

Spur 399 Extension EIS – Range of Alternatives

The range of alternatives under consideration includes the No Build and 2 Build Alternatives on new location that share a common segment connecting to existing Spur 399 at US 75.

The new location alternatives differ as they are located west and east of the McKinney National Airport. Modifications may be made to the alignments as the study progresses.

PURPLE ALTERNATIVE

The Purple Alternative is a section of the TxDOT Recommended Alignment from the US 380 Feasibility Study, on new location west of the Airport connecting existing Spur 399 and US 75 with US 380.
