

# DESIGN UPDATE

## Loop 12/Northwest Highway

### Project Design Update Public Meeting

- The Texas Department of Transportation (TxDOT) is responsible for the daily operation, maintenance, and related traveling safety associated with Loop 12/Northwest Highway.
- This Public Meeting presents Project Design Updates that have evolved since the conclusion of the Preliminary Schematic (May 2005 Public Hearing) stage.
- Since 2005, TxDOT and the City of Dallas have collaborated to develop additional pedestrian trails, parking upgrades, and Dallas Water Utility improvements within and surrounding the project area.
- Construction of this project begins in Spring 2008 and concludes within two years, barring inclement weather delays and flooding.
