

Notice
Virtual Public Meeting with In-Person Option
FARM-TO-MARKET ROAD (FM) 982 PROJECT
From United States Highway (US) 380 to FM 546
CSJ: 0387-05-027
Collin County, Texas

TxDOT is proposing to widen Farm-to-Market Road (FM) 982 from United States Highway (US) 380 to FM 546 in Collin County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project with an in-person option. **The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Tuesday, December 9, 2025, at 5 p.m., and will remain online for at least 15 days.** To view the virtual public meeting, go to the following web address at the date and time indicated above: www.keepitmovingdallas.com/projects/fm-roads/fm982. If you do not have internet access, you may call (214) 320-6244 between the hours of 9 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

Additionally, TxDOT is providing an in-person option for individuals who would like to participate in person instead of online. **The in-person option will be held in open house format.** In-person attendees will be able to view the same presentation delivered in the online public meeting which will be playing on a screen, review hard copies of project materials, ask questions of TxDOT staff and/or consultants, and leave written comments. **The in-person option will be held on Tuesday, December 9, 2025, from 5 p.m. to 7 p.m. at the Longhorn 2020 Event Center, 3670 FM 982, Princeton, TX 75407.**

The proposed project would widen the FM 982 roadway to a four-lane divided roadway. A 10-foot-wide shared-use path would be constructed on both sides of the roadway. However, between US 380 and CR 400 (Myrick Lane)/FM 452, a six-foot-wide sidewalk would be constructed on the southbound side of the roadway, which would transition to a shared-use path. Proposed drainage would consist of curb and gutter throughout the project limits. The proposed right-of-way (ROW) width varies throughout the project limits but is typically 120 feet.

The proposed project would, subject to final design considerations, require additional right of way and potentially displace one residential structure. Relocation assistance is available for displaced persons and businesses. Information about the TxDOT Relocation Assistance Program and services and benefits for those displaced and other affected property owners, as well as information about the tentative schedule for right-of-way acquisition and construction, can be obtained from the TxDOT district office by calling (214) 320-6675.

The proposed project may involve construction in wetlands and would involve an action in a floodplain.

Any environmental documentation or studies, any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project will be on file and available for inspection by appointment Monday through Friday between the hours of 8 a.m. and 5 p.m. starting December 9, 2025, at TxDOT Dallas District Office, 4777 East US Highway 80, Mesquite, TX 75150-6643. Please call (214) 320-6244 to make an appointment. Project materials will also be available online at www.keepitmovingdallas.com/projects/fm-roads/fm982 starting on December 9, 2025. These materials will also be available in hard copy form for review at the in-person option.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact the TxDOT Public Information Office, at

(214) 320-4480 no later than 4 p.m., Thursday, December 4, 2025. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

La reunión pública para FM 982 desde US 380 hasta FM 546 se llevará a cabo en inglés. Si necesita un intérprete o traductor de documentos porque su idioma principal no es el inglés o tiene dificultades para comunicarse eficazmente en inglés, se le proporcionará uno. Si tiene una discapacidad y necesita ayuda, se pueden hacer arreglos especiales para satisfacer la mayoría de las necesidades. Si requiere servicios de interpretación o traducción o es una persona con una discapacidad que requiere una adaptación para asistir y participar en la reunión pública de FM 982 desde US 380 hasta FM 546, comuníquese con la Oficina de Información Pública de TxDOT, al número (214) 320-4480, a más tardar a las 4:00 p.m. hora central, antes del martes 4 de diciembre de 2025. Tenga en cuenta que se requiere aviso previo ya que algunos servicios y adaptaciones pueden requerir tiempo para que TxDOT los organice.

Comments from the public regarding the proposed project are requested and may be submitted by mail to the TxDOT Dallas District Office, Attention: Kibru Andargie, P.E., 4777 East US Highway 80, Mesquite, Texas 75150-6643 or by email at Kibru.Andargie@txdot.gov. Additionally, members of the public may call (214) 307-1832 to provide verbal comments. **Comments must be received on or before Tuesday, December 30, 2025.** Responses to written comments received and public testimony provided will be available online at www.keepitmovingdallas.com/projects/fm-roads/fm982 once they have been prepared.

If you have any general questions regarding the proposed project or virtual meeting or in-person option, please contact Kibru Andargie, P.E., by phone at (214) 320-6244, or by email at Kibru.Andargie@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated July 17, 2025, and executed by FHWA and TxDOT.
