of McIntyre Rd is beyond the scope of the project 2. We are closely examining drainage as part of the project development process. We will review the hydraulic models prepared for this crossing to verify that the proposed project does not worsen flooding in this area. 3. Comment noted. South end of the proposed project: 1. Frisco Rd is planned to be re-aligned to intersect with SH 5 at Country Club Rd, where a median opening is proposed for this project. The Frisco Rd realignment is not part of the SH5 project but is planned to be built with or before the SH 5 project. 2. We are closely examining drainage as part of the project development process. We will review the hydraulic models prepared for this crossing to verify that the proposed project does not worsen flooding in this area. 3. Comment noted.
----	----------	-----------------	---	---	--

Comment Number	First Name	Last Name	Address	Comment	Response
				our family as well as our farmer, Butch Aycock, drive large heavy farm equipment (combines, tractors, long trailers) over these two roadways. No intersection will make moving such farm equipment difficult if not impossible. 2. Drainage issues should be carefully studied due to increase in waterflow through our property west of Hwy 5 and the McKinney Medical Center area. More hospital facilities and office space are currently under construction with more apartments on the way. More construction means more concrete, more rapid run-off of water and fewer areas for water to be absorbed naturally. 3. For future public hearings, more comments will be noted. I will be in attendance for updates. [contact info removed]	
19	Shrenik	Shah	5151 Belt Line Rd., Ste. 725, Dallas, TX 75254	Property Address: [removed] I am in support of this project. Specifically, I support the design & curbcuts dedicated to the front of our lot. Self-storage facilities continue to see increased traffic, specifically in growing areas like Melissa where there is enormous growth in the housing market. Additionally, our facility provides vital services. The left turn lane (into the main driveway) will facilitate a smoother, continuous flow of traffic & reduce the likelihood for accidents/other causes of traffic delays.	Comment noted.

Comment Number	First Name	Last Name	Address	Comment	Response
20	Virendra	K-Gupta	5151 Belt Line Rd., Ste. 725, Dallas, TX 75254	Property- [removed] We own this [facility] in a partnership. We are all very excited to see the growth in the area. This highway expansion will definitely ease the flow of cars as the traffic has been increasing steadily. The curb cut as proposed in front of our [facility] will definitely be very helpful without for customers and will avoid accidents when they will reach our [facility]. I think the length of left turn seems adequate to hold up to 8 or 10 cars which will be sufficient for our use & possible future uses of our land. We support this project and will be open to any suggestions.	Comment noted.
21	Judy	Furlong	4019 W. University Dr., McKinney, TX 75071	Please relocate the median crossover near our property. We are property #286 & 285, and we have 3 driveway openings onto the Hwy 5. It looks, to us, that if we leave our driveway and head South we must turn North and at some point (maybe Racetrac) make a U-turn to go back south. (per drawings viewed at public meeting). If "crossover" is moved more North, or made bigger – [then] that impairment would not be a burden to our daily ability to come & go from our driveways. We may need to relocate our 3 driveway opening into 1, to better make this be more useful to us.	Comment noted. Concerns cited will be considered as the design is progressed. The proposed median opening was located at the entry/exit to the self-storage facility due to the larger vehicle turn volume expected at that location.

Comment Number	First Name	Last Name	Address	Comment	Response
22	Kathleen	Baird	1329 CR 278, Melissa, TX 75454	I own & run a business at [removed] (RV park). My business has many vehicles a day that access Hwy 5 going north & south. If the improvements that are on the proposed map are built, it will impose a hardship on my business as follows: There is a median proposed that will inhibit RV's/motorcoaches from turning north or south with ease. It seems that if they need to go south, they will have to go north to the racetrack & then make a U- to turn back south. They also have NO way to enter my business from the north without going south & turning a U to come back. With 40'+5th wheels & motorcoaches this will be a super traffic hazard turning in a U every time [they] leave/arrive each day. We don't have a lot of monthly's. We would like the turn around in front of our driveway! Not to the south as shown on map. That turn goes [into] a drive w/o much traffic ever – Please change	Comment noted. Concerns cited will be considered as the design is progressed. The final location of median openings will be evaluated during final design in coordination with the local governments.

Comment Number	First Name	Last Name	Address	Comment	Response
23	Adrian	Jennings	990 SH 5, Ste. 101, Fairview, TX 75069	Matthew, It was a pleasure meeting you tonight. I am emailing my comments on our discussion we had tonight on the Proposed Improvements to SH 5 from South of FM 1378 to North of SH 121. My property is located at [removed]. COMMENTS AFTER REVIEWING THE DRAWING 1. The proposed drawing has the entrance going right into one of the Suites parking spot. 2. There is no room to enter, park or maneuver what so ever in the current drawing. 3. We discussed having an entrance on Apple Rd (a private drive now) and the Exit at the North end of my property in front of the warehouse to accommodate for Bobtail trucks deliveries. 4. Lowering the grade level of the new road to reduce incline of entering or exiting my property. 5. Move the road west a few feet to take out the sharp curve in front of my property to allow more room for maneuvering in my parking area. I have attached an altered Blue Print Drawing of my property that is on file with the Town of Fairview. I am looking forward to discussing this project with you further at your [convenience]. If you require any additional information feel free to contact me any time. My office hours are 8 to 5 Monday thru Friday. Thank you, [contact info removed]	Comment noted. Concerns cited will be considered as the design is progressed. TxDOT will revise the schematic to provide curb opening along the entire edge of parking and will look at lowering the proposed profile to minimize the elevation difference between roadway and parking area.

B. Notices

a. Website notices

Meeting notices were posted on TxDOT's website at: https://www.txdot.gov/inside-txdot/projects/studies/dallas/112718.html

Meeting notices were also posted on TxDOT's Keep It Moving Dallas website at: http://www.keepitmovingdallas.com/public-hearings/2018/proposed-improvements-to-sh-5-from-s-of-fm-1378-to-n-of-sh-121-public-meeting

Copies of the website postings are included in Appendix A.

b. Newspaper notices

Legal notice advertisements were published more than 15 days prior to the public meeting. The publications and publication dates are listed below.

- <u>Dallas Morning News</u>, October 28, 2018
- Al Dia, October 31, 2018
- McKinney Courier Gazette, October 28,2018

Copies of the Public Notice published in the newspapers and the associated affidavits are included in Appendix A.

Mailed elected official/stakeholder and adjacent property owner notices

Notices were also mailed to elected and local public officials, government agencies, neighborhoods, and adjacent property owners.

Public Meeting Notices were sent to elected officials on October 22, 2018. The mailing list of federal, state, and local elected officials is included in Appendix A.

Public Meeting Notices were mailed on October 25, 2018 to adjacent property owners, local businesses, government agencies, and Home Owner Associations (HOAs). The Public Notice included the meeting time, location, purpose of the meeting, and a description of the proposed project. The mailing list for property owners and stakeholders is included in Appendix A.

C. Sign-in Sheets

A total of 105 people registered their attendance at the public meeting on November 27, 2018. A summary by category who attended the meeting is listed in Table 2.

Table 2. Sign-In Sheet Count

Entity	Total Number
Citizens	70
Elected and Public Officials	3
TxDOT and Project Consultants Representatives	32

Copies of the sign-in sheets are included in Appendix B.

D. Comments Received

The deadline for submitting public comments was December 12, 2018. Fourteen comment forms were received at the public meeting and nine additional comments were received during the comment period by either mail or email. Copies of the comment forms with written comments that were received during the public meeting or by the end of the comment period are included in Appendix C.

E. Figures

Exhibit boards were displayed on easels and two copies of the project schematics were rolled out on tables. Copies of the exhibit boards and project schematics are included in Appendix D. The Welcome Board and NEPA Assignment Board were displayed at the registration table. All information boards displayed at the meeting are listed below:

- Welcome Board
- Project Location Map Board
- NEPA Assignment to TxDOT Board
- Typical Sections (2 Boards)
- Registration
- Comments
- Design Schematic
- Right-of-Way

Photographs documenting the public meeting and outdoor signage are also included in Appendix D.

F. Description of Project Modifications Resulting from the Public Meeting

Based on the comments received from the public described in Section A, Table 1, several project modifications are currently being implemented. TxDOT will:

- Reduce the roadway width and border width from Sta 25+00 to 40+00 to avoid impacts to a new apartment complex
- Add a right-turn deceleration lane for southbound SH 5 and a median opening and leftturn lane for northbound SH 5 at Sta 32+00 to serve the new apartment complex.
- Add curb cut along property at 990 SH 5 to provide access to parking spaces in front of the business.
- Lower the proposed profile to reduce vertical elevation difference between roadway and existing parking spaces for the property at 990 SH 5.
- Adjust access at SH 121 ramps to remove access from ramps. Add feeder roads to connect all driveways to SH 5.
- Add access to parcels #314 and #307.
- Add Texas U-turns and left-turn/right-turn deceleration lanes (dual left-turn from northbound SH 121 to northbound SH 5) on SH 121 ramps.
- Close off median for SH 121 and Fannin Road. Make Fannin Road right in/right out. Show hooded left-turn lanes for southbound SH 121 at Race Trac and bank properties. Close off street between bank driveways.

Public Meeting - SH 5 from South of FM 1378 to North of SH 121

Texas Department of Transportation > Inside TxDOT > Projects > Projects & Studies > Dallas District

Where: Collin College – Central Park – Campus Conference Center

2400 Community Avenue McKinney, Texas 75071 (Map)

When: Tuesday, Nov. 27, 2018

6 p.m. - 8 p.m.

Purpose: The purpose of the meeting is to present the planned improvements and solicit public

comments on the proposed roadway improvements to SH 5 from South of FM 1378 to North of SH 121 (Sam Rayburn Highway) in Collin County, Texas, a distance of 9.7 miles. The meeting will be an open house format with no formal presentation so the public may come and go at their convenience, and staff will be available to answer questions. Comments must be received on or before Friday, December 12, 2018, to

be a part of the official meeting record.

Description: The proposed improvements would consist of the reconstruction and widening of SH

5 within the project limits. From FM 1378 (Country Club Road) to Spur 399, the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with raised curb and a variable-width median. From Spur 399 to Industrial Boulevard (FM 546), the existing 4-lane divided rural roadway with depressed median would be reconstructed to a 6-lane divided urban roadway with a 17-foot curbed median. From Industrial Boulevard (FM 546) to Power House Street, the existing 4-lane divided urban roadway both with curbed median and continuous left turn lane would be reconstructed to a 4-lane divided urban roadway with 17-foot curbed median. From Power House Street to SH 121 (Sam Rayburn Highway), the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with curbed, 42-foot median. Side streets within the project limits would be reconstructed to tie into the improved SH 5. Adjacent and buffered sidewalks are proposed along the sides of the roadways to accommodate pedestrians. The proposed project will require additional right-of-way.

Written comments may be submitted for a period of 15 calendar days, by December 12, 2018, following the meeting by mail to:

TxDOT Dallas District 4777 E. Highway 80 Mesquite, TX 75150-6643

ATTN: Mr. Matthew Atkinson, P.E. (SH 5)

Special

Accommodations:

TxDOT makes every reasonable effort to accommodate the needs of the public. The meeting will be in English. If you have a special communication accommodation or need for an interpreter, a request can be made. If you have a disability and need assistance, special arrangements can also be made to accommodate most needs. Please call the TxDOT Dallas District Public Information Office at (214) 320-4480. Requests should be made at least two working days prior to the meeting. Please be aware that advance notice is requested as some accommodations may require time for TxDOT to arrange.

Memorandum of Understanding:

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

Proposed Improvements to SH 5 from S of FM 1378 to N of SH 121 - Public Meeting

Tuesday, November 27, 2018

CSJs: 0047-05-054, 0047-09-034, 0364-04-049, 0047-04-029, 0047-04-030, 0549-03-031

The Texas Department of Transportation (TxDOT) will conduct a public meeting for the purpose of soliciting comments on the proposed improvements to State Highway (SH) 5 from south of FM 1378 to north of SH 121 (Sam Rayburn Highway) in Collin County, Texas, a distance of 9.7 miles. The meeting will be held on Tuesday, November 27th, 2018 from 6:00 p.m. to 8:00 p.m. at Collin College Central Park Campus Conference Center, located at 2400 Community Avenue, McKinney, Texas 75071. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project. The meeting will be held in an open house format from 6:00 p.m. to 8:00 p.m. with no formal presentation.

The proposed improvements would consist of the reconstruction and widening of SH 5 within the project limits. From FM 1378 (Country Club Road) to Spur 399, the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with raised curb and a variable-width median. From Spur 399 to Industrial Boulevard (FM 546), the existing 4-lane divided rural roadway with depressed median would be reconstructed to a 6-lane divided urban roadway with a 17-foot curbed median. From Industrial Boulevard (FM 546) to Power House Street, the existing 4-lane divided urban roadway both with curbed median and continuous left turn lane would be reconstructed to a 4-lane divided urban roadway with 17-foot curbed median. From Power House Street to SH 121 (Sam Rayburn Highway), the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with curbed, 42-foot median. Side streets within the project limits would be reconstructed to tie into the improved SH 5. Adjacent and buffered sidewalks are proposed along the sides of the roadways to accommodate pedestrians. The proposed project will require additional right-of-way.

Heritage Village is hanging on

Continued from Page 1B

committee didn't go well this past summer. The panel was underwhelmed by its programming, long-term vision, board makeup and financial woes.

"Their presentation was particularly weak," Jennifer Scripps, head of the Office of Cultural Affairs, told the council on Wednesday.

It scored so low that some Cultural Affairs commissioners, and later some council members, initially recommended zeroing out its funding. But Scripps said that would only be hurting a cityrun facility, and that dropping it to \$102,000 "sent a strong message [that] they needed to improve."

On Wednesday, though, Cedars council member Adam Medrano asked his colleagues to up the allocation by \$34,000 using grant money intended to go to artists. That didn't go over well with some council members, who said that would circumvent policy, hurt artists and cheat other groups that didn't have "a champion" on the council pushing for bigger

West Dallas' Omar Narvaez said he would "begrudgingly" support the increase only because "we have no one else to take over this park if they go under because we don't support them." Medrano got the extra dollars he asked for.

Zeroing out the city's contribution might indeed have helped tank Heritage Village. Its annual budget is only

around \$1 million, down about \$400,000 from a decade ago. And Prycer said revenue is down: Rentals and memberships have decreased in recent years, in part because of years of dealing with nearby homeless encampments, which are now gone.

Aurora, the multimedia event that kicks off this week, began at Heritage Village in 2010, then moved to the Arts District, and recent fundraisers and events don't bring in what they used to. Yellow Cab also pulled a repair garage out of a nearby Heritage Village-owned facility, eliminating \$80,000 in annual rental income.

Which doesn't even speak to the old, leaky buildings that are the village's main draw — the shotgun house from State-Thomas, the restored manse from Oak Cliff's Millermore plantation, the church and schoolhouse that look like sets from a John Ford Western, the faded pink gingerbread manse with the mezuzahs on the doorpost, the general store and saloon and bank and lawyer's office lining the Old West streetscape.

They are in need of constant care. But here's where I get to use City Hall's favorite phrases: "decaying assets" with "deferred maintenance." About \$4 million to \$5 million worth.

"A historic building is never saved," Prycer told the Park Board one week ago. "You have to go on saving it day after day after day."

She was at the Park Board,

along with preservation architect Craig Melde, to present a conceptual plan for the park's future — one that includes a new visitors center and gift shop, a garden, a pond and a park outside Heritage Village's current gates. It's a nice plan, and a desperately needed one, considering that Heritage Village is about to be surrounded by mixed-use and multifamily developments popping up all over the city's first suburb. The Cedars has no green space, only space for people with green.

But it's an expensive plan, costing an estimated \$20 million. I sat through last week's presentation wondering how a cash-strapped organization without a facilities manager, an outfit that just got its hand slapped by the Office of Cultural Affairs, was going to pull off such a feat.

"I don't get totally depressed about the challenges of running a history museum, because of what's coming to this neighborhood," Prycer said this week.

She called the plan a far-off possibility should Heritage Village square its revenue and expenses. She's looking for coin from all comers, including the Cedars Tax Increment Financing District, which will kick in \$650,000 to help turn a century-old house into a nonprofit rental, and nearby businesses, like Four Corners Brewing, that might want to partner on events.

Everyone's pulling for Heritage Village. Scripps said that she, too, used to go when she

was a kid. Cedars residents use it after hours — it's their park. And next-door Vogel Alcove, where kids from homeless families attend school, use it as their playground.

We can be an everyday part of people's lives," Prycer said. "This neighborhood is going to be very, very different in three, four years. And it's my job to make sure we're ready."

Texas Department of Transportation

NOTICE OF PUBLIC MEETING Proposed Improvements to State Highway (SH) 5 From South of FM 1378 to North of SH 121 CSJs: 0047-05-054, 0047-09-034, 0364-04-049, 0047-04-029, 0047-04-030, 0549-03-031 Collin County, Texas

The Texas Department of Transportation (TxDOT) will conduct a public meeting for the purpose of soliciting comments on the proposed improvements to State Highway (SH) 5 from south of FM 1378 to north of SH 121 (Sam Rayburn Highway) in Collin County, Texas, a distance of 9.7 miles. The meeting will be held on Tuesday, November 27th, 2018 from 6:00 p.m. to 8:00 p.m. at Collin College Central Park Campus Avenue, McKinney, Texas 75071. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project. The meeting will be held in an open house format from 6:00 p.m. to 8:00 p.m. with no formal presentation.

The proposed improvements would consist of the reconstruction and widening of SH 5 within the project limits. From FM 1378 (Country Club Road) to Spur 399, the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with raised curb and a variable-width median. From Spur 399 to Industrial Boulevard (FM 546), the existing 4-lane divided rural roadway with depressed median would be reconstructed to a 6-lane divided urban roadway with a 17-foot curbed median. From Industrial Boulevard (FM 546) to Power House Street, the existing 4-lane divided urban roadway both with curbed median and continuous left turn lane would be reconstructed to a 4-lane divided urban roadway with 17-foot curbed median. From Power House Street to SH 121 (Sam Rayburn Highway), the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with curbed, 42-foot median. Side streets within the project limits would be reconstructed to tie into the improved SH 5. Adjacent and buffered

sidewalks are proposed along the sides of the roadways to accommodate pedestrians. The proposed project will require additional right-of-way

Maps depicting the proposed project's location and geometric design will be available for viewing at the public meeting. This information is also available for public inspection at the TxDOT Dallas District Office, 4777 E. Highway 80, Mesquite, Texas 75150. This information will also be available online at www.keepitmovingdallas.com under "Upcoming Public Hearing/Meeting"

All interested persons are invited to attend the public meeting. Written comments from the public are requested and will be accepted for a period of 15 calendar days following the public meeting. Written comments may be submitted either in person at the public meeting, by mail to the TxDOT Dallas District Office, ATTN: Mr. Matthew Atkinson, P.E., TxDOT Project Manager, 4777 E Highway 80, Mesquite, TX 75150-6643, or via email to Matthew.Atkinson@txdot.gov. Written comments must be postmarked by December 12, 2018 to be included in the public meeting documentation.

The public meeting will be conducted in English. Persons interested in attending the meetings who have special communication or accommodation needs such as the need for an interpreter, are encouraged to contact the TxDOT Dallas District Public Information Office at (214) 320-4480. Requests should be made at least two days prior to the meeting. Every reasonable effort will be made to accommodate these needs. If you have any general questions or concerns regarding the proposed project or the public meeting, please contact Mr. Matthew Atkinson, P.E., (214) 320-6154, or via email at Matthew.Atkinson@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

AVISO DE REUNIÓN PUBLICA

Mejoramientos Propuestos a State Highway (SH) 5 Desde el sur de FM 1378 hasta el norte de SH 121 CSJs: 0047-05-054, 0047-09-034, 0364-04-049, 0047-04-029, 0047-04-030, 0549-03-031

Condado de Collin, Texas

El Departamento de Transportación de Texas (TxDOT) conducirá una reunión pública con el propósito de solicitar comentarios sobre los mejoramientos propuestos a State Highway (SH) 5 desde el sur de FM 1378 hasta el norte de SH 121 (Sam Rayburn Highway), en el condado de Collin, Texas, una distancia de 9.7 millas. La reunión se celebrará martes, el 27 de noviembre, 2018 desde las 6:00 p.m. hasta las 8:00 p.m. por Cóllin College Central Park Campus Conference Center, ubicados por 2400 Community Avenue, McKinney, Texas 75071. Representantes y consultores del provecto del TxDOT estarán disponibles para contestar preguntas sobre el proyecto propuesto. La reunión estará conducida en un formato abierto sin presentación formal desde a las 6:00 p.m. hasta a las 8:00 p.m.

Las mejoras propuestas consistirían en la reconstrucción y ampliación de SH 5 dentro de los límites del proyecto. Desde FM 1378 (Country Club Road) hasta Spur 399, la carretera rural de 2 carriles existente se reconstruiría a una carretera urbana dividida de 4 carriles con bordillo elevado y una mediana de ancho variable. Desde Spur 399 hasta Industrial Boulevard (FM 546), el camino rural dividido de 4 carriles existente con la mediana indentada se reconstruiría en un camino urbano dividido de 6 carriles con un promedio de 17 pies de altura. Desde Industrial Boulevard (FM 546) hasta Power House Street, la vía urbana dividida de 4 carriles existente, tanto con una mediana restringida como una línea continua de giro a la izquierda, se reconstruiría a una vía urbana dividida de 4 vías con una mediana de 17 pies. Desde Power House Street hasta SH 121 (Sam Rayburn Highway), la carretera rural de 2 carriles existente se reconstruiría a una carretera urbana dividida de 4 carriles con una mediana de 42 pies restringida. Las calles laterales dentro de los límites del proyecto se reconstruirían para vincularse con

SIZE: 5.41 col X 5.25 in

la SH 5. mejorada. Se proponen aceras advacentes y con amortiguadores a lo largo de los lados de las carreteras para acomodar a los peatones. El proyecto propuesto requerirá un derecho de paso adicional.

Mapas enseñando la ubicación del proyecto y el diseño esquemático estarán disponibles para inspección durante la reunión pública. También este aviso estará disponible para inspección publica en el TxDOT Dallas District Office, 4777 East Highway 80, Mesquite, Texas 75150. Este aviso y un mapa con la dirección de la ubicación de la reunión estarán disponibles en línea en www.keepitmovingdallas.com bajo 'Upcoming Public Hearing/Meeting.'

Todas las personas interesadas están invitadas a asistir a la reunión pública. Comentarios escritos del público sobre el proyecto son solicitados y puedan ser entregados durante un periodo de 15 días después de la reunión pública. Comentarios escritos puedan ser entregados durante la reunión, por correo al TxDOT Dallas District Office, Dirigido a: Mr. Matthew Atkinson, P.E., director de proyecto del TxDOT, 4777 East US Highway 80, Mesquite, Texas 75150, Matthew.Atkinson@txdot.gov. Comentarios escritos deben ser recibidos o matasellados el o antes del viernes. 12 de diciembre del 2018 para estar incluidos en la documentación de la reunión pública.

La reunión pública estará dirigida en inglés. Personas interesadas en asistir a la reunión que tengan necesidades especiales de comunicación o acomodo, como la necesidad un intérprete, se les anima a contactar el TxDOT Dallas District Public Information Office al (214) 320-4480 se debe hacer la solicitud al menos dos días hábiles antes de la reunión pública. El TxDOT hará cada esfuerzo razonable para acomodarse con estas necesidades. Si usted tiene preguntas generales o preocupación sobre el proyecto propuesto, puede ponerse en contacto con el director del proyecto del TxDOT, Mr. Matthew Atkinson, P.E. por teléfono al (214) 320-6154 o por correo electrónico a Matthew.Atkinson@txdot.gov.

La revisión ambiental, la consulta, y las acciones requeridas por las leyes ambientales federales aplicables para este proyecto están, han estado, o estuvieron realizadas por el TxDOT de acuerdo con 23 U.S.C 327 y un memorándum comprensivo fechado el 16 de diciembre, del 2014 y llevado a efecto por FHWA y TxDOT.

Migrantes centroamericanos que se dirigen a Estados Unidos abordan un camión en las afueras de

Migrantes piden transporte

Por cansancio, algunos deciden volver a su país: otros se quedan en México

ASSOCIATED PRESS

Niltepec, México - La caravana de migrantes que avanza lentamente por el sur de México exigió al gobierno que ayude a sus 4,000 participantes a llegar a la Ciudad de México, mientras un grupo menos numeroso de centroamericanos cruzó la frontera posiblemente con la intención de unirse.

Agotados por la larga marcha y frustrados por el lento avance de la caravana, algunos migrantes abandonaron para regresar a sus países o pedir protección en México. Conscientes de esta frustración, sus representantes demandaron un transporte "seguro y digno" hasta la capital tras su llegada a Niltepec, en el estado de Oaxa-

El martes por la mañana Levin Guillén, de 23 años y de Corinto, Honduras, estaba parado debajo de un farol en Niltepec esperando subirse a algún vehículo para avanzar en la carretera. Guillén ha estado solo desde que su madre murió de cáncer. Su padre fue asesinado unos 18 años atrás y reciente-mente los responsables del asesinato empezaron a amenazar-

El granjero de voz suave dijo que tiene una tía en Los Ángeles y que solo quiere tener la oportunidad de trabajar y vivir en paz. Agregó que estaría agradecido si el gobierno mexicano cumpliera con la demanda de la caravana de proporcionar transporte a la Ciudad de México. "Queremos nada más un paso para llegar a nuestro destino, que es la frontera".

El gobierno mexicano, por

puesto a ayudarlos, a excepción de la agencia de protección de migrantes, que durante el fin de semana trasladó a algunos rezagados a la siguiente localidad en la ruta hacia el norte.

Pueblo Sin Fronteras, un grupo que apoya la caravana, dijo que espera reunirse con le-gisladores y autoridades fede-rales en la Ciudad de México, además de con representantes del gobierno electo, para discutir los derechos de los migrantes y el futuro de la caravana.

Pero parece que las autori-dades mexicanas están pendientes solo de cómo se deshace el grupo mientras avanza hacia la frontera con Estados Unidos. El gobierno suele anunciar regularmente el número de migrantes que solicitaron estatus de refugiado o pidieron regre-

sar a sus países de origen.

El lunes, la policía federal intentó de forma agresiva que cientos de migrantes diesen la vuelta mientras cruzaban el río Suchiate para entrar a México desde Guatemala.

Un helicóptero sobrevoló a baja altura mientras los mi-grantes caminaban junto a las aguas del río en grandes grupos, aparentemente intentando desalentarlos con la corriente de aire de las hélices.

El canal Noti7 de Guatemala reportó que un hombre se ahogó y transmitió un video de un individuo que arrastraba un cuerpo fuera del agua, aparentemente sin vida. Más tarde, la vicecanciller de Honduras, Nelly Jerez, dijo a la televisora Televicentro que el hombre estaba vivo y era atendido en un hospital en Tapachula, México.

Una vez del lado mexicano, los migrantes fueron rodeados y escoltados por agentes de uniforme negro en medio de sirenas. Este encuentro en la margen del río ocurrió luego de una confrontación violenta en el puente el domingo por la noche, cuando los migrantes agredieron con piedras y palos a la policía mexicana. Un mi-grante falleció de una herida en la cabeza durante la confrontación, pero no se sabe con preci-

sión la causa. El grupo era mucho menor que la primera caravana. En la localidad fronteriza mexicana de Ciudad Hidalgo señalaron que esperan retomar el martes su camino hacia el norte.

El martes la caravana tenía previsto caminar hasta Juchitán, a unas 32 millas al oeste, quizás envalentonados por los esfuerzos de un pequeño pueblo para ayudarles a avanzar el lunes. Más de 100 migrantes hicieron fila en el estacionamiento de una gasolinera para lograr un transporte en Zanate-

El alcalde de la localidad, Ramiro Nolasco, dijo que los residentes organizaron un autobús y varios camiones para trasladar a los migrantes.

"Estamos ayudando a nuestros hermanos de otros países con alimentación y agua y transportación", indicó. "Va a ser muy poco para lo que necesita esta gente".

En una muestra del menguante entusiasmo, algunos migrantes se congregaron en un punto de revisión cerca de Tapanatepec para pedir ayuda para volver a Honduras, en donde se originó gran parte de la caravana. Agotados después de pasar varios días en el cami-no, desalentados por los kilómetros que quedaban por delante y el mal comportamiento de algunos en la caravana, muchos decidieron abandonar el contingente, que en su punto más alto llegó a contar con más de 7,000 personas.

Texas Department of Transportation

AVISO DE REUNIÓN PUBLICA Desde el sur de FM 1378 hasta el norte de SH 121 CSJs: 0047-05-054, 0047-09-034, 0364-04-049, 0047-04-029, 0047-04-030, 0549-03-031 Condado de Collin, Texas

El Departamento de Transportación de Texas (TxDOT) conducirá una reunión pública con el propósito de solicitar comentarios sobre los mejoramientos propuestos a State Highway (SH) 5 desde el sur de FM 1378 hasta el norte de SH 121 (Sam Rayburn Highway), en el condado de Collin, Texas, una distancia de 9.7 millas. Trump apelaría a base con cambio a ciudadan

Viene de la página 1A

"Una orden ejecutiva presidencial no puede anular una enmienda. En un conflicto entre los dos, la constitución de impone", dijo Carpenter.

Poco después de que los comentarios de Trump —aunque incorrectos, ya que otros 30 países otorgan la ciudadanía por derecho de nacimiento— se propagaran viralmen-te, el senador Lindsey Graham, de South Carolina, co-municó por Twitter que presentaría una iniciativa de ley para lograr lo que Trump

quiere.
"Presentaré una iniciativa de ley para abordar el tema de la ciudadanía por derecho de nacimiento para los hijos de inmigrantes ilegales —de manera prospectiva—, ya que siempre he sostenido que se ha convertido en un imán para la inmigracióon ilegal en los tiempos modernos", tuiteó Graham.

Eso tampoco funcionaría, señala Carpenter, porque para alterar formalmente la constitución se requiere otra enmienda o un fallo de la Suprema Corte, que recientemente tomó nueva forma con la confirmación de Brett Cavanaugh.

Para enmendar la constitución se requiere la aprobación del Congreso por una mayoría de dos tercios y la ratificación de la enmienda por tres cuar-tas partes de los 50 estados. "El Congreso no puede

anular una estipulación por medio de legislación Si (Graham) propone hacer lo que el presidente Trump, ambas coas serían anticonstituciona-

les", dijo Carpenter. "No pueden imponerse a la

Laura A. Hernández, profesora de derecho y cofundadora de Baylor Law Immigration Clinic en Baylor University, también puso en duda la mencionada orden diciendo que no tendría sustento firme.

La Enmienda 14 es clara en defender que cualquier persona que nazca en el territorio de Estados Unidos es ciudada-

no", dijo Hernández. "Es totalmente un teatro político y un último intento desesperado para hacer que la gente vote como él quiere".

Pero Mark Krikorian, director de Center for Immigration Studies, un grupo de reflexión que propone restringir la inmigración, está convencido de que Trump tiene la auto-ridad para definir lo que "sujeto a la jurisdicción" significa en la 14 Enmienda.

"Es una parte ambigua de la constitución. El presidente tiene derecho a interpretarla",

dijo Krikorian.
"Si alguien quiere impugnarlo, puede hacerlo, y luego la Corte Suprema tiene la última palabra".

No es la primera vez que

Trump aborda el tema. En 2015, durante su campaña para presidente, Trump varias veces propuso poner fin al derecho de ciudadanía por nacimiento y hasta divulgó un estudio que decía que de hecho era uno de los principales atractivos para los inmigran-

Michael Fix, miembro de alto rango de Migration Policy Institute, dijo que el empleo y la seguridad personal, y no la ciudadanía por nacimiento, es la principal motivación de los migrantes para venir.

Agregó que aunque los políticos de línea dura pensarían

decrecer la població el efecto contrario j inmigrantes indoct no se irían nada n

Un análisis de M concluyó que la revo derecho de ciudada cimiento, como lo g 14 Enmienda, haría población indocum

- Underwood, Fort Worth ■ The Governor's
- Trophy Laura Warren, executive director of Texas Parent to Parent, Austin

"So many of them, when they age out of high school, they sit at home with nothing to do and many of them grew up with no friends because of their disabilities. But now they have a community."

- RUTH THOMPSON, FOUNDER OF HUGS CAFE

but she's also give them a friends because of their disabilities. But now they have "What we have found is a community. They go the to eat. They have dates. So, we've given them that too," she said. "We're just doing what God said to do."

The next venture under the Hug's umbrella is a new greenhouse, once again operated by adults with special needs. Not everyone can or wants to work in the food industry, Thompson said, so the greenhouse was designed to give an array of jobs to residents in search of that same sense of purpose.

Axium Solar of Plano was one of seven employers honored for hiring men and women with varying disabilities. The Axium Solar team, which designs, sells and installs solar systems for commercial and residential properties, was recognized for consistently employing residents who are deaf or hearing-impaired.

Co-owner Derik Kendrick said that three years ago, the company hired its first hearing-impaired employee based on a recommendation from a longtime employee.

"He was working good, so we hired his best friend and hired the other best friends. They all three grew up together," Kendrick said. "Once the word got out, some other people were wanting jobs and we just ended up picking up more."

Over the years, Axium has employed 12 deaf or hearing-impaired employees, about 17 percent of its total staff. When Kendrick accepted the award, he recognized Kevin Ruffin, Mike Plummer and Benjamin Lockwood, who helped change their hiring culture.

Jose Velasco, vice president of Products and Innovation at SAP, a global software company, gave the keynote address. As the leader of the SAP Autism at Work program, he discussed how SAP's shift in hiring allowed the company to tap into a talented community of autistic minds. And all businesses across Texas can see the same positive impact, "If you open a little bit more and you look at the talent that is at the periphery," he said. "Remember: Innovation comes from the edges, from the people that look at the world differently."

As the ceremony came to a close, Aaron Bangor, chair of the Governor's Committee, encouraged the employers to continue the conversation and inspire more business to hire residents with disabilities. It's worked out for Axium, Kendrick said, and other companies in the electric field should give

it a try too. "Don't be scared to let them in. Give anybody a job and let them prove themselves," he said.

nificantly reduced because of the self accountability of the group, Roach said.

"That cohesiveness is really amazing to watch. They have more hope and positivity than they would have if they were just in the general population. watch it in the jail," he said. "They're used to being an example of patriots in our coun-

complete with Reveille every

ated."

morning and classes like Resilient Warriors to address the unique addiction and mental health needs of veterans, the program will also offer assistance with post-release housing and employment needs with help from the Texas Workforce Commission.

"Amongst all those things That positive attitude trickles is hope. It's already difficult down to the non-veterans that enough for a veteran to find a job just by being a veteran," Roach said. "And a veteran with a criminal history or some try, so on a micro level, I think jail time really makes it diffithey're a role model for people cult and they lose that hope that find themselves incarcer- that we want them to have."

An opening ceremony is Thanks to morning colors planned for the VALOR program at 2 p.m. Nov. 9 at the Collin County Minimum Security Facility, and Roach hopes to get the community behind the project to help ensure its

"The community support of these programs is really critical because it shows the veterans that we're going to stand behind them, whether it's on the battlefield with their visible scars or out here in the community with their invisible injuries," he said. "They wrote a blank check to us, we need to repay it as best we can and probably pay some interest, too."

Texas Department of Transportation

NOTICE OF PUBLIC MEETING

Proposed Improvements to State Highway (SH) 5 From South of FM 1378 to North of SH 121 CSJs: 0047-05-054, 0047-09-034, 0364-04-049, 0047-04-029, 0047-04-030, 0549-03-031 **Collin County, Texas**

The Texas Department of Transportation (TxDOT) will conduct a public meeting for the purpose of soliciting comments on the proposed improvements to State Highway (SH) 5 from south of FM 1378 to north of SH 121 (Sam Rayburn Highway) in Collin County, Texas, a distance of 9.7 miles. The meeting will be held on Tuesday, November 27th, 2018 from 6:00 p.m. to 8:00 p.m. at Collin College Central Park Campus Conference Center, located at 2400 Community Avenue, McKinney, Texas 75071. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project. The meeting will be held in an open house format from 6:00 p.m. to 8:00 p.m. with no formal presentation.

The proposed improvements would consist of the reconstruction and widening of SH 5 within the project limits. From FM 1378 (Country Club Road) to Spur 399, the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with raised curb and a variable-width median. From Spur 399 to Industrial Boulevard (FM 546), the existing 4-lane divided rural roadway with depressed median would be reconstructed to a 6-lane divided urban roadway with a 17-foot curbed median. From Industrial Boulevard (FM 546) to Power House Street, the existing 4-lane divided urban roadway both with curbed median and continuous left turn lane would be reconstructed to a 4-lane divided urban roadway with 17-foot curbed median. From Power House Street to SH 121 (Sam Rayburn Highway), the existing 2-lane rural roadway would be reconstructed to a 4-lane divided urban roadway with curbed, 42-foot median. Side streets within the project limits would be reconstructed to tie into the improved SH 5. Adjacent and buffered sidewalks are proposed along the sides of the roadways to accommodate pedestrians. The proposed project will require additional right-of-way.

Maps depicting the proposed project's location and geometric design will be available for viewing at the public meeting. This information is also available for public inspection at the TxDOT Dallas District Office, 4777 E. Highway 80, Mesquite, Texas 75150. This information will also be available online at www.keepitmovingdallas.com under "Upcoming Public Hearing/Meeting".

All interested persons are invited to attend the public meeting. Written comments from the public are requested and will be accepted for a period of 15 calendar days following the public meeting. Written comments may be submitted either in person at the public meeting, by mail to the TxDOT Dallas District Office, ATTN: Mr. Matthew Atkinson, P.E., TxDOT Project Manager, 4777 E. Highway 80, Mesquite, TX 75150-6643, or via email to Matthew. Atkinson@txdot.gov. Written comments must be postmarked by December 12, 2018 to be included in the public meeting documentation.

The public meeting will be conducted in English. Persons interested in attending the meetings who have special communication or accommodation needs, such as the need for an interpreter, are encouraged to contact the TxDOT Dallas District Public Information Office at (214) 320-4480. Requests should be made at least two days prior to the meeting. Every reasonable effort will be made to accommodate these needs. If you have any general questions or concerns regarding the proposed project or the public meeting, please contact Mr. Matthew Atkinson, P.E., (214) 320-6154, or via email at Matthew.Atkinson@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

People do business with people they like and trust -That's why I do business with Landmark.

I am very disappointed that the plan presented
does not extend to Stacy Road. Anyone
that travels Hwy 5 on a regular basis would
realize the need to address the section of
highway 5 between FM 1378 and Stacy Road.
Please Consider extending the plans for this
phase to include this section.

I live at 501 Smith St., McKinney, which is at The
intersection of they 5. This home has been owned by my family for
generations. My primary concern up the new road improvements is SAFETY.
I am aware of multiple people who have been injured and even killed
by traffic on they. 5. I linge you not to increase the spell limit above
36 uph. Ideally I would like to have a traffic light + crosswalk
put in at they 5 + Smith St. It this is not feasible, then please
be sure that adequate protections for pedesmans are included
of the improvements. People regularly cross the Hwy on foot, and
the current condutines are not safe.

1) McIntyreRd and Hwy 5 intersection should be
moved south from current location. This would allow for
the future widening of MatntyreRd in the future and not
destroy or crowd the historic 1911 TB Nilson house.
2. Drainage is a huge concern on this northern
project. City of Mckinney and Hwy 5 waters/run-off need
to be controlled and velocity slowed. From this
higher elevation waters Trun-off race to the bottoms
of Honey Creek and the East Fork of Trinity River.
Cutting of current waterways through our property is
deepening and widening. The railroad JGNO will also suffer Contines on page 2 of 2 pages

Landownership: Frisco Rd. Hd
1) The intersection of Hwy5/FriscoRd. should have a cut
through the median with turn lanes. This should not be a limited
turn intersection. Traffic should flow left and right off of Frisco Rd.
onto Huy 5. Likewise, traffic flowing northon Huy 5 should be
allowed to turn left through median onto west bound Frisco Rd.
Future developement and increasing traffic numbers will demand
this intersection.
Currently our family as well as our farmer, Butch Aycock
drive large heavy farm equipment (combines, tractors, long
trailers) over these two roadways. No intersection will make
moving such form equipment difficult if not impossible.

2. Drainage issues should be carefully studied due to increase in waterflow through our property west of thuy 5 and the Mckinney Medical Center area. More hospital facilities and office space are currently under construction. with more apartments on the way. More construction means more concrete, more rapid run off of water and fewer areas for water to be absorbed naturally. (3) For future public hearings, more comments will be noted. I will be materdance for updates.

Please Print Please Relocate the crossover near our property.
We the property #286 of 285, and we have 3 driveway openings
nto the Hwy S. It looks to us, that if we law our
driveway to head South we must turn North and at some
point (Maybe Revetrac) and make a U-turn to go back south.
(per drawings viewed at public neeting).
If "crossover" is noved more south, or made bigger - than
that impairment would & pot be a burden to our daily
ability to come go from our driveways.
We may need to relocate our 3 drive van openings into 1, to
better valce this be no RE usefully to us.

Subject: 990 State Hwy 5 Improvements

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Matthew,

It was a pleasure meeting you tonight.

I am emailing my comments on our discussion we had tonight on the Proposed Improvements to SH 5 from South of FM 1378 to North of SH 121.

My property is located at 990 State Highway 5 at the corner of Frisco Rd.

COMMENTS AFTER REVIEWING THE DRAWING

- 1. The proposed drawing has the entrance going right into one of the Suites parking spot.
- 2. There is no room to enter, park or maneuver what so ever in the current drawing.
- 3. We discussed having an entrance on Apple Rd (a private drive now) and the Exit at the North end of my property in front of the warehouse to accommodate for Bobtail trucks deliveries.
- 4. Lowering the grade level of the new road to reduce incline of entering or exiting my property.
- 5. Move the road west a few feet to take out the sharp curve in front of my property to allow more room for maneuvering in my parking area.

I have attached an altered Blue Print Dawning of my property that is on file with the Town Of Fairview.

I am looking forward to discussing this project with you further at your convince.

If you require any additional information feel free to contact me any time. My office hours are 8 to 5 Monday thru Friday.

Thank you,

Adrian Jennings
